1 MEETING OPENING

1.1 TEMPORARY CHAIRPERSON

MINUTE 1146

Moved by: Cr Sean O'Reilly
Seconded by: Cr Loi Truong

That Councillor Jim Memeti be elected temporary chair for the duration of the meeting.

CARRIED

Councillor Matthew Kirwan entered the Chamber at 7.01pm.

1.2 ATTENDANCE

Apologies

Cr Roz Blades AM
Cr Youhorn Chea
Cr Angela Long (LOA)
Cr Maria Sampey

Councillors Present

Cr Jim Memeti (Temporary Chairperson)
Cr Tim Dark, Cr Matthew Kirwan, Cr Zaynoun Melhem, Cr Sean O'Reilly, Cr Sophie Tan, Cr Loi Truong

Officers Present

John Bennie PSM, Chief Executive Officer; Martin Fidler, Director Community Services; Mick Jaensch, Director Corporate Services; Charles Taveira, Acting Director Engineering Services, Paul Kearsley, Group Manager Greater Dandenong Business, Brett Jackson, Acting Director City Planning, Design and Amenity.

1.3 OFFERING OF PRAYER

All present remained standing as Ms Neelika Kotachchi from the Sri Sathya Sai Organisation, a member of the Greater Dandenong Interfaith Network, read the opening prayer:

"Manifest energy everywhere around you as the universe is omnipresent, the supreme energy is everywhere. Start the day with love, fill the day with love, spend the day with love, end the day with love. This is the way to God."

1.4 CONFIRMATION OF MINUTES OF PREVIOUS MEETING

Ordinary Meeting of Council held 12 August 2019.

Recommendation

That the minutes of the Ordinary Meeting of Council held 12 August 2019 be confirmed.

MINUTE 1147

Moved by: Cr Loi Truong
Seconded by: Cr Sean O'Reilly

That the minutes of the Ordinary Meeting of Council held 12 August 2019 be confirmed.

CARRIED

1.5 ASSEMBLIES OF COUNCIL

The following assemblies of Council occurred in the period 6 August to 19 August 2019:

Date	Meeting Type	Councillors Attending	Councillors Absent	Topics Discussed & Disclosures of Conflict of Interest
8/08/19	Positive Ageing Advisory Committee	Loi Truong	Apologies - Nil	- Positive Ageing Advisory Committee Meeting.
12/08/19	Pre-Council Meeting	Youhorn Chea, Tim Dark, Matthew Kirwan, Zaynoun Melhem, Sean O'Reilly, Maria Sampey, Sophie Tan, Loi Truong	Apologies – Roz Blades AM, Angela Long, Jim Memeti	<ul style="list-style-type: none">- Update on recycling in Victoria post the closure of SKM Recycling.- The Victorian Government's Better Approvals Program and its implementation at Greater Dandenong.- New resource material available for planning consultations.- Possible transfer of land in Dandenong from Melbourne Water.- Victorian and Australian event awards that Council's SnowFest is nominated for.- Upcoming Harmony Square events.- Agenda items for the Council Meeting of 12 August 2019.

Moved by: Cr Zaynoun Melhem

Seconded by: Cr Sophie Tan

That the assemblies of Council listed above be noted.

CARRIED

1.6 DISCLOSURES OF INTEREST

Nil.

2 OFFICERS' REPORTS

2.1 DOCUMENTS FOR TABLING

2.1.1 Documents for Tabling

File Id: qA228025
Responsible Officer: Director Corporate Services

Report Summary

Council receives various documents such as annual reports and minutes of committee meetings that deal with a variety of issues that are relevant to the City.

These reports are tabled at Council Meetings and therefore brought to the attention of Council.

Recommendation Summary

This report recommends that the listed items be received.

2.1.1 Documents for Tabling (Cont.)

List of Reports

Author	Title
Australian Paper	2018 Sustainability Report
Initiatives of Change - Australia	Annual Report 2018-19

A copy of each report is made available at the Council meeting or by contacting the Governance Unit on telephone 8571 5235.

Recommendation

That the listed items be received.

MINUTE 1149

Moved by: Cr Loi Truong
Seconded by: Cr Zaynoun Melhem

That the listed items be received.

CARRIED

2.1.2 Petitions and Joint Letters

File Id:	qA228025
Responsible Officer:	Director Corporate Services
Attachments:	Petitions and Joint Letters

Report Summary

Council receives a number of petitions and joint letters on a regular basis that deal with a variety of issues which have an impact upon the City.

Issues raised by petitions and joint letters will be investigated and reported back to Council if required.

A table containing all details relevant to current petitions and joint letters is provided in Attachment 1. It includes:

1. the full text of any petitions or joint letters received;
2. petitions or joint letters still being considered for Council response as pending a final response along with the date they were received; and
3. the final complete response to any outstanding petition or joint letter previously tabled along with the full text of the original petition or joint letter and the date it was responded to.

Note: On occasions, submissions are received that are addressed to Councillors which do not qualify as petitions or joint letters under Council's current Meeting Procedure Local Law. These are also tabled.

2.1.2 Petitions and Joint Letters (Cont.)

Petitions and Joint Letters Tabled

Council received one (1) new petition, no joint letters, no submissions and one (1) petition update prior to the Council Meeting of 26 August 2019.

- A petition was received from 761 proponents objecting the proposed 25meter swimming pool and maintain the 50meter pool at the Dandenong Oasis. This petition has been forwarded to the relevant Council Business Unit/s for action.

N.B: Where relevant, a summary of the progress of ongoing change.org petitions and any other relevant petitions/joint letters/submissions will be provided in the attachment to this report.

Recommendation

That the listed items detailed in Attachment 1, and the current status of each, be received and noted.

MINUTE 1150

Moved by: Cr Zaynoun Melhem

Seconded by: Cr Tim Dark

That the listed items detailed in Attachment 1, and the current status of each, be received and noted.

ORDINARY COUNCIL MEETING - MINUTES

2.1.2 Petitions and Joint Letters (Cont.)

Date Received	Petition Text (Prayer)	No of Petitioners	Status	Responsible Officer Response
12/08/19	<p><u>DANDENONG OASIS SWIMMING POOL- MAINTAIN 50 METER POOL AND OBJECTION TO THE 25 METER POOL</u></p> <p>To the Council of the City of Greater Dandenong,</p> <p>As regular patrons for many years, the community wishes to express our collective disappointment in the proposed decision to construct a 25m pool. Whilst we are in dire need of a facility upgrade, the 50m pool is an unanimous necessity for the community. The proposed 25m pool does not meet the community needs, in sharing between the swimming squads, lap swimmers, patrons, swimming lessons and recreational users.</p> <p>Furthermore, swim squads won't be able to dive and train properly. The results of the survey from last year is not accurate because the low activity/patronage of the 50m pool is due to the dilapidated quality of the facility. With a new 50m pool that is cleaner and newer, who wouldn't want to come? The new and upgraded 50m pool will attract more patrons, generating more revenue. According to the proposed costs, would it not be more financially sustainable to spend less on a 50m pool for Oasis, than funding a more expensive enclosure upgrade of NPAC. If this facility truly aims to cater for the needs of the community, then the uncompromising and correct changes of providing a 50m pool should be carefully considered. These decisions are integral for posterity.</p>	761	New	<p>Tabled Council Meeting 26 August 2019</p> <p>14/08/19 Acknowledgement letter sent to the author of the petition.</p> <p>14/08/19 Referred to Director Community Services</p> <p>15/08/19 Response to the nominated contact person for the petition.</p> <p><i>Thank you for your letter and petition in response to the draft Aquatic Strategy and in support of a 50m pool at the proposed Dandenong aquatic and leisure centre.</i></p> <p><i>The community consultation process for this project has now concluded. However please note that your correspondence, along with all other feedback received is currently being considered by Council, along with the implications to the Aquatic Strategy.</i></p> <p><i>Council will endeavour to finalise the Aquatic Strategy within the coming months, which will determine the ultimate mix of facilities across Greater Dandenong's aquatic and leisure centres. Please note that we will endeavour to keep you informed regarding the outcome of this process.</i></p>

If the details of the attachment are unclear, please contact Governance on 8571 1000.

ORDINARY COUNCIL MEETING - MINUTES

2.1.2 Petitions and Joint Letters (Cont.)

Date Received	Petition Text (Prayer)	No. of Petitioners	Status	Responsible Officer Response
06/08/19	<p>• <u>WJ TURNER RESERVE DRAFT MASTER PLAN – CALL FOR NEW COLLABORATIVE SOLUTION</u></p> <p>The Draft Masterplan for WJ Turner Reserve prepared by City of Greater Dandenong (dated July 2019) fails to acknowledge the existing shared use by Silvertown Primary School, and other key stakeholders such as Silvertown Cricket Club, over 40 years, and severely limits the opportunities for the school to continue to use this space in a flexible way.</p> <p>Silvertown Primary School want our almost 500 students and broader school community to have full access to this space and believe that many design elements of the Draft Plan limit this. How can inter-school sports football matches, cricket clinics, cross country, school athletics, annual Twilight Festival, movie nights and colour runs be accommodated with this self-limiting design? Why is a 2.5m path proposed directly across the space with exercise stations that will limit the activities that can take place?</p> <p>The reserve is the home of the Silvertown Cricket Club which has:</p> <ul style="list-style-type: none"> - Junior playing list of up to 100 children supported by 150+ parents - Senior playing list of up to 60 - 200+ attendees at Junior/Senior social functions - Community focused & only CGD club who runs the following: Winter School Holiday Program <p>Multicultural Program Community Cup (involving local schools)</p> <p>Girls Cricket</p> <p>Women's Social Team</p> <p>We are calling for a collaborative re-design of the Masterplan, incorporating input and serious consideration and regard for key stakeholders' who have a long history of shared use of the space including Silvertown Primary School and Silvertown Cricket Club.</p>	706 as at 21/08/19	In Progress	<p>Tabled Council Meeting 12 August 2019</p> <p>7/08/19 Acknowledgement letter sent to the author of the petition.</p> <p>7/08/19 Referred to Director City Planning, Design and Amenity</p>

2.2 CONTRACTS

2.2.1 Contract No 1819-32 Elonera Road Drainage Works - Stage 2

File Id: qA 402346
Responsible Officer: Director Engineering Services

Report Summary

This report outlines the tender process undertaken to select a suitably qualified and experienced contractor for the Elonera Road Drainage Construction Works – Stage 2 in Noble Park.

Recommendation Summary

This report recommends that Council awards Contract 1819-32 to **Jaydo Construction Pty Ltd** for a fixed lump sum price of Eight Hundred and Fifteen Thousand, Two Hundred and Eighty One Dollars and Fifty Cents (\$815,281.50) including GST of \$74,116.50 and including a Provisional sum of \$75,570.00 including GST for specified items if required.

This is a Lump Sum Contract and not subject to rise and fall adjustment.

2.2.1 Contract No 1819-32 Elonera Road Drainage Works - Stage 2 (Cont.)

Introduction/Background

This contract is the second stage of a project to replace and upgrade badly damaged pipes along Elonera Road and Princes Highway in Noble Park. This project will link works completed in 2017 to an outfall into the Melbourne Water main drain. This project is considered high priority due to its half-completed status and the degraded nature of the existing pipe infrastructure.

The works will include, but not be limited to pipe installation, pavement reinstatement, pit construction, service alterations, traffic control, landscaping and minor concrete works.

Tender Process

This tender was advertised in the Age Newspaper and on Council's website on Saturday 12 January 2019, with a closing time and date of 2.00pm Tuesday 5 February 2019.

Tenderers were requested to submit a Lump Sum price including a lump sum price breakdown and a Schedule of Rates for variations. (See Note 1 below).

At the close of the tender advertising period submissions were received from (4) four contractors as indicated below:

- 1) Comar Constructions Pty Ltd**
- 2) Jaydo Construction Pty Ltd**
- 3) Kalow Holdings Pty Ltd**
- 4) Lander Civil Pty Ltd**

An initial review of the tender submissions was conducted focusing on compliance to the contract conditions and price affordability. Whilst the project was fully estimated using rates comparable to recent, similar project, unfortunately the lowest lump sum price offered was almost three times the available project budget.

Considering this unexpected result, Council met with the designer to discuss alternative methodologies. This discussion led to an alteration in approach – instead of maintaining the existing alignment and replacing the damaged pipe, it would be filled with a concrete solution and a new, easier and cheaper to construct alignment would be used.

All registered tenderers were notified of the situation and subsequently invited to reprice on Thursday 20 June 2019 based on the revised design. The revised submissions were received by Council via its electronic tender box at 2:00pm 4 July 2019; submissions were received from (3) three contractors as indicated below:

- 1) Comar Constructions Pty Ltd**
- 2) Jaydo Construction Pty Ltd**
- 3) Kalow Holdings Pty Ltd**

2.2.1 Contract No 1819-32 Elonera Road Drainage Works - Stage 2 (Cont.)

Note 1: Lump Sum – A lump sum contract or a stipulated sum contract will require that the supplier agree to provide specified services for a stipulated or fixed price.

Tender Evaluation

The evaluation panel comprised of Council's Coordinator - Civil Projects, Design Engineer, Asset Management Engineer and the Contracts Officer, with Occupational Health and Safety and Environmental Management consultants providing specialist advice.

All tender submissions received were regarded as conforming, having completed all required tender schedules.

The Tenders were evaluated using Council's Weighted Attributed Value Selection Method.

The advertised evaluation criteria and the allocated weightings for evaluation are as follows: -

	Evaluation Criteria	Weighting
1	Price	40%
2	Relevant Experience	25%
3	Programme & Methodology	25%
4	Social Procurement	5%
5	Local Industry	5%
6	OHS Management System	Pass/Fail
7	Environmental Management System	Pass/Fail

Point scores were awarded on a scale of 0 (fail) and 5 (excellent) based on the score parameters listed below.

Score	Scoring Parameter Description
5	Excellent
4	Very Good
3	Good, Better than Average
2	Acceptable
1	Marginally Acceptable (Success Not Assured)
0	Not Acceptable

2.2.1 Contract No 1819-32 Elonera Road Drainage Works - Stage 2 (Cont.)

Each submission was ranked against all evaluation criteria. These rankings were then multiplied by the weighting to give a weighted attribute ranking for each criterion and totalled to give an overall evaluation score for all criteria.

Following the evaluation of the tender submissions received, the comparative point score based on the above criteria is as follows:

Tenderer	Price Points	Non-Price Points	OH&S	ENV	Total Score
Jaydo Construction	1.06	2.08	PASS	PASS	3.14
Comar Constructions	1.00	1.61	Not Assessed	Not Assessed	2.61
Kalow Holdings	0.63	1.71	Not Assessed	Not Assessed	2.34

Note 1: The higher the price score – lower the tendered price.

Note 2: The higher the non-price score – represents better capability and capacity to undertake the service.

At the completion of the tender evaluation process described above, the evaluation panel agreed that the tender submission from **Jaydo Construction Pty Ltd** would provide the Best Value outcome for Council.

Reference checks were undertaken by Council for recent similar projects completed by Jaydo at the City of Monash, the City of Glen Eira and Civil Construction Company – Lojac Civil, all with very good feedback demonstrating Jaydo's capacity and capability to carry out the works associated with this Contract.

A Corporate Scorecard, Company Financial Check was also undertaken with Jaydo Construction Pty Ltd achieving a rating of strong (financial capacity) resulting in a Pass.

Financial Implications

The resource requirements associated with this report are \$741,116 excluding GST. There is an allocation of \$400,000 in the 18/19 Elonera Road Drainage Works project budget. The remainder (\$341,116) required will be funded from the Major Drainage Upgrade program. Please note that the funding for this project is contingent on the approval of the 18/19 carry forward.

Social Procurement

Social procurement was considered when assessing the tender submissions and Jaydo Construction Pty Ltd provided the following responses:

- Jaydo Construction Pty Ltd employs 5 staff members who reside from within the boundary of the City of Greater Dandenong.

2.2.1 Contract No 1819-32 Elonera Road Drainage Works - Stage 2 (Cont.)

- Jaydo Construction Pty Ltd have nominated three suppliers from within the boundary of the City of Greater Dandenong where they intend to purchase three major items / supplies.
- Jaydo Construction Pty Ltd aim to focus on local City of Greater Dandenong resources.

Local Industry

Local industry was considered when assessing the tender submissions and Jaydo Construction Pty Ltd have estimated that they will source 15% of their Labour, 60% Materials, 15% Plant and 10% Supervision from within the City of Greater Dandenong.

Consultation

During the tender evaluation process and in preparation of this report, relevant Council Officers from City Improvement, Infrastructure Planning, Council's Occupational Health & Safety and Environmental Planning were all consulted.

Conclusion

At the conclusion of the tender evaluation process, that included a pre selection interview, the evaluation panel agreed that the tender submission from **Jaydo Construction Pty Ltd** represented the Best Value outcome for Council and should be accepted due to:

- 1) Their conforming and lowest priced tender submission;
- 2) Their relevant experience working with Victorian - Local Governments, Land Developers and Water Authorities;
- 3) Their level of experience, staff resources and sub-contractor / supplier selection.
- 4) They are a VicRoads Pre Qualified Contractor;
- 5) Third party certifications include: Quality Management System 9001:2008; Occupational Health & Safety Management System AS/NZS 4801:2001; and Environment Management System 14001:2004.
- 6) Receiving a Pass for their Occupational Health and Safety (OH&S) and Environmental Management Systems.
- 7) Receiving a strong result for the Standard Financial & Performance Assessment (Procurement) Company Check undertaken by Corporate Scorecard.

2.2.1 Contract No 1819-32 Elonera Road Drainage Works - Stage 2 (Cont.)

Recommendation

That Council:

1. **accepts the tender submission from Jaydo Construction Pty Ltd for the Elonera Road Drainage Construction Works – Stage 2 for a fixed lump sum price of Eight Hundred and Fifteen Thousand, Two Hundred and Eighty One Dollars and Fifty Cents (\$815,281.50) including GST of \$74,116.50 and including a Provisional sum of \$75,570.00 including GST); and**
2. **signs and seals the contract documents when prepared.**

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764)

File Id:	501120
Responsible Officer:	Director City Planning, Design and Amenity
Attachments:	Submitted Plans Location of Objectors Clause 22.09 Assessment Clause 52.06 Assessment

Application Summary

Applicant:	Japara Developments Pty Ltd
Proposal:	Use and development of the site for a three (3) storey Retirement Village
Zone:	General Residential Zone – Schedule 1
Overlay:	Special Building Overlay (part)
Ward:	Lightwood

The application proposes the use and development of the site for a three (3) storey Retirement Village.

A permit is required pursuant to Clauses 32.08-1 and 32.08-9 of the General Residential Zone to use the land for a Retirement Village and to construct a building or construct or carry out works associated with a Retirement Village. A permit is also required pursuant to Clause 44.05-2 of the Special Building Overlay to construct a building or to construct or carry out works.

The application is being tabled at a Council Meeting as it has received three objections.

Objectors Summary

The application was advertised to the surrounding area through the erection of two (2) notices on-site and the mailing of notices to adjoining and surrounding owners and occupiers. Three (3) objections were received to the application. Issues raised generally relate to matters of:

- Lack of adequate time to respond to notice of application;
- Loss of privacy;
- Overshadowing; and
- Land use conflict with adjacent place of worship.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)**Assessment Summary**

As assessed, the current application is considered appropriate for approval, with the proposal taking advantage of the significant opportunities of the site and its relatively low level of constraints.

The surrounding area is unique in terms of its pattern of development, with a range of different buildings and land uses. The application builds on this character and provides an improvement to the existing conditions of the site and additional housing choice and diversity, while minimising its impacts on surrounding properties.

Recommendation Summary

As assessed, the proposal is consistent with, and appropriately responds to, the provisions of the Greater Dandenong Planning Scheme. The proposal appropriately responds to strategic policy for development in the area and this report recommends that the application be supported and that a **Notice of Decision** (which provides appeal rights to objectors) to grant a permit be issued containing the conditions as set out in the recommendation.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)**Subject Site and Surrounds****Subject Site**

The subject site is legally identified as Lot 1 on Plan of Subdivision 742704X and generally referred to as 173-191 Clarke Road, Springvale South. The site is not affected by any encumbrances such as restrictive covenants.

The irregular-shaped site has an area of 7,831 square metres and is located on the eastern side of Clarke Road, approximately 390 metres north of its intersection with Springvale Road.

The site's four boundaries are uneven in length, with the western frontage to Clarke Road having a length of approximately 110 metres, the northern boundary having a length of approximately 130 metres, the southern boundary extending for approximately 104 metres and the eastern rear boundary having a length of approximately 37 metres.

A two-metre maintenance, wetlands, floodway and drainage easement are located at the rear eastern boundary for the benefit of Melbourne Water. The site contains a moderate west-east fall of approximately 2.8-3 metres.

The site was previously used for the purposes of a commercial motor vehicle hire company and is now mostly vacant; although part of the site is used for informal car parking.

Vehicle access to the site is provided via two existing crossovers along the site's Clarke Road frontage in its north-west and south-west corners.

Existing vegetation is generally clustered in the site's south-west corner and along the eastern rear boundary. The submitted abori-cultural report identifies the vegetation as mostly having a low-medium value.

Surrounding Area

The site is located approximately 3 kilometres to the south of the Springvale Activity Centre and forms part of an area of land zoned General Residential – Schedule 1. Despite the residential zoning, the surrounding area contains a variety of building forms and a number of non-residential uses.

Clarke Road acts as a buffer and separates the Green Wedge Zone land on its western side from land zoned for residential purposes on its eastern side, with land zoned Public Park and Recreation Zone further north of the site. The land zoned Green Wedge contains land that was a former landfill site.

A 2-3 storey place of assembly is located directly north of the site with access from Clarke Road and a 3-storey place of assembly is also located to the north-west of the site, with access from Springvale Road.

To the east of the site is residential land containing two rows of double-storey dwellings (17 in total). A large-scale indoor sports and recreation facility is located directly south of these dwellings and to the south-east of the site.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

To the south of the site is an existing residential aged care facility at 201-213 Clarke

Road, which is under the same ownership of the operator of the retirement village proposed as part of this application. The aged care facility was recently extended following the approval of Planning Permit PLN15/0460 in 2016.

The site is located near public transport services, including bus route 824 which operates along the site's Clarke Road frontage and provides connection to the Keysborough-Parkmore Activity Centre and the Moorabbin Activity Centre. Approximately 900 metres north of the Site, the Clarke and Spring Road intersection provides access to bus route 814 between Springvale Activity Centre and Dandenong Activity Centre. Approximately 500 metres to the east of the site is bus route 902 (Chelsea – Airport West), with a stop located near the corner of Clarke Road and Springvale Road.

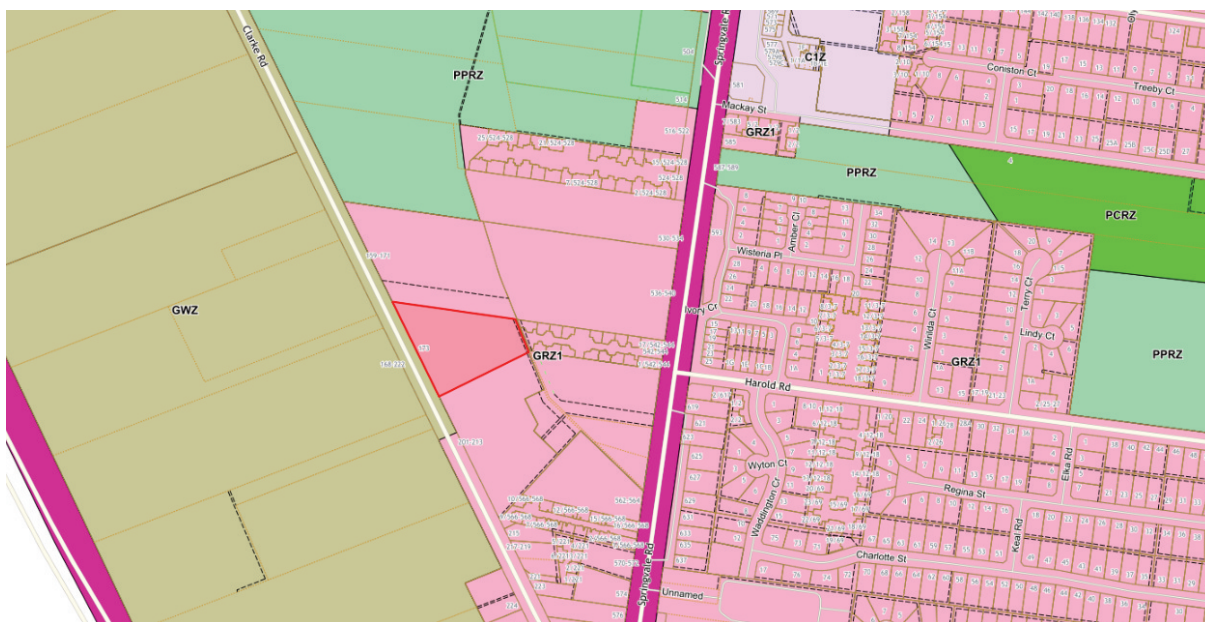

The site is in proximity to a range of public open space areas, including Spring Valley Park, which is approximately 230 metres to the north, and Alex Wilkie Nature Reserve, which is approximately 600 metres to the north-east.

Monash Medical Centre is located approximately 6 kilometres to the north-west of the site, South Eastern Private Hospital is located approximately 4 kilometres to the north-east of the site and Dandenong Hospital is located approximately 6.4 kilometres to the east of the site.

Locality Plan

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Background

Previous Applications

A search of Council records revealed that Council has previously considered the following relevant planning applications:

- Planning Permit PLN03/0633 for the development and use of the land for the purpose of extending the existing Aged Care Facility at 201-213 Clarke Road was issued 17 December 2003 and subsequently amended on 13 July 2005 and 19 December 2006.
- Planning Permit Application PLN15/0880 for the subdivision of land into sixteen (16) lots was lodged on 8 December 2015 and subsequently withdrawn on 17 June 2016.
- Planning Permit PLN15/0762 for the subdivision of 173-191 and 201-213 Clarke Road into two (2) lots was issued on 14 April 2016 and subsequently amended on 26 April 2017. The permit generally involved a boundary realignment to create one lot for existing aged care facilities and a second vacant lot to the north.
- Planning Permit PLN15/0460 for an extension to an existing residential aged care facility at 201-213 Clarke Road was issued on 21 December 2016 and subsequently amended on 1 February 2017 and 21 February 2017.

Subject Application

The current application was lodged on 10 November 2017. Council requested further information from the applicant on 7 December 2017, which included, amongst other things, a request for an environmental audit.

The environmental audit was requested on the basis of the proximity of the site to former landfills.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

After requesting a number of extensions of time to provide the environmental audit requested by Council, the applicant lodged two applications with VCAT: 1) a section 79(d) review of Council's request for more information (and in particular, the need for an environmental audit); and 2) a section 79 review of Council's failure to determine the application within the prescribed time.

Following a hearing on 21 May 2019, VCAT removed the requirement for an environmental audit to be prepared and struck out the application for review under section 79, with Council being directed to consider this application for a planning permit.

Proposal

The application proposes the use and development of the land for the purpose of a three (3) storey retirement village, which includes a total of fifty-seven (57) independent living units and sixty-eight (68) car parking spaces.

Vehicle access to the site is via two (2) proposed crossovers from Clarke Road and a porte-cochere will provide visitors with weather protection and universal access to the internal lobby and reception area of the village.

At ground floor level, the building includes resident amenities such as a restaurant, community hall, cinema, gymnasium and various lounge areas. A common outdoor area is provided on the north side of the building.

The ground floor level also includes ten living units, which are spread evenly at north-east and north-west corners of the building. Each of these units contain their own private garden/open space area that ranges from approximately 47 to 141 square metres.

On the upper levels of the facility are the remaining living units, with twenty-three provided at first floor level and another twenty-four on the second floor. Each unit is provided with their own private balcony measuring approximately 15 square metres. A communal outdoor terrace is provided to the north side of the first floor.

Three (3) types of living units are provided across the retirement village, with each containing two (2) bedrooms.

The building will have a gross building area of approximately 8,000 square metres, which includes 2,400 square metres at ground floor, 2,760 square metres at first floor and 2840 square metres at second floor.

The building generally follows the contours of the land although some cut and fill is proposed at various sections. The building has a maximum height of 10.89 metres.

The materials palette consists of light and dark grey render walls, curved feature brick walls, horizontal cladding and timber for screening, balustrading, decking and other landscape structures.

Landscaping is proposed around the perimeter of the building and along all boundaries of the site. Landscaping is also built-in to the building through the first-floor outdoor terrace and the use of planter boxes on selected balconies of living units.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Car parking is limited to being within the front setback and south side of the site. The car parking on the south side will be partially undercover of the first floor of the building while exposed car parking spaces will be covered by an arbour structure.

At ground floor, the building has a minimum setback of approximately 8.8 metres from the Clarke Road boundary, 5.5 metres from the northern boundary, 6.3 metres from the eastern boundary and 3.7 metres from the southern boundary.

A copy of the submitted plans is included as Attachment 1.

Victorian Charter of Human Rights and Responsibilities

The Victorian Charter of Human Rights and Responsibilities has been considered in the preparation of this report but is not relevant to its contents.

Financial Implications

No financial resources are impacted by this report.

Planning Scheme and Policy Frameworks

Pursuant to the Greater Dandenong Planning Scheme, a planning permit is required:

- Clause 32.08-1 of the General Residential Zone – A permit is required to use the land for a Retirement Village;
- Clause 32.08-9 of the General Residential Zone – A permit is required to construct a building or construct or carry out works associated with a Retirement Village; and
- Clause 44.05-2 of the Special Building Overlay – A permit is required to construct a building or construct or carry out works.

The relevant controls and policies are as follows:

Zoning Controls

The subject site is located in a General Residential Zone (Schedule 1 – General Residential Areas), as is the surrounding area to the north, east and south, with Green Wedge Zone land located to the west of the site.

Pursuant to Clause 32.08-1 of the Zone, a permit is required to use the land for a Retirement Village, and pursuant to Clause 32.08-9, a permit is required to construct a building or construct or carry out works associated with a Retirement Village.

The purpose of the General Residential Zone outlined at Clause 32.08 is:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To encourage development that respects the neighbourhood character of the area.*

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- *To encourage a diversity of housing types and housing growth particularly in locations offering good access to services and transport.*
- *To allow educational, recreational, religious, community and a limited range of other non-residential uses to serve local community needs in appropriate locations.*

Schedule 1 to the General Residential Zone includes the following neighbourhood character objectives:

- *To ensure the scale, built form and setbacks of residential developments respond to the existing site circumstances by respecting the predominant built form, façade and street patterns.*
- *To provide appropriate front, side and rear setbacks, garden areas and significant private open space to allow for substantial high-quality landscaping and canopy trees to protect the amenity of adjoining properties and to create a landscape character.*
- *To maximise the opportunities to create high quality landscaping, through minimal paving and the use of permeable ground surfaces.*
- *To ensure vehicle accessways and storage facilities do not visually dominate the streetscape.*
- *To ensure that residential development achieves high quality useable private open space outcomes for future residents, including the provision of secluded private open space at the side or rear of each dwelling.*

The Schedule also varies the standards of Clause 55 relating to street setbacks, permeability, landscaping and private open space.

Overlay Controls

A Special Building Overlay extends along parts of the eastern boundary, with the majority of the site unaffected by any overlays. Pursuant to Clause 44.05-2 of this Overlay, a permit is required to construct a building or construct or carry out works.

The purpose of the Special Building Overlay is:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To identify land in urban areas liable to inundation by overland flows from the urban drainage system as determined by, or in consultation with, the floodplain management authority.*
- *To ensure that development maintains the free passage and temporary storage of floodwaters, minimises flood damage, is compatible with the flood hazard and local drainage conditions and will not cause any significant rise in flood level or flow velocity.*
- *To protect water quality in accordance with the provisions of relevant State Environment Protection Policies, particularly in accordance with Clauses 33 and 35 of the State Environment Protection Policy (Waters of Victoria).*

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Planning Policy Framework

The **Operation of the Planning Policy Framework** outlined at Clause 71.02 seeks to ensure that the objectives of planning in Victoria are fostered through appropriate land use and development planning policies and practices which integrate relevant environmental, social and economic factors in the interests of net community benefit and sustainable development. The objectives of Planning in Victoria are noted as:

- (a) To provide for the fair, orderly, economic and sustainable use, and development of land.*
- (b) To provide for the protection of natural and man-made resources and the maintenance of ecological processes and genetic diversity.*
- (c) To secure a pleasant, efficient and safe working, living and recreational environment for all Victorians and visitors to Victoria.*
- (d) To conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value.*
- (e) To protect public utilities and other facilities for the benefit of the community.*
- (f) To facilitate development in accordance with the objectives set out in paragraphs (a), (b), (c), (d) and (e).*
- (fa) To facilitate the provision of affordable housing in Victoria;*
- (g) To balance the present and future interests of all Victorians.*

In order to achieve those objectives, there are a number of more specific objectives contained within the Planning Policy Framework that need to be considered under this application.

Clause 11 Settlement

Clause 11 (Settlement) encourages planning to facilitate sustainable development that takes full advantage of existing settlement patterns and investment in transport, utility, social, community and commercial infrastructure and services. It also encourages planning to contribute towards diversity of choice, energy efficiency, a high standard of urban design and amenity, and land use and transport integration.

Further guidance is provided by **Clause 11.01-1S (Settlement)**, which seeks to promote the sustainable growth and development of Victoria and deliver choice and opportunity for all Victorians through a network of settlements. It includes strategies to develop compact urban areas that are based around existing or planned activity centres to maximise accessibility to facilities and services.

Clause 11.03-1S (Activity centres) has an objective to encourage the concentration of major retail, residential, commercial, administrative, entertainment and cultural developments into activity centres that are highly accessible to the community. Amongst other things, this clause includes a strategy to encourage a diversity of housing types at higher densities in and around activity centres.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)Clause 15 Built Environment and Heritage

Clause 15 (Built Environment and Heritage) states that planning is to recognise the role of urban design, building design, heritage and energy and resource efficiency in delivering liveable and sustainable cities, towns and neighbourhoods.

It adds that planning should ensure all land use and development appropriately responds to its surrounding landscape and character, valued built form and cultural context. Planning should promote development that is environmentally sustainable and should minimise detrimental impacts on the built and natural environment.

According to the clause, Planning should promote excellence in the built environment and create places that:

- *Are enjoyable, engaging and comfortable to be in.*
- *Accommodate people of abilities, ages and cultures.*
- *Contribute positively to local character and sense of place.*
- *Reflect the particular characteristics and cultural identity of the community.*
- *Enhance the function, amenity and safety of the public realm.*

These overall objectives are reinforced by a number of sub-clauses, including **Clause 15.01-1S (Urban design)** and **Clause 15.01-1R (Urban design – Metropolitan Melbourne)**, which seek to create urban environments that are safe, healthy, functional and enjoyable and that contribute to a sense of place and cultural identity.

Clause 15.01-2S (Building design) aims to achieve building design outcomes that contribute positively to the local context and enhance the public realm, while **Clause 15.01-5S (Neighbourhood character)** has an objective to recognise, support and protect neighbourhood character, cultural identity, and sense of place.

Clause 15.01-4S (Healthy neighbourhoods) has an objective to achieve neighbourhoods that foster healthy and active living and community wellbeing. **Clause 15.01-4R (Healthy neighbourhoods - Metropolitan Melbourne)** reinforces this, with a strategy to create a city of 20minute neighbourhoods that give people the ability to meet most of their everyday needs within a 20minute walk, cycle or local public transport trip from their home.

Sustainability is promoted by **Clause 15.02-1S (Energy and resource efficiency)**, which seeks to encourage land use and development that is energy and resource efficient, supports a cooler environment and minimises greenhouse gas emissions.

Clause 16 Housing

Clause 16 (Housing) contains three key objectives, which can be summarised as relating housing diversity, sustainability of housing and the provision of land for affordable housing.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

These objectives are reinforced by a number of sub-clauses, including **Clause 16.01-1S (Integrated housing)**, which seeks to promote a housing market that meets community needs and includes strategies to “ensure that an appropriate quantity, quality and type of housing is provided, including aged care facilities and other housing suitable for older people.”

At **Clause 16.01-1R (Integrated housing - Metropolitan Melbourne)** is a strategy to allow for a range of minimal, incremental and high change residential areas that balance the need to protect valued areas with the need to ensure choice and growth in housing.

Clause 16.01-2S (Location of residential development) promotes new housing in designated locations that offer good access to jobs, services and transport, while **Clause 16.01-2R (Housing opportunity areas - Metropolitan Melbourne)** seeks to facilitate increased housing in established areas to create a city of 20minute neighbourhoods close to existing services, jobs, public transport and with appropriate infrastructure

Clauses 16.01-3S (Housing diversity) and **16.01-3R (Housing diversity - Metropolitan Melbourne)** aim to provide for a range of housing types to meet diverse needs and **Clause 16.01-4S (Housing affordability)** aims to deliver more affordable housing closer to jobs, transport and services.

Clause 16.01-7S (Residential aged care facilities) has an objective to facilitate the development of well-designed and appropriately located residential aged care facilities. It includes the following relevant strategies:

- Recognise that residential aged care facilities contribute to housing diversity and choice; and are an appropriate use in a residential area.
- Recognise that residential aged care facilities are different to dwellings in their purpose and function; and will have a different built form (including height, scale and mass).
- Ensure that residential aged care facilities are located in residential areas, activity centres and urban renewal precincts, close to services and public transport.
- Ensure that residential aged care facilities are designed to respond to the site and its context.
- Promote a high standard of urban design and architecture in residential aged care facilities.

While the proposal is for a retirement village rather than residential aged care facility (which have separate categorisations under the Planning Scheme), the above clause is still considered to provide guidance for this application.

Clause 18 Transport

Clause 18.01-1S (Land use and transport planning) has a strategy to plan urban development to make jobs and community services more accessible by ensuring access is provided to developments in accordance with forecast demand, taking advantage of all available modes of transport and to minimise adverse impacts on existing transport networks and the amenity of surrounding areas.

Clause 18.02-4S (Car parking) seeks to ensure an adequate supply of car parking that is appropriately designed and located. It has strategies that encourage the design and location of car parking to protect the amenity of the locality, enable easy and efficient use and achieve a high standard of urban design.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)**Local Planning Policy Framework**

The Local Planning Policy Framework (LPPF) includes the Municipal Strategic Statement (MSS) and Local Policies. The MSS is contained within Clause 21 of the Scheme. The MSS at **Clause 21.02 (Municipal Profile)** notes the following:

- *There is considerable diversity within Greater Dandenong's housing stock. Most housing stock is between 30 to 50 years old, though there are some areas with dwellings in excess of 100 years old. Areas of newer housing are located in the north-east and central southern areas, with in-fill development occurring across the municipality (Clause 21.02-3).*
- *Higher density housing is generally located in proximity to railway stations and major shopping centres, in particular in central Dandenong (Clause 21.02-3).*
- *Whilst there is a clear pre-dominance of single detached dwellings, there are a range of other types of dwellings including dual occupancies, villa-units, town houses and apartments. The highest concentration of older villa units and apartments and more recent multi-unit redevelopments have occurred around central Dandenong, Springvale and Noble Park activity centres (Clause 21.02-4).*
- *With diverse cultural groups that call Greater Dandenong home, there are certain distinct precincts that are emerging that have their own character. Their built form is characterised by buildings with flat unarticulated facades, prominent balconies, limited frontage/side setbacks, limited or no landscaping (Clause 21.02-4).*

Clause 21.03(A Vision for Greater Dandenong) outlines Greater Dandenong as being a municipality where housing diversity and choice is promoted in its various attractive neighbourhoods.

The objectives and strategies of the MSS are under four (4) main themes including: land use; built form; open space and natural environment; and infrastructure and transportation (considered individually under Clauses 21.04 to 21.07). Of particular relevance to this application are **Clauses 21.04 (Land Use)** and **21.05 (Built Form)**, including the following subclauses:

Clause 21.04-1 (Housing and community), which includes the following:

- *Greater Dandenong's population is expected to rise by 22 percent, from 147,000 to 179,000 in the decade to 2024, placing pressure on transport networks, infrastructure, services and public open space.*
- *Approximately 9,950 new households will need to be accommodated across the municipality by 2024 (Greater Dandenong Housing Strategy 2014-2024).*
- *Supporting urban consolidation and providing housing in existing areas close to activity centres means that people do not need to travel as far to work, shop or to take part in sports/leisure activities thus reducing the environmental impacts of transport.*
- *Increases in housing density must be balanced by adequate provision of open space, good urban design and improvements to the public realm.*
- *Encourage the provision of housing that is adaptable to support the needs of the changing needs of present and future residents.*
- *Encourage innovative redevelopment and renewal of deteriorating housing stock and older styled higher-density apartments and multi-unit developments.*

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- *Encourage new residential development that incorporates adequate space for the planting and the long-term viability and safe retention of canopy trees.*
- *Respecting the valued, existing neighbourhood character within incremental and minimal change areas.*
- *Requiring medium-density developments to be site and locality responsive and to respect existing and proposed neighbourhood character.*

Clause 21.05-1 (Urban design, character, streetscapes and landscapes) contains the following relevant objectives and strategies:

- *To facilitate high quality building design and architecture.*
 - *Ensure building design is consistent with the identified future character of an area and fully integrates with surrounding environment.*
 - *Encourage high standards of building design and architecture, which allows for flexibility and adaptation in use.*
 - *Encourage innovative architecture and building design.*
- *To facilitate high quality development, which has regard for the surrounding environment and built form.*
 - *Promote views of high-quality landscapes and pleasing vistas from both the public and private realm.*
 - *Promote all aspects of character – physical, environmental, social and cultural.*
 - *Encourage planting and landscape themes, which complement and improve the environment.*
 - *Encourage developments to provide for canopy trees.*
 - *Recognising valued existing neighbourhood character and promoting identified future character as defined in the Residential Development and Neighbourhood Character Policy at Clause 22.09.*
- *To protect and improve streetscapes*
 - *Ensure that new developments improve streetscapes through generous landscape setbacks and canopy tree planting.*
 - *Ensure landscaping within private property that complements and improves the streetscapes and landscaping of public areas.*
- *To ensure landscaping that enhances the built environment*
 - *Encourage new developments to establish a landscape setting, which reflects the local and wider landscape character.*
 - *Encourage landscaping that integrates canopy trees and an appropriate mix of shrubs and ground covers and complements and integrates with existing or proposed landscaping in public areas.*

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Clause 22.06 (Environmentally Sustainable Development) applies throughout the City of Greater Dandenong to residential and non-residential development that requires a planning permit in accordance with specified thresholds. The overarching objective is that development should achieve best practice in environmentally sustainable development from the design stage through to construction and operation.

