1 MEETING OPENING

1.1 ATTENDANCE

Apologies

Nil.

Councillors Present

Cr Angela Long (Chairperson)

Cr Tim Dark, Cr Lana Formoso, Cr Eden Foster, Cr Rhonda Garad, Cr Richard Lim, Cr Jim Memeti, Cr Bob Milkovic, Cr Sean O'Reilly, Cr Sophie Tan, Cr Loi Truong.

Officers Present

John Bennie PSM, Chief Executive Officer, Jody Bosman, Director City Planning, Design and Amenity, Jim Davine, Acting Director Community Services, Paul Kearsley, Director Business, Engineering and Major Projects, Kylie Sprague, Executive Manager Communications and Customer Service, Michelle Hansen, Executive Manager Finance and Information Technology, Lisa Roberts, Manager Governance.

1.2 ACKNOWLEDGEMENT OF TRADITIONAL OWNERS OF THE LAND

Council acknowledges and pays respect to the past, present and future Traditional Owners and Elders of this nation and the continuation of cultural, spiritual and educational practices of Aboriginal and Torres Strait Islander peoples.

ANNOUNCEMENT BY THE MAYOR

Before we go any further, I would like to apologise to the members of our community who would have liked to attend the meeting tonight. Due to the logistics of social distancing requirements, we made the call to close the meeting to the public tonight but we do hope, our next meeting will be open to you. Thank you.

1.3 OFFERING OF PRAYER

Deputy Mayor, Cr Sophie Tan read the following prayer provided prior to the meeting by Roz Blades AM from the Jewish Community, a member of the Greater Dandenong Interfaith Network:

" Shalom! We pray for all of those who are here this evening. Although there are differences in thought and belief divide us let us pursue the love of truth. Strengthen the spirit of friendship amongst people of all faiths and increase mutual understanding between us all. We look to a time when greater knowledge shall bind all who serve and your word shall bind us all into the one holy fellowship. Let us all work together to be gentle and the strength to be forgiving, the patience to be understanding and the endurance to accept the consequences of holding to what we believe to be right. May we put our trust in the power of good and the power of love to overcome hatred. Let us all believe in a world emancipated from violence where fear shall no longer lead to injustice. Let us look to a time when greater knowledge shall bind us all into one fellowship. Shalom Aleichem."

1.4 CONFIRMATION OF MINUTES OF PREVIOUS MEETING

Meeting of Council held 15 June 2021.

Recommendation

That the minutes of the Meeting of Council held 15 June 2021 be confirmed.

MINUTE 186

Moved by: Cr Rhonda Garad

Seconded by: Cr Lana Formoso

That the minutes of the Meeting of Council held 15 June 2021 be confirmed.

CARRIED

1.5 DISCLOSURES OF INTEREST

Nil.

2 OFFICERS' REPORTS - PART ONE

2.1 DOCUMENTS FOR SEALING

2.1.1 Documents for Sealing

| | |
|----------------------|--------------------|
| File Id: | A2683601 |
| Responsible Officer: | Manager Governance |

Report Summary

Under the Victorian Local Government Act, each Council is a body corporate and a legal entity in its own right. Each Council must therefore have a common seal (like any corporate entity) that is an official sanction of that Council.

Sealing a document makes it an official document of Council as a corporate body. Documents that require sealing include agreements, contracts, leases or any other contractual or legally binding document that binds Council to another party.

Recommendation Summary

This report recommends that the listed documents be signed and sealed.

2.1.1 Documents for Sealing (Cont.)

Item Summary

There are two [2] items being presented to Council's meeting of 28 June 2021 for signing and sealing as follows:

1. A letter of recognition to Mesake Keni, Business, Engineering and Major Projects Services for 10 years of service to the City of Greater Dandenong; and
2. A letter of recognition to Lisa Berta, Corporate Services for 20 years of service to the City of Greater Dandenong.

Recommendation

That the listed documents be signed and sealed.

MINUTE 187

Moved by: Cr Loi Truong
Seconded by: Cr Sophie Tan

That the listed documents be signed and sealed.

