#### 1 MEETING OPENING

#### 1.1 ATTENDANCE

#### **Apologies**

Cr Lana Formoso Cr Bob Milkovic

#### **Councillors Present**

Cr Jim Memeti (Chairperson)

Cr Tim Dark, Cr Eden Foster, Cr Rhonda Garad, Cr Richard Lim OAM, Cr Angela Long, Cr Sean O'Reilly, Cr Sophie Tan, Cr Loi Truong.

#### **Officers Present**

John Bennie PSM, Chief Executive Officer, Craig Cinquegrana, Acting Director Business, Engineering and Major Projects, Jody Bosman, Director City Planning, Design and Amenity, Martin Fidler, Director Community Services, Kylie Sprague, Executive Manager Communications and Customer Service, Michelle Hansen, Executive Manager Finance and Information Technology, Lisa Roberts, Manager Governance.

#### 1.2 ACKNOWLEDGEMENT OF TRADITIONAL OWNERS OF THE LAND

Council acknowledges the Traditional Owners and Custodians of this land, the Bunurong people and pay our respects to their Elders past, present and emerging while also recognising their deep and continuing connections to climate, culture and country.

We also pay our respect to all Aboriginal and Torres Strait Islander peoples and their Elders and acknowledge their journey.

#### 1.3 OFFERING OF PRAYER

Cr Tim Dark left the Meeting at 7.01pm.

Cr Rhonda Garad read the following prayer provided prior to the meeting by Reverend Father Jean Mawal from St Paul Antiochian Orthodox Church, Dandenong, a member of the Greater Dandenong Interfaith Network:

"O Lord Jesus Christ our God, who in your mercy and loving-kindness regards the prayers of all who call upon you with their whole heart, incline your ear and hear our prayer, now humbly offered to You. Be mindful O Lord, of all civil Authorities, of our Armed Forces, of our elected Council Members, of all those who lead and serve in the City of Greater Dandenong, and of this city in which we dwell. Grant us peaceful times, that we may lead a calm and tranquil life in all godliness and sanctity. Be mindful O Lord, of our parents, our brothers and sisters, our relatives and friends, and all who are near and dear to us, and grant them mercy, life, peace, health, salvation and visitation, and pardon and remission of sins, that they may evermore praise and glorify your holy Name. Be mindful O Lord, of those who travel by land, sea, and air; of the young and the old; orphans and widows; the sick and the suffering, the sorrowing and the afflicted, all captives, and the needy; upon them all send forth your mercies, for you are the Giver of all good things. Hear our prayer, O Lord, for you are merciful and compassionate, and love humanity, and to you are due all glory, honour, and worship. Amen."

Cr Tim Dark returned to the Meeting at 7.02pm.

#### 1.4 CONFIRMATION OF MINUTES OF PREVIOUS MEETING

Meeting of Council held 13 December 2021.

#### Recommendation

That the minutes of the Meeting of Council held 13 December 2021 be confirmed.

#### **MINUTE 362**

Moved by: Cr Tim Dark Seconded by: Cr Sophie Tan

That the minutes of the Meeting of Council held 13 December 2021 be confirmed.

**CARRIED** 

#### 1.5 DISCLOSURES OF INTEREST

Nil.

#### 2 OFFICERS' REPORTS - PART ONE

#### 2.1 DOCUMENTS FOR SEALING

#### 2.1.1 Documents for Sealing

File Id: A2683601

Responsible Officer: Manager Governance

#### **Report Summary**

Under the Victorian Local Government Act, each Council is a body corporate and a legal entity in its own right. Each Council must therefore have a common seal (like any corporate entity) that is an official sanction of that Council.

Sealing a document makes it an official document of Council as a corporate body. Documents that require sealing include agreements, contracts, leases or any other contractual or legally binding document that binds Council to another party.

#### **Recommendation Summary**

This report recommends that the listed documents be signed and sealed.

#### 2.1.1 Documents for Sealing (Cont.)

#### **Item Summary**

There are six [6] items being presented to Council's meeting of 24 January 2022 for signing and sealing as follows:

- 1. A letter of recognition to Carol Scott, Community Services for 10 years of service to the Greater Dandenong City Council;
- 2. A letter of recognition to Carolyn Hilf, Community Services for 10 years of service to the Greater Dandenong City Council;
- 3. A letter of recognition to Tony Casciere, City Planning, Design and Amenity for 20 years of service to the Greater Dandenong City Council;
- 4. An Instrument of Appointment of Authorised Officer under the provisions of the Local Government Act 1989, the Local Government Act 2020, the Environment Protection Act 1970, the Environment Protection Act 2017, the Heritage Act 2017, the Infringements Act 2006, the Land Acquisitions and Compensation Act 1986, the Planning and Environment Act 1987, the Sex Work Act 1994, the Subdivisions Act 1988, the Victorian Civil and Administrative Tribunal Act 1998 and the Regulations made under each of those Acts; the Local Laws made under the Local Government Act 1989 and the Local Government Act 2020; and any other Act, Regulation or delegated legislation (including the Greater Dandenong Planning Scheme) which relates to the powers of the Council made under the provisions and enactments described. This instrument enables the following Council officer to carry out the statutory responsibilities of the above Acts and is subject to policy and delegations previously adopted by Council:
  - Yiota Govaars;
- 5. A letter of recognition to Erland Cazeneuve, Business, Engineering and Major Projects for 10 years of service to the Greater Dandenong City Council; and
- 6. A letter of recognition to Andrea Cottrell, Business, Engineering and Major Projects for 10 years of service to the Greater Dandenong City Council.

#### Recommendation

That the listed documents be signed and sealed.

#### 2.1.1 Documents for Sealing (Cont.)

#### **MINUTE 363**

Moved by: Cr Sophie Tan Seconded by: Cr Eden Foster

That the listed documents be signed and sealed.

**CARRIED** 

#### 2.2 DOCUMENTS FOR TABLING

#### 2.2.1 Documents for Tabling

File Id: qA228025

Responsible Officer: Manager Governance

#### **Report Summary**

Council receives various documents such as annual reports and minutes of committee meetings that deal with a variety of issues that are relevant to the City.

These reports are tabled at Council Meetings and therefore brought to the attention of Council.

#### **Recommendation Summary**

This report recommends that the listed items be received.

#### 2.2.1 Documents for Tabling (Cont.)

#### **List of Reports**

Author	Title
Australian Multicultural Community Services Inc	2020-2021 Annual Report
Rotary Districts of Australia	2020-21 Annual Report
Anglicare Victoria	2021 Annual Report and Impact Report
Springvale & District Historical Society	Annual Report 2021

A copy of each report is made available at the Council meeting or by contacting the Governance Unit on telephone 8571 5235.

#### Recommendation

That the listed items be received.

#### **MINUTE 364**

Moved by: Cr Rhonda Garad Seconded by: Cr Richard Lim OAM

That the listed items be received.

**CARRIED** 

#### 2.2.2 Petitions and Joint Letters

File Id: qA228025

Responsible Officer: Manager Governance

Attachments: Petitions and Joint Letters

#### **Report Summary**

Council receives a number of petitions and joint letters on a regular basis that deal with a variety of issues which have an impact upon the City.

Issues raised by petitions and joint letters will be investigated and reported back to Council if required.

A table containing all details relevant to current petitions and joint letters is provided in Attachment 1. It includes:

- 1. the full text of any petitions or joint letters received;
- 2. petitions or joint letters still being considered for Council response as pending a final response along with the date they were received; and
- 3. the final complete response to any outstanding petition or joint letter previously tabled along with the full text of the original petition or joint letter and the date it was responded to.

Note: On occasions, submissions are received that are addressed to Councillors which do not qualify as petitions or joint letters under Council's current Governance Rules. These are also tabled.

#### **Petitions and Joint Letters Tabled**

Council received no new petitions and no joint letters prior to the Council Meeting of 24 January 2022.

N.B: Where relevant, a summary of the progress of ongoing change.org petitions and any other relevant petitions/joint letters/submissions will be provided in the attachment to this report.

#### Recommendation

That this report and Attachment be received and noted.

#### **MINUTE 365**

Moved by: Cr Loi Truong Seconded by: Cr Angela Long

That this report and Attachment be received and noted.

#### 2.3 STATUTORY PLANNING APPLICATIONS

#### 2.3.1 Planning Delegated Decisions Issued - November and December 2021

File Id: qA280

Responsible Officer: Director City Planning Design & Amenity

Attachments: Planning Delegated Decisions Issued –

November & December 2021

#### **Report Summary**

This report provides Council with an update on the exercise of delegation by Council officers.

It provides a listing of Town Planning applications that were either decided or closed under delegation or withdrawn by applicants in November and December 2021.

It should be noted that where permits and notices of decision to grant permits have been issued, these applications have been assessed as being generally consistent with the Planning Scheme and Council's policies.

Application numbers with a PLA#, PLN#.01 or similar, are applications making amendments to previously approved planning permits.

The annotation 'SPEAR' (Streamlined Planning through Electronic Applications and Referrals) identifies where an application has been submitted electronically. SPEAR allows users to process planning permits and subdivision applications online.

#### Recommendation

That the items be received and noted.

#### **MINUTE 366**

## 2.3.2 Planning Decisions Issued by Planning Minister's Delegate - November and December 2021

File Id: qA280444

Responsible Officer: Director City Planning Design & Amenity

#### **Report Summary**

This report provides Council with an update on the exercise of delegation by Planning Minister's delegate.

No decisions were reported for the months of November and December 2021.

#### Recommendation

That the report be noted.

#### **MINUTE 367**

Moved by: Cr Angela Long Seconded by: Cr Rhonda Garad

That the report be noted.

**CARRIED** 

File Id: 348370

Responsible Officer: Director City Planning Design & Amenity

Attachments: Submitted Plans

Location of Objectors Clause 22.09 Assessment Clause 52.06 Assessment Clause 55 Assessment

#### **Application Summary**

Applicant: UrbanArc Planning Pty Ltd

Proposal: Development of the land for two (2) double storey dwellings.

Zone: General Residential Zone 1

Overlay: No overlays apply to the site

Ward: Yarraman

The application proposes the development of the land for two (2) double storey dwellings.

A permit is required:

Pursuant to Clause 32.08-6 (GRZ), to construct two or more dwellings on a lot.

#### **Objectors Summary**

The application was advertised to the surrounding area through the erection of a notice on-site and the mailing of notices to adjoining and surrounding owners and occupiers. Seven (7) objections were received to the application. Issues raised generally relate to matters of:

car parking, drainage/stormwater provision, accessways, overshadowing and overlooking.

#### **Assessment Summary**

The subject site is well suited for medium density housing, given the sites zoning within the General Residential Zone, as well as its proximity to public transport routes.

The development is considered to be respectful of both the existing and emerging neighbourhood character by providing sufficient setbacks from the side and rear boundaries to allow for the appropriate level of landscaping and canopy tree provision level to occur. The use of setting back the upper floor from ground floor level provides a level of articulation breaking up the visual mass of built form when viewed from the streetscape and adjoining residential properties.

#### **Recommendation Summary**

As assessed, officers consider this proposal to be highly compliant with all of the relevant provisions of the Greater Dandenong Planning Scheme. All grounds of objection have been considered, and Council Officers are of the view that on balance, the proposal's degree of compliance with the Planning Scheme justifies that the application should be supported. Therefore, it is recommended that a **Notice of Decision** (which provides appeal rights to objectors) to grant a permit be issued subject to the conditions as set out in the recommendation. If the application was to be appealed to VCAT, it is the officer's view that it is highly likely that VCAT would also issue a planning permit for this proposal.

#### **Subject Site and Surrounds**

#### Subject Site

The subject site is a residential allotment located on the north side of Joffre Street in Noble Park. The site is located within the General Residential Zone Schedule 1, which is identified for medium density residential development. The site is located approximately 1 kilometre east of the Noble Park Activity Centre.

- The subject site is an irregular shaped allotment.
- The lot has a total frontage of 18.83 metres to Joffre Street and a maximum depth of 45.75 metres, yielding an overall site area of 698 square metres.
- To the north, and west boundaries, the subject site adjoins single storey and double storey attached dwellings.
- To the east the site adjoins a detached single dwelling.
- The subject site has a fall of approximately 2m from the rear to the front.
- The site is currently developed with an existing single storey weatherboard dwelling.
- Access to the site is via a crossover that is located on the south-east corner of the site.

#### **Surrounding Area**

The subject site is within a General Residential Zone Schedule 1, as are the immediately adjoining properties to the north, east, south and west. The area is generally bound by Heatherton Road to the north, Chandler Road to the west, and the Eastlink to the east.

To the immediate north, the site adjoins five (5) single storey brick dwellings.

To the immediate east, the site adjoins a single storey brick dwelling setback 7.11 metres from Joffre Street.

To the immediate west, the site adjoins three (3) double storey dwellings setback 6.535 meters from Joffre Street.

#### Locality Plan

#### **Background**

#### **Previous Applications**

A search of Council records revealed no previous planning applications have been considered for the subject site.

#### **Proposal**

The application proposes the development of two (2) dwellings. Key details of the proposal are as follows:

	No. of bedrooms	No. of storeys	Car Parking provided	Area of private open space (POS)	Area of Secluded Private Open Space (SPOS)
Dwelling 1	4	2	Double garage	100sqm+	A primary SPOS area of 55.5sqm with a minimum dimension of 6.89m
Dwelling 2	3	2	Double garage	73sqm	A primary SPOS area of 40sqm with a minimum dimension of 5.94m

Boundary setbacks for the dwellings are as follows:

Minimum setbacks (inclusive of all dwellings)	North (rear)	East (side)	South (frontage)	West (side)
Ground Floor setbacks	2.5m	Wall on boundary	6.15m	Wall on boundary
First Floor setbacks	3.41m	2.025m	6.99m	5.325m

Each dwelling has individual access proposed from Joffre Street. Access is proposed to Dwelling 1 via a 3 metre crossover, located on the south-east corner of the site. Dwelling 2 proposes a 3 metre crossover, located on the south-west corner of the site.

The dwellings are proposed to be constructed in brick to the ground floor and rendered cladding (grey) at first floor, with pitched tiled roofs. The low existing brick fence is proposed to be retained with a height of 600mm.

The overall maximum building height is 8.63 metres.

Pursuant to Clause 32.08-4, an application to construct or extend a dwelling or residential building on a lot must provide the minimum garden area. The subject site is 698 square metres and requires 35% of the area be set aside as garden area.

The proposal sets aside 251sqm or 36% of the site for garden area and complies with this requirement.

A copy of the submitted plans is included as Attachment 1.

#### Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

#### **Financial Implications**

No financial resources are impacted by this report.

#### **Planning Scheme and Policy Frameworks**

Pursuant to the Greater Dandenong Planning Scheme, a planning permit is required:

To construct two or more dwellings on a lot pursuant to Clause 32.08-6 (GRZ1).

The relevant controls and policies are as follows:

#### **Zoning Controls**

The subject site is located in a General Residential Zone, as is the surrounding area.

The purpose of the General Residential Zone outlined at Clause 32.08 is:

To implement the Municipal Planning Strategy and the Planning Policy Framework.

To encourage development that respects the neighbourhood character of the area.

To encourage a diversity of housing types and housing growth particularly in locations offering good access to services and transport.

To allow educational, recreational, religious, community and a limited range of other non-residential uses to serve local community needs in appropriate locations.

Pursuant to Clause 32.08-6, a permit is required to construct two or more dwellings on a lot.

The development must also provide a minimum garden area of 35% pursuant to Clause 32.08-4 as the lot size is greater than 650 square metres.

It is noted that within Schedule 1 to the zone, varied requirements of Clause 55 are set out as follows:

Standard B6 (Minimum street setback) – As per B6 or 7.5 metres, whichever is less;

Standard B9 (Permeability) - Minimum of 30%;

Standard B13 (Landscaping) – 70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees;

Standard B28 (Private open space) – An area of 50 square metres of ground level, private open space, with one part of the private open space to consistent of secluded private open space at the side or rear of the dwelling with a minimum area of 30 square metres, and a minimum dimension of 5 metres and convenient access from a living room; or a balcony with a minimum area of 10 square metres with a minimum width of 2 metres and convenient access from a living room; and

Standard B32 (Front fence height) – Maximum 1.5 metre height in streets in Road Zone Category 1, 1.2 metre maximum height for other streets.

#### **Overlay Controls**

No overlays affect the subject site or surrounding area.

#### **State Planning Policy Framework**

The **Operation of the State Planning Policy Framework** outlined at Clause 10 seeks to ensure that the objectives of planning in Victoria are fostered through appropriate land use and development planning policies and practices which integrate relevant environmental, social and economic factors in the interests of net community benefit and sustainable development. The objectives of Planning in Victoria are noted as:

(a) To provide for the fair, orderly, economic and sustainable use, and development of land.

- (b) To provide for the protection of natural and man-made resources and the maintenance of ecological processes and genetic diversity.
- (c) To secure a pleasant, efficient and safe working, living and recreational environment for all Victorians and visitors to Victoria.
- (d) To conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value.
- (e) To protect public utilities and other facilities for the benefit of the community.
- (f) To facilitate development in accordance with the objectives set out in paragraphs (a), (b), (c), (d) and (e).
- (g) To balance the present and future interests of all Victorians.

In order to achieve those objectives, there are a number of more specific objectives contained within the State Planning Policy Framework that need to be considered under this application.

#### Clause 11 Settlement

Clause 11 (Settlement) encourages planning to facilitate sustainable development that takes full advantage of existing settlement patterns and investment in transport, utility, social, community and commercial infrastructure and services. It also encourages planning to contribute towards diversity of choice, energy efficiency, a high standard of urban design and amenity, and land use and transport integration.

Further guidance is provided by **Clause 11.01-1S** (**Settlement**), which seeks to promote the sustainable growth and development of Victoria and deliver choice and opportunity for all Victorians through a network of settlements. It includes strategies to develop compact urban areas that are based around existing or planned activity centres to maximise accessibility to facilities and services.

**Clause 14.02-1S (Catchment planning and management)** seeks the protection and restoration of catchments, water bodies, groundwater, and the marine environment. Strategies include retaining natural drainage corridors with vegetated buffer zones at least 30-metre-wide along each side of a waterway to:

- Manage the natural drainage function, stream habitat and wildlife corridors and landscape values,
- Minimise erosion of stream banks and verges, and
- Reduce polluted surface runoff from adjacent land uses.

#### Clause 15 Built Environment and Heritage

Clause 15 (Built Environment and Heritage) states that planning is to recognise the role of urban design, building design, heritage and energy and resource efficiency in delivering liveable and sustainable cities, towns and neighbourhoods.

It adds that planning should ensure all land use and development appropriately responds to its surrounding landscape and character, valued built form and cultural context. Planning should promote development that is environmentally sustainable and should minimise detrimental impacts on the built and natural environment.

According to the clause, planning should promote excellence in the built environment and create places that:

- Are enjoyable, engaging and comfortable to be in.
- Accommodate people of abilities, ages and cultures.
- Contribute positively to local character and sense of place.
- Reflect the particular characteristics and cultural identity of the community.
- Enhance the function, amenity and safety of the public realm.

These overall objectives are reinforced by a number of sub-clauses, including **Clause 15.01-1S** (**Urban design – Metropolitan Melbourne**), which seek to create urban environments that are safe, healthy, functional and enjoyable and that contribute to a sense of place and cultural identity.

Clause 15.01-2S (Building design) aims to achieve building design outcomes that contribute positively to the local context and enhance the public realm, while Clause 15.01-5S (Neighbourhood character) has an objective to recognise, support and protect neighbourhood character, cultural identity, and sense of place.

Clause 15.01-4S (Healthy neighbourhoods) has an objective to achieve neighbourhoods that foster healthy and active living and community wellbeing. Clause 15.01-4R (Healthy neighbourhoods - Metropolitan Melbourne) reinforces this, with a strategy to create a city of 20 minute neighbourhoods that give people the ability to meet most of their everyday needs within a 20 minute walk, cycle or local public transport trip from their home.

Sustainability is promoted by **Clause 15.02-1S (Energy and resource efficiency)**, which seeks to encourage land use and development that is energy and resource efficient, supports a cooler environment and minimises greenhouse gas emissions.

#### Clause 16 Housing

**Clause 16 (Housing)** contains two key objectives, which can be summarised as relating to housing diversity, sustainability of housing and the provision of land for affordable housing.

These objectives are reinforced by a number of sub-clauses, including **Clause 16.01-1S** (**Housing Supply**), which seeks to facilitate well-located, integrated and diverse housing that meets community needs, and **Clause 16.01-2S** (**Housing affordability**) which seeks to deliver more affordable housing closer to jobs, transport and services.

Clause 16.01-1R (Housing supply – Metropolitan Melbourne), includes several strategies to manage the supply of new housing including increased housing in established areas to create a city of 20-minute neighbourhoods close to existing services, jobs, public transport; as well as a strategy that allows for a range of minimal, incremental and high change residential areas that balance the need to protect valued areas with the need to ensure choice and growth in housing.

#### Clause 18 Transport

Clause 18.01-1S (Land use and transport planning) has a strategy to plan urban development to make jobs and community services more accessible by ensuring access is provided to developments in accordance with forecast demand, taking advantage of all available modes of transport and to minimise adverse impacts on existing transport networks and the amenity of surrounding areas.

#### **Local Planning Policy Framework**

The Local Planning Policy Framework (LPPF) includes the Municipal Strategic Statement (MSS) and Local Policies.

The MSS is contained within Clause 21 of the Scheme. The MSS at **Clause 21.02** focuses on the **Municipal Profile**, within which the following is noted:

There is considerable diversity within Greater Dandenong's housing stock. Most housing stock is aged between 30 to 50 years old, though there are some areas with dwellings in excess of 100 years old. Areas of newer housing are located in the north-east and central-southern areas, with in-fill development occurring across the municipality (Clause 21.02-3).

Higher density housing is generally located in proximity to railway stations and major shopping centres, in particular in central Dandenong (Clause 21.02-3).

Whilst there is a clear pre-dominance of single detached dwellings, there are a range of other types of dwellings including dual occupancies, villa-units, town houses and apartments. The highest concentration of older villa units and apartments and more recent multi-unit redevelopments have occurred around central Dandenong, Springvale and Noble Park activity centres (Clause 21.02-4).

With diverse cultural groups that call Greater Dandenong home, there are certain distinct precincts that are emerging that have their own character. Their built form is characterised by buildings with flat unarticulated facades, prominent balconies, limited frontage/side setbacks, limited or no landscaping (Clause 21.02-4).

A **Vision for Greater Dandenong** is outlined at **Clause 21.03**. The vision is that Greater Dandenong will be a municipality where housing diversity and choice is promoted in its various attractive neighbourhoods.

The objectives and strategies of the MSS are under four (4) main themes including: land use; built form; open space and natural environment; and, infrastructure and transportation (considered individually under Clauses 21.04 to 21.07). Of particular relevance to this application are Clauses 21.04 – Land Use and 21.05 – Built Form:

#### Clause 21.04-1 Housing and community

- Greater Dandenong's population is expected to rise by 22 percent, from 147,000 to 179,000 in the decade to 2024, placing pressure on transport networks, infrastructure, services and public open space.
- Approximately 9,950 new households will need to be accommodated across the municipality by 2024 (Greater Dandenong Housing Strategy 2014-2024).
- Supporting urban consolidation and providing housing in existing areas close to activity centres
  means that people do not need to travel as far to work, shop or to take part in sports/leisure
  activities thus reducing the environmental impacts of transport.
- Increases in housing density must be balanced by adequate provision of open space, good urban design and improvements to the public realm.
- Encourage the provision of housing that is adaptable to support the needs of the changing needs of present and future residents.
- Encourage innovative redevelopment and renewal of deteriorating housing stock and older styled higher-density apartments and multi-unit developments.
- Encourage new residential development that incorporates adequate space for the planting and the long term viability and safe retention of canopy trees.
- Respect the valued, existing neighbourhood character within incremental and minimal change areas.
- Requiring medium-density developments to be site and locality responsive and to respect existing and proposed neighbourhood character.

Clause 21.05-1 – Urban design, character, streetscapes and landscapes – contains the following relevant objectives and strategies:

- To facilitate high quality building design and architecture.
  - Ensure building design is consistent with the identified future character of an area and fully integrates with surrounding environment.
  - Encourage high standards of building design and architecture, which allows for flexibility and adaptation in use.
  - Encourage innovative architecture and building design.
  - Encourage development to incorporate sustainable design elements that enhance occupant comfort and environmental performance.

