

## ART FOR KIDS | Time for photos

Image: Nyaruot Ruth Ruach, homegirl with the hoop earrings, digital photography, 2017. Model: Mary

This work is adapted from a famous work by a Dutch artist Johannes Vermeer called 'Girl with a Pearl Earring'. The SHE artist Nyaruot Ruth Ruach made the work so that we can all see more black women represented in art. While the original artwork is a painting, this work is a photograph.

**Ask to borrow your mum or dad or carer's camera and take a series of portraits, photos of other people's faces.**

What do you notice? Think about the light and shadows and how the camera angle has an effect on their faces.