CARRIED

2.2 DOCUMENTS FOR TABLING

2.2.1 Petitions and Joint Letters

| | |
|----------------------|-----------------------------|
| File Id: | qA228025 |
| Responsible Officer: | Manager Governance |
| Attachments: | Petitions and Joint Letters |

Report Summary

Council receives a number of petitions and joint letters on a regular basis that deal with a variety of issues which have an impact upon the City.

Issues raised by petitions and joint letters will be investigated and reported back to Council if required.

A table containing all details relevant to current petitions and joint letters is provided in Attachment 1. It includes:

1. the full text of any petitions or joint letters received;
2. petitions or joint letters still being considered for Council response as pending a final response along with the date they were received; and
3. the final complete response to any outstanding petition or joint letter previously tabled along with the full text of the original petition or joint letter and the date it was responded to.

Note: On occasions, submissions are received that are addressed to Councillors which do not qualify as petitions or joint letters under Council's current Governance Rules. These are also tabled.

2.2.1 Petitions and Joint Letters (Cont.)

Petitions and Joint Letters Tabled

Council received no new petitions and no joint letters prior to the Council Meeting of 28 June 2021.

N.B: Where relevant, a summary of the progress of ongoing change.org petitions and any other relevant petitions/joint letters/submissions will be provided in the attachment to this report.

Recommendation

That this report and Attachment be received and noted.

MINUTE 188

Moved by: Cr Eden Foster

Seconded by: Cr Richard Lim

That this report and Attachment be received and noted.

2.3 STATUTORY PLANNING APPLICATIONS

2.3.1 Planning Decisions Issued by Planning Minister's Delegate - May 2021

File Id: qA280444
Responsible Officer: Director City Planning Design & Amenity

Report Summary

This report provides Council with an update on the exercise of delegation by Planning Minister's delegate.

No decisions were reported for the month of May 2021.

Recommendation

That the report be noted.

MINUTE 189

Moved by: Cr Jim Memeti
Seconded by: Cr Richard Lim

That the report be noted.

CARRIED

2.3.2 Planning Delegated Decisions Issued - May 2021

| | |
|----------------------|--|
| File Id: | qA280 |
| Responsible Officer: | Director City Planning Design & Amenity |
| Attachments: | Planning Delegated Decisions Issued – May 2021 |

Report Summary

This report provides Council with an update on the exercise of delegation by Council officers.

It provides a listing of Town Planning applications that were either decided or closed under delegation or withdrawn by applicants in May 2021.

It should be noted that where permits and notices of decision to grant permits have been issued, these applications have been assessed as being generally consistent with the Planning Scheme and Council's policies.

Application numbers with a PLA#, PLN#.01 or similar, are applications making amendments to previously approved planning permits.

The annotation 'SPEAR' (Streamlined Planning through Electronic Applications and Referrals) identifies where an application has been submitted electronically. SPEAR allows users to process planning permits and subdivision applications online.

Recommendation

That the items be received and noted.

MINUTE 190

Moved by: Cr Sophie Tan
Seconded by: Cr Rhonda Garad

That the items be received and noted.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521)

| | |
|----------------------|---|
| File Id: | 178550 |
| Responsible Officer: | Director City Planning Design & Amenity |
| Attachments: | Submitted Plans Location of Objectors Clause 22 Assessment Clause 52.06 Assessment Clause 55 Assessment |

Application Summary

| | |
|-------------------|---|
| Applicant: | WestUrban |
| Proposal: | Development of the land for four (4) double storey dwellings and the creation of access to a road in a Road Zone Category 1 |
| Zone: | General Residential Zone - Schedule 3 |
| Overlay: | Nil |
| Ward: | Noble Park |

This application has been brought to a Council meeting as it has received two (2) objections.

The application proposes the development of the land for four (4) double storey dwellings and the creation of access to a road in a Road Zone Category 1.

A permit is required pursuant to:

- Clause 32.08-6 (General Residential Zone) to construct two (2) or more dwellings on a lot; and
- Clause 52.29 (Land Adjacent to a Road Zone, Category 1, or a Public Acquisition Overlay for a Category 1 Road) to create or alter access to a road in a Road Zone Category 1.

