

2025

Community calendar

Welcome to your new look calendar

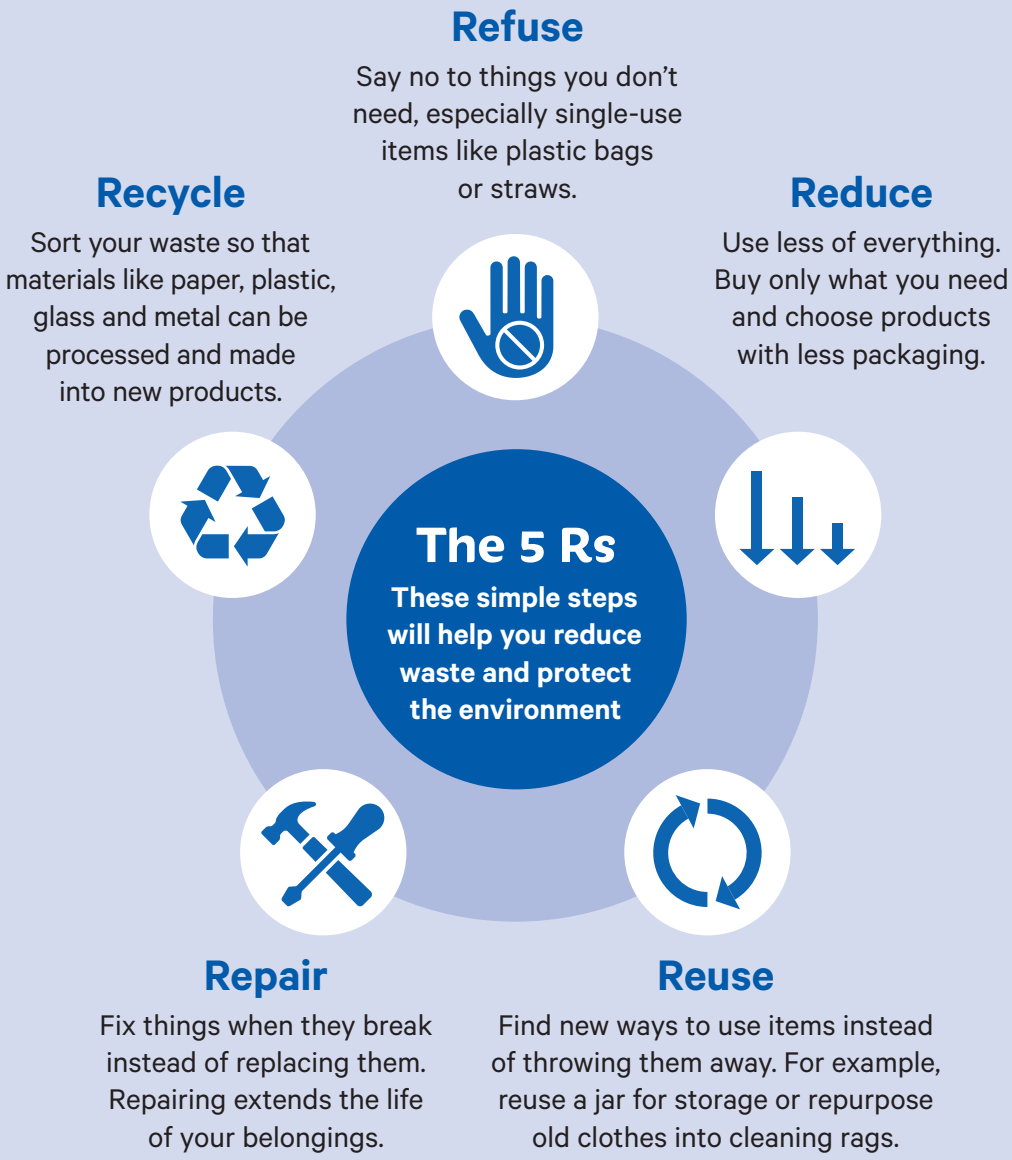

Within these pages, you'll find information about Council services and sustainability programs and events that can help you make 2025 your greenest year yet.

Sustainability is about making good choices for you and the environment. These include saving energy, reducing waste, and using what we already have responsibly.

Council offers a range of services to help our community become more sustainable so everyone can enjoy a bright green future.

Greater Dandenong City Council acknowledges the Traditional Custodians of this land, the Bunurong People, and pays respect to their Elders past and present. We recognise and respect their continuing connections to climate, Culture, Country and waters.

By following the 5 Rs, we can all contribute to a cleaner, more sustainable world.

23 February

Sustainability Festival

The annual Sustainability Festival at Dandenong Market is a celebration of all the ways we can get involved to protect our planet.

Stalls and activities offer ideas and information about simple changes people can make in their everyday lives that collectively make a big difference for our environment.

Attendees have the opportunity to create environmentally sustainable craft pieces, participate in sustainable activities and take home products and tips that contribute to a bright green future.

Make the change

4-8 March

11-15 March

Reuse

Recycle

An easy way to give your unwanted goods a second life

Did you know once a year you can use your recycle bin to get rid of unwanted items from around the house?