- To facilitate high quality development, which has regard for the surrounding environment and built form.
  - Promote views of high quality landscapes and pleasing vistas from both the public and private realm.
  - Promote all aspects of character physical, environmental, social and cultural.
  - Encourage planting and landscape themes, which complement and improve the environment.
  - Encourage developments to provide for canopy trees.
  - Recognising valued existing neighbourhood character and promoting identified future character as defined in the Residential Development and Neighbourhood Character Policy at Clause 22.09.
- To protect and improve streetscapes
  - Ensure that new developments improve streetscapes through generous landscape setbacks and canopy tree planting.
  - Ensure landscaping within private property that complements and improves the streetscapes and landscaping of public areas.
- To ensure landscaping that enhances the built environment
  - Encourage new developments to establish a landscape setting, which reflects the local and wider landscape character.
  - Encourage landscaping that integrates canopy trees and an appropriate mix of shrubs and ground covers and complements and integrates with existing or proposed landscaping in public areas.

# Clause 22.09 – Residential Development & Neighbourhood Character Policy – contains the following objectives at Clause 22.09-2:

- To guide the location and design of different types of residential development within Greater Dandenong, having regard to State and local planning policies, while respecting the valued characteristics and identified future character of residential neighbourhoods.
- To ensure that new residential development is consistent with the identified future character and preferred built form envisaged for the three Future Change Areas.
- To provide certainty about which areas are identified for, or protected from, increased residential development consistent with the purpose of the applicable zone.
- To facilitate high quality, well designed residential development and on-site landscaping.
- To promote a range of housing types to accommodate the future needs of the municipality's changing population.
- To ensure that residential development uses innovative, responsive and functional siting and design solutions that:

- Achieve high quality internal amenity and private open space outcomes for future residents;
- Make a positive contribution to the streetscape through quality design, contextual responsiveness and visual interest;
- Promote public realm safety by maximising passive surveillance.
- Demonstrate responsiveness to the site, adjoining interfaces, streetscape and landscape context;
- Respect the amenity of adjoining residents and the reasonable development potential of adjoining properties;
- Achieve environmentally sustainable design outcomes;
- Use quality, durable building materials that are integrated into the overall building form and façade; and
- Minimise the visual dominance of vehicle accessways and storage facilities, such as garages, car ports and basement entrances.

Clause 22.09-3.1 (Design Principles) provides design principles, which apply to all Future Change Areas.

Clause 22.09-3.3 (Incremental Change Areas) provides design principles, some of which also relate to the variances to the requirements of standards to Clause 55 under the schedule to the General Residential Zone. The guidelines consider matters such as: housing form; height; bulk & built form; and site design.

An assessment against Clause 22.09 is included as Attachment 3 to this report.

#### **Particular Provisions**

#### Car Parking (Clause 52.06)

Clause 52.06 Car Parking needs to be considered to determine the appropriateness of the car parking provision of the development. The purpose of this Clause is:

To ensure that car parking is provided in accordance with the Municipal Planning Strategy and the Planning Policy Framework.

To ensure the provision of an appropriate number of car parking spaces having regard to the demand likely to be generated, the activities on the land and the nature of the locality.

To support sustainable transport alternatives to the motor car.

To promote the efficient use of car parking spaces through the consolidation of car parking facilities.

To ensure that car parking does not adversely affect the amenity of the locality.

To ensure that the design and location of car parking is of a high standard, creates a safe environment for users and enables easy and efficient use.

The table at Clause 52.06-5 notes that a dwelling with 1 or 2 bedrooms requires 1 car space and a dwelling with 3 or more bedrooms requires 2 spaces to each dwelling. 1 visitor car space is required for visitors to every 5 dwellings for developments of 5 or more dwellings.

Clause 52.06-5 (Car parking – Number of car spaces required under Table 1) also requires that if in calculating the number of car parking spaces the result is not a whole number, the required number of car parking spaces is to be rounded down to the nearest whole number.

A total of four (4) car parking spaces are proposed on site – two per dwelling. As only two (2) dwellings are proposed there is no requirements for a visitor car space.

Car parking is to be designed in accordance with the requirements of Clause 52.06-9 and 52.06-11 of the Scheme.

An assessment against Clause 52.06 is included as Attachment 4 to this report.

Two or more dwellings on a lot and residential buildings (Clause 55)

Pursuant to Clause 55 of the Greater Dandenong Planning Scheme, the provisions of this Clause apply to an application:

To construct two or more dwellings on a lot.

The purposes of this clause are:

- To implement the Municipal Planning Strategy and the Planning Policy Framework.
- To achieve residential development that respects the existing neighbourhood character or which contributes to a preferred neighbourhood character.
- To encourage residential development that provides reasonable standards of amenity for existing and new residents.
- To encourage residential development that is responsive to the site and the neighbourhood.

#### A development:

- Must meet all of the objectives of this clause; and
- Should meet all of the standards of this clause.

If a zone or a schedule to a zone specifies a requirement of a standard different from a requirement set out in this clause, the requirement in the zone or a schedule to the zone applies.

An assessment against Clause 55 is included as Attachment 5 to this report.

#### **General Provisions**

Clause 65 – Decision Guidelines needs to be considered, as is the case with all applications. For this application the requirements of Clause 65.01 for the approval of an application or plan is of relevance. This Clause outlines the requirements that the responsible authority must consider when determining the application.

#### **Restrictive Covenants**

No restrictive covenants are registered on title.

# Community Vision 2040 and Council Plan 2021-25 – Strategic Objectives, Strategies and Plans

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. In accordance with the commitment in Council's Annual Plan, all applications are considered on their merits.

#### **Diversity (Access & Equity)**

It is not considered that the proposal raises any diversity issues affecting the planning assessment of this application.

### **Community Safety**

It is considered that there would be no adverse community safety implications in permitting the proposal subject to strict conditions on any planning permit issued.

#### Safe Design Guidelines

Consideration of the relevant requirements of these Guidelines has been undertaken within the Assessment of this application.

#### Referrals

The application was not required to be referred to any external referral authorities pursuant to Section 55 of the Planning and Environment Act 1987.

#### Internal

The application was internally referred to the following Council departments for their consideration. The comments provided will be considered in the assessment of the application.

Internal Referrals	
Arborist	No objections, subject to conditions on permit. The arborist has imposed additional tree protection measures in the form of conditions on the permit which are relevant for the trees to the east of the proposal at 9 Joffre Street. The conditioned tree protection measures and tree protection management plan are to protect the trees on the west of the neighbouring driveway at 9 Joffre Street during the development of the proposed dwellings.
Civil Development	No objections, subject to conditions on permit.

Transport Planning	No objections, subject to conditions on permit.
--------------------	---

#### Advertising

The application has been advertised pursuant to Section 52 of the *Planning and Environment Act* 1987, by:

- Sending notices to the owners and occupiers of adjoining land.
- Placing a sign on site facing Joffre Street.

The notification has been carried out correctly.

Council has received seven (7) objections to date.

The location of the objectors / submitters is shown in Attachment 2.

#### Consultation

A consultative meeting was not held due to the COVID-19 Pandemic.

#### **Summary of Grounds of Submissions/Objections**

The objections are summarised below (**bold**), followed by the Town Planner's Response (in *italics*).

#### Car parking and Accessways

Concern has been raised regarding safety of the reversal manoeuvre from both units accessways.

The proposal has been assessed against the Clause 52.06 – Car parking and is considered fully compliant with the design guidelines of this clause.

Furthermore, the proposal has been referred internally to Council's traffic engineers who have raised no objection to the proposal, subject to conditions requiring the Dwelling 1 accessway to match the existing design along the eastern property boundary. The proposal must include a shared crossover with the property to the east, as currently proposed the accessway is too close to the utility pole. The use and location of the existing accessway location is considered an appropriate design response and will form a condition on the planning permit. There are no concerns raised in relation to the location of dwelling 2 accessway and driveway and it is considered compliant with the design guidelines outlined within Clause 52.06-9. Dwelling 1 accessway to match the existing design along the eastern property boundary. The proposal must include a shared crossover with the property to the east, as currently proposed the accessway is too close to the utility pole. The use and location of the existing accessway location is considered an appropriate design response and will form a condition on the planning permit. There are no concerns raised in relation to the location of dwelling 2 accessway and driveway and it is considered compliant with the design guidelines outlined within Clause 52.06-9.

Other standard conditions would be included on the permit to preserve pedestrian sight line splays requiring both accessways to have letterboxes and all other structures (including visually obstructive fencing and landscaping) constructed to a maximum height of 900mm or relocated clear of a splayed area (2m x 2.5m) along the frontage road at both access points in accordance with Dandenong Planning Scheme Clause 52.06-9.

#### Overlooking

Concern has been raised regarding privacy and overlooking from the proposed privacy screening facing 9 Joffre Street to the east, especially from Dwelling 2.

The test for overlooking is set by Clause 55.04-6 (Overlooking objective) Standard B22. Overlooking is assessed at both ground and first floor.

#### **Ground Floor:**

In accordance with the Standard, ground floors are exempt from this standard as on the north, east and west boundaries, the minimum 1.8 metre high boundary fences would act as visual barriers given the floor levels of the proposed development are less than 0.8 metres above ground level.

#### First Floor

Direct views into existing secluded private open space areas and habitable room windows have been avoided as proposed habitable room windows have been screened in the following ways:

• Have permanently fixed external screens to at least 1.7 metres above floor level and be no more than 25 per cent transparent.

Other standard conditions would be included on the permit to ensure the fixed obscure glazing provided to upper floor bathrooms are not provided via adhesive film and is instead provided through frosted (or similarly treated) glass and will be maintained to the satisfaction of Council as well as ensuring all privacy screens and other measures to prevent overlooking as shown on the endorsed plans must at all times be maintained to the satisfaction of the Responsible Authority.

The proposal complies with Standard B22 - Overlooking.

#### Overshadowing

Concern has been raised regarding overshadowing from the proposed development to the existing dwelling adjoining to the east at 9 Joffre Street.

The test for overlooking is set by Clause 55.04-5 – Standard B21 for overshadowing of open space. An assessment of the shadow diagrams provided show that the secluded private open space of 9 Joffre Street would receive at least 75% sunlight to the secluded private open space areas for the minimum of five (5) hours between 10 am and 3 pm on 22 September, thus complying with Standard B21.

#### **Drainage**

Concern has been raised regarding the adequacy of drainage provision and the subsequent impact to the property to the west of the site due to the slope of the land.

The application was referred internally to Council's civil department who raised no objection in relation to the adequacy of drainage from the site. As with any permit issued, standard conditions would be included to ensure that provision must be made for the drainage for proposed development including landscaped and paved areas, all to the satisfaction of the Responsible Authority.

In addition to the above, another standard condition relating to stormwater discharge would be included on the permit requiring the connection of the internal drainage infrastructure to the Legal Point of Discharge (LPD) must be to the satisfaction of the Responsible Authority.

Collected stormwater must be retained onsite and discharged into the drainage system at pre-development peak discharge rates as stated in the LPD approval letter. Approval of drainage plan including any retention system within the property boundary is required.

In summary, there are no concerns regarding the ability to incorporate appropriate drainage measures to prevent impacting on the neighbouring properties.

#### Assessment

#### **Development**

In considering the Planning Policy Framework and the Local Planning Policy Framework, Council can establish that an acceptable proposal will be guided by:

- Clause 55 Two or more dwellings on a lot; and
- Clause 22.09 Residential Development and Neighbourhood Character.

Each of these Clauses ensure that Council facilitates the orderly development of urban areas, which is a specific objective of Clause 11.02 Settlement.

The objectives of Clause 15.01-1S Urban Design, Clause 15.01-2S Building Design and Clause 21.05-1 Built Form outline the key considerations in which a development must respond to urban design, character, streetscapes and landscape issues.

It is considered that the proposed design response respects the preferred neighbourhood character of the incremental change area by providing a two dwelling housing typology.

The proposal is of a high quality urban design, with physical recession, articulation, varied use of materials, textures and other visual interest.

The overall layout allows space for acceptable landscaping treatments such as a canopy tree and shrubbery plantings within well-proportioned setback areas to allow growth to maturity.

The proposal is also located within an area subject to incremental change with other multi unit developments of a similar scale and massing being found within the surrounding residential area. The proposal's compliance with Clause 22.09 and Clause 55 ensures that the development would achieve the objectives set out in Clause 15.01 and Clause 21.05-1.

As such, Council officers recommend that the application be approved subject to planning permit conditions as necessary.

#### Clause 55 - Two or more dwellings on a lot

The proposal is generally compliant with the objectives and standards of Clause 55 with the only minor areas of non-compliance discussed below:

Clause 55.03-1 – Street Setback objective – Standard B6.

The average of the two adjoining properties is 6.85m which is subsequently the requirement for Standard B6 - Front setback. The proposed minimum front setback is 6.15m in lieu of the required 6.85m. A minor variation is sought.

The variation is considered acceptable for the following reason:

- The subject site is located at a bend in Joffre Street and as a result, the actual setback of Dwelling 1 from Joffre Street changes as Joffre Street bends away to the south. At its maximum (adjacent to the eastern boundary) Dwelling 1 is setback 12m approx. from Joffre Street thereby representing a transition in built form along the street and a resulting average setback across the site of 9m. Dwelling 1 will not present as a forward or prominent element on the street and acceptable streetscape outcomes will be achieved.
- Clause 55.03-8 Landscaping Standard B13.

Schedule 1 to the General Residential Zone varies the Standard B13 requirement as follows: "70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees." The total front setback landscape area provided is 60% in lieu of the 70% as sought by Standard B13. The variation is considered acceptable for the following reasons:

- The subject site has a large frontage of 18.83m and proposes dual crossovers. The only areas not set aside for landscaping are the two driveways and porches
- o Indicative landscaping highlights that three canopy trees would be proposed within the frontage, capable of screening the built form and providing an appropriate landscape outcome.

#### Clause 22.09 - Residential Development and Neighbourhood Character.

The identified future character for the site is set out in Clause 22.09. The subject site is within the Incremental Change Area. The policy at Clause 22.09-3.3 seeks well designed and site responsive development that respects the existing neighbourhood character and provides appropriate setbacks, private open space areas and high-quality landscaping, to protect the amenity of adjoining dwellings.

The proposed development of two (2) double storey dwellings is considered to be consistent with the planning controls affecting the subject site and is appropriate to allow. The subject site is located within reasonably close proximity to the Noble Park Activity Centre and public transport, making it the ideal location for medium density residential development.

The proposal has appropriately responded to the neighbourhood character in terms of building height through the use of pitched tiled roof forms which are consistent with other existing dwellings both new and old within the street and the surrounding area. Furthermore, the two double storeys proposed consisting of substantial first floor setbacks from ground floor level allow a suitable transition to the neighbouring open space/ garden area on the adjacent residential property. The proposed double storey built form is respectful of the scale of existing prevailing built or character in the surrounding context, where 2 storey medium density development is evident (immediately next door at 5 Joffre Street has three double storey dwellings constructed). The proposal provides separation between dwellings at the upper level, retains open space for landscaping and private open space, and ensures visual impact of the building bulk (2 storey to the rear of lot) does not adversely affect the identified future character of the area or result in any detrimental overlooking or overshadowing.

The dwellings are considered to be of a contemporary design comprised of brick and render, which is in keeping with the context of the established streetscape character.

The front setback and individual crossovers allows for a reasonable level of landscaping to be achieved at the front of the site, including the planting of canopy trees, which will make a positive contribution to the streetscape and contribute to the landscape character.

The development is considered to contribute to an improved urban character, whilst still being respectful of the existing surrounding residential interfaces providing an appropriate scaled transition between the proposed development and smaller scale single storey residential dwellings.

All dwellings are provided with ground floor private open space areas directly accessed from the main living areas. Sufficient solar access is provided to the dwellings with main living areas located on the northern side of the site which allows for a reasonable amount of natural light into the dwellings.

A full Clause 22.09 Assessment is attached to this report at Attachment 3.

#### **Car Parking**

#### Number of Car Parking Spaces Required

The table at Clause 52.06-5 sets out the car parking requirement that applies to the use of land as follows:

Use	Rate
Dwelling	One (1) car parking space to each one (1) or two (2) bedroom dwelling; and
	Two (2) car parking spaces to each three (3) or more bedroom dwelling
	One (1) for visitors to every 5 dwellings for developments of 5 or more dwellings

Each dwelling is a three or four-bedroom dwelling, requiring two (2) car parking spaces per dwelling. This has been provided on site, with each dwelling proposing a double garage.

Only two (2) dwellings are proposed, and therefore no visitor space is required.

The proposal meets the required car parking rate with no wavier sought.

#### Clause 52.06-9 Design Standards for Car Parking

The proposal is required to be assessed against the Design Standards for car parking to Clause 52.06-9. The proposal is considered to satisfy the design standards.

#### Conclusion

The proposed development of two (2) double storey dwellings is considered acceptable and is of an appropriate design response in terms of height, scale, setbacks, private open space, car parking and landscaping with minimal amenity impacts on the adjoining residential properties and surrounding area.

The application has been assessed against the relevant sections of the Greater Dandenong Planning Scheme, including the Planning Policy Framework, Local Planning Policy Framework and Municipal Strategic Statement as set out in this assessment. It is considered that the application complies with these policies and it is therefore recommended that the proposal is approved.

#### Recommendation

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as 7 Joffre Street, Noble Park for the purpose of development of the land for two (2) double storey dwellings in accordance with the plans submitted with the application subject to the following conditions:

- 1. Before the development starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended plans must be drawn to scale with dimensions and 3 copies must be provided. The amended plans must be generally in accordance with the plans submitted and assessed with the application but modified to show:
  - 1.1. Dwelling 1 accessway and driveway to be shifted against the eastern boundary to match the existing conditions with a shared crossover. The driveway is to have a minimum width of 3m.
  - 1.2. The provision of sensor lights above garages and dwelling entries.
  - 1.3. The provision of a minimum 1.8m freestanding screen or fence along the northern boundary.

- 1.4. An annotation on the plans stating, "Letterboxes and all other structures (including visually obstructive fencing and landscaping) should be constructed to a maximum height of 900mm or relocated clear of a splayed area (2m x 2.5m) along the frontage road at access points in accordance with Dandenong Planning Scheme Clause 52.06-9."
- 1.5. The provision of tree protection measures shown on the plans in accordance with Condition 6.

When approved, these plans will be endorsed and will form part of this permit.

- 2. Before the approved development starts, and before any trees or vegetation are removed, an amended landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions and 3 copies must be provided. The amended landscape plan must be generally in accordance with the landscape plan submitted with the application but modified to show:
  - 2.1. plans to accord with Condition 1 of this permit;
  - 2.2. the site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
  - 2.3. details of the proposed layout, type and height of fencing;
  - 2.4. legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;
  - 2.5. a plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;
  - 2.6. any paving or deck areas within the secluded open space area of the proposed dwelling on a permeable base;

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented, maintained and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the building is occupied.

- 3. Except with the prior written consent of the Responsible Authority, the layout of the land and the size, design and location of the buildings and works permitted must always accord with the endorsed plan and must not be altered or modified.
- 4. Except with the prior written consent of the Responsible Authority, the approved building must not be occupied until all buildings and works and the conditions of this permit have been complied with.
- 5. Prior to the commencement of the development, agreements must be made with the Responsible Authority for the removal and replacement of the existing street tree in front of 7 Joffre Street, Noble Park to the satisfaction of the Responsible Authority. All costs associated with the removal and replacement of the street tree must be borne by the permit holder.
- 6. Prior to the commencement of the development, all retained neighbouring trees must have a Tree Protection Zone (TPZ) fence installed, where their TPZ encroaches on the subject property, to the satisfaction of the Responsible Authority. All TPZ activities must meet the following requirements:
  - 6.1. TPZ fence must be installed prior to the commencement of any demolition, excavation, tree removal, delivery of building/construction materials, temporary buildings and construction.
  - 6.2. The TPZ fence shall not be removed until such works have been fully completed.
  - 6.3. The TPZ fence must extend to the Tree Protection Zone, calculated as being a radius of 12 times the Diameter at Breast Height (DBH –measured at 1.4 metres above ground level as defined by the Australian Standard AS 4970.2009) or as close as practically possible without blocking footpaths, roads or existing driveways.

- 6.4. The TPZ must be mulched (100-150mm thick layer) in accordance with AS 4970-2009
- 6.5. If works are shown on any endorsed plans of this permit within the calculated TPZ, the Tree Protection Fencing must be taken in only the minimum amount necessary to allow the works to be completed.
- 6.6. Any excavation within the TPZ must be approved and supervised by a qualified Arborist.
- 6.7. Any roots encountered during supervised excavation must be documented with photographic evidence to the satisfaction of the Responsible Authority and only pruned at the discretion and direction of the qualified Arborist.
- 6.8. Areas within the TPZ must not be used:
  - 6.8.1. for vehicular or pedestrian access, no trenching or soil excavation is to occur.
  - 6.8.2. for storage or dumping of tools, equipment, materials or waste is to occur.
  - 6.8.3. for storage of any vehicles, machinery, equipment or other materials.
- 7. Provision must be made for the drainage of the site including landscaped and pavement areas, all to the satisfaction of the Responsible Authority.
- 8. Stormwater discharge is to be retained on site to the pre-development level of peak stormwater discharge, to the satisfaction of the Responsible Authority.
- 9. Before the approved building is occupied, all piping and ducting above the ground floor storey of the building, except downpipes, must be concealed to the satisfaction of the Responsible Authority.

- 10. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority.
- 11. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.
- 12. Before the approved building is occupied, the development must be provided with external lighting capable of illuminating access to each garage, car parking space and pedestrian walkway. Lighting must be located, directed and shielded to the satisfaction of the Responsible Authority so as to prevent any adverse effect outside the land.
- 13. Before the approved building is occupied, the obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used.
  - All glazing must at all times be maintained to the satisfaction of the Responsible Authority.
- 14. Before the approved building is occupied, the privacy screens and other measures to prevent overlooking as shown on the endorsed plans must be installed to the satisfaction of the Responsible Authority.
  - All privacy screens and other measures to prevent overlooking as shown on the endorsed plans must at all times be maintained to the satisfaction of the Responsible Authority.
- 15. Before the approved building is occupied, all boundary walls in the development must be constructed, cleaned and finished to the satisfaction of the Responsible Authority.
- 16. This permit will expire if:
  - 16.1. The development or any stage of it does not start within two (2) years of the date of this permit, or
  - 16.2. The development or any stage of it is not completed within four (4) years of the date of this permit.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- (a) the request for the extension is made within twelve (12) months after the permit expires; and
- (b) the development or stage started lawfully before the permit expired.

#### **Permit Notes**

- A Building Approval is required prior to the commencement of the approved development. This planning permit does not constitute any building approval.
- Approval of any retention system within the property boundary is required by the relevant building surveyor.
- Before commencement of the development occurs, the applicant should contact the City of Greater Dandenong's Civil Development and Design Unit regarding legal point of discharge, new crossings, building over easements, etc.
- As this is an established site, the proposed internal drainage should be connected to the existing legal point of discharge. The applicant may apply for local drainage information, if available; otherwise on site verification should be undertaken by the applicant.
- A Vehicle Crossing Permit must be obtained from Council for all vehicular crossings prior to construction of the crossings. You may be required to apply for a Asset Protection Permit from Council's engineering services. Queries regarding engineering requirements can be directed to Council's general phone number on 8571 1000.
- No buildings or works shall be constructed over any easement without the written consent of the relevant authorities.
  - This permit has been granted on the basis that consent to build over any easement will be obtained from the relevant authority. If consent is not able to be obtained, the development plan will be required to be amended.
- An application must be made with Council's Parks Department for the street tree removal.
   The street tree must only be removed by or under the supervision of the Council. Prior to removal of the tree the replacement cost must be paid to Council.

#### **MINUTE 368**

Moved by: Cr Rhonda Garad Seconded by: Cr Sophie Tan

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as 7 Joffre Street, Noble Park for the purpose of development of the land for two (2) double storey dwellings in accordance with the plans submitted with the application subject to the following conditions:

- 1. Before the development starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended plans must be drawn to scale with dimensions and 3 copies must be provided. The amended plans must be generally in accordance with the plans submitted and assessed with the application but modified to show:
  - 1.1. Dwelling 1 accessway and driveway to be shifted against the eastern boundary to match the existing conditions with a shared crossover. The driveway is to have a minimum width of 3m.
  - 1.2. The provision of sensor lights above garages and dwelling entries.
  - 1.3. The provision of a minimum 1.8m freestanding screen or fence along the northern boundary.
  - 1.4. An annotation on the plans stating, "Letterboxes and all other structures (including visually obstructive fencing and landscaping) should be constructed to a maximum height of 900mm or relocated clear of a splayed area (2m x 2.5m) along the frontage road at access points in accordance with Dandenong Planning Scheme Clause 52.06-9."
  - 1.5. The provision of tree protection measures shown on the plans in accordance with Condition 6.

When approved, these plans will be endorsed and will form part of this permit.

2. Before the approved development starts, and before any trees or vegetation are removed, an amended landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions and

3 copies must be provided. The amended landscape plan must be generally in accordance with the landscape plan submitted with the application but modified to show:

- 2.1. plans to accord with Condition 1 of this permit;
- 2.2. the site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
- 2.3. details of the proposed layout, type and height of fencing;
- 2.4. legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;
- 2.5. a plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;
- 2.6. any paving or deck areas within the secluded open space area of the proposed dwelling on a permeable base;

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented, maintained and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the building is occupied.