Objectors Summary

The application was advertised to the surrounding area through the erection of a notice on-site and the mailing of notices to adjoining and surrounding owners and occupiers. Two (2) objections were received to the application. Issues raised generally relate to matters of:

- Overshadowing;
- Overlooking;

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- Development close to objectors' properties; and
- Increased noise from garages close to objectors' properties and fears of cars 'ploughing' through bedroom.

Assessment Summary

The subject site is well suited for medium density housing given the subject sites location within close proximity to the Noble Park Activity Centre, as well as public transport routes.

The development is considered to be respectful of the neighbourhood character by providing sufficient setbacks from the side and rear boundaries to allow for a reasonable level of landscaping to occur. The use of varying building materials and finishes to the external walls and staggered setbacks provides a level of articulation breaking up the visual appearance of built form when viewed from the streetscape and adjoining residential properties first floors are well recessed allowing for a suitable transition from neighbouring properties.

Recommendation Summary

As assessed, officers consider this proposal to be generally compliant with all of the relevant provisions of the Greater Dandenong Planning Scheme. All grounds of objection have been considered, and officers are of the view that on balance the proposal's degree of compliance with the Planning Scheme justifies that the application should be supported and that a **Notice of Decision** (which provides appeal rights to objectors) to grant a permit be issued containing the conditions as set out in the recommendation. If the application was to be appealed to VCAT, it is the officer's view that it is highly likely that VCAT would also issue a planning permit for this proposal.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Subject Site and Surrounds

Subject Site

The subject site is a rectangular shaped allotment located on the southern side of Heatherton Road in Noble Park. The lot has a northern frontage to Heatherton Road of 17.37 metres and depth of 53.34 metres.

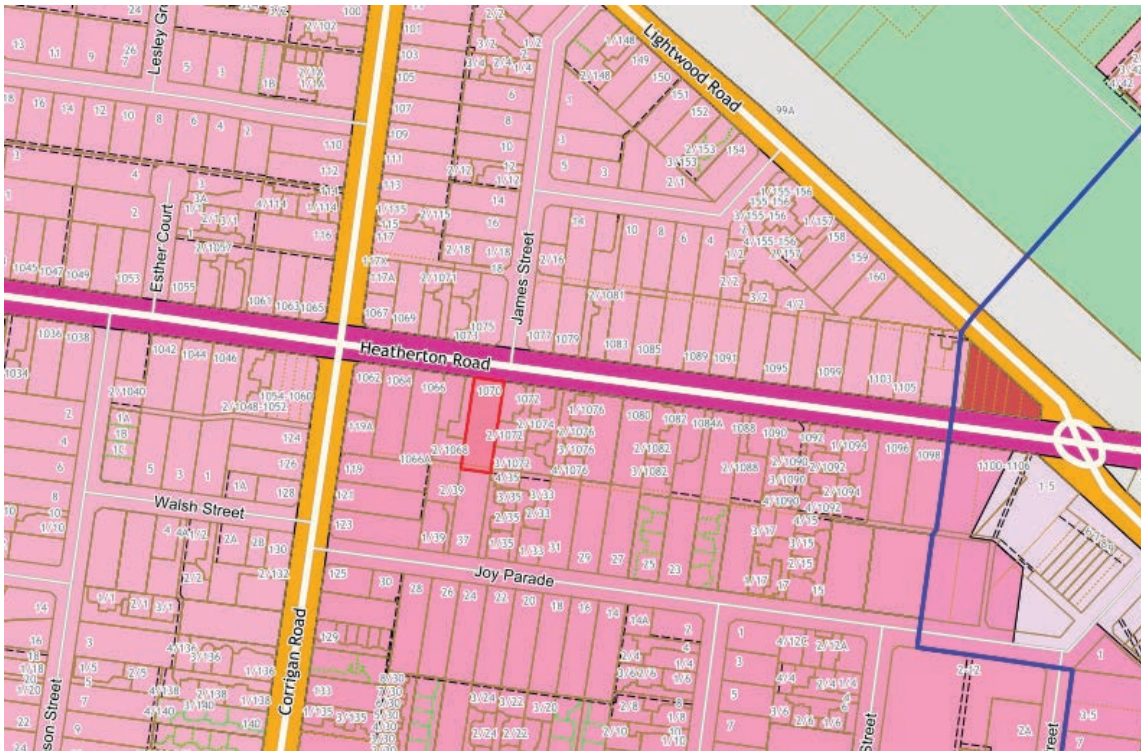

- Total lot size: 926.4sqm.
- The site is currently developed with a single storey dwelling and associated outbuildings (proposed to be demolished).
- Access to the site is currently via a single crossover adjacent to the north-eastern side of the frontage.
- The site is devoid of any significant vegetation.
- There are no easements.

