Further to the Victorian Government [state-wide ban on single use plastics](#), the City of Greater Dandenong is reducing the impact of plastic pollution through Council's Plastic Use Policy which was implemented in 2019. The policy applies to several groups across the municipality including organisations or individuals conducting or participating in a festival, event, or activity on any Council owned and managed land or buildings.

- Bags
- Straws
- Balloons
- Single-use plastic and polystyrene cups, plates, bowls, cutlery and take away food containers
- Water bottled in plastic

All unnecessary soft plastic packaging should also be avoided where possible.

A specific guide for event organisers and stallholders has been created to help you move away from the prohibited single use plastic items to ones that are much environmentally friendly. Read the guide [here](#).

The policy must also confirm that the insurance cover includes across liability clause extending the policy so that the words "the insured" shall be considered as applying to each party comprising the insured, as though a separate policy has been issued to each of the parties in the same manner as if that party were the only party named as the insured. Proof of this policy must be by way of certificate of Currency.