Clause 22.09 (Residential Development & Neighbourhood Character Policy) contains the following objectives at Clause 22.09-2:

- *To guide the location and design of different types of residential development within Greater Dandenong, having regard to State and local planning policies, while respecting the valued characteristics and identified future character of residential neighbourhoods.*
- *To ensure that new residential development is consistent with the identified future character and preferred built form envisaged for the three Future Change Areas.*
- *To provide certainty about which areas are identified for, or protected from, increased residential development consistent with the purpose of the applicable zone.*
- *To facilitate high quality, well designed residential development and on-site landscaping.*
- *To promote a range of housing types to accommodate the future needs of the municipality's changing population.*
- *To ensure that residential development uses innovative, responsive and functional siting and design solutions that:*
 - *Achieve high quality internal amenity and private open space outcomes for future residents;*
 - *Make a positive contribution to the streetscape through quality design, contextual responsiveness and visual interest;*
 - *Promote public realm safety by maximising passive surveillance.*
 - *Demonstrate responsiveness to the site, adjoining interfaces, streetscape and landscape context;*
 - *Respect the amenity of adjoining residents and the reasonable development potential of adjoining properties;*
 - *Achieve environmentally sustainable design outcomes;*
 - *Use quality, durable building materials that are integrated into the overall building form and façade; and*
 - *Minimise the visual dominance of vehicle accessways and storage facilities, such as garages, car ports and basement entrances.*

An assessment against Clause 22.09 is included as Attachment 3.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Particular Provisions

Clause 52.06 Car Parking

Clause 52.06 (Car Parking) needs to be considered to determine the appropriateness of the car parking provision of the development. The purpose of this Clause is:

- *To ensure that car parking is provided in accordance with the State Planning Policy Framework and Local Planning Policy Framework.*
- *To ensure the provision of an appropriate number of car parking spaces having regard to the demand likely to be generated, the activities on the land and the nature of the locality.*
- *To support sustainable transport alternatives to the motor car.*
- *To promote the efficient use of car parking spaces through the consolidation of car parking facilities.*
- *To ensure that car parking does not adversely affect the amenity of the locality.*
- *To ensure that the design and location of car parking is of a high standard, creates a safe environment for users and enables easy and efficient use.*

The table at Clause 52.06-5 sets out the car parking requirement that applies to the use of land for a Retirement Village. For the purpose of calculating this requirement, the land is within the Principal Public Transport Network (PPTN) area, which results in no visitor spaces being required. One car parking space is required to each one or two bedroom dwelling.

An application must meet the Design Standards for car parking included at Clause 52.06-9, unless the Responsible Authority agrees otherwise.

An assessment against Clause 52.06 is included as Attachment 4.

Clause 55 Two or more dwellings on a lot and residential buildings

Clause 55 (Two or more dwellings on a lot and residential buildings) has a number of purposes, including:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To achieve residential development that respects the existing neighbourhood character or which contributes to a preferred neighbourhood character.*
- *To encourage residential development that provides reasonable standards of amenity for existing and new residents.*
- *To encourage residential development that is responsive to the site and the neighbourhood.*

The clause contains a number of objectives to achieve the desired outcomes and it applies to applications to construct two or more dwellings on a lot and residential buildings. As this application is for a retirement village, the provisions of Clause 55 do not apply.

However, an assessment against relevant parts of this clause has been undertaken for reference purposes and is provided in the assessment section below.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)**General Provisions**

Clause 65 (Decision Guidelines) needs to be considered, as is the case with all applications. For this application, the requirements of Clause 65.01 for the approval of an application or plan is of relevance. This clause outlines the requirements that the responsible authority must consider when determining the application.

Proposed Planning Scheme Amendments

There are no proposed Planning Scheme amendments relevant to this application.

Restrictive Covenants

There are no covenants or other restrictions that apply to the land.

Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. In accordance with the commitment in Council's Annual Plan, all applications are considered on their merits.

Strategic Objective 4 (A city planned for the future) is of particular relevance to this application, with strategies that include the need to ensure that both private and new developments are site responsive, innovative, and achieve high quality urban design and environmentally sustainable outcomes

Diversity (Access & Equity)

It is not considered that the proposal raises any diversity issues affecting the planning assessment of this application.

Community Safety

It is considered that there would be no adverse community safety implications in permitting the proposal subject to strict conditions on any planning permit issued.

Safe Design Guidelines

Consideration of the relevant requirements of these Guidelines has been undertaken within the assessment of this application.

Referrals**External**

Pursuant to Section 55 of the *Planning and Environment Act 1987*, the application was externally referred to Melbourne Water. Melbourne Water had no objections, subject to conditions.

Notice of the application was provided to EPA Victoria pursuant to section 52 of the Act. No objection was received subject to conditions.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Internal

The application was referred to a number of Council departments for their consideration. The comments provided have been considered in the assessment of the application and a summary is provided below:

Department	Response
Asset Planning	No objection subject to conditions
Building	No objection subject to conditions
Bushland and Garden	No objection subject to conditions
Civil Development	No objection subject to conditions
Sustainability	No objection subject to conditions
Transport	No objection subject to conditions
Urban Design	No objection subject to conditions
Waste	No objection subject to conditions

Advertising

The application has been advertised pursuant to Section 52 of the *Planning and Environment Act 1987*, by:

- Sending notices to the owners and occupiers of adjoining land; and
- Placing two (2) signs on site facing Clarke Road.

The notification has been carried out correctly and Council has received three (3) objections to date.

Consultation

A consultative meeting was held on 18 April 2018, with the applicant, objectors and Council representatives in attendance. Whilst the issues were discussed at length, there was no resolution and the objections/submissions remain as received.

Summary of Grounds of Submissions/Objections

The objections are summarised below (**bold**), followed by the Town Planner's Response (in *italics*).

- **Lack of adequate time to respond to notice of application**

Notice of the application was provided in accordance with the requirements of the Planning and Environment Act 1987.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- **Loss of privacy**

While the development will result in a significant change along the eastern interface with the neighbouring townhouses, it does not result in any unreasonable privacy or overlooking impacts. All balconies and windows of the proposed development are located more than 9 metres away from existing habitable room windows, which complies with the standards of Clause 55. While the neighbouring private open space will be within 9 metres, it is managed and minimised via proposed landscaping and existing vegetation, the orientation of balconies, where possible, to avoid overlooking into private open space, and the installation of new 1.5-metre-high paling fencing along the boundary. To further manage overlooking on the eastern interface, conditions of any permit will require the boundary fencing be increased in height; balconies to incorporate screening, and windows to incorporate screening/obscure glazing, where appropriate.

- **Overshadowing**

The development complies with the overshadowing standards of Clause 55, with no significant overshadowing of any existing buildings or private open space. Based on the proposed development being to the west and south-west of the neighbouring townhouses, overshadowing is prevented throughout much of the day. Where overshadowing does occur, it is limited to only a small area in the afternoon and covers mostly the common driveway and parking areas.

- **Land use conflict with adjacent place of worship**

Subject to conditions, the use of land for a retirement village next to a place of worship/assembly is not considered incompatible, with such outcomes being common throughout residential areas. Both uses respond to community needs and expectations and there is benefit in these uses being within residential areas.

Assessment

The application proposes the use and development of the site for a three (3) storey Retirement Village on vacant land zoned General Residential and partially subject to the Special Building Overlay. Under these provisions, a planning permit is required for both the use of land for a Retirement Village and to construct a building and carry out works.

The key considerations of this application relate to:

- The use of the land;
- The design and built form of the development;
- The sustainability and energy efficiency of the development;
- The impact on vegetation;
- The impact of the Special Building Overlay;
- The impact of the nearby former landfill; and
- The provision of car parking, bicycle facilities and loading/unloading areas.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)The use of the land

While the General Residential Zone has a purpose to encourage housing growth and housing diversity, it is notable that unlike some other residential activities, the use of land for a Retirement Village is a 'Section 2' use that requires a planning permit. This demonstrates the importance placed on ensuring that proposals to use land for a retirement village are appropriate in terms of matters such as their compatibility with the surrounding area, their scale and intensity, their ability to meet community needs, and their impact on car parking and traffic.

The site and surrounding area forms part of a triangular-shaped section of land bounded by Spring Valley Park to the north, Clarke Road to the west, Springvale Road to the east, and the intersection of Springvale Road-Westall Road Extension to the south.

This triangle area does not act as a 'typical' residential area, with land on the west side of Clarke Road zoned Green Wedge and formerly used as a landfill, land to the north and north-east of the subject site used for places of worship, land to the south used for aged care facilities and land to the south-east used for an indoor sports facility. Other uses within this area include a service station, child care centre, veterinary clinic and warehouse. For the standard residential uses that do exist in the area, they are mostly accommodated within multi-dwelling developments, with access from either Clarke Road or Springvale Road.

The varied pattern of use and development delivers benefits for the subject site. The site is buffered from the northern adjacent site due to the neighbouring existing car park, the land to the west is vacant and undeveloped, and the site to the south is considered less sensitive as the operator is the applicant for this current application and it also serves a similar function as it is used for an aged care facility.

While this leaves one sensitive residential interface to the east, the extent of this interface is minimised due to the shape of the site, which narrows considerably towards its rear. As such, the two adjoining dwellings along the western interface will face a combined 9 residential units (3 units per floor) of the retirement village.

The locational attributes support the establishment of a retirement village on the subject site as its amenity impacts are minimised and it makes a contribution to the growth and diversity of housing that is encouraged by the General Residential Zone. The site benefits from existing infrastructure, delivers a surplus to the number of car parking spaces required and its access from Clarke Road does not have significant exposure to sensitive interfaces. Additionally, both the northern end and southern end of Clarke Road are controlled intersections (either signalised or roundabout), which helps to increase safety for vehicles accessing the site.

The wider locational attributes also support the proposal, with the Springvale Activity Centre located within approximately 2 kilometres of the site, and a number of other services and facilities in proximity to the site, including parks and reserves (within approximately 200 metres), bus stops (50 metres), medical centres (700 metres) and sporting grounds (800 metres).

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

While the introduction of a new land use creates the potential for additional conflict, the lack of any uniform character and the pattern of use and development makes the site well-suited for the proposed use. The land use is also complementary to the aged care facility to the south and consistent with the residential zoning of the site. However, there is some concern regarding the potential for noise conflict between the existing places of assembly to the north and north-east and the proposed retirement village, especially at times when festivals are being celebrated.

While regular, the festivals do not happen on a scale or frequency to make the two uses so incompatible they cannot sit alongside each other. The places of assembly have operated alongside existing residential dwellings for some time. It is considered that the potential noise conflict can be managed via conditions for an acoustic assessment and noise attenuation measures. With such conditions in place, the two land uses are not considered to be incompatible. Indeed, places of assembly, such as halls and places of worship, are common features throughout residential areas.

Overall, the proposal benefits from its location within a residential area and delivers on the Planning Scheme's objectives for housing diversity and choice in order to respond to the changing needs of households and allow people to age in their existing communities.

The design and built form

The varied pattern of use and development of the area helps to provide justification for the large size and scale of built form being proposed. While the three-storey building results in a maximum height of 10.89 metres and has a large building footprint, this is considered appropriate when regard is given to the existing development to the north and south of the site and the design and landscaping measures to be incorporated as part of the proposed development.

The existing aged care facility to the south has a maximum height of 10.25 metres and an existing pagoda structure associated with the place of assembly to the north has a maximum height of 14 metres. The residential development to the east features townhouses with a height of two storeys. The General Residential Zone specifies a maximum height of 11 metres, and while this only applies to residential buildings and dwellings (and not retirement villages), it is noted that the proposed development is within the specified height.

A further sign of consistency with the General Residential Zone is the application's compliance with garden area requirements. Under Clause 32.08-4 of the zone, 35 per cent of the site is to be set aside as 'garden area' when constructing a dwelling or residential building. While this clause does not apply to the construction of a retirement village, the proposal achieves 37 per cent garden area, which exceeds the garden area requirements.

The proposed development has relatively even floor areas and boundary setbacks across all floors of the building. While such an approach can exacerbate impacts of visual massing and bulk, it is considered that the proposal has incorporated a number of design and landscaping measures to address these visual impacts. This includes:

- The building is generally centrally positioned to help minimise its presence to the streetscape and adjoining properties;

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- The elevations of the building include a range of materials, colours and finishes to provide contrast, articulation and visual interest;
- The presence of blank walls is significantly reduced through the use of windows and balconies on all elevations; and
- The development includes significant ground level landscaping and additional areas of landscaping on upper levels such as the first floor terrace and planter boxes on selected balconies;

Clause 55 (Two or more dwellings on a lot and residential buildings)

The acceptability of the building is also reinforced by an assessment against Clause 55 (Two or more dwellings on a lot and residential buildings). This clause contains a number of objectives to achieve desired residential outcomes, and while it does not apply to applications for retirement villages, it provides a useful guide. In all cases, the development either meets the applicable standards in order to achieve the objective or provides an alternative design response to achieve the objective.

The development achieves integration with the street through the street-facing building orientation combined with pedestrian and vehicle links and blockwork front fencing with perforated screens to provide for a level of transparency and street activation and surveillance. The minimum building setback of 8.86 metres from the Clarke Road boundary is considered appropriate given the varied pattern of development of the surrounding area and lack of established setback patterns.

Its appearance to the street is enhanced through landscaping and other design techniques that improve the presentation of the site. This includes minimal change to the access arrangements to the site, with the two existing vehicle crossings being replaced with two new crossings of a similar size and representing only to only 9 per cent of the site's Clarke Road frontage, leaving the remaining frontage available for landscaping.

With the building footprint covering approximately 44 per cent of the site, the development is well within the prescribed standard of 60 per cent and open space provided on site is accessible, useable and provides an outlook for residents both within the retirement village and external to the site.

Overshadowing of the sensitive residential site to the east is prevented throughout much of the day due to the development being sited to the west and south-west. Where overshadowing does occur, it is limited to only a small area in the afternoon and covers mostly the common driveway and parking areas.

Similarly, overlooking is also mostly avoided due to the siting of the development and its reduced number of sensitive interfaces. Where there is potential for overlooking, this is managed by measures such as new fencing, orientation of building features, existing and proposed landscaping and locating windows and balconies more than 9 metres from existing habitable windows and private open space. To further manage overlooking on the eastern interface, conditions of any permit will require the boundary fencing be increased in height, balconies to incorporate screening, and windows to incorporate screening/obscure glazing, where appropriate.

Clause 22.09 (Residential Development & Neighbourhood Character Policy)

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

A final consideration relates to Clause 22.09 (Residential Development & Neighbourhood Character Policy), which applies to all residential development requiring a planning permit in a Residential Growth Zone, General Residential Zone and Neighbourhood Residential Zone. This policy provides guidance to manage the evolution of residential neighbourhood character throughout Greater Dandenong into the future and an assessment against this clause is provided at Attachment 3.

In summary, the assessment against Clause 22.09 shows compliance with the overall direction and intent of the policy. There are some areas of non-compliance, however this is expected as the policy is directed at more traditional forms of residential development (such as residential buildings and dwellings).

The use of land for a retirement village is inevitably going to result in a different built form outcome than the use of land for a dwelling (or multiple dwellings). Despite representing a divergence from the preferred character, the site is not located in a traditional residential setting, and the built form appropriately reflects the mixed pattern of use and development of the surrounding area while incorporating a high standard of design and measures to respond to the sensitive interfaces of the site and address the relevant objectives of Clause 55.

While the preferred character of Clause 22.09 consists of medium density development with dwellings having their own footprint, the established character and pattern of development in the surrounding area provides a different physical character context. Based on these established conditions, the design and siting of the proposal is considered appropriate, with the development reflecting the diverse built form of the area while incorporating appropriate design measures, setbacks, heights, scale and massing to minimise visual and amenity impacts where sensitive interfaces do exist.

The site context and the ability of the proposal to provide substantial landscaping along boundaries are significant in combining to support the height of the proposal, which at 3 storeys (or 10.89 metres maximum) is one storey above the preferred building height of 2 storeys.

The height of the proposed development compares favourably against the heights of other nearby buildings, with the extended section of the aged care facility to the south having a maximum height of 10.43 metres, a pagoda structure on the site to the north having a maximum height of 14.00 metres, the indoor sports centre to the south-east having a maximum height of approximately 11.00 metres and a shrine building on the site to the north-east having a maximum height of 23.00 metres and associated pagoda building (under construction) having a height of 45.00 metres.

The development incorporates building setbacks of at least 4-5 metres along the northern-eastern, western (Clarke Road) and part of the southern boundaries, but this is increased in many places due to the shape and layout of the building footprint. This landscaping is capable of accommodating significant landscaping, including canopy trees, with the submitted landscape plans showing the planting of a number of large evergreen canopy trees throughout, as well as vertical landscaping elements through the use of balcony planters.

Each elevation contains a range of materials and finishes to help reduce the mass of the building and its perceived height, and while the building will represent a substantial increase in built form, it is not unlike the surrounding buildings and does not interfere with any identified landscape, gateways or sightlines.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Overall, the proposed development takes advantage of the significant opportunities of the site and its relatively low level of constraints, while providing a significant improvement to the existing conditions of the site and delivering housing choice and diversity.

The sustainability and energy efficiency of the development

In accordance with Clause 22.06 (Environmentally Sustainable Development), the applicant has submitted a Sustainable Management Plan to demonstrate how the proposal meets the relevant sustainability policy objectives of the Planning Scheme.

In summary, the development achieves a BESS score of 62 per cent, which indicates best practice across 9 environmental categories. The key sustainable design initiatives incorporated into the project include:

- 30kW rooftop solar photovoltaic array;
- Centralised solar hot water system;
- Rainwater harvesting system for toilet flushing and irrigation; and
- High-performance glazing and energy efficient building services, appliances and fixtures.

The development also incorporates a number of other measures to deliver on sustainability outcomes, including maximising the number of north-facing living units and by providing communal open space areas on the north side of the building. The proposal also exceeds the permeability requirements of Clause 55.03-4, with 36 per cent of the site covered by permeable surfaces, which is well in excess of the minimum 30 per cent requirement.

The application has also received conditional support from Council's Sustainability Planner.

The impact on vegetation

The site is mostly cleared, with areas of existing vegetation clustered in the site's south-west corner and along the eastern rear boundary. A planning permit is required under Clause 52.17 for the removal, destruction or lopping of any native vegetation.

The submitted arborist report states that there are no high value trees on the site, with one tree rated higher than 'Low-Moderate' arboricultural retention value. There are also a number of neighbouring trees close to the boundary. These neighbouring trees are not expected to be impacted upon as their tree protection zones do not extend within the subject site.

The only native trees on site are along the eastern boundary and these are not proposed to be removed. All other existing trees, being only a limited number, on the site are proposed to be removed where their arboricultural value is either rated as either none, low or low-moderate.

The proposed landscape plan will provide substantial re-planting throughout the site and along perimeter boundaries.

The application has also received conditional support from Council's Arborist.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)The provision of car parking, bicycle facilities, loading/unloading areas and storage facilities

Vehicle access to the site is via two (2) proposed crossovers from Clarke Road, with the combined width of these crossovers being only 9 per cent of the site's Clarke Road frontage. The two crossovers are appropriately spaced and not expected to result in any adverse visual or pedestrian impacts. The majority of the frontage to Clarke Road will remain available for landscaping.

Car parking is limited to being within the front setback and the southern side of the site. Under the Planning Scheme, 57 car parking spaces are required to be provided and the application exceeds this with a total of 68 spaces.

The front car park is setback 1.906 metres from the frontage and covers the majority of the southern corner of the site; although a condition of permit will request additional landscaping to be provided within the car park area.

For a retirement village, there are no requirements listed at Clause 52.34 (Bicycle Facilities) but the application provides racks for a total of four bicycle spaces in the undercover car park area, and rack for a total of 8 visitor bicycle externally.

A loading zone and bin store are located together centrally within the car park and 51 storage cages are located throughout the car park, mostly in the car park to the south-east side of the site but some storage cages are located within the front setback. The storage cages within the front setback and along the southern boundary are not considered to represent an adequate outcome in terms of visual appearance, accessibility and convenience and therefore a condition is recommended to remove or relocate all storage cages out of these areas.

The impact of the Special Building Overlay

The site is partially affected by the Special Building Overlay, which applies to land near the eastern boundary, and identifies urban areas liable to inundation by overland flows from the urban drainage system.

While the majority of the development is located outside of the overlay area, the proposed new paling fencing along this boundary is within the area, and requires a planning permit under clause 44.05-2.

The proposed fencing is considered acceptable within the Special Building Overlay area as it replaces an existing fence and extends existing fencing that is also within the overlay area. The application has also been referred to Melbourne Water, which had no objection, subject to conditions.

The impact of the nearby former landfill

The site is located within proximity of former landfill sites, with the closest being the Clarke Road and Spring Road sites to the east and north of the subject site respectively. Due to this, the applicant was initially requested to provide an environmental audit as part of Council's further information request to assess the nature and extent of harm posed by these landfill sites. This requirement was later deleted by VCAT on the basis that this information could be requested as a condition of any planning permit.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Notice of the application was provided to the EPA, which did not object to the application subject to conditions that included the requirement for an environmental audit be undertaken before any works commence.

Based on the above, the impacts of the former landfill cannot be fully ascertained until further assessment is undertaken. However, consistent with EPA advice and the findings of VCAT, it is considered that a permit could be issued subject to the requirements for further assessment to be undertaken, and for any development to be in accordance with the findings of the assessment.

Conclusion

The application has been assessed against the relevant sections of the Greater Dandenong Planning Scheme, including the Planning Policy Framework and Local Planning Policy Framework, Municipal Strategic Statement and Clause 65.

Based on the above, the proposal should be supported subject to conditions.

Recommendation

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as Lot 1 PS742704, 173-191 Clarke Road, Springvale South, for the use and development of the site for a three (3) storey Retirement Village in accordance with the plans submitted with the application subject to the following conditions:

- 1. Prior to the endorsement of plans, one (1) copy of amended plans drawn to scale and dimensioned, must be submitted to the Responsible Authority for approval. No buildings or works may be commenced until the plans have been approved and endorsed by the Responsible Authority. The endorsed copy of the plans forms part of this permit. The plans must be in accordance with the plans submitted with the application, but modified to show:**
 - 1.1. Separate elevation drawings for each distinct orientation of the building, including detailed materials, finishes and colours schedule, with external wall materials to be non-combustible;**
 - 1.2. The removal of all storage cages on the south/south-east side of the site, including those along the boundary and at car spaces;**
 - 1.3. Elevations of storage cages, with storage doors able to be opened without impeding on the use of the adjoining carparks;**
 - 1.4. Details of heights and types of all boundary fencing, with fencing along northern boundary to be 1.7 metres in height and fencing along the eastern boundary to be 1.9 metres in height.**
 - 1.5. External lighting for accessways, pedestrian walkway, building entrances and car parking areas;**

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 1.6. Details of all external privacy screens, including their transparency, and the location of all rooftop plant and equipment, along with measures to screen their visibility;
- 1.7. An integrated architectural treatment for the blank wall façade of the cinema/spa/steam frontage behind the sunken planter areas and the blank wall façade of the admin/WC/craft frontage;
- 1.8. Identify the easement along the rear boundary, delete the proposed sign along the front boundary and provide a note that relocation of the electricity pole is subject to approval from the relevant authority
- 1.9. Screening of east-facing windows and balconies of units 21, 22, 23, 44, 45 and 46 in accordance with Standard B22 of Clause 55.04-6, and additional measures or diagrams to ensure the privacy of units 16, 17 and 18 from the common terrace area;
- 1.10. Details of any measures and recommendations required in the endorsed Acoustic Assessment; and
- 1.11. Access to the site to have a corner splay or area at least 50 percent clear of visual obstructions, designed in accordance with Clause 52.06-9 of the Greater Dandenong Planning Scheme.

When approved, these plans will be endorsed and will form part of this permit.

2. Prior to the endorsement of plans, one (1) copy of an amended landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions. The amended landscape plan must be generally in accordance with the landscape plan submitted with the application but modified to show:
 - 2.1. Plans to accord with Condition 1 of this permit;
 - 2.2. The site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
 - 2.3. Details of the proposed layout, type and height of fencing;
 - 2.4. Legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 2.5. A plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;**
- 2.6. Clearly identify all existing vegetation to be retained and removed;**
- 2.7. Include an appropriate 'climber' planting species to for the arbour structures; and**
- 2.8. Additional landscaping within the front car park area and storage cage spaces.**

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the building is occupied.

- 3. Prior to the endorsement of plans, a Parking Management Plan must be submitted to and approved by the Responsible Authority identifying:**
 - 3.1. The intended users for each parking bay; and**
 - 3.2. Measures to control the allocation of car parking spaces, such as signage and line-marking.**
- 4. Prior to the endorsement of plans, an Acoustic Assessment of the development must be submitted to and approved by the Responsible Authority. The assessment must be prepared by a suitably qualified acoustic engineer to the satisfaction of a Responsible Authority and must detail recommended treatments of the development and/or the adoption of appropriate measures to ensure that:**
 - 4.1. Noise emissions from the development (including the operation of plant, transmission of noise between dwellings and the use of the car park) do not impact adversely on the amenity of occupants within the development and neighbouring properties; and**
 - 4.2. Noise emissions from the adjoining places of worship / places of assembly, including at times of festivals and events, do not impact adversely on the amenity of the occupants within the development.**

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 5. Before the commencement of works (other than works required to comply with this condition), the owner of the land must to the satisfaction of the Responsible Authority:**
 - 5.1. Engage an environmental auditor appointed under section 53S of the Environment Protection Act 1970 to prepare and submit to the satisfaction of the responsible authority a scope of the proposed audit which includes consideration of both landfill gas and odour risk;**
 - 5.2. Have the environmental auditor conduct an audit under section 53V of the Environment Protection Act 1970 in accordance with the agreed scope;**
 - 5.3. Implement any recommendations of the audit report; and**
 - 5.4. If the risk assessment report or audit report requires ongoing management or monitoring, the owner must enter into an agreement under section 173 of the Planning and Environment Act 1987 with the responsible authority requiring the implementation of any ongoing requirements.**

- 6. Before the development starts, a Construction Management Plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The Construction Management Plan must address, but is not limited to:**
 - 6.1. Hours of construction, control of noise and airborne matter, deliveries, vehicle access, worker car parking, damage to public assets, and contact numbers for complaints;**
 - 6.2. All Traffic Management Plans for the site demolition, excavation, deliveries and other construction related activities that will affect vehicle and pedestrian traffic;**
 - 6.3. The location of all areas on-site and off-site to be used for construction staff parking;**
 - 6.4. A Parking Management Plan for all associated construction vehicles;**
 - 6.5. All site sheds, portable toilet, storage and materials, etc. must be confined to the land;**
 - 6.6. The covering and maintenance of all roads/storage areas/external stockpiles/or vacant areas to avoid dust nuisance to any residential and commercial premises;**
 - 6.7. A truck wheel-wash must be installed and used so vehicles leaving the site do not deposit mud or other materials on roadways;**
 - 6.8. No water containing oil, foam, grease, scum or litter will be discharged to the stormwater drainage system from the land;**

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 6.9. The amount of mud, dirt, sand, soil, clay or stones deposited by vehicles on the abutting roads is minimised when vehicles are leaving the land; and**
- 6.10. The amount of mud, dirt, sand, soil, clay or stones deposited by vehicles on the abutting roads is minimised when vehicles are leaving the land; and**
- 6.11. No mud, dirt, sand, soil, clay or stones are washed into, or are allowed to enter the stormwater drainage system.**

When approved, the Construction Management Plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the endorsed Construction Management Plan must be implemented and complied with to the satisfaction of the Responsible Authority.

- 7. Before the development starts, drainage plans must be submitted to and approved by the Responsible Authority. Stormwater discharge is to be retained on site to the pre-development level of peak stormwater discharge, to the satisfaction of the Responsible Authority.**
- 8. Before the development starts, tree protection fencing must be installed around all trees to be retained within the site and all street trees adjacent to the site on Clarke Road. Tree protection must be undertaken in accordance with AS4970-2009 and the submitted Arboricultural Assessment & Report (prepared by Glenn Waters and dated 15 September 2017). The tree protection measures must be inspected by Council before the development starts.**
- 9. The use and development as shown on the endorsed plans must not be altered without the further written consent of the Responsible Authority.**
- 10. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.**
- 11. Except with the prior written consent of the Responsible Authority, the approved buildings must not be occupied until all buildings and works and the conditions of this permit have been complied with.**
- 12. Except with the prior written consent of the Responsible Authority, before the development is occupied:**
 - 12.1. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority;**
 - 12.2. Access to the site and any associated roadwork must be constructed;**

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 12.3. All parking areas and accessways must be:**
 - 12.3.1. Constructed and available for use in accordance with the plan approved by the responsible authority;**
 - 12.3.2. Formed to such levels and drained so that they can be used in accordance with the plan; and**
 - 12.3.3. Line-marked or provided with some other adequate means of showing the car parking spaces**
- 12.4. All piping and ducting above the ground floor storey of the building, except downpipes, must be concealed;**
- 12.5. All obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used;**
- 12.6. All privacy screens and other measures to prevent overlooking as shown on the endorsed plans must be installed;**
- 12.7. Landscaping in accordance with the endorsed landscaping plan and schedule must be completed; and**
- 12.8. A report from the author of the endorsed Sustainability Management Plan, or similarly qualified person or company, must be submitted to the Responsible Authority.**

The report must be to the satisfaction of the Responsible Authority and must confirm that all measures specified in the endorsed Sustainability Management Plan have been implemented in accordance with the approved Plan.

All to the satisfaction of the Responsible Authority.

- 13. The Retirement Village must be operated and managed in accordance with the Retirement Villages Act 1986, or as amended.**
- 14. The development must be undertaken in accordance with the approved Sustainability Management Plan to the satisfaction of the Responsible Authority. No alterations to the SMP may occur without the prior written consent of the Responsible Authority.**
- 15. The Waste Management Plan endorsed under this permit must be implemented to the satisfaction of the Responsible Authority.**
- 16. The development must be constructed in accordance with the requirements and recommendations of the approved Acoustic Assessment to the satisfaction of the Responsible Authority.**

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

17. **Except with the prior written consent of the Responsible Authority or as otherwise allowed by this permit, no vegetation shown on the endorsed plans to be retained may be felled, lopped, topped, ringbarked or otherwise destroyed or removed, unless hazardous.**
18. **Provision must be made for the drainage of the site, including landscaped and pavement areas, all to the satisfaction of the Responsible Authority.**
19. **The connection of the internal drainage infrastructure to the legal point of discharge must be to the satisfaction of the Responsible Authority.**
20. **No buildings or works may be constructed over any easement or other restriction on the land or any sewers, drains, pipes, wires or cables under the control of a public authority without the prior written consent of the relevant authority and the Responsible Authority.**
21. **Earthworks must be undertaken in a manner that minimises soil erosion. Exposed areas of soil must be stabilised to prevent soil erosion. The time for which soil remains exposed and unestablished must be minimised to the satisfaction of the Responsible Authority.**
22. **Sediment control measures must be undertaken during construction to the satisfaction of the Responsible Authority to ensure that the development subject land is adequately managed in such a way that no mud, dirt, sand, soil, clay or stones are washed into or allowed to enter the stormwater drainage system.**
23. **Any changes to external boundary fencing required for under this development shall be constructed at the cost of the owner, to the satisfaction of the Responsible Authority.**
24. **The landscaping shown on the endorsed plans must be maintained to the satisfaction of the Responsible Authority and used for no other purpose. Any dead, diseased or damaged plants are to be replaced.**
25. **In areas set aside for car parking, measures must be taken to prevent damage to fences or landscaping areas, all to the satisfaction of the Responsible Authority.**
26. **The car parking area must be lit if in use of hours of darkness, and all lights must be designed, fitted with suitable baffles and located to prevent any adverse effect on adjoining land, all to the satisfaction of the Responsible Authority.**
27. **The operator under this permit must make all reasonable attempts to ensure that no vehicle under the operators control, or the operator's staff, are parked in the streets nearby, all to the satisfaction of the Responsible Authority.**
28. **The operator under this permit must make all reasonable endeavours to ensure that all vehicles entering and exiting the site do so in a forward direction, all to the satisfaction of the Responsible Authority.**

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

29. Car spaces, access lanes, loading bays and driveways must be maintained (including line marking) and kept available for these purposes at all times.
30. The car parking provided on the land must always be kept available for its intended purpose at all times in accordance with the Parking Management Plan provided. No measures must be taken to restrict access to the car park.
31. The loading and unloading of goods from or to vehicles must only be carried out on the land within the designated loading bay and must not disrupt the circulation and parking of vehicles on the land, all to the satisfaction of the Responsible Authority.
32. The site operator must endeavour to prevent vehicles queuing on arrival along the public access road. Accordingly, access/driveways/roadways/aisles providing access to loading areas on-site must not be gated during operating hours without appropriate management measures or suitable queuing space on site, all to the satisfaction of the Responsible Authority.
33. The site shall be kept in a neat and tidy condition at all times, all to the satisfaction of the Responsible Authority.
34. The amenity of the area must not be detrimentally effected by the use or development on the land, through the:
 - 34.1. Transport of materials, goods or commodities to or from the land;
 - 34.2. Appearance of any building, works or materials;
 - 34.3. Emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil; and
 - 34.4. Presence of vermin.All to the satisfaction of the Responsible Authority.
35. No plant, equipment, services or architectural features other than those shown on the endorsed plans shall be constructed or located above the roof level of the buildings.
36. All plant and equipment must be installed and located so that it does not adversely affect the amenity of the area due to the emission of noise, to the satisfaction of the Responsible Authority.
37. Service units, including air conditioning/heating units, must not be located on any balcony areas or where they will be visible from any public area.
38. All glazing must at all times be maintained to the satisfaction of the Responsible Authority.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

39. All privacy screens and other measures to prevent overlooking as shown on the endorsed plans must at all times be maintained to the satisfaction of the Responsible Authority.
40. All external lighting on the land must be located, directed and shielded and of such limited intensity that no nuisance or loss of amenity is caused beyond the boundaries of the land.
41. Bins or other receptacles for any form of rubbish or refuse must not be placed or allowed to remain in view of the public, and unreasonable smell must not be emitted from any such receptacle.

Melbourne Water Conditions:

42. Prior to the issue of a Occupancy Permit, the Owner must enter into an agreement with Melbourne Water Corporation for the acceptance of surface and storm water from the subject land directly or indirectly into Melbourne Water's drainage systems and waterways. The agreement will provide for the provision of drainage works and other associated matters to the satisfaction of Melbourne Water.
43. This permit will expire if:
 - 43.1. The development or any stage of it does not start within two (2) years of the date of this permit; or
 - 43.2. The development or any stage of it is not completed within four (4) years of the date of this permit; or
 - 43.3. The use does not commence within two (2) years of the completion of the development; or
 - 43.4. The use is discontinued for a period of two (2) years.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- 43.5. The request for the extension is made within twelve (12) months after the permit expires; and
- 43.6. The development or stage started lawfully before the permit expired.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)**Permit Notes:**

A Vehicle Crossing Permit must be obtained from Council prior to construction of the vehicle crossings.

An Asset Protection Permit must be obtained from Council prior to the commencement of any buildings and works

Any works undertaken within the road reservation and easements will require the developer to obtain a civil works permit from Council.

Building approval may be required prior to the commencement of any buildings and works.

Prior to the erection of any advertising signs on the land, consultation should be made with officers of the Planning Department to determine the relevant Planning Scheme controls.

Prior to drainage plans being approved, a plan checking fee of 0.75% and supervision fee of 2.5% of the estimated cost of works is to be paid to Council.

Prior to the final design being completed, the applicant should consult with Council's Infrastructure Planning Department in regard to the legal point of discharge for the site.

No buildings or works shall be constructed over any easement without the written consent of the relevant authorities.

MOTION

Seconded by: Cr Sean O'Reilly

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as Lot 1 PS742704, 173-191 Clarke Road, Springvale South, for the use and development of the site for a three (3) storey Retirement Village in accordance with the plans submitted with the application subject to the following conditions:

1. Prior to the endorsement of plans, one (1) copy of amended plans drawn to scale and dimensioned, must be submitted to the Responsible Authority for approval. No buildings or works may be commenced until the plans have been approved and endorsed by the Responsible Authority. The endorsed copy of the plans forms part of this permit. The plans must be in accordance with the plans submitted with the application, but modified to show:
 - 1.1. Separate elevation drawings for each distinct orientation of the building, including detailed materials, finishes and colours schedule, with external wall materials to be non-combustible;

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 1.2. The removal of all storage cages on the south/south-east side of the site, including those along the boundary and at car spaces;
- 1.3. Elevations of storage cages, with storage doors able to be opened without impeding on the use of the adjoining carparks;
- 1.4. Details of heights and types of all boundary fencing, with fencing along northern boundary to be 1.7 metres in height and fencing along the eastern boundary to be 1.9 metres in height.
- 1.5. External lighting for accessways, pedestrian walkway, building entrances and car parking areas;
- 1.6. Details of all external privacy screens, including their transparency, and the location of all rooftop plant and equipment, along with measures to screen their visibility;
- 1.7. An integrated architectural treatment for the blank wall façade of the cinema/spa/steam frontage behind the sunken planter areas and the blank wall façade of the admin/WC/craft frontage;
- 1.8. Identify the easement along the rear boundary, delete the proposed sign along the front boundary and provide a note that relocation of the electricity pole is subject to approval from the relevant authority.
- 1.9. Screening of east-facing windows and balconies of units 21, 22, 23, 44, 45 and 46 in accordance with Standard B22 of Clause 55.04-6, and additional measures or diagrams to ensure the privacy of units 16, 17 and 18 from the common terrace area;
- 1.10. Details of any measures and recommendations required in the endorsed Acoustic Assessment; and
- 1.11. Access to the site to have a corner splay or area at least 50 percent clear of visual obstructions, designed in accordance with Clause 52.06-9 of the Greater Dandenong Planning Scheme.

When approved, these plans will be endorsed and will form part of this permit.

2. Prior to the endorsement of plans, one (1) copy of an amended landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions. The amended landscape plan must be generally in accordance with the landscape plan submitted with the application but modified to show:
 - 2.1. Plans to accord with Condition 1 of this permit;

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 2.2. The site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
- 2.3. Details of the proposed layout, type and height of fencing;
- 2.4. Legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;
- 2.5. A plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;
- 2.6. Clearly identify all existing vegetation to be retained and removed;
- 2.7. Include an appropriate 'climber' planting species to for the arbour structures; and
- 2.8. Additional landscaping within the front car park area and storage cage spaces.

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the building is occupied.

3. Prior to the endorsement of plans, a Parking Management Plan must be submitted to and approved by the Responsible Authority identifying:
 - 3.1. The intended users for each parking bay; and
 - 3.2. Measures to control the allocation of car parking spaces, such as signage and line-marking.
4. Prior to the endorsement of plans, an Acoustic Assessment of the development must be submitted to and approved by the Responsible Authority. The assessment must be prepared by a suitably qualified acoustic engineer to the satisfaction of a Responsible Authority and must detail recommended treatments of the development and/or the adoption of appropriate measures to ensure that:
 - 4.1. Noise emissions from the development (including the operation of plant, transmission of noise between dwellings and the use of the car park) do not impact adversely on the amenity of occupants within the development and neighbouring properties; and

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 4.2. Noise emissions from the adjoining places of worship / places of assembly, including at times of festivals and events, do not impact adversely on the amenity of the occupants within the development.
5. Before the commencement of works (other than works required to comply with this condition), the owner of the land must to the satisfaction of the Responsible Authority:
 - 5.1. Engage an environmental auditor appointed under section 53S of the Environment Protection Act 1970 to prepare and submit to the satisfaction of the responsible authority a scope of the proposed audit which includes consideration of both landfill gas and odour risk;
 - 5.2. Have the environmental auditor conduct an audit under section 53V of the Environment Protection Act 1970 in accordance with the agreed scope;
 - 5.3. Implement any recommendations of the audit report; and
 - 5.4. If the risk assessment report or audit report requires ongoing management or monitoring, the owner must enter into an agreement under section 173 of the Planning and Environment Act 1987 with the responsible authority requiring the implementation of any ongoing requirements.
6. Before the development starts, a Construction Management Plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The Construction Management Plan must address, but is not limited to:
 - 6.1. Hours of construction, control of noise and airborne matter, deliveries, vehicle access, worker car parking, damage to public assets, and contact numbers for complaints;
 - 6.2. All Traffic Management Plans for the site demolition, excavation, deliveries and other construction related activities that will affect vehicle and pedestrian traffic;
 - 6.3. The location of all areas on-site and off-site to be used for construction staff parking;
 - 6.4. A Parking Management Plan for all associated construction vehicles;
 - 6.5. All site sheds, portable toilet, storage and materials, etc. must be confined to the land;
 - 6.6. The covering and maintenance of all roads/storage areas/external stockpiles/or vacant areas to avoid dust nuisance to any residential and commercial premises;
 - 6.7. A truck wheel-wash must be installed and used so vehicles leaving the site do not deposit mud or other materials on roadways;
 - 6.8. No water containing oil, foam, grease, scum or litter will be discharged to the stormwater drainage system from the land;

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 6.9. The amount of mud, dirt, sand, soil, clay or stones deposited by vehicles on the abutting roads is minimised when vehicles are leaving the land; and
- 6.10. The amount of mud, dirt, sand, soil, clay or stones deposited by vehicles on the abutting roads is minimised when vehicles are leaving the land; and
- 6.11. No mud, dirt, sand, soil, clay or stones are washed into, or are allowed to enter the stormwater drainage system.

When approved, the Construction Management Plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the endorsed Construction Management Plan must be implemented and complied with to the satisfaction of the Responsible Authority.

7. Before the development starts, drainage plans must be submitted to and approved by the Responsible Authority. Stormwater discharge is to be retained on site to the pre-development level of peak stormwater discharge, to the satisfaction of the Responsible Authority.
8. Before the development starts, tree protection fencing must be installed around all trees to be retained within the site and all street trees adjacent to the site on Clarke Road. Tree protection must be undertaken in accordance with AS4970-2009 and the submitted Arboricultural Assessment & Report (prepared by Glenn Waters and dated 15 September 2017). The tree protection measures must be inspected by Council before the development starts.
9. The use and development as shown on the endorsed plans must not be altered without the further written consent of the Responsible Authority.
10. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.
11. Except with the prior written consent of the Responsible Authority, the approved buildings must not be occupied until all buildings and works and the conditions of this permit have been complied with.
12. Except with the prior written consent of the Responsible Authority, before the development is occupied:
 - 12.1. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority;
 - 12.2. Access to the site and any associated roadwork must be constructed;

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

- 12.3. All parking areas and accessways must be:
- 12.3.1. Constructed and available for use in accordance with the plan approved by the responsible authority;
 - 12.3.2. Formed to such levels and drained so that they can be used in accordance with the plan; and
 - 12.3.3. Line-marked or provided with some other adequate means of showing the car parking spaces
- 12.4. All piping and ducting above the ground floor storey of the building, except downpipes, must be concealed;
- 12.5. All obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used;
- 12.6. All privacy screens and other measures to prevent overlooking as shown on the endorsed plans must be installed;
- 12.7. Landscaping in accordance with the endorsed landscaping plan and schedule must be completed; and
- 12.8. A report from the author of the endorsed Sustainability Management Plan, or similarly qualified person or company, must be submitted to the Responsible Authority.

The report must be to the satisfaction of the Responsible Authority and must confirm that all measures specified in the endorsed Sustainability Management Plan have been implemented in accordance with the approved Plan.

All to the satisfaction of the Responsible Authority.