Between 4-8 and 11-15 March, put your unwanted goods like clothing, shoes and accessories, toys, games, cookware, DVDs, sporting goods, and small electrical items into your recycling bin the day after your recycling is collected.

Good quality items will be rehomed and reused, everything else will be recycled to make new products.

4-8 and 11-15 March.

It's as easy as 1, 2, 3, 4

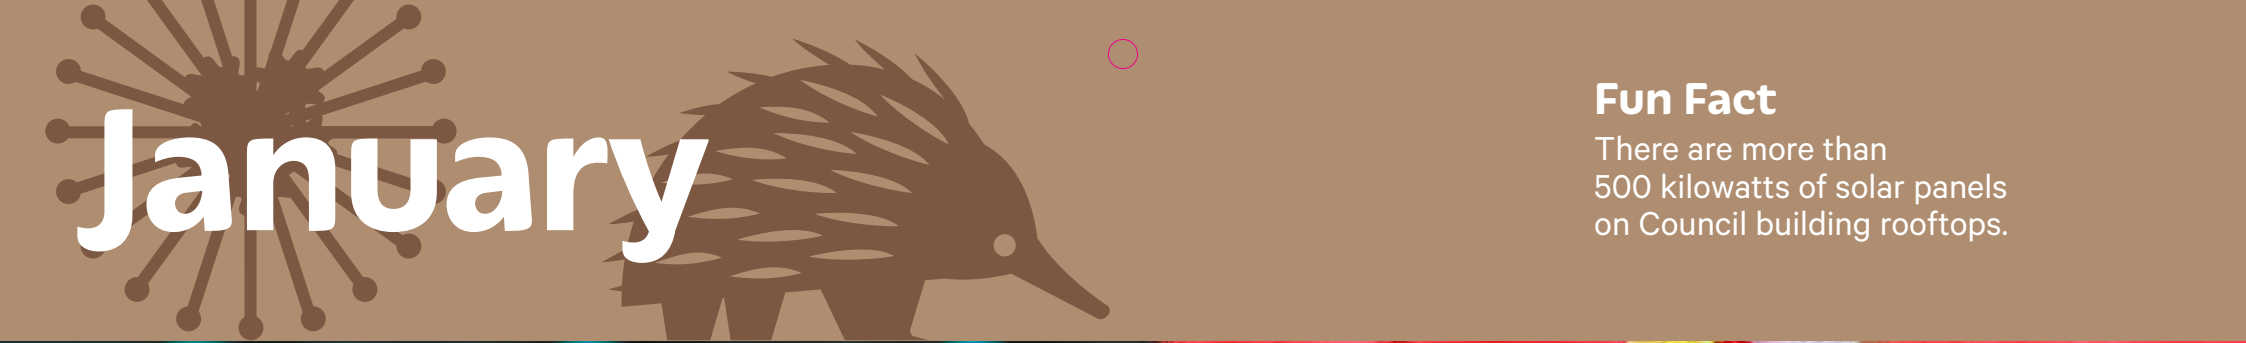

1
Group your items into different types - clothing, sporting goods, electrical items, etc.

2
Place each group of items into a different bag.

3
Place the bags in your recycling bin on the day after it has been emptied.

4
Put your bin out on the nature strip for collection.

Scan for more information

January

Fun Fact
There are more than 500 kilowatts of solar panels on Council building rooftops.

Discover Dandenong Creek Festival

Discover Dandenong Creek Festival is held in Tirhatuan Park and attracts attendees of all ages and abilities. You can take part in wildlife demonstrations, craft and science activities and learn how you can help protect the Dandenong Creek and surrounding areas.

Container Deposit Scheme

Have you heard of the Container Deposit Scheme?
You can get 10 cents back for drink containers that you recycle. Drop off cans and bottles made from aluminium, glass, plastic and even small juice boxes made from liquid paperboard, at one of many convenient locations. Leave the lids on, but do not crush your containers or remove the labels as these are needed to register your refund.

Step 1

Collect drink containers that are accepted

Step 2

Find your refund point

Step 3

Earn or donate your refund

Scan for more information

What is e-waste and why doesn't it belong in your bins?

E-waste includes household appliances, computers, electronic equipment and toys with batteries. This waste can't be put in your kerbside bins as it may contain toxic chemicals. It requires specialist recycling. Batteries must not be put in kerbside bins as they can cause fires that endanger the people that collect your waste and the environment. You can easily recycle batteries at drop off locations around Greater Dandenong, including most supermarkets.

Use the Recycle Mate tool on our website or download the app to find out where to take your e-waste.
www.recyclemate.com.au

Re-use and Recycle Drop Off Day

Reuse and Recycle Drop Off Days are a free service that allows you to drop off unwanted or broken household and electronic items. This includes larger household items such as mattresses and whitegoods. Drop Off Days are held four times during the year at Greaves Reserve, Dandenong. Good quality items will be donated to charitable organisation so they can be rehomed and reused. Other items will be recycled. **Load up your car and come along.**

- 22 February
- 24 May
- 23 August
- 15 November

Refuse

Reuse

Plastic Free July

Plastic Free July is an annual worldwide event that celebrates a world free of plastic waste.