Surrounding Area

- The directly adjoining and surrounding properties are residential (within the General Residential Zone – Schedule 3).
- To the east directly adjoining property, is developed with three double storey dwellings with shared access to the south.
- To the west directly adjoining property, the site is developed with two single storey dwellings.
- To the south (rear) directly adjoining property, the site is developed with a single dwelling, single storey in height.
- To the north (front) the site adjoins Heatherton Road which is a Road Zone Category 1. Directly opposite the site on the corners of James Street and Heatherton Road is a single storey building developed and used as a medical centre.
- Noble Park train station and activity centre is located approximately 600 metres to the south-east.
- Heatherhill Primary School is located approximately 900 metres to the north-west of the subject site.
- Noble Park Primary School is located 740 metres to the south-east and Noble Park Secondary College is located 1.3 kilometres towards the south-east of the site.

An aerial map of the site and surrounding properties is provided below (November 2020):

Background

Previous Applications

A search of Council records revealed the following previous applications have been considered for the subject site.

- Planning Application PLN09/0806 was lodged on 4 December 2009 for the construction of four (4) double storey dwellings and alteration of access to a road in a Road Zone Category 1. The application was withdrawn.
- Planning Permit PLN10/0713 was issued on 15 August 2011 for the construction of four (4) double storey dwellings and alteration of access to a road in a Road Zone Category 1. An extension of time was granted on 30 July 2013 allowing the development to commence by 15 August 2015 or completed by 15 August 2017. The development has not commenced, and the permit has expired.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Application history

This application initially proposed the development of the land for five (5) double storey dwellings and creation of access to a road in a Road Zone Category 1. The site was within a Residential Growth Zone – Schedule 1 at the time the application was submitted. Units 1 and 5 were proposed to have ground floor living whilst Units 2, 3 and 4 were reverse living (living room and kitchen at first floor accessible to a balcony). The application was advertised on 13 February 2020 and no objection was received.

At the end of the application process, Amendment C213 was adopted. The Amendment rezoned the land from Residential Growth Zone – Schedule 1 to General Residential Zone – Schedule 3. The applicant was advised that the application would not be supported due to General Residential Zone – Schedule 3 which seek ground floor living areas.

The applicant submitted modified plans on 18 September 2020 to develop the land for four (4) double storey dwellings, all with ground floor living areas.

The application was re-advertised and two (2) objections were received.

Proposal

The application proposes the development of four (4) double storey dwellings and the creation of an accessway to a road in a Road Zone Category 1.

The details of the proposal are as follows:

| | | | | |
|---|--|--------------------|---------------------|--------------------|
| Type of proposal | Multi dwellings | | | |
| Number of dwellings | Four (4) | | | |
| Levels | All double storey | | | |
| Height | The proposed development would have a maximum building height of 7.8 metres | | | |
| Orientated to | <ul style="list-style-type: none">• Dwelling 1 would be orientated to Heatherton Road• Dwellings 2 to 4 would be orientated to the internal driveway. | | | |
| External materials | Bricks and render on the ground floor. Light weight rendered finished on the first floor. | | | |
| Minimum setbacks (encompasses all dwellings) | North (front) | East (side) | South (rear) | West (side) |
| | 5m | 3m to 4.7m | 3.05m | 1.5m to 11.2m |
| | 6m (approx.) | 3.4m to 4.9m | 3.59m | 3.6m to 5m |

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)
Type of proposal **Multi dwellings**

Open space type Each dwelling would be provided with a minimum of 40sqm of private open space with one part comprising secluded private open space with a minimum area of 25sqm and a minimum dimension of 3m.

