

"The World of Insects"

Tatterson Park Playground Upgrade

In response to the common feedback received in Stage 2 community consultation, a final design concept has been prepared for the 'World of Insects' playground.

The draft design concept will provide the basis for future funding applications as part of Council's City Improvement Program.

1 SPIDER'S WEB ZONE

Test your strength and climbing abilities in this scramble net obstacle. Get up high or down low and find the big spider to climb on!

2 ANT MOUNDS ZONE

Explore this planted sensory area, find all the bug sculptures, crawl through the tunnels and go down the mound slides! It also features a lady bug sculpture you can climb inside.

3 MOTION PLAY ZONE

Lots of swings, accessible spinner and trampolines to move fast and play with your friends.

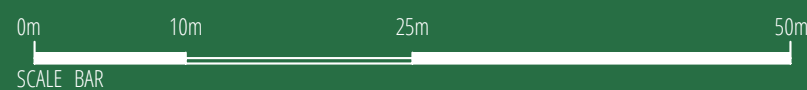

4 YOUTH AND TWEEN ZONE

Balance, jump and practice your parkour with monkey bars and balance vaults. Race your friends on the flying fox. There's a half court too, with a basketball hoop and Futsal goal.

Final Concept Plan

Disclosure

The image examples are used for identifying the similar 'type' of activities or play equipment. But it is not meant to be interpreted 'literally' as the exact look of the play equipment that will be constructed on the site.