13. The Retirement Village must be operated and managed in accordance with the Retirement Villages Act 1986, or as amended.
14. The development must be undertaken in accordance with the approved Sustainability Management Plan to the satisfaction of the Responsible Authority. No alterations to the SMP may occur without the prior written consent of the Responsible Authority.
15. The Waste Management Plan endorsed under this permit must be implemented to the satisfaction of the Responsible Authority.
16. The development must be constructed in accordance with the requirements and recommendations of the approved Acoustic Assessment to the satisfaction of the Responsible Authority.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

17. Except with the prior written consent of the Responsible Authority or as otherwise allowed by this permit, no vegetation shown on the endorsed plans to be retained may be felled, lopped, topped, ringbarked or otherwise destroyed or removed, unless hazardous.
18. Provision must be made for the drainage of the site, including landscaped and pavement areas, all to the satisfaction of the Responsible Authority.
19. The connection of the internal drainage infrastructure to the legal point of discharge must be to the satisfaction of the Responsible Authority.
20. No buildings or works may be constructed over any easement or other restriction on the land or any sewers, drains, pipes, wires or cables under the control of a public authority without the prior written consent of the relevant authority and the Responsible Authority.
21. Earthworks must be undertaken in a manner that minimises soil erosion. Exposed areas of soil must be stabilised to prevent soil erosion. The time for which soil remains exposed and unestablished must be minimised to the satisfaction of the Responsible Authority.
22. Sediment control measures must be undertaken during construction to the satisfaction of the Responsible Authority to ensure that the development subject land is adequately managed in such a way that no mud, dirt, sand, soil, clay or stones are washed into or allowed to enter the stormwater drainage system.
23. Any changes to external boundary fencing required for under this development shall be constructed at the cost of the owner, to the satisfaction of the Responsible Authority.
24. The landscaping shown on the endorsed plans must be maintained to the satisfaction of the Responsible Authority and used for no other purpose. Any dead, diseased or damaged plants are to be replaced.
25. In areas set aside for car parking, measures must be taken to prevent damage to fences or landscaping areas, all to the satisfaction of the Responsible Authority.
26. The car parking area must be lit if in use of hours of darkness, and all lights must be designed, fitted with suitable baffles and located to prevent any adverse effect on adjoining land, all to the satisfaction of the Responsible Authority.
27. The operator under this permit must make all reasonable attempts to ensure that no vehicle under the operators control, or the operator's staff, are parked in the streets nearby, all to the satisfaction of the Responsible Authority.
28. The operator under this permit must make all reasonable endeavours to ensure that all vehicles entering and exiting the site do so in a forward direction, all to the satisfaction of the Responsible Authority.
29. Car spaces, access lanes, loading bays and driveways must be maintained (including line marking) and kept available for these purposes at all times.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

30. The car parking provided on the land must always be kept available for its intended purpose at all times in accordance with the Parking Management Plan provided. No measures must be taken to restrict access to the car park.
31. The loading and unloading of goods from or to vehicles must only be carried out on the land within the designated loading bay and must not disrupt the circulation and parking of vehicles on the land, all to the satisfaction of the Responsible Authority.
32. The site operator must endeavour to prevent vehicles queuing on arrival along the public access road. Accordingly, access/driveways/roadways/aisles providing access to loading areas on-site must not be gated during operating hours without appropriate management measures or suitable queuing space on site, all to the satisfaction of the Responsible Authority.
33. The site shall be kept in a neat and tidy condition at all times, all to the satisfaction of the Responsible Authority.
34. The amenity of the area must not be detrimentally effected by the use or development on the land, through the:
 - 34.1. Transport of materials, goods or commodities to or from the land;
 - 34.2. Appearance of any building, works or materials;
 - 34.3. Emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil; and
 - 34.4. Presence of vermin.All to the satisfaction of the Responsible Authority.
35. No plant, equipment, services or architectural features other than those shown on the endorsed plans shall be constructed or located above the roof level of the buildings.
36. All plant and equipment must be installed and located so that it does not adversely affect the amenity of the area due to the emission of noise, to the satisfaction of the Responsible Authority.
37. Service units, including air conditioning/heating units, must not be located on any balcony areas or where they will be visible from any public area.
38. All glazing must at all times be maintained to the satisfaction of the Responsible Authority.
39. All privacy screens and other measures to prevent overlooking as shown on the endorsed plans must at all times be maintained to the satisfaction of the Responsible Authority.
40. All external lighting on the land must be located, directed and shielded and of such limited intensity that no nuisance or loss of amenity is caused beyond the boundaries of the land.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

41. Bins or other receptacles for any form of rubbish or refuse must not be placed or allowed to remain in view of the public, and unreasonable smell must not be emitted from any such receptacle.

Melbourne Water Conditions:

42. Prior to the issue of a Occupancy Permit, the Owner must enter into an agreement with Melbourne Water Corporation for the acceptance of surface and storm water from the subject land directly or indirectly into Melbourne Water's drainage systems and waterways. The agreement will provide for the provision of drainage works and other associated matters to the satisfaction of Melbourne Water.
43. This permit will expire if:
- 43.1. The development or any stage of it does not start within two (2) years of the date of this permit; or
 - 43.2. The development or any stage of it is not completed within four (4) years of the date of this permit; or
 - 43.3. The use does not commence within two (2) years of the completion of the development; or
 - 43.4. The use is discontinued for a period of two (2) years.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- 43.5. The request for the extension is made within twelve (12) months after the permit expires; and
- 43.6. The development or stage started lawfully before the permit expired.

Permit Notes:

A Vehicle Crossing Permit must be obtained from Council prior to construction of the vehicle crossings.

An Asset Protection Permit must be obtained from Council prior to the commencement of any buildings and works.

Any works undertaken within the road reservation and easements will require the developer to obtain a civil works permit from Council.

Building approval may be required prior to the commencement of any buildings and works.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Prior to the erection of any advertising signs on the land, consultation should be made with officers of the Planning Department to determine the relevant Planning Scheme controls.

Prior to drainage plans being approved, a plan checking fee of 0.75% and supervision fee of 2.5% of the estimated cost of works is to be paid to Council.

Prior to the final design being completed, the applicant should consult with Council's Infrastructure Planning Department in regard to the legal point of discharge for the site.

No buildings or works shall be constructed over any easement without the written consent of the relevant authorities.

LOST

This item was revisited after hearing Item 2.3.4. Minute No. 1155 has been placed in this location within the document for ease of understanding its context as it relates to Item 2.3.3.

MINUTE 1155

Moved by: Cr Matthew Kirwan

Seconded by: Cr Sean O'Reilly

That Council refuses the application on the basis that in the General Residential Zone, the preferred height is two storeys and in terms of the residential amenity impact of the proposed development on the two townhouses behind the property.

Assessment Table for Clause 22.09

Clause 22.09-3.1 Design Principles for all residential developments

Title /Objective	Principles	Principle met/Principle not met/NA
Safety	<p>To encourage the provision of safer residential neighbourhoods, new development should enable passive surveillance through designs that:</p> <ul style="list-style-type: none"> Incorporate active frontages including ground floor habitable room windows. Maximise the number of habitable room windows on all levels of residential buildings that overlook the public realm, streets, laneways, internal access ways and car parking areas. Use semi-transparent fences to the street frontage. Light communal spaces including main entrances and car parking areas with high mounted sensor-lights. Ensure that all main entrances are visible and easily identifiable from the street. 	<p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p>
Landscaping	<p>Locate non-habitable rooms such as bathrooms, away from entrances and street frontage.</p> <p>Residential development should:</p> <ul style="list-style-type: none"> Provide substantial, high quality on-site landscaping, including screen planting and canopy trees along ground level front and side and rear boundaries. Provide substantial, high quality landscaping along vehicular accessways. Include the planting of at least one substantial canopy tree to each front setback and ground level secluded private open space area. Planting trees that are common to and perform well in the area. Avoid the removal of existing mature trees by incorporating their retention into the site design. Use landscaping to soften the appearance of the built form when viewed from the street and to respect the amenity of adjoining properties. Ensure that landscaping also addresses the Safety Design Principles. Canopy trees should be planted in well proportioned setbacks/private open space that are sufficient to accommodate their future growth to maturity. Landscaping should minimise the impact of increased storm water runoff through water sensitive urban design and reduced impervious surfaces. 	<p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met, subject to conditions</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

	Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.	✓ Principle met
Car parking	The existing level of on-street car parking should be maintained by avoiding second crossovers on allotments with frontage widths less than 17 metres.	✓ Principle met
	On-site car parking should be: <ul style="list-style-type: none"> • Well integrated into the design of the building, • Generally hidden from view or appropriately screened where necessary, • Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level. 	✓ Principle met
	Where car parking is located within the front setback it should be: <ul style="list-style-type: none"> • Fully located within the site boundary; and • Capable of fully accommodating a vehicle between a garage or carport and the site boundary. Developments with basement car parking should consider flooding concerns where applicable.	✓ Principle met
Setbacks, front boundary and width	Residential developments should:	✓ Principle met
	Provide a front setback with fence design and height in keeping with the predominant street pattern.	✓ Principle met
	Maintain the apparent frontage width pattern.	✓ Principle met
	Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.	✓ Principle met
	Provide open or low scale front fences to allow a visual connection between landscaping in front gardens and street tree planting.	✓ Principle met
Private open space	All residential developments should provide good quality, useable private open space for each dwelling directly accessible from the main living area.	✓ Principle met
	Ground level private open space areas should be able to accommodate boundary landscaping, domestic services and outdoor furniture so as to maximise the useability of the space.	✓ Principle met
	Private open space should be positioned to maximise solar access.	✓ Principle met
	Upper floor levels of the same dwelling should avoid encroaching secluded private open space areas to ensure the solar access, useability and amenity of the space is not adversely affected.	✓ Principle met
	Upper level dwellings should avoid encroaching the secluded private open space of a separate lower level dwelling so as to ensure good solar access and amenity for the lower level dwelling.	✓ Principle met

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Bulk & Built Form	<p>All residential developments should respect the dominant façade pattern of the streetscape by:</p> <ul style="list-style-type: none"> Using similarly proportioned roof forms, windows, doors and verandahs; and Maintaining the proportion of wall space to windows and door openings. <p>Balconies should be designed to reduce the need for screening from adjoining dwellings and properties.</p> <p>The development of new dwellings to the rear of existing retained dwellings is discouraged where:</p> <ul style="list-style-type: none"> The siting of the retained dwelling would not enable an acceptable future site layout for either the proposed or future dwelling; or The retention of the existing dwelling detracts from the identified future character. <p>On sites adjacent to identified heritage buildings, infill development should respect the adjoining heritage by:</p> <ul style="list-style-type: none"> Not exceeding the height of the neighbouring significant building; Minimising the visibility of higher sections of the new building; and Setting higher sections back at least the depth of one room from the frontage. 	<p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>Not applicable</p>
Site Design	<p>Residential development should:</p> <ul style="list-style-type: none"> Preserve the amenity of adjoining dwellings through responsive site design that considers the privacy, solar access and outlook of adjoining properties. Maximise thermal performance and energy efficiency of the built form by addressing orientation, passive design and fabric performance Ensure that building height, massing articulation responds sensitively to existing residential interfaces, site circumstances, setbacks and streetscape and reduces the need for screening. Provide sufficient setbacks (including the location of basements) to ensure the retention of existing trees and to accommodate the future growth of new trees. Provide suitable storage provisions for the management of operational waste Appropriately located suitable facilities to encourage public transport use, cycling and walking. <p>Residential development should:</p> <ul style="list-style-type: none"> Use quality, durable building materials and finishes that are designed for residential purposes. 	<p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p> <p>✓ Principle met</p>
Materials & Finishes	<p>Residential development should:</p> <ul style="list-style-type: none"> Use quality, durable building materials and finishes that are designed for residential purposes. 	<p>✓ Principle met</p> <p>The materials and finishes of the building are not typical of residential developments but the proposal is for a different type of land use and is considered appropriate in context of the surrounding area.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

	Avoid the use of commercial or industrial style building materials and finishes.	✘ Principle not met As above
	Avoid using materials such as rendered cement sheeting, unarticulated surfaces and excessive repetitive use of materials.	✔ Principle met
	Use a consistent simple palette of materials, colours finishes and architectural detailing.	✔ Principle met
	Maximise the ongoing affordability and sustainability of residential developments through the selection of low maintenance, resource and energy efficient materials and finishes that can be reasonably expected to endure for the life of the building.	✔ Principle met
Domestic services normal to a dwelling and Building services	In order to minimise the impact of domestic and building services on the streetscape, adjacent properties, public realm and amenity of future residents, new residential development should:	
	Ensure that all domestic and building services are visually integrated into the design of the building and appropriately positioned or screened so as to not be seen from the street or adjoining properties.	✔ Principle met
	Be designed to avoid the location of domestic and building services: <ul style="list-style-type: none"> • Within secluded private open space areas, including balconies; and • Where they may have noise impacts on adjoining habitable rooms and secluded private open space areas. 	✔ Principle met
Internal Amenity	Residential development should:	
	Ensure that dwelling layouts have connectivity between the main living area and private open space.	✔ Principle met
	Be designed to avoid reliance on borrowed light to habitable rooms.	✔ Principle met
	Ensure that balconies and habitable room windows are designed and located to reduce the need for excessive screening.	✔ Principle met
	Ensure that dwellings without ground level main living areas meet the Standards of Clauses 55.03-5, 55.04-1, 6 & 7, 55.05-3, 4 & 5.	✔ Principle met

ORDINARY COUNCIL MEETING - MINUTES

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Clause 22.09-3.3 Design principles for Incremental Change Areas – General Residential Zone (GRZ)

Titles & Objectives	Principles	Principle met/Principle not met/NA
Preferred housing type	The preferred housing type for the Incremental Change Area is medium density.	<p>* Principle not met</p> <p>The development provides a different form of development than the preferred housing type but it is acknowledged that the proposal is for a different type of land use.</p>
Building Height	The preferred maximum building height for land within the GRZ1 and GRZ2 is up to 2 storeys, including ground level.	<p>* Principle not met</p> <p>The building is 3 storeys in height but is considered appropriate based on the surrounding built form</p>
Landscaping	Residential development should use landscaping to create a landscaped character, particularly canopy trees in front and rear gardens; and to protect the outlook of adjoining properties	<p>✓ Principle met</p> <p>The development includes a high level of proposed landscaping</p>
Setbacks, front boundary and width	Parking, paving and car access within the front boundary setback should be limited in order to maximise the opportunity for soft landscaping and prevent the over dominance of carports and garages in the street.	<p>✓ Principle met</p> <p>While a access and parking is provided within the front setback, it is considered appropriate based on the surrounding pattern of development and high level of landscaping proposed.</p>
Private open space	Residential development should provide secluded private open space at the side or rear of each dwelling to avoid the need for excessive screening or high front fencing.	<p>Not applicable</p>
Bulk & Built Form	Residential development should: Ensure that the built form respects the scale of existing prevailing built form character and responds to site circumstances and streetscape; Provide separation between dwellings at the upper level;	<p>✓ Principle met</p> <p>✓ Principle met</p> <p>The development consists of one building only but includes varied materials and design features to help articulate the development.</p>

Assessment Table - Clause 52.06

Clause 52.06-10 Decision guidelines

Before deciding that a plan prepared under Clause 52.06-8 is satisfactory the responsible authority must consider, as appropriate:

Design Guidelines	Assessment	Requirement met/Requirement not met/NA
<p>Design guidelines</p> <ul style="list-style-type: none"> • The role and function of nearby roads and the ease and safety with which vehicles gain access to the site. • The ease and safety with which vehicles access and circulate within the parking area. • The provision for pedestrian movement within and around the parking area. • The provision of parking facilities for cyclists and disabled people. • The protection and enhancement of the streetscape. • The provision of landscaping for screening and shade. • The measures proposed to enhance the security of people using the parking area particularly at night. • The amenity of the locality and any increased noise or disturbance to dwellings and the amenity of pedestrians. • The workability and allocation of spaces of any mechanical parking arrangement. • The design and construction standards proposed for paving, drainage, line marking, signage, lighting and other relevant matters. • The type and size of vehicle likely to use the parking area. • Whether the layout of car parking spaces and access lanes is consistent with the specific standards or an appropriate variation. • The need for the required car parking spaces to adjoin the premises used by the occupier/s, if the land is used by more than one occupier. • Whether the layout of car spaces and accessways are consistent with Australian Standards AS2890.1-2004 (off street) and AS2890.6-2009 (disabled). • The relevant standards of Clauses 56.06-2, 56.06-4, 56.06-5, 56.06-7 and 56.06-8 for residential developments with accessways longer than 60 metres or serving 16 or more dwellings. • Any other matter specified in a schedule to the Parking Overlay. 		<p>Subject to conditions, the proposed car parking is considered appropriate for the following reasons:</p> <ul style="list-style-type: none"> • It facilitates safe and convenient vehicle and pedestrian access to the retirement village; • It provides facilities for bicycles and disabled persons; • It includes landscaping and other design features to enhance the streetscape and provide screening and shade; • It includes appropriate security features, including gates and lighting; • It is not located near any noise-sensitive areas; and • It includes areas for loading and unloading;

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.3.3 Town Planning Application - No. 173-191 Clarke Road, Springvale South (Planning Application No. PLN17/0764) (Cont.)

Clause 52.06-9 Design standards for car parking

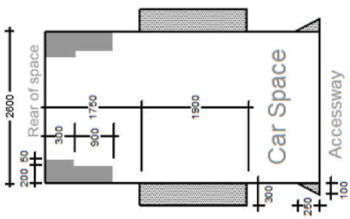

Plans prepared in accordance with Clause 52.06-8 must meet the design standards of Clause 52.06-9, unless the responsible authority agrees otherwise. Design standards 1, 3, 6 and 7 do not apply to an application to construct one dwelling on a lot.

Design Standards	Assessment	Requirement met/Requirement not met/NA
<p>Design standard 1 - Accessways</p>	<p>Accessways must:</p> <ul style="list-style-type: none"> • Be at least 3 metres wide. • Have an internal radius of at least 4 metres at changes of direction or intersection or be at least 4.2 metres wide. • Allow vehicles parked in the last space of a dead-end accessway in public car parks to exit in a forward direction with one manoeuvre. • Provide at least 2.1 metres headroom beneath overhead obstructions, calculated for a vehicle with a wheel base of 2.8 metres. • If the accessway serves four or more car spaces or connects to a road in a Road Zone, the accessway must be designed so that cars can exit the site in a forward direction. • Provide a passing area at the entrance at least 5 metres wide and 7 metres long if the accessway serves ten or more car parking spaces and is either more than 50 metres long or connects to a road in Road Zone. • Have a corner splay or area at least 50 percent clear of visual obstructions extending at least 2 metres along the frontage road from the edge of an exit lane and 2.5 metres along the exit lane from the frontage, to provide a clear view of pedestrians on the footpath of the frontage road. The area clear of visual obstructions may include an adjacent entry or exit lane where more than one lane is provided, or adjacent landscaped areas, provided the landscaping in those areas is less than 900mm in height. <p>If an accessway to four or more car parking spaces is from land in a Road Zone, the access to the car spaces must be at least 6 metres from the road carriageway.</p> <p>If entry to the car space is from a road, the width of the accessway may include the road.</p>	<p>✓ Standard met</p> <p>✓ Standard met</p> <p>✓ Standard met</p> <p>✓ Standard met</p> <p>✓ Standard met</p> <p>✓ Standard met</p> <p>✓ Standard met</p> <p>✓ Standard met, via conditions</p> <p>Not applicable</p> <p>Not applicable</p>

	Design of car parks must take into account their use as entry points to the site.	✓ Standard met
	Design of new internal streets in developments must maximise on street parking opportunities.	Not applicable
	Car parking must be well lit and clearly signed.	✓ Standard met, via conditions
	The design of car parks must maximise natural surveillance and pedestrian visibility from adjacent buildings.	✓ Standard met
	Pedestrian access to car parking areas from the street must be convenient.	✓ Standard met
	Pedestrian routes through car parking areas and building entries and other destination points must be clearly marked and separated from traffic in high activity parking areas.	✓ Standard met
	The layout of car parking areas must provide for water sensitive urban design treatment and landscaping.	✓ Standard met
	Landscaping and trees must be planted to provide shade and shelter, soften the appearance of ground level car parking and aid in the clear identification of pedestrian paths.	✓ Standard met
	Ground level car parking spaces must include trees planted with flush grilles. Spacing of trees must be determined having regard to the expected size of the selected species at maturity.	✓ Standard met
Design standard 6: Safety		
Design standard 7: Landscaping		

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01)

File Id:	296825
Responsible Officer:	Director City Planning, Design and Amenity
Attachments:	Permit PLN18/0716 and Endorsed Plans Dandenong RSL Liquor Licence Proposed Alcohol Management Plan

Application Summary

Applicant:	Juliette Lovett (Urbis)
Proposal:	Amendment to permit including the deletion of condition 4
Zone:	Comprehensive Development Zone Schedule 2
Overlay:	None
Ward:	Red Gum

This application has been brought to a Council meeting as it seeks to amend a liquor licence permit. All applications for a liquor licence (where they are not associated with a convenience restaurant, restaurant or take away food premises) must be determined at a Council meeting.

Planning Permit PLN18/0716 was issued at a Council meeting on 12 March 2019 for buildings and works to an existing RSL and to use land to sell or consume liquor (to increase the area liquor is allowed to be consumed or supplied). Primarily, it permitted a 38sqm extension to a store room and a small 5sqm extension to the gaming room smoking area and extend the existing red line area to include both of these areas. In issuing this permit, a condition (Condition 4) was included to limit operating hours (previously there was no restriction on the hours of operation for the site). Plans were subsequently endorsed to the permit on the same date.

The applicant has applied for an amendment to Planning Permit PLN18/0716 under Section 72 of the *Planning and Environment Act 1987*. Pursuant to Section 72(1) *a person who is entitled to use or develop land in accordance with a permit may apply to the responsible authority for an amendment to the permit.*

Pursuant to Section 73(1) and (1)(a) an amendment to the permit is treated *as if the application were an application for a permit.* As such, all third party rights apply.

Specifically, the amendment application seeks the following:

- Delete Condition 4 of the Permit which requires:

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

4. *Except with the prior written consent of the Responsible Authority, the sale and consumption of liquor may only occur between the following hours:*
- 4.1. *Monday to Wednesday 9am to 12 midnight*;
Thursday 9am to 1am the following day*;
Friday 9am to 1:30am the following day*;
Saturday 10am to 1am the following day*;
Sunday 10am to 12 midnight*;*
- *Except Good Friday and ANZAC Day;*
- 4.2. *Good Friday between 12 noon and 12 midnight;*
- 4.3. *ANZAC Day between 12 noon and 11:30pm.*

Assessment Summary

The key issue in determining the appropriateness of deleting condition 4 of the permit (and the restricted hours for the premises along with it), is whether it is acceptable to allow the premises unrestricted hours for the sale and consumption of liquor.

The Dandenong RSL has operated from the site since 1994. The use and development of the land for the Dandenong RSL was approved as part of Planning Scheme Amendment L24 which specifically designated this land for the RSL. The premises were not restricted to any hours of operation under that Amendment.

Council's approval under Permit PLN18/0716 was limited to buildings and works which included a small increase of the area that liquor was allowed to be consumed or supplied under a licence. The Dandenong RSL has a Full Club Licence issued by the Victorian Commission for Gambling and Liquor Regulation (VCGLR), which allows the premises to trade *at any time on any day except for Sunday, Good Friday and ANZAC Day where trading is permitted between 12 midday and 1am, and 10am and 1am the following day. A copy of the Liquor Licence is included as Attachment 2.*

A previous request to increase the area that liquor is allowed to be consumed or supplied under a licence was approved by the Minister for Planning in a letter dated 23 May 2007, with an accompanying plan confirming the area of land (red line area) which was permitted. Even at that time there were no restricted hours associated with that approval.

Condition 4 was imposed as part of Planning Permit PLN18/0716, based on information provided in the applicants Alcohol Management Plan, rather than a specific need of Council.

As the hours imposed by Condition 4 of the permit restrict the hours provided by the VCGLR, and was based on information provided by the applicant, it is considered acceptable to delete Condition 4 of the permit as the premises would continue to satisfy the purpose of Clause 52.27 – Licensed Premises of the Greater Dandenong Planning Scheme.

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)**Recommendation Summary**

As assessed, the proposal is consistent with and appropriately responds to the provisions of the Greater Dandenong Planning Scheme. The proposal appropriately responds to the State and Local policy as well as the purposes of the zone which applies to the subject site. This report recommends that the application be supported, and that a **Permit be granted** subject to conditions as set out in the recommendation.

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)**Subject Site and Surrounds****Subject Site**

- The subject site is occupied by the Dandenong RSL and associated car parking area. The RSL includes a bistro, members lounge, electronic gaming machines and other ancillary components.
- The site is triangular in shape, with an overall area of 8,870 square metres.
- The site is located at the corner of Stud Road and Clow Street.
- The site has a frontage to Clow Street of approximately 100 metres and a frontage to Stud Road of approximately 120 metres.
- The site is generally flat, however, there is a large retaining wall and garden embankment on the northern and western boundaries to Stud Road and Clow Street intersection. The site is set down lower than the finished level of the intersection of Stud Road and Clow Street.
- The site is currently accessed using the car parking and access for the Plaza Shopping Centre.
- There is a two (2) metre wide Melbourne Water sewerage easement running through the site, however, the proposed buildings and works do not cover this easement.

Surrounding Area

- The subject site is located within the Central Dandenong Activity Centre.
- The site is within the Comprehensive Development Zone Schedule 2 of Central Dandenong.
- The properties abutting the site are summarised as follows:
 - To the **south** and **west** is the Dandenong Plaza shopping centre and car park.
 - To the **east** is Stud Road. Further east are single storey residential dwellings in a Residential Growth Zone Schedule 1. Access to these properties is off Foster street East and Clow Street (not Stud Road). A high timber fence along the western boundary of these properties faces the subject site.
 - To the **north** is Clow Street. Further north are single and double storey residential dwellings, a four storey apartment building and a petrol station all in a Residential Growth Zone Schedule 1. Access to these properties is off Clow Street.
 - To the **north-east** diagonally across the intersection of Clow Street and Stud Road is a Hungry Jacks convenience restaurant.

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

Locality Plan

Background

Previous Applications

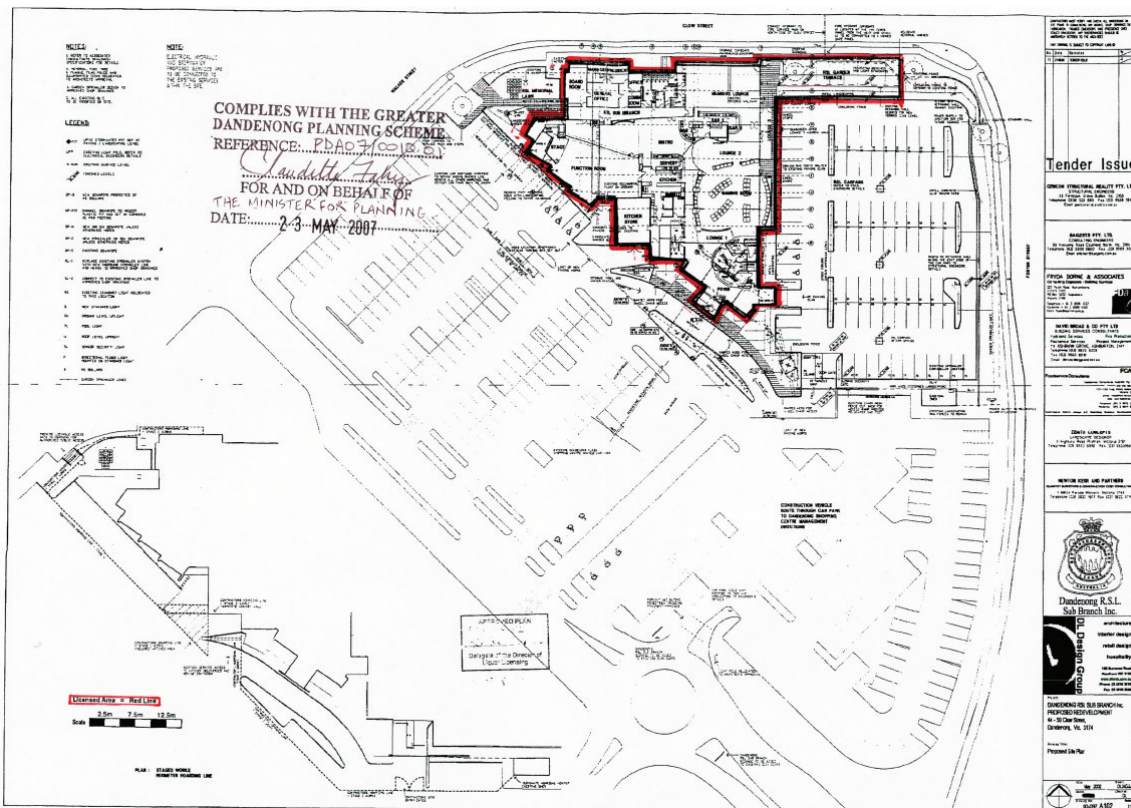

A search of Council records revealed that Council has previously considered the following planning applications for the site:

- The RSL was constructed as part of Planning Scheme Amendment L24 which included the rezoning of land in the vicinity of Walker Street, Clow Street, Stud Road extension and Foster Street, the closing of Rudduck Street, along with the development of the site currently known as the Dandenong Plaza.

ORDINARY COUNCIL MEETING - MINUTES

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

- Planning Permit No. 99/496 was issued by the City of Greater Dandenong on 14 March 2000 for *additions and alterations to the existing RSL premises, including the construction of a two-level car park area above the existing bowling green on the corner of Clow Street and Stud Road*. This permit was not acted upon.
- Planning Permit PLN01/0779 issued on 11 June 2002. This Permit was issued for *buildings and works, including alterations and additions to the existing Returned Services League (RSL) premises, with associated car parking and landscaping*. This Permit required a minimum of 140 spaces to be provided on the site within the former bowling green area and within the designated shared parking area (shared with the Dandenong Plaza), though 90 of these spaces were to be for the sole use of RSL patrons (on the former bowling green). An amended plan, endorsed on 25 July 2002, allowed the 90 spaces for the sole use of RSL patrons to be reduced to 85.
- PLN05/0626 was issued in 2005 for *'buildings and works comprising an extension to the existing building and a reduction in car parking'*
- PDA07/0010 was a request to amend planning permit PLN05/0626 to include *'extension of the red line area'* in the permit preamble. The amendment was never issued. Instead, the Minister for Planning issued a letter stating that the licensed area did not contravene the Greater Dandenong Planning Scheme. The letter (dated 23 May 2007) was accompanied by a plan that stated that the red line area did not contravene the Greater Dandenong Planning Scheme. See image below;

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

Proposal

The existing RSL provides facilities to members and guests including a bistro, members lounge, electronic gaming machines and other ancillary components.

The application proposes to Amend Planning Permit PLN17/0106 under Section 72 of the Planning and Environment Act 1987, by way of the following:

Delete Condition 4

The applicant is proposing to delete condition 4 (as detailed above) of the permit as it restricts the hours of operation.

A copy of the permit and plans is included as Attachment 1.

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Financial Implications

No financial resources are impacted by this report.

Planning Scheme and Policy Frameworks

The applicant has applied for an amendment to Planning Permit PLN17/0106 under Section 72 of the *Planning and Environment Act 1987*. Pursuant to Section 72(1) *a person who is entitled to use or develop land in accordance with a permit may apply to the responsible authority for an amendment to the permit.*

The relevant controls and policies are as follows:

Zoning Controls

The subject site is located in a Comprehensive Development Zone.

The purpose of the Comprehensive Development Zone outlined at Clause 37.02 is:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To provide for a range of uses and the development of land in accordance with a comprehensive development plan incorporated in this scheme.*

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

Pursuant to Clause 32.02-4, a permit is required to construct a building or construct or carry out works.

The Central Dandenong Comprehensive Development Plan, August 2010 applies. The site is located within precinct D, where the use and development objectives are:

- *To create a mix of business and employment uses such as enclosed retail at ground level.*
- *To encourage high density residential and office development above the ground floor level.*
- *To require enclosed retail to integrate with the public realm at the ground floor level.*
- *To better integrate existing enclosed shopping centres with the surrounding land and streetscapes.*
- *To encourage residential development at upper storey levels.*

Overlay Controls

No overlays affect the subject site or surrounding area.

Planning Policy Framework

There are a number of specific objectives contained within the Planning Policy Framework that need to be considered under this application, which follow.

Economic Development (Clause 17)

Under this clause, it notes that planning is to provide for a strong and innovative economy, where all sectors of the economy are critical to economic prosperity, and planning is to contribute to the economic well-being of communities and the State as a whole by supporting and fostering economic growth and development by providing land, facilitating decisions, and resolving land use conflicts so that each district may build on its strengths and achieve its economic potential.

Clause 17.01-1 (Business) has the objective to encourage development which meets the community's needs for retail, entertainment, office and other commercial services and provides net community benefit in relation to accessibility, efficient infrastructure use and the aggregation and sustainability of commercial facilities.

Local Planning Policy Framework

The Local Planning Policy Framework (LPPF) includes the Municipal Strategic Statement (MSS) and Local Policies.

Municipal Profile (Clause 21.02)

The MSS is contained within Clause 21 of the Scheme. The MSS at **Clause 21.02** focuses on the **Municipal Profile**.

A Vision for Greater Dandenong (Clause 21.03)

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

A **Vision for Greater Dandenong** is outlined at **Clause 21.03**. One of the key focus areas and strategic directions is to *showcase central Dandenong as a preferred destination for high quality government services, housing, commercial, retail and **entertainment activities***.

The objectives and strategies of the MSS are under four (4) main themes including: land use; built form; open space and natural environment; and, infrastructure and transportation (considered individually under Clauses 21.04 to 21.07). Of particular relevance to this application are Clauses 21.04-2 (Retail, commerce and entertainment) and 21.05-1 (Urban design, character, streetscapes and landscapes).

Land Use (Clause 21.04)

“Economic issues – Greater Dandenong’s retail, commercial, industrial and entertainment uses provide a range of jobs. Strengthening these assets will attract visitors from outside the municipality and improve employment opportunities. With suitable promotion, they could realise increased economic benefits for the City.”

“Social issues – Local retail centres can act as a focus for local communities helping strengthen local connections. Entertainment and associated uses are important in maintaining local cultural vitality but need to be managed to avoid late night disturbances to surrounding residents, and inadequate provision of car parking.”

Central Dandenong Local Planning Policy (Clause 22.07)

This policy applies to all land within the Central Dandenong Metropolitan Activity Centre boundary as described in this policy. This policy articulates Council’s vision, which is the culmination of extensive strategic planning and sets the framework for future land use and development over the next thirty years.

Particular Provisions

Car Parking (Clause 52.06)

The purposes of this provision are:

- *To ensure that car parking is provided in accordance with the Planning Policy Framework and Local Planning Policy Framework.*
- *To ensure the provision of an appropriate number of car parking spaces having regard to the demands likely to be generated, the activities on the land and the nature of the locality.*
- *To support sustainable transport alternatives to the motor car.*
- *To promote the efficient use of car parking spaces through the consolidation of car parking facilities.*
- *To ensure that car parking does not adversely affect the amenity of the locality.*
- *To ensure that the design and location of car parking is of a high standard, creates a safe environment for users and enables easy and efficient use.*

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

Clause 52.06-2 notes that before the floor area of an existing use is increased, the number of car parking spaces required under Clause 52.06-5 must be provided on the land.

The required spaces are identified in the table to Clause 52.06-5.

The table at Clause 52.06-5 specifies that the following car parking rate is required for the use of the land for hotel and tavern:

- 3.5 spaces to each 100 square metres of leasable floor area.

Car parking is to be designed and constructed in accordance with the requirements of Clause 52.06-8 and 52.06-10 of the Scheme.

The required number of car parking spaces is provided on the land, therefore, the applicant is not seeking a reduction in the car parking required. This will be further discussed below.

Licensed Premises (Clause 52.27)

The purposes of this provision are:

- *To ensure that licensed premises are situated in appropriate locations.*
- *To ensure that the impact of the licensed premises on the amenity of the surrounding area is considered.*

A planning permit is required to use land to sell or consume liquor if the area that liquor is allowed to be consumed or supplied under a licence is to be increased. This will be further discussed below.

Bicycle Facilities (Clause 52.34)

The purposes of this provision are:

- *To encourage cycling as a mode of transport.*
- *To provide secure, accessible and convenient bicycle parking spaces and associated shower and change facilities.*

Clause 52.34-1 notes that the floor area of an existing use must not be increased until the required bicycle facilities and associated signage has been provided on the land.

The required facilities are identified in the table to Clause 52.34-3.

The table at Clause 52.34-3 specifies that the following bicycle facilities are required for the use of the land for hotel:

- For employees: 1 to each 25 square metres of bar floor area available to the public, plus 1 to each 100 square metres of lounge floor area available to the public
- For visitors: 1 to each 25 square metres of bar floor area available to the public, plus 1 to each 100 square meters of lounge floor area available to the public

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

The design of bicycle spaces should be designed in accordance with the requirements of Clause 52.34-4 of the Scheme.

No changes are proposed to the bar floor area available to the public. No change is proposed to the lounge floor area available to the public. Therefore, the applicant is not seeking a reduction in the bicycle facilities required.

General Provisions

Clause 65 – Decision Guidelines needs to be considered, as is the case with all applications. For this application the requirements of Clause 65.01 for the approval of an application or plan is of relevance. This Clause outlines the requirements that the responsible authority must consider when determining the application.

Council Policy**Alcohol Management Policy**

Council's Alcohol Management Policy has been developed to support the City's economic vitality, while enhancing safety, amenity, health and wellbeing in the City of Greater Dandenong through the effective assessment and enforcement of matters relevant to alcohol supply and use within the municipality.

The Policy is intended to apply to all new liquor licences, including those for events and activities in Council venues. The Policy creates a consistent and integrated approach across planning, regulation, enforcement and community safety activities of Council.

The Policy ensures that applicants for planning permits where a liquor licence is required, prepare an Alcohol Management Plan as part of their application. An Alcohol Management Plan must be completed in order to manage and mitigate potential risks with the provision of alcohol.

Information Guidelines have been developed to assist applicants with the preparation of Alcohol Management Plans. The draft Guidelines also provide a checklist to explain to applicants how Council planners will assess liquor licence applications and to seek to improve future applicant's understanding of the responsibilities and potential risks associated with the sale of alcohol.

This policy was adopted on 9 December 2013 and re-adopted on 9 April 2018.

Restrictive Covenants

Agreement U579599S- refers to the car park for the RSL being kept open and accessible, fencing common boundary when the site is no longer used as an RSL, management of the car park, and requires any redevelopment to comply with the provisions of the scheme and car parking to be provided in accordance with the scheme.

The proposal will not breach the agreement. No changes are proposed to the existing car parking spaces. The proposed buildings and works do not require any additional car parking spaces to be provided. The site is in compliance with the requirements of Clause 52.06 for car parking.

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. In accordance with the commitment in Council's Annual Plan, all applications are considered on their merits.

Diversity (Access & Equity)

It is not considered that the proposal raises any diversity issues affecting the planning assessment of this application.

Community Safety

It is considered that there would be no adverse community safety implications in permitting the proposal subject to strict conditions on any planning permit issued.

Safe Design Guidelines

Consideration of the relevant requirements of these Guidelines has been undertaken within the Assessment of this application.

Referrals

The application was externally referred to the Victorian Commission for Gambling and Liquor Regulation (VCGLR) for comment. The VCGLR did not object to the proposal.

Internal

The application was internally referred to Council's Community Services Department for their consideration. Council's Community Services Department did not object to the proposal.

Advertising

Under the initial permit application (PLN18/0716), the application was not advertised to the public for the following reasons:

- No change is proposed to the total number of patrons allowed on site.
- No change is proposed to the existing hours of operation.
- There is no change to the existing car parking numbers or layout.
- The small increase in floor area does not require any additional car parking to be provided.
- The small change to the red line area is to accommodate the expansion of the storage room and gaming room smoking area. The addition to the storage room is only 38.4 square metres, is enclosed and is located in the south west corner of the site facing the shopping centre. The small addition to the existing gaming room smoking area is only 5.82 square metres in area and is located on the east, adjacent to the existing car parking area and well setback from the property boundaries.

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

The application was not advertised to the public for this current application as:

- The applicant is not seeking to alter their current hours of operation.
- The applicant has an approved liquor licence to sell or consume liquor on-site beyond the hours implemented by condition 4.

Assessment

The proposed amendment must be considered against the relevant provisions of the Greater Dandenong Planning Scheme, including the purpose and intent of the Comprehensive Development Zone (Schedule 2).

An assessment against the amendment sought is provided below:

Delete Condition 4 of the Permit

The application seeks to amend the existing permit which was issued for an extension of the floor area and red line area to the Dandenong RSL. The previous red line area was approved by the Minister for Planning in a letter and plan dated 23 May 2007. Based on information provided in the applicants Alcohol Management Plan, Council included Condition 4 on the permit which required:

4. *Except with the prior written consent of the Responsible Authority, the sale and consumption of liquor may only occur between the following hours:*
 - 4.1. *Monday to Wednesday 9am to 12 midnight*;
Thursday 9am to 1am the following day*;
Friday 9am to 1:30am the following day*;
Saturday 10am to 1am the following day*;
Sunday 10am to 12 midnight*;*

**Except Good Friday and ANZAC Day;*
 - 4.2. *Good Friday between 12 noon and 12 midnight;*
 - 4.3. *ANZAC Day between 12 noon and 11:30pm.*

The applicant has now advised that they did not propose to amend the existing hours of operation, however the Alcohol Management Plan unintendedly included the standard hours of operation rather than the venues ability to trade 24 hours a day (with the exception of Sunday, Good Friday and Anzac Day), in accordance with their Full Club Licence.

Pursuant to Condition 4 of the Planning Permit PLN18/0716 the RSL no longer have the flexibility to trade later than the hours provided in Condition 4 of the permit, in accordance with its liquor licence. The applicant submits that this is an inconsistent and unnecessary constraint.

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

The RSL's Liquor Licence granted by the Victorian Commission for Gambling and Liquor Regulation (VCGLR) is a Full Club Licence which provides the premises with the following trade hours:

At any time on any day except for Sunday, Good Friday and ANZAC Day where trading is permitted between 12 midday and 1am, and 10am and 1am the following day.

While the subject premise generally trades in line with the hours provided under condition 4 of the permit, until the imposition of Condition 4, the RSL was not limited to any operating hours under previous permit approvals. An Amended Alcohol Management Plan has been submitted with the application outlining the premises standard hours of operation and the hours permitted by the Full Club Licence.

Council officers find the deletion of Condition 4 acceptable, on the grounds that the premises have operated without restricted hours of operation for a substantial period and has not caused detrimental amenity impacts to the adjoining or surrounding land. Furthermore, planning permit PLN18/0716 only sought very minor increases in the red line area, and the imposition of introducing restrictions on the hours of operation across all of the long-established red line area is considered unnecessary. It is important to note that the condition was only imposed based on the Alcohol Management Plan submitted by the applicant. It has now been clarified that this was not intended to restrict the hours or operation, and as such officers are supportive of removing this condition. It should also be noted that should the applicant decide not to pursue these small extensions, they would not be required to abide by this restriction in hours in any case. The amendment of the permit would allow the previous scenario to continue wherein the RSL could trade for extended hours at their discretion, which is considered appropriate.

Conclusion

As discussed within the Assessment section of this report, the amendment seeks to delete Condition 4 of the permit. Overall, Council officers find that the proposal complies with the relevant provisions of the Planning Scheme with the following recommendations outlined below.

It is recommended that the following amendments to the permit be made:

Permit detail	Recommendation
Delete Condition 4	4. Deleted

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)**Recommendation**

That Council resolves to Grant a planning permit in respect of the land known and described as No. 44 Clow Street, Dandenong, for the purpose of buildings and works to an existing RSL and to use land to sell or consume liquor (to increase the area the liquor is allowed to be consumed or supplied) in accordance with the plans submitted with the application subject to the following conditions:

- 1. The development as shown on the endorsed plans must not be altered without the further written consent of the Responsible Authority.**
- 2. Once the development has started, it must be continued and completed in accordance with the endorsed plans, to the satisfaction of the Responsible Authority.**
- 3. Wheel stops must be installed within the car parking spaces adjacent to the gaming room smoking area extension, in accordance with the relevant Australian Standards.**
- 4. Deleted.**
- 5. The sale and consumption of liquor must comply with the endorsed Alcohol Management Plan at all times.**
- 6. Noise emitted from the premises must not exceed the permissible noise levels determined in accordance with the State Environment Protection Policy (Control of Music Noise from Public Premises) No. N-2.**
- 7. The operator or security staff of the premises must take reasonable steps to ensure that patrons leaving the premises act in an orderly manner and to the extent reasonably practicable must discourage patrons from loitering within the vicinity of surrounding residences.**
- 8. At all times when the approved use is operating, a person over the age of 18 years (Manager) must be present at the premises. The Manager must ensure that activities on the land and the conduct of persons entering, leaving and present on the land do not have a detrimental impact on the amenity of the area to the satisfaction of the Responsible Authority.**

The operator must authorise the Manager on behalf of the operator to make statements at any time to any officer of the Responsible Authority, the

Victoria Police or an authorised person defined under the *Liquor Control Reform Act 1998* and to take action in accordance with a direction by such officer.