The areas of private open spaces for the dwellings are as follow (in square metres):

| Dwelling No. | Ground floor private open space (sqm) | Ground floor secluded private open space (sqm) | Total (sqm) |
|---------------------|--|---|--------------------|
| 1 | 63.2 | 25.4 | 88.6 |
| 2 | N/A | 40.3 | 40.3 |
| 3 | N/A | 40.3 | 40.3 |
| 4 | N/A | 71.5 | 71.5 |

Number of Car parking Spaces provided

A total of eight (8) car parking spaces would be provided for the dwellings.

The following table set out the number of car spaces required and provided for each dwelling:

| Dwelling No. | Number of car spaces required | Number of car spaces provided |
|---------------------|--------------------------------------|--|
| 1 | 2 (4 bedrooms) | 2 (single garage and tandem car space) |
| 2 | 2 (4 bedrooms) | 2 (single garage and tandem car space) |
| 3 | 2 (4 bedrooms) | 2 (single garage and tandem car space) |
| 4 | 2 (4 bedrooms) | 2 (single garage and tandem car space) |

Number of car parking spaces required

One (1) car parking space is required for each one or two bedroom dwelling and two (2) car parking spaces is required for each three or more bedroom dwelling. One (1) common visitor parking space is required for every five (5) dwellings.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Type of proposal Multi dwellings

A total of eight (8) car parking spaces are required, comprising two (2) car spaces for each dwelling.

The number of car spaces provided for the residents complies with Clause 52.06 (Car parking).

No visitor car space is required or provided as less than five (5) dwellings are proposed.

Type of car parking Each dwelling is provided with at least one (1) under-cover car parking space.

Access Access to the site is proposed via a new 3 metre wide crossover from the north-western frontage of the site from Heatherton Road. The existing crossover at the north-eastern frontage of the site from Heatherton Road would be removed. The new accessway will provide access to the shared common driveway for all proposed dwellings.

Front Fence No front fence is proposed.

Garden area required Not applicable.

Garden area is exempted by the General Residential Zone – Schedule 3.

Garden area provided Not applicable.

A copy of the submitted plans is included as Attachment 1.

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Financial Implications

No financial resources are impacted by this report.

Planning Scheme and Policy Frameworks

Pursuant to the Greater Dandenong Planning Scheme, a planning permit is required under:

- Clause 32.08-6 (General Residential Zone) to construct two (2) or more dwellings on a lot; and
- Clause 52.29 (Land Adjacent to a Road Zone, Category 1, or a Public Acquisition Overlay for a Category 1 Road) to create or alter access to a road in a Road Zone Category 1.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

The relevant controls and policies are as follows:

Zoning Controls

The subject site is located in a General Residential Zone Schedule 3, as is the surrounding area.

The purpose of the General Residential Zone outlined at Clause 32.08 is:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To encourage development that respects the neighbourhood character of the area.*
- *To encourage a diversity of housing types and housing growth particularly in locations offering good access to services and transport.*
- *To allow educational, recreational, religious, community and a limited range of other non-residential uses to serve local community needs in appropriate locations.*

Pursuant to Clause 32.08-6 (General Residential Zone), a permit is required to develop the land for two or more dwellings on a lot.

The subject site adjoins Heatherton Road to the north which is a Road Zone Category 1.

The purpose of Clause 52.29 – Land Adjacent to a Road Zone, Category 1, or a Public Acquisition Overlay for a Category 1 Road is:

- *To ensure appropriate access to identified roads.*
- *To ensure appropriate subdivision of land adjacent to identified roads*

Pursuant to Clause 52.29-2 a permit is required to create access to a road in a Road Zone Category 1.

Pursuant to Clause 52.29-4 an application to create access to land adjacent to a Road Zone Category 1 must be referred to the Roads Corporation (Head, Transport for Victoria) under Section 55 of the Act.

Overlay Controls

No overlays affect the subject site or surrounding area.

Planning Policy Framework

The objectives of Planning in Victoria are outlined in Section 4 of the *Planning and Environment Act 1987* as:

(a) To provide for the fair, orderly, economic and sustainable use, and development of land.