- 3. Except with the prior written consent of the Responsible Authority, the layout of the land and the size, design and location of the buildings and works permitted must always accord with the endorsed plan and must not be altered or modified.
- 4. Except with the prior written consent of the Responsible Authority, the approved building must not be occupied until all buildings and works and the conditions of this permit have been complied with.

- 5. Prior to the commencement of the development, agreements must be made with the Responsible Authority for the removal and replacement of the existing street tree in front of 7 Joffre Street, Noble Park to the satisfaction of the Responsible Authority. All costs associated with the removal and replacement of the street tree must be borne by the permit holder.
- 6. Prior to the commencement of the development, all retained neighbouring trees must have a Tree Protection Zone (TPZ) fence installed, where their TPZ encroaches on the subject property, to the satisfaction of the Responsible Authority. All TPZ activities must meet the following requirements:
  - 6.1. TPZ fence must be installed prior to the commencement of any demolition, excavation, tree removal, delivery of building/construction materials, temporary buildings and construction.
  - 6.2. The TPZ fence shall not be removed until such works have been fully completed.
  - 6.3. The TPZ fence must extend to the Tree Protection Zone, calculated as being a radius of 12 times the Diameter at Breast Height (DBH –measured at 1.4 metres above ground level as defined by the Australian Standard AS 4970.2009) or as close as practically possible without blocking footpaths, roads or existing driveways.
  - 6.4. The TPZ must be mulched (100-150mm thick layer) in accordance with AS 4970-2009
  - 6.5. If works are shown on any endorsed plans of this permit within the calculated TPZ, the Tree Protection Fencing must be taken in only the minimum amount necessary to allow the works to be completed.
  - 6.6. Any excavation within the TPZ must be approved and supervised by a qualified Arborist.
  - 6.7. Any roots encountered during supervised excavation must be documented with photographic evidence to the satisfaction of the Responsible Authority and only pruned at the discretion and direction of the qualified Arborist.
  - 6.8. Areas within the TPZ must not be used:

- 6.8.1. for vehicular or pedestrian access, no trenching or soil excavation is to occur.
- 6.8.2. for storage or dumping of tools, equipment, materials or waste is to occur.
- 6.8.3. for storage of any vehicles, machinery, equipment or other materials.
- 7. Provision must be made for the drainage of the site including landscaped and pavement areas, all to the satisfaction of the Responsible Authority.
- 8. Stormwater discharge is to be retained on site to the pre-development level of peak stormwater discharge, to the satisfaction of the Responsible Authority.
- 9. Before the approved building is occupied, all piping and ducting above the ground floor storey of the building, except downpipes, must be concealed to the satisfaction of the Responsible Authority.
- 10. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority.
- 11. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.
- 12. Before the approved building is occupied, the development must be provided with external lighting capable of illuminating access to each garage, car parking space and pedestrian walkway. Lighting must be located, directed and shielded to the satisfaction of the Responsible Authority so as to prevent any adverse effect outside the land.
- 13. Before the approved building is occupied, the obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used.
  - All glazing must at all times be maintained to the satisfaction of the Responsible Authority.

14. Before the approved building is occupied, the privacy screens and other measures to prevent overlooking as shown on the endorsed plans must be installed to the satisfaction of the Responsible Authority.

All privacy screens and other measures to prevent overlooking as shown on the endorsed plans must at all times be maintained to the satisfaction of the Responsible Authority.

- 15. Before the approved building is occupied, all boundary walls in the development must be constructed, cleaned and finished to the satisfaction of the Responsible Authority.
- 16. This permit will expire if:
  - 16.1. The development or any stage of it does not start within two (2) years of the date of this permit, or
  - 16.2. The development or any stage of it is not completed within four (4) years of the date of this permit.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- (a) the request for the extension is made within twelve (12) months after the permit expires; and
- (b) the development or stage started lawfully before the permit expired.

### **Permit Notes**

- A Building Approval is required prior to the commencement of the approved development. This planning permit does not constitute any building approval.
- Approval of any retention system within the property boundary is required by the relevant building surveyor.

- Before commencement of the development occurs, the applicant should contact the City of Greater Dandenong's Civil Development and Design Unit regarding legal point of discharge, new crossings, building over easements, etc.
- As this is an established site, the proposed internal drainage should be connected to the
  existing legal point of discharge. The applicant may apply for local drainage information,
  if available; otherwise on site verification should be undertaken by the applicant.
- A Vehicle Crossing Permit must be obtained from Council for all vehicular crossings prior to construction of the crossings. You may be required to apply for a Asset Protection Permit from Council's engineering services. Queries regarding engineering requirements can be directed to Council's general phone number on 8571 1000.
- No buildings or works shall be constructed over any easement without the written consent of the relevant authorities.
  - This permit has been granted on the basis that consent to build over any easement will be obtained from the relevant authority. If consent is not able to be obtained, the development plan will be required to be amended.
- An application must be made with Council's Parks Department for the street tree removal.
   The street tree must only be removed by or under the supervision of the Council. Prior to removal of the tree the replacement cost must be paid to Council.

Assessment Table for Clause 22

Clause 22.09-3.1 Design Principles for all residential developments

Title /Objective	Principles	Principle met/Principle not met/NA	
Safety	To encourage the provision of safer residential neighbourhoods, new development should enable passive surveillance through designs that:		
	Incorporate active frontages including ground floor habitable room windows.	✓ Principle met	
		Active frontages have been incorporated with ground floor habitable room windows	
	Maximise the number of habitable room windows on all levels of residential buildings that overlook the	✓ Principle met	
	public realm, streets, laneways, internal access ways and car parking areas.	Both ground and first floor have habitable room windows oriented to the street and internal accessway	
	Use semi-transparent fences to the street frontage.	✓ Principle met	
		Low 600mm front fence proposed	
	Light communal spaces including main entrances and car parking areas with high mounted sensor-	✓ Principle met	
	lights.	Security lighting conditioned to be provided to each respective porch and garage	
	Ensure that all main entrances are visible and easily identifiable from the street.	✓ Principle met	
		Each entry would be visible from Joffre Street	
	Locate non-habitable rooms such as bathrooms, away from entrances and street frontage.	✓ Principle met	
Landscaping	Residential development should:		
	Provide substantial, high quality on-site landscaping, including screen planting and canopy trees along	✓ Principle met	
	ground level front and side and rear boundaries.	A landscape plan has been provided demonstrating substantial tree planting in accordance with this design principle	
	Provide substantial, high quality landscaping along vehicular accessways.	✓ Principle met	
		Low level planting is provided either side of the accessway	
			_

If the details of the attachment are unclear please contact Governance on 8571 5309.

Include the planting of at least one substantial canopy tree to each front setback and ground level	✓ Principle met
secluded private open space area.	At least one substantial canopy tree to each front setback and ground level secluded private open space area.
Planting trees that are common to and perform well in the area.	✓ Principle met
Avoid the removal of existing mature trees by incorporating their retention into the site design.	Principle met     No permit is required for the removal of the trees.
Use landscaping to soften the appearance of the built form when viewed from the street and to respect the amenity of adjoining properties.	The proposal has provided for adequate canopy tree provision along the frontage and in SPOS areas to soften built form.
Ensure that landscaping also addresses the Safety Design Principles.	✓ Principle met
Canopy trees should be planted in well proportioned setbacks/private open space that are sufficient to accommodate their future growth to maturity.	
Landscaping should minimise the impact of increased storm water runoff through water sensitive urban design and reduced impervious surfaces.	rees to grow to rull maturity.  ✓ Principle met
Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.	<ul> <li>✓ Principle met</li> <li>Water tanks has been provided in the rear</li> <li>SPOS areas</li> </ul>

If the details of the attachment are unclear please contact Governance on 8571 5309.

allotments with frontage widths less than 17 metres.  On-site car parking should be:  • Well integrated into the design of the building,  • Caerally hidden from view or appropriately screened where necessary,  • Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping apportunities at ground level.  Where car parking is located within the front setback it should be:  • Fully located within the site boundary; and  • Capable of fully accommodating a vehicle between a garage or carport and the site boundary.  Developments with basement car parking should consider flooding concerns where applicable.  Provide a front setback with fence design and height in keeping with the predominant street pattern.  Maintain the apparent frontage width pattern.  Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturing and at least one generous side setback to enable the retention of trees and/or the planting and at least one generous side setback to enable the retention of trees and/or the planting and at least one generous side setbacks between buildings to enable screen planting and future growth of trees to maturing and stature growth or status or the growth of trees to maturing and stature growth or status or the growth of trees to maturing and stature growth or the status or the growth of trees to maturing and stature growth or the properties of the status or the growth or the status of the status or the status of the	Car parking	The existing level of on-street car parking should be maintained by avoiding second crossovers on	✓ Principle met
Well integrated into the design of the building,     Generally hidden from view or appropriately screened where necessary,     Cocated to the side or rear of the site so as to not dominate the streetscape and to maximise soft induscaping apportunities at ground level.  Where car parking is located within the front setback it should be:     Eully located within the site boundary; and     Capable of fully accommodating a vehicle between a garage or carport and the site boundary.  Developments with basement car parking should consider flooding concerns where applicable.  Provide a front setback with fence design and height in keeping with the predominant street pattern.  Maintain the apparent frontage width pattern.  Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setbacks to enable the retention of treess and/or the planting and future growth of trees to maturity.		allotments with frontage widths less than 17 metres.	The francisconic 19 83 meteors and proposed
Well integrated into the design of the building.     Well integrated into the design of the building.     Generally hidden from view or appropriately screened where necessary.     Capable of rear of the site so as to not dominate the streetscape and to maximise soft induscaping opportunities at ground level.  Where car parking is located within the front setback it should be:     Fully located within the site boundary; and     Capable of fully accommodating a vehicle between a garage or carport and the site boundary.  Developments with basement car parking should:  Residential developments should:  Provide a front setback with fence design and height in keeping with the predominant street pattern.  Maintain the apparent frontage width pattern.  Maintain the apparent frontage width pattern.  Provide a propriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.			The from age is 16.63 metres and proposes dual crossovers
Well integrated into the design of the building,     Generally hidden from view or appropriately screened where necessary,     Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level.  Where car parking is located within the front setback it should be:     Capable of fully accommodating a vehicle between a garage or carport and the site boundary.  Developments with basement car parking should consider flooding concerns where applicable.  Provide a front setback with fence design and height in keeping with the predominant street pattern.  Maintain the apparent frontage width pattern.  Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one auturity.  Provide appropriate side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.		On-site car parking should be:	✓ Principle met
Cased to the side or rear of the side so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level.  Where car parking is located within the front setback it should be:      Eully located within the side boundary; and      Capable of fully accommodating a vehicle between a garage or carport and the site boundary.  Developments with basement car parking should consider flooding concerns where applicable.  Residential developments should:  Provide a front setback with fence design and height in keeping with the predominant street pattem.  Maintain the apparent frontage width pattern.  Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.		<ul> <li>Well integrated into the design of the building,</li> </ul>	Garages are located to the side of each
Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level.  Where car parking is located within the front setback it should be:      Capable of fully accommodating a vehicle between a garage or carport and the site boundary.  Developments with basement car parking should consider flooding concerns where applicable.  Residential developments should:  Provide a front setback with fence design and height in keeping with the predominant street pattern.  Maintain the apparent frontage width pattern. of			The proposed front setback is predominantly consistent with the adjoining dwellings and overall streetscape. The subject site is located at a bend in Joffre Street and as a result, the actual setback of Dwelling 1 from Joffre Street changes as Joffre Street bends away to the south. At its maximum (adjacent to the eastern boundary) Dwelling 1 is setback 12m approx. from Joffre Street thereby representing a transition in built form along the street and a resulting average setback across the site of 9m. Dwelling 1 will not present as a forward or prominent element on the street and acceptable streetscape outcomes will be achieved.
of O		Maintain the apparent frontage width pattern.	✓ Principle met
		Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.	V Principle met Setbacks would allow for tree planting.

If the details of the attachment are unclear please contact Governance on 8571 5309.

	Provide open or low scale front fences to allow a visual connection between landscaping in front	✓ Principle met
	gardens and street tree planting.	Low 600mm fence proposed.
Private open space	All residential developments should provide good quality, useable private open space for each dwelling directly accessible from the main living area.	✓ Principle met  All dwellings would be provided with good quality useable private open space, that exceed the requirements of Standard B28 (Private open space objective).
	Ground level private open space areas should be able to accommodate boundary landscaping, domestic services and outdoor furniture so as to maximise the useability of the space.	✓ Principle met SPOS areas provided can suitably accommodate boundary landscaping, domestic services and outdoor furniture.
	Private open space should be positioned to maximise solar access.	Principle met SPOS is located on the north side of the development
		✓ Principle met The upper floors do not encroach on the ground level SPOS
	Upper level dwellings should avoid encroaching the secluded private open space of a separate lower level dwelling so as to ensure good solar access and amenity for the lower level dwelling.	<b>NA</b> Apartments not proposed
Bulk & Built Form	All residential developments should respect the dominant façade pattern of the streetscape by:  • Using similarly proportioned roof forms , windows, doors and verandahs; and  • Maintaining the proportion of wall space to windows and door openings.	✓ Principle met
	Balconies should be designed to reduce the need for screening from adjoining dwellings and properties.	NA Balconies not proposed
	The development of new dwellings to the rear of existing retained dwellings is discouraged where:  The siting of the retained dwelling would not enable an acceptable future site layout for either the proposed or future dwelling; or  The retention of the existing dwelling detracts from the identified future character.	NA  Existing dwelling to be demolished

If the details of the attachment are unclear please contact Governance on 8571 5309.

	On sites adjacent to identified heritage buildings, infill development should respect the adjoining heritage	NA
	by:	No heritage building on the site or on
	<ul> <li>Not exceeding the height of the neighbouring significant building;</li> </ul>	adjoining land.
	<ul> <li>Minimising the visibility of higher sections of the new building; and</li> </ul>	
	<ul> <li>Setting higher sections back at least the depth of one room from the frontage.</li> </ul>	
Site Design	Residential development should:	
	Preserve the amenity of adjoining dwellings through responsive site design that considers the privacy,	✓ Principle met
	solar access and outlook of adjoining properties.	The proposed design is responsive to abutting lots, no issues identified within the Clause 55 assessment with regard to overlooking and overshadowing
	Maximise thermal performance and energy efficiency of the built form by addressing orientation, passive	✓ Principle met
	design and fabric performance	The proposed design is responsive to abutting lots, no issues identified within the Clause 55 assessment with regard to overlooking and overshadowing
	Ensure that building height, massing articulation responds sensitively to existing residential interfaces,	✓ Principle met
	site circumstances, setbacks and streetscape and reduces the need for screening.	The first floor has substantial setbacks from the rear and has been sensitively sited to the existing residential interfaces
	Provide sufficient setbacks (including the location of basements) to ensure the retention of existing trees	✓ Principle met
	and to accommodate the future growth of new trees.	Appropriate setbacks provided, which allow for trees to grow to full maturity
	Provide suitable storage provisions for the management of operational waste	✓ Principle met
		Bins appropriately located within the rear SPOS areas, provided with convenient access to the front of the site
	Appropriately located suitable facilities to encourage public transport use, cycling and walking.	✓ Principle met
Materials &	Residential development should:	
Spilan	Use quality, durable building materials and finishes that are designed for residential purposes.	✓ Principle met
		Materials of brick, weatherboard cladding and render are suited to residential development.

If the details of the attachment are unclear please contact Governance on 8571 5309.

	Avoid the use of commercial or industrial style building materials and finishes.	✓ Principle met
		Materials are suited to residential development
	Avoid using materials such as rendered oement sheeting, unarticulated surfaces and excessive repetitive use of materials.	Principle met A mix of materials, finishes and articulates are proposed
	Use a consistent simple palette of materials, colours finishes and architectural detailing.	✓ Principle met
	Maximise the ongoing affordability and sustainability of residential developments through the selection of low maintenance, resource and energy efficient materials and finishes that can be reasonably expected to endure for the life of the building.	Principle met Materials are suited to residential development
Domestic services normal	In order to minimise the impact of domestic and building services on the streetscape, adjacent properties, public realm and amenity of future residents, new residential development should:	
to a dwelling and Building services	Ensure that all domestic and building services are visually integrated into the design of the building and appropriately positioned or screened so as to not be seen from the street or adjoining properties.	✓ Principle met
	Be designed to avoid the location of domestic and building services:	✓ Principle met
	<ul> <li>Within secluded private open space areas, including balconies; and</li> <li>Where they may have noise impacts on adjoining habitable rooms and secluded private open space areas.</li> </ul>	Site services are located within the primary SPOS areas, however, large SPOS are proposed – exceeding the requirement of Standard B28.
Internal Amenity	Residential development should:	
	Ensure that dwelling layouts have connectivity between the main living area and private open space.	<ul> <li>Principle met</li> <li>Living room and POS for each dwelling is connected.</li> </ul>
	Be designed to avoid reliance on borrowed light to habitable rooms.	Principle met Windows are provided to all habitable rooms and would not rely on borrow light.
	Ensure that balconies and habitable room windows are designed and located to reduce the need for excessive screening.	Principle met Balconies not proposed
	Ensure that dwellings without ground level main living areas meet the Standards of Clauses 55.03-5, 55.04-1, 6 & 7, 55.05-3, 4 & 5.	✓ Principle met Ground level living proposed

If the details of the attachment are unclear please contact Governance on 8571 5309.

The proposed landscape plan submitted demonstrates the development is capable of Private open space is located at the rear of articulated and landscaping includes canopy providing a landscape outcome consistent with that sought with this design principle. A substantial 8.815m is provided between the upper levels of the two dwellings. Parking and paving within the frontage is limited to one crossover to each dwelling trees at the front, side and rear of the site The proposed development is 2 storey. The design of the development is well Principle met/Principle not met/NA The proposal is a medium density Clause 22.09-3.3 Design principles for Incremental Change Areas – General Residential Zone (GRZ) Principle met / Principle met each dwelling Parking, paving and car access within the front boundary setback should be limited in order to maximise the opportunity for soft landscaping and prevent the over dominance of carports and garages in the street. Retain spines of open space at the rear of properties to maximise landscaping opportunities and protect private secluded open space; The preferred maximum building height for land within the GRZ1 and GRZ2 is up to 2 storeys, including ground level. Residential development should use landscaping to create a landscaped character, particularly canopy trees in front and rear gardens; and to protect the outlook of adjoining properties Ensure that the built form respects the scale of existing prevailing built form character and responds to site circumstances and streetscape; Residential development should provide secluded private open space at the side or rear of each The preferred housing type for the Incremental Change Area is medium density. dwelling to avoid the need for excessive screening or high front fencing. Provide separation between dwellings at the upper level; Residential development should: Setbacks, front boundary and **Building Height** Preferred housing type Landscaping Private open space Bulk & Built Form width

### **CLAUSE 52 ASSESSMENT**

PAGES 6 (including cover)

If the details of the attachment are unclear please contact Governance on 8571 5309.

# Assessment Table - Clause 52

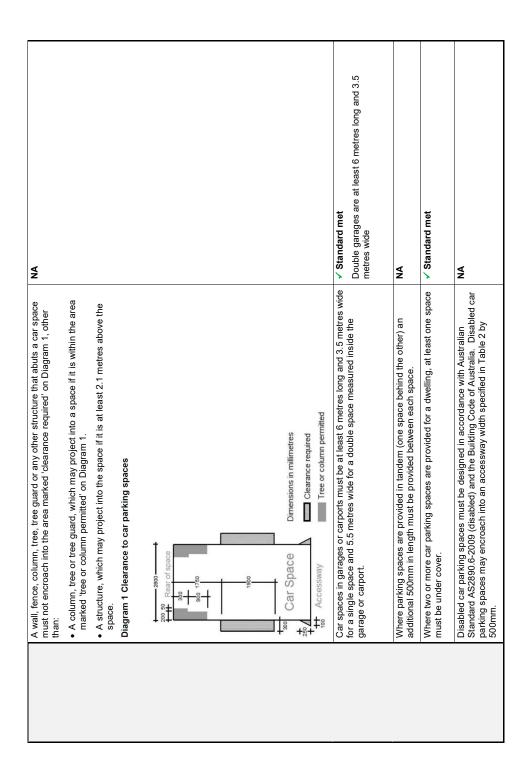

# Clause 52.06-9 Design standards for car parking

Plans prepared in accordance with Clause 52.06-8 must meet the design standards of Clause 52.06-9, unless the responsible authority agrees otherwise. Design standards 1, 3, 6 and 7 do not apply to an application to construct one dwelling on a lot.

Design Standards	Assessment	Requirement met/Requirement not met/NA
Design standard 1 -	Accessways must:	✓ Standard met
Accessways	• Be at least 3 metres wide.	Each accessway is a minimum of 3 metres wide
	• Have an internal radius of at least 4 metres at changes of direction or intersection or be at least 4.2 metres wide.	✓ Standard met
	<ul> <li>Allow vehicles parked in the last space of a dead-end accessway in public car parks to exit in a forward direction with one manoeuvre.</li> </ul>	NA
	Provide at least 2.1 metres headroom beneath overhead obstructions, calculated for a vehicle with a wheel base of 2.8 metres.	Standard met No overhead obstructions
	<ul> <li>If the accessway serves four or more car spaces or connects to a road in a Road Zone, the accessway must be designed to that cars can exit the site in a forward direction.</li> </ul>	NA Individual accessways serve a maximum of two (2) cars
	<ul> <li>Provide a passing area at the entrance at least 5 metres wide and 7 metres long if the accessway serves ten or more car parking spaces and is either more than 50 metres long or connects to a road in Road Zone.</li> </ul>	NA Individual accessways serve a maximum of two (2) cars
	<ul> <li>Have a corner splay or area at least 50 percent clear of visual obstructions extending at least 2 metres along the frontage road from the edge of an exit lane and 2.5 metres along the exit lane from the frontage, to provide a clear view of pedestrians on the footpath of the frontage road. The area clear of visual obstructions may include an adjacent entry or exit lane where more than one lane is provided, or adjacent landscaped areas, provided the landscaping in those areas is less than 900mm in height.</li> </ul>	Standard met (with condition of permit) Splays have been provided. A standard condition is recommended to be placed on the permit to ensure low level planting within the splay
	If an accessway to four or more car parking spaces is from land in a Road Zone, the access to the car spaces must be at least 6 metres from the road carriageway.	NA Individual accessways serve a maximum of two (2) cars
	If entry to the car space is from a road, the width of the accessway may include the road.	NA

If the details of the attachment are unclear please contact Governance on 8571 5309.

Design standard 2 – Car parking spaces	Design standard 2 — Car parking spaces and accessways must have the minimum dimensions as outlined Car parking spaces in Table 2.	accessways must have	the minimum dimension	ns as outlined	✓ Standard met
	Table 2: Minimum dimensions of car parking spaces and accessways	ensions of car parkin	ig spaces and access	ways	
	Angle of car parking spaces to access way	Accessway width	Car space width	Car space length	
	Parallel	3.6 m	2.3 m	6.7 m	
	45°	3.5 m	2.6 m	4.9 m	
	°09	4.9 m	2.6 m	4.9 m	
	°06	6.4 m	2.6 m	4.9 m	
		5.8 m	2.8 m	4.9 m	
		5.2 m	3.0 m	4.9 m	
		4.8 m	3.2 m	4.9 m	
	Note to Table 2: Some dimensions in Table 2 vary from those shown in the Australian Standard AS2890.1-2004 (off street). The dimensions shown in Table 2 allocate more space to aisle widths and less to marked spaces to provide improved operation and access. The dimensions in Table 2 are to be used in preference to the Australian Standard AS2890.1-2004 (off street) except for disabled spaces which must achieve Australian Standard AS2890.6-2009 (disabled).	mensions in Table 2 va off street). Assessment Table - Two or More Dwellings on a Lot and Residential Buildings (Clause 55)

Clause 55.02-1	-1 Neignbourhood cnaracter objectives	
Title & Objective	Title & Objective Standard (Summarised)	Standard Met/Standard Not Met/NA
Standard B1	The design response must be appropriate to the neighbourhood and the site.	✓ Standard met See Clause 22.09 assessment.
	The proposed design response must respect the existing or preferred neighbourhood character and respond to the features of the site.	✓ Standard met See Clause 22.09 assessment.
Decision	Any relevant neighbourhood character objective, policy or statement set out in this scheme.	
euideiines	The neighbourhood and site description.	
	The design response.	
Objectives	To ensure that the design respects the existing neighbourhood character or contributes to a preferred neighbourhood character.	
	To ensure that development responds to the features of the site and the surrounding area.	