- 9. All wastes must be disposed of to the satisfaction of the Responsible Authority and no liquid waste or polluted waters shall be discharged into a sewer or stormwater drainage system.**

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

- 10. Rubbish, including bottles and packaging material, must at all times be stored within the building and screened from external view (except when collection is to occur the following morning).**

- 11. This permit will expire if one of the following circumstances applies:**
 - 11.1. the development or any stage of it does not start within two (2) years of the date of this permit, or**
 - 11.2. The development or any stage of it is not completed within four (4) years of the date of this permit.**
 - 11.3. the use does not start within one (1) year of the completion of the development, or**
 - 11.4. the use is discontinued for a period of two (2) years.**

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- (a) the request for the extension is made within twelve (12) months after the permit expires; and**
- (b) the development or stage started lawfully before the permit expired.**

Permit notes:

- A building approval may be required prior to the commencement of the approved works.**
- The operator must obtain the relevant licence from the Victorian Commission for Gambling and Liquor Regulation prior to the sale and/or consumption of liquor from the premises.**

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)**MINUTE 1154**

Moved by: Cr Matthew Kirwan

Seconded by: Cr Sean O'Reilly

That Council resolves to Grant a planning permit in respect of the land known and described as No. 44 Clow Street, Dandenong, for the purpose of buildings and works to an existing RSL and to use land to sell or consume liquor (to increase the area the liquor is allowed to be consumed or supplied) in accordance with the plans submitted with the application subject to the following conditions:

- 1. The development as shown on the endorsed plans must not be altered without the further written consent of the Responsible Authority.**
- 2. Once the development has started, it must be continued and completed in accordance with the endorsed plans, to the satisfaction of the Responsible Authority.**
- 3. Wheel stops must be installed within the car parking spaces adjacent to the gaming room smoking area extension, in accordance with the relevant Australian Standards.**
- 4. Deleted.**
- 5. The sale and consumption of liquor must comply with the endorsed Alcohol Management Plan at all times.**
- 6. Noise emitted from the premises must not exceed the permissible noise levels determined in accordance with the State Environment Protection Policy (Control of Music Noise from Public Premises) No. N-2.**
- 7. The operator or security staff of the premises must take reasonable steps to ensure that patrons leaving the premises act in an orderly manner and to the extent reasonably practicable must discourage patrons from loitering within the vicinity of surrounding residences.**
- 8. At all times when the approved use is operating, a person over the age of 18 years (Manager) must be present at the premises. The Manager must ensure that activities on the land and the conduct of persons entering, leaving and present on the land do not have a detrimental impact on the amenity of the area to the satisfaction of the Responsible Authority.**

The operator must authorise the Manager on behalf of the operator to make statements at any time to any officer of the Responsible Authority, the

Victoria Police or an authorised person defined under the *Liquor Control Reform Act 1998* and to take action in accordance with a direction by such officer.

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

9. All wastes must be disposed of to the satisfaction of the Responsible Authority and no liquid waste or polluted waters shall be discharged into a sewer or stormwater drainage system.
10. Rubbish, including bottles and packaging material, must at all times be stored within the building and screened from external view (except when collection is to occur the following morning).
11. This permit will expire if one of the following circumstances applies:
 - 11.1. the development or any stage of it does not start within two (2) years of the date of this permit, or
 - 11.2. The development or any stage of it is not completed within four (4) years of the date of this permit.
 - 11.3. the use does not start within one (1) year of the completion of the development, or
 - 11.4. the use is discontinued for a period of two (2) years.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- (a) the request for the extension is made within twelve (12) months after the permit expires; and
- (b) the development or stage started lawfully before the permit expired.

Permit notes:

- A building approval may be required prior to the commencement of the approved works.
- The operator must obtain the relevant licence from the Victorian Commission for Gambling and Liquor Regulation prior to the sale and/or consumption of liquor from the premises.

ALCOHOL MANAGEMENT PLAN

Introduction and Context

Dandenong RSL has always provided and will continue to provide strict adherence to all RSA guidelines.

Dandenong RSL has always been a proud member of the Dandenong Liquor Accord being a signatory of the original accord the 19th of December 2005.

Liquor Licence

The current liquor license is a FULL CLUB LICENCE Licence which authorises the sale of liquor for consumption on the premises including the sale of take away liquor to financial RSL Club members.

The predominant activity carried out on the premises is gaming, entertainment, wagering and bars, will be accompanied by the preparation and serving of meals to be consumed on the licensed premises.

The current premises are within a shopping precinct zone and the hours of operation are:

<i>CLUB Operating hours are</i>	<i>9am – 12 midnight Monday to Wednesday</i>
	<i>9am – 1am Thursday, Friday 9am – 1.30am</i>
	<i>10am – 1am Saturday, 10am – 12 midnight Sunday</i>
<i>Bar Operating Hours:</i>	<i>10am -11pm Sunday to Wednesday</i>
	<i>10am – 12.30 am Thursday and Saturday, 10am – 1.00am Friday</i>
<i>Bar Sale of Liquor:</i>	<i>11am-10 pm Monday to Sunday</i>

Christmas Day closed, Good Friday 12 noon till 12 midnight and ANZAC Day 12 noon and 11.30pm

The premises are located within a Comprehensive Development Zone and is situated 30 metres from the nearest residential area. Therefore, the license is not likely to impact on residential amenity.

The current premises are not within a cluster and would not contribute to cumulative impact should amplified or live music be played. The music would be restricted to between the hours of 7pm and 11.30pm on Saturday's and 7pm -10pm Sundays'

As a fully licenced RSL Club, on-site security is provided from 3pm Saturday – Monday and 5pm Tuesday - Friday

Live music has been and will be played at background level only.

Policies and Strategies to Reduce Risk

Compliance Risks

Dandenong RSL will continue to comply with the standards of the Department of Justice and Regulation's 'Design Guidelines for Licensed Premises' 2009 and VCGLR's 'Safe Function Guidelines' 2018,

As part of compliance risk minimisation, Dandenong RSL will continue to work with all relevant bodies complying with regulations and permit conditions, be aware of the recommended practices adhered to by members of the Greater Dandenong Liquor Forum and continue to participate where appropriate.

The following strategies will be employed in order to comply with Victorian State law regarding the sale and consumption of liquor within the Red Line area in accordance with the *Liquor Control Reform Act 1998* and the *Planning and Environment Act 1987*.

At all times Dandenong RSL has a Club Supervisor rostered on duty as a minimum along with a full time Operations Manager and a full time General Manager ensuring that the Dandenong RSL is complying with its AMP.

Responsible Service of Alcohol

The Dandenong RSL has a minimum standard that all staff are appropriately trained for the Responsible Service of Alcohol (RSA) by a Registered Training Organisation to ensure that they have the skills and knowledge necessary to contribute to a safe environment in and surrounding licensed premises.

The operator is able to provide easily accessible RSA records of new entrant training, that the operator and all staff are appropriately trained, undertake refresher courses and remain up-to-date throughout their employment.

The operator and staff will be capable of the following:

- Serving alcohol and monitoring its consumption according to the requirements of the Liquor Control Reform Act.
- Providing accurate information to customers on alcoholic beverages and standard drinks
- Preparing and serving standard drinks according to industry requirements
- Recognising and monitoring drinking behaviour to prevent possible intoxication
- Identifying changes in behaviour, observing emotional and physical state of customers for indications of intoxication
- Requesting and obtaining proof-of-age before sale or service of alcohol
- Refusing sale or service of alcohol where a customer may be intoxicated or a minor
- Ensuring minors on the premises do not consume alcohol through secondary service
- Educating patrons, particularly young people, about potential harms associated with alcohol use
- Identifying and diffusing, through appropriate communication and conflict resolution skills, difficult situations relating to the refusal of service of alcohol.

Behavioural Risks

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

PRESIDENT: John C Wells OAM
SECRETARY: Barry Rogers
GENERAL MANAGER: Greg Betros

House Policies and strategies will be developed to ensure the wellbeing and safety of all patrons and staff in accordance with recommendations by the VCGLR and City of Greater Dandenong.

Signage at Entry/Exit Points and Toilet Facilities

Signage placed in key strategic locations will detail House Policies to assist patrons to understand expected behavioural standards, such as:

- A map of the venue with the Red Line clearly visible with a short description of its purpose
- A Code of Practice that discourages drinking promotions resulting in rapid alcohol consumption
- Signage that outlines appropriate behaviour by patrons, particularly that:
 - Alcohol is not to be consumed in any public places in the municipality, such as in the car park and related areas, and that up to a \$1,000 Local Laws fine applies
 - That the safety and amenity of people and property in surrounding areas is to be respected upon leaving the premises.

Health and Safety Strategies

To optimise the health, safety and wellbeing of all those on the premises, the operator and staff will:

- Undergo RSA training and regular updates to ensure all those working in the premises are equipped with the skills and knowledge to minimise risks associated with behaviour and alcohol consumption
- Develop and apply strategies that minimise the potential for negative patron behaviour, including the use of safe queuing and dispersal practices
- Develop and apply strategies that maximise amenity and safety for patrons and staff entering and exiting the premises, such as adequate car park lighting, latest CCTV digital cameras, security staff, adequate staff/patron ratios at peak service times
- A Safe Transport Strategy regarding how people can get home safely (including availability of taxis)
- Addressing incidents of broken glass quickly by the operator or staff to ensure injury minimisation
- Providing access to free water at all Bars and food service areas.

Amenity Risks

External amenity impacts will be avoided through adopting the recommended principles in the Department of Justice and Regulation's 'Design Guidelines for Licensed Premises' 2009. Methods for minimising amenity impacts on surrounding uses will include:

- Leading by example by maintaining welcoming and orderly indoor and outdoor areas
- Using fencing, and/or signage and outdoor areas to indicate transitional spaces between car parks and entry/exit points to the premises
- Maintaining clear sightlines and maximising opportunities for passive surveillance to and from the premises of outdoor areas, e.g., ensuring landscaping is kept neat and cut low
- Ensuring outdoor areas in and around the premises are well lit and have an active staff presence

GENERAL MANAGER: Greg Betros

- Ensuring regular cleaning of indoor and outdoor areas, e.g., providing accessible bins with lids to prevent windblown rubbish
- Providing ashtrays in smoking designated areas where allowed, to prevent littering
- Encouraging a quiet exit from patrons leaving into the surrounding areas by providing mints, lollypops or other treats and an active staff presence at payment/registration counter and exit points.

Conclusion

This Alcohol Management Plan aims satisfy the requirements of the City of Greater Dandenong Alcohol Management Policy and Alcohol Management Plan Information Guidelines last adopted on 9 April 2018.

This report addresses the requirements outlined in Council's policy, with a focus on reducing risks to compliance, behaviour and amenity, by:

- Ensuring the operator and staff are well trained and up-to-date with their RSA requirements
- Application of principles and recommendations of the VCGLR and Department of Justice and Regulation
- Strategies to reduce the likelihood of alcohol-related anti-social behaviour, violence and/or vandalism
- Maintaining a welcoming, orderly and supportive environment with a focus on food, refreshments, and encouraging responsible service and consumption of alcohol.

ALCOHOL MANAGEMENT PLAN

Introduction and Context

Dandenong RSL has always provided and will continue to provide strict adherence to all RSA guidelines.

Dandenong RSL has always been a proud member of the Dandenong Liquor Accord being a signatory of the original accord the 19th of December 2005.

Liquor Licence

The current liquor license is a FULL CLUB LICENCE Licence which authorises the sale of liquor for consumption on the premises including the sale of take away liquor to financial RSL Club members.

The predominant activity carried out on the premises is gaming, entertainment, wagering and bars, will be accompanied by the preparation and serving of meals to be consumed on the licensed premises.

The current premises are within a shopping precinct zone and the following trading hours:

At anytime on any day except for Sunday, Good Friday and ANZAC Day

Sunday, Good Friday and ANZAC Day Between 12 midnight and 1am, and 10am and 1am the following day

The premises are located within a Comprehensive Development Zone and is situated 30 metres from the nearest residential area. Therefore, the license is not likely to impact on residential amenity.

The current premises are not within a cluster and would not contribute to cumulative impact should amplified or live music be played. The music would be restricted to between the hours of 7pm and 11.30pm on Saturday's and 7pm -10pm Sunday's

As a fully licenced RSL Club, on-site security is provided from 3pm Saturday – Monday and 5pm Tuesday - Friday

Live music has been and will be played at background level only.

Policies and Strategies to Reduce Risk

Compliance Risks

Dandenong RSL will continue to comply with the standards of the Department of Justice and Regulation's 'Design Guidelines for Licensed Premises' 2009 and VCGLR's 'Safe Function Guidelines' 2018,

2.3.4 Town Planning Application – No. 44-50 Clow Street, Dandenong (Planning Application No. PLN18/0716.01) (Cont.)

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)

File Id:	150485
Responsible Officer:	Director City Planning, Design and Amenity
Attachments:	Submitted Plans Location of Objectors Clause 22.09 Assessment Clause 55 Assessment Clause 52.06 Assessment

Application Summary

Applicant:	Architekton Ltd
Proposal:	Development of the land for two (2) double storey dwellings to the rear of an existing dwelling
Zone:	General Residential Zone Schedule 1
Overlay:	Nil
Ward:	Paperbark

This application has been brought before the Council as it has received six (6) objections.

The application proposes development of the land for two (2) double storey dwellings to the rear of an existing dwelling. A permit is required pursuant to Clause 32.08-6 (General Residential Zone) of the Greater Dandenong Planning Scheme to construct two or more dwellings on a lot.

Objectors Summary

The application was advertised to the surrounding area through the erection of a notice on-site and the mailing of notices to adjoining and surrounding owners and occupiers. Six (6) objections were received to the application. Issues raised generally relate to matters of:

- Traffic and parking concerns;
- Overdevelopment;
- Brick wall on boundary;
- Invasion of privacy; and
- Location of crossovers.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)**Assessment Summary**

The proposal is for development of the land for two (2) double storey dwellings to the rear of an existing dwelling in a General Residential Zone (Schedule 1). The subject site is located within an established residential area and is suited for medium density housing given its location and being in reasonably close proximity to services.

The proposal respects the future character of the area by comprising two double storey townhouses with main living areas on the ground level, along with an existing single storey dwelling. There are appropriate setbacks and private open space areas to allow for high quality landscaping along the frontage and rear to protect the amenity of adjoining dwellings and contribute to the landscape character. This includes a significant canopy tree in each rear secluded private open space area, two canopy trees within the front setback and boundary landscaping within well-proportioned setback areas. The proposal is located within an area subject to incremental change with other multi-dwelling double storey developments, of a similar scale and massing.

The development provides appropriate car parking and open space requirements and has been assessed against Clause 22.09 'Residential Development and Neighbourhood Character Policy', Clause 55 'Two or more Dwellings on a lot and Residential Buildings' and Clause 52.06 'Car Parking' of the Greater Dandenong Planning Scheme. The proposal complies with the above listed Clauses, with a few minor exceptions which are addressed by recommended conditions.

Recommendation Summary

As assessed, the proposal is consistent with and appropriately responds to the provisions of the Greater Dandenong Planning Scheme. The proposal appropriately responds to strategic policy for General Residential Zone (Schedule 1) with this report recommending that the application be supported and that a **Notice of Decision** (which provides appeal rights to objectors) to grant a permit be issued containing the conditions as set out in the recommendation.

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
(Cont.)**

Subject Site and Surrounds

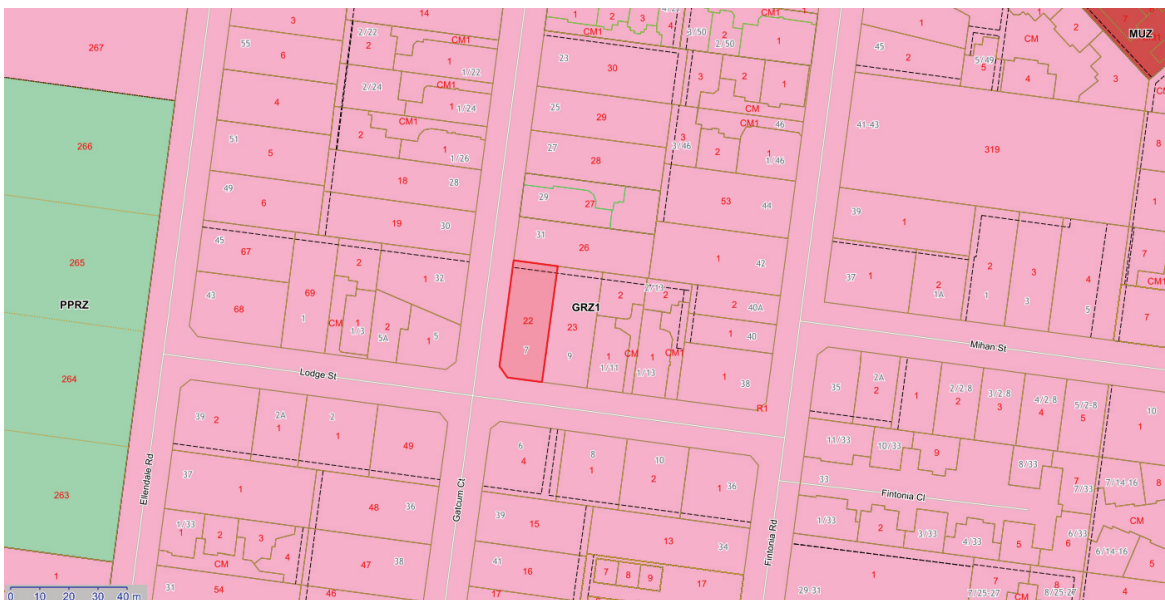

Subject Site

- The subject land is a rectangular shaped lot located on a corner, at the northern side of Lodge Street and eastern side of Gatcum court.
- The site is oriented in a North-South direction and the subject land is currently occupied by a single storey brick dwelling.
- The lot has a total area of 623.9sqm with a 12.57m frontage along Lodge Street and 37.19m frontage along Gatcum Court.
- There is no significant vegetation on site.
- A 2.44m wide drainage and sewerage easement present along the northern boundary of the site.

Surrounding Area

- The immediate surrounds of the subject site exhibit single and double storey built forms;
- To the north of the site addressed as 31 Gatcum Court, comprises of one (1) single storey dwelling;
- To the east of the site addressed as 9 Lodge Street, comprises of one (1) single storey dwelling;
- There is no significant vegetation surrounding the site;
- Chandler Road is located approximately 295m to east; and
- Parkfield Reserve is situated approximately 128 metres to the north-west.

Locality Plan

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Background

Previous Applications

A search of Council records revealed that Council has previously considered the following planning applications for the site:

- PLN17/0741 – To develop the land for two (2) double storey dwellings – Permit Granted by Delegate;
- PLN18/0514 - Development of the land for three (3) dwellings comprising one (1) existing single storey dwelling and two (2) new double storey dwellings – Refused. Changes to the current application include reducing the wall on boundary to allow for landscaping along the boundary and a reduced bulk form for Dwelling 2 and 3. The proposal is now considered to be in line with neighbourhood character as discussed below.

Proposal

The application proposes the development of the land for two (2) double storey dwellings to the rear of an existing dwelling.

A summary of the key details of the proposal is provided below:

Type of proposal	Multi-dwelling development
Number of dwellings	Three (3) dwellings (one (1) existing, two (2) new)
Number of bedrooms	All dwellings have three (3) bedrooms
Levels	Maximum two storey
Height	Maximum height of 7.5 metres
Orientated to	Dwelling 1: Lodge Street Dwelling 2 and 3: Gatum Court
Changes to existing dwelling	Works to the existing dwelling include addition of a garage to the rear and window and door modifications in order to comply with the planning scheme
External materials	Dwelling 1: Brick Dwelling 2 and 3: Ground Floor: Brick First Floor: Render and cladding Garages: timber panelling

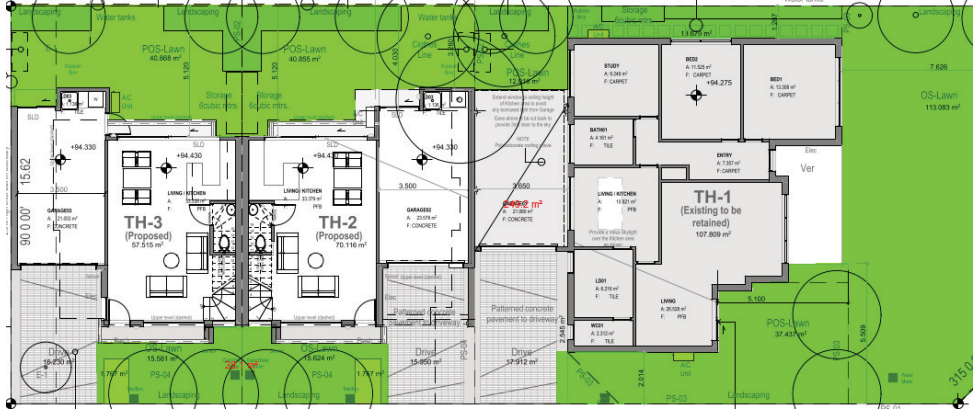

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Number of car parking spaces provided	Six (6) spaces are provided in total
Type of car parking	All dwellings have a single garage and tandem car space
Access	The existing crossover which connects to Gatcum Court is to be removed and replaced with a new single-width crossover and double-width crossover to Council requirements.
Front fence	Dwelling 1 will not be provided with a front fence Dwelling 2 and 3 have an open style fence at 1.2m high
Garden area required	<p>A minimum of 35% of the lot must be set aside for garden area. The proposal comprises of 277.3 sqm garden area, which is 44.5% of the lot.</p> 

A copy of the submitted plans is included as Attachment 1.

Victorian Charter of Human Rights and Responsibilities

The Victorian Charter of Human Rights and Responsibilities has been considered in the preparation of this report but is not relevant to its contents.

Financial Implications

No financial resources are impacted by this report.

Planning Scheme and Policy Frameworks

Pursuant to the Greater Dandenong Planning Scheme, a planning permit is required:

- Under Clause 32.08-6 to construct two or more dwellings on a lot.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

The relevant controls and policies are as follows:

Zoning Controls

The subject site is located in a General Residential Zone, as is the surrounding residential area.

The purpose of the General Residential Zone outlined at Clause 32.08 is:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To encourage development that respects the neighbourhood character of the area.*
- *To encourage a diversity of housing types and housing growth particularly in locations offering good access to services and transport.*
- *To allow educational, recreational, religious, community and a limited range of other non-residential uses to serve local community needs in appropriate locations.*

Pursuant to Clause 32.08-6, a permit is required to construct two or more dwellings on a lot.

It is noted that within Schedule 1 to the zone, various requirements of Clause 55 are set out as follows:

- Standard B6 (Minimum street setback) – As per B6 or 7.5 metres, whichever is the lesser;
- Standard B9 (Permeability) – Minimum of 30%;
- Standard B13 (Landscaping) – 70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees;
- Standard B28 (Private Open Space) – An area of 50 square metres of ground level, private open space, with one part of the private open space to consist of secluded private open space at the side or rear of the dwelling with a minimum area of 30 square metres, a minimum dimension of 5 metres and convenient access from a living room; and
- Standard B32 (Front fence height) – Maximum 1.5 metre height in streets in a Road Zone, and a maximum 1.2 metre height for other streets.

Overlay Controls

No overlays affect the subject site or surrounding area.

Planning Policy Framework

The **Operation of the Planning Policy Framework** outlined at Clause 71.02 seeks to ensure that the objectives of planning in Victoria are fostered through appropriate land use and development planning policies and practices which integrate relevant environmental, social and economic factors in the interests of net community benefit and sustainable development. The objectives of Planning in Victoria are noted as:

- To provide for the fair, orderly, economic and sustainable use, and development of land*
- To provide for the protection of natural and man-made resources and the maintenance of ecological processes and genetic diversity*
- To secure a pleasant, efficient and safe working, living and recreational environment for all Victorians and visitors to Victoria*

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
(Cont.)**

- d. *To conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value*
- e. *To protect public utilities and other assets and enable the orderly provision and co-ordination of public utilities and other facilities for the benefit of the community*
- f. *To facilitate development in accordance with the objectives set out in paragraphs (a), (b), (c), (d) and (e)*
 - (fa) to facilitate the provision of affordable housing in Victoria.*
- g. *To balance the present and future interests of all Victorians.*

In order to achieve those objectives, there are a number of more specific objectives contained within the Planning Policy Framework that need to be considered under this application.

Settlement (Clause 11)

Planning is to recognise the need for, and as far as practicable contribute towards

- *A high standard of urban design and amenity*

Clause 11.02 relating to Managing Growth contains the following relevant objectives:

- *To ensure a sufficient supply of land is available for residential, commercial, retail, industrial, recreational, institutional and other community uses.*
- *To facilitate the orderly development of urban areas.*
- *To manage the sequence of development in areas of growth so that services are available from early in the life of new communities.*

Built Environment and Heritage (Clause 15)

Clause 15 contains the following relevant objectives:

- *To create urban environments that are safe, healthy, functional and enjoyable and that contribute to a sense of place and cultural identity.*
- *To create a distinctive and liveable city with quality design and amenity.*
- *To achieve neighbourhoods that foster healthy and active living and community wellbeing.*
- *To achieve building design outcomes that contribute positively to the local context and enhance the public realm.*
- *To recognise, support and protect neighbourhood character, cultural identity, and sense of place.*

Housing (Clause 16)

Clause 16 contains the following relevant objectives:

- *To promote a housing market that meets community needs.*
- *To locate new housing in designated locations that offer good access to jobs, services and transport.*

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

- *To provide for a range of housing types to meet diverse needs.*
- *To deliver more affordable housing closer to jobs, transport and services.*
- *Direct new housing to areas with appropriate infrastructure.*
- *Create mixed-use neighbourhoods at varying densities that offer more choice in housing.*

Clause 18 (Transport)

Clause 18.01-1S relating to Land use and transport planning contains the following relevant strategies:

- *Plan urban development to make jobs and community services more accessible by:*
 - *Ensuring equitable access is provided to developments in accordance with forecast demand, taking advantage of all available modes of transport and to minimise adverse impacts on existing transport networks and the amenity of surrounding areas.*

Local Planning Policy Framework

The Local Planning Policy Framework (LPPF) includes the Municipal Strategic Statement (MSS) and Local Policies.

The MSS is contained within Clause 21 of the Scheme. The MSS at **Clause 21.02** focuses on the **Municipal Profile**, within which the following is noted:

- *There is considerable diversity within Greater Dandenong's housing stock. Most housing stock is between 30 to 50 years old, though there are some areas with dwellings in excess of 100 years old. Areas of newer housing are located in the north-east and central southern areas, with in-fill development occurring across the municipality (Clause 21.02-3).*
- *Higher density housing is generally located in proximity to railway stations and major shopping centres, in particular in central Dandenong (Clause 21.02-3).*
- *While there is a clear pre-dominance of single detached dwellings, there are a range of other types of dwellings including dual occupancies, villa-units, town houses and apartments. The highest concentration of older villa units and apartments and more recent multi-unit redevelopments have occurred around central Dandenong, Springvale and Noble Park activity centres (Clause 21.02-4).*
- *With diverse cultural groups that call Greater Dandenong home, there are certain distinct precincts that are emerging that have their own character. Their built form is characterised by buildings with flat unarticulated facades, prominent balconies, limited frontage/side setbacks, limited or no landscaping (Clause 21.02-4).*

A **Vision for Greater Dandenong** is outlined at **Clause 21.03**. The vision is that Greater Dandenong will be a municipality where housing diversity and choice is promoted in its various attractive neighbourhoods.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

The objectives and strategies of the MSS are under four (4) main themes including: land use; built form; open space and natural environment; and, infrastructure and transportation (considered individually under Clauses 21.04 to 21.07). Of particular relevance to this application are Clauses 21.04 – Land Use and 21.05 – Built Form:

Clause 21.04-1 (Housing and community)

This Clause contains the following relevant key points and strategies:

- *Greater Dandenong's population is expected to rise by 22 percent, from 147,000 to 179,000 in the decade to 2024, placing pressure on transport networks, infrastructure, services and public open space.*
- *Approximately 9,950 new households will need to be accommodated across the municipality by 2024 (Greater Dandenong Housing Strategy 2014-2024).*
- *Supporting urban consolidation and providing housing in existing areas close to activity centres means that people do not need to travel as far to work, shop or to take part in sports/leisure activities thus reducing the environmental impacts of transport.*
- *Increases in housing density must be balanced by adequate provision of open space, good urban design and improvements to the public realm.*
- *Encourage the provision of housing that is adaptable to support the needs of the changing needs of present and future residents.*
- *Encourage innovative redevelopment and renewal of deteriorating housing stock and older styled higher-density apartments and multi-unit developments.*
- *Encourage new residential development that incorporates adequate space for the planting and the long term viability and safe retention of canopy trees.*
- *Encourage a mix of housing types that better reflects the cross section of the community in Greater Dandenong.*

Clause 21.05-1 (Urban design, character, streetscapes and landscapes)

This Clause contains the following relevant objectives and strategies:

- *To facilitate high quality building design and architecture.*
 - *Ensure building design is consistent with the identified future character of an area and fully integrates with surrounding environment.*
 - *Encourage high standards of building design and architecture, which allows for flexibility and adaptation in use.*
 - *Encourage innovative architecture and building design.*
 - *Encourage development to incorporate sustainable design elements that enhance occupant comfort and environmental performance.*
- *To facilitate high quality development, which has regard for the surrounding environment and built form.*

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

- *Promote views of high quality landscapes and pleasing vistas from both the public and private realm.*
- *Promote all aspects of character – physical, environmental, social and cultural.*
- *Encourage planting and landscape themes, which complement and improve the environment.*
- *Encourage developments to provide for canopy trees.*
- *Recognising valued existing neighbourhood character and promoting identified future character as defined in the Residential Development and Neighbourhood Character Policy at Clause 22.09.*

- *To improve the quality, consistency and functions of the city's environment*
- *Encourage new developments which are adjacent to public open spaces to address and complement the open space.*
- *Encourage interconnected pedestrian links and bicycle paths to public transport and recreation facilities.*
- *Apply the Residential Development and Neighbourhood Character Policy at Clause 22.09.*

- *To ensure landscaping that enhances the built environment*
- *Encourage new developments to establish a landscape setting, which reflects the local and wider landscape character.*
- *Encourage landscaping that integrates canopy trees and an appropriate mix of shrubs and ground covers and complements and integrates with existing or proposed landscaping in public areas.*
- *Ensure that landscaping is designed in accordance with 'Crime Prevention Through Environmental Design' (CPTED) principles.*

Clause 22.09 (Residential Development & Neighbourhood Character Policy)

The following objectives at Clause 22.09-2 are:

- *To guide the location and design of different types of residential development within Greater Dandenong, having regard to State and local planning policies, while respecting the valued characteristics and identified future character of residential neighbourhoods.*
- *To ensure that new residential development is consistent with the identified future character and preferred built form envisaged for the three Future Change Areas.*
- *To provide certainty about which areas are identified for, or protected from, increased residential development consistent with the purpose of the applicable zone.*
- *To facilitate high quality, well designed residential development and on-site landscaping.*
- *To promote a range of housing types to accommodate the future needs of the municipality's changing population.*
- *To ensure that residential development uses innovative, responsive and functional siting and design solutions that:*

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
(Cont.)**

- *Achieve high quality internal amenity and private open space outcomes for future residents;*
- *Make a positive contribution to the streetscape through quality design, contextual responsiveness and visual interest;*
- *Promote public realm safety by maximising passive surveillance.*
- *Demonstrate responsiveness to the site, adjoining interfaces, streetscape and landscape context;*
- *Respect the amenity of adjoining residents and the reasonable development potential of adjoining properties;*
- *Achieve environmentally sustainable design outcomes;*
- *Use quality, durable building materials that are integrated into the overall building form and façade; and*
- *Minimise the visual dominance of vehicle accessways and storage facilities, such as garages, car ports and basement entrances.*

Clause 22.09-3.1 (Design Principles) provides design principles, which apply to all Future Change Areas within the General Residential Zone.

Clause 22.09-3.3 (Incremental Change Areas) provides design principles which are identified as follows:

- *Preferred housing type – The preferred housing type for the Incremental Change Area is medium density.*
- *Building Height – The preferred maximum building height for land within the GRZ1 and GRZ2 is up to 2 storeys, including ground level.*
- *Landscaping – Residential development should use landscaping to create a landscaped character, particularly canopy trees in front and rear gardens; and to protect the outlook of adjoining properties.*
- *Setbacks, front boundary and width – Parking, paving and car access within the front boundary setback should be limited in order to maximise the opportunity for soft landscaping and prevent the over dominance of carports and garages in the street.*
- *Private open space – Residential development should provide secluded private open space at the side or rear of each dwelling to avoid the need for excessive screening or high front fencing*
- *Bulk & Built Form –*
 - *Residential development should:*
 - *ensure that the built form respects the scale of existing prevailing built form character and responds to site circumstances and streetscape;*
 - *provide separation between dwellings at the upper level;*
 - *retain spines of open space at the rear of properties to maximise landscaping opportunities and protect private secluded open space; and*
 - *position more intense and higher elements of built form towards the front and centre of a site, transitioning to single storey elements to the rear of the lot.*

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

- *The rearmost dwelling on a lot should be single storey to ensure the identified future character of the area and the amenity of adjoining properties is respected by maximising landscaping opportunities and protecting adjoining private secluded open space.*
- *Two storey dwellings to the rear of a lot may be considered where:*
 - *the visual impact of the building bulk does not adversely affect the identified future character of the area;*
 - *overlooking and/or overshadowing does not adversely affect the amenity of neighbouring properties;*
 - *the building bulk does not adversely affect the planting and future growth of canopy trees to maturity;*
 - *sufficient side and rear boundary landscaping can be provided to screen adjoining properties;*
 - *upper storey components are well recessed from adjoining sensitive interfaces.*
- *Residential development should be well articulated through the use of contrast, texture, variation in forms, materials, and colours.*

An assessment of Clause 22.09 is included as Attachment 3.

Particular Provisions

Clause 52.06 (Car parking)

The provision of Car Parking must be considered for this proposal. The purposes of this provision are:

- *To ensure that car parking is provided in accordance with the Municipal Planning Strategy and Planning Policy Framework.*
- *To ensure the provision of an appropriate number of car parking spaces having regard to the demand likely to be generated, the activities on the land and the nature of the locality.*
- *To support sustainable transport alternatives to the motor car.*
- *To promote the efficient use of car parking spaces through the consolidation of car parking facilities.*
- *To ensure that car parking does not adversely affect the amenity of the locality.*
- *To ensure that the design and location of car parking is of a high standard, creates a safe environment for users and enables easy and efficient use.*

The required spaces are identified in the table to Clause 52.06-5. The table at Clause 52.06-5 notes that a dwelling with one or two bedrooms requires one (1) car space and a dwelling with three or more bedrooms requires two (2) car spaces. One (1) car parking space is required for visitors to every five dwellings for developments of five or more dwellings.

Car parking is to be designed and constructed in accordance with the requirements of Clause 52.06-9 of the Scheme.

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
(Cont.)**

An assessment of Clause 52.06 is included as Attachment 5.

General Provisions

Clause 65 – Decision Guidelines needs to be considered, as is the case with all applications. For this application the requirements of Clause 65.01 for the approval of an application or plan is of relevance. This Clause outlines the requirements that the responsible authority must consider when determining the application.

Proposed Planning Scheme Amendments

There are no proposed Planning Scheme amendments relevant to this application.

Restrictive Covenants

There are no covenants or other restrictions that apply to the land.

Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. In accordance with the commitment in Council's Annual Plan, all applications are considered on their merits.

Diversity (Access & Equity)

It is not considered that the proposal raises any diversity issues affecting the planning assessment of this application.

Community Safety

It is considered that there would be no adverse community safety implications in permitting the proposal subject to strict conditions on any planning permit issued.

Safe Design Guidelines

Consideration of the relevant requirements of these Guidelines has been undertaken within the Assessment of this application.

Referrals

The application was not required to be referred to any external referral authorities pursuant to Section 55 of the Planning and Environment Act 1987.

The application was referred to South East Water for Comment, who stated a build over easement will require to be applied for by the applicant. A build over easement for a similar built form for Dwelling 3's garage was approved on 09 November 2019 by South East Water.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Internal

The application was internally referred to Council's Civil for their consideration. The comments provided will be considered in the assessment of the application.

Civil Development	No objections, subject to conditions on permit (Conditions 4-8). The referral was due to the new crossovers and building along the easement (the easement is also in favour of South East Water who will be required to give permission via condition 10).
Transport	No objections

Advertising

The application has been advertised pursuant to Section 52 of the Planning and Environment Act 1987, by:

- Sending notices to the owners and occupiers of adjoining land.
- Placing two signs on site facing Lodge Street and Gatcum Court.

The notification has been carried out correctly.

Council has received six (6) objections to date.

The location of the objectors / submitters is shown in Attachment 2.

Consultation

A consultative meeting was held on 10 July 2019, with the objectors and Council representatives in attendance. The applicant did not attend the consult meeting. Whilst the issues were discussed at length there was no resolution and the objections stand as received.

Summary of Grounds of Submissions/Objections

The objections are summarised below (**bold**), followed by the Town Planner's Response (in *italics*).

Traffic and parking concerns

A number of concerns have been raised by the objectors with respect to an increase in traffic and car parking, insufficient car parking within the proposal, including a lack of street parking, an increase in traffic congestion and noise associated with traffic, and the overall impact on safety.

Council officers note that all car parking spaces have been provided in accordance with Clause 52.06-5 of the Planning Scheme.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

The development would propose two crossovers (one double and one single) where one previously existed. The proposal would comply with the Car Parking Principle of Clause 22.09-3.1 and would maximise the retention/provision of on-street car parking. There is an 11.3m gap between the two crossovers to allow for two (2) cars to park there. There is a 15.8m gap between the crossover and the intersection, allowing for one (1) car to park due to cars being prohibited to park within 10m of an intersection.

It is therefore considered that the proposal will not result in unacceptable traffic congestion or other traffic issues.

Overdevelopment

Concerns were raised regarding the proposal being considered overdevelopment in the area due to the size of the lot with two double storey dwellings and one single storey dwelling. The site is located within the incremental change area which encourages well-designed medium density development. The proposal maintains consistency with the identified future character of the incremental change area, as well as consistency with the existing character of the immediate surrounds with multi-unit development commonplace. A number of these developments are double storey.

The cantilevering roof over Dwelling 2 and 3's accessway is minor in nature, and would not protrude into the front setback making it's visually non-dominating from the streetscape.

To lessen the visual impact of the dwellings from the streetscape, conditions (condition 1.1 and 1.2.) have been recommended to increase the north setback for Dwelling 3 on the first floor to 1.9 metres and the south setback for Dwelling 2 on the first floor to 1 metre from Dwelling 1's garage line.

Brick wall on boundary

Concerns were raised over the wall on boundary along the north boundary and it negatively impacting the amenity of 31 Gatcum Court. The wall was assessed against Standard B18 - Clause 55.04-2 (Walls on boundaries objective) of the Greater Dandenong Planning Scheme. This requires all walls on boundary to be a length of no 'more than 10 metres plus 25 per cent of the remaining length of the boundary of an adjoining lot'. The allowable wall length is 11.4 metres, based on the 15.62 metre boundary length. The proposed wall on boundary length is 6 metres, well within the standard.

The height of a new wall on boundary is to not exceed an average of 3.2 metres with no part higher than 3.6 metres. The maximum height of the proposed wall is 2.8 metres. Therefore, the wall on boundary meets all the requirements of Standard B18 in Clause 55.04-2 (Wall on boundary objective) of the Greater Dandenong Planning Scheme

Invasion of privacy

Concern was raised over the invasion of privacy for the neighbouring lot at 31 Gatcum Court. The test for overlooking is set by Standard B22 - Clause 55.04-6 of the Greater Dandenong Planning Provisions. This requires any habitable room window or balcony with a direct view into an existing habitable room window or secluded private open space within a horizontal distance of 9 metres from ground level to be screened in accordance with Standard B22.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

To satisfy this issue, upper floor windows that need to be, have been appropriately screened. The proposal would have sill heights of at least 1.7 metres above finish floor level, meeting the requirements of Standard B22 in Clause 55.04-6 (Overlooking objective) of the Greater Dandenong Planning Scheme.

Location of crossovers

The proposal has been referred to Civil Development who held no objection to the proposed crossovers, provided a crossing permit is obtained and all requirements are met. The location of crossovers allow for a car to be parked between them and would not adversely impact the availability of on-street car parking. The application was referred to Transport Department, who held no objection.

Assessment

The subject site is located within an established residential area and is well suited for the development of medium density housing given that the site is located within easy walking distance of many community facilities and public transport. The proposal also seeks to reduce pressure on the urban fringe by providing three (3) dwellings where previously one (1) existed through the partial redevelopment of the site, thereby ensuring that the housing required for the growing population is facilitated.

As required by the General Residential Zone that applies to this site, the proposed development has been assessed against the provisions of Clause 55 (full assessment attached as attachment 4) of the Greater Dandenong Planning Scheme and the Schedule 1 to the General Residential Zone. The proposed development has also been assessed against Clause 52.06 (full assessment in attachment 5) and Clause 22.09 (full assessment attached as attachment 3) of the Greater Dandenong Planning Scheme. The proposal complies with all requirements of these clauses except in the instances detailed below, where variations or conditions are required.

Use

As outlined in Clause 32.08-2 (General Residential Zone), a dwelling is listed as a Section 1 use, and a planning permit is not required for the use of the proposal. However, a planning permit is required for the buildings and works, which is discussed below.

Development

Planning Policy Framework / Local Planning Policy Framework

In considering the Planning Policy Framework and the Local Planning Policy Framework, Council can establish that an acceptable proposal will be guided by:

- Clause 55 *Two or more dwellings on a lot;* and
- Clause 22.09 *Residential Development and Neighbourhood Character.*

Each of these Clauses ensure that Council facilitates the orderly development of urban areas, which is a specific objective of Clause 11.02 Settlement.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

The objectives of Clause 15.01-01S Urban Design, Clause 15.01-02S Building Design and Clause 21.05-1 Built Form outline the key considerations in which a development must respond to urban design, character, streetscapes and landscape issues.

It is considered that the proposed design response respects the preferred neighbourhood character of the incremental change area by providing a medium density housing typology.

The proposal is of a high quality urban design, with physical recession, articulation, varied use of materials, textures and other visual interest.

The overall layout allows space for acceptable landscaping treatments such as a significant canopy tree and shrubbery plantings within well-proportioned setback areas to allow growth to maturity.

The proposal is also located within an area subject to incremental change with other multi-unit developments of a similar scale and massing being found within the surrounding residential area. The proposal's compliance with Clause 22.09 and Clause 55 (subject to conditions) ensures that the development would achieve the objectives set out in Clause 15.01 and Clause 21.05-1.

As such, Council officers recommend that the application be approved subject to planning permit conditions as necessary.

