Additional Information

Auspiced Applications

Auspicings help small or new organisations who are not incorporated or who do not have an ABN or bank account to access grant funds. The auspice organisation accepts legal and financial responsibility for the grant if successful.

An auspice organisation must be incorporated and have an ABN. Applications can be submitted directly by groups being auspicied. However, the funding agreement for successful grants will be made between the auspice organisation and Council, and grant money will be paid directly to the auspice organisation. You will need to provide information from the auspice organisation including: their contact details, ABN, and most recent financial report.

Child Safe Standards

All Victorian organisations that provide services or facilities to children are required by law to comply with the Child Safe Standards.

There are 11 Child Safe Standards. These Standards commenced on 1 July 2022 and replace the Child Safe Standards that were established in 2016. The Child Safe Standards aim to protect children and young people, by requiring organisations to put policies, procedures and processes in place to prevent and respond to abuse.

The Child Safe Standards help organisations to:

- Promote the safety of children.
- Prevent child abuse.
- Ensure effective processes are in place to respond to and report allegations of child abuse.
- Encourage children to 'have a say', especially on issues that are important to them or about decisions that affect their lives.

Information is available in multiple languages, please see the [link](#).

For further information on the Child Safe Standards see: <https://ccyp.vic.gov.au/child-safety/resources/>.