<b>Clause 55.02-2 Resi</b>	-2 Residential policy objectives	
Title & Objective   Standards	Standards	Standard Met/Standard Not Met/NA
Standard B2	An application must be accompanied by a written statement to the satisfaction of the responsible authority that describes how the development is consistent with any relevant policy for housing in the PPF and the LPPF, including the MSS and local planning policies.	Standard met  The application was accompanied by a written assessment of the proposal against the relevant PPF and Local Policies
Decision Guidelines	The PPF and the LPPF including the MSS and local planning policies.  The design response.	
Objectives	To ensure that residential development is provided in accordance with any policy for housing in the PPF and the LPPF, including the MSS and local planning policies.  To support medium densities in areas where development can take advantage of public and community infrastructure and services.	

If the details of the attachment are unclear please contact Governance on 8571 5309.

Clause 55.02-3 Dwe	-3 Dwelling diversity objective	
Title & Objective Standar	Standards	Standard Met/Standard Not Met/NA
Standard B3	Developments of ten or more dwellings should provide a range of dwelling sizes and types, including:	N/A Less than 10 dwellings proposed.
	<ul> <li>Dwellings with a different number of bedrooms.</li> </ul>	
	<ul> <li>At least one dwelling that contains a kitchen, bath or shower, and a toilet and wash basin at ground floor level.</li> </ul>	
Objective	To encourage a range of dwellings sizes and types in developments of ten or more dwellings.	

Clause 55.0Z	Ciause 55.02-4 intrastructure objectives	
Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B4	Development should be connected to reticulated services, including reticulated sewerage,	✓ Standard met
	drainage, electricity and gas, if available.	Development can be suitably accommodated into infrastructure of the established area.
	Development should not unreasonably exceed the capacity of utility services and	✓ Standard met
	infrastructure, including reticulated services and roads.	Development can be suitably accommodated into infrastructure of the established area.
	In areas where utility services or infrastructure have little or no spare capacity, developments	✓ Standard met
	should provide for the upgrading of or mitigation of the impact on services or infrastructure.	Development can be suitably accommodated into infrastructure of the established area.
Decision	The capacity of the existing infrastructure.	
sauliabilio	In the absence of reticulated sewerage, the capacity of the development to treat and retain all wastewater in accordance with the SEPP (Waters of Victoria) under the EPA 1970.	
	If the drainage system has little or no spare capacity, the capacity of the development to provide for stormwater drainage mitigation or upgrading of the local drainage system.	
Objectives	To ensure development is provided with appropriate utility services and infrastructure.	
	To ensure development does not unreasonably overload the capacity of utility services and infrastructure.	

Clause 55.02-5 Integ	-5 Integration with the street objective	
Title & Objective Standar	Standards	Standard Met/Standard Not Met/NA
Standard B5	Developments should provide adequate vehicle and pedestrian links that maintain or enhance local accessibility.	✓ Standard met
	Developments should be oriented to front existing and proposed streets.	✓ Standard met
		Both dwellings are oriented to Joffre Street
	High fencing in front of dwellings should be avoided if practicable.	✓ Standard met
		Low brick front fence of 600mm proposed.
	Development next to existing public open space should be laid out to complement the open	AN
	space.	The subject site does not adjoin any existing public open space area
Decision	Any relevant urban design objective, policy or statement set out in this scheme.	
edidelines	The design response.	
Objective	To integrate the layout of development with the street.	

Title & Objective Standards	Standard B6 Walls of buildings should be schedule to the zone:	RGZ: 5 metres or as per Ta	GRZ: 7.5 metres or as per	NRZ: As per Table B1.	Table B1 Street setback	Development context	There is an existing building on both the abutting allotments facing the same street, and the site is not on a corner.	There is an existing building on one abutting allotment facing the same street and no existing building on the other abutting allotment facing the same street, and the site is not on a corner.	There is no existing building on either of the abuting allotments facing the same street, and the site is not on a corner.	The site is on a comer.
	Walls of buildings should be set back from streets at least the distance specified in a schedule to the zone:	metres or as per Table B1, whichever is the lesser.	GRZ: 7.5 metres or as per Table B1, whichever is the lesser.			Minimum setback from front street (metres)	on The average distance of the setbacks of the front walls of the existing buildings on the abutting allotments facing the front street or 9 metres, whichever is the lesser.	The same distance as the setback of the front wall of ing the existing building on the abutting allotment facing set, the front street or 9 metres, whichever is the lesser.	on 6 metres for streets in a nts Road Zone, Category 1, the and 4 metres for other streets.	If there is a building on the abuting allotment facing the front street, the same distance as the setback of the front wall of the existing building on the abutting allotment facing the front street or 9 metres, whichever is the lesser.  If there is no building on the abutting allotment facing the front street, 6 metres for streets in a Road Zone, Category 1, and 4 metres for other streets.
	e distance specified in a	<u>.</u> .	ser.			Minimum setback from a side street (metres)	Not applicable	Not applicable	Not applicable	Front walls of new development fronting the side street of a comer site should be setback at least the same distance as the setback of the front wall of any existing building on the butting allotment facing the side street or 3 metres, whichever is the lesser.  Side walls of new development on a comer site should be setback the same distance as the setback of the front wall of any existing building on the abutting allotment facing the side street or 2 metres,
Standard Met/Standard Not Met/NA	* Standard not met – Variation Sought	Average of adjoining properties – 6.5m+7.2m/2 = 6.85m	Front setback proposed is 6.15m.							

Decision	Any relevant neighbourhood character objective, policy or statement set out in this scheme.	A minor variation is sought. The variation is considered
euideiines	The design response.	acceptable for the following reasons:
	Whether a different setback would be more appropriate taking into account the prevailing setbacks of existing buildings on nearby lots.	The subject site is located at a bend in Joffre Street and as a result, the actual setback of Dwelling 1 from Joffre
	The visual impact of the building when viewed from the street and from adjoining properties.	Street changes as Joffre Street bends away to the south.
	The value of retaining vegetation within the front setback.	Dwelling 1 is setback 12 a porous from John and 1 is setback 12 approx. from John and 2 is setback 12 approx. from John and 2 is setback are street and a resulting average setback across the site of 9m. Dwelling 1 will not present as a forward or prominent element on the street and acceptable streetscape outcomes will be achieved.
Objective	To ensure that the setbacks of buildings from a street respect the existing or preferred neighbourhood character and make efficient use of the site.	✓ Objective met  For the reasons listed above, the objective has been met

Clause 55.03-2 Building height objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B7	The maximum building height should not exceed the maximum height specified in the zone, schedule to the zone or an overlay that applies to the land.	✓ Standard met 8.63m and two (2) storevs
	RGZ: 13.5 metres <u>discretionary</u> maximum (refer Clause 32.07-8 for details)	
	GRZ: 11 metres / 3 storeys <u>mandatory</u> maximum (refer Clause 32.08-9)	
	<u>NRZ</u> : 9 metres / 2 storeys <u>mandatory</u> maximum (refer Clause 32.09-9)	
	If no maximum height is specified in the zone, schedule to the zone or an overlay, the maximum building height should not exceed 9 metres, unless the slope of the natural ground level at any cross section wider than 8 metres of the site of the building is 2.5 degrees or more, in which case the maximum building height should not exceed 10 metres.	N/A
	Changes of building height between existing buildings and new buildings should be graduated.	✓ Standard met
Decision	Any relevant neighbourhood character objective, policy or statement set out in this scheme.	
891	Any maximum building height specified in the zone, a schedule to the zone or an overlay applying to the land.	
	The design response.	
	The effect of the slope of the site on the height of the building.	
	The relationship between the proposed building height and the height of existing adjacent buildings.	
	The visual impact of the building when viewed from the street and from adjoining properties.	
Objective	To ensure that the height of buildings respects the existing or preferred neighbourhood character	

<b>Clause 55.03-3 Site</b>	-3 Site coverage objective	
Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B8	The site area covered by buildings should not exceed:	✓ Standard met
	<ul> <li>The maximum site coverage specified in a schedule to the zone, or</li> </ul>	Site coverage is 294sqm or 42.1%
	<ul> <li>If no maximum site coverage is specified in a schedule to the zone, 60 per cent.</li> </ul>	
	<u>RGZ1:</u> 70% <u>RGZ2</u> : 70% <u>RGZ3</u> : 70%	
	GRZ1: 60% (none specified) GRZ2: 60% (none specified)	
	<u>NRZ1</u> : 50%	
Decision	Any relevant neighbourhood character objective, policy or statement set out in this scheme.	
Guidelines	The design response.	
	The existing site coverage and any constraints imposed by existing development or the features of the site.	
	The site coverage of adjacent properties	
	The effect of the visual bulk of the building and whether this is acceptable in the neighbourhood.	
Objective	To ensure that the site coverage respects the existing or preferred neighbourhood character and responds to the features of the site.	

Title & Objective Standards	Standards	Standard Met/Standard Not Met/NA
Standard B9	The site area covered by the pervious surfaces should be at least:	✓ Standard met
	• The minimum areas specified in a schedule to the zone, or	296.7sqm or 42.5%
	• If no minimum is specified in a schedule to the zone, 20 per cent of the site.	
	RGZ1: 20% RGZ2: 20% (none specified) RGZ3: 20% (none specified)	
	<u>GRZ1</u> : 30% <u>GRZ2</u> : 20% (none specified)	
	<u>NRZ1:</u> 40%	
Decision	The design response.	
Guidelines	The existing site coverage and any constraints imposed by existing development.	
	The capacity of the drainage network to accommodate additional stormwater.	
	The capacity of the site to absorb run-off.	
	The practicality of achieving the minimum site coverage of pervious surfaces, particularly on lots of less than 300 square metres.	
Objectives	To reduce the impact of increased stormwater run-off on the drainage system.	
	To facilitate on-site stormwater infiltration.	

Clause 55.03-5 Ene	-5 Energy efficiency objectives	
Title & Objective	Standa	Standard Met/Standard Not Met/NA
Standard B10	Buildings should be:	✓ Standard met
	<ul> <li>Oriented to make appropriate use of solar energy.</li> </ul>	
	<ul> <li>Sited and designed to ensure that the energy efficiency of existing dwellings on adjoining lots is not unreasonably reduced.</li> </ul>	
	Living areas and private open space should be located on the north side of the development, if practicable.	✓ Standard met
	Developments should be designed so that solar access to north-facing windows is maximised.	✓ Standard met
Decision	The design response.	
sauliapino	The size, orientation and slope of the lot.	
	The existing amount of solar access to abutting properties.	
	The availability of solar access to north-facing windows on the site.	
Objectives	To achieve and protect energy efficient dwellings and residential buildings.	
	To ensure the orientation and layout of development reduce fossil fuel energy use and make appropriate use of daylight and solar energy.	

Clause 55.03-	Clause 55.03-6 Open space objective	
Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B11	If any public or communal open space is provided on site, it should:	NA
	<ul> <li>Be substantially fronted by dwellings, where appropriate.</li> </ul>	No public or communal open space proposed on site
	<ul> <li>Provide outlook for as many dwellings as practicable.</li> </ul>	
	<ul> <li>Be designed to protect any natural features on the site.</li> </ul>	
	• Be accessible and useable.	
Decision Guidelines	Any relevant plan or policy for open space in the SPPF and the LPPF, including the MSS and local planning policies.	
	The design response.	
Objective	To integrate the layout of development with any public and communal open space provided in or adjacent to the development.	

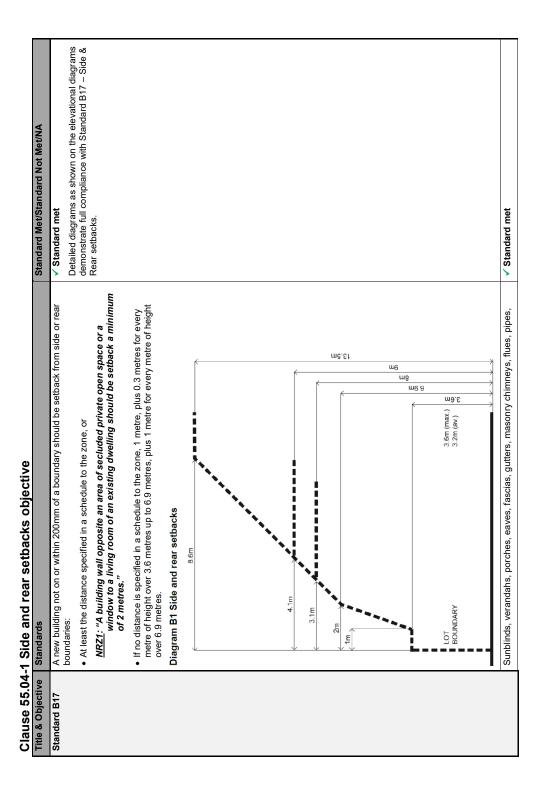

Clause 55.03-7 Safety	-7 Safety objective	
Title & Objective   Standards	Standards	Standard Met/Standard Not Met/NA
Standard B12	Entrances to dwellings and residential buildings should not be obscured or isolated from the street and internal accessways.	<ul> <li>Standard met</li> <li>Each respective entrance is oriented to Joffre Street</li> </ul>
	Planting which creates unsafe spaces along streets and accessways should be avoided.	<ul> <li>Standard met</li> <li>Corner splays have been provided which would limit landscaping along the frontage of the accessway</li> </ul>
	Developments should be designed to provide good lighting, visibility and surveillance of car parks and internal accessways.	✓ Standard met Sensor lighting will be conditioned to the dwelling entries and car parking areas
	Private spaces within developments should be protected from inappropriate use as public thoroghfares.	<ul> <li>Standard met         Private spaces are delineated by built from, landscaping and fencing     </li> </ul>
Decision Guidelines	The design response.	
Objectives	To ensure the layout of development provides for the safety and security of residents and property.	

Clause 55.03	Clause 55.03-8 Landscaping objectives	
Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B13	The landscape layout and design should:	✓ Standard met
	<ul> <li>Protect any predominant landscape features of the neighbourhood.</li> </ul>	A landscape plan has been submitted as part of the
	<ul> <li>Take into account the soil type and drainage patterns of the site.</li> </ul>	proposal.
	Allow for intended vegetation growth and structural protection of buildings.	
	<ul> <li>In locations of habitat importance, maintain existing habitat and provide for new habitat for plants and animals.</li> </ul>	
	<ul> <li>Provide a safe, attractive and functional environment for residents.</li> </ul>	
	Development should provide for the retention or planting of trees, where these are part of the	✓ Standard met
	character of the neighbourhood.	Trees are proposed to be removed to accommodate the development. No permit is required for the removal of the trees.
	Development should provide for the replacement of any significant trees that have been	✓ Standard met
	removed in the 12 months prior to the application being made	No known significant trees to have been removed
	The landscape design should specify landscape themes, vegetation (location and species), paving and lighting.	✓ Standard met
	Development should meet any additional landscape requirements specified in a schedule to	* Standard not met – Variation Sought
	the zone.	Total front setback area = 134sqm
	All schedules to all residential zones:	Total front setback landscape area provided = 80.4sqm
	"70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees."	or 60%
Decision	Any relevant neighbourhood character objective, policy or statement set out in this scheme.	A minor variation is sought. The variation is considered
Sauraeimes	Any relevant plan or policy for landscape design in the SPPF and the LPPF, including the MSS and local planning policies.	acceptable for the following reasons:  - The subject site has a large frontage of 18.83m
	The design response.	not set aside for landscaping are the two
	The location and size of gardens and the predominant plant types in the neighbourhood.	driveways and porches
	The health of any trees to be removed.	<ul> <li>Indicative landscaping highlights that three canopy trees would be proposed within the</li> </ul>
	Whether a tree was removed to gain a development advantage.	frontage, capable of screening the built form and provided an appropriate landscape outcome.
Objectives	To encourage development that respects the landscape character of the neighbourhood.	✓ Objective met
	To encourage development that maintains and enhances habitat for plants and animals in locations of habitat importance.	For the reasons listed above, the objective has been met

	To provide appropriate landscaning	
	To provide appropriate rainascaping.	
	To encourage the retention of mature vegetation on the site.	
Clause 55.03-	Clause 55.03-9 Access objective	
Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B14	The width of accessways or car spaces should not exceed:	✓ Standard met
	• 33 per cent of the street frontage, or	One single-width (3m) crossover is proposed for each
	<ul> <li>if the width of the street frontage is less than 20 metres, 40 per cent of the street frontage.</li> </ul>	dwelling fronting Joffre Street. In compination (bm) proposed crossovers are less than 40% of the sites 18.83m frontage (i.e., 7.532m).
	No more than one single-width crossover should be provided for each dwelling fronting a street.	✓ Standard met
	The location of crossovers should maximise retention of on-street car parking spaces.	✓ Standard met
	The number of access points to a road in a Road Zone should be minimised.	✓ Standard met
		Joffre Street is not a road in a Road Zone
	Developments must provide for access for service, emergency and delivery vehicles.	✓ Standard met
Decision	The design response.	
Sallianno	The impact on neighbourhood character.	
	The reduction of on-street car parking spaces.	
	The effect on any significant vegetation on the site and footpath.	
Objectives	To ensure the number and design of vehicle crossovers respects the neighbourhood character.	

Title & Objective Standar	Standards	Standard Met/Standard Not Met/NA
Standard B15	Car parking facilities should:	✓ Standard met
	<ul> <li>Be reasonably close and convenient to dwellings and residential buildings.</li> </ul>	Garages & parking spaces would be located adjacent to
	• Be secure.	the dwelling entries
	Be well ventilated if enclosed.	
	Shared accessways or car parks of other dwellings and residential buildings should be located at least 1.5 metres from the windows of habitable rooms. This setback may be	✓ Standard met
	reduced to 1 metre where there is a fence at least 1.5 metres high or where window sills are at least 1.4 metres above the accessway.	
Decision Guidelines	The design response.	
Objectives	To provide convenient parking for residents and visitors vehicles.	
	To protect residents from vehicular noise within developments.	

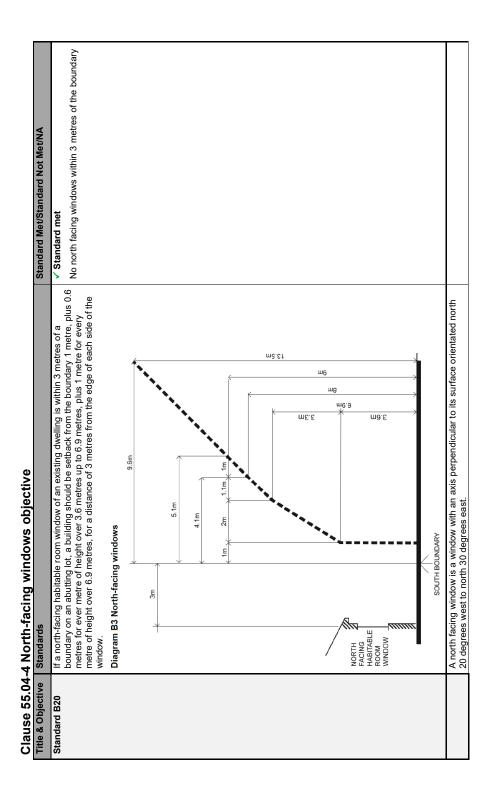

Clause 55.03-10 Parking location objectives

	domestic fuel or water tanks, and heating or cooling equipment or other services may encroach not more than 0.5 metres into the setbacks of this standard.	No encroachments into the standard
	Landings having an area of not more than 2 square metres and less than 1 metre high, stairways, ramps, pergolas, shade sails and carports may encroach into the setbacks of this standard.	Standard met No encroachments into the standard
Decision	Any relevant neighbourhood character objective, policy or statement set out in this scheme.	
salliapino	The design response.	
	The impact on the amenity of the habitable room windows and secluded private open space of existing dwellings.	
	Whether the wall is opposite an existing or simultaneously constructed wall built to the boundary.	
	Whether the wall abuts a side or rear lane.	
Objectives	To ensure that the height and setback of a building from a boundary respects the existing or preferred neighbourhood character and limits the impact on the amenity of existing dwellings.	

Title & Objective	Title & Objective Standards	Standard Met/Standard Not Met/NA
Standard B18	A new wall constructed on or within 200mm of a side or rear boundary of a lot or a carport constructed on or within 1 metre of a side or rear boundary of lot should not abut the boundary:	<ul> <li>Standard met</li> <li>Applicable to both west and east boundaries.</li> </ul>
	<ul> <li>For a length of more than the distance specified in the schedule to the zone; or</li> <li>If no distance is specified in a schedule to the zone, for a length of more than:</li> </ul>	West boundary = 6.82m
	- 10 metres plus 25 per cent of the remaining length of the boundary of an adjoining lot, or	East Boundary = 7.58m
	<ul> <li>Where there are existing or simultaneously constructed walls or carports abutting the boundary on an abutting lot, the length of the existing or simultaneously constructed walls or carports,</li> </ul>	
	whichever is the greater.	
	A new wall or carport may fully abut a side or rear boundary where slope and retaining walls or fences would result in the effective height of the wall or carport being less than 2 metres on the abutting property.	✓ Standard met
	A building on a boundary includes a building set back up to 200mm from a boundary.	✓ Standard met
	The height of a new wall constructed on or within 200 mm of a side or rear boundary or a carport constructed on or within 1 metre of a side or rear boundary should not exceed an average of 3.2 metres with no part higher than 3.6 metres unless abutting a higher existing or simultaneously constructed wall.	Standard met  Both west and east wall on boundaries provide under the permitted average of 3.2 metres with no part higher than 3.6 metres as demonstrated on the elevation plans.
Decision	Any relevant neighbourhood character objective, policy or statement set out in this scheme.	
enidelines	The design response.	
	The extent to which walls on boundaries are part of the neighbourhood character.	
	The impact on the amenity of existing dwellings.	
	The opportunity to minimise the length of walls on boundaries by aligning a new wall on a boundary with an existing wall on a lot of an adjoining property.	
	The orientation of the boundary that the wall is being built on.	
	The width of the lot.	
	The extent to which the slope and retaining walls or fences reduce the effective height of the wall.	
	Whether the wall abuts a side or rear lane.	
	The need to increase the wall height to screen a box gutter.	

Objectives	To ensure that the location, length and height of a wall on a boundary respects the existing or preferred neighbourhood character and limits the impact on the amenity of existing dwellings.	
Clause 55.04-3 Dayli	-3 Daylight to existing windows objective	
Title & Objective		Standard Met/Standard Not Met/NA
Standard B19	Buildings opposite an existing habitable room window should provide for a light court to the existing window that has a minimum area of 3 square metres and minimum dimension of 1 metre clear to the sky. The calculation of the area may include land on the abutting lot.	<ul> <li>Standard met</li> <li>The proposed dwellings are well setback from existing habitable room windows</li> </ul>
	Walls or carports more than 3 metres in height opposite an existing habitable room window should be set back from the window at least 50 per cent of the height of the new wall if the wall is within a 55 degree arc from the centre of the existing window. The arc may be swung to within 35 degrees of the plane of the wall containing the existing window.  Diagram B2 Daylight to existing windows	Standard met The proposed dwellings are well setback from existing habitable room windows
	Existing Proposed Setback applies to the wall setback from the window half the height of the height of the wall setback from the window half the height of the wall setback from the window half the height of the wall setback from the window half the height of the wall setback from the window half the height of the wall setback from the wall setback from the height of the wall setback from the wal	
	Where the existing window is above ground floor level, the wall height is measured from the floor level of the room containing the window.	
Decision Guidelines	The design response.	
	The extent to which the existing dwelling has provided for reasonable daylight access to its habitable rooms through the siting and orientation of its habitable room windows.	
	The impact on the amenity of existing dwellings.	
Objective	To allow adequate daylight into existing habitable room windows.	

	N N	
	Applies where existing HRW is between 20 west and 30 east from north	
Decision	The design response.	
Guidelines	Existing sunlight to the north-facing habitable room window of the existing dwelling.	
	The impact on the amenity of existing dwellings.	
Objective	To allow adequate solar access to existing north-facing habitable room windows.	
Clause 55.04-	Clause 55.04-5 Overshadowing open space objective	
Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B21	Where sunlight to the secluded private open space of an existing dwelling is reduced, at least	✓ Standard met
	75 per cent, or 40 square metres with a minimum dimension of 3 metres, whichever is the lacest area of the conjuded private ones capacity and provide a minimum of five hours of	The proposed development has provided reasonable
	sessor area, or the sectated private open space should receive a minimum or tive nous or sunlight between 9am and 3pm on 22 Sept.	setbacks from neighbouring dwellings to the sides, which indicates minor overshadowing will occur. The applicant
		has provided overshadowing diagrams to indicate compliance.
	If existing sunlight to the secluded private open space of an existing dwelling is less than the requirements of this standard, the amount of sunlight should not be further reduced.	✓ Standard met
Decision	The design response.	
Guidelines	The impact on the amenity of existing dwellings.	
	Existing sunlight penetration to the secluded private open space of the existing dwelling.	
	The time of day that sunlight will be available to the secluded private open space of the existing dwelling.	
	The effect of a reduction in sunlight on the existing use of the existing secluded private open space.	
Objective	To ensure buildings do not significantly overshadow existing secluded private open space.	