Clause 22.09 Assessment

An assessment against the design principles of Clause 22.09 is included at Attachment 3 of this report. This proposal provides a design response which is consistent with the preferred character envisaged by Clause 22.09, and is considered to comply with the requirements of this clause, except in the following instances:

Clause 22.09-3.3 Design principles for Incremental Change Areas – General Residential Zone - Bulk and Built Form:

This clause seeks to provide separation between dwellings at the upper floor in the incremental change area. While Dwelling 2 and 3 are connected at the upper floor, the proposal is considered acceptable in this instance given that the dwellings are highly articulated and utilise a variety of materials to soften their impact.

In addition, the front setbacks allow for substantial landscaping to lessen the appearance of visual bulk to the street. There is also separation between Dwelling 2 and the roof form of Dwelling 1 to create a sense of space across the site. To lessen the impact of visual bulk further, conditions (condition 1.1 and 1.2.) have been recommended to increase the north setback for Dwelling 3 on the first floor to 1.9 metres and the south setback for Dwelling 2 on the first floor to 1 metre from Dwelling 1's garage line.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55 Assessment

The proposal is considered to comply with the requirements of this Clause, except in the following instances:

Clause 55.03-6 Standard B13 – Landscaping objectives

Relevant objective: *“To encourage development that respects the landscape character of the neighbourhood”* and *“To provide appropriate landscaping”*.

A detailed landscape plan has not been submitted as part of the application. However, if a permit were to be granted, Condition 2 would require a detailed landscape plan to be submitted. Conditions would be requested so that the site would be able to achieve a revegetation of the site consistent with the surrounding properties and an improved landscape character.

Clause 55.05-4 Standard B28 – Private Open objectives

Relevant objective: *“To provide adequate private open space for the reasonable recreation and service needs of residents.”*

The proposal does not meet the design and size requirements for Secluded Private Open Space (30sqm with a minimum dimension of 5 metres) as outlined through the variation to Standard B28 under the Schedule of the GRZ.

Dwellings 2 and 3 fall short of the 30sqm with a minimum dimension of 5m requirements by 3.4sqm (26.6sqm provided) and Dwelling 1 falls short by 1.9sqm (28.1sqm provided).

However, both Dwellings 2 and 3 have just over 14 sqm of additional secluded private open space for residents to enjoy (40.8sqm in total), and Dwelling 1 has an additional 38.9sqm of secluded private open space (67sqm in total). Officers consider that these additional areas adequately offset the minor variations to the standard, and provide for useable and beneficial open space for residents. Furthermore, the lot is in close proximity to Parkfield Reserve, which is within walking distance from the subject site. The development allows for good access to northern sun for all dwellings and they all have privacy from the street. It is therefore considered that the objective of providing adequate private open space for the reasonable recreation and service needs of residents is met.

Clause 52.06 Assessment

The proposal is considered to comply with the requirements of this Clause with respect to the number of car parking spaces required (Clause 52.06-5) and design standard of car parking (Clause 52.06-9).

Conclusion

The proposal is generally consistent with the provisions of the Greater Dandenong Planning Scheme, including the zoning requirements, local policy direction, application of Clause 55, and the decision guidelines of Clause 65, subject to conditions.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)**Recommendation**

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as No. 7 Lodge Street NOBLE PARK VIC 3174 (Lot 22 LP 58753), for the Development of the land for two (2) double storey dwellings to the rear of an existing dwelling in accordance with the plans submitted with the application subject to the following conditions:

1. Before the development starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended plans must be drawn to scale with dimensions. The amended plans must be generally in accordance with the plans submitted and assessed with the application but modified to show:
 - 1.1. Increase Dwelling 3's first floor north setback to 1.9 metres;
 - 1.2. Increase Dwelling 2's first floor south setback (from Dwelling 1's garage line) to 1 metre;
 - 1.3. Internal and external fence heights and materials;
 - 1.4. Internal and external fence heights and materials;
 - 1.5. Letterboxes and all other structures (including visually obstructive fencing and landscaping) should be constructed to a maximum height of 900mm or relocated clear of a splayed area (2m x 2.5m) along the frontage road at access points in accordance with Dandenong Planning Scheme Clause 52.06-9;
 - 1.6. Landscape plans in accordance with Condition 2.

All to the satisfaction of the Responsible Authority.

2. Before the approved development starts, and before any trees or vegetation are removed, and amended landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimension. The amended landscape plan must be generally in accordance with the landscape plan submitted with the application but modified to show:
 - 2.1. plans to accord with Condition 1 of this permit;
 - 2.2. the site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
 - 2.3. details of the proposed layout, type and height of fencing;

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

- 2.4. legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;**
- 2.5. a plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;**
- 2.6. at least one (1) advanced canopy tree with a minimum planting height of 1.5 metres within the rear secluded open space areas of each dwelling;**
- 2.7. at least two (2) advanced canopy trees with a minimum planting height of 1.5 metres within the front setback to dwelling 1;**
- 2.8. at least one (1) advanced canopy trees with a minimum planting height of 1.5 metres within the front setback of both dwelling 2 and 3.**

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the building is occupied.

All to the satisfaction of the Responsible Authority.

- 3. Except with the prior written consent of the Responsible Authority, the layout of the land and the size, design and location of the buildings and works permitted must always accord with the endorsed plan and must not be altered or modified.**
- 4. Except with the prior written consent of the Responsible Authority, the approved building must not be occupied until all buildings and works and the conditions of this permit have been complied with.**
- 5. Provision must be made for the drainage for proposed development including landscaped and paved areas, all to the satisfaction of the Responsible Authority.**
- 6. The connection of the internal drainage infrastructure to the legal point of discharge must be to the satisfaction of the Responsible Authority.**

Collected stormwater must be retained onsite and discharged into the drainage system at pre-development peak discharge rates as stated in the legal point of discharge approval letter. Approval of drainage plan including any retention system within the property boundary is required.

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
(Cont.)**

- 7. Before the approved building is occupied, all piping and ducting above the ground floor storey of the building, except downpipes, must be concealed to the satisfaction of the Responsible Authority.**
- 8. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority.**
- 9. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.**
- 10. No buildings or works shall be constructed over any easement without the written consent of the relevant authorities.**
- 11. Before the approved building is occupied, the development must be provided with external lighting capable of illuminating access to each garage, car parking space and pedestrian walkway. Lighting must be located, directed and shielded to the satisfaction of the Responsible Authority so as to prevent any adverse effect outside the land.**
- 12. Before the approved building is occupied, the obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used.**
All glazing must at all times be maintained to the satisfaction of the Responsible Authority.
- 13. Before the approved building is occupied, all boundary walls in the development must be constructed, cleaned and finished to the satisfaction of the Responsible Authority.**
- 14. This permit will expire if:**
 - 14.1. The development or any stage of it does not start within two (2) years of the date of this permit, or**
 - 14.2. The development or any stage of it is not completed within four (4) years of the date of this permit.**

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

- 14.3. The request for the extension is made within twelve (12) months after the permit expires; and**
- 14.4. The development or stage started lawfully before the permit expired.**

Permit notes:

- **A Building Approval is required prior to the commencement of the approved development. This planning permit does not constitute any building approval.**
- **Approval of any retention system within the property boundary is required by the relevant building surveyor.**
- **Before commencement of the development occurs, the applicant should contact the City of Greater Dandenong's Civil Development regarding legal point of discharge, new crossings, building over easements, etc.**
- **As this is an established site, the proposed internal drainage should be connected to the existing legal point of discharge. The applicant may apply for local drainage information, if available; otherwise on site verification should be undertaken by the applicant.**
- **Access to the site and any associated roadwork must be constructed, all to the satisfaction of the Responsible Authority.
Note all existing vehicle crossing will need to be removed and reinstate with kerb in accordance with Council Standards. Also, the developer will need to obtain a Vehicle Crossing Permit from Council.**
- **Any works undertaken within the road reservation and easements will require the developer to obtain a Civil Works Permit from Council.**
- **Prior to works commencing the developer will need to obtain an Asset Protection Permit from Council.**
- **A report of consent for build over easement is required for the proposed garage over the existing 2.44m wide drainage & sewerage easement within the rear.**

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

MINUTE 1156

Moved by: Cr Sophie Tan

Seconded by: Cr Sean O'Reilly

That Council resolves to issue a Notice of Decision to grant a planning permit in respect of the land known as and described as 7 Lodge Street, Noble Park, for the development of the land for two (2) double storey dwellings to the rear of an existing dwelling in accordance with the plans submitted with the application to subject to all conditions outlined in the officer's recommendation of the Council Meeting Agenda for 26 August 2019 plus the following additional condition:

- 1.7. The retention of the paling fence along the northern boundary of the site, abutting 31 Gatum Court, Noble Park, with the brick wall of the garage to dwelling 3 to be located directly south of the paling fence.**

CARRIED

For the Motion: Cr Matthew Kirwan, Cr Zaynoun Melhem, Cr Jim Memeti, Cr Sean O'Reilly, Cr Sophie Tan, Cr Loi Truong

Against the Motion: Cr Tim Dark (called for the division)

Assessment Table for Clause 22

Clause 22.09-3.1 Design Principles for all residential developments

Title /Objective	Principles	Principle met/Principle not met/NA
Safety	To encourage the provision of safer residential neighbourhoods, new development should enable passive surveillance through designs that: Incorporate active frontages including ground floor habitable room windows.	<p>✓ Principle met The proposal would have an active frontage with ground floor habitable room windows oriented towards the street for all dwellings</p>
	Maximise the number of habitable room windows on all levels of residential buildings that overlook the public realm, streets, laneways, internal access ways and car parking areas.	<p>✓ Principle met Passive surveillance of street and public realm is provided through habitable room windows fronting the street at both ground and upper floor level. Habitable room windows are oriented towards the street.</p>
	Use semi-transparent fences to the street frontage.	<p>✓ Principle met The front fences for Dwelling 2 and 3 are semi-transparent</p>
	Light communal spaces including main entrances and car parking areas with high mounted sensor-lights.	<p>✓ Principle met Motion sensor lighting has been provided to the dwelling entries, car parking areas, and along the internal accessway.</p>
	Ensure that all main entrances are visible and easily identifiable from the street.	<p>✓ Principle met The entrances are facing the street and are visible and easily identifiable from the street there are orientated too.</p>
	Locate non-habitable rooms such as bathrooms, away from entrances and street frontage.	<p>✓ Principle met The proposal provides NHW away from entrances and street frontages</p>
Landscaping	Residential development should:

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>Provide substantial, high quality on-site landscaping, including screen planting and canopy trees along ground level front and side and rear boundaries.</p>	<p>✓ Principle met (through permit condition) Condition required. A landscape plan has not been provided as part of the application. Permit condition 2 would request a landscape plan. The proposal would be capable of providing high quality on-site landscaping including screen planting and canopy trees along the ground level front setback, and side and rear boundaries.</p>
	<p>Provide substantial, high quality landscaping along vehicular accessways.</p>	<p>✓ Principle met A landscape plan has not been submitted as part of the application. Indicative landscaping suggests the proposal would provide high quality landscaping along the vehicular accessway.</p>
	<p>Include the planting of at least one substantial canopy tree to each front setback and ground level secluded private open space area.</p>	<p>✓ Principle met (through permit condition) Condition required. A landscape plan has not been provided as part of the application. Permit conditions would request a landscape plan with at least two substantial canopy trees to each front setback and at least one canopy tree to each ground level secluded private open space area.</p>
	<p>Planting trees that are common to and perform well in the area.</p>	<p>✓ Principle met (through permit condition) Condition required. A landscape plan has not been provided as part of the application. Permit condition 2 would request a landscape plan.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>Avoid the removal of existing mature trees by incorporating their retention into the site design.</p> <p>Use landscaping to soften the appearance of the built form when viewed from the street and to respect the amenity of adjoining properties.</p> <p>Ensure that landscaping also addresses the Safety Design Principles.</p> <p>Canopy trees should be planted in well proportioned setbacks/private open space that are sufficient to accommodate their future growth to maturity.</p> <p>Landscaping should minimise the impact of increased storm water runoff through water sensitive urban design and reduced impervious surfaces.</p>	<p>✓ Principle met (through permit condition) On-site trees, trees are proposed to be removed to accommodate the development, and do not require a permit to be removed. No off-site trees would be effected.</p> <p>✓ Principle met (through permit condition) The proposal would set aside over 70% of the front setback for landscaping, which would soften the built form when viewed from the street. Permit condition 2.7 would request a landscape plan with at least two substantial canopy trees within the front setback. This would soften the appearance of the built form when viewed from the street to respect the amenity of the adjoining properties.</p> <p>✓ Principle met Future landscaping can be provided to address the safety design principles.</p> <p>✓ Principle met (through permit condition) A landscape plan has not been provided, however the rear yard and front setbacks have adequate open space to allow for a substantial canopy tree. A permit condition would request at least one canopy tree to each ground level secluded private open space area.</p> <p>✓ Principle met The proposal exceeds the requirements of Standard B9 (Permeability) of Clause 55.03-4. Setbacks are sufficient, and will allow for adequate landscaping to increase stormwater retention and increase permeability.</p>

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.</p>	<p>✓ Principle met (through permit condition) A landscape plan has not been provided as part of the application. Permit condition 2 would request a landscape plan that considered the species of landscaping.</p>
<p>Car parking</p>	<p>The existing level of on-street car parking should be maintained by avoiding second crossovers on allotments with frontage widths less than 17 metres.</p> <p>On-site car parking should be:</p> <ul style="list-style-type: none"> Well integrated into the design of the building, Generally hidden from view or appropriately screened where necessary, Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level. <p>Where car parking is located within the front setback it should be:</p> <ul style="list-style-type: none"> Fully located within the site boundary; and Capable of fully accommodating a vehicle between a garage or carport and the site boundary. 	<p>✓ Principle met The proposed crossovers are on a frontage of 37.19 metres.</p> <p>✓ Principle met Garages are recessed from the front setbacks and well integrated into the design. The proposed parking layout would not dominate the streetscape and would maximise soft landscaping opportunities at ground level.</p> <p>✓ Principle met Parking within the front backs is fully located within the site boundary and fully capable of accommodating a vehicle between the garage and the site boundary.</p>
<p>Setbacks, front boundary and width</p>	<p>Developments with basement car parking should consider flooding concerns where applicable.</p> <p>Residential developments should: Provide a front setback with fence design and height in keeping with the predominant street pattern.</p>	<p>NA - Basement parking not proposed.</p> <p>✓ Principle met A 1.2 metre open style fence is proposed. Front fence heights and designs vary throughout the street, and the 1.2 metre high paling fence is considered appropriate and of a design and height in keeping with the predominant street pattern.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>Maintain the apparent frontage width pattern.</p> <p>Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.</p> <p>Provide open or low scale front fences to allow a visual connection between landscaping in front gardens and street tree planting.</p>	<p>✓ Principle met The frontage width pattern is maintained, with two clearly identified dwellings with a garage located on Catcum Court, and the frontage to Lodge street remaining unchanged.</p> <p>✓ Principle met Appropriate side setbacks have been provided, that will allow for screening planting. At least one generous side setback has been provided to the eastern boundary to allow for the planting of mature canopy trees</p> <p>✓ Principle met The proposed 1.2 metre high open style front fence is of a low scale and will allow for a visual connection between the front garden and street tree planting.</p>
<p>Private open space</p>	<p>All residential developments should provide good quality, useable private open space for each dwelling directly accessible from the main living area.</p> <p>Ground level private open space areas should be able to accommodate boundary landscaping, domestic services and outdoor furniture so as to maximise the useability of the space.</p>	<p>✓ Principle met While the dwellings do not meet the minimum requirements of secluded private open space with a minimum dimension of 5 metres, but they do exceed the overall total for POS and allow for residents to have easy access each space with plenty of sunlight. The private open spaces areas are easily accessible from the main ground floor living areas.</p> <p>✓ Principle met Large private open space areas provided, which will be able to accommodate boundary landscaping, services and outdoor furniture, and will maximise the useability of the space.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>Private open space should be positioned to maximise solar access.</p> <p>Upper floor levels of the same dwelling should avoid encroaching secluded private open space areas to ensure the solar access, useability and amenity of the space is not adversely affected.</p> <p>Upper level dwellings should avoid encroaching the secluded private open space of a separate lower level dwelling so as to ensure good solar access and amenity for the lower level dwelling.</p>	<p>✓ Principle met POS is located to the north for Dwelling 2 and 3, and Dwelling 1 has access to some northern sun and meets the standard of Clause 55.05-5 (Solar Access to open space objective), the secluded private open space will still be a highly useable space based on the sunlight it will receive</p> <p>✓ Principle met While upper floor levels of the same dwelling for Dwelling 2 and 3 do encroach into SPOS areas, the solar access, useability, and amenity of the space is not adversely impacted.</p>
<p>Bulk & Built Form</p>	<p>Upper level dwellings should avoid encroaching the secluded private open space of a separate lower level dwelling so as to ensure good solar access and amenity for the lower level dwelling.</p> <p>All residential developments should respect the dominant façade pattern of the streetscape by:</p> <ul style="list-style-type: none"> • Using similarly proportioned roof forms, windows, doors and verandahs; and • Maintaining the proportion of wall space to windows and door openings. <p>Balconies should be designed to reduce the need for screening from adjoining dwellings and properties.</p> <p>The development of new dwellings to the rear of existing retained dwellings is discouraged where:</p> <ul style="list-style-type: none"> • The siting of the retained dwelling would not enable an acceptable future site layout for either the proposed or future dwelling; or • The retention of the existing dwelling detracts from the identified future character. 	<p>✓ Principle met Upper levels do not encroaching into the SPOS of a separate lower level dwelling.</p> <p>✓ Principle met The proposal has similar materials found in existing dwellings in the surrounding area. The proposed materials include brick at ground floor, with render and cladding for the upper floor, with a pitched roof with eaves.</p> <p>✓ Principle met Balconies not proposed.</p> <p>✓ Principle met Existing dwelling is to be retained. It does not create an unacceptable layout for the proposed dwellings and would allow for development to happen on the site again if it was removed.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>On sites adjacent to identified heritage buildings, infill development should respect the adjoining heritage by:</p> <ul style="list-style-type: none"> • Not exceeding the height of the neighbouring significant building; • Minimising the visibility of higher sections of the new building; and • Setting higher sections back at least the depth of one room from the frontage. 	<p>✓ Principle met Site not adjacent to any identified heritage buildings.</p>
<p>Site Design</p>	<p>Residential development should:</p> <p>Preserve the amenity of adjoining dwellings through responsive site design that considers the privacy, solar access and outlook of adjoining properties.</p> <p>Maximise thermal performance and energy efficiency of the built form by addressing orientation, passive design and fabric performance</p> <p>Ensure that building height, massing articulation responds sensitively to existing residential interfaces, site circumstances, setbacks and streetscape and reduces the need for screening.</p> <p>Provide sufficient setbacks (including the location of basements) to ensure the retention of existing trees and to accommodate the future growth of new trees.</p> <p>Provide suitable storage provisions for the management of operational waste</p>	<p>✓ Principle met No issues identified in regards to the overlooking and overshadowing in the Clause 55 assessment above.</p> <p>✓ Principle met Large windows are proposed and where possible, north facing windows and east-west windows to maximise thermal performance and energy efficiency and lessen reliance for artificial heating and cooling.</p> <p>✓ Principle met Ground level living areas are proposed, which would minimise the need for screening. A permit condition can be added to reduce the massing articulation to the streetscape of Dwelling 2 and 3. A increased setback will be condition for the north setback of dwelling 3 and south setback on the dwelling 2. It will reduce the visual bulk from the street.</p> <p>✓ Principle met Sufficient setbacks are provided to the front, side and rear to allow for landscaping, canopy trees and screen planting</p> <p>✓ Principle met Bins are located in the rear secluded private open space areas for each dwellings.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	Appropriately located suitable facilities to encourage public transport use, cycling and walking.	<p>✓ Principle met The site is located close to public transport, and cycling and walking can be encouraged in the area.</p>
Materials & Finishes	Residential development should:	
	Use quality, durable building materials and finishes that are designed for residential purposes.	<p>✓ Principle met Proposed materials of brick, render and cladding are similar to those found in surrounding residential developments.</p>
	Avoid the use of commercial or industrial style building materials and finishes.	<p>✓ Principle met Materials are suited to residential developments.</p>
	Avoid using materials such as rendered cement sheeting, unarticulated surfaces and excessive repetitive use of materials.	<p>✓ Principle met The proposal is well articulated through variation to materials and forms. Repetitive and excessive use of materials has been avoided.</p>
	Use a consistent simple palette of materials, colours finishes and architectural detailing.	<p>✓ Principle met A simple palette of colours and materials have been utilised to ensure that the proposal maintains a simple design, without excess use of certain colours.</p>
	Maximise the ongoing affordability and sustainability of residential developments through the selection of low maintenance, resource and energy efficient materials and finishes that can be reasonably expected to endure for the life of the building.	<p>✓ Principle met The materials are durable and typical for residential developments.</p>
Domestic services normal to a dwelling and Building services	<p>In order to minimise the impact of domestic and building services on the streetscape, adjacent properties, public realm and amenity of future residents, new residential development should:</p> <p>Ensure that all domestic and building services are visually integrated into the design of the building and appropriately positioned or screened so as to not be seen from the street or adjoining properties.</p>	<p>✓ Principle met Bin and recycling enclosures, mailboxes, meter boxes, clothes lines and water tanks have all been provided and are easily accessible for each dwelling.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 22.09-3.3 Design principles for Incremental Change Areas – General Residential Zone (GRZ)	
Titles & Objectives	Principles
Preferred housing type	<p>The preferred housing type for the Incremental Change Area is medium density.</p> <p>Principle met/Principle not met/NA</p> <p>✓ Principle met Medium density proposed. The proposal is consistent with the definition of medium density, as defined in Clause 22.09-4, as it is for three dwellings on a single lot, with two double storeys and one existing single storey. The two townhouses are attached.</p>
Building Height	<p>The preferred maximum building height for land within the GRZ1 and GRZ2 is up to 2 storeys, including ground level.</p> <p>✓ Principle met A maximum of two storeys proposed</p>
Landscaping	<p>Residential development should use landscaping to create a landscaped character, particularly canopy trees in front and rear gardens; and to protect the outlook of adjoining properties</p> <p>✓ Principle met (with permit condition) A landscape plan has not been provided and would be requested as part of permit condition 2. Permit conditions would request two canopy trees within each front setback, and one canopy tree to each rear SPOS area. In addition, the proposal would also set aside 70% of the front setback for landscaping for both the south and west, which would protect the outlook of adjoining properties.</p>
Setbacks, front boundary and width	<p>Parking, paving and car access within the front boundary setback should be limited in order to maximise the opportunity for soft landscaping and prevent the over dominance of carports and garages in the street.</p> <p>✓ Principle met Parking, paving and car access would not dominate the street. The accessway would comply with Standard B14 (Access objective). There are open style fences to allow for soft landscaping views to be maximised from the streetscape.</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

<p>Private open space</p>	<p>Residential development should provide secluded private open space at the side or rear of each dwelling to avoid the need for excessive screening or high front fencing.</p>	<p>✓ Principle met The secluded private open space is located at the rear of each dwelling. Dwelling 1 provides SPOS to the side/front of the dwelling. There are still opportunities for landscaping in the front setback, as the fences do not extend to the boundary.</p>
<p>Bulk & Built Form</p>	<p>Residential development should: Ensure that the built form respects the scale of existing prevailing built form character and responds to site circumstances and streetscape;</p>	<p>✓ Principle met The existing neighbourhood character comprises a mix of single and double storey multi-unit developments. The built form responds to the site circumstances, with recessed garages, the proposed materials are comprised of brick at ground floor and render and cladding at the upper floor, and the dwelling would incorporate a pitched roof with eaves. Overall, the proposal integrates with the existing streetscape and incorporates a variety of elements from neighbouring dwellings. While it does fit into the streetscape, a permit condition can be added to slightly reduce the built form, by increasing the setbacks to the north for Dwelling 3 and to the south for Dwelling 2.</p> <p>✗ Principle not met The dwellings are not separated at the upper levels, under Clause 22.09-4 (Definitions) townhouses can be attached or semi-detached. As both dwellings front the street and would be considered townhouses, they would visually give a similar impression as one single dwelling.</p>
<p>Provide separation between dwellings at the upper level;</p>		

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>Retain spines of open space at the rear of properties to maximise landscaping opportunities and protect private secluded open space.</p>	<p>✓ Principle met A clear spine of open space has been retained to the rear of dwelling two and three to maximise landscaping opportunities and protect private secluded private open space.</p>
	<p>Position more intense and higher elements of built form towards the front and centre of a site, transitioning to single storey elements to the rear of the lot.</p>	<p>✓ Principle met The site is a corner lot, the building mass is properly located to allow for protection of private open space.</p>
	<p>The rearmost dwelling on a lot should be single storey to ensure the identified future character of the area and the amenity of adjoining properties is respected by maximising landscaping opportunities and protecting adjoining private secluded open space.</p> <p>Two storey dwellings to the rear of a lot may be considered where:</p> <ul style="list-style-type: none"> • The visual impact of the building bulk does not adversely affect the identified future character of the area; • Overlooking and/or overshadowing does not adversely affect the amenity of neighbouring properties; • The building bulk does not adversely affect the planting and future growth of canopy trees to maturity; • Sufficient side and rear boundary landscaping can be provided to screen adjoining properties; • Upper storey components are well recessed from adjoining sensitive interfaces. 	<p>✓ Principle met The rear most dwelling is a double storey. As the site is a corner lot, it is in a unique position to provide two double storey dwellings to the rear to a single storey on a lot without creating an unacceptable amount of building bulk. The design allows for sufficient setbacks for canopy trees to mature and sufficient landscaping opportunities.</p> <p>The setbacks allow for the proposal to not overshadow and the obscuring and screening of windows allow to not overlook in a way that would adversely affect the amenity of neighbouring lots.</p> <p>Upper storey components are well recessed from adjoining sensitive interfaces.</p>
	<p>Residential development should be well articulated through the use of contrast, texture, variation in forms, materials and colours.</p>	<p>✓ Principle met The proposal has been articulated through the variation and contrast of materials. The upper floor is recessed from the ground floor</p>

Note: Other requirements also apply. These can be found at the schedule to the applicable zone.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Assessment Table - Two or More Dwellings on a Lot and Residential Buildings (Clause 55)

Clause 55.02-1 Neighbourhood character objectives

Title & Objective	Standard (Summarised)	Standard Met/Standard Not Met/NA
Standard B1	The design response must be appropriate to the neighbourhood and the site.	<p>Standard met Complies. See Clause 22.09 assessment. The area has single and double storey dwellings of similar design, the proposal is considered appropriate to neighbourhood character. It seeks to respect the preferred future character of the land and minimise any amenity impact to adjoining interfaces.</p>
	The proposed design response must respect the existing or preferred neighbourhood character and respond to the features of the site.	<p>Standard met The area has single and double storey dwellings of similar design, with render and brick dwellings with hipped roof forms and similar facades. The proposal is considered appropriate to neighbourhood character, although it is modern in terms of its roofs and materials, it fits in with the immediate surrounding dwellings and respects existing and preferred neighbourhood character. Elements of preferred character met include setbacks, availability for landscaping, and the dwelling itself has a floor plan that is a typical residential design.</p>
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme. The neighbourhood and site description. The design response.</p>	
Objectives	<p>To ensure that the design respects the existing neighbourhood character or contributes to a preferred neighbourhood character. To ensure that development responds to the features of the site and the surrounding area.</p>	

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.02-2 Residential policy objectives

Standards		Standard Met/Standard Not Met/NA
Title & Objective	Standard B2 An application must be accompanied by a written statement to the satisfaction of the responsible authority that describes how the development is consistent with any relevant policy for housing in the SPPF and the LPPF, including the MSS and local planning policies.	Standard met Proposal is consistent with relevant policies – 22.09 assessment below The application was accompanied by a written assessment of the proposal against the relevant State and Local Policies.
Decision Guidelines	The SPPF and the LPPF including the MSS and local planning policies. The design response.	
Objectives	To ensure that residential development is provided in accordance with any policy for housing in the SPPF and the LPPF, including the MSS and local planning policies. To support medium densities in areas where development can take advantage of public and community infrastructure and services.	

Clause 55.02-3 Dwelling diversity objective

Standards		Standard Met/Standard Not Met/NA
Title & Objective	Standard B3 Developments of ten or more dwellings should provide a range of dwelling sizes and types, including: <ul style="list-style-type: none"> • Dwellings with a different number of bedrooms. • At least one dwelling that contains a kitchen, bath or shower, and a toilet and wash basin at ground floor level. 	NA This provision is not relevant to the application as less than 10 dwellings are proposed.
Objective	To encourage a range of dwellings sizes and types in developments of ten or more dwellings.	

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.02-4 Infrastructure objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B4	<p>Development should be connected to reticulated services, including reticulated sewerage, drainage, electricity and gas, if available.</p> <p>Development should not unreasonably exceed the capacity of utility services and infrastructure, including reticulated services and roads.</p> <p>In areas where utility services or infrastructure have little or no spare capacity, developments should provide for the upgrading of or mitigation of the impact on services or infrastructure.</p>	<p>Standard met Site is located in an established residential area and services would be required by the relevant authorities at the subdivision of land stage.</p> <p>Standard met The proposal would provide landscaping to assist with water runoff as to not overload the existing infrastructure.</p> <p>Standard met Any upgrading of services would be requested by the relevant authorities at the subdivision of land stage.</p>
Decision Guidelines	<p>The capacity of the existing infrastructure.</p> <p>In the absence of reticulated sewerage, the capacity of the development to treat and retain all wastewater in accordance with the SEPP (Waters of Victoria) under the EPA 1970.</p> <p>If the drainage system has little or no spare capacity, the capacity of the development to provide for stormwater drainage mitigation or upgrading of the local drainage system.</p> <p>To ensure development is provided with appropriate utility services and infrastructure.</p>	
Objectives	<p>To ensure development does not unreasonably overload the capacity of utility services and infrastructure.</p>	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.02-5 Integration with the street objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B5	<p>Developments should provide adequate vehicle and pedestrian links that maintain or enhance local accessibility.</p> <p>Developments should be oriented to front existing and proposed streets.</p> <p>High fencing in front of dwellings should be avoided if practicable.</p> <p>Development next to existing public open space should be laid out to complement the open space.</p>	<p>Standard met Each dwelling is provided with their own access way and pedestrian links</p> <p>Standard met Dwelling 1 is oriented towards Lodge Street and Dwelling 2 and 3 are oriented towards Gatum Court</p> <p>Standard met Front fence to be 1.2m high which is considered acceptable</p> <p>NA There is no public open space</p>
Decision Guidelines	<p>Any relevant urban design objective, policy or statement set out in this scheme.</p> <p>The design response.</p>	
Objective	<p>To integrate the layout of development with the street.</p>

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.03-1 Street setback objective

Standards		Standard Met/Standard Not Met/NA												
<p>Title & Objective</p> <p>Standard B6</p>	<p>Walls of buildings should be set back from streets at least the distance specified in a schedule to the zone:</p> <p>GRZ: 7.5 metres or as per Table B1, whichever is the lesser.</p> <p>Table B1 Street setback</p> <table border="1"> <thead> <tr> <th>Development context</th> <th>Minimum setback from front street (metres)</th> <th>Minimum setback from a side street (metres)</th> </tr> </thead> <tbody> <tr> <td>There is an existing building on both the abutting allotments facing the same street, and the site is not on a corner.</td> <td>The average distance of the setbacks of the front walls of the existing buildings on the abutting allotments facing the front street or 9 metres, whichever is the lesser.</td> <td>Not applicable</td> </tr> <tr> <td>There is an existing building on one abutting allotment facing the same street and no existing building on the other abutting allotment facing the same street, and the site is not on a corner.</td> <td>The same distance as the setback of the front wall of the existing building on the abutting allotment facing the front street or 9 metres, whichever is the lesser.</td> <td>Not applicable</td> </tr> <tr> <td>There is no existing building on either of the abutting allotments facing the same street, and the site is not on a corner.</td> <td>6 metres for streets in a Road Zone, Category 1, and 4 metres for other streets.</td> <td>Not applicable</td> </tr> </tbody> </table>	Development context	Minimum setback from front street (metres)	Minimum setback from a side street (metres)	There is an existing building on both the abutting allotments facing the same street, and the site is not on a corner.	The average distance of the setbacks of the front walls of the existing buildings on the abutting allotments facing the front street or 9 metres, whichever is the lesser.	Not applicable	There is an existing building on one abutting allotment facing the same street and no existing building on the other abutting allotment facing the same street, and the site is not on a corner.	The same distance as the setback of the front wall of the existing building on the abutting allotment facing the front street or 9 metres, whichever is the lesser.	Not applicable	There is no existing building on either of the abutting allotments facing the same street, and the site is not on a corner.	6 metres for streets in a Road Zone, Category 1, and 4 metres for other streets.	Not applicable	<p>Standard met</p> <p>✓ Standard met</p> <p>The site is on a corner.</p> <p>Dwelling 1 is existing with a front setback of 7.62m and side wall setback 2.01m. The front setback required is 7.5m and side wall setback is 2m</p> <p>Dwelling 2 and 3 front walls are setback 3m, with a porch encroachment of 646mm. This meets the standard of 3m setback for front walls on a corner.</p>
	Development context	Minimum setback from front street (metres)	Minimum setback from a side street (metres)											
	There is an existing building on both the abutting allotments facing the same street, and the site is not on a corner.	The average distance of the setbacks of the front walls of the existing buildings on the abutting allotments facing the front street or 9 metres, whichever is the lesser.	Not applicable											
	There is an existing building on one abutting allotment facing the same street and no existing building on the other abutting allotment facing the same street, and the site is not on a corner.	The same distance as the setback of the front wall of the existing building on the abutting allotment facing the front street or 9 metres, whichever is the lesser.	Not applicable											
There is no existing building on either of the abutting allotments facing the same street, and the site is not on a corner.	6 metres for streets in a Road Zone, Category 1, and 4 metres for other streets.	Not applicable												
<p>Decision Guidelines</p>	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>The design response.</p>													

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	Whether a different setback would be more appropriate taking into account the prevailing setbacks of existing buildings on nearby lots.
	The visual impact of the building when viewed from the street and from adjoining properties.
	The value of retaining vegetation within the front setback.
Objective	To ensure that the setbacks of buildings from a street respect the existing or preferred neighbourhood character and make efficient use of the site.

Clause 55.03-2 Building height objective

Standards		Standard Met/Standard Not Met/NA
Standard B7	<p>The maximum building height should not exceed the maximum height specified in the zone, schedule to the zone or an overlay that applies to the land.</p> <p>GRZ: 11 metres / 3 storeys mandatory maximum (refer Clause 32.08-9)</p> <p>If no maximum height is specified in the zone, schedule to the zone or an overlay, the maximum building height should not exceed 9 metres, unless the slope of the natural ground level at any cross section wider than 8 metres of the site of the building is 2.5 degrees or more, in which case the maximum building height should not exceed 10 metres.</p> <p>Changes of building height between existing buildings and new buildings should be graduated.</p>	<p>✓ Standard met</p> <p>2 storeys maximum – 7.55m</p> <p>N/A</p> <p>✓ Standard met</p> <p>The double storey dwelling transitions to a single storey dwelling to the street frontage on Lodge Street. Double storey dwellings are also common in the area.</p>
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>Any maximum building height specified in the zone, a schedule to the zone or an overlay applying to the land.</p> <p>The design response.</p> <p>The effect of the slope of the site on the height of the building.</p> <p>The relationship between the proposed building height and the height of existing adjacent buildings.</p> <p>The visual impact of the building when viewed from the street and from adjoining properties.</p>	
Objective	To ensure that the height of buildings respects the existing or preferred neighbourhood character	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.03-3 Site coverage objective

Standards		Standard Met/Standard Not Met/NA
Title & Objective		
Standard B8	The site area covered by buildings should not exceed: <ul style="list-style-type: none"> • The maximum site coverage specified in a schedule to the zone, or • If no maximum site coverage is specified in a schedule to the zone, 60 per cent. GRZ1: 60% (none specified)	Standard met Area = 624sqm Site Coverage = 278.7sqm = 44%
Decision Guidelines	Any relevant neighbourhood character objective, policy or statement set out in this scheme. The design response. The existing site coverage and any constraints imposed by existing development or the features of the site. The site coverage of adjacent properties The effect of the visual bulk of the building and whether this is acceptable in the neighbourhood. To ensure that the site coverage respects the existing or preferred neighbourhood character and responds to the features of the site.	
Objective		

Clause 55.03-4 Permeability objectives

Standards		Standard Met/Standard Not Met/NA
Title & Objective		
Standard B9	The site area covered by the pervious surfaces should be at least: <ul style="list-style-type: none"> • The minimum areas specified in a schedule to the zone, or • If no minimum is specified in a schedule to the zone, 20 per cent of the site. GRZ1: 30%	Standard met Area = 624sqm Impervious surfaces = 328.1sqm Permeability = 295.9sqm = 47.4%
Decision Guidelines	The design response. The existing site coverage and any constraints imposed by existing development. The capacity of the drainage network to accommodate additional stormwater. The capacity of the site to absorb run-off. The practicality of achieving the minimum site coverage of pervious surfaces, particularly on lots of less than 300 square metres.	
Objectives	To reduce the impact of increased stormwater run-off on the drainage system. To facilitate on-site stormwater infiltration.	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.03-5 Energy efficiency objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B10</p>	<p>Buildings should be:</p> <ul style="list-style-type: none"> • Oriented to make appropriate use of solar energy. • Sited and designed to ensure that the energy efficiency of existing dwellings on adjoining lots is not unreasonably reduced. <p>Living areas and private open space should be located on the north side of the development, if practicable.</p>	<p>Standard met</p> <p>The dwellings have north windows, and plenty of east-west windows with open plan living, making appropriate use of solar energy.</p> <p>The existing dwellings energy efficiency is not unreasonable reduced.</p> <p>Standard met</p> <p>Dwelling 2 and 3 have their private open space located on the north side of the development. Dwelling does have northern POS, but their main POS is located to the south of the development due to the orientation of the lot. As the dwelling is a single storey, the POS is not effect by adversely impact by overshadowing from the existing dwelling</p>
<p>Decision Guidelines</p>	<p>Developments should be designed so that solar access to north-facing windows is maximised.</p>	<p>Standard met</p> <p>There are adequate north facing windows to all dwellings.</p>
<p>Objectives</p>	<p>The design response.</p> <p>The size, orientation and slope of the lot.</p> <p>The existing amount of solar access to abutting properties.</p> <p>The availability of solar access to north-facing windows on the site.</p> <p>To achieve and protect energy efficient dwellings and residential buildings.</p> <p>To ensure the orientation and layout of development reduce fossil fuel energy use and make appropriate use of daylight and solar energy.</p>	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.03-6 Open space objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B11	If any public or communal open space is provided on site, it should: <ul style="list-style-type: none"> • Be substantially fronted by dwellings, where appropriate. • Provide outlook for as many dwellings as practicable. • Be designed to protect any natural features on the site. • Be accessible and useable. 	NA
Decision Guidelines	Any relevant plan or policy for open space in the SPPF and the LPPF, including the MSS and local planning policies. The design response.	
Objective	To integrate the layout of development with any public and communal open space provided in or adjacent to the development.	

Clause 55.03-7 Safety objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B12	Entrances to dwellings and residential buildings should not be obscured or isolated from the street and internal accessways. Planting which creates unsafe spaces along streets and accessways should be avoided. Developments should be designed to provide good lighting, visibility and surveillance of car parks and internal accessways. Private spaces within developments should be protected from inappropriate use as public thoroughfares.	Standard met All dwelling's entrances are visible from their respective streets or shared accessway. Standard met Space for low level planting suggested along the accessway Standard met Security lighting is provided Standard met The lot boundary for each dwelling is clearly defined and protected from inappropriate use as public thoroughfares.
Decision Guidelines	The design response.	
Objectives	To ensure the layout of development provides for the safety and security of residents and property.	