(b) To provide for the protection of natural and man-made resources and the maintenance of ecological processes and genetic diversity.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

(c) To secure a pleasant, efficient and safe working, living and recreational environment for all Victorians and visitors to Victoria.

(d) To conserve and enhance those buildings, areas or other places which are of scientific, aesthetic, architectural or historical interest, or otherwise of special cultural value.

(e) To protect public utilities and other facilities for the benefit of the community.

(f) To facilitate development in accordance with the objectives set out in paragraphs (a), (b), (c), (d) and (e).

(fa) to facilitate the provision of affordable housing in Victoria.

(g) To balance the present and future interests of all Victorians.

In order to achieve those objectives, there are a number of more specific objectives contained within the Planning Policy Framework that are relevant to this application.

Clause 11 Settlement states that planning is to anticipate and respond to the needs of existing and future communities through provision of zoned and serviced land for housing, amongst others.

Managing growth is the focus of **Clause 11.02** which includes an objective that aims to ensure a sufficient supply of land is available for residential development, which is relevant to the current application.

Clause 15 Built environment and heritage seeks to ensure that planning achieves high quality urban design and architecture that meets a number of objectives. The following objectives are of relevance to the current application:

- *To create urban environments that are safe, healthy, functional and enjoyable and that contribute to a sense of place and cultural identity.*
- *To achieve building design outcomes that contribute positively to the local context and enhance the public realm.*
- *To recognise, support and protect neighbourhood character, cultural identity, and sense of place.*
- *To encourage land use and development that is energy and resource efficient, supports a cooler environment and minimises greenhouse gas emissions.*

Housing is the focus of **Clause 16** and includes the following provisions:

- *To facilitate well-located, integrated and diverse housing that meets community needs.*
- *To deliver more affordable housing closer to jobs, transport and services.*

There are a number of objectives of relevance to the current application under **Clause 18 Transport** including the following:

- *To create a safe and sustainable transport system by integrating land-use and transport.*

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- *To promote the use of sustainable personal transport.*
- *To integrate planning for cycling with land use and development planning and encourage as alternative modes of travel.*

Local Planning Policy Framework

The Local Planning Policy Framework (LPPF) includes the Municipal Strategic Statement (MSS) and Local Policies.

The MSS is contained within Clause 21 of the Scheme. The MSS at **Clause 21.02** focuses on the **Municipal Profile**, within which the following is noted:

- *There is considerable diversity within Greater Dandenong's housing stock. Most housing stock is aged between 30 to 50 years old, though there are some areas with dwellings in excess of 100 years old. Areas of newer housing are located in the north-east and central-southern areas, with in-fill development occurring across the municipality (Clause 21.02-3).*
- *Higher density housing is generally located in proximity to railway stations and major shopping centres, in particular in central Dandenong (Clause 21.02-3).*
- *Whilst there is a clear pre-dominance of single detached dwellings, there are a range of other types of dwellings including dual occupancies, villa-units, town houses and apartments. The highest concentration of older villa units and apartments and more recent multi-unit redevelopments have occurred around central Dandenong, Springvale and Noble Park activity centres (Clause 21.02-4).*
- *With diverse cultural groups that call Greater Dandenong home, there are certain distinct precincts that are emerging that have their own character. Their built form is characterised by buildings with flat unarticulated facades, prominent balconies, limited frontage/side setbacks, limited or no landscaping (Clause 21.02-4).*

A **Vision for Greater Dandenong** is outlined at **Clause 21.03**. The vision is that Greater Dandenong will be a municipality where housing diversity and choice is promoted in its various attractive neighbourhoods.