	Have fixed, obscure glazing in any part of the window below 1.7 metre above floor level.	
	<ul> <li>Have permanently fixed external screens to at least 1.7 metres above floor level and be no more than 25 per cent transparent.</li> </ul>	
	Obscure glazing in any part of the window below 1.7 metres above floor level may be openable provided that there are no direct views as specified in this standard.	✓ Standard met
	Screens used to obscure a view should be:	✓ Standard met
	<ul> <li>Perforated panels or trellis with a maximum of 25 per cent openings or solid translucent panels.</li> </ul>	
	<ul> <li>Permanent, fixed and durable.</li> </ul>	
	<ul> <li>Designed and coloured to blend in with the development.</li> </ul>	
	The standard does not apply to a new habitable room window, balcony, terrace, deck or patio which faces a property boundary where there is a visual barrier at least 1.8 metres high and the floor level of the habitable room, balcony, terrace, deck or patio is less than 0.8 metres above ground level at the boundary.	• Standard met  On the east and west boundaries, this standard does not apply as the finish floor level is less than 0.8m above NGL at the boundary and 1.8 metre high fences are proposed on all boundaries. As per the standard, the boundary fences will act as a visual barrier to overlooking at ground floor.
		Condition on the permit requires the provision a minimum 1.8m freestanding screen along the north boundary.
Decision	The design response.	
Sauldellides	The impact on the amenity of the secluded private open space or habitable room window.	
	The existing extent of overlooking into the secluded private open space and habitable room window of existing dwellings.	
	The internal daylight to and amenity of the proposed dwelling or residential building.	
Objective	To limit views into existing secluded private open space and habitable room windows.	

Clause 55.04-7 Inter	-7 Internal views objective	
Title & Objective Standar	Standards	Standard Met/Standard Not Met/NA
Standard B23	Windows and balconies should be designed to prevent overlooking of more than 50 per cent   Standard met of the secluded private open space of a lower-level dwelling or residential building directly below and within the same development.	✓ Standard met
Decision Guidelines	The design response.	
Objective	To limit views into the secluded private open space and habitable room windows of dwellings and residential buildings within a development.	

Clause 55.04-8 Noise	-8 Noise impacts objectives	
Title & Objective Standards	Standards	Standard Met/Standard Not Met/NA
Standard B24	Noise sources, such as mechanical plant, should not be located near bedrooms of	✓ Standard met
	ımmediately adjacent existing dwellings.	No noise sources apparent
	Noise sensitive rooms and secluded private open spaces of new dwellings and residential	✓ Standard met
	buildings should take into account of noise sources on immediately adjacent properties.	No noise sources apparent

	accigned to millimize to control in translative to the	
Decision Guidelines	The design response.	
Objectives	To contain noise sources within development that may affect existing dwellings.	
	To protect residents from external noise.	

Clause 55.05-	Clause 55.05-1 Accessibility objective	
Title & Objective Standar	Standards	Standard Met/Standard Not Met/NA
Standard B25	The dwelling entries of the ground floor of dwellings and residential buildings should be accessible or able to be easily made accessible to people with limited mobility.	✓ Standard met  The floor levels proposed are not excessively high and ground level living proposed which could be accessible to people with limited mobility.  The people with limited mobility.  ✓ Standard medians.  ✓ Standard medians.  The standar
Objective	To encourage the consideration of the needs of people with limited mobility in the design of developments.	

Clause 55.05-2 D	-2 Dwelling entry objective	
Title & Objective Stan	Standards	Standard Met/Standard Not Met/NA
Standard B26	Entries to dwellings and residential buildings should:	✓ Standard met
	<ul> <li>Be visible and easily identifiable from streets and other public areas.</li> </ul>	Dwelling entries would be visible from Joffre Street
	<ul> <li>Provide shelter, a sense of personal address and a transitional space around the entry.</li> </ul>	
Objective	To provide each dwelling or residential building with its own sense of identity.	

Clause 55.05	Clause 55.05-3 Daylight to new Windows objective	
Title & Objective   Standards	Standards	Standard Met/Standard Not Met/NA
Standard B27	A window in a habitable room should be located to face:	✓ Standard met
	<ul> <li>An outdoor space clear to the sky or a light court with a minimum area of 3 square metres and minimum dimension of 1 metre clear to the sky, not including land on an abutting lot, or</li> </ul>	Each habitable room window would face an outdoor space.
	A verandah provided it is open for at least on third of its perimeter, or	
	<ul> <li>A carport provided it has two or more open sides and is open for at least on third of its perimeter.</li> </ul>	
Decision	The design response.	
Guidelines	Whether there are other windows in the habitable room which have access to daylight.	
Objective	To allow adequate daylight into new habitable room windows.	

Clause 55.05-4 Private open space objective

Title & Objective Standards	Standards	Standard Met/Standard Not Met/NA
Standard B28	A dwelling or residential building should have private open space of an area and dimensions specified in a schedule to the zone.	✓ Standard met
	RGZ1: None specified	Private open space total: 100sam+
	RGZ2: "As per B28; or a <u>balcony or rooftop with a minimum area of 10 square metres with a minimum width of 2 metres</u> that is directly accessible from a living room."	Secluded private open space: 49.19sqm with a minimum dimension of 6.89m and convenient access from a main living room
	RGZ3: "As per B28; or a balcony or rooftop with a minimum area of 10 square metres with a minimum width of 2 metres that is directly accessible from the main living area."	Dwelling 2 Private open space total: 73sqm
	GRZ1: "An area of 50 square metres of ground level, private open space, with an area of secluded private open space at the side or rear of the dwelling with a minimum area of 30 square metres and a minimum dimension of 5 metres and convenient access from a living room; or	Secluded private open space: 73sqm, with a primary SPOS area of 40sqm with a minimum dimension of 5.94m and convenient access from a main living room
	A balcony or rooftop with a minimum area of 10 square metres with a minimum width of 2 metres that is directly accessible from the main living area."	
	GRZ2: "As per the B28 40 sq m requirement, with the 25 sq m of secluded private open space at ground level having a <u>minimum dimension of 5 metres;</u> or A balcony or rooftop with a minimum area of 10 square metres with a minimum width of 2 metres that is directly accessible from the main living area."	
	NRZ1: "An area of 60 square metres of ground level, private open space, with an area of secluded private open space at the side or rear of the dwelling with a minimum area of 40 square metres with a minimum dimension of 5 metres and convenient access from a living room; or	
	A balcony or rooftop with a minimum area of 10 square metres with a minimum width of 2 metres that is directly accessible from the main living area."	

	If no area or dimensions are specified in a schedule to the zone, a dwelling or residential building should have private open space consisting of:	(RGZ1 only)
	<ul> <li>An area of 40 square metres, with one part of the private open space to consist of secluded private open space at the side or rear of the dwelling or residential building with a minimum area of 25 square metres, a minimum dimension of 3 metres and convenient access from a living room, or</li> </ul>	
	A balcony of 8 square metres with a minimum width of 1.6 metres and convenient access from a living room, or	
	<ul> <li>A roof-top area of 10 square metres with a minimum width of 2 metres and convenient access from a living room.</li> </ul>	
	The balcony requirements in Clause 55.05-4 do not apply to an apartment development.	
Decision	The design response.	
Guidellnes	The useability of the private open space, including its size and accessibility.	
	The availability of and access to public or communal open space.	
	The orientation of the lot to the street and the sun.	
Objective	To provide adequate private open space for the reasonable recreation and service needs of residents.	

Title & Objective Standar	Standards	Standard Met/Standard Not Met/NA
Standard B29	The private open space should be located on the north side of the dwelling or residential building, if appropriate.	✓ Standard met SPOS is located on the north side of the development

Objectives	To ensure that site services can be installed and easily maintained.	
	To ensure that site facilities are accessible, adequate and attractive.	

# 3 QUESTION TIME - PUBLIC

Cr Tim Dark left the Meeting at 7.06pm.

### Question

### Matthew Kirwan, Noble Park

What was the outcome of the Greater Dandenong Aboriginal Gathering Place feasibility study; and what are the next steps and timeframes?

#### Response

# Martin Fidler, Director Community Services

This project is ongoing. This consultation with First Nation's people and other key stakeholders was challenging during the height of the COVID-19 restrictions and participation rates were lower than expected. Many of the First Nation's people that we consulted asked if we could extend the consultation period. Officers have also become aware of an opportunity to expand the terms of reference for the feasibility study given that there is also some work being done by Parks Victoria and other stakeholders in the Police Paddocks region. The presentation of the First Nation's community space feasibility report to Council is delayed allowing these opportunities to be investigated further and appropriate consultation to take place.

#### Question

# Matthew Kirwan, Noble Park

Has the Fotheringham Reserve Billabong restoration project been completed yet and if not, when is it expected to start and end?

#### Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

I will provide an overall update as there is currently some weed infestation in the Billabong, this is not part of that project. The focus of the project works is on the southern Billabong and that includes silt removal and resetting the levels. The Billabong being referred to was inspected by a Council officer on Thursday to determine the level of urgency for weed control works. The priority weeds present like blackberries will be undergoing control works throughout February to reduce the spread to a manageable level. Overall, with regards to the project, the detailed design and project plan were completed in 2021 and Melbourne Water funding secured through the liveable communities or waterways funding stream. A preferred contractor has been short-listed and is in the final stages of appointment. At this stage we can confirm that the works will be completed prior to 30 June 2022, but we will need to await a more detailed timeline once the contractor has been appointed.

Cr Loi Truong left the Meeting at 7.10pm.

### Comment

# John Bennie PSM, Chief Executive Officer

Mr Cinquegrana may have pre-empted the third question also from Matthew Kirwan but I will read it for completeness.

#### Question

#### Matthew Kirwan, Noble Park

There is currently a large infestation of exotic weeds particularly blackberries in the billabong area of Fotheringham Reserve in Dandenong. Is that planned to be addressed as part of the Billabong restoration project? If not, when will it be addressed?

# **Comments**

# John Bennie PSM, Chief Executive Officer

If Mr Cinquegrana has anything further to add, he may do so.

### **Response**

### Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

No, that was covered in my description of the project overall so there is nothing to add.

### Question

#### Tina Congues, Dandenong

When will the concept design for the Dandenong Community Hub be finalised?

#### Response

#### Martin Fidler, Director Community Services

A dry concept plan and business case was presented to Council in December last year. Additional work has been requested by Council to develop further spatial plans for alternative models. Council's consultant has been approached to deliver this work which is intended to be presented to Council for review in either late February or March 2022. We will update the Council's Community Hub's website as timeframes are confirmed. As it is COVID restrictions and also the summer holiday break, our consultant has been on leave so we are waiting to confirm those times.

#### Question

# Elizabeth Grasso, Keysborough

When are the finalised Greater Dandenong Biodiversity Action Plan and supporting documents expected to be publicly available on the website?

### **Response**

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

The final updates for this Plan are underway and they are being fed by the community input as part of the process. We will be ready to put the final product to Council in June 2022 and the website presentation of that content will follow directly.

#### Question

# Meaghan Mack, Keysborough

When is the tender for the Keysborough South Community Hub going to be released to the market?

### Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

We are currently still in the process of Greens Star accreditation which we do not have control over. We expect to go to tender in June 2022, which will allow us to start construction in the following financial year. It is difficult to give a more detailed timeline based on what we currently have control over.

#### **Comments**

### John Bennie PSM, Chief Executive Officer

The next three questions are from Leon Jorissen of Dandenong. They are on a similar matter and what I propose to do is read all three questions and then allow Mr Cinquegrana to respond to them all together.

# Question

### Leon Jorissen, Dandenong

Councillors, my question refers to the Council officer's replies from the public question forum held on Monday, December 13, 2021. The Council officer stated that I was not part of meetings held between Council officers and my swim club president. Incorrect. I was at one meeting with both present but, due to working night shift, I could not make others. Information from all other meetings was given to me. My swim club asked me to use this information to ask Councillors questions in the public forum. Also, the Council officer stated that I should lodge a submission. Why, when my swim club has lodged plenty of submissions through our club consultation discussion meetings with Council officers? As Council officers may dispute my opinions, can I please ask all Councillors to look at all the meeting notes (including our club submissions) between our swim club and the Council officers?

#### Question

#### Leon Jorissen, Dandenong

Councillors, in reference to the Council officer's reply of Monday, December 13, 2021, the Council officer stated that the City of Greater Dandenong has two 50-metre pools but, he also stated that ONLY NPAC will hold swim carnivals and competitions. Councillors, our swim clubs' proposals (included in our club submissions) are a 10-lane, 50-meter pool with movable boom, our own swim

clubrooms and a length of the pool grandstand sized seating (like Ringwood Aquanation) so that we can hold swim competitions. Councillors, why are multimillions of dollars going to be spent on a new Dandenong Aquatic Centre that cannot hold swim competitions?

#### Question

# Leon Jorissen, Dandenong

Councillors, a number of years ago on the original planning design, the new Dandenong Aquatic Centre was to be a stand-alone Aquatic Centre that was to be directly placed on the J.C. Mills Reserve. The latest design from 2021, shows the new Dandenong Aquatic Centre being joined together with the Greater Dandenong Hockey Club. The Dandenong Hockey Club already have their own clubrooms and hockey pitch facilities. Councillors, can you please explain if you think it is appropriate that multimillion dollars is to now be spent on a joint venture when through our consultations, we were told that all monies would be allocated and to be used on the new Dandenong Aquatic Centre?

#### Comment

# John Bennie PSM, Chief Executive Officer

As stated, Mr Cinquegrana may take all three questions and respond accordingly.

# Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

The results from the public exhibition of the Dandenong Wellbeing Centre draft design will be provided to Council as part of the consultation outcomes report. This will include minutes of the meetings between Council officers and the key stakeholders and will include the Otters Swimming Club president. Submissions and survey responses from other stakeholders and members of the public will also be included in that report.

In addition, to the formal consultation processes, Councillors are briefed regularly about the Dandenong Wellbeing Centre project and are aware of the matters previously raised by the questioner. These matters outlined in the submissions including the proposal for a 10-lane pool, will be considered by Council as part of the consultation outcomes report and in the context of the aquatic strategy.

The location of this centre at the Mills Reserve, has been endorsed by Council and incorporates a new sports pavilion to cater for the adjoining sports field and offers us a range of synergies for the new centre. The existing Mills Pavilion is at the end of its life and is impacted by the location of the new centre. This location and the decision have involved consultation with the Mills Reserve user groups and it allows the existing Dandenong Oasis to continue to operate while the new one is under construction.

#### Question

# Pam Naylor, Noble Park

When is there going to be a Council decision on a local law of protecting trees on private land and in general what are the next steps and timeframes?

### Response

### Jody Bosman, Director City Planning, Design and Amenity

On 22 November 2021 at its ordinary meeting, Council resolved to investigate a tree protection local law. Officers are currently in the process of undertaking the following:

- · Collating information gathered from past works on this project.
- Reviewing a draft wording and criteria for the local rule.
- Further consultation with various stakeholders including internal Council departments and neighbouring councils.
- Developing the process and timelines for taking this project forward including the methods and timelines for community engagement.

At this stage, officers are looking to brief Councillors during March 2022 on the above outcomes.

#### Question

# Silvia Mastrogiovanni, Dandenong

On page 185 of the Agenda tonight Item 4.2.7 - List of Registered Correspondence to Mayor and Councillors, there is mention of a letter of response to the Mayor from the Minister of Planning, in relation to planning reforms in Greater Dandenong. What was the nature of the original Mayor's letter and what was the nature of the Minister's reply?

#### Response

# Jody Bosman, Director City Planning, Design and Amenity

In October 2021, the then Mayor Angela Long wrote to the Minister for Planning to highlight Council's concerns with potential new planning reforms that may affect the community's ability to be involved in the planning permit process. In response the Minister for Planning wrote to Council in December 2021 stating that Council officers had the opportunity to be involved in some elements of the reform program and that there will be future opportunities for Council to be involved in reform programs. However, the response did not directly address Council's original concern regarding the potential impact on community involvement in the planning permit process. Council officers will continue to advocate for the retention of community involvement in the planning process and to be involved in any future reforms.

# 4 OFFICERS' REPORTS - PART TWO

# 4.1 CONTRACTS

# 4.1.1 Contract No. 2021-63 Cleaning of Gross Pollutant Traps

File Id: qA446420

Responsible Officer: Director Business, Engineering & Major Projects

Attachments: Tender Information (CONFIDENTIAL)

# 1. Report Summary

This report details the tender process undertaken by Council to select a suitably qualified and experienced contractor for the provision of Cleaning of Gross Pollutant Traps throughout the City of Greater Dandenong.

The initial contract term is two (2) years from the date of commencement with an option to extend the contract by three (3) one-year extensions at the sole and absolute discretion of Council.

This is a Schedule of Rates based contract.

# 2. Recommendation Summary

This report recommends that Council awards Contract No. 2021-63 for the provision of Cleaning of Gross Pollutant Traps to R.A Bell for the Schedule of Rates for an initial period of two (2) years.

# 3. Background

This is an ongoing Contract for the Cleaning of Gross Pollutant Traps. Council has 28 Gross Pollutant Traps spread around the City. These traps catch pollutants from the stormwater drainage system before it discharges into a creek.

### 4. Tender Process

This public tender was advertised in the The Age Newspaper on Saturday 29 May 2021 and at the close of tenders on Tuesday 22 June 2021, twelve (12) tenders were received from the following companies:

- 1. Citywide Liquid Waste Management Pty Ltd
- 2. Cleanaway Co Pty Ltd
- 3. Controltech Solution Pty Ltd
- 4. CSA Specialised Service Pty Ltd
- 5. DrainJet
- 6. ELS Environmental Location Systems Pty Ltd
- 7. Entracon Civil Pty Ltd
- 8. Environmental Services Group
- 9. GMA Waste Water Services Pty Ltd
- 10. Pipe Management Australia
- 11. R.A. Bell & Co Pty Ltd
- 12. Veolia Environmental Services (Australia) Pty Ltd

# 5. Tender Evaluation

The Tender Evaluation Panel comprised of Service Unit Leader Works, Fleet and Cleansing, Team Leader Works Service Unit, Infrastructure and Utilities Contracts Coordinator and Contracts Officer.

The tenders were evaluated using Council's Weighted Attribute Value Selection method. The evaluation criteria included in the tender documents and allocated weightings used to evaluate the tender are as follows:

	Evaluation Criteria	Weighting
1	Tendered Sum/Rates	45%

2	Capability – Fleet/Data Collecting	10%
3	Relevant Experience – Years in Business	15%
4	Relevant Experience – Similar Contracts	15%
5	Social Procurement	5%
6	Local Industry	5%
7	Environmental	5%

Points were awarded on a scale of 0-5 based on the score parameters listed below.

Score	Description
5	Excellent
4	Very Good
3	Good, Better than Average
2	Acceptable
1	Marginally Acceptable (Success Not Assured)
0	Not Acceptable

The submissions were assessed and ranked against all evaluation criteria, to ensure that the tenderers met the standards required for Council contractors. A fail in any criterion would automatically exclude a tenderer from further consideration for this contract.

Tenderer	Price Points	Non-Price Points	Total Score	онѕ	EMS
R.A. Bell & Co Pty Ltd	1.03	2.38	3.41	Registered and compliant with Rapid Global	
GMA Waste Water Services Pty Ltd	1.22	2.15	3.37	Registered and compliant with Rapid Global	
Veolia Environmental Services (Australia) Pty Ltd	0.87	2.48	3.35	Registered and compliant with Rapid Global	
Environmental Services Group	1.23	2.03	3.26	Registered and compliant with Rapid Global	

DrainJet	1.53	1.30	2.83	Preregistered wi Global, requ verificatio	ires .
Controltech Solutions Pty Ltd	1.47	1.28	2.75	Preregistered with Rapid Global, requires verification	
Pipe Management Australia	0.76	1.90	2.66	Preregistered with Rapid Global, requires verification	
Cleanaway Co Pty Ltd	0.11	1.53	1.64	Preregistered with Rapid Global, requires verification	
Environmental Location Systems (ELS) Pty Ltd	0.00	1.71	1.71	Preregistered with Rapid Global, requires verification	
Entracon Civil Pty Ltd	0.00	1.50	1.50	Registered and compliant with Rapid Global	
Citywide Liquid Waste Management Pty Ltd	0.00	1.33	1.33	Preregistered with Rapid Global, requires verification	
CSA Specialised Services Pty Ltd (Non-Conforming)	0.0	0.0	0.0	Not Assessed	Not Assessed

The tender submissions from Citywide Liquid Waste Management Pty Ltd, Environmental Location Systems (ELS) Pty Ltd and Entracon Civil Pty Ltd have all provided tender prices that are 50% outside the median tendered price and as such have not been considered. In addition, CSA Specialised Services Pty Ltd submitted a price that did not include waste disposal and as such was deemed non-conforming by the evaluation panel.

Whilst GMA Waste Water Services achieved higher price points they also included several conditions, therefore the evaluation panel cannot be assured of how these factors may impact the whole of life cost of the contract. No other tenderer submitted similar conditions.

The tender panel agreed that R.A Bell & Co Pty Ltd should be awarded the contract as they have scored the second highest non-pricing score after Veolia. R.A Bell are also the current supplier and have performed well within the current contract and the evaluation panel agreed their tender submission provides the best value with the least amount of risk to Council and the community, due to continuity of service.

#### Note:

The higher the price score – lower the tendered price.

The higher the non-price score – represents better capability and capacity to undertake the service.

# 6. Financial Implications

The resource requirements associated with this report are \$130,000.00 compared to the annual budget allocation of \$130,000.00 for this purpose.

Note:

Schedule of Rates A schedule of rates contract is one under which the amount that is

payable to the contractor is calculated by applying an agreed schedule

of rates to the quantity of work that is performed.

Lump Sum A lump sum contact or a stipulated sum contract will require that the

supplier agree to provide specified services for a stipulated or fixed

price.

#### 7. Social Procurement

In their tender submission R.A. Bell & Co Pty Ltd have described they currently employ staff with disabilities, recently migrated and disadvantaged youth. R.A Bell & Co Pty Ltd have also employed several staff that suffered job-losses in other industry such as the aviation and automotive industry. The social outcome of awarding this contract to R.A Bell & Co Pty Ltd are the ongoing employment of five staff and training opportunities for a further two staff in the operation of vacuum and jetting trucks used for the cleaning of GPTs.

### 8. Local Industry

R.A Bell & Co Pty Ltd are a Victorian family owned business based in Sunshine, employing close to 200 staff Australia wide, currently they do not have a branch in the City of Greater Dandenong, nor do any staff reside within the Greater Dandenong boundary. The nature of this contract means that it does not require the purchase of any major items in the delivery of this service.

#### 9. Consultation

This matter is not subject to Council's Community Engagement Policy under the *Local Government Act 2020* and Council's Community Engagement Planning Framework.

# 10. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the *Local Government Act 2020* (the LGA 2020) states that a Council must in the performance of its role give effect to the overarching governance principles. When a

tender process is undertaken it is fundamentally underpinned by the following overarching governance principles:

- Section 9(a) of the LGA2020 Council decisions are to be made and actions taken in accordance with the relevant law:
- Section 9(b) of the LGA2020 Priority is to be given to achieving the best outcomes for the municipal community, including future generations;
- Section 9(c) of the LGA2020 the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted;
- Section 9(e)of the LGA 2020 innovation and continuous improvement is to be pursued;
- Section 9(f) of the LGA 2020 collaboration with other councils and governments and statutory bodies is to be sought;
- Section 9(g) of the LGA2020 the ongoing financial viability of the Council is to be ensured; and
- Section 9(i) of the LGA2020 the transparency of Council decisions, actions and information is to be ensured.

In giving effect to the overarching governance principles above, the following supporting principles are also considered throughout any tender process:

- Section 89 of the LGA2020 the strategic planning principles; and
- Section 1010 of the LGA 2020 the financial management principles.

# 11. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Included in the tender submission, the successful contractor has completed the Modern Slavery Questionnaire and the Questionnaire for Potential Contractors (Fair work).

The responses provided to these statements by the successful contractor were assessed and determined to be satisfactory in the context of the Victorian Charter of Human Rights and Responsibilities.

# 12. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents.

The content of this report is purely administrative in nature and does not benefit any one gender group over any other.

# 13. Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act* 2020 in relation to the overarching governance principle on climate change and sustainability

#### 14. Conclusion

At the conclusion of the tender evaluation process, the evaluation panel agreed that the tender submission from **R. A Bell and Co. Pty Ltd** represented the best value outcome for Council and should be accepted due to:

- 1) their tender submission was conforming and competitively priced;
- 2) their relevant experience working with Victorian government authorities and private organisations on similar projects;
- 3) their level of experience, staff resources and listed equipment to service this contract;
- 4) receiving a satisfactory result for the Standard Financial & Performance Assessment (Procurement) Company Check undertaken by Corporate Scorecard;
- 5) they are registered and pre-qualified with Rapid Global (Council's Contractor Risk Management Compliance database);
- 6) Reference checks were undertaken on similar projects completed by R. A Bell and Co. Pty Ltd for Victorian Government authorities receiving rankings of good.