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.03-6 Landscaping objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B13	<p>The landscape layout and design should:</p> <ul style="list-style-type: none"> Protect any predominant landscape features of the neighbourhood. Take into account the soil type and drainage patterns of the site. Allow for intended vegetation growth and structural protection of buildings. In locations of habitat importance, maintain existing habitat and provide for new habitat for plants and animals. Provide a safe, attractive and functional environment for residents. <p>Development should provide for the retention or planting of trees, where these are part of the character of the neighbourhood.</p> <p>Development should provide for the replacement of any significant trees that have been removed in the 12 months prior to the application being made</p> <p>The landscape design should specify landscape themes, vegetation (location and species), paving and lighting.</p> <p>Development should meet any additional landscape requirements specified in a schedule to the zone.</p> <p>All schedules to all residential zones: "70% of ground level front setback, and side and rear setbacks, planted with substantial landscaping and canopy trees."</p>	<p>Standard not met</p> <p>The proposal has provided sufficient space for landscaping opportunities in line with this objective. A detail landscape plan with at least one canopy tree within the front setback and secluded private open space of each dwelling should be requested. This could be conditioned.</p>
		<p>Standard met</p> <p>The development will be conditioned to provide a sufficient number of canopy trees. There are no significant trees on site.</p>
		<p>Standard met</p> <p>As above</p>
		<p>Standard not met</p> <p>The required landscape plan specifies native plantings and material details.</p>
		<p>Standard met</p> <p>There is sufficient space to have 70% of ground level front setback to have substantial landscaping and canopy trees.</p>
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>Any relevant plan or policy for landscape design in the SPPF and the LPPF, including the MSS and local planning policies.</p> <p>The design response.</p> <p>The location and size of gardens and the predominant plant types in the neighbourhood.</p> <p>The health of any trees to be removed.</p> <p>Whether a tree was removed to gain a development advantage.</p>	
Objectives	<p>To encourage development that respects the landscape character of the neighbourhood.</p> <p>To encourage development that maintains and enhances habitat for plants and animals in locations of habitat importance.</p>	<p>A condition will be required to provide a landscape plan that would be compliant with Standard B13 and the objectives of respecting the landscape character, and providing appropriate landscaping will be met. There is</p>

Clause 55.04-2 Walls on boundaries objective

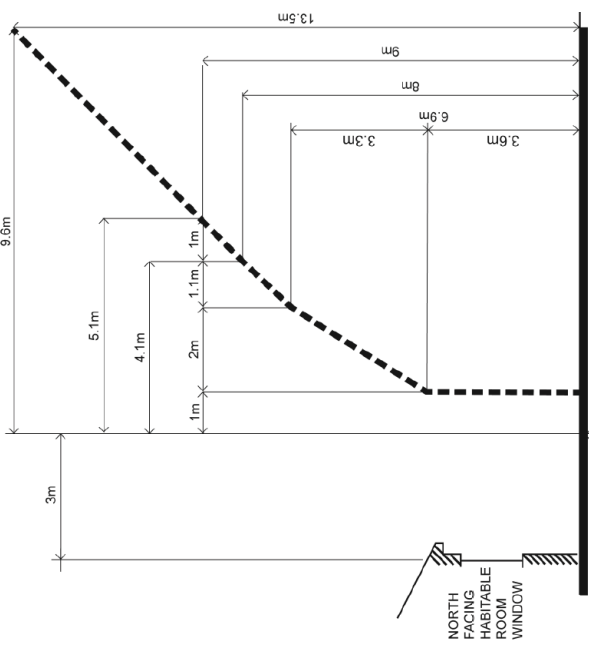

Title & Objective	Standards	Standard Met/Standard Not Met/NA								
<p>Standard B18</p>	<p>A new wall constructed on or within 200mm of a side or rear boundary of a lot or a carport constructed on or within 1 metre of a side or rear boundary of lot should not abut the boundary.</p> <ul style="list-style-type: none"> For a length of more than the distance specified in the schedule to the zone; or If no distance is specified in a schedule to the zone, for a length of more than: <ul style="list-style-type: none"> 10 metres plus 25 per cent of the remaining length of the boundary of an adjoining lot, or Where there are existing or simultaneously constructed walls or carports abutting the boundary on an abutting lot, the length of the existing or simultaneously constructed walls or carports, whichever is the greater. <p>A new wall or carport may fully abut a side or rear boundary where slope and retaining walls or fences would result in the effective height of the wall or carport being less than 2 metres on the abutting property.</p> <p>A building on a boundary includes a building set back up to 200mm from a boundary.</p> <p>The height of a new wall constructed on or within 200 mm of a side or rear boundary or a carport constructed on or within 1 metre of a side or rear boundary should not exceed an average of 3.2 metres with no part higher than 3.6 metres unless abutting a higher existing or simultaneously constructed wall.</p>	<p>Standard met</p> <p>Dwelling 3:</p> <table border="1" data-bbox="311 324 422 896"> <thead> <tr> <th>Wall boundary length provided</th> <th>Boundary length</th> <th>Allowable length on boundary</th> <th>Complies?</th> </tr> </thead> <tbody> <tr> <td>North: 6m</td> <td>15.62m</td> <td>11.4m</td> <td>✓</td> </tr> </tbody> </table> <p>Standard met Wall does not fully abut the whole boundary</p> <p>Standard met Wall is along the boundary</p> <p>Standard met Maximum height: 2.8m</p>	Wall boundary length provided	Boundary length	Allowable length on boundary	Complies?	North: 6m	15.62m	11.4m	✓
Wall boundary length provided	Boundary length	Allowable length on boundary	Complies?							
North: 6m	15.62m	11.4m	✓							
<p>Decision Guidelines</p>	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>The design response.</p> <p>The extent to which walls on boundaries are part of the neighbourhood character.</p> <p>The impact on the amenity of existing dwellings.</p> <p>The opportunity to minimise the length of walls on boundaries by aligning a new wall on a boundary with an existing wall on a lot of an adjoining property.</p> <p>The orientation of the boundary that the wall is being built on.</p> <p>The width of the lot.</p> <p>The extent to which the slope and retaining walls or fences reduce the effective height of the wall.</p> <p>Whether the wall abuts a side or rear lane.</p> <p>The need to increase the wall height to screen a box gutter.</p>									

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

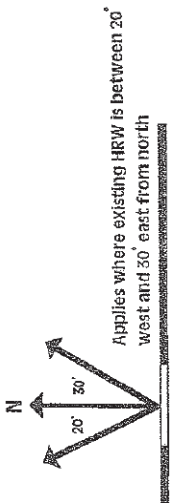

<p>Objectives</p>	<p>To ensure that the location, length and height of a wall on a boundary respects the existing or preferred neighbourhood character and limits the impact on the amenity of existing dwellings.</p>	
<p>Clause 55.04-3 Daylight to existing windows objective</p>		
<p>Title & Objective</p>	<p>Standards</p>	<p>Standard Met/Standard Not Met/NA</p>
<p>Standard B19</p>	<p>Buildings opposite an existing habitable room window should provide for a light court to the existing window that has a minimum area of 3 square metres and minimum dimension of 1 metre clear to the sky. The calculation of the area may include land on the abutting lot.</p>	<p>✓ Standard met The development would not reduce the light court to any existing habitable room windows. Existing windows have a minimum area of 3 square metres and minimum dimension of 1 metre clear to the sky. The existing dwelling is being retained so it maintains existing setbacks to adjoining habitable windows. Eaves to be cut back to provide 3sqm clear to the sky, at the garage for Dwelling 1.</p>
<p>Walls or carports more than 3 metres in height opposite an existing habitable room window should be set back from the window at least 50 per cent of the height of the new wall if the wall is within a 55 degree arc from the centre of the existing window. The arc may be swung to within 35 degrees of the plane of the wall containing the existing window.</p> <p>Diagram B2 Daylight to existing windows</p>	<p>Where the existing window is above ground floor level, the wall height is measured from the floor level of the room containing the window.</p> <p>The design response.</p>	<p>✓ Standard met As above.</p>
<p>Decision Guidelines</p>	<p>The extent to which the existing dwelling has provided for reasonable daylight access to its habitable rooms through the siting and orientation of its habitable room windows.</p>	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.04-4 North-facing windows objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B20</p>	<p>If a north-facing habitable room window of an existing dwelling is within 3 metres of a boundary on an abutting lot, a building should be setback from the boundary 1 metre, plus 0.6 metres for every metre of height over 3.6 metres up to 6.9 metres, plus 1 metre for every metre of height over 6.9 metres, for a distance of 3 metres from the edge of each side of the window.</p> <p>Diagram B3 North-facing windows</p>  <p>Diagram B3 North-facing windows</p> <p>NORTH FACING HABITABLE ROOM WINDOW</p> <p>SOUTH BOUNDARY</p>	<p>NA- there are no north habitable windows that are effected by the proposal within the 3 metres of the boundary</p>
	<p>A north facing window is a window with an axis perpendicular to its surface orientated north 20 degrees west to north 30 degrees east.</p>	

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
 (Cont.)**

	 <p>Applies where existing HRW is between 20° west and 30° east from north</p>	
Decision Guidelines	The design response. Existing sunlight to the north-facing habitable room window of the existing dwelling. The impact on the amenity of existing dwellings.	
Objective	To allow adequate solar access to existing north-facing habitable room windows.	

Clause 55.04-5 Overshadowing open space objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B21	<p>Where sunlight to the secluded private open space of an existing dwelling is reduced, at least 75 per cent, or 40 square metres with a minimum dimension of 3 metres, whichever is the lesser area, of the secluded private open space should receive a minimum of five hours of sunlight between 9am and 3pm on 22 Sept.</p> <p>If existing sunlight to the secluded private open space of an existing dwelling is less than the requirements of this standard, the amount of sunlight should not be further reduced.</p>	<p>Standard met The setbacks provided for the development ensure that no reduction in sunlight as per the standard to secluded open space of an existing dwellings would happen. Compliance has been demonstrated on the shadow diagrams.</p> <p>Standard met As above.</p>
Decision Guidelines	The design response. The impact on the amenity of existing dwellings. Existing sunlight penetration to the secluded private open space of the existing dwelling. The time of day that sunlight will be available to the secluded private open space of the existing dwelling. The effect of a reduction in sunlight on the existing use of the existing secluded private open space.	
Objective	To ensure buildings do not significantly overshadow existing secluded private open space.	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.04-6 Overlooking objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B22</p>	<p>A habitable room window, balcony, terrace, deck or patio should be located and designed to avoid direct views into the secluded private open space of an existing dwelling within a horizontal distance of 9 metres (measured at ground level) of the window, balcony, terrace, deck or patio. Views should be measured within a 45 degree angle from the plane of the window or perimeter of the balcony, terrace, deck or patio, and from a height of 1.7 metres above floor level.</p> <p>Diagram B4 Overlooking open space</p>	<p>Standard met</p> <p>There is no overlooking into SPOS of an existing dwelling with windows being at a height above 1.7m FFL or screened up to 1.7m FFL where required as per the standard, on elevations.</p>
	<p>A habitable room window, balcony, terrace, deck or patio with a direct view into a habitable room window of existing dwelling within a horizontal distance of 9 metres (measured at ground level) of the window, balcony, terrace, deck or patio should be either:</p> <ul style="list-style-type: none"> • Offset a minimum of 1.5 metres from the edge of one window to the edge of the other. • Have sill heights of at least 1.7 metres above floor level. 	<p>Standard met</p> <p>As above</p>

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<ul style="list-style-type: none"> • Have fixed, obscure glazing in any part of the window below 1.7 metre above floor level. • Have permanently fixed external screens to at least 1.7 metres above floor level and be no more than 25 per cent transparent. <p>Obscure glazing in any part of the window below 1.7 metres above floor level may be operable provided that there are no direct views as specified in this standard.</p> <p>Screens used to obscure a view should be:</p> <ul style="list-style-type: none"> • Perforated panels or trellis with a maximum of 25 per cent openings or solid translucent panels. • Permanent, fixed and durable. • Designed and coloured to blend in with the development. <p>The standard does not apply to a new habitable room window, balcony, terrace, deck or patio which faces a property boundary where there is a visual barrier at least 1.8 metres high and the floor level of the habitable room, balcony, terrace, deck or patio is less than 0.8 metres above ground level at the boundary.</p>	<p>✓ Standard met As above</p> <p>✓ Standard met As above</p> <p>✓ Standard met As above</p>
Decision Guidelines	<p>The design response.</p> <p>The impact on the amenity of the secluded private open space or habitable room window.</p> <p>The existing extent of overlooking into the secluded private open space and habitable room window of existing dwellings.</p> <p>The internal daylight to and amenity of the proposed dwelling or residential building.</p> <p>To limit views into existing secluded private open space and habitable room windows.</p>	
Objective		

Clause 55.04-7 Internal views objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B23	<p>Windows and balconies should be designed to prevent overlooking of more than 50 per cent of the secluded private open space of a lower-level dwelling or residential building directly below and within the same development.</p>	<p>Standard Met/Standard Not Met/NA</p> <p>✓ Standard met There would be no internal views within the development</p>
Decision Guidelines	<p>The design response.</p>	
Objective	<p>To limit views into the secluded private open space and habitable room windows of dwellings and residential buildings within a development.</p>	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.04-8 Noise impacts objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B24	Noise sources, such as mechanical plant, should not be located near bedrooms of immediately adjacent existing dwellings. Noise sensitive rooms and secluded private open spaces of new dwellings and residential buildings should take into account of noise sources on immediately adjacent properties. Dwellings and residential buildings close to busy roads, railway lines or industry should be designed to limit noise levels in habitable rooms. The design response. To contain noise sources within development that may affect existing dwellings. To protect residents from external noise.	Standard met No noisy machinery proposed. Standard met There are no adverse noise sources on the adjoining properties. Standard met The site is not located close to busy roads or industry.
Decision Guidelines		
Objectives		

Clause 55.05-1 Accessibility objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B25	The dwelling entries of the ground floor of dwellings and residential buildings should be accessible or able to be easily made accessible to people with limited mobility.	Standard met Dwelling entries would be easily made accessible to people with limited mobility
Objective	To encourage the consideration of the needs of people with limited mobility in the design of developments.	

Clause 55.05-2 Dwelling entry objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B26	Entries to dwellings and residential buildings should: <ul style="list-style-type: none"> • Be visible and easily identifiable from streets and other public areas. • Provide shelter, a sense of personal address and a transitional space around the entry. 	Standard met Dwelling entries would be directly accessible from the street and accessway
Objective	To provide each dwelling or residential building with its own sense of identity.	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.05-3 Daylight to new windows objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B27	A window in a habitable room should be located to face: <ul style="list-style-type: none"> • An outdoor space clear to the sky or a light court with a minimum area of 3 square metres and minimum dimension of 1 metre clear to the sky, not including land on an abutting lot, or • A verandah provided it is open for at least on third of its perimeter, or • A carport provided it has two or more open sides and is open for at least on third of its perimeter. 	Standard met The proposal has considered the location of windows to front an open space which would have a minimum clearance of 1.0m at ground floor for the new dwellings.
Decision Guidelines	The design response. Whether there are other windows in the habitable room which have access to daylight.	
Objective	To allow adequate daylight into new habitable room windows.	

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
 (Cont.)**

Clause 55.05-4 Private open space objective	
Title & Objective	Standards
<p>Standard B28</p>	<p>A dwelling or residential building should have private open space of an area and dimensions specified in a schedule to the zone.</p> <p>GRZ1: <i>"An area of 50 square metres of ground level, private open space, with an area of secluded private open space at the side or rear of the dwelling with a minimum area of 30 square metres and a minimum dimension of 5 metres and convenient access from a living room; or</i> <i>A balcony or rooftop with a minimum area of 10 square metres with a minimum width of 2 metres that is directly accessible from the main living area."</i></p>
	<p>Standard Met/Standard Not Met/NA</p> <p>* Standard not met</p> <p>D1: Total POS: 180.05sqm Including: 113.08sqm of front yard 28.09sqm of SPOS with a minimum dimension of 5.1m 38.88sqm of additional SPOS</p> <p>D2: Total POS: 56.47sqm Including: 15.62sqm of front yard 26.6sqm of SPOS with a minimum dimension of 5.12m 14.25sqm of additional SPOS</p> <p>D3: Total POS: 56.44sqm Including: 15.58sqm of front yard 26.6sqm of SPOS with a minimum dimension of 5.12m 14.26sqm of additional SPOS</p>

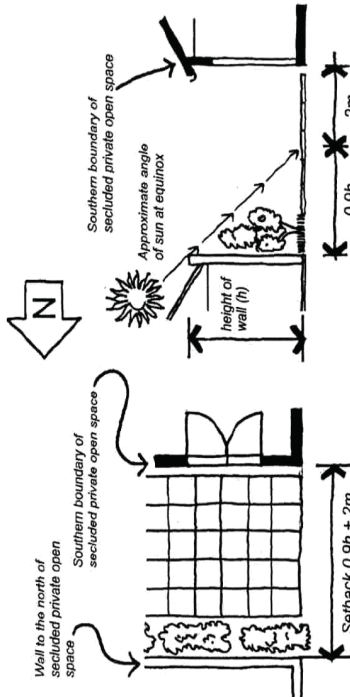

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

	<p>If no area or dimensions are specified in a schedule to the zone, a dwelling or residential building should have private open space consisting of:</p> <ul style="list-style-type: none"> • An area of 40 square metres, with one part of the private open space to consist of secluded private open space at the side or rear of the dwelling or residential building with a minimum area of 25 square metres, a minimum dimension of 3 metres and convenient access from a living room, or • A balcony of 8 square metres with a minimum width of 1.6 metres and convenient access from a living room, or • A roof-top area of 10 square metres with a minimum width of 2 metres and convenient access from a living room. <p>The balcony requirements in Clause 55.05-4 do not apply to an apartment development.</p>	
<p>Decision Guidelines</p>	<p>The design response.</p> <p>The useability of the private open space, including its size and accessibility.</p> <p>The availability of and access to public or communal open space.</p> <p>The orientation of the lot to the street and the sun.</p>	<p>The proposal does not meet the design and size requirements for Secluded Private Open Space (30 Sq metres with a minimum dimension of 5 metres) as outlined through the variation to Standard B28 under the Schedule of the GRZ.</p> <p>Dwellings 2 and 3 fall short of the 30 Sq. metre requirements by 3.4sqm and Dwelling 1 falls short by 1.91sqm.</p> <p>Both Dwellings 2 and 3 have just over 14 sqm extra SPOS for residents to enjoy, and Dwelling 1 has an extra of 38.88sqm. There is acceptable useability of the POS due to the size and accessibility for residents. The lot is in close proximity to Parkfield Reserve, which is within walking distance from the subject site. The development allows for good access to northern sun for all dwellings and they all have privacy from the street.</p>
<p>Objective</p>	<p>To provide adequate private open space for the reasonable recreation and service needs of residents.</p>	<p>The POS meets the objective as residents have adequate POS for the reasonable recreation and service needs of residents by overall SPOS provided, access to sunlight and proximity to public open space.</p>

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.05-5 Solar access to open space objective

Title & Objective	Standards	Standard Met/Standard Not Met/NA
<p>Standard B29</p>	<p>The private open space should be located on the north side of the dwelling or residential building, if appropriate.</p> <p>The southern boundary of secluded private open space should be set back from any wall on the north of the space at least $(2 + 0.9h)$ metres, where 'h' is the height of the wall.</p> <p>Diagram B5 Solar access to open space</p> 	<p>✓ Standard met</p> <p>Dwelling 2 and 3 POS is located to the north. Due to the corner lot and the retaining the existing dwelling, Dwelling 1's POS is located to the south with some access to the northern sun</p> <p>✓ Standard met</p> <p>2+0.9*3m first floor wall height = 4.7m setback required The setback from the wall to the southern fence is 5.1m</p>
<p>Decision Guidelines</p>	<p>The design response.</p> <p>The useability and amenity of the secluded private open space based on the sunlight it will receive.</p>	
<p>Objective</p>	<p>To allow solar access into the secluded private open space of new dwellings and residential buildings.</p>	

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.05-6 Storage objective

Title & Objective		Standards	Standard Met/Standard Not Met/NA
Standard B30		Each dwelling should have convenient access to at least 6 cubic metres of externally accessible, secure storage space.	Standard met Each dwelling would be provided with 6 cubic metres of externally accessible storage space either within a storage shed.
Objective		To provide adequate storage facilities for each dwelling.	

Clause 55.06-1 Design detail objective

Title & Objective		Standards	Standard Met/Standard Not Met/NA
Standard B31		The design of buildings, including: <ul style="list-style-type: none"> • Façade articulation and detailing, • Window and door proportions, • Roof form, and • Verandahs, eaves and parapets, should respect the existing or preferred neighbourhood character.	Standard met The design of the building is respectful the existing neighbourhood character, such as façade articulation, window and door proportions, and the hipped roof forms. The proposal would use different external building materials each in a different colour, adding visual interest when viewed from the public and private realm.
Decision Guidelines		Garages and carports should be visually compatible with the development and the existing or preferred neighbourhood character. Any relevant neighbourhood character objective, policy or statement set out in this scheme. The design response. The effect on the visual bulk of the building and whether this is acceptable in the neighbourhood setting. Whether the design is innovative and of a high architectural standard.	Standard met The garages would be recessed further from the streets than the front walls of the dwellings and would not be visually dominating.
Objective		To encourage design detail that respects the existing or preferred neighbourhood character.	

**2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271)
 (Cont.)**

Clause 55.06-2 Front fences objective		Standards	Standard Met/Standard Not Met/NA						
Title & Objective	Standard B32	<p>The design of front fences should complement the design of the dwelling or residential building and any front fences on adjoining properties.</p> <p>A front fence within 3 metres of a street should not exceed:</p> <ul style="list-style-type: none"> The maximum height specified in a schedule to the zone, or <p>All schedules to all residential zones:</p> <p>"Maximum 1.5 metre height in streets in Road Zone Category 1 1.2 metre maximum height for other streets"</p> <ul style="list-style-type: none"> If no maximum height is specified in a schedule to the zone, the maximum height specified in Table B3. <p>Table B3 Maximum front fence height</p> <table border="1"> <thead> <tr> <th>Street Context</th> <th>Maximum front fence height</th> </tr> </thead> <tbody> <tr> <td>Streets in a Road Zone, Category 1</td> <td>2 metres</td> </tr> <tr> <td>Other streets</td> <td>1.5 metres</td> </tr> </tbody> </table>	Street Context	Maximum front fence height	Streets in a Road Zone, Category 1	2 metres	Other streets	1.5 metres	<p>Standard met</p> <p>The front fences for Dwelling 2 and 3 are complementary to the design of the dwelling and other fences on adjoining properties, by being open style allowing a visual connection between the front yard and streetscape.</p> <p>Standard met</p> <p>D2 and D3 front fences are 1.2m in height. D1 has no front fence within the front setback within 3 metres of the street.</p>
Street Context	Maximum front fence height								
Streets in a Road Zone, Category 1	2 metres								
Other streets	1.5 metres								
Decision Guidelines	<p>Any relevant neighbourhood character objective, policy or statement set out in this scheme.</p> <p>The design response.</p> <p>The setback, height and appearance of front fences on adjacent properties.</p> <p>The extent to which slope and retaining walls reduce the effective height of the front fence.</p> <p>Whether the fence is needed to minimise noise intrusion.</p> <p>To encourage front fence design that respects the existing or preferred neighbourhood character.</p>								
Objective									

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Clause 55.06-3 Common property objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B33	Developments should clearly delineate public, communal and private areas.	<p>✓ Standard met Any need for common property would be determine at subdivision stage. Private areas are clearly delineated.</p>
Objectives	Common property, where provided, should be functional and capable of efficient management.	<p>✓ Standard met Any need for common property would be determine at subdivision stage.</p>
	To ensure that communal open space, car parking, access areas and site facilities are practical, attractive and easily maintained.	
	To avoid future management difficulties in areas of common ownership.	

Clause 55.06-4 Site services objectives

Title & Objective	Standards	Standard Met/Standard Not Met/NA
Standard B34	The design and layout of dwellings and residential buildings should provide sufficient space (including easements where required) and facilities for services to be installed and maintained efficiently and economically.	<p>✓ Standard met Each dwelling would have suitable facilities for site services for the development.</p>
	Bin and recycling enclosures, mailboxes and other site facilities should be adequate in size, durable, waterproof and blend in with the development.	<p>✓ Standard met Each dwelling would have suitable facilities for site services for the development.</p>
	Bin and recycling enclosures should be located for convenient access by residents.	<p>✓ Standard met Each dwelling would have access to the street via the accessway to transfer bins for collection</p>
	Mailboxes should be provided and located for convenient access as required by Australia Post.	<p>✓ Standard met Mailboxes are provided and located</p>
Decision Guidelines	The design response.	
Objectives	To ensure that site services can be installed and easily maintained.	
	To ensure that site facilities are accessible, adequate and attractive.

(PLANNING APPLICATION NO. PLN19/0271)**

ATTACHMENT 5

CLAUSE 52 ASSESSMENT

PAGES 6 (including cover)

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Assessment Table - Clause 52

Clause 52.06-9 Design standards for car parking

Plans prepared in accordance with Clause 52.06-8 must meet the design standards of Clause 52.06-9, unless the responsible authority agrees otherwise. Design standards 1, 3, 6 and 7 do not apply to an application to construct one dwelling on a lot.

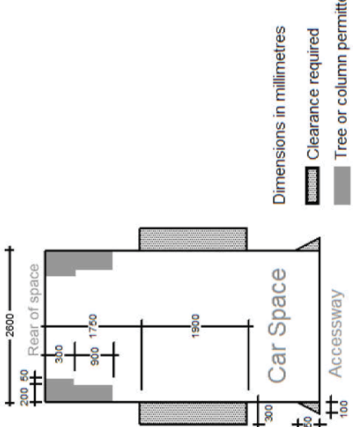

Design Standards	Assessment	Requirement met/Requirement not met/NA
Design standard 1 - Accessways	<p>Accessways must:</p> <ul style="list-style-type: none"> • Be at least 3 metres wide. • Have an internal radius of at least 4 metres at changes of direction or intersection or be at least 4.2 metres wide. • Allow vehicles parked in the last space of a dead-end accessway in public car parks to exit in a forward direction with one manoeuvre. • Provide at least 2.1 metres headroom beneath overhead obstructions, calculated for a vehicle with a wheel base of 2.8 metres. • If the accessway serves four or more car spaces or connects to a road in a Road Zone, the accessway must be designed to that cars can exit the site in a forward direction. • Provide a passing area at the entrance at least 5 metres wide and 7 metres long if the accessway serves ten or more car parking spaces and is either more than 50 metres long or connects to a road in Road Zone. • Have a corner splay or area at least 50 percent clear of visual obstructions extending at least 2 metres along the frontage road from the edge of an exit lane and 2.5 metres along the exit lane from the frontage, to provide a clear view of pedestrians on the footpath of the frontage road. The area clear of visual obstructions may include an adjacent entry or exit lane where more than one lane is provided, or adjacent landscaped areas, provided the landscaping in those areas is less than 900mm in height. <p>If an accessway to four or more car parking spaces is from land in a Road Zone, the access to the car spaces must be at least 6 metres from the road carriageway.</p>	<p>✓ Standard met The accessways have a minimum width of 3 metres.</p> <p>NA – No direction of change needed</p> <p>NA - No public car parking</p> <p>✓ Standard met Overhangs for Dwellings 2 and 3 are located 2.9 metres above the accessways</p> <p>NA – The accessways do not serve four or more cars</p> <p>NA – The accessways do not connect to a Road Zone or more than 50 metres long</p> <p>✓ Standard met While there are no obstructions in the corner splay areas, a condition should be added to show the triangles on the plan.</p> <p>NA – The accessways do not connect to a Road Zone or serve four or more car parking spaces</p>

If the details of the attachment are unclear please contact Governance on 8571 5309.

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

<p>Design standard 2 – Car parking spaces</p>	<p>If entry to the car space is from a road, the width of the accessway may include the road.</p>	<p>NA – Entry to a car space is not from the road.</p>																															
<p>Car parking spaces and accessways must have the minimum dimensions as outlined in Table 2.</p> <p>Table 2: Minimum dimensions of car parking spaces and accessways</p> <table border="1" data-bbox="336 851 630 1568"> <thead> <tr> <th>Angle of car parking spaces to access way</th> <th>Accessway width</th> <th>Car space width</th> <th>Car space length</th> </tr> </thead> <tbody> <tr> <td>Parallel</td> <td>3.6 m</td> <td>2.3 m</td> <td>6.7 m</td> </tr> <tr> <td>45°</td> <td>3.5 m</td> <td>2.6 m</td> <td>4.9 m</td> </tr> <tr> <td>60°</td> <td>4.9 m</td> <td>2.6 m</td> <td>4.9 m</td> </tr> <tr> <td>90°</td> <td>6.4 m</td> <td>2.6 m</td> <td>4.9 m</td> </tr> <tr> <td></td> <td>5.8 m</td> <td>2.8 m</td> <td>4.9 m</td> </tr> <tr> <td></td> <td>5.2 m</td> <td>3.0 m</td> <td>4.9 m</td> </tr> <tr> <td></td> <td>4.8 m</td> <td>3.2 m</td> <td>4.9 m</td> </tr> </tbody> </table> <p><i>Note to Table 2: Some dimensions in Table 2 vary from those shown in the Australian Standard AS2890.1-2004 (off street). The dimensions shown in Table 2 allocate more space to aisle widths and less to marked spaces to provide improved operation and access. The dimensions in Table 2 are to be used in preference to the Australian Standard AS2890.1-2004 (off street) except for disabled spaces which must achieve Australian Standard AS2890.6-2009 (disabled).</i></p>	Angle of car parking spaces to access way	Accessway width	Car space width	Car space length	Parallel	3.6 m	2.3 m	6.7 m	45°	3.5 m	2.6 m	4.9 m	60°	4.9 m	2.6 m	4.9 m	90°	6.4 m	2.6 m	4.9 m		5.8 m	2.8 m	4.9 m		5.2 m	3.0 m	4.9 m		4.8 m	3.2 m	4.9 m	<p>✓ Standard met (Permit condition)</p> <p>The tandem spaces are to be dimensioned on the plans, the spaces provided met the minimum dimensions.</p>

	<p>Disabled car parking spaces must be designed in accordance with Australian Standard AS2890.6-2009 (disabled) and the Building Code of Australia. Disabled car parking spaces may encroach into an accessway width specified in Table 2 by 500mm.</p>	<p>NA No disabled spaces proposed</p>																
<p>Design standard 3: Gradients</p>	<p>Accessway grades must not be steeper than 1:10 (10 per cent) within 5 metres of the frontage to ensure safety for pedestrians and vehicles. The design must have regard to the wheelbase of the vehicle being designed for; pedestrian and vehicular traffic volumes; the nature of the car park; and the slope and configuration of the vehicle crossover at the site frontage. This does not apply to accessways serving three dwellings or less.</p> <p>Ramps (except within 5 metres of the frontage) must have the maximum grades as outlined in Table 3 and be designed for vehicles travelling in a forward direction.</p> <table border="1" data-bbox="502 851 710 1559"> <thead> <tr> <th colspan="3">Table 3: Ramp gradients</th> </tr> <tr> <th>Type of car park</th> <th>Length of ramp</th> <th>Maximum grade</th> </tr> </thead> <tbody> <tr> <td rowspan="2">Public car parks</td> <td>20 metres or less</td> <td>1:5 (20%)</td> </tr> <tr> <td>longer than 20 metres</td> <td>1:6 (16.7%)</td> </tr> <tr> <td rowspan="2">Private or residential car parks</td> <td>20 metres or less</td> <td>1:4 (25%)</td> </tr> <tr> <td>longer than 20 metres</td> <td>1:5 (20%)</td> </tr> </tbody> </table> <p>Where the difference in grade between two sections of ramp or floor is greater than 1:8 (12.5 per cent) for a summit grade change, or greater than 1:6.7 (15 per cent) for a sag grade change, the ramp must include a transition section of at least 2 metres to prevent vehicles scraping or bottoming.</p> <p>Plans must include an assessment of grade changes of greater than 1:5.6 (18 per cent) or less than 3 metres apart for clearances, to the satisfaction of the responsible authority.</p>	Table 3: Ramp gradients			Type of car park	Length of ramp	Maximum grade	Public car parks	20 metres or less	1:5 (20%)	longer than 20 metres	1:6 (16.7%)	Private or residential car parks	20 metres or less	1:4 (25%)	longer than 20 metres	1:5 (20%)	<p>✓ Standard met Subject site is relatively flat, with no accessway grades steeper than 1:10 within 5m of the frontage</p> <p>✓ Standard met Subject site is relatively flat.</p> <p>✓ Standard met Subject site is relatively flat.</p> <p>✓ Standard met No ramps proposed</p>
Table 3: Ramp gradients																		
Type of car park	Length of ramp	Maximum grade																
Public car parks	20 metres or less	1:5 (20%)																
	longer than 20 metres	1:6 (16.7%)																
Private or residential car parks	20 metres or less	1:4 (25%)																
	longer than 20 metres	1:5 (20%)																
<p>Design standard 4: Mechanical parking</p>	<p>Mechanical parking may be used to meet the car parking requirement provided:</p> <ul style="list-style-type: none"> At least 25 per cent of the mechanical car parking spaces can accommodate a vehicle clearance height of at least 1.8 metres. Car parking spaces the require the operation of the system are not allowed to visitors unless used in a valet parking situation. The design and operation is to the satisfaction of the responsible authority. 	<p>Not Applicable No mechanical parking proposed</p> <p>Not Applicable No mechanical parking proposed</p> <p>Not Applicable No mechanical parking proposed</p>																

ORDINARY COUNCIL MEETING - MINUTES

2.3.5 Town Planning Application - No. 7 Lodge Street Noble Park (Planning Application No. PLN19/0271) (Cont.)

Design standard 5: Urban design	Ground level car parking, garage doors and accessways must not visually dominate public space.	✓ Standard met Parking, paving, garage doors and accessways would not dominate the street.
	Car parking within buildings (including visible portions of partly submerged basements) must be screened or obscured where possible, including through the use of occupied tenancies, landscaping, architectural treatments and artworks.	✓ Standard met Proposed parking would not dominate the street view.
	Design of car parks must take into account their use as entry points to the site.	✓ Standard met Entry points to the site have been taken into account
	Design of new internal streets in developments must maximise on street parking opportunities.	NA No internal streets proposed
	Car parking must be well lit and clearly signed.	✓ Standard met Motion sensor lighting has been provided to the car parking areas and along the internal accessway.
Design standard 6: Safety	The design of car parks must maximise natural surveillance and pedestrian visibility from adjacent buildings.	✓ Standard met Natural surveillance of the car parking areas provided through habitable room windows at ground and upper floor level oriented towards the internal accessway and car parking areas.
	Pedestrian access to car parking areas from the street must be convenient.	✓ Standard met Can be accessed from the accessway and internally from the dwelling.
	Pedestrian routes through car parking areas and building entries and other destination points must be clearly marked and separated from traffic in high activity parking areas.	✓ Standard met Non-high traffic area
Design standard 7: Landscaping	The layout of car parking areas must provide for water sensitive urban design treatment and landscaping.	✓ Standard met The car parking layout allows for water sensitive urban design.
	Landscaping and trees must be planted to provide shade and shelter, soften the appearance of ground level car parking and aid in the clear identification of pedestrian paths.	✓ Standard met The proposal would be able to accommodate landscaping which provides shelter and aids in the clear identification of pedestrian paths.
	Ground level car parking spaces must include trees planted with flush grilles. Spacing of trees must be determined having regard to the expected size of the selected species at maturity.	✓ Standard met Landscaping will be appropriate the car parking design.

2.4 FINANCE AND BUDGET

2.4.1 Supplementary Valuation Return 2020-1

File Id:	A5922271
Responsible Officer:	Director Corporate Services
Attachments:	Supplementary Valuation List 2020-1

Report Summary

Contract valuer ProVal (Vic) Pty Ltd have assessed Supplementary Valuation Return 2020-1 that comprises a total of 968 supplementary valuations.

Recommendation Summary

This report recommends that Council notes the new valuations in Supplementary Valuation Return 2020-1.

2.4.1 Supplementary Valuation Return 2020-1 (Cont.)

Background

Supplementary valuations are carried out from time to time to reflect the variation in valuation of properties in between General Valuations of the municipality. Supplementary valuations may be made for any of the circumstances referred to in Section 13DF of the Valuation of Land Act 1960 and are to be assessed as at the date prescribed for the current valuation of the municipality ie. 1 January 2019. Supplementary valuations in this report have been formally processed and have received certification from the Valuer General. The new values are applied when certification is received.

Proposal

It is proposed that Council note the new valuations listed in Supplementary Valuation Return 2020-1.

Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

This report has been made in consideration of the Council Plan and Strategic Objectives.

Financial Implications

All the supplementary valuations in Return 2020-1 have been made effective from 1 July 2019. The 2019-20 Adopted Budget for supplementary rate income is \$1,000,000. The net supplementary rates increase from this Return is approximately \$803,000.

Consultation

The Valuer General Victoria has been notified of the supplementary adjustments and has forwarded a copy of the Return to the State Revenue Office and to South East Water. The Valuer General has advised Council that it has certified the supplementary valuations.

Conclusion

It is recommended that Council notes the new valuations in Return 2020-1.

Recommendation

That Council notes the new valuations in Supplementary Valuation Return 2020-1.

MINUTE 1157

Council End of Year Performance Report
2018-19

Report Summary

This report details a summary of Council's progress for the period 1 July 2018 to 30 June 2019 against performance targets outlined in the Council Plan 2017-21.

Recommendation Summary

This report recommends that Council adopts the achievements against the Council Plan Indicators for the year ending 30 June 2019.

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Background

Council adopted the new Council Plan 2017-21 on Monday 26 June 2017 and the Annual Plan 2018-19 on Tuesday 12 June 2018.

The Council Plan 2017-21 outlines the vision and objectives of the current Council over the four years of its term in office. This document guides service delivery, innovation and good governance, and provides the foundation for the corporate planning framework for all business activities. The Council Plan also guides the budget, service delivery priorities and the continuous improvement of our services.

The Council Plan 2017-21, Annual Plan 2018-19 and Annual Budget 2018-19 are made available to residents through the Customer Service Centres, libraries and on Council's website www.greaterdandenong.com

Progress against performance targets for the period 1 July 2018 to 30 June 2019 is outlined in the end of Year Performance Report which details the achievements for the Council Plan Indicators from the Council Plan 2017-21 and actions from the Annual Plan 2018-19.

Attachment 1: The Quarterly Performance Report for the period 1 July 2018 to 30 June 2019

Performance highlights against the Council Plan strategic objectives include:

A vibrant, connected and safe community

- Council delivered eight high quality events with a total of approximately 84,500 attendees.
- The new Multisport Park in Dandenong was completed. Handover is expected during Q1 2019-20.
- The total down time across the Safe City CCTV camera system was 0.5 per cent for the year.
- The 'Make Your Move' sport and recreation campaign was launched as part of 'The Big Picnic' event held in April with approximately 5,000 people visiting throughout the event.
- 4,809 adolescents were immunised as part of the National Immunisation Program for Secondary Schools.

A creative city that respects and embraces diversity

- Youth Services delivered 10 events in public spaces reaching a total of 14,975 people.
- The 2018 Home exhibition was held from 18 October until 24 November and featured works from six artists.
- The Artists in Residence program engaged with 10 artists, including two dancers but predominately visual artists.
- Council signed a Memorandum of Understanding with Disability Sport and Recreation Victoria to increase the awareness of Council programs being run which look to improve the ability for people with a disability to participate in sports.
- The Annual Children's Forum was held on 24 October with 66 children from 10 local schools attending.

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

A healthy, liveable and sustainable city

- 2,624 trees were planted and 37 street renewals undertaken.
- Year one of the Urban Tree Strategy has been successfully implemented.
- Council delivered its sixth annual Sustainability Festival on Sunday 7 April.
- The 2019 Community Clean Up Day was held on 21 March with an estimated 50 residents attending.
- Significant infrastructure and landscape improvements to Dandenong Park were delivered in accordance with the master plan including the construction of the Stan Prior stage and the supply and installation of barbeques, furniture, public lighting and picnic shelters.

A city planned for the future

- A draft Sustainable Public Lighting Strategy has been completed and will be presented to Council in the 2019-20 financial year.
- Stage two of the first half of the Springvale Project is on track with an expected completion date in March 2020.
- A review of the Dog Off Leash Strategy has been completed.
- Master plans were adopted for Parkfield Reserve, Frederick Wachter Reserve, Burden Park and Warner Reserve.
- A detailed design package for the redevelopment of the former Masonic Hall has been completed.

A diverse and growing economy

- Six food manufacturer collaborative network events were held.
- The tenth celebration of the 'Take a Swing for Charity' golf day was held in February and brought the total amount of money raised over ten years to \$400,000.
- 72 network activities were delivered including events, workshops and network group sessions.
- 15 cultural and food tours were conducted across Dandenong and Springvale.

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

An open and effective Council

- Council again received very positive results overall in the Community Satisfaction Survey for 2019 with all indicators scoring above the state average.
- Two community forums, requested by Councillors, were conducted.
- Council's social media channels grew by 13.2 per cent.

Proposal

This report proposes that Council adopts the report of achievements against performance targets outlined in the Council Plan 2017-21 for the period 1 July 2018 to 30 June 2019.

Community Plan 'Imagine 2030' and Council Plan 2017-21 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride* – Best place best people
- *Cultural Diversity* – Model multicultural community
- *Outdoor Activity and Sports* – Recreation for everyone
- *Lifecycle and Social Support* – The generations supported

Place

- *Sense of Place* – One city many neighbourhoods
- *Safety in Streets and Places* – Feeling and being safe
- *Appearance of Places* – Places and buildings
- *Travel and Transport* – Easy to get around

Opportunity

- *Education, Learning and Information* – Knowledge
- *Jobs and Business Opportunities* – Prosperous and affordable
- *Tourism and visitors* – Diverse and interesting experiences
- *Leadership by the Council* – The leading Council

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- A vibrant, connected and safe community
- A creative city that respects and embraces diversity

Place

- A healthy, liveable and sustainable city
- A city planned for the future

Opportunity

- A diverse and growing economy
- An open and effective Council

Related Council Policies

This report is in accordance with Council's policy of providing regular information and feedback to Council.

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Financial Implications

There are no financial implications associated with this report.

Consultation

The Chief Executive Officer, Directors and all business unit managers were consulted in the preparation of this report.

Conclusion

Greater Dandenong City Council provides a performance report against organisational objectives on a quarterly basis. The reporting procedures and systems in place provide Councillors and the community with the opportunity to monitor progress against Council Plan indicators. This ensures that all resources are managed effectively and accountably.