Our everyday choices can reduce our plastic footprint and inspire others to do the same.

Take the Plastic Free July Challenge to ditch single use plastics and switch to sustainable alternatives.

A plastic-free lifestyle is easier than you think. It starts with simple choices:

Use a reuseable coffee cup instead of a take-away cup.

Use a refillable water bottle and refill it from the tap.

Use brown paper bags for all produce at the supermarket instead of plastic bags.

Switch from plastic wrap to reusable containers or beeswax wraps.

Purchase a bamboo toothbrush instead of a plastic one.

September

Biodiversity Month

Biodiversity is the variety of all living things on earth. It includes all forms of life, the number and variety of plants, animals, fungi and microorganisms as well as their habitats and ecosystems.

Biodiversity creates balance, and this ensures environments can adapt and thrive despite growing pressures like climate change.

During the month of September we invite our community to join our annual Biodiversity Blitz.

Scan for more information

Participating is easy, all you need is a phone or camera and the iNaturalist app. You'll be contributing to community science and showing the world the amazing biodiversity Greater Dandenong has to offer.

7 September

Alex Wilkie Spring Thing

Come and celebrate the beginning of spring at Alex Wilkie Nature Reserve.

Hear from Traditional Owners about the importance of respect and connection to the land, join our bushland crew to plant some seedlings and learn about local plants and wildlife, or explore the past and present in our Visitor's Centre.

Have fun with nature play and craft activities in the Sense Trail or take a tour of the reserve with one of our rangers.

 **Recycle**

Keep it Clean

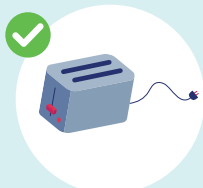

Hard Rubbish Collection

No one wants to live around piles of rubbish. Dumped rubbish ruins the look of our streets and open spaces. It's harmful to the environment and if you're caught dumping rubbish you will be fined.

Getting your rubbish collected is free and easy. Book your free annual hard rubbish collection to take away your broken and unwanted larger household items, including:

Furniture

Electronic appliances

Timber (no longer than 1.5 metres and no more than 10 pieces)

Mattresses and bed based (maximum of two bases)

Carpet (rolled and tied, no longer than 1.5 metres)

Scrap metal including small car parts and empty paint tins

Whitegoods such as washing machines, ovens, fridges and hot water systems

Scan for more information

Recycling and Resource Recovery Centres

You may have some items that you can't put in your kerbside bins or that we can't collect with your hard rubbish collection.

Many of these items can be recycled in other ways. Greater Dandenong does not have a Council owned recycling and resource recovery centre. There are centres near Greater Dandenong that you can use.

Find out what to do with these items:

Use the Recycle Mate tool on our website.
Scan for more information

Check with your nearest resource recovery centre for disposal options.

Keep your recycling loose

Your yellow lid recycling bin is the start of the recycling process.

You can recycle these five materials in your yellow lid kerbside bin

- Glass bottles and jars
- Metal and aluminium containers
- Paper and cardboard
- Hard plastic bottles and containers

Follow these handy tips to recycle right at home

- Place items loosely in the recycling bin
- Use a tub or other container to collect items for recycling
- Rinse out containers and put the lids back on
- Flatten or cut cardboard packaging into smaller pieces
- Do not put recycling in plastic bags. Items in bags can't be processed by sorting facilities, even if all the items are recyclable

These simple steps will increase the everyday products made with recycled materials and keep valuable materials out of landfill.

Food and Garden Organics bin

You can recycle food scraps by putting them into the green lid Food and Garden Organics bin.

Your food scraps are turned into compost to improve the soil for our farmers and the parks and gardens right here in Greater Dandenong.

All types of foods, cooked and raw, can be placed in the green lid bin. But be sure not to add any plastic including bags, stickers or rubber bands.

If you don't have a green lid bin you can add one to your waste service.

Bread, cereal and pasta, noodles and rice

Meat, bones and dairy

Fruit and vegetable scraps

Grass clippings, prunings and small branches

Small Branches 10cm x 30cm

Bin it! or take it home

We have some beautiful parks and gardens in Greater Dandenong for you to enjoy all year round.

Help us to keep them beautiful by not leaving litter in our parks and public places. Litter can end up in our waterways, harming the plants and animals that live there.

Please remember to use the bins provided or take your rubbish home with you.

Together we can keep our parks and gardens clean for everyone to enjoy.

Bin it or take it home with you.

www.greaterdandenong.vic.gov.au/bin-it

Keep it Clean

Snap Send Solve

A cleaner Greater Dandenong is in your hands.

Have you seen a problem in the community like graffiti, dumped rubbish or littering that Council needs to know about?

Snap Send Solve it.

Snap Send Solve is a free app community members can use to report problems to council.

Snap a photo of the problem, fill in the description, send it to us, and we will solve it!

www.snapsendsolve.com

December

Fun Fact

Sugar gliders are important pollinators. They're active during the night, gliding from tree to tree in search of nectar.