# 15. Recommendation

#### That Council:

 awards Contract No. 2021-63 for the provision of Cleaning of Gross Pollutant Traps to R.A Bell & Co Pty Ltd for the Schedule of Rates for an initial period of two (2) years;

- 2. reserves the option to extend the initial contract term by three (3) one-year extensions at the sole and absolute discretion of Council; and
- 3. signs and seals the contract documents when prepared.

Cr Tim Dark returned to the Meeting at 7.18pm.

# 4.1.2 Contract No. 2122-15 Springvale Reserve Amenities Refurbishment

File Id:

Responsible Officer: Director Business, Engineering & Major Projects

Attachments: Tender Information (CONFIDENTIAL)

# 1. Report Summary

This report outlines the tender process undertaken to select a suitability qualified and experienced contractor for refurbishment and reconfiguration amenities at Springvale Reserve.

# 2. Recommendation Summary

This report recommends that Council award Contract No. 2122-15 Springvale Reserve Amenities Refurbishment to **Boongalla Group Pty Ltd** for a fixed lump sum of Five Hundred & Sixty One Thousand, Five Hundred & Seven Dollars and Eighty-One Cents (\$561,507.81) including \$51,046.16 GST.

# 3. Background

Springvale Reserve and the sports facilities are home to two tenant sports clubs, Springvale Cricket Club and Springvale and Districts Football & Netball Club. The existing home and away change room amenities are at the end of their service life and do not meet the respective state sporting association standards (Cricket Victoria and AFL Victoria), particularly relating to female friendly facilities and DDA compliance.

Works are needed to refurbish the shower and toilet amenities to bring them up to the current standards and allow for sport participation growth at the reserve.

#### 4. Tender Process

This tender was advertised on Saturday 30 October 2021 in The Age newspaper and on Vendor Panel. The Tender closed at 2.00PM Tuesday 23 November 2021

At the close of the tender advertising period, submissions were received from six (6) contractors, being:

- AWS Services Vic Pty Ltd
- Boongalla Group Pty Ltd
- Insight Construction Group Pty Ltd
- Kematch Pty Ltd
- Total Construction Maintenance Solutions
- Water Conservation Service International (Non-Conforming)

#### 5. Tender Evaluation

The tender evaluation panel comprised the Project Manager, Coordinator Building Projects, Project Officer - Sport and Recreation and the Contracts & Administration Officer from Council. All panel members signed Council's probity forms declaring that they would evaluate tenders fairly and would disclose any conflict of interest.

Each submission was assessed and ranked against all evaluation criteria by each member of the evaluation panel. These rankings were then collated and multiplied by the weighting to give a weighted attribute score for each criterion and totaled to give an overall comparative evaluation score for all criteria as shown in the following tables.

The tenders were evaluated using Council's Weighted Attribute Value Selection Method. The advertised evaluation criteria and the allocated weightings for evaluation are as follows:

Evaluation Criteria	Weighting
Price	35%
Relevant Experience	20%

Capability	25%
Social Procurement	5%
Local Industry	5%
Statement of Environmental	5%
OHS Management System	Pass/Fail
Environmental Management System	Pass/Fail

The evaluation criteria 2 - 6 (non-price criteria) are given a point score between 0 and 5 as detailed in the following table.

Score	Description
5	Excellent
4	Very Good
3	Good, better than average
2	Acceptable
1	Marginally acceptable (Success not assured)
0	Not Acceptable (failed to satisfy required standards)

The four (5) submissions were assessed and ranked against all evaluation criteria, to ensure that each tenderer met the standards required for Council contractors. A fail in any criterion would automatically exclude a tenderer from further consideration for this contract.

The total of the five weighted non-price attribute points along with the weighted price attribute resulting from the assessment are shown in the following table:

Tenderer	Price Point	Non-Price Points	Total Score	OHS	EMS
Boongalla Group P/L	1.01	2.46	3.47	Comp	rtified & liance with id Global
Kematch Pty Ltd	0.79	2.31	3.10	Not	assessed
Insight Construction Pty Ltd	0.60	2.31	2.91	Not	assessed

Total Construction Maintenance Solutions	0.66	2.13	2.79	Not assessed
AWS Services Vic P/L	0.96	1.60	2.56	Not assessed

**Please Note:** Rapid Global is a third-party pre-qualification and verification system used by Council and six (6) other Victorian Councils enabling the sharing of OH&S data. It is a Risk and OH&S system where contractors can upload their Occupational Health & Safety, Risk and Environment Plans and Policies as well as up to date insurances

#### **Relevant Experience**

The Boongalla Group Pty Ltd is a wholly owned Australian Company which was established in Melbourne in 2003 with similar projects recently completed:

- (a) Refurbishment of Changerooms and DDA compliance (Police Paddocks Soccer) to CGD standard
- (b) Refurbishment of Amenities including DDA Compliant Toilet Noble Park Community Centre to CGD Standard
- (c) Refurbishment of Changerooms and Amenities (Barry Powell Pavilion) to CGD Standard
- (d) Bathroom Amenities refurbishment at Alfred Hospital (Caulfield).

# 6. Financial Implications

The lump sum contract price of \$561,507.81 (including GST and including provisional sum items) is in excess of the initial project budget of \$325,000. Breaking the project up into two parts was considered but it was determined this would provide a lesser value for money outcome. The additional funding is available through some minor savings and expenditure deferrals from within the overall City Improvement Program budget.

# 7. Social Procurement

No information was provided.

#### 8. Local Industry

The preferred tenderer has nominated spending 15% on labour, 20% on materials and 10% on plant in the City of Greater Dandenong.

#### 9. Environmental Management

Boongalla is committed to environmental management of the site and has an ISO 14001:2015 certified Environmental Management System.

#### 10. Consultation

Consultation with the tenant clubs, Springvale Cricket Club and Springvale Districts Football and Netball Club was ongoing throughout the design development phase of the project. With both clubs approving the final designs prior to Council going to tender. The consultation with these stakeholders was facilitated by Council's Sport and Recreation department.

#### 11. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the *Local Government Act 2020* (the LGA 2020) states that a Council must in the performance of its role give effect to the overarching governance principles. When a tender process is undertaken it is fundamentally underpinned by the following overarching governance principles:

- Section 9(a) of the LGA2020 Council decisions are to be made and actions taken in accordance with the relevant law:
- Section 9(b) of the LGA2020 Priority is to be given to achieving the best outcomes for the municipal community, including future generations;
- Section 9(c) of the LGA2020 the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted;
- Section 9(e)of the LGA 2020 innovation and continuous improvement is to be pursued;
- Section 9(f) of the LGA 2020 collaboration with other councils and governments and statutory bodies is to be sought;
- Section 9(g) of the LGA2020 the ongoing financial viability of the Council is to be ensured; and
- Section 9(i) of the LGA2020 the transparency of Council decisions, actions and information is to be ensured.

In giving effect to the overarching governance principles above, the following supporting principles are also considered throughout any tender process:

- Section 89 of the LGA2020 the strategic planning principles; and
- Section 1010 of the LGA 2020 the financial management principles.

# 12. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Included in the tender submissions, successful contractors have completed the Modern Slavery Questionnaire, Questionnaire for Potential Contractors (Fair work) and the Victorian Child Safe Standards Questionnaire (Schedule 9).

The responses provided to these statements by all successful contractors were assessed and determined to be satisfactory in the context of the Victorian Charter of Human Rights and Responsibilities.

# 13. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Included in the tender submissions, successful contractors have completed the Modern Slavery Questionnaire, Questionnaire for Potential Contractors (Fair work) and the Victorian Child Safe Standards Questionnaire (Schedule 9).

The responses provided to these statements by all successful contractors were assessed and determined to be satisfactory in the context of the Victorian Charter of Human Rights and Responsibilities.

# 14. Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act* 2020 in relation to the overarching governance principle on climate change and sustainability.

# 15. Conclusion

At the conclusion of the tender evaluation process, which included a preselection interview, the evaluation panel agreed that the tender submission from **Boongalla Group** represented the best value outcome for Council and should be accepted due to:

- 1. its conforming and competitively priced tender submission;
- 2. its relevant experience working with Victorian government authorities and private organisations on similar construction projects;

- 3. receiving a Pass for their Occupational Health and Safety (OH&S) and Environmental Management Systems; and
- 4. it is registered and pre-qualified with Rapid Global (Council's Contractor Risk Management Compliance database);

#### 16. Recommendation

#### That Council:

- awards Contract No. 2122-15 Springvale Reserve Amenities Refurbishment to Boongalla Group Pty Ltd for a fixed lump sum of Five Hundred & Sixty One Thousand, Five Hundred & Seven Dollars and Eighty-One Cents (\$561,507.81) including \$51,046.16 GST; and
- 2 sign and seals the contract documents when prepared.

# 4.2 OTHER

# 4.2.1 Keysborough South Community Hub Management Model Endorsement

File Id: A8297520

Responsible Officer: Director Community Services

# 1. Report Summary

The Keysborough South Community Hub is currently in detailed design phase, with construction due to commence in mid-2022, for completion in 2023. In consideration of this timing, planning has commenced on how the hub will operate once construction is completed.

This report provides an overview of research undertaken to consider options for the management of Keysborough South Community Hub, recommends a Council Facilitated management approach for the site and provides an overview of community engagement opportunities in further operational planning.

# 2. Recommendation Summary

This report recommends that Council:

- Confirms the management model for Keysborough South Community Hub as Council Facilitated, as defined in this report.
- Notes the proposed Community Engagement Plan for Keysborough South Community Hub operational planning.

# 3. Background

The Keysborough South Community Hub project commenced in 2011. Since this time there have been various changes to the scope, design and concept plans for this project. There have also been changes within the local community, and developments in approaches to community hub delivery models (including approaches to design, management, and activation of such hubs).

The hub is currently in detailed design, and construction is anticipated to be completed towards the end of 2023. Planning has commenced for site operation once the facility is completed, taking into account feedback from the community since 2011.

The determination of the management model and proposed community engagement plan will provide the required direction to enable further detailing of operational elements for the hub. This includes the establishment of a Strategic Framework and Action Plan that involves public consultation at each relevant stage.

# 4. Discussion and Options (optional)

To ensure that operational elements for the hub (including venue hire procedures, opening hours, fees and charges, public art and programming) can be fully informed, it is imperative to identify, articulate and endorse the preferred Management Model and Strategic Framework for the site early in planning.

# 4.1 Management Models

A review of potential Management Models suitable for the hub has been undertaken to consider suitable options for the site.

This review included consideration of the following options:

- Council Facilitated
- Council Managed
- Community Led Governance
- Hybrid Model.

The Council Facilitated model has been identified as the preferred Management Model to meet the anticipated expectations of the community, and to deliver on objectives and outcomes as per similar sites, like the Springvale Community Hub. This approach would ensure appropriate Council oversight of all Council Services and would include working alongside an Early Years licensee to provide strong outcomes and opportunities for the community.

A fully Council Managed approach was considered as an option however, this approach may result in reduced overall coordination and community activation of the hub, which is not likely to meet the expectations of the local community.

Community Led Governance was also investigated as a potential option, however in this situation it was identified that this approach would deliver a complicated and unfeasible model, with community governance overseeing Council services and programs, along with the Early Years licence.

# 5. Proposal

#### 5.1 Management Model - Council Facilitated

The Keysborough South Community Hub is aspiring to be a community centred place of connection, as articulated through community feedback received to date.

To achieve this, it is proposed that a Council facilitated management approach be taken for the hub, with Early Years' service provision delivered under a licensed operating model.

This will involve Council taking a proactive place-based community development approach, working with individuals, community groups and other stakeholders to fulfil the vision of the hub.

To achieve this, officers will work with local communities:

- To ensure the hub is community centred.
- Fair, affordable, transparent and equitable access is provided to all.
- Accessible and open lines of communication are available for groups or individuals to identify and progress community led initiatives.
- Provide access and assistance if required to promote, connect and support the development of community led initiatives.

A Council facilitated management approach for the hub would include:

#### Balance through an Integrated Model:

- Facilities Management
- Place Making
- Community Development

#### Alongside, Internal Stakeholders:

- Early Years, Libraries, Maternal Child Health, Civic Facilities
- Internal working groups (Strategy Group, Operations Group)

#### External Stakeholders:

- Early Years (license model)
- Community Cafe (enterprise model TBC)
- Community (Groups, Individuals, Agencies)

The development of a long term (proposed 5 year) Strategic Framework for the site will commence shortly to capture the vision and objectives of the hub.

This would be completed through reviewing all existing information, reports, community consultation and research over the last 10 years of the project and preparing a draft plan that incorporates these elements and priorities.

It is anticipated that this could be drafted for community for feedback in early 2022, to ensure current needs and expectations for the hub are appropriately reflected in the framework and to continue ongoing collaboration, involvement and engagement with local communities.

Towards the end of 2022 a detailed Action Plan would be developed. This would also involve community feedback to ensure it meets the expectations and priorities identified within the Strategic Framework.

# 5.2 Community Engagement Plan

To ensure Council provides ongoing collaboration, involvement and engagement with local communities, the following high-level Community Engagement Plan is proposed in relation to Keysborough South Community Hub.

Engagement Opportunity	Anticipated Timeline
Strategic Framework	Jan to May 2022
External Public Art Element	Jan to May 2022
Internal Public Art Element	Jan to May 2022
Action Plan Development	June to December 2022

# 6. Financial Implications

The financial implications associated with this report, including the anticipated income and expenditure budgets, have been included in Council's proposed Long Term Financial Plan 2023-2032 starting in the 2023-24 financial year. Further details will be refined and considered through the Strategic Framework preparation, as identified within this report.

# 7. Consultation

In the preparation of the design and business case for Keysborough South Community Hub a range of community consultation sessions occurred, including the more recent consultation process in 2020 that sought feedback on the draft design of the hub.

This report includes a recommendation for future Community Consultation opportunities as the hub moves towards becoming operational.

# 8. Community Vision 2040 and Council Plan 2021-25 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted for themselves and our city, the Greater Dandenong People's Panel developed a new Community Vision for 2040:

The City of Greater Dandenong is a home to all.

It's a city where you can enjoy and embrace life through celebration and equal opportunity. We harmonise the community by valuing multiculturalism and the individual.

Our community is healthy, vibrant, innovative and creative.

Our growing city is committed to environmental sustainability.

Welcome to our exciting and peaceful community.

### 8.1 Community Vision 2040

This report is consistent with the Community Vision 2040 and its accompanying principles:

- Safe and peaceful community
- Embrace diversity and multiculturalism
- Mind, Body and Spirit
- Art and Culture

#### 8.2 Council Plan 2021-25

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following strategic objectives:

- A socially connected, safe and healthy city
- A city that respects and celebrates diversity, our history and the arts
- A city of accessible, vibrant centres and neighbourhoods
- A Council that demonstrates leadership and a commitment to investing in the community.

# 9. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the Local Government Act 2020 states that a Council must in the performance of its role give effect to the overarching governance principles.

These principles have been considered and are covered within this report.

#### 10. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006 (the Charter).* 

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

# 11. The Gender Equality Act 2020

The Gender Equality Act 2020 came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents. The content and topic of this report is purely administrative in nature and does not benefit any one gender group over any other.

# 12. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability as it's purely administrative in nature.

#### 13. Related Council Policies, Strategies or Frameworks

Related Council and Other Policies, Procedures, Strategies, Protocols, Guidelines:

- Council Plan 2021 2025
- Image 2030 Community Plan
- Community Hubs Framework
- Community Development Framework
- Community Engagement Policy 2021-2025
- Community Engagement Planning Framework 2019
- Create and Connect: Arts and Cultural Heritage Strategy
- Library Strategy
- Children's Plan 2021 20w6
- Springvale Community Hub Strategic Plan 2020-2025

#### 14. Conclusion

As a Council facilitated site, the Keysborough South Community Hub will become an integral new place for communities to come together to engage, connect, participate and reflect.

The development of a Strategic Framework and Action Plan over 2022-2023 will ensure the needs and expectations of the community are met and achieved.

#### 15. Recommendation

#### **That Council:**

- 1. confirms the management model for Keysborough South Community Hub as Council Facilitated, as defined in this report; and
- 2. notes the proposed Community Engagement Plan for Keysborough South Community Hub operational planning.

#### **MINUTE 371**

Moved by: Cr Rhonda Garad Seconded by: Cr Richard Lim OAM

- 1. confirms the management model for Keysborough South Community Hub as Council Facilitated, as defined in this report; and
- 2. notes the proposed Community Engagement Plan for Keysborough South Community Hub operational planning.

**CARRIED** 

Cr Loi Truong returned to the Meeting at 7.20pm.

File Id:

Responsible Officer: Director Community Services

Recommended Applicants for the Disability

**Advisory Committee** 

# 1. Report Summary

Council endorsed the establishment of the Disability Advisory Committee and Disability Community Reference Group in 2013 for an initial two-year period 2014-16. In 2015 these committees were merged into a single Disability Advisory Committee with revised terms of reference and the provision of 12 appointed members plus Councillor representation and the Manager Community Care. The initial committee's term was extended to finalise the Disability Action Plan 2017-23. In 2017 the terms of reference were again revised with the appointment of a new committee for a period of four years.

The Disability Advisory Committee continues to play a key role in the implementation of the Disability Action Plan 2017-23 and will significantly contribute to a new Disability Action Plan beyond 2023.

Following a number of resignations, and the completion the four-year term for the current committee, new Committee members were sought in August 2021.

Recommendations for the membership of the Committee are now presented to Council for endorsement.

# 2. Recommendation Summary

This report recommends the endorsement of nine proposed candidates as independent members for the Disability Advisory Committee.

# 3. Background

The establishment of the Disability Advisory Committee and the Disability Community Reference Group was endorsed by Council on 25 November 2013 and they commenced meeting in 2014 following a selection process aligned with the Terms of Reference.

The Disability Advisory Committee provides advice to Council in relation to access and inclusion for people with disabilities in the community at a broad policy and strategic level. The Committee also provides an important forum for identifying current and future issues and advising Council about effective policy and longer-term strategic direction regarding people with disabilities in the City of Greater Dandenong.

The Disability Advisory Committee provided significant input into the development of the Disability Action Plan 2017-23. They continue to have a key role in the implementation of the Action Plan providing an ongoing connection to the community and service providers.

# 4. Proposal

Advertising for the Committee commenced in August 2021 with promotion through local newspapers, social media and through networks including the e-news. There was initially no response to the advertising and subsequent promotions were undertaken. 10 written applications were received for the 12 vacant positions. The selection process was undertaken in accordance with the Terms of Reference and nine applicants are recommended for Council endorsement.

The nine recommended individuals for the Disability Advisory Committee (Attachment 1) represent a widespread knowledge and strategic experience across the disability sector.

# 5. Financial Implications

There are no financial implications associated with this report.

#### 6. Consultation

A public request for nominations occurred. All applicants were assessed in relation to the selection criteria for the Disability Advisory Committee.

# 7. Community Vision 2040 and Council Plan 2021-25 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted for themselves and our city, the Greater Dandenong People's Panel developed a new Community Vision for 2040:

The City of Greater Dandenong is a home to all.

It's a city where you can enjoy and embrace life through celebration and equal opportunity. We harmonise the community by valuing multiculturalism and the individual.

Our community is healthy, vibrant, innovative and creative.

Our growing city is committed to environmental sustainability.

Welcome to our exciting and peaceful community.

#### 7.1 Community Vision 2040

This report is consistent with the Community Vision 2040 and its accompanying principles:

- Education, training, entrepreneurship and employment opportunities
- Embrace diversity and multiculturalism
- Mind, Body and Spirit

# 7.2 Council Plan 2021-25

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following strategic objectives:

- A socially connected, safe and healthy city
- A city that respects and celebrates diversity, our history and the arts
- A city of accessible, vibrant centres and neighbourhoods
- A city that supports entrepreneurship, quality education and employment outcomes

# 8. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the *Local Government Act 2020* states that a Council must in the performance of its role give effect to the overarching governance principles.

These principles have been considered and are covered within this report.

# 9. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the charter.

#### Specifically:

- Section 14 Right to freedom of thought, conscience, religion and belief;
- Section 15 Right to freedom of expression;
- Section 16 Right to peaceful assembly and freedom of association;
- Section 18 Right to have the opportunity to take part in public life and to vote;

# 10. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents.

The content of this report is purely administrative in its nature and does not have the potential to influence broader social norms and gender roles. However, this will be a significant focus in the development of a new Disability Action Plan which this Committee will be responsible for.

# 11. Consideration of Climate Change and Sustainability

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability as it is administrative in nature. However, this will be considered in the development of a new Disability Action Plan which this Committee will be responsible for.

# 12. Related Council Policies, Strategies or Frameworks

Related Council Policies, Strategies or Frameworks include:

- Disability Action Plan 2017-2023
- Disability Policy

#### 13. Conclusion

Applications were sought from the public for appointment as independent members of the Disability Advisory Committee. 10 applications were received with current committee members re-applying and new prospective members applying. All applicants were considered, and nine applicants are recommended as members of the Disability Advisory Committee 2022 to 2026 during which time they will contribute to the development of a new Disability Action Plan.

#### 14. Recommendation

#### That the:

- 1. recommended applicants listed (in "Attachment 1") be endorsed as independent members of the Disability Advisory Committee; and
- 2. Mayor writes to the proposed applicants to confirm their appointment to the Disability Advisory Committee.

# **MINUTE 372**

Moved by: Cr Angela Long Seconded by: Cr Eden Foster

#### That the:

- recommended applicants listed (in "Attachment 1") be endorsed as independent members of the Disability Advisory Committee; and
   2.
- Mayor writes to the proposed applicants to confirm their appointment to the Disability Advisory Committee.

**CARRIED** 

# **OTHER**

# **DISABILITY ADVISORY COMMITTEE NEW MEMBERS**

# **ATTACHMENT 1**

# RECOMMENDED APPLICANTS FOR THE DISABILITY ADVISORY COMMITTEE

**PAGES 3 (including cover)** 

#### Recommended New Applicants for the Disability Advisory Committee

#### **Catherine Rampant**

Catherine Rampant has been a long-term resident of Dandenong and been actively involved in the local community through service providers focused on health and disability. Catherine was involved the formation of the Australian Aphasia Association with particular emphasis on City of Greater Dandenong residents. Catherine has been a member of the Disability Advisory Committee since 2020.

#### Lyn Bates

Lyn Bates is a long-term resident of Noble Park and worked at a local disability service for a number of years. Lyn is very actively involved in the post-polio syndrome community focusing on raising awareness in the community. She has also been actively advocating for issues relating to the support differences for older people with a disability between the National Disability Insurance Scheme and the Commonwealth Aged Care programs. Lyn has been a member of the Disability Advisory Committee since 2020.

#### Pradeep Hewavitharana

Pradeep is resident of Dandenong who is involved in a variety of local and statewide networks. Pradeep is a member of the Disability Reference Group – Victorian Equal Opportunity and Human Right Commission, Disabled Persons Taxi Advisory Committee and the Disability Resource Centre. Pradeep is also involved in mentoring people with a spinal cord injury. Pradeep has been a member of the Disability Advisory Committee since 2014.

#### Sharon Harris

Sharon has been involved in the Dandenong area for her entire life and is a previous Councillor at the City of Greater Dandenong. Sharon has been an advocate for local disability issues for many years, is a board member of the Monash Health Communicating Safety, Community Health Committees at Monash and is involved in many other committees and groups focusing on disability issues. Sharon has been a member of the Disability Advisory Committee since 2014.

#### **Lionel Gee**

Lionel, Infrastructure Manager for Wallara, has worked in the disability sector for more than 30 years. Lionel is particularly focused on accommodation services, employment and programs in the community. Lionel has been a member of the Disability Advisory Committee since 2018.

#### Norma Seip

Norma is heavily involved in the Greater Dandenong community, serving on a variety of local, regional and statewide committees and advisory groups since 2002. Her significant contribution to disability includes the representation on the Victorian Women with Disabilities, Carers Victoria, Monash Health, Eastern Regional Mental Health Association and the Disability Resource Centre networks and advisory committees.

Norma was awarded an Order of Australia in 2021 for service to Community Health through advocacy and advisory roles.

#### Deborah Lee

Deborah is a long-term resident of Greater Dandenong and has been actively involved in local disability issues focused on access and inclusion. She has current and previous experience on a variety of disability focused committees including the Southern Region Disability Alliance and Women with Disabilities Victoria.

#### Frank Cutuli

Frank has strong connections to the Greater Dandenong community including the Dandenong Market, Drum Theatre and Noble Park Community Centre. Additionally, he is involved in a number of organisations that support people with a disability including VALID and is a recipient of the 2018 Victorian Disability Awards Highly Commended Emerging Leader.