Strategic Objective 1: A vibrant, connected and safe community
A city with high community participation

Action	2018-19 End of Year Summary	Status
Deliver three initiatives to enhance and strengthen education and employment outcomes for young people in Greater Dandenong, including actions from the Mayoral Youth Employment Taskforce (MYET) Action Plan	Key initiatives delivered in the 2018-19 year include Work Inspirations, Accelerate job fair, Kitchen Challenge and volunteering initiatives including the Make Your Mark expo and Impact volunteering program. Total contacts = 294. Youth and Family Services also delivered a presentation to the National Commission into Youth Employment and Transitions, presenting the key themes to emerge from the MYET Action Plan.	
Create and promote two opportunities for young people to participate in physical activity, including a focus on addressing barriers to young women's participation	The Young Women's Gala Day and the 'Make your Move' launch were held on 21 June and 14 April 2019 respectively. The Young Women's Gala had over 150 local Year 9 female students participating in a range of sports including AFL, Netball, Bowls, Yoga and Meditation and a Circuit/Adrenaline class. The 'Make your Move' launch was a great success with around 5,000 people visiting the event throughout the day.	
Develop a brand and marketing strategy to increase awareness and information about the range of available sport and recreation programs, services and facilities	The brand and marketing campaign has been established and the first phase is to create awareness and visibility of the campaign across the municipality. This is being achieved via social media activity and event activation.	
Develop a Sport and Recreation Women's Program to assist female participation	A Women's Gala Day was held on 21 June, showcasing an array of local sports to local Year 9 female students. Local cricketer Dinasha Wimalasiri has been engaged as a community ambassador for the 'Make your Move' campaign. Council and YMCA partnered up to promote free passes to all YMCA centres, encouraging female participation in various classes and activities as part of the Active April month. The LiveLifeGetActive program continues to thrive with an average of 20 female participants attending the Monday through to Friday classes.	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Action	2018-19 End of Year Summary	Status
Develop and deliver eight festivals and events across the city that are accessible and inclusive, financially and environmentally sustainable, and contribute to the creativity and vibrancy of Greater Dandenong	Council delivered eight high quality events that enhanced the creativity and vibrancy of the city and celebrated the many cultures. Each event enabled people of all abilities to participate, offered free and low cost entertainment, and were Waste Wise events. A total of 84,500 people were engaged across the eight events.	
Investigate the gaps and demand for alternative sporting opportunities in the City of Greater Dandenong	As part of the Sport & Active Recreation Strategy the consultation of all sport and active recreation groups has concluded. Reviewing and reporting on the data received has commenced and the results of the investigation will be shown in the final strategy.	
Undertake a Sport Participation Survey to provide up to date information on sport and recreation trends and activity	This survey has been completed and the data reviewed and analysed. A report has been prepared as part of the Make your Move Strategic Plan Discussion Paper.	
Undertake a joint project with Development Victoria to assist in the development of a new site for Pop Up Park	The new Multisport Park, located at the intersection of Cadle and Walker streets, has been completed, with the official opening of the facility taking place in July 2019. Development Victoria is looking to assign maintenance and activation/booking for the facility to Council under a five-year Licence and Management Agreement, however this will not be enacted until a number of construction issues are rectified. It is foreshadowed that handover will occur in Q1 2019-20.	
Continue to participate in the state and federally represented school based community hubs Strategic Advisory Group and the local Greater Dandenong Community Hubs in Schools Strategic Group	Council officers attended both the local Community Hubs in Schools Executive meetings and National Community Hubs in School Victorian branch meetings on six occasions.	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

A safe community

Action	2018-19 End of Year Summary	Status
Complete and pass an audit of the Municipal Emergency Management Plan	This audit was passed in 2018.	
Implement the Domestic Animal Management Plan (DAMP) 2017-20	Of the 35 actions contained in year two of the DAMP, 8 have not been finalised though most of those have either commenced or are close to being finalised. Resourcing in the Animal management team has had a considerable impact. A new Ranger in the 2019-20 year will enable the team to be more proactive.	
Maintain the Safe City CCTV system in accordance with specified performance standards	The total down time across the Safe City CCTV camera system this quarter was 2 per cent, averaging 0.5 per cent over the year.	
Maintain eSmart Libraries accreditation to equip libraries and connect communities with the skills needed for smart, safe and responsible use of technology	Esmart accreditation has been maintained through esmart messages incorporated into community and digital programs, staff and community training, library displays, sharing of esmart information online and renewal of Alannah and Madeline membership.	
Assist Victoria Police with targeted enforcement of speeding and hoorn behaviour, through ongoing liaison and data provision	Officers continue to be involved in local and regional road safety committees and forums with Victoria Police to discuss and assist with road safety issues. These include the Greater Dandenong Local Road Safety Committee, RoadSafe South East and the Southern Metro Area 3 Road Policing Forums.	
In association with RoadSafe South East, continue to advocate for and promote the implementation of programs that address road laws and highlight the impact that alcohol and drugs (legal and illegal), fatigue, speed, hoorn behavior and distractions have on driving abilities	RoadSafe South East delivered programs throughout the region in line with funding provision.	
In association with RoadSafe South East, continue to advocate for and promote the implementation of Road Safety for New Arrivals programs within the region	The Victorian Government provided no funding for this program in 2018-19 for use by RoadSafe or Council. The program is currently being delivered by St. Anthony's Public School.	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Action	2018-19 End of Year Summary	Status
<p>Provide ongoing funds via Council's Local Area Traffic Management (LATM) prioritization program for road safety treatments to address priority locations where the greatest road safety risks are identified</p>	<p>The 2018-19 projects have been completed with projects matched for funding by the Victorian Government.</p> <p>LATM projects completed include:</p> <ul style="list-style-type: none"> • Gladstone Road • Carlton Road • Jones Road • Loch Road and Cheam Street intersection <p>Designs for 2019-20 projects are underway.</p>	
<p>Host the 2018 Walk Against Family Violence</p>	<p>The 2018 event was held on 20 November 2018. Planning is well underway for this year's event and speakers have been confirmed.</p>	
<p>Support and participate in regional activities aimed at the primary prevention of violence against women</p>	<p>Council received a \$75,000 grant from the Victorian State Government as part of the Free from Violence Local Government Grants program. The project seeks to build a culture of gender equity in Council and the community through the implementation of its Preventing Family Violence/Gender Equity Action Plan. As part of the project, Council has organised training for four culturally and linguistically diverse community groups and two sporting clubs on primary prevention of family violence and violence against women, bystander action and gender equity. Council also prepared to undertake a gender audit of its policies and processes. The project will finish in December 2019. Council also partnered with Women's Health in the South East (WHISE) to organise a Preventing Family Violence Community Forum which brought together the primary prevention practitioners across the South Eastern region to showcase successes, learn from peers and map regional efforts.</p>	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

A well informed and connected community with improved health and wellbeing

Action	2018-19 End of Year Summary	Status
<p>Work with the Alliance for Gambling Reform and engage community groups and residents to advocate for gambling reform</p>	<p>The Alliance for Gambling Reform has been assisted by Council with processing and interpretation of data to support its media campaigns and is now available on its website. Council has also adjusted and amplified Alliance messaging through social media to local residents. A 'Guide to Gaming Applications' was prepared and widely promoted to assist Council's Alliance partners in responding to Electronic Gaming Machine (EGM) applications. Information about gaming losses and other measures, a report on gambling issues and other resources were updated on Council and Alliance websites and distributed to Victorian Councils. In response to an application for additional EGMs by Players' Hotel, Council opposed the application by written submission and oral testimony at a VCGLR hearing.</p>	
<p>In conjunction with Monash Health work with clubs to ensure the provision of healthy club environments through the implementation of programs such as the responsible service of alcohol, healthy eating and the promotion of smoke free environments</p>	<p>In partnership with Monash Health, Council is currently working through the pilot phase of the 'Healthy Sports Club' program with Springvale Little Athletics Club and the Victorian Masters Athletics Club. Both clubs are focusing on the healthy eating sector over the next 12 months. Additional components to the program are currently being developed and it is anticipated that the program will go 'live' in 2020 with all the components tried and tested by this time.</p>	
<p>Maintain food safety - inspect all registered food premises annually and report outcomes</p>	<p>A total of 1,426 annual inspections were conducted at the 1,408 food premises registered within the municipality.</p>	
<p>Maintain food safety and public health standards - interact with other local authorities, Environmental Health Professionals Australia (EHPA), Municipal Association of Victoria (MAV) and State Government departments</p>	<p>The Public Health Unit continued to work closely with key stakeholders including the Department of Health and Human Services and neighbouring councils in managing public health risks.</p>	
<p>Monitor adolescent immunisation rates and report on the number of adolescents immunized according to the National Immunisation Program (NIP) Secondary School Program</p>	<p>4,809 adolescents were immunised during 2018-19 according to the scheduled vaccines on the National Immunisation Program (NIP) Secondary School Program.</p>	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Action	2018-19 End of Year Summary	Status
<p>Monitor childhood immunisation rates and report on the number of children under 10 years of age immunised according to the NIP</p>	<p>3,233 children aged six months to 19 years were immunised at a City of Greater Dandenong community immunisation session during 2018-19 according to the National Immunisation Program (excluding the Victorian Secondary School Vaccination Program).</p>	
<p>Provide aged and disability assessment services as part of the Regional Assessment Service (RAS)</p>	<p>1,495 over 65 assessments were completed and 160 under 65 assessments for 2018-19. 100 per cent of clients were assessed within KPI timeframes. Additionally, 1,148 service plan reviews have been completed. Council has now received advice that the Commonwealth Government is planning to combine the two existing aged care assessment services- the Regional Assessment Services (RAS) and Aged Care Assessment Services (ACAS) - into one streamlined assessment service from July 2020. This will have significant implications for Council's RAS Program post July 2020.</p>	
<p>Provide home care, personal care and respite care services</p>	<p>The level of service delivery for Council's Commonwealth Home Support Program (CHSP) for clients over the age of 65 has remained relatively stable over the year with slight increases in respite and social support and slight decreases in Food Services. The Commonwealth requires a strong focus on providing integrated in-home support services that promote wellness and reablement through developing greater client independence and social connection where possible.</p> <p>Approximately 50 per cent of Council's HACC-PYP clients who are under the age of 65 have now transitioned to the NDIS. This has impacted negatively on our service delivery particularly in respite and home maintenance. During 2019-20 Council will be working with the State Government and the MAV on identifying the service gaps for clients under 65 not eligible for the NDIS so that the HACC-PYP program can better meet their needs into the future.</p>	
<p>Provide planned activity groups and meals on wheels services</p>	<p>121 clients over 65 attended Planned Activity Groups. 321 clients over 65 and four clients under 65 utilised the Community Transport Service. 372 clients over 65 and 41 clients under 65 received Meals on Wheels.</p>	

ORDINARY COUNCIL MEETING - MINUTES

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Enhanced partnerships with agencies and stakeholder groups to deliver quality services

Action	2018-19 End of Year Summary	Status
<p>In consultation with key stakeholders, develop options for Council's consideration to respond to the Commonwealth Aged Care Reform Agenda and National Disability Insurance Scheme (NDIS)</p>	<p>Council now has certainty that they will be contracted to deliver CHSP services until June 2022. The extension to our existing contract allows the Commonwealth time to consider the recommendations of the Aged Care Royal Commission before implementing the next stages of the Aged care Reform Agenda. Council will therefore delay the development of an Options Paper until more is known on what is likely to be the Commonwealth's revised position on Aged Care. In the meantime Council will continue to work to analyse and advocate to the Commonwealth on any identified concerns on behalf of our residents.</p> <p>The NDIS transition has also been delayed and there has now been a Royal Commission announced into Disability Services including the NDIS. Council will work with key stakeholders to analyse the ramifications of this Royal Commission and how this may impact on the redevelopment of the HACCPYP program for clients not eligible for the NDIS.</p>

Strategic Objective 2: A creative city that respects and embraces its diversity
A city well known for working together with its community

Action	2018-19 End of Year Summary	Status
Implement year two actions of the Disability Action Plan 2017-23	The short-term actions of the Disability Action Plan 2017-23 continue to be implemented in consultation with the Disability Advisory Committee and internal and external stakeholders. Key achievements include the increased opportunities and awareness around employment of people with a disability, increased accessibility and provision of activities for a diverse range of disabilities at Council events and infrastructure improvements across the municipality.	
Implement year two actions of the Positive Ageing Strategy 2017-25	The Positive Ageing Advisory Committee has continued to raise concerns on behalf of older people and advise Council of potential strategies to address these. The Positive Ageing Advisory Committee has influenced Council strategies by providing input into various consultations with focus on issues for older people. The committee has also provided significant input into the implementation of the actions within the Positive Ageing Strategy 2017-25 on the issues of access to My Aged Care, social connections and information access.	
Investigate the opportunity and content to encourage participation and promote opportunities for disability sports within CGD	Council recently signed a Memorandum of Understanding (MOU) with Disability Sport and Recreation Victoria (DSR) which will enable Council to increase awareness across Victoria about the programs being run which foster relationships with those in this sector. This will lead to increasing participation and opportunities for people with a disability who wish to play sports. In partnership with DSR and YMCA, the Wheelchair Sports expo day is scheduled for 13 July 2019. An event celebrating International Disability day at the Noble Park Aquatic Centre on 2 December is planned along with the creation of opportunities at the new Pop up Park precinct for local user groups such as the Doveton Special Soccer Club.

A harmonious community that celebrates diversity

Action	2018-19 End of Year Summary	Status
Deliver 10 youth activities in public spaces that promote pro-social behavior and build a sense of community belonging	Youth Services delivered 10 events in public spaces, reaching a total of 14,975 contacts (an average of 1,498 per event). In addition, staff proactively engaged with young people in public spaces including the Dandenong Library, Harmony Square and Noble Park Skate Park with a total of 918 contacts.	
Advocate for and assist people seeking asylum and refugees living in the community by implementing the actions of the Greater Dandenong People Seeking Asylum and Refugees Action Plan 2018-21	The City of Greater Dandenong's leadership led to a number of advocacy related outcomes in 2018-19 for people seeking asylum and refugees. These included: the creation of the 'Back Your Neighbour' advocacy campaign which saw steady growth in the numbers of individuals and organisations sign up to the campaign; coordinated social media profiling and advocacy at the Australian Local Government Association (ALGA) annual meeting in Canberra; and numerous interactions with both State and Federal MPs to highlight the human, social and economic impacts of Status Resolution Support Services (SRSS) cuts. Council also contributed significant financial and personnel resources to coordinate local food and material aid related responses and to administer the Action Plan.	
Deliver the Home exhibition and program that features artists from refugee backgrounds including people seeking asylum	The 2018 Home exhibition was held from 18 October until 24 November and featured works by six artists from asylum seeker and refugee backgrounds.

Action	2018-19 End of Year Summary	Status
<p>Implement actions from the Reconciliation Action Plan through engagement with the Dandenong and District Aborigines Cooperative and other key Aboriginal led organisations</p>	<p>A midpoint review of the Reconciliation Action Plan (RAP) was conducted and a decision endorsed by the Working Group to extend Year One of the action plan by a further six months to conclude 30 June 2019. This extension was approved by Reconciliation Australia and allows for future reporting periods of the RAP to align with the financial year reporting cycle of Council. Year Two of the RAP will run from 1 July 2019 to 30 June 2020. A review of the RAP action items was conducted with some actions being consolidated to enable reporting to be more outcome focused. Progress on the RAP is progressing well with the majority of actions being completed or commenced. Engagement with the key Aboriginal agencies in the region, including the Dandenong and Districts Aborigines Cooperative, has been a key component of Council's RAP implementation.</p>	<p></p>

Increased participation in creative and cultural activities

Action	2018-19 End of Year Summary	Status
Provide 10 opportunities for artists from a range of art forms through the annual artists in residency program	The Artists in Residence program engaged with 10 artists throughout 2018-19. The artists were predominantly visual artists but two dancers were also part of the program. Three of the Artists in Residence delivered into the Suburban Studios program and another artist created work to be included in the Cultural Threads festival.	
Provide 20 community arts opportunities for artists, residents and businesses through performance, exhibitions and programs	A review of the year identifies exhibitions, performances, and artist engagement events across the City of Greater Dandenong. Highlights include: <ul style="list-style-type: none"> • Three Artist in Residence programs delivered onsite with community partners at Dandenong High School, Noble Park Primary School and Springvale Neighbourhood House. • Four performances by Fusion Theatre developed in partnership with external artists engaged by CGD. • Seven school tours of Heritage Hill for more than 450 students to introduce visual arts, heritage and sustainability. Walker Street Gallery hosted 15 exhibitions, 8 of which featured local artists.	
Host the 2018 Children's Forum	The Annual Children's Forum was held on 24 October. 66 primary school children from 10 local schools attended the activities held at Springvale Town Hall and one at Fotheringham Reserve. 40 children also participated in an early years event at Springvale Service For Children.

Strategic Objective 3: A healthy, liveable and sustainable city
A city that delivers a clean and healthy environment for people to enjoy

Action	2018-19 End of Year Summary	Status
Develop and deliver a 2018-19 Waste Education Program	<p>The 2018-19 Waste Education Plan was developed and implemented.</p> <p>Highlights from the 24 key activity areas of the Plan include:</p> <ul style="list-style-type: none"> - Delivery of 78 sessions to Early Learning Centres, reaching 1,634 students & 27 sessions to primary and secondary schools, reaching 769 students - Delivery of 30 sessions to the CALD and migrant communities, reaching 688 students - The A-Z guide in Waste Services updated on Council's website as part of ongoing website upgrade works. 	
Undertake the annual Sustainability Festival and Awards	<p>Council delivered its sixth annual Sustainability Festival on Sunday 7 April 2019 at the Dandenong Market. This event included the launch of Council's 5th annual Sustainability Awards which included revised entry categories and a revised entry period concluding on 28 June 2019. The presentation of the Winners and Finalists of the Sustainability Awards will take place on 21 October 2019. A review of the Sustainability Festival and Awards will be completed in Q1 of 2019-20.</p>	
Investigate, in conjunction with the Metropolitan Waste and Resource Recovery Group, and report on alternate waste treatments to increase resource recovery and remove the reliance on landfill	<p>Council agreed to support the continued participation in procuring Alternate Waste Treatments as an alternative to landfill. The report included a Business Case for the South-East of Melbourne detailing all considerations associated with a move to alternate waste treatments.</p>	

ORDINARY COUNCIL MEETING - MINUTES

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Action	2018-19 End of Year Summary	Status
<p>Undertake a review of the household waste bin packages to understand whether there are any potential incentives to assist in the reduction of waste by households</p>	<p>A review of the waste charge was undertaken as a part of Council's budgetary process. Any significant changes to the pricing structure were considered inappropriate until there is a clear position on the introduction of food into the household garden organics bin (FOGO). An investigation into FOGO, including an analysis on the cost, risks and benefits will be considered by Council in time for the 2019-20 budget process when the Waste charges will be considered.</p>	
<p>Implement actions from the Green Wedge Management Plan: - Complete the Planning Scheme Amendment for the VPO - Advocate to Melbourne Water to undertake monitoring of creeks and waterways, and for the identification of locations for water course gauging stations</p>	<p>Council resolved to adopt the VPO Panel Report and refer the planning scheme amendment to the Minister of Planning for approval, which was actioned by Council officers. Since forwarding the PSA for approval Council officers have been advised by DELWP officers that the PSA is awaiting the Minister for Planning's approval and the subsequent gazettal. No timeframe has been provided by DELWP on these steps. Officers continue to be in contact with, and advocate to Melbourne Water regarding creeks and waterways.</p>	
<p>Implement year one of the Urban Tree Strategy 2018-23</p>	<p>Year one of the Urban Tree Strategy has been successfully implemented. The 10-year planting program is underway with 37 street renewals undertaken and 2,624 trees planted. A grant was received through the Department of Environment, Land Water and Planning which led to additional planting along the Dandenong Creek corridor. Inappropriate trees have been removed in line with the planting plan, and a variety of guidelines have been developed and are now in use. Planting days and other educational activities were also undertaken.</p>

Action	2018-19 End of Year Summary	Status
<p>Monitor materials recycling and green waste processing sites across the municipality</p>	<p>CGD has not had any catastrophic fires within materials recycling facilities. Auditing has resulted in sites engaging specialist environmental auditors and liaising with Council seeking to amend site plans and the review of Environmental Management Plans which form part of the Use approvals. The focus of audits is within the Ordish Road and Thomas Murrell Crescent materials recycling hub. Ongoing audits will ensure a high level of duty holder compliance and awareness of operational risk factors. Joint CGD & EPA inspections will continue as it is now readily acknowledged that large materials recyclers are high risk land uses.</p>	<p></p>

A city that prepares for climate change

Action	2018-19 End of Year Summary	Status
Complete background reports and prepare a draft Climate Change Strategy	Council has appointed consultants to assist in the development of a Climate Change Strategy. Since their appointment, Council officers have completed work on the development of four background reports. These background reports, in conjunction with the initial public consultation outcomes, will be used to inform the development of the draft Climate Change Strategy.	
Publish the annual report on the Sustainability Strategy	The 2017-18 Annual Sustainability report has been approved and published by Council. The 2018-19 version of the Annual Sustainability Report is currently being developed.	
Work regionally with South East Councils Climate Change Alliance (SECCCA) and the Council Alliance for a Sustainable Built Environment (CASBE) to implement various sustainability projects and initiatives	Council has worked closely with both CASBE and SECCCA over the last 12 months to support the City of Greater Dandenong to meet its Council Plan objectives. This work included: <ul style="list-style-type: none"> • The development of an ESD Local Planning Policy (Clause 22.06) with CASBE, which was gazetted by the Minister for Planning in October 2018 • Work with SECCCA on a range of key strategic actions, including support in the development of a Business Plan and Financial Strategy. The Business Plan and Strategy will help inform SECCCA's short and long-term strategic actions and operations.

A network of quality parks, reserves and sportsgrounds

Action	2018-19 End of Year Summary	Status
Implement walking and cycling programs while improving online access to walking and cycle paths/trails	GIS mapping components have been completed and are now available for residents to access via the online map on the CGD website. Additional Cycling and Walking information is also available on the Sport and Recreation section of the website. In partnership with the Heart Foundation, Council promoted the FREE program 'Heart Foundation Walking' to encourage residents to join a local walking group in their suburb. This was not well attended by the community despite promotion in local community and shopping centres, libraries, Council offices and social media posts. Council will continue to work with local community groups and the Heart Foundation to develop various walking activities available for residents. Officers continue to work with Cycling Victoria on the development of suitable Cycling programs in GGD.	
Undertake Dandenong Park improvements	This project has delivered significant infrastructure and landscape improvements to Dandenong Park in accordance with the Council adopted Dandenong Park Master plan. The 2018-19 works program has seen the construction of a range of new elements including the following: <ul style="list-style-type: none"> - Construction of the "Stan Prior Stage" and surrounding area which includes feature lighting, brass inlays and other interpretive signage in recognition and celebration of Stan Prior. - Supply and installation of barbecues, furniture, feature pavements, picnic shelters, new access pathways, public lighting, landscaping and various other elements. - Construction of a hard paved and fenced multi-purpose sport playing area with various line marking to facilitate a range of sporting activities.

Infrastructure that supports people and business

Action	2018-19 End of Year Summary	Status
Advocate to external organisations such as VicRoads and neighbouring municipalities to reduce the barriers to cycling	Interested Councillors have been updated with regards to the Djerring Trail Advocacy underway. Council officers have been working with VicRoads on their Strategic Cycling Corridors. This should present the opportunity for further advocacy and funding.	
Complete the review of the feasibility of a Community Environment Centre	Council officers completed a review on the feasibility of establishing a Community Environment Centre. A feasibility study was developed which included a range of options that a Community Environment Centre may take including permanent, non-permanent and versatile forms. The feasibility study included a range of recommendations that were presented to Council in October 2018 for consideration. The development of a concept design of the preferred Community Environment Centre in line with the outcomes of the feasibility report and Councillor engagement will commence in 2019-20.	
Consider parking when assessing planning applications through the Greater Dandenong Planning Scheme	Council's Transport department provided referral comments to the Statutory Planning team relating to approximately 400 referrals within the financial year.	
Deliver Council's Capital Works Program	The CIP capital works program has been completed successfully noting that there are several multi-year projects within the program.	
Implement active transport infrastructure, including paths, cycle lanes and cycle parking to encourage and support walking and cycling activities	The full 2018-19 program will be completed as soon as Stage 1 of Hammond Road, currently in progress, is constructed. The same contractor for economy of scale will deliver Stage 2 (part of the 2019-20 program) as a seamless continuation of Stage 1.	
Review the Asset Management Policy	This policy has been reviewed and minor changes have been made. This policy will be presented to Council by officers in Q1 of 2019-20.	

ORDINARY COUNCIL MEETING - MINUTES

Strategic Objective 4: A city planned for the future
An adequate supply of residential, commercial and industrial development

Action	2018-19 End of Year Summary	Status
Commence the Dandenong South National Employment and Innovation Cluster Structure Plan in conjunction with the Victorian Planning Authority	This project has not commenced, as the lead agency, VPA, are yet to commence working on this.	
Review the Municipal Strategic Statement	A timeframe for the commencement of this project will be formalised when DELWP advise officers on the department's timetable to introduce changes brought out by PSA VC148 into the Greater Dandenong Planning Scheme (GDPS). In the interim Council officers are finalising an internal review and consultation on the existing Municipal Strategic Statement. It is anticipated that this project will not commence before the end of 2019.	
Undertake a desktop review of the Heritage Study 1999 for possible submission to the Victorian Heritage Register	This item was completed in the third quarter. Council officers have undertaken a desktop review of the Heritage Study 1999 and identified five properties that were suggested for possible nomination to the Victorian Heritage Register. Of the five properties, Council's Heritage Consultant has written submissions for four and these have been submitted with application requests for registration on the Victorian Heritage Register. To date Council has had no feedback from the owner, the Melbourne Racing Club (MRC), in August 2018. The MRC submission was accepted and has been publicly exhibited for comments pending Victorian Heritage Council consideration for addition to the VHR.	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Assets planned to meet future community needs

Action	2018-19 End of Year Summary	Status
Develop a Multi Modal Transport Infrastructure Plan for the Dandenong Activity Centre	Feedback from VicRoads on the Movement & Place Framework categorisation, undertaken for the Dandenong South Multi Modal Transport Infrastructure Plan, will inform its application to the Springvale and Dandenong Activity Centre Plans.	
Develop a Public Transport Advocacy Statement	Final comments are being prepared and will be provided to the consultant to finalise a draft Statement report. The Statement is intended to be launched in the first quarter of 2019-20.	
Develop a Public Lighting Strategy	The draft Sustainable Public Lighting Strategy has been completed and will be presented to Council in 2019-20.	
Deliver the first half of the stage two Springvale Community Precinct project	Stage two is the major component of the Springvale Project consisting of the construction of a new Library and Community Hub, landscaping and infrastructure. Most of the project is on track to be delivered by the end of March 2020, whilst the existing library and customer service building are planned to be demolished around April 2020. The entire project is on track to be completed by August 2020.	
Finalise acquisition of land for the Keysborough South Community Hub and undertake detailed design works for the facility	Council is currently investigating a number of options in relation to the purchase of an appropriate site and will provide this information to the community when a site is confirmed. Council has developed concept design plans for the community hub and will commence detailed plans and consultation once a site is confirmed.

Action	2018-19 End of Year Summary	Status
<p>Review and implement the Municipal Early Years Infrastructure Plan</p>	<p>The Municipal Early Years Infrastructure Plan (MEYIP) is in progress. The State Government announcement for funding of three-year old kindergarten from 2020 will impact on the current MEYIP and will continue to be reviewed in the new financial year. The rollout for three year old kindergarten will start to occur from 2022 in Greater Dandenong. Council opened a new early years facility at Yarraman Oaks Primary School Noble Park in January 2019. Council renegotiated a lease of land to keep the kindergarten on site at Dandenong South Primary School.</p>	<p></p>

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Increased sustainability of residential, commercial, industrial and Council developments

Action	2018-19 End of Year Summary	Status
<p>Complete the planning scheme amendment for the Environmentally Sustainable Design local policy</p>	<p>Council undertook a planning scheme amendment for the proposed Local ESP Policy (Amendment C201). In October 2018, The Minister for Planning gazetted the Local Environmentally Sustainable Development Policy for the City of Greater Dandenong. The policy has been administered as Clause 22.06 in the Greater Dandenong Planning Scheme since 1 November 2018.</p>	
<p>Develop a policy for the implementation of infill development cost recoveries for impact on existing infrastructure assets</p>	<p>Preliminary work has been completed to understand the opportunities and scope to introduce a policy of this nature. Legal advice has been received that suggests a number of options to consider to enact this policy. Further work is required to finalise the proposed position once consultation with other LGAs has been completed.</p>	
<p>Meet with social housing providers to investigate and facilitate local opportunities</p>	<p>Discussions with multiple social housing providers have been ongoing, with one provider showing renewed interest in a site in central Dandenong. The Activity Centres Revitalisation team has met with Council's new Housing and Homelessness Officer to discuss the provision of housing options for that sector. Work will continue to progress social housing provision, including the incorporation of a social/disability housing component within future medium or high-density residential developments within the municipality.</p>	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Quality public open space provided across the city

Action	2018-19 End of Year Summary	Status
<p>Complete background reports and prepare a draft revised Open Space Strategy</p>	<p>The Discussion Paper is completed and is currently out for public comment. A presentation on the results of the public comment received will be made to Council in the second quarter of the 2019-20 Financial Year. The Discussion Paper, inclusive of comments, will be used for the preparation of the draft revised Open Space Strategy.</p>	
<p>Complete the review of the Dog Off-leash Strategy and select early actions for implementation</p>	<p>The review of the existing Dog Off Leash Strategy has been completed. The draft Strategy will include a proposed action plan which will identify early actions for implementation. Briefings to the Executive Team and Councillors will occur in August 2019 to present the draft Dog Off Leash Strategy and Action Plan. The proposed actions will be subject to future CIP bids being approved.</p>	
<p>Develop and implement master plans for Burden Park, Frederick Wächter, Warner and Parkfield Reserves</p>	<p>In 2018-19 the four park master plans: Parkfield Reserve, Noble Park, Frederick Wächter Reserve, Keysborough, Burden Park, Springvale South and Warner Reserve, Springvale were all adopted by Council. Implementation of the stage one project works for each of the park master plans' actions commenced after their adoption in accordance with the capital works funded for 2018-19.</p>	
<p>Implement the existing Open Space Strategy to improve the quality of parks, reserves and playgrounds</p>	<p>The review of the existing Open Space Strategy continued with the completion of the community consultation on the Discussion Paper. These outcomes will inform the preparation of the revised draft Open Space Strategy in 2019-20. A priority of this revised strategy is reviewing the provision, access, and gaps and measuring the quality of open space across the municipality. The implementation of the existing Open Space Strategy has seen the completion of the playground upgrade projects as per the Action Plan, and in association with these playgrounds, landscape and park facility improvement plans completed for these local and neighbourhood parks. The implementation of the district park master plans has also seen major park improvements occur at Dandenong Park, Parkfield Reserve and Tattersson Park.</p>

Action	2018-19 End of Year Summary	Status
Monitor, implement and promote Activity Centre parking changes	As a result of Council's resolution at the April 2019 meeting regarding a response to NOM 62, several changes to the on street parking have been implemented. Parking in Lonsdale Street, between Clow and Foster Streets, is now free of charge for a trial period but time restrictions still apply. Research was conducted on existing conditions prior to the changes being introduced, and regular monitoring will be conducted during the trial. The changes were promoted prior to the implementation of the trial.	
Progress options to redevelop the Warwick Avenue Precinct	This project has been delayed as the potential sale of the southern car park is not supported at this point in time, however a feasibility analysis on a range of development options is being pursued for the primary car park site.	
Undertake phase two of the Revitalising Central Dandenong project	Whilst the Team 11 bid was unsuccessful, further opportunities associated with Revitalising Central Dandenong phase two are being investigated. The implications that may flow as a result of the Webster Street grade separation project are as yet unknown as a preferred option has not been released to date.	
Undertake the Afghan Bazaar cultural precinct stage three B streetscape	The removal of overhead power lines and their relocation underground including new lighting was completed. Installation of new traffic signals at the intersection of Thomas Street and Scott Street was completed in late April. A package of civil works was advertised and awarded in June, completion is expected by late 2019.	
Undertake the Walker Street streetscape stage two construction	Stage two of the Walker Street streetscape renewal was mostly completed incorporating paving, lighting, rejuvenation of bespoke bollards, conduits for smart technologies and water connections to support moveable planter boxes.

<p>Complete the Planning Scheme Amendment for the Springvale Activity Centre Structure Plan</p>	<p>Council officers have prepared Planning Scheme Amendment C203 documentation which was submitted to the Department of Environment, Land, Water and Planning (DELWP) on 12 September 2018 seeking ministerial authorisation. Authorisation of the PSA was received in May 2019 however conditions of the authorisation required a rewrite of the documents under the guidance of DELWP and this process of review continues. The documentation must be to the satisfaction of DELWP officers before proceeding with the exhibition and referral stage of Planning Scheme Amendment C203.</p>	
<p>Complete the review of the Noble Park Activity Centre Structure Plan</p>	<p>A comprehensive review of the existing Noble Park Structure Plan was undertaken and presented to Councillors. This will now inform the development of a new Structure Plan in 2019-20.</p>	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

Strategic Objective 5: A diverse and growing economy
A city that is connected to the global economy

Action	2018-19 End of Year Summary	Status
Deliver activities that provide exposure and knowledge of global trends and encourage internationalisation	Activities throughout the year have provided a diverse range of 'good practice' business presentations and site visits that have provided exposure and awareness of global trends and the benefits of internationalisation. Addressing topics that have included global trends in both technology and economies; eg 'smart' manufacturing; Industry 4.0; China Manufacturing Strategy 2025 and how digitalisation can enhance competitive advantage, SEBN has complemented these with international speakers and site visits. The 'Netherlands as a European base' delegation in May was a highlight.	
Promote grant, trade mission, and business development programs and facilitate local business participation	This is an ongoing task that is achieved through promotion in Council's quarterly Talking Business magazine (both soft & hard copies), LinkedIn account, one-on-one dialogues with businesses and through other mediums such as SEBN when opportunities become available.	
Support the Future of Manufacturing program and the development of the Manufacturing Connectivity Centre	Operating for some three years now, the Future of Manufacturing (FoM) leadership group is strong and continues to develop its collaborative activities as it evolves with a number of participants working with each other. Many within the group have acknowledged that participation has enabled them to take their leadership skills to the next level, contributing to their businesses being more sustainable. It acts very much as a 'business leaders' group, setting examples for each other and providing support with both professional and personal challenges. It has a very strong 'corporate social responsibility' ethos and is a 'good practice' exemplar. With regards to the Manufacturing Connectivity Centre, there has been no further activity generated to date by SEMMA since the completion of the feasibility study by Bremer & Co. The report's findings are yet to be discussed with a cross-section of local manufacturers. SEBN is continuing to work with SEMMA to explore options to utilise the balance of funding held by them.

<i>A city that supports the economic contribution, strength and diversity of its industries</i>		
Action	2018-19 End of Year Summary	Status
Develop an Activity Centre's investment prospectus	Development Victoria has completed a new prospectus document for the central Dandenong 7Ha acquisition precinct. Council is reviewing prospectus' prepared by other local government authorities and discussing with the authorities the success or otherwise of the documents with a view to prepare an Activity Centre prospectus.	
Publish four editions of 'Talking Business' Magazine and relevant e-newsletters	'Talking Business' has been consistently delivered each quarter, seeking to capture all of the latest happenings in CGD as well as the innovative practices of our local businesses.	
Deliver a minimum of eight events as part of a small business workshop series	This program has seen a strong shift towards participants seeking targeted workshops. A total of 12 workshops were implemented (excluding Food Enterprise workshops). As a result, 160 people have benefited from this training. In person training continues to be a challenge but does not equal a lack of interest. EDU now highlights webinars in the 'Talking Business' monthly e-newsletter to cater for those unable to attend in-person training. Whilst it is too early to determine if this initiative is a success, we believe it is a positive step towards a well-rounded program. Additionally, the Small Business Mentoring Services voucher program is now offered to all workshop attendees. Of the four workshops this was promoted to, four have been redeemed. Feedback has been positive with participants finding it a highly valuable experience. The EDU will continue collaborating with internal business units, extend the current initiatives and explore new avenues to strengthen the business program in 2019-20.	
Deliver a minimum of five food manufacturers collaborative network events	In the last fiscal year six workshops were delivered to the industry. These workshops were shared with neighbouring Councils, three were held off site, which some of our businesses attended.	
Host the annual Real Estate and Developer Forum	Due to illness the guest speaker was unable to attend and the forum has been postponed until September 2019.

A great place for business

Action	2018-19 End of Year Summary	Status
Hold at least one industry golf day event to raise funds in support of local charities	Celebration of the tenth Anniversary of the CGD-Industry 'Take a Swing for Charity' golf day took place at Huntingdale in February 2019. The primary charity recipient for this year was Wallara with a percentage of funds raised to be provided to the GD Community Aid consortium. The amount raised this year takes the total over 10 years to more than \$400,000 for local charities.	
Monitor and report the number of network activities conducted with a target of 50	Over the past 12 months, SEBN has maintained its core network groups including Manufacturing Leadership (2), SEQN (Quality); Women in Business; Manufacturing Xcellence; Workplace Health & Safety; and Developing Young Leaders. These seven regular networks have been complemented by a range of specialised workshops and events with local, international delegates and speakers and organisations such as Bosch and Toyota (which included a special activity for not-for-profits), and the introduction of a new quarterly CEO series. CEO Mentoring and Future of Manufacturing groups have also been facilitated. A total of 72 network sessions/activities/events were conducted. A further 30 sessions plus 88 mentoring sessions have been delivered for the Ignite Greater Dandenong Start-up program.

Action	2018-19 End of Year Summary	Status
<p>Provide activities that encourage opportunities for women and promote women in business</p>	<p>Social media, Making your Mark on the World, Job Crafting and Leadership have been the focus areas for this year's women in business activities. Showcasing events included the CEO of Zoos Victoria who provided an unusual and enthralling exploration of leadership and its many forms and provided some unique insights for the 50+ participants, and the annual International Women's Day event held by SEBN in partnership with the Greater Dandenong Chamber of Commerce. In addition to regular activities, including our Developing Young Leaders network, those wishing to explore opportunities and/or start their own business is being supported through a number of initiatives that SEBN is working on. These include our own Ignite Greater Dandenong, LaunchMe (through the CR project) and the Brotherhood's 'Stepping Stones' program. A more relaxed Women In Business (WIB) Christmas special was also held as a celebration to wrap up the year. New activities and initiatives are being explored for 2019-20.</p>	<p></p>

<i>A resilient employment hub</i>	Action	2018-19 End of Year Summary	Status
	Deliver a key event for secondary school students that promotes diversity of career opportunities	The annual SEBN/SELLEN 'Lunch with the Winners' was held at Springvale Town Hall on 4 September. Hosted by Glenn Manton, more than 210 local secondary school students, teachers and local business sponsors came together and were both fascinated and inspired by the diversity of the career journeys of three young and local 'winners' and a keynote presentation by Yong Deng. This event is a popular 'must attend' in the calendar of many local secondary colleges. The 2019 Event is scheduled to be held on 3 September.	
	Lead the Community Revitalisation Employment Project incorporating the One Per Cent initiative	The Community Revitalisation project, initiated by the Greater Dandenong Regional Employment Taskforce (GDRET) and managed by SEBN has delivered a range of initiatives designed to increase the work readiness of local jobseekers (including People Seeking Asylum) and connect them to local employment opportunities. Whilst due to conclude in June 2019 the project has received further funding which will enable it to continue to June 2020. The project has delivered outcomes and insights that will inform further activities to embed learnings and benefits for both jobseekers and local business. Prototyping of a more targeted approach to the One Per Cent campaign proved successful and will be implemented on a quarterly basis over the coming year.

<i>A tourist destination attracting new visitors</i>		
Action	2018-19 End of Year Summary	Status
Host 15 cultural and food tours across Dandenong and Springvale	A total of 15 tours were conducted during the year including scheduled and group booking tours.	
Implement a visitor attraction marketing program to attract visitors and keep local residents aware of activities and events	Famil food and cultural tours for accommodation venues have been held, which were well attended. For the first time CGD tourism operators are collaborating on events and sharing information and are stocking each other's marketing collateral at their venues. The Greater Dandenong Council News magazine regularly featured tourism activities and social media outlets are being used to continue promoting tours to the local community.

Strategic Objective 6: An open and effective Council

A Council connected with the community, providing an effective voice on their behalf

Action	2018-19 End of Year Summary	Status
Achieve an index score of 62 or higher for community consultation and advocacy (Community Satisfaction Survey)	The Community Satisfaction Survey results were received on 6 June and Council received a result of 62 for this performance measure. This result was two points above Council's 2018 result, four points above the metropolitan average and six points above the state-wide average.	
Maintain a detailed advocacy register on Council's website and prepare an updated Advocacy document for distribution to local Members of Parliament	A very detailed advocacy register is available on Council's website, which is checked and updated at least monthly. There were regular updates to this throughout the year, with key issues including information about the State Resolution Support Services (SRSS) campaign which involves a number of Councils across Victoria and New South Wales; advocacy to the State Government for improvements to various roads; safer school crossings; homelessness; and kindergarten funding. The annual advocacy document was produced and distributed to all candidates prior to the May federal election.	
Facilitate Community Forums as requested by Councillors	Two forums were held at the request of Councillors.	
Grow Council's social media following by ten per cent from a base figure of 17,000	Total yearly growth (Facebook, Twitter, Instagram, YouTube and LinkedIn CGD Official Channels combined) = 13.2% Facebook – Total growth = 8.6 % Twitter – Total growth = 3.4% Instagram – Total growth = 13.6% YouTube – Total growth = 0% LinkedIn – Total growth = 24%	
Review and update the Community Engagement Framework	A comprehensive review and update of the Community Engagement Framework is now complete, and the final designed document is ready to release.	

2.5.1 Council Performance Report End of Year 2018-19 (Cont.)

A well-managed and high performing Council

Action	2018-19 End of Year Summary	Status
Maintain all public registers required in accordance with the Local Government Act and associated regulations	All registers are regularly monitored and maintained.	
Manage the effective leasing of Council's commercial property portfolio including seeking new lease opportunities for spaces which are currently vacant	New lease opportunities for vacant spaces were sought and all lettable properties are now occupied.	
Enhance the Pulse corporate reporting and risk management system across Council for improved performance reporting, risk identification and mitigation	PULSE has been implemented corporately and quarterly reporting to the Audit Committee has been refined. The use of existing databases and internal training to improve risk and incident reporting in operational areas will be an element of the revised Risk Management Strategy 2019-22.	
Ensure Local Government Act general compliance across the organisation through the ongoing management of the legislative compliance system	This legislative compliance program is monitored and maintained as resources permit.	
Review and update the Audit Advisory Committee Charter based on new responsibilities contained in the Local Government Act	The proposed changes put forward in the Local Government Bill 2018 have been supplemented by the Local Government Bill 2019 which has been distributed sector wide by the new Minister for Local Government for consultation. The new legislation has not yet been presented to Parliament. This action will be rolled over to the new reporting period.	
Develop a Revenue and Rating Strategy in line with the requirements of the new Local Government Act	This action aligns with the Government's intention to introduce the Local Government Bill 2019 into Parliament later this year. Additionally, the rating provisions will remain in the Local Government Act 1989 until the rating system review finalises its recommendations to the Government in May 2020. This ensures that any changes made to the rating system address the findings of the review. The outcome of these key actions is expected to impact the development of Council's Rating and Revenue Strategy - expected to progress further in the 2019-20 financial year.

Action	2018-19 End of Year Summary	Status
Liaise with the Valuer General to ensure the smooth introduction of centralised valuations and undertake annual rate modelling based on revaluations	Final valuation figures have been used for rate modelling and final certification has been received. Timelines around the future provision of valuation data from the Valuer General however remains a concern.	
Maintain sound financial practices by completion of the Annual Financial Statements for the year ended 30 June 2018 and receive full audit clearance by the legislated time frame of 30 September (including compliance with the Model Financial Report)	Audit clearance on the 2017-18 Financial Statements was received in September from the Victorian Auditor General.	
Review the Long Term Financial Strategy and seek Council adoption of the revised framework in line with the new requirements of the Local Government Act	The 2020-24 Long Term Financial Strategy (LTFS) was approved by Council on 11 June 2019. The new requirements of the Local Government Act have not yet been released - this part of the action will continue in 2019-20.	
Complete a Workforce Management Plan in line with the requirements of the new Local Government Act	The review of the LGA is now back on the State Government agenda and will be presented into Parliament some time in 2019. It is anticipated that once passed the revised bill will be implemented over a two-year period. Work will be undertaken in the first instance on seeking examples of Workforce Management Plans to ensure Council is prepared for the when the revised Local Government Act and associated regulations are implemented.	
Complete the development of a CEO remuneration policy as required under the new Local Government Act	The review of the LGA is now back on the State Government agenda and will be presented to Parliament some time in 2019. It is anticipated that once passed the revised bill will be implemented over a two-year period. Work will be undertaken in the first instance on seeking examples of remuneration policies to ensure Council is prepared for the when the revised Local Government Act and associated regulations are implemented.	
Achieve an index score of 76 or higher for customer satisfaction (Community Satisfaction Survey)	The Community Satisfaction Survey results were received on 6 June and Council received a result of 74 for this indicator. This was an improvement of three points on the 2018 result and is three points above the state-wide average.

Minutes of Positive Ageing Advisory Committee Meeting on 13 June 2019

Report Summary

At the Council meeting held 23 April 2018, Council resolved in part to *invite Advisory Committees and Reference Groups to submit meeting minutes for Council endorsement*. This resolution was in relation to allowing interested Councillors (and those that attend these Committees and Reference Groups) to speak to the meeting about items discussed at these meetings.

Recommendation Summary

This report recommends that the Minutes of the Positive Ageing Advisory Committee meeting provided in Attachment to this report be noted and endorsed by Council.

2.6.1 Minutes of Positive Ageing Advisory Committee Meeting - 13 June 2019 (Cont.)

Background

Greater Dandenong Council is represented on a wide range of Committees, Reference Groups and Advisory Groups which frequently reflect the interests of individual Councillors in serving the broader community in their role. A full listing of these appointments is confirmed each November at Council's Statutory Meeting and is available via Council's website.

The resolution of Council made on 23 April 2018 provides for Minutes of meetings held by Advisory Committees and Reference Groups to be submitted to Council for noting and endorsing.

As such, the Minutes are provided as attachment to this report.

Proposal

Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride* – Best place best people
- *Cultural Diversity* – Model multicultural community
- *Lifecycle and Social Support* – The generations supported

Opportunity

- *Education, Learning and Information* – Knowledge
- *Leadership by the Council* – The leading Council

Council Plan 2017-2021

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- A creative city that respects and embraces diversity

Opportunity

- An open and effective Council

2.6.2 Leave of Absence - Chief Executive Officer

File Id:

Responsible Officer:

Director Corporate Services

Report Summary

Greater Dandenong City Council's Chief Executive Officer (CEO) John Bennie requests a Leave of Absence to take annual leave for the period Friday 20 September to Tuesday 22 October 2019 (inclusive). This Leave of Absence will require Council endorsement of two acting CEOs to cover the period of absence until the CEO's return on Wednesday 23 October 2019.

Recommendation Summary

This report recommends that Council notes that the CEO will be on annual leave from 20 September to 22 October 2019 and endorses the nominees to act in the CEO's position until the CEO returns to work on 23 October 2019.

2.6.2 Leave of Absence - Chief Executive Officer (Cont.)

Background

For this period of leave, a formal resolution is recommended to note and endorse authority to an acting CEO. For the period proposed, the CEO has assessed the availability and Directorate workload of the Executive Management Team and recommends that two directors share the responsibility of acting CEO over this time.

Proposal

It is proposed that Jody Bosman acts in the position of CEO from Friday 20 September to Sunday 6 October 2019 and Paul Kearsley acts in the position of CEO from Monday 7 to Tuesday 22 October 2019.

Financial Implications

There are no financial implications associated with this report.