#### Sophie Vasilev

Sophie vasilev
Sophie is a Noble Park resident and is involved in the Disability Inclusive Volunteering Project as well as volunteering at local disability services.

#### **Applicant Number 10**

This applicant was not able to commit to the Disability Advisory Committee Terms of Reference therefore is not recommended to join the Committee.

Responsible Officer: Director Community Services

Draft Minutes of Springvale Community Hub

Committee on 30 November 2021

# 1. Report Summary

At the Council meeting held 23 April 2018, Council resolved in part to *invite Advisory Committees* and Reference Groups to submit meeting minutes for Council endorsement. This resolution also allowed interested Councillors (and those that attend these Committees and Reference Groups) to speak to the meeting about items discussed at these meetings.

# 2. Recommendation Summary

This report recommends that the draft Minutes of the Springvale Community Hub Committee meeting provided in Attachment 1 to this report be noted and endorsed by Council.

# 3. Background and Proposal

Greater Dandenong Council is represented on a wide range of Committees, Reference Groups and Advisory Groups which frequently reflect the interests of individual Councillors in serving the broader community in their role. A full listing of these appointments is confirmed each November at Council's Annual meeting to elect the Mayor and Deputy Mayor and is available via Council's website.

The resolution of Council made on 23 April 2018 provides for Minutes of meetings held by Advisory Committees and Reference Groups to be submitted to Council for information purposes, for noting and for endorsement (not adoption).

As such, the draft Minutes are provided as Attachment 1 to this report.

There are no financial implications associated with the development and submission of this report.

# 4. Community Vision 2040 and Council Plan 2021-25 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted for themselves and our city, the Greater Dandenong People's Panel developed a new Community Vision for 2040:

The City of Greater Dandenong is a home to all.

It's a city where you can enjoy and embrace life through celebration and equal opportunity.

We harmonise the community by valuing multiculturalism and the individual.

Our community is healthy, vibrant, innovative and creative.

Our growing city is committed to environmental sustainability.

Welcome to our exciting and peaceful community.

#### 4.1 Community Vision 2040

This report is consistent with the Community Vision 2040 and its accompanying principles:

- Safe and peaceful community
- Education, training, entrepreneurship and employment opportunities
- Embrace diversity and multiculturalism
- Mind, Body and Spirit

#### 4.2 Council Plan 2021-25

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following strategic objectives:

- A socially connected, safe and healthy city
- A city that respects and celebrates diversity, our history and the arts
- A city of accessible, vibrant centres and neighbourhoods
- A green city committed to a sustainable future

- A city that supports entrepreneurship, quality education and employment outcomes
- A Council that demonstrates leadership and a commitment to investing in the community.

# 5. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the *Local Government Act 2020* (LGA2020) states that a Council must in the performance of its role give effect to the overarching governance principles.

The establishment of the Springvale Community Hub Committee and the work that it undertakes gives particular consideration to the following overarching governance principles:

- priority is given to achieving the best outcomes for the municipal community, including future generations (section 9(b) of the LGA2020);
- the municipal community is engaged in strategic planning and strategic decision making many advisory committees and reference groups have community members as participants (section 9(d) of the LGA2020);
- innovation and continuous improvement is pursued (section 9(e) of the LGA2020);
- collaboration with other councils, governments and statutory bodies is sought many advisory committees and reference groups have representatives attending from these organisations (section 9(f) of the LGA2020);
- the ongoing financial viability of Council is ensured (section 9(g) of the LGA2020);
- regional, state and national plans and policies are taken into account in strategic planning and decision making – diverse representation within these groups ensures this occurs (section 9(h) of the LGA2020); and
- the transparency of Council decisions, actions and information is ensured by this regular reporting mechanism (section 9(i) of the LGA2020).

# 6. Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Charter of Human Rights and Responsibilities have been considered in the preparation and are consistent with the standards set by the Charter.

# 7. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents because it is a reporting mechanism only.

The report does not have the potential to influence broader social norms and gender roles nor does it benefit any one gender group over any other.

# 8. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability because it is purely administrative in nature and is a reporting mechanism only.

#### 9. Recommendation

That Council notes the draft Minutes of meeting for the Springvale Community Hub Committee as provided in Attachment 1 to this report.

#### **MINUTE 373**

Attachments: Draft Minutes of Multicultural and People Seeking

Asylum Advisory Committee on 7 December

2021

# 1. Report Summary

At the Council meeting held 23 April 2018, Council resolved in part to *invite Advisory Committees* and Reference Groups to submit meeting minutes for Council endorsement. This resolution also allowed interested Councillors (and those that attend these Committees and Reference Groups) to speak to the meeting about items discussed at these meetings.

# 2. Recommendation Summary

This report recommends that the draft Minutes of the Multicultural and People Seeking Asylum Advisory Committee meeting provided in Attachment 1 to this report be noted by Council.

# 3. Background and Proposal

Greater Dandenong Council is represented on a wide range of Committees, Reference Groups and Advisory Groups which frequently reflect the interests of individual Councillors in serving the broader community in their role. A full listing of these appointments is confirmed each November at Council's Annual meeting to elect the Mayor and Deputy Mayor and is available via Council's website.

The resolution of Council made on 23 April 2018 provides for Minutes of meetings held by Advisory Committees and Reference Groups to be submitted to Council for information purposes, for noting and for endorsement (not adoption).

As such, the draft Minutes are provided as Attachment 1 to this report.

There are no financial implications associated with the development and submission of this report.

# 4. Community Vision 2040 and Council Plan 2021-25 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted for themselves and our city, the Greater Dandenong People's Panel developed a new Community Vision for 2040:

The City of Greater Dandenong is a home to all.

It's a city where you can enjoy and embrace life through celebration and equal opportunity.

We harmonise the community by valuing multiculturalism and the individual.

Our community is healthy, vibrant, innovative and creative.

Our growing city is committed to environmental sustainability.

Welcome to our exciting and peaceful community.

#### 4.1 Community Vision 2040

This report is consistent with the Community Vision 2040 and its accompanying principles:

- Safe and peaceful community
- Education, training, entrepreneurship and employment opportunities
- Embrace diversity and multiculturalism
- Mind, Body and Spirit
- Art and Culture

# 4.2 Council Plan 2021-25

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following strategic objectives:

- A socially connected, safe and healthy city
- A city that respects and celebrates diversity, our history and the arts
- A city of accessible, vibrant centres and neighbourhoods

- A city that supports entrepreneurship, quality education and employment outcomes
- A Council that demonstrates leadership and a commitment to investing in the community.

# 5. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the *Local Government Act 2020* (LGA2020) states that a Council must in the performance of its role give effect to the overarching governance principles.

The establishment of the Multicultural and People Seeking Asylum Advisory Committee and the work that it undertakes gives particular consideration to the following overarching governance principles:

- priority is given to achieving the best outcomes for the municipal community, including future generations (section 9(b) of the LGA2020);
- the municipal community is engaged in strategic planning and strategic decision making many advisory committees and reference groups have community members as participants (section 9(d) of the LGA2020);
- innovation and continuous improvement is pursued (section 9(e) of the LGA2020);
- collaboration with other councils, governments and statutory bodies is sought many advisory committees and reference groups have representatives attending from these organisations (section 9(f) of the LGA2020);
- the ongoing financial viability of Council is ensured (section 9(g) of the LGA2020);
- regional, state and national plans and policies are taken into account in strategic planning and decision making – diverse representation within these groups ensures this occurs (section 9(h) of the LGA2020); and
- the transparency of Council decisions, actions and information is ensured by this regular reporting mechanism (section 9(i) of the LGA2020).

# 6. Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Charter of Human Rights and Responsibilities have been considered in the preparation and are consistent with the standards set by the Charter.

# 7. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents because it is a reporting mechanism only.

The report does not have the potential to influence broader social norms and gender roles nor does it benefit any one gender group over any other.

# 8. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act* 2020 in relation to the overarching governance principle on climate change and sustainability because it is purely administrative in nature and is a reporting mechanism only.

#### 9. Recommendation

That Council notes the draft Minutes of meeting for the Multicultural and People Seeking Asylum Advisory Committee as provided in Attachment 1 to this report.

#### MINUTE 374

Date of Meeting: 7 December 2021

Time of Meeting: 3-5pm

Meeting Location: Online via Microsoft Teams Meeting

#### Attendees:

Kylie Reid (Chisholm Institute) – Chairperson, Cr Rhonda Garad (City of Greater Dandenong [CGD]), Sarita Kulkami (Community Member), Community Development Coordinator (CGD), Sri Samy (Friends of Refugees [FOR]), Siv Yogonathan (Life Without Barriers [LWB]), Jacquie McBride (Monash Health), Sean Quigley (WAYSS), Qutbiallam Timor (Asylum Seeker Resource Centre [ASRC]).

#### Apologies:

Cr Eden Foster (CGD), Peter McNamara (South East Community Links [SECL]), Nagamuthu R. Wickiramasingham (Community Member), Kadira Pethiyagoda (Community Member), Binita Maskey (Women's Association South East Melbourne Australia (WASEMA).

#### Minutes:

Community Advocacy Officer (CGD).

Item No.	Item	Action	Action By
1.	Welcome and Apologies  Chair welcomed Committee Members and acknowledged Traditional Owners. Chair welcomed and introduced new Committee Members.		
2.	Endorsement of previous meeting minutes  Previous minutes endorsed by Committee and noted by Council.		
3.	Review of outstanding action items  No outstanding action items		
4.	Dandenong Wellbeing Centre – Draft Design  Primary objective of the new centre will be health and wellbeing.  Focus to attract community members who would not ordinarily attend an aquatic centre.  Draft design is now available through public exhibition for community members to provide comments and feedback until Wednesday 15 December.  Committee Members were consulted in relation to the draft design and provided relevant feedback.		
5.	Forever Fest 2022 (Sustainability Festival)  The festival will run from Wednesday 6 April to Tuesday 12 April 2022.  It covers many topics that fall under sustainability and focuses on the notion that many small actions, together make a big difference.		

	Council will be running a number of workshops and information sessions throughout the duration of the festival.  On Saturday 9 April there will be a full-day market event at the Springvale Community Hub with stalls and activities for all ages.  Committee Members provided relevant feedback, and any further comments regarding sustainability activities and/or stalls can be forwarded to stephanie.karras@cgd.vic.gov.au.	
6.	Part B Action Plan Progress Report	
	Afghan Community Engagement Event Harmony Square Sunday 20 February 2022 11am – 4pm A free welcome event for new community members from Afghanistan. The event seeks to connect the wider Afghan community in the South East region, supporting arts, culture, wellbeing and connection. It is also a chance to connect with a range of services like housing, employment, food and material aid. The day will feature a welcome to Country, live performances by Afghan cultural groups and artists, a Halal BBQ, Library tours and information from service providers.	
	Back Your Neighbour Phase 4 Local Government Mayoral Taskforce Supporting People Seeking Asylum has appointed Social Change Projects for a second time to provide campaign management for Back Your Neighbour in the lead up to the next election. Social Change Projects is currently working on a campaign plan. Casey Council has also become a member of the Executive, and Nillumbik Shire Council joined the Mayoral Taskforce as a General Member. In total the Taskforce now comprises 37 members.  Anti-racism Initiative Anti-racism Community Session was held on Monday 6 December between 7-8:30PM. Led by Victoria University, and supported by Greater Dandenong and Casey Councils. Eight community members attended the event. Many shared experiences of racism, and how it has affected them. More engagement events will be held in the new year, with the hope of attracting more people to become involved in the Anti-racism	
	Project.  Meeting with Minister Alex Hawke  Mayor, Cr Jim Memeti to meet with Minister Hawke to discuss the ongoing settlement of Afghan refugees within Greater Dandenong.  Key issues to be focused on will include increasing Australia's Afghan intake to 20,000

	the northwest, with LWB working with them to secure long term housing. Steady rate in enquiries for SRSS applications, primarily plane arrivals. Services will not close, apart from public holidays.
	FOR Assisting people with getting back to employment. Currently undertaking member assessments and preparing programs for next year. Assisting new arrivals with furniture and material aid. FOR will be closed from 23 December until 3 January. Sri has left her number on the front door of the organisation so that people can still contact her over the Christmas break.
	Chisholm TAFE Classes have finished for the year and will resume at the end of January 2022. Enormous amount of 449 Visa Holders coming in for Adult Migrant English Program (AMEP) assessments. People are being linked with services very quickly by AMES Australia.
9.	Meeting dates for 2022 -     Advisory Committee agreed to continue     meeting on every first Tuesday of every     second month.      Meetings will be offered as a hybrid option,     subject to COVID-19 guidelines.
	Next meeting – Tuesday 1 February 2022, 3-5pm.

# 4.2.5 Leave of Absence - Cr Bob Milkovic

File Id: A8408538

Responsible Officer: Manager Governance

# 1. Report Summary

Councillor (Cr) Bob Milkovic requests a leave of absence from 19 January to 6 March 2022 (inclusive). This leave of absence will include the Council Meetings of 24 January, 14 February and 28 February 2022.

# 2. Recommendation Summary

This report recommends that a leave of absence be granted to Cr Milkovic for the period requested.

#### 4.2.5 Leave of Absence - Cr Bob Milkovic (Cont.)

# 3. Background and Discussion

This report is submitted in conjunction with Council's Governance Rules which state that any Councillor may request a leave of absence in writing submitted to the Chief Executive Officer or Mayor and state the dates they require the leave and the reason for which it is sought.

Further, under section 35(4) of the *Local Government Act 2020*, Council must grant any reasonable request for leave.

The leave of absence will include the:

- scheduled Council Meetings of 24 January, 14 February and 28 February 2022 and the pre-Council Meetings before each of these;
- scheduled Councillor Briefing Sessions of 2 February, 7 February, 17 February and 21 February;
   and
- any further Councillor Briefing Sessions or meetings organised during the requested period of absence.

This leave of absence is requested for personal reasons.

# 4. Financial Implications

There are no financial implications associated with this report.

# 5. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the *Local Government Act 2020* states that a Council must in the performance of its role give effect to the overarching governance principles. In relation to this report the following overarching governance principles have been considered:

- a. Council decisions have been made and actions taken in accordance with the relevant law; and
- b. the transparency of Council decisions, actions and information has been ensured.

# 6. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter

# 7. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

#### 4.2.5 Leave of Absence - Cr Bob Milkovic (Cont.)

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents. It is purely administrative in nature and does not have a direct and significant impact on members of the Greater Dandenong community. Therefore, a gender impact assessment is not required.

## 8. Recommendation

That Council grants a leave of absence to Cr Bob Milkovic for the period 19 January to 6 March 2022 (inclusive) which includes the Council Meetings of 24 January, 14 February and 28 February 2022 and notes Cr Milkovic's apology for each of those meetings.

# **MINUTE 375**

# 1. Report Summary

As part of Council's ongoing efforts to improve transparency in Council processes, matters discussed at Councillor Briefing Sessions & Pre-Council Meetings (other than those matters designated to be of a confidential nature) are reported on at Council meetings.

The matters listed in this report were presented to Councillor Briefing Sessions & Pre-Council Meetings in November and December 2021.

# 2. Recommendation Summary

This report recommends that the information contained within it be received and noted.

# 3. Background

The Executive Management Team and associated staff at Greater Dandenong City Council host Councillor Briefing Sessions and Pre-Council Meeting on a regular basis (weekly) to inform Councillors about the work officers are undertaking, share information, obtain feedback and discuss strategies and options for current and future work.

To ensure transparency in this process matters discussed at Councillor Briefing Sessions and Pre-Council Meetings (other than those matters designated to be confidential under the *Local Government Act 2020*) are reported on at Council meetings. This report represents matters discussed at the Councillor Briefing Sessions & Pre-Council Meetings in November and December 2021.

## 4. Matters Presented for Discussion

Item		Councillor Briefing Session/Pre-Council Meeting
1	General Discussion  Councillors and Council officers briefly discussed the following items:  a) Current COVID-19 status. b) Current roadworks within the municipality. c) The proposed Councillor and Executive Management Team strategic planning weekend for 2022. d) Agenda items for the Council Meeting of 29 November 2021.	29 November 2021
2	Young Leaders 2021 Annual Presentation  Councillors were briefed on the work that has been undertaken by Greater Dandenong's young leaders over the course of 2021. This includes informing Council of identified youth issues and key community projects developed in response to those issues by participants of the Young Leaders Program.	6 December 2021
3	Dandenong Community Hub  Councillors were presented with an update on the current concept Plan A – Ground Floor (revised) and First Floor (revised). A draft business case and the impact of the project on Council's Long-Term Financial Plan were also discussed. The concepts will be further developed prior to a report proceeding to a Council Meeting in early 2022.	6 December 2021

4	Library Heritage Strategy Achievements	6 December 2021
	Councillors were provided with an update on achievements and developments for Community Arts, Culture and Library Services against the Strategy.	
5	Keysborough South Community Hub Management Model	6 December 2021
	Councillors were provided relevant information and an opportunity to ask questions prior to presentation of the Keysborough South Management Model Report to Council in 2022.	
6	General Discussion	6 December 2021
	Councillors and Council officers briefly discussed the following items:  a) Current COVID-19 status. b) Grass cutting program within the municipality. c) Feedback received on the proposed Social Media Policy. d) Agenda items for the Council Meeting of 13 December 2021.	
7	General Discussion	13 December 2021
	Councillors and Council officers briefly discussed the following items:  a) Current COVID-19 status. b) Australia Day awards nominations. d) Agenda items for the Council Meeting of 13 December 2021.	

# 5. Apologies

- Cr Sean O'Reilly submitted an apology for the Pre-Council Meeting on 29 November 2021.
- Cr Rhonda Garad and Cr Loi Truong submitted apologies for the Pre-Council Meeting on 13 December 2021.

# 6. Community Vision 2040 and Council Plan 2021-25 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted for themselves and our city, the Greater Dandenong People's Panel developed a new Community Vision for 2040:

The City of Greater Dandenong is a home to all.

It's a city where you can enjoy and embrace life through celebration and equal opportunity. We harmonise the community by valuing multiculturalism and the individual.

Our community is healthy, vibrant, innovative and creative.

Our growing city is committed to environmental sustainability.

Welcome to our exciting and peaceful community.

# 6.1 Community Vision 2040

This report is consistent with the Community Vision 2040 and its accompanying principles:

- Safe and peaceful community
- Sustainable environment
- Embrace diversity and multiculturalism
- Mind, Body and Spirit
- Art and Culture

## 6.2 Council Plan 2021-25

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following strategic objectives:

- A socially connected, safe and healthy city
- A city that respects and celebrates diversity, our history and the arts
- A city of accessible, vibrant centres and neighbourhoods
- A green city committed to a sustainable future
- A city that supports entrepreneurship, quality education and employment outcomes
- A Council that demonstrates leadership and a commitment to investing in the community.

# 7. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the *Local Government Act 2020* (LGA2020) states that a Council must in the performance of its role give effect to the overarching governance principles.

Reporting on matters discussed at Councillor Briefing Sessions and Pre-Council Meetings gives effect to the overarching governance principles (in particular, section 9(i) of the *Local Government Act 2020*) in that the transparency of Council actions and information is ensured.

# 8. Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Charter of Human Rights and Responsibilities have been considered in the preparation and are consistent with the standards set by the Charter.

# 9. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents because it is a reporting mechanism only. The report does not have the potential to influence broader social norms and gender roles nor does it benefit any one gender group over any other.

# 10. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act* 2020 in relation to the overarching governance principle on climate change and sustainability because it is purely administrative in nature and is a reporting mechanism only.

# Question Cr Tim Dark

I would like an update on the Wachter Reserve Master Plan upgrade including when the plants are intended to be planted; the installation of the boardwalk and when we expect the first stage of the playground updates to come into effect.

# Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

I will take that question on notice. It will give me a chance to find the latest details. We have not been undertaking any works during the industry shutdown so I will follow up and advise Councillor Dark.

# Question Cr Tim Dark

I just want to make a couple of comments as I am sure you have seen in the media that former Cr Amanda Stapledon of the City of Casey unfortunately lost her life last week. For those who were aware and those who did know her, Cr Stapledon was a fierce advocate for her community. She had contributed a significant amount of time, often at the bequest and expense of her own life to help Council facilities wherever she could. Whether it is a local sports club, local community groups from athletics to football, she was well regarded and had served quite well on Council for a couple of terms. With regards to the community, she also sat on many different community advisory boards. Her election back to Council was due to a phenomenal amount and a rise in her votes which showed how popular she was. Unfortunately, the impact that an IBAC investigation has upon one person and the pressures it brings amongst other things, which no doubt over time will come out, has put a significant amount of pressure and has put her in a position which I am sure nobody else would rather be in.

Cr Stapledon was a formidable person, a person I always sought a great amount of advice from, who was always helpful and ready to help with any regional issues that may come to hand. I know she was very strong in the advocacy for the upgrade of Thompsons Road which affected our municipality and also for the works on the Monash Freeway and other links as well to push for the extension.

It is a very great tragedy and if we could please pass on a letter of condolences to her family. I know she is survived by her son Peter who has been and is in fulltime care and her father as well. No doubt there will be some more events and information in the near future but if we could please write a letter and pass on our regards, that would be greatly appreciated.

# Response Cr Jim Memeti, Mayor

I am happy to do that Cr Dark.

# Comment Cr Eden Foster

I too would like to give my condolences to Cr Stapledon's family. It is a tragic loss.

I would like to also wish everyone a happy or peaceful new year and hope that everyone has had a safe and peaceful festive season.

Thankfully we were able to end the year with several events. Last month it was great to be part of the Hemming Street launch of public artworks called 'Nourish creativity and it grows'. To have students from Dandenong West Primary School contribute to this creative piece was wonderful. It has provided such great colours and further vibrancy to the Hemming Street area, in the Yarraman Ward.

I was also privileged to attend the Cornerstone Contact Centre and helped with my fellow Councillors in serving a fantastic Christmas feast to some of our most vulnerable residents. The volunteers that contribute to this, not just at Christmas time but on a weekly basis, do an amazing job and I want to thank them.

To also end 2021, I attended the New Year's fireworks at Dandenong Park and given that we did not have that in 2020, it was great to be a part of that and to see the delight in the residents' faces or the kids that really love to see the fireworks. I had some friends who live outside of Greater Dandenong attend with their children and they offered nothing but praise for the amazing festivities so it was fantastic.

We have had two challenging years and no doubt this year will continue to be filled with some uncertainty and fear about COVID and what lies ahead. I am hopeful that things will improve and I strongly encourage residents to get their third COVID vaccine and of course get their first and second if they have not already.

# Question Cr Eden Foster

The pop-up vaccine clinic inside the Dandenong Plaza has been quiet and perhaps less utilised than the outdoor pop-up clinic that we had last year. I understand that with the heat, it was ideal to relocate the pop-up clinic indoors, but I have been told that there is not much advertising of the change in location. Could the relevant officer look into how we may promote this further given the visibility that we had with the outdoor pop-up clinic is now lacking? Could we consider placing some temporary signage outside the Plaza to promote this a bit more?

#### Response

# Kylie Sprague, Executive Manager Communication and Customer Service

Yes, we have been in discussions with Monash Health about the move to the new location and what a wonderful location it is because it has air-conditioning, plenty of parking and the café right outside so really, it is perfect for people. They did just last week announce that they were doing the walk-up vaccinations for children as well so, we are pushing out those messages but I take your point and I will have another chat to them. We have got a group meeting tomorrow so will investigate additional signage and promotion.

# Comments

# **Cr Rhonda Garad**

I would like to reiterate what Cr Foster said regarding the great work of Cornerstone and the tremendously selfless individuals doing wonderful voluntary work there to support the community, I want to thank them.

I also had the privilege of attending the New Year's Eve event. I have not been to an event with so much energy and excitement and goodwill for a very long time. That was a really memorable night and I congratulate everybody who organised that and the community that turned up with all the energy and enthusiasm that they showed which left me feeling really positive about 2022. Once perhaps we get over this current wave of Omicron, hopefully things will start to pick up.

# Question

#### Cr Rhonda Garad

Can the relevant officer provide an update on the installation of the public toilets in Westward Boulevard and Pencil Park in Keysborough South?

## Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

Yes, we have now received all our approvals for the Westward Boulevard toilets and we will be starting onsite in February 2022. The Pencil Park ones will follow very closely behind once we get them started. There is one more approval to come for those but we are very close now.

#### Question

## **Cr Rhonda Garad**

Can the relevant officer provide an update on the proposed W2E facility at 70 Ordish Road, Dandenong?