Conclusion

The delegation of powers, duties and functions from Council to the Chief Executive Officer on 9 October 2006 provides the schedule under which the CEO may act. This delegation also extends to any member of staff holding, acting in or performing the position of Chief Executive Officer, so a further delegation is not required. It is however, important that Council notes the requested leave and endorses the recommendation made in this report.

Recommendation

That Council:

- 1. notes the Chief Executive Officer, John Bennie, will be taking annual leave from 20 September to 22 October 2019 (inclusive) returning on 23 October 2019; and**
- 2. endorses Jody Bosman acting in the position of Chief Executive Officer from Friday 20 September to Sunday 6 October 2019 (inclusive) and Paul Kearsley acting in the position of Chief Executive Officer from Monday 7 to Tuesday 22 October 2019 inclusive.**

2.6.2 Leave of Absence - Chief Executive Officer (Cont.)

MINUTE 1160

Moved by: Cr Zaynoun Melhem
Seconded by: Cr Sophie Tan

That Council:

1. notes the Chief Executive Officer, John Bennie, will be taking annual leave from 20 September to 22 October 2019 (inclusive) returning on 23 October 2019; and
2. endorses Jody Bosman acting in the position of Chief Executive Officer from Friday 20 September to Sunday 6 October 2019 (inclusive) and Paul Kearsley acting in the position of Chief Executive Officer from Monday 7 to Tuesday 22 October 2019 inclusive.

2.6.4 Cycling in the South East Region

File Id:

Responsible Officer:

Director Community Services

This item lapsed at Council's Ordinary meeting of 12 August 2019 (voting on the item was overlooked). It is now tabled again for Council's consideration.

Report Summary

This report provides an overview of work undertaken in relation to the development of cycling infrastructure to accommodate the needs of sports cycling in Greater Dandenong, as well as the South East region of Melbourne.

Following Council's decision to remove the Parkfield Reserve cycling track, investigation and planning has been undertaken to identify the need for additional cycling infrastructure to facilitate the sport.

Recommendation Summary

This report recommends that Council continue discussions around future planning and development of cycling, both in Greater Dandenong Council and in a regional capacity. Council will partner with neighbouring councils and Cycling Victoria (CV), given the unique focus cycling has across Victoria and Australia as a sport, whilst supporting the Noble Park Dandenong Cycling Club (NPDCC).

2.6.4 Cycling in the South East Region (Cont.)

Background

Council, at its meeting on 10 December 2018 resolved in part as follows:

Part B

1. Engage with neighbouring councils and other agencies to investigate and advocate for the development of a regional velodrome or appropriately designed cycle track to accommodate the needs of sports cycling in the south-east region.
2. Report back to Council by 30 June 2019 on their investigations and advocacy as detailed in No.1 above.

Based on the 2019 Sport and Active Recreation participation survey, cycling participation rates have shown a significant decline since 2015 from a 15% participation rate to 8%. 13% of cycling participants in City of Greater Dandenong (CGD) do so in an organised activity compared to 87% of cycling participants engaging in a non-organised activity/casual purpose.

Investigations and meetings have occurred with Cycling Victoria, Bicycle Network (BN), NPDC, Parks and Leisure Australia (PLA), neighbouring municipalities, Sport and Recreation Victoria (SRV) and residents, seeking evidence and data to determine if there is a need to invest in a new regional or community cycling facility.

Council conducted a Regional Cycling forum on Tuesday 21 May 2019 with neighbouring councils (Kingston, Frankston, Casey and Whitehorse City Councils), CV and BN to discuss current and future needs of cycling as a sport, as a recreational activity and as a transport method in the South East.

The CGD forum identified low interest in cycling as a sport, as well as minimal evidence from CV to plan for future development and needs of the sport, both in this region and across Victoria.

Subsequently, PLA (Victoria/Tasmania) in partnership with Casey City Council coordinated an additional regional forum which was attended by a number of Shires and Councils from across Victoria. Discussion was again around the future planning of sports cycling.

The agenda for the forum included PLA (Victoria/Tasmania), CV (presenting the same information as per the CGD forum in May), the City of Greater Geelong, the City of Ballarat, the Southern Masters Cycling Club and additional contractors speaking on recent projects specific to cyclocross, pump BMX and criterium tracks built across Australia.

Proposal

From the consultation to date, and from the two forums Council proposes to:

- Continue discussions with neighbouring councils and SRV for a South East Regional Cycling Strategy for competition or criterium track facilities. A meeting with neighbouring Councils will occur again in September 2019.
- Continue working with NPDC to facilitate short-term opportunities whilst the regional working group undertakes additional investigations into the long-term options for CGD.

2.6.4 Cycling in the South East Region (Cont.)

Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride* – Best place best people
- *Outdoor Activity and Sports* – Recreation for everyone

Place

- *Safety in Streets and Places* – Feeling and being safe
- *Travel and Transport* – Easy to get around

Opportunity

- *Tourism and visitors* – Diverse and interesting experiences
- *Leadership by the Council* – The leading Council

Council Plan 2017-2021

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- A vibrant, connected and safe community

Place

- A healthy, liveable and sustainable city
- A city planned for the future

Opportunity

- A diverse and growing economy

The strategies and plans that contribute to these outcomes are as follows:

- Greater Dandenong Cycling Strategy 2017-24
- Community Wellbeing Plan 2017-21
- Greater Dandenong Community Safety Plan 2015-22
- Activate Sport and Active Recreation Strategy 2014-19

2.6.4 Cycling in the South East Region (Cont.)

Related Council Policies

Greater Dandenong Cycling Strategy 2017-24

Victorian Charter of Human Rights and Responsibilities

The Victorian Charter of Human Rights and Responsibilities has been considered in the preparation of this report but is not relevant to its contents.

Financial Implications

Should a proposed Regional Cycling Strategy in partnership with neighbouring councils and SRV proceed, this is likely to cost \$60,000, with 50% funding from SRV and the remaining 50% from neighbouring Councils.

Subject to a successful application, funding from SRV would be available in the 2020-21 financial year, and the project would be completed by April 2021.

Consultation

Through investigating the need for the development of a regional velodrome or appropriately designed cycle track to accommodate the needs of sports cycling in the South East region, Council has undertaken consultation activities including the Greater Dandenong regional forum and subsequent to this, participated in a PLA (Victoria/Tasmania members) coordinated forum. Council has also conducted meetings with community groups, neighbouring councils and external stakeholders including:

- Cycling Victoria
- Bicycle Network
- Parks and Leisure Australia
- Kingston City Council
- Frankston City Council
- Casey City Council
- Whitehorse City Council
- Yarra Ranges Shire Council
- Noble Park Dandenong Cycling Club
- Sport and Recreation Victoria

Conclusion

A Regional working group will be established to develop a Regional Cycling Strategy to assist in identifying the cycling infrastructure required to facilitate the future needs of sports cycling. This will also aim to create greater opportunities between councils and their communities in the South East region of Melbourne, at a competition or social level for cycling. Council will support the NPDC with their establishment and short-term options.

2.6.4 Cycling in the South East Region (Cont.)

Recommendation

- 1. That Council grants approval to proceed with discussions in September 2019 with neighbouring Councils in the region for a South East Regional Cycling Strategy for competition or criterium track facilities: and**
- 2. that based on the outcome of discussions with neighbouring Councils, funding will be sought from SRV to undertake a Strategy noting this funding would be available in the 2009-21 financial year; and, the project would be completed by April 2021.**

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS

Comment

Cr Sophie Tan

I am not going to go through every event I attended but we have been busy in the last few weeks so firstly, this is my report.

On 17 August 2019, I attended the Cambodian Vision Charity Dinner, hosted by Richard Lim of Lim's Pharmacy along with Councillor Youhorn Chea, Councillor Maria Sampey and Councillor Sean O'Reilly. About 500 people attended and they raised I believe, over \$40,000 on the night. The fundraising is to help the poor people in Cambodia who live in remote areas of the country where they do not have access to hospitals or funding. The funds will help them to at least have free eye operations. It is the good deeds of Richard Lim who has done a lot of fundraising which have helped a lot of people.

On 22 August 2019, I attended the Springvale Garden Club Annual General Meeting (AGM) and it was an honour for me to be the guest speaker and also the Chairperson for the AGM for the first time. I met a lot of people there who were mostly local residents. The President of the Club gave me some flowers and herbs to grow at home as well.

Question

Cr Sophie Tan

I have a question for the Engineering Services team regarding a concern raised by a resident about the intersection of Springvale Road and Princes Highway at Springvale Junction. The Allison Monkhouse Funeral Directors building has been demolished and the resident wanted to know if Council has heard anything from Transport Victoria. Are they going to build anything on that site anytime soon?

Response

Charles Taveira, Acting Director Engineering Services

As Councillor Tan has indicated, both roads are under the management of Transport Victoria and I am unaware of any movement in that space but we can certainly make some enquiries on her behalf.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)**Comment****Cr Tim Dark**

It has been another very busy fortnight in the City of Greater Dandenong (CGD), particularly given that it is winter, it is usually a quiet period but it actually has ramped up. I attended some of the more notable events such as the CGD Awards in recognition of the funding announcements with Councillor O'Reilly and Councillor Kirwan. It was a well-attended event with a lot of groups in the community who were very, very fortunate and very happy to be receiving some grants. It ranged from the September Latin Festival which is a hallmark in Greater Dandenong, to the Springvale Benevolent Society, who were announcing the work that they have been doing and the increase there. I think I have seen a lot of community groups attending in particular, a diverse range from the City of Greater Dandenong. If anyone ever wants a speech to be delivered and have a good laugh, Councillor O'Reilly is the person because when he is on a roll, he gets an excellent speech written for him by the Executive Assistant, he tweaks it and certain words always end up meaning completely something different and I can see Councillor Kirwan laughing as well. It was quite a comical event and a very well-attended night. I know a lot of the clubs were very happy to be receiving significant funding.

Yesterday, I attended the Goa Day celebrations by the Goan Overseas Association of Australia which has merged with another Goan group. They are now based in Dandenong North in the Rosewood Downs estate and they held a very big function in Menzies Hall, Dandenong North. I have been to many of their functions in the past but I would say this was probably one of their best attended events. This one was to celebrate Goa Day and also a breakaway from Goa to form an independent state. They were showing lots of photos of the coastline and how beautiful it is. There are actually a lot of Goans who reside in the City of Greater Dandenong so they were very happy to come out and celebrate.

Question**Cr Tim Dark**

I do have a couple of questions. The Harold Road Pavilion, which opened about 12 months ago, was unfortunately broken into over the weekend. Somebody drilled through the door, opened the latch from the other side and completely ransacked the whole thing and took trophies, televisions, you name it.

(a) How have we responded so far and have we had any more information?

(b) Have we got any security systems or anything in place across our assets, given the cost of having a brand new pavilion and the damage that has occurred? Do we have an alarm system or a CCTV system across our network or what is the best way of recourse?

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Martin Fidler, Director Community Services

(a) Council's building maintenance staff were called in and helped secure the site as soon as they were aware. We have also been working with the Club to talk about replacing the equipment and issues around insurance security.

(b) In terms of CCTV, I am not aware of that being available but that is something we can talk to the club about in terms of applying for a potential grant. Council officers are providing significant support. It was a very unusual break-in, as Councillor Dark said, by the way that they broke in but Victoria Police were involved straight away as well.

Question

Cr Tim Dark

Thank you. While I was attending Goa Day, I suppose it was the President and their executive, who I think most Councillors know, informed me that St Vincent de Paul have actually been able to save up and acquire some funds to purchase a food van. This food van is designed to support communities in the City of Greater Dandenong, particularly in Noble Park, Dandenong and Dandenong North and they have been having some conversations. I will send the email shortly to the relevant director. If he could just follow up with them to make a connection just to see how we can possibly support them as well, that would be great.

This question was taken on notice.

Question

Cr Zaynoun Melhem

This is not really a question. It is more to point out to the relevant officer that there are two roads in Dandenong North that are in urgent need of repair. I have mentioned this before a number of times but I do not really seem to be getting any outcomes on it. One is Dorset Road in Dandenong North which is just off Brady Road and Outlook Drive and the other one is Justin Drive on the corner of Justin Drive and Jacksons Road in Noble Park North. There are some significant potholes in the latter which is quite dangerous I feel because it is right next to Silverton Primary School, one of the busiest schools in the region. Could the relevant officer please have a look at these two roads and provide some feedback as to why we keep doing a quick fix for it when every three or four months the potholes come back?

Another question to the relevant officer. I received an email and a phone call from the office of Julian Hill MP last week. It relates to a question that I raised a couple of weeks ago with regards to the dog park at Tirhatuan Park in Dandenong North. The dog park at Tirhatuan Park is probably one of the biggest regional dog parks within our municipality if not the southern region. This dog park, although it is a great dog park, is really lacking some facilities with regards to a small dog section. I know I have asked this question before but I have been asked again by about three or four residents over the last two weeks. What is Council's approach on potentially putting in a small dog section and how do we go about moving forward with that?

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Charles Taveira, Acting Director Engineering Services

We have a comprehensive road condition assessment process so we will look at that to find out what is actually going on with those two roads and provide feedback to that effect.

Response

Brett Jackson, Acting Director City Planning, Design and Amenity

We are currently reviewing the Off Leash Dog Strategy. We will be presenting an updated version of that to Councillors in the coming months. One of the considerations is around Tirhatuan Park, what facilities it has and what size or expansion might be suitable so there is further information coming on that shortly.

Question

Cr Zaynoun Melhem

I have been going to what I believe is called the Wellington Village Shopping Centre, opposite Wellington High School along Police Road, for many years. My family had a store there for a long time and my uncle still has a store there. I received a call from the owners of the Charcoal Chicken shop, the Pizza shop, the Post Office and a number of those stores regarding parking concerns during school times. Council has been attending to those concerns during school times but the request from the shopkeepers is for the times between 2.00-4pm. If we can have a maximum time of 15 minutes parking because what they are finding is, the parents who pick up their kids from the school are parking there from 2pm and do not leave until 3.30pm, causing a really significant impact on the shopkeepers. Can the relevant officer please have a look at potentially doing a 15 minute parking time between school hours or 2.00-3.30pm? I am happy for the officer to take that on notice.

Response

Charles Taveira, Acting Director Engineering Services

We will arrange for the traffic engineers to investigate that matter and report back.

Comment

Cr Matthew Kirwan

The following are some of the activities that I have been involved in over the last two weeks.

On Thursday 15 August 2019, we had the verbal Submission Hearing for the Meeting Procedure Local Law in this Chamber, where about 20 people made verbal submissions against the proposed changes in a 90 minute session to six Councillors. I think that was a very large response getting 20 people to talk about something that is quite bureaucratic. It is not something that generally attracts interest but people had strong feelings about it.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

On Saturday 19 August 2019, I represented the Mayor at the Greater Dandenong Hockey Club, where two of the dugouts were being named after its past members who were instrumental in the club being the successful family club it is today. The two past members were Lance Forkgen Senior and Rudy Pacheco. Both members are quite interesting because one was instrumental in the formation of the Springvale Noble Park Hockey Club and the other was instrumental in the Dandenong Hockey Club so naming those two dugouts after those two figures really acknowledged the merging of those two clubs in 2008 to form the Greater Dandenong Hockey Club which now successfully represents our whole city.

On Wednesday 21 August 2019, I represented the Mayor at the Local Government Mayoral Taskforce Supporting People Seeking Asylum. This time it was held in Coburg at the City of Moreland. We rotate these taskforce meetings across Melbourne among the executive member councils. We heard from speakers from the Refugee Council of Australia, the Asylum Seeker Resource Centre and the Refugee Advocacy Network on their advocacy approaches going forward.

On Thursday 22 August 2019, I chaired the Greater Dandenong People Seeking Asylum, Employment and Education Working Group during the day. Later that night, as Councillor Dark mentioned, he, Councillor O'Reilly and I were at the CGD grants recognition event. The new format of holding the night soon after the grants were received had a good outcome that led to increased attendance. It also gave officers an opportunity to provide an orientation session to grant recipients as to what we can expect in terms of governance and project management in the execution of those grants from this Council.

On Saturday 21 August 2019, I attended the Springvale and District Historical Society Annual General Meeting. In brief, they are very much looking forward to their new home in the Springvale Community Hub. That was the main talk at that meeting, their accommodation going forward and sharing the latest news with club members.

Councillor Zaynoun Melhem left the Chamber at 8.02pm.

Question

Cr Matthew Kirwan

My first question is about two pedestrian crossings that are advocacy positions of this Council and have a high degree of community interest.

(a) What is the anticipated financial year that the pedestrian crossing across Stud Road in the vicinity of Dandenong Basketball Stadium is expected to be built? There were indications before the State Election that VicRoads, which is now Transport Victoria, had definitely agreed to do this so I am interested in any information we have received from Transport Victoria as to the timeframe for that.

(b) What news do we have on a pedestrian crossing across Heatherton Road for Emerson School students, which is a very well-loved member of the Greater Dandenong community? What is the timeframe for that pedestrian crossing across Heatherton Road to be built?

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Charles Taveira, Acting Director Engineering Services

For both locations, Transport Victoria has acknowledged the need for new sets of signals to facilitate pedestrian crossings. As a result, these projects have been included within the Transport Victoria program to be considered for future funding. While Transport Victoria has sought funding for these projects within the State budget, the funds available at this time have been allocated to other higher priority locations across the State. We are not aware of when funding for these two projects will be made available. Council has formally advocated to both local and relevant Members of Parliament regarding both projects and will continue to do so.

Question

Cr Matthew Kirwan

Just to follow up, because I know State Government budget processes tend to start in October and November, if it is possible, could we have a letter from the Mayor just reinforcing the need for those two projects and that we want to continue advocating for them?

This question was taken on notice.

Question

Cr Matthew Kirwan

Are we able to obtain from the State Government information on where they are in the rankings? Are they of very high, high or moderate priority? I am happy for that to be taken on notice but that information might give us some indication of how likely we are going to have to wait whether it is two years or five years.

Response

Charles Taveira, Acting Director Engineering Services

We will make every endeavour to find out that information. As Council will know, there is a big bucket of money that gets divvied out to all the projects based on priority basis so we will certainly make an enquiry.

Councillor Zaynoun Melhem returned to the Chamber at 8.05pm.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Matthew Kirwan

After I submitted this question, I received a similar question about a park in Paperbark Ward as well. Particularly in the heavily used parks and new estates in Keysborough, it is a common question to Councillors that residents want toilets in parks. With that in mind, last year a Toilet Strategy was meant to be completed and consulted on with the community using internal resources. What is the status of that?

Response

Charles Taveira, Acting Director Engineering Services

Council officers are working towards developing a strategy for the provision of public toilet facilities across the municipality. The Strategy has commenced and it is expected that Council officers will be in a position to brief and seek Councillor feedback early in the new year, once a draft document is available for discussion.

Question

Cr Matthew Kirwan

In relation to the previous promise of community consultation on that, what is the timeframe for that?

Response

Charles Taveira, Acting Director Engineering Services

I will take that on notice.

Question

Cr Matthew Kirwan

I have previously brought up the residents' concerns including issues of speeding, traffic congestion and lack of public transport in the new estates of Keysborough in this Chamber. What was the purpose, scope and community response to the Keysborough South Transport Study and what outcomes, actions and advocacy have come out of that study?

Response

Charles Taveira, Acting Director Engineering Services

The Keysborough South Transport Study involved a significant travel survey, data collection exercise and subsequently community forum to discuss the findings as identified in the Transport Study. There are a number of actions and projects which will aim to address some of these key issues identified. These include infrastructure projects, including those within Council's infrastructure programs, such as the Local Area Traffic Management program and the active transport infrastructure program. There are also a number of advocacy actions, particularly relating to the State-managed arterial road network and the new Keysborough South bus route. Further benefit is anticipated by raising community awareness of travel options available to them as a result of larger Victorian Government projects, such as the Mordialloc Freeway Project. A report is being prepared and will be made available to

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

the community via Council's website in a few weeks' time. The report will highlight what Council is doing to address some of these issues as well as information on how residents can assist and become involved in advocacy actions.

Question

Cr Matthew Kirwan

In terms of our social housing approach as a Council, how is that progressing and when will consultation on that occur with the community?

Question

Cr Matthew Kirwan

What is the current stage of our housing development fund set up in 2014 and what is the future of that vehicle in acquiring social housing?

Response

Martin Fidler, Director Community Services

A report and discussion on our social housing with Councillors is scheduled for 21 October 2019. Consultation has commenced with key housing stakeholders and dates for community consultation will be discussed further at the Councillor Briefing Session.

In terms of the fund, I will take this question on notice and I would like to discuss that with the Director of Planning when he returns from leave this week.

Question

Cr Matthew Kirwan

On another issue that is really at the heart of resident concerns which is open space, my question tonight is, what is the progress and timeframes for the revised Open Space Strategy particularly in developing a new open space acquisitions policy?

Response

Brett Jackson, Acting Director City Planning, Design and Amenity

The background work regarding the Strategy has now been completed and a draft Open Space Strategy is currently being developed. It is intended to present the Strategy to Councillors in October-November this year with the supporting Acquisitions Policy to be finalised shortly thereafter. It is then intended this will also be presented to Councillors before a further round of community consultation is undertaken.

Question

Cr Matthew Kirwan

My final substantive question has a number of parts and in discussion with the Director of Community Services, he thought it would actually be clearer if I asked those parts separately and they get answered separately so I will ask them separately.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

I have some questions regarding the Material Aid Consortia that this Council coordinates and funds.

(a) For each Consortia member, on average how much material aid are they delivering to the needy per month?

Response

Martin Fidler, Director Community Services

(a) Red Cross provides full casework to over 60 people seeking asylum and they include support for emergency relief, material aid plus referrals. They have provided emergency relief for approximately 200 community members this month and 400 for the financial year. Enjoy Church provides lunch and material aid for approximately 200 people per month. Friends of Refugees provide material aid including furniture. Particularly popular are their food parcel packages and about 300 presentations to their organisation a month. South East Community Links have a pretty good support fund for people seeking asylum. They also provide material aid and vouchers for assessment. During the last financial year, they had seen approximately 5,000 people or 416 people a month. Community Creating Opportunities (CoCo's), which is better known as Springvale Learning and Activities Centre, provides material aid, vouchers and furniture. They provide support to approximately 90 people that have attended for that specific support. Cornerstone is the newest member of the Consortia, providing meals and material aid on a Wednesday and Friday for breakfast and lunch. Data for them is currently not available. We are training them at the moment on our database system as volunteers and we are working through that with them. Adult Multicultural Education Services (AMES) provide vouchers for people seeking asylum without income as well as assistance for people to reapply for Status Resolution Support Services relating to income support. Life Without Barriers have a material aid room for people seeking asylum without income via drop-ins that provides support for people and again, looking to reapply for Status Resolution Support Services. Some of that data we have is not publicly available at this stage from those agencies.

Question

Cr Matthew Kirwan

(b) For each Consortia member, how are they delivering the material aid and, if it is via the needy coming to them or to a central point, what are the days and hours of availability of each Consortia member?

Response

Martin Fidler, Director Community Services

(b) The Red Cross provides services from 9.00am to 5.00pm. They also do some outreach work by going to people's homes or wherever people make a living. AMES open five days a week during business hours of 9.00am-5.00pm for drop-in support. Life Without Barriers has the same hours. Enjoy Church provide food and material aid on Fridays and other programs every other day. They are open from 10.00-2.00pm for drop-in support on Fridays. Friends of Refugees is open from 10.00am-3.00pm weekdays and Saturday for drop-in support. They also provide furniture and logistical support so are obviously outreaching and providing that into the community. South East Community Links provides a drop-in service from 9.00am-5.00pm weekdays. CoCO's opens 9.00am-3.00pm weekdays and 10.00am-2.00pm on Saturday; and services are provided by drop-in and referral.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Cornerstone is open Wednesdays and Fridays 9.00am-1.00pm for a drop-in service. The Southern Migrant and Refugee Centre (SMRC) is open during business hours and they provide advisory services.

Question

Cr Matthew Kirwan

Just to clarify, all of those centres would be in Dandenong except Enjoy Church in Dandenong North and Friends of Refugees in Springvale. Would that be correct?

Response

Martin Fidler, Director Community Services

That is correct and as I said, some of those services do provide outreach.

Question

Cr Matthew Kirwan

(c) For each Consortia member, what data is being collected and are there any Consortia members that are refusing to collect data?

Response

Martin Fidler, Director Community Services

(c) There have been no refusals to record data from Consortia members. Most organisations, particularly the large ones, the Red Cross and so on, have their own systems in place which they utilise and as I said, particularly the regional and the national organisations. These organisations have shared de-identified data when requested. The following organisations are using Council's collective database: CoCO's, Enjoy Church, Friends of Refugees, Red Cross and Life Without Barriers. The data captured varies by organisation and their policies and procedures but it generally includes referrals, presentations, visa status, types of material aid requested and what is provided.

Question

Cr Matthew Kirwan

(d) What local agencies and community groups were approached but refused to join the Material Aid Consortia and why?

Response

Martin Fidler, Director Community Services

(d) Councillors met with a range of agencies to discuss potentially joining the Consortia. Some of the obstacles or the reasons why people have not joined as I said, may be due to the fact they are voluntary organisations or may not be able to provide the resources to meet the workload of the internal policies and practices which are required for data collection. The Asylum Seeker Resource Centre and the Salvation Army have not signed although they do attend the meetings and they support the work. St Vincent de Paul have not signed but they also attend. We Care Community Services

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

recently engaged and we are having ongoing conversations with them. The Springvale Benevolent Society which we have engaged with has not joined the Consortia as well as the Servants of the Sacred Heart and the Jesuran Wellness Centre.

Question

Cr Matthew Kirwan

(e) Of the list that the Director has been given, which ones does Council provide community funding for and what were the reasons why they were not prepared to join the Consortia?

Response

Martin Fidler, Director Community Services

(e) It really has been due to workload or internal policies and practices or that they are voluntary. As predominantly voluntary agencies, they do not have the people to do it. It does not mean they will not in the future and our staff have been working with them. Some of the groups who were not able to join at the start of the Consortia have since joined so it is an ongoing process.

Question

Cr Matthew Kirwan

Would that be We Care and the Springvale Benevolent Society? Would they be two that we provide community funding to?

Response

Martin Fidler, Director Community Services

Of the ones that I have mentioned, yes.

Question

Cr Matthew Kirwan

(f) Does the Material Aid Consortia aid Council in delivering a holistic approach to dealing with getting people out of poverty, not just material aid, and if so, how?

Response

Martin Fidler, Director Community Services

(f) Absolutely. I think all of those agencies that we have mentioned today are very well-established organisations. They have holistic services. They look holistically at the person and their family needs. Some provide employment and some provide legal support. It is not just about the physical nature of the person. It is about their psycho-social, mental health and wellbeing, the opportunities for them, particularly people seeking asylum and the opportunities for them to find employment or training so that they can gain employment.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Sean O'Reilly

Quite a few events have been mentioned already by other Councillors so thanks for that. I just have one question for this meeting without notice. A resident contacted me via Facebook with a photo of an overflowing bin that the resident says is from Springvale South Shopping Centre, which we know is a privately managed shopping centre. I wanted to clarify with the Acting Director for Planning what powers, or what Council can do, when there are these sorts of issues in private shopping centres. Can Council act on the basis of health and safety, on cleanliness, visual amenity etc? I know Council officers have had cooperative and fruitful discussions with Springvale South Shopping Centre management in the past on other issues that I have raised and they have been resolved and fixed so I would appreciate it if the Acting Director of Planning could investigate whether this could be looked into.

Response

Brett Jackson, Acting Director City Planning, Design and Amenity

Yes, we will definitely look into that. The situation and what powers we can enforce.

Question

Cr Loi Truong

Through the media, I know that Ms Vivienne Nguyen, the President of the Vietnamese Community of Victoria, was appointed as the Chairperson of the Victorian Multicultural Commission for four years. I would like to ask the Mayor to send a letter to congratulate her on her new position.

This question was taken on notice.

Question

Cr Loi Truong

Will parking sensors be set up in our city?

Response

Brett Jackson, Acting Director City Planning, Design and Amenity

I will take that question on notice. Thank you.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Loi Truong

At Maribyrnong City, they have very clear signs that parking sensors are now operating to let people know. Next to the signs, they explain very clearly when parking time starts as soon as cars stop in the parking bay. Because our city is the most multicultural city, I think the information on parking sensors should be available in other languages as well as in the newspapers and radio stations to let people know at the start of the process.

Response

Brett Jackson, Acting Director City Planning, Design and Amenity

We will take that on notice and look into that as well thank you.

Comment

Cr Jim Memeti, Temporary Chairperson

Just a couple of places that I attended. I will just mention one special one that I attended on Friday night at the Drum Theatre. It was fantastic to see the Drum Theatre filled to its capacity. There were over 500 people for the Dandenong South Primary School concert. It was unbelievable. It was really, really well organised and I congratulate the school on this initiative for children from Prep to Grade 6. It is voluntary and over 350 children participated which was fantastic. It was packed to the rafters and that is what I want to see. I want to see more of our community doing what they do, sing or dance and become the next Hugh Jackman or Kylie Minogue from Dandenong. It was a great evening and it was very well organised by Dandenong South Primary School.

With soccer, which I am very passionate about as everyone knows, it is the end of the season and we have two teams in the National Premier League (NPL): Dandenong Thunder and Dandenong City. I would like to congratulate Dandenong City who, in their first year, finished I think just outside the finals and they did very well. Dandenong Thunder, on the other hand, will now be playing off for relegation at AAMI Park in the next fortnight so we wish them well and hopefully they can regain their position in the NPL. Congratulations to Dandenong City and wishing Dandenong Thunder good luck.

They are the events that I attended and many others as other Councillors mentioned. There is always plenty to do in our city which is fantastic.

John Bennie PSM, Chief Executive Officer tabled a listing of responses to questions taken on notice/requiring further action at the previous Council meeting. A copy of the responses is provided as an attachment.

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

COUNCILLOR QUESTIONS TAKEN ON NOTICE/REQUIRING FURTHER ACTION

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Completion	Summary of Response
12/08/19 CQ17	Cr Matthew Kirwan	<p>Process for Membership of the Multicultural and People Seeking Asylum Advisory Committees.</p> <p>At the last meeting, we endorsed the membership of the Multicultural and People Seeking Asylum Community Advisory Committee. One of my concerns about advisory committees and I should clarify that it is not just this Advisory Committee but there is a lot of interest from the community in these advisory committees. Sometimes I see passionate community members miss out to well-credentialed applicants that later fail to attend many if any meetings. Going forward, what processes will be used to create vacancies if we have members who do not regularly attend meetings? What processes will be used to fill those vacancies? Will we have to re-advertise or can we draw on people who have already put forward acceptable applications?</p>	Director Community Services	20/08/19	<p>Initial Response:</p> <p>With reference to the creation of vacancies, the section titled 'Roles and responsibilities of members' are in our Terms of Reference, which outlines the process where it is required that each member of the Multicultural and People Seeking Asylum Advisory Committee will attend a minimum of three meetings per financial year. An inability to attend the minimum number of meetings per year will result in a vacancy to be filled in accordance with the selection process outlined in the terms of reference. Vacancies which arise due to resignation or inability to attend the minimum number of meetings shall be addressed through the formation of the selection panel and the selection process. If a vacancy arises less than six months before the end of the term, the committee may resolve to leave the vacancy unfilled for the interim. I note Councillor Kirwan's point regarding whether if we have other people that applied and we still have their details, and we can bring that to the committee for consideration.</p> <p>Further response provided 20/08/19:</p> <p>Council officers will refer to the list of previous applicants who were not successful and bring this information to the committee to assess their suitability for vacancies as they arise.</p> <p>COMPLETED</p>

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Completion	Summary of Response
12/08/19 CQT9	Cr Matthew Kirwan	<p>Vacant Car Parking in Lonsdale Street, Dandenong We are now into the second month of the trial of free parking in Lonsdale Street and it has been noticeable that sections of Lonsdale Street which were largely empty of cars before the trial are often still largely empty of cars even now that we are offering free parking. What are the officers' views on the reasons? Is there a lack of businesses with desirable offerings in these sections or a lack of businesses that need more customer car parking? Any thoughts as to the reasons from officers?</p>	Group Manager Greater Dandenong Business	23/08/19	<p>Initial Response: As is mostly the case, when you alter either traffic or parking situations, it takes several months for people to settle in to changes so I will have to take that question on notice and will seek some comments from a number of staff members including traffic engineers and others and see if we can get something back to Councillor Kirwan. We would probably prefer that we get some surveys undertaken from October 2019 onwards and then really seek some more detailed confirmation of perhaps some of the trends that we are seeing out there. I am happy to fill in the questions in the next couple of weeks with Councillor Kirwan directly.</p> <p>Further response provided 23/08/19: The April 2019 report to Council regarding this matter highlighted that "offer creates footfall" and hence customer visitation, (ie. Demand), is only likely to significantly increase with a corresponding increase in quantity and quality of retail offerings, (ie. Supply).</p> <p>One of the anticipated benefits of the 12 months free parking trial is that traders will be able to develop a greater understanding of this, and the extent to which parking affects their businesses compared with other factors.</p> <p>The trial on Lonsdale Street commenced on 1 July 2019. Quarterly surveys are programmed for Lonsdale</p>

12/08/19 CQT11	Cr Matthew Kirwan	<p>Urban Street Strategy & Tree Planting. <u>Part (b) of original question:</u> Since the introduction of the New Street Tree Strategy, what percentage has our canopy cover increased or decreased by?</p> <p><u>Followup question</u> Just to clarify part (b), my understanding of the Strategy was that there would be an update on the canopy cover increase or decrease every two years when there is a review of the Strategy every two years but I am happy for that to be taken on notice and discuss it further.</p>	Director Engineering Services	20/08/19	<p>Street to collect appropriate data to compare the new usage patterns to previous ones. An activity centre-wide survey is also planned for March 2020. The quantitative results of this survey information along with some qualitative data from trader and customer intercept surveys will be presented to Council prior to the end of the trial period.</p> <p>Anecdotal observations suggested increased activity, the extent of which will be confirmed once the survey data is available.</p> <p>COMPLETED</p>
					<p>Initial Response: In response to part (b) on tree canopy, what we do is, we measure that every 10th year in accordance with our performance monitoring and review which is outlined on page 36 of the Urban Tree Strategy 2018-2028. We do not have a current figure on that but we will be monitoring that every 10 years in accordance with our performance monitoring.</p> <p>Further response provided 20/08/19: It is not proposed to report on canopy cover every two years. The next canopy cover assessment is designed to measure the success of our tree planting program at a snapshot in time. A 10 year period will allow for trees to grow over this timeframe, after which a canopy assessment can be conducted in order to provide a meaningful measurement of the Strategy's effectiveness.</p>

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Completion	Summary of Response
12/08/19 CQT23	Cr Tim Dark	<p>Proposed Lease Conditions for Silverleaf Ward Tennis Club</p> <p>On Sunday, I had a conversation with the Heritage Tennis Club in Silverleaf or what I believe it is and they presented me a copy of the lease which is being proposed to them by the City of Greater Dandenong including a cover letter into the issues that have been raised. This was a referral from one of the tennis clubs in Paperbark Ward and also the Keysborough Tennis Club has been another active contributor of this. I note that in the leases that we have proposed, the cover letter has not detailed any consultation process with any of the clubs. I also noted that on page 27 of 46 item 15.2.1, it must ensure that it has at least 10 playing members per court at all times to maintain membership and this question can be taken on notice, if a club has four courts, of course they are then required to have a minimum total of 40 playing members and that excludes social members. That has been raised as a deep concern by the Springvale South Tennis Club and also by Heritage Tennis Club. I also raise item No.18.2 of the lease which says that it must ensure that all facilities comprising of four of more tennis courts, a minimum of one court is to be available at all times for casual use, however where such demand necessitates a reduction in this provision, Council and the public must be provided</p>	Director Community Services	21/08/19	<p>there are not approximately 150 properties, the letters go to both the owner and the occupier. COMPLETED</p> <p>Initial Response: I will take that question on notice.</p> <p>Further Response provided 21/08/19: All the Tennis Clubs in the City of Greater Dandenong (CGD) were provided with a new draft Tennis Lease Agreement on 11 July 2019 and asked to contact Council to arrange a suitable meeting time to discuss any concerns over a 4 week consultation period.</p> <p>The Draft lease was developed with input from Tennis Victoria, the peak body for the sport.</p> <p>Special Condition 15.2.1 - The club will be required to have 10 playing members per court at all times.</p> <p>This clause was entered to justify the clubs lease of the courts and to show Council that they are engaging the community and providing a service to CGD residents. A conservative minimum number of 10 members per court acknowledges that the club is providing a relevant purpose in utilising this asset. It also provides Council officers an understanding if the club is not meeting this minimum requirement that they may need assistance in club governance or promotion to achieve this.</p>

4 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Date of Council Meeting	Question Asked By	Subject & Summary of Question	Responsible Officer	Date of Completion	Summary of Response
		<p>a minimum of 14 days advance notice of this time.</p> <p>The clubs have also raised with me concerns that they are unsure exactly how many games are going to be filled and how many players each team is going to be providing and if they are having a championship or a game day where they have interclub games, there will be a very, very rare occasion where there will be a spare court available for casual use. The one that was raised the most with me was item No.19 which is facility replacement and improvements; item 19.1 - that the sinking fund is to be established for the replacement and improvements to the premises and within one month of the commencement date of the lease, the lessee shall open or cause to open an interest bearing bank account in joint names of the lessee and Council to be known as the facility replacement and improvements funds account. This has actually set a lot of tennis clubs alarm bells ringing because it is the first time that I am aware of, that we are establishing a sinking fund in the City of Greater Dandenong in demanding the clubs put money aside to rejuvenate something which Councils are taking peer access in. I will provide a copy of this lease to the relevant director and if those questions can be taken on notice and responded to, that would be great.</p>			<p>Clubs will not be removed from facilities if they do not have this number of members and it is a flag for officers to do further development work with them.</p> <p>Special Condition 18.2 - All Tennis facilities with 4 or more courts will be required to have one court available for casual use.</p> <p>If the club has a tournament or an event which will require the use of all courts, the club can request an exemption from this but must provide Council with 14 days' notice. This is to ensure the community can also avail of the assets without having to be a member of the club. This encourages physical activity and promotion of the sport within the community without putting the financial burden on CGD residents to become members of a club to play tennis. Club membership can prove to be a common barrier to engaging in physical activity within our community.</p> <p>Special Condition 19.2 - This special condition will require all clubs to maintain a sinking fund.</p> <p>The sinking fund contribution is not outlined in the agreement as it is something officers wanted to speak to each club about individually. All clubs would ideally be setting aside funds for this purpose as under a lease agreement the club has exclusive use</p>

		and that is a requirement of all City of Greater Dandenong tennis clubs. If Mr Fidler could chase up those, that would be great.			COMPLETED

At the Ordinary meeting of Council on Monday, 24 March 2014, Council resolved to change the way Councillors and Public questions taken on notice are answered and recorded from 14 April 2014 meeting of Council onwards.

5 QUESTION TIME - PUBLIC

Question

Michelle Black, Dandenong North

My thanks go to the Council for responding to my question put to Council at the meeting on 8 July 2019. It is pleasing to know that Council has an action plan, a policy regarding overall waste management. As an individual, I cannot make a massive difference to the problem, so I chose to address a specific area where I can see some changes should be made that would make an improvement. I address my following comments and questions to the Council and the Sustainability Committee. I phoned 12 florists in the area and found that although they separate their paper and cardboard, all other green waste and plastic goes into the general rubbish bin destined to landfill. This is a waste of green resource. I am a florist and I know most flower shops fill one or two big bins every day.

(1) Can Council give small floristry businesses incentive to sort their waste by providing them with more bins at no extra cost or a much reduced cost? At Parkmore and Waverley Gardens Shopping Centres the fruit, vegetable and florist green wastes all go into dumpers along with the general plastic and rubbish, only cardboard and paper are sorted.

(2) How can Council affect a change to the way green waste is handled at the shopping centres? Is there regulation in place that provides guidelines to centre management, rubbish contractors and finally the traders?

(3) Regarding the organic waste generated at Dandenong Market, I spoke to an officer there who should be congratulated for the systems in place. All usable good quality fruit and vegetables go to organisations such as SecondBite. All other organic waste is sorted by the traders and is donated.

Response

Charles Taveira, Acting Director Engineering Services

In response to Part 1 of the question, Council does not provide a collection service to businesses. Businesses are required to access a private service provider at this point in time. Businesses who recycle not only have the opportunity to favourably market their business as environmentally responsible, but they can also reduce their operational costs, as landfill charges generally exceed the cost to recycle.

For Part 2 of the question, most large-scale shopping centres have space allocated to waste and recycling, separation and transfer. In the case of Dandenong Market, the waste and recycling transfer area is used to separate waste and recyclables into their separate streams, place them into their respective bins and transfer them to the appropriate contractor for disposal, recycling or reuse as the questioner has indicated. There are no regulations in place to drive this behaviour, however Council's Economic Development Unit provides a great deal of support to the business centre, which includes guidance with suitable waste and recycling practices, as well as promoting reuse of the materials between businesses.

I believe Part 3 is more a statement than a question.

5 QUESTION TIME - PUBLIC (Cont.)

Question

Eric, Dandenong

In February 2019, the Victorian State Government released a Local Government Inspectorate report entitled "Protecting Integrity: Leading the way. Managing the employment cycle of a council CEO". What is Dandenong Council's implementation for that?

Response

Mick Jaensch, Director Corporate Services

We have been aware of the contents of that report since it was released in February 2019 and pleasingly, this Council does beat most of the best practice examples that were contained in that report. Council will be mindful of the contents of that report as we move towards any future employment cycle.

Question

Phiny Ung, Springvale South

I drive each day past this huge new building getting built behind the Springvale Library. How much is the building going to cost, what will it be called, what different activities for the community will be held in the building?

Response

Martin Fidler, Director Community Services

I thank Mr Ung for the question. We are very excited about this project. The entire project - Stage 1 and 2 including the Springvale City Hall and Supper Room is approximately \$50 million. The naming of the building is in process and still to be decided, however we believe a decision will be made in the next few months. The new building is predominantly a new library and will also include other services such as the Historical Society, exhibition spaces, general purpose community meeting rooms and a customer service centre, as well as amazing landscaped areas for all sorts of activities. I encourage Mr Ung to have a look at Council's website which is updated constantly. It provides further information regarding this project, including a link to frequently asked questions, a short video and lots of photographs.

5 QUESTION TIME - PUBLIC (Cont.)

Question

Ace Vass, Springvale South

(1) Why isn't Clause 55 as it relates to the impacts on adjoining properties' privacy and amenities being observed in this planning permit, that is the permit that was considered earlier this evening, relating to the site at 173 Clarke Road, Springvale South?

(2) Could Councillors please acknowledge with a show of hands that my two emails sent to all Councillors have been received and read?'

Comment

John Bennie PSM, Chief Executive Officer

For the second part, I should say that Council's Meeting Procedure Local Law offers no opportunity for engagement of the type requested and I propose that the questioner asks Councillors individually whether they have received the email.

Response

Brett Jackson, Acting Director City Planning, Design and Amenity

Clause 55 is a statewide provision included in every planning scheme across Victoria. Clause 55 was designed specifically to deal with dwelling developments, for residential dwelling developments across Victoria and hence is the guideline that is used for that type of development. This application itself is actually a residential retirement village proposal, a different type of accommodation to that which Clause 55 deals with. That said, we do use the relevant objectives and standards of Clause 55 when we are considering these applications as a guideline in determining whether they are appropriate or not. That is the case in this instance.

6 URGENT BUSINESS

Nil.

The meeting closed at 8.32PM.