# **Response**

# Jody Bosman, Director City Planning, Design and Amenity

On 16 September last year, a planning permit for the use and development of the waste energy facility at 70 Ordish Road was issued at the direction of VCAT and the applicant has four years from the issue of the permit to commence the development. Similarly, a works approval under the auspices of the EPA has been issued for the facility as well so, it is really now in the developer's hands to undertake the actions required to commence the development. The construction of buildings etc will be done with the supervision and authority of a private building surveyor and that procedure does not include a third-party process. Council's Planning officers and I will confirm with my team and the others involved but Council's Planning officers have not had any recent contact from the developer regarding a commencement date.

# Question

# Cr Rhonda Garad

Can the relevant officer provide an update on the Council services that are currently affected by COVID related staff shortages?

## Response

# John Bennie PSM, Chief Executive Officer

All of Council is impacted by COVID regrettably so there is no one Director who has any greater information that I can provide to you on this basis and I thank you Councillor for the question. It is important that we get this information out as much as we possibly can to the community. Council continues to adjust on a daily basis to the impacts of COVID and they do change on a day-to-day basis. In terms of the impacts on Council's service delivery, the Council's website continues to have up-to-date information on any changes, delays, or disruptions to services. We will keep that up to date as soon as and as often as we can and I apologise at the outset for any service implications for any resident of our municipality. We have had on two occasions the need to close the Springvale Customer Service Centre. Those positions needed to be made on a short-term basis based on COVID implications however at the time, the Dandenong Parkmore Customer Service Centres were able to operate at full capacity. The Walker Street Gallery is closed but will re-open on 10 February 2022. The Drum Theatre is presenting performances currently within COVID safe guidelines. Both the Dandenong and Springvale Libraries remain open on slightly reduced hours and our aquatic facilities are open and welcoming people to them. All services are important, but it is essential that I inform of the implications for Council's very important community care services. We are still delivering essential community care and Meals on Wheels services to our residents. To ensure those clients most in need receive the necessary services, we are prioritising personal care at this point in time. Council has written to all clients and they are understanding of the situation and appreciative of the efforts being made to maintain services where possible. The health and safety of staff and of course to the community, to the clients, the customers, the Council remains a top priority and we will continue to focus on that as we move forward. Once again, I apologise, Council apologises for any inconvenience caused by service interruptions during these difficult periods.

## Question

# Cr Rhonda Garad

Is the Council currently in negotiations to lease the Chandler Road Reserve in Keysborough or has a lease already been signed?

#### Response

# Jody Bosman, Director City Planning, Design and Amenity

The negotiations are currently still ongoing with the State Government so no, a lease has not yet been signed. I do believe that there has been a little bit of information still required and some confirmations from the State Government. We are pushing as hard as we can to get that lease finalised and once done, we would then be able to at least have the confidence that the open space

there will become public open space for the long term use of our residents. Hopefully we are close to getting the information that is required and the documents signed and I will keep Councillors updated as soon as that is done.

# Question

# Cr Rhonda Garad

In the City of Greater Dandenong's Climate Emergency Strategy 2020 – 2030 Action Plan, all immediate and short-term actions should have been completed. Has a progress report been released on how we are tracking and if not, why not?

#### Response

# Jody Bosman, Director City Planning, Design and Amenity

All immediate and short-term actions that have not been impacted by COVID have been completed. That includes the climate change vulnerability assessment across a number of assets, adaptive capacity assessments to determine climate resilience across Council's business units, various advocacy activities at State and Federal Government levels and participation in the VECO: V-E-C-O power purchasing agreement to source 100 percent energy for Council's electricity. Those have all been done and I think you know that the VECO: V-E-C-O power purchasing agreement is collaboration by 46 councils to buy green energy to fund the councils or to provide that at an entirely sustainable manner. The small number of actions impacted by COVID are now expected to be completed by the end of this calendar year and a summary of the progress towards targets and key outcomes is currently being finalised and is expected to be live on Council's website by the end of February 2022.

# Cr Loi Truong left the Meeting at 7.35pm.

# **Comments**

## Cr Angela Long

These are some of the events I have attended since my last formal meeting.

On 21 December 2021, I attended the Cornerstone function in the Baptist Church at James Street, Dandenong, to help serve a Christmas lunch to their clients.

On 31 December 2021, I attended the New Year's Eve celebrations in Dandenong Park. It was great to see a lot of people especially the children enjoying themselves. The fireworks at 9.30 that night were spectacular and to see the excitement that they brought to the crowd was fantastic. An estimated 7,000 people were in the park on the night. I would like to thank everyone that was involved in making that night a great success.

On 5 January 2022, I attended the Victorian Scout Jamboree in Elmore. There were over 3,000 scouts attending from all over Victoria but because of the COVID restrictions, no interstate or overseas scouts could attend.

I also would like to pass on my condolences to Amanda Stapledon's family. I was the Mayor at the same time Amanda was in 2012. We would have regular lunch dates together along with five other local female mayors so, my deepest condolences to her family.

# Comments Cr Richard Lim OAM

On Thursday 9 December 2021, I attended the Australia Day Award Assessment Panel meeting.

On Thursday 16 December 2021, I attended a Christmas Dinner hosted by the Springvale Shopping Centre Owners' Committee. That night they gave me a chance to give a speech regarding my vision for Springvale Shopping Centre. My vision is to make Springvale a better place and more importantly, a place of attractions. I promise that in the very near future I will invite them and all the business owners in Springvale to a restaurant in Springvale to discuss how to make Springvale a better place. It will be good to hear their feedback. We need to work as a team to make Springvale a tourist attraction for their benefit not ours.

On Friday 17 December 2021, I attended a meeting via Teams for the Victorian Multicultural Commission and the Dandenong Council along with Mayor Jim Memeti, Mr Martin Fidler, Tilla Buden and other Councillors. Also attending were Vivienne Nguyen, Bwe Thay and Nazer Nazir from the Victorian Multicultural Commission who advised they are willing to help us to pursue our dream of having a multicultural museum in Springvale, holding different festivals such as the new year events and a gateway for different nationalities in Springvale.

On Sunday 19 December 2021, I attended the Vietnamese community celebrations: post-COVID and pre-Christmas and New Year.

On Tuesday 21 December 2021, I attended the Cornerstone Centre and assisted in serving lunch to the homeless.

Today, I had a phone call from a university student who asked me about the Springvale Activity Centre, about my vision and the different projects in Springvale especially new projects. She travels past the Springvale Boulevard and she wanted to know what was going on along Springvale Road for her assignment and she also had questions about the future of Springvale. I told her about Springvale Boulevard and that with a Springvale Multicultural Museum, Springvale could become a tourist attraction not just locally but nationally and internationally. I also told her about the Arcade or the Springvale Activity Centre where musicians come to play on a weekly basis, Multicultural Place and our different communities. She was very interested and wanted the contact details for the Communications Manager for the Springvale Boulevard project which I will provide to her.

In the last two to three weeks, with the spread of Omicron, many people are querying how to get a booster and how to get their children between 5-11 years old vaccinated. I spent some time chatting to them on Facebook providing clear details on how to prevent the spread of COVID. I had about 15,000 viewers each time which is great for our city.

Cr Loi Truong returned to the Meeting at 7.42pm.

# **Question**

# Cr Richard Lim OAM

I am concerned about our Springvale Activity Centre in particular the problems with elevators. Residents contact me regularly as I walk up and down Springvale and the Springvale multilevel carpark at No.8 Balmoral Avenue very frequently. Last week, I called the phone number that is on the front of the elevator and the person at the other end was hard to understand, then she tried to refer me to someone else which was quite annoying. The elevators were fixed by Sunday afternoon but when I checked Monday morning, most of the elevators were not working again. Everyone had to walk up to and down from the fifth level to level four. Why is this happening frequently especially on the weekend and the busiest times of the week on Friday, Saturday, Sunday and Monday? How are we going to fix this problem? My suggestion is that the number on the front of the elevator should take the caller directly to the mechanic or the technician who can fix the problem promptly. I tried the lifts again today at 4pm and they are still not working. Is there any other way of solving this problem?

# Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

Yes, we will do some tests on that phone number particularly the comment about not being clear. The call needs to go to a central dispatch location because if it goes straight to the technician, they could be tied up with another job, so it is better that it does go to the central point where it can be then issued to the nearest technician. I was not aware that the quality of the line was a problem so I will do some tests on that and see if that can be improved.

#### Question

#### Cr Richard Lim OAM

Is the central office located overseas or in Australia? The operator was very difficult to understand. She also left a message for me to ring somewhere else.

#### Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

It is an Australian-based service but I am not sure about the amount of operators they have on duty. Let me follow that up and we will do some test phone calls.

# **Comment**

# **Cr Richard Lim OAM**

I have one message from her which I can forward to you.

Thank you Mr Cinquegrana for your response this morning when I rang you on your mobile phone. I felt bad calling you directly but I had no choice because many people complained to me face-to-face in front of the elevator. You were quick to respond so thank you.

# Question

# **Cr Richard Lim OAM**

My second question is regarding the increase of beggars and scammers in Springvale. I have forwarded the details to John Bennie and to Martin Fidler. I have received photos and complaints. How are we going to deal with these scammers? Is there any local law to control these people?

#### Response

# John Bennie PSM, Chief Executive Officer

I do not have an immediate response or an immediate answer, but I heard with concern your story and I will discuss with various directors tomorrow as to what further and immediate actions we can take. There are undoubtedly individuals who need help and support. This may not be the way for them to achieve that and we need to work with them to help them receive the support that they need but over and above or a priority for the Council continues to be ensuring that the Springvale Activity Centre is a centre that attracts people and does not in fact distract them by the sorts of things that you have reported. We need to deal with all issues, not just one or the other, we need to deal with them all and we have proven that we can do that in the past in most centres including Springvale, but in more recent times in Dandenong through the involvement and intervention of Victoria Police as well. We will take your question on notice and first thing tomorrow we will have a discussion about what steps and actions that we can take and we will be reporting that back to you and all Councillors.

## **Comment**

# **Cr Richard Lim OAM**

Thank you also about the matter on the musicians coming to Springvale. I am catching up with the artist soon to discuss the timeframes and what he and other musicians can provide. He has emailed me about the funds that the State Government is willing to provide for entertainment in our activity centre which can bring more visitors to Springvale.

Thank you to the relevant officer who dealt with my questions regarding the outer dining furniture which were installed free of charge for all business owners. There are now all sorts of sandwiches served, people everywhere and the place has been cleaned up very nicely.

#### Question

# **Cr Richard Lim OAM**

The trees look beautiful however the small trees near Multicultural Place and in front of my pharmacy have died. How are these trees maintained and will they be replaced?

#### Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

I will take that question on notice and discuss with our open space staff and provide an update.

# Comment Cr Sean O'Reilly

I would also like to convey my sorrow at the news regarding former Cr Amanda Stapledon who in my experience in all my contacts, she was a very friendly, helpful and collegiate councillor and so I am certainly sorry to hear that news.

# Question Cr Sean O'Reilly

I have had quite a few issues with COVID in my household which has prevented me attending events due to isolation requirements.

One event I did attend was as Cr Lim mentioned, the Springvale Shopping Centre Owners' Management end of year dinner. There was quite an interesting revelation made at that meeting that surprised me. I would just like to mention it now to see if we are across it but I believe the plan there at Springvale Shopping Centre and the Owners' Management Corporation is to construct or create another roundabout and another hundred or so paid carparks in that shopping centre. It is going to be built via pre-fabrication brought in and assembled like 'lego' which is quite a major announcement for a carparking capacity in Springvale. It is a joint project between Care Park who administered the ticket paid carparking in Springvale and the Springvale Shopping Centre Owners' Management Corporation. Are officers aware of the project? Would there be any permits required to create all these new carparking in Springvale Shopping Centre and if and when it is constructed, would you think that adding such a large amount of capacity of carparking spaces would have traffic flow implications around the centre? I think it would be important that Council and the traffic officers and all that experience and advice is involved prior. How can we engage from here?

### Response

# Jody Bosman, Director City Planning, Design and Amenity

This is the first I have heard about it. I will consult with my colleagues and Kevin Van Boxtel. I will speak to the Traffic Engineers but it is certainly nothing that has come through the Planning directorate at this stage. Let me make those enquiries and I will follow up with an email in response to yourself and copy the other Councillors.

# Comment Cr Sophie Tan

Firstly, I will report the events I attended since the last Council meeting.

On 15 December 2021, I attended the new reserve project advisory group, to discuss the Dandenong Aquatic and Wellbeing Centre.

On 17 December 2021, I attended the Copas Park Interpretive Signage launch. I also attended the Ribbon Cutting event for the completion of the Douglas Street, Noble Park, Streetscape Project with the Minister, Sean Leane, Mr Lee Tarlamis and the Mayor, Cr Jim Memeti.

Once again, I want to thank the Victorian State Government and the Noble Park Revitalisation Board for their contribution to this project. You can see now that Noble Park has been upgraded and transformed to a much better and more vibrant area than in previous years.

On 21 December 2021, I visited the Cornerstone Centre and assisted in serving lunch to the homeless with the volunteers. Thanks to the Cornerstone organisation and all the non-profit organisations who help the less fortunate not just for lunch but a place for them to socialise, to come together and have a sense of belonging. Thanks for all their great work.

## Question

# Cr Sophie Tan

This is a question I asked last year regarding a pothole which has not been fixed yet along Patterson Road in Springvale South towards Springvale Road. Do we have an update on that?

#### Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

No, I do not have an update on that so I will follow up and respond.

#### Question

# Cr Sophie Tan

Could the relevant officer provide an update on a few projects: progress on the NPAC Wellbeing Gymnasium construction; Ross Reserve Sports Pavilion and the Ross Reserve Olympic Soccer pitch? What are the timeframes on those projects?

#### Response

#### Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

The gymnasium is coming along nicely with the work still progressing as we had a small shutdown over the Christmas period. That is proceeding well.

With the Sports Pavilion at Ross Reserve, roof work is currently underway. The steel structure is up, we have got the block work and that is progressing quite well.

With regards to the adjacent synthetic sports field, that is about to start.

#### Question

# Cr Sophie Tan

What is the progress on the Springvale Boulevard project? I have been advised by some residents they are concerned about the disruption along Springvale Road. The Bank of Melbourne had to shut down a few weeks ago because of the project disruption. Do we have any update on that yet?

# Response

# Craig Cinquegrana, Acting Director Business, Engineering and Major Projects

Yes, the most disruptive works have been completed. That was the underground drainage works so we are very pleased to have all of that complete. The central median has been removed and we have completed that surface. There will be much less disruption to traffic now and much less need for night work but we are now starting on the kerb and channel in the footpath area as part of that.

# Question

# Cr Loi Truong

Can Council help the elderly and volunteer groups to obtain the Rapid Antigen Test kits for COVID testing purposes? They are very hard to find so is there a place where they can get those from? With their limited grasp of the English language, it makes it difficult for them to know what to do and where to go to get the kits.

## Response

# Martin Fidler, Director Community Services

Community Care is in contact with many vulnerable, frail-aged and people with disabilities, often people that English is not their first language providing assistance. I know that many of the health services are promoting advice in a range of languages. If people Council or one of the numbers that are on the Monash Health website, they will be put in touch with someone. If they need translation or interpretation support, those services are available. Again, if families or friends know of people that have not had vaccinations or are a bit unsure of where to go and what to do, please encourage them to make contact, through our Customer Service or through our Community Care department and we will see what we can do.

# Cr Jim Memeti, Mayor

I too would like to pass on my condolences to Amanda Stapledon's family. A tragic loss to the community. I have known former Cr Stapledon for about a decade. She was always very approachable, very kind and a strong advocate for disability groups. She had a great passion for the community and will be sorely missed. It was tragic news over the last week and I pass on my condolences to the family.

Councillors, I had a meeting with the Federal Minister for Immigration, Citizenship, Migrant Services and Multicultural Affairs, the Hon Alex Hawke to discuss the ongoing settlement of Afghan refugees in Australia and more specifically in the City of Greater Dandenong. I had a meeting on Zoom and it lasted for about 30 minutes. I think I sent a clear message to the Minister and he was very approachable and understood exactly where we are coming from with our community and he will be looking into it and also getting back to us at a later stage.

I attended the Multicultural Business Ministerial Council online meeting.

I attended the MPAC to discuss the Dandenong Aquatic and Wellbeing Centre.

I officially launched the 'Nourish Creativity and it Grows' on Hemmings Street. That was in conjunction with the students at Dandenong West Primary School who drew the art on a piece during lockdown and the artist put it on the wall. These kids can walk past and see their work and they have also put their names onto it. It is a fantastic piece of art in Hemmings Street.

I attended the Springvale Shopping Centre Owners Committee end of year event. As Cr O'Reilly said there was a presentation and yes, it was the first time that we had ever seen it. I think it was probably in the early beginnings when Mr Bosman said that he thinks there was no application made, but I am sure there will be one coming soon. It was the initial stages but it was nice for them to share with us what they are proposing in the near future.

I also attended the Copas Park Interpretive Signage Launch and the official opening of Douglas Street Streetscape Upgrade with the State Minister for Suburban Development, the Hon Sean Leane, Lee Tarlamis and Cr Tan. It was great to see Copas Park and I remember Copas Park 10 years ago, it was probably one of the worst parks in Greater Dandenong. To see and inspect it just before Christmas, it was unbelievable to see what has happened in Copas Park and the amount of money that Council has invested in that area. It is becoming one of the nicest parts of Greater Dandenong now. There are restaurants opposite and nearby and the trees and the roses make it a beautiful park. I strongly recommend people visit Copas Park.

I had a meeting with the Victorian Multicultural Commission along with Cr Lim to discuss various things happening in our multicultural community. They were very happy to listen to myself and Cr Lim's aspirations of Springvale with some great ideas. The VMC is always happy to listen and work in conjunction with Greater Dandenong.

I attended the annual Christmas Derby Melbourne City Football Club with Melbourne Victory. It was one of the greatest games for 2021 and I look forward to the next derby.

I attended the Vietnamese community celebration at Multicultural Place in Springvale. I had never been to a multicultural place in Springvale. Might I suggest that we investigate holding a small event there. It is not a big place, Multicultural Place, but how great it was to have a small event there. Shoppers were passing by and stopped to have a look what was going on. Perhaps an event there every six weeks, something that Cr Lim is passionate about, some music in Springvale. That area is very lively and many people pass by and it is a great place for entertaining the community so, I look forward to that space in the future.

I also had the pleasure as with other Councillors, volunteers from the Police Force to community groups to serve lunch to the most vulnerable people at Cornerstone. I thank Cornerstone for the work they do, not only just before Christmas but the work they do day in and day out. A great organisation who have been doing some fantastic work in Greater Dandenong for over 25 years. Without them, many of our community members who need that help would probably be lost. They have great services there. They have mobile showers that are brought in to help people who are living on the streets. Without their support and services, there would be more problems in Greater Dandenong so I thank them for what they do.

I attended the New Year's Eve celebration in Dandenong Park and how exciting that was to see all those young faces, the kids who normally would have to go to bed after 9.30pm. To see the fireworks, all the entertainment that Council provided, the beautiful Dandenong Park with all the beautiful flowers and the landscaped gardens, it was just a pleasure to walk through and mingle with the community and all I would hear is - 'Thank you Mr Mayor, thank you Mr Mayor, we really appreciate it.' It was probably as Cr Garard, Cr Long and others said, we were weighing up whether we were going ahead with the event. It was only 24 hours before we committed that we were going to go ahead with the event and I am so glad we did. As we know, coming into 2022, the celebrations events are starting to dry up and I hope that February is going to be a better month. I hope this Omicron strain will disappear and we can get on with our lives and it will be great.

I am looking forward to the Australia Day celebrations and the Australia Day Awards on Wednesday. For our community, if you do not know, we have got the Summer Fun Day at Ross Reserve and that is a family fun day from 11am to 2pm at Ross Reserve. I look forward to seeing many of our community members there. It is an outdoor event so please look after yourselves.

John Bennie PSM, Chief Executive Officer tabled a listing of responses to questions taken on notice/requiring further action at the previous Council meeting. A copy of the responses is provided as an attachment.

COUNCILLOR QUESTIONS TAKEN ON NOTICE/REQUIRING FURTHER ACTION

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Completion	Summary of Response
13/12/21 CQT1	Cr Lana Formoso	Resolution for abandoned trolleys in municipality.  I would like to bring to Council's attention the ridiculous amount of trolleys that I am seeing everywhere.  Today on my way to the Council office, I noticed 15 along Stud Road. One was blocking one of the lanes which is obviously a hazard. It is something that I know we have looked at in the past but if we can look at finding a resolution for this terrible issue in our community. I am constantly reporting 'Snap Send Solve' merits for trolleys and often they are not even getting collected by the supermarket chain.  Comment Cr Lana Formoso Yes, it is certainly a problem, one I hope we can resolve very soon.	Director City Planning, Design & Amenity	22/12/21	Initial response provided 13/12/21:  This is a longstanding problem and one I suppose, is pretty much like the seagulls that we wish we could find an easy solution to. Certainly, we will have our Local Laws people again engage with the various supermarkets and see if we can get a degree of compliance. Especially at this time of year as everybody hits the supermarkets and shops approaching Christmas. It is a time to engage with the operators of the supermarkets to make them just that little bit more community friendly in this regard.  Further response provided 22/12/21: With the lifting of COVID-19 restrictions, increased foot traffic and Christmas shopping, we have experienced a steady incline in the number of abandoned shopping trolleys observed in the vicinity of the shopping precincts. Council Officers have recently re-engaged with the major supermarkets and retail stores to discuss increasing their regular trolley collection service to daily to manage the increase of usage over the Christmas period. Officers will patrol over this period to record compliance of this agreement and take necessary action if required.

					Abandoned trolleys is an ongoing issue in most municipalities but through regular engagement with retailers the issue can hopefully be better managed. Council intends to further engage with retailers to establish long term strategies to limit the numbers of abandoned trollies on our streets.
13/12/21 CQT7	Cr Richard Lim OAM	Tree pits along Buckingham Avenue trip hazard.  I want to ask the relevant officer about the fences around the tree pits along Buckingham Avenue in Springvale. It has been reported to me that from time to time some elderly residents and business owners have tripped over and fallen. Can we increase the height of the fences and maybe put seats or benches around the pits to prevent people from tripping over them?	Director Business, Engineering & Major Projects	4/01/22	Initial response provided 13/12/21: I do have to apologise for how long that matter has taken. You had identified it previously and it is clearly easy to see that it does provide some issues with regards to a trip hazard. I have asked the officers who were investigating to accelerate it and prioritise it with regards to coming up with an alternative solution. I look forward to seeing what that alternative solution is.  Further response provided 4/01/22: The current treatment was installed as trial however, the recent concerns have been noted and an alternative solution is supported. Works have been arranged to address this concern via a staged approach. We will remove the edging and temporarily reinstate the tree pit areas with granitic toppings in order to address the immediate safety is accounted to the concern will return in particular to the long of the contractor will return in the long of the long o

					the trees which will provide a more durable permeable surface.
					COMPLETED
13/12/21 CQT9	Or Sophie Tan	Letter to Mr Anson Hong, President of the National Liaison Committee.  I want to thank Mr Anson Hong, JP who is the President of the National Liaison Committee Chinese Australians for donating 50 cartons which consists of 1,500 hand sanitisers to Council. I want to congratulate and thank him. Could the Council please write a certificate of appreciation to Mr Anson?  Comment Cr Sophie Tan The pandemic is not over yet so we still need hand sanitisers and we need to continue with social distancing to be safe. These hand sanitisers can be given to our community groups who require them and also use it for our facilities as well which is great.	Mayor	24/01/22	Initial response provided 13/12/21: I am happy to do that. Please provide the details.  Further response provided 24/01/22 Letters have been prepared and will send once the Mayor signs them.  COMPLETED
13/12/21 CQT10	Cr Sophie Tan	Update on the 2A Frank Street, Noble Park – open space. Regarding 2A Frank Street, Noble Park, the new open space in Noble Park. Community consultation has now closed receiving feedback from 600 participants. What the next step is on this project?	Director City Planning, Design & Amenity	22/12/21	Initial response provided 13/12/21:  I will provide an update to all Councillors in the coming week.  Further response provided 22/12/21: Council officers are currently consolidating the findings from the community consultation and engagement process into a report.  The consultation that occurred over a four week period in November

					2021 resulted in approximately 233 people participating in the community consultation project across all engagement methods – online survey, intercept surveys at various locations in Noble Park, online community meetings, children's forum and written and phone submissions. The summary report will be made available in early 2022. The next step is the development of a draft concept plan for 2A Frank Street that responds to the findings of the community consultation and engagement outcomes.
CQT12		Soccer Club.  With regards to the Keysborough Soccer Club, Bobby Monet, who is well known to Council and Councillors past and present and would be aware, that he has been the President for well and truly over a decade. He has made a decision to step back and to hand over the reins to the next generation.  I first met Mr Monet when I was first elected in 2016. He took me around and showed me the club and at the time the pavilion was just beginning to be upgraded funded from the Council budget. It was good to see how they were getting involved with local kids in the community who were not just			Further response provided 24/01/22 Letters have been prepared and will send once the Mayor signs them.