The objectives and strategies of the MSS are under four (4) main themes including: land use; built form; open space and natural environment; and, infrastructure and transportation (considered individually under Clauses 21.04 to 21.07). Of particular relevance to this application are Clauses 21.04 – Land Use and 21.05 – Built Form:

Clause 21.04-1 Housing and community

- *Greater Dandenong's population is expected to rise by 22 percent, from 147,000 to 179,000 in the decade to 2024, placing pressure on transport networks, infrastructure, services and public open space.*
- *Approximately 9,950 new households will need to be accommodated across the municipality by 2024 (Greater Dandenong Housing Strategy 2014-2024).*

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- *Supporting urban consolidation and providing housing in existing areas close to activity centres means that people do not need to travel as far to work, shop or to take part in sports/leisure activities thus reducing the environmental impacts of transport.*
- *Increases in housing density must be balanced by adequate provision of open space, good urban design and improvements to the public realm.*
- *Encourage the provision of housing that is adaptable to support the needs of the changing needs of present and future residents.*
- *Encourage innovative redevelopment and renewal of deteriorating housing stock and older styled higher-density apartments and multi-unit developments.*
- *Encourage new residential development that incorporates adequate space for the planting and the long term viability and safe retention of canopy trees.*
- *Respect the valued, existing neighbourhood character within incremental and minimal change areas.*
- *Requiring medium-density developments to be site and locality responsive and to respect existing and proposed neighbourhood character.*

Clause 21.05-1 – Urban design, character, streetscapes and landscapes – contains the following relevant objectives and strategies:

- *To facilitate high quality building design and architecture.*
 - *Ensure building design is consistent with the identified future character of an area and fully integrates with surrounding environment.*
 - *Encourage high standards of building design and architecture, which allows for flexibility and adaptation in use.*
 - *Encourage innovative architecture and building design.*
 - *Encourage development to incorporate sustainable design elements that enhance occupant comfort and environmental performance.*
- *To facilitate high quality development, which has regard for the surrounding environment and built form.*
 - *Promote views of high quality landscapes and pleasing vistas from both the public and private realm.*
 - *Promote all aspects of character – physical, environmental, social and cultural.*
 - *Encourage planting and landscape themes, which complement and improve the environment.*
 - *Encourage developments to provide for canopy trees.*
 - *Recognising valued existing neighbourhood character and promoting identified future character as defined in the Residential Development and Neighbourhood Character Policy at Clause 22.09.*

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- *To protect and improve streetscapes*
 - *Ensure that new developments improve streetscapes through generous landscape setbacks and canopy tree planting.*
 - *Ensure landscaping within private property that complements and improves the streetscapes and landscaping of public areas.*
- *To ensure landscaping that enhances the built environment*
 - *Encourage new developments to establish a landscape setting, which reflects the local and wider landscape character.*
 - *Encourage landscaping that integrates canopy trees and an appropriate mix of shrubs and ground covers and complements and integrates with existing or proposed landscaping in public areas.*

Clause 22.09 – Residential Development & Neighbourhood Character Policy – contains the following objectives at Clause 22.09-2:

- *To guide the location and design of different types of residential development within Greater Dandenong, having regard to State and local planning policies, while respecting the valued characteristics and identified future character of residential neighbourhoods.*
- *To ensure that new residential development is consistent with the identified future character and preferred built form envisaged for the three Future Change Areas.*
- *To provide certainty about which areas are identified for, or protected from, increased residential development consistent with the purpose of the applicable zone.*
- *To facilitate high quality, well designed residential development and on-site landscaping.*
- *To promote a range of housing types to accommodate the future needs of the municipality's changing population.*
- *To ensure that residential development uses innovative, responsive and functional siting and design solutions that:*
 - *Achieve high quality internal amenity and private open space outcomes for future residents;*
 - *Make a positive contribution to the streetscape through quality design, contextual responsiveness and visual interest;*
 - *Promote public realm safety by maximising passive surveillance.*
 - *Demonstrate responsiveness to the site, adjoining interfaces, streetscape and landscape context;*
 - *Respect the amenity of adjoining residents and the reasonable development potential of adjoining properties;*

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- *Achieve environmentally sustainable design outcomes;*
- *Use quality, durable building materials that are integrated into the overall building form and façade; and*
- *Minimise the visual dominance of vehicle accessways and storage facilities, such as garages, car ports and basement entrances.*

Clause 22.09-3.1 (Design Principles) provides design principles, which apply to all Future Change Areas.

Clause 22.09-3.3 (Incremental Change Areas) provides design principles, some of which also relate to the variances to the requirements of standards to Clause 55 under the schedule to the General Residential Zone. The guidelines consider matters such as: housing form; height; bulk & built form; and site design.

An assessment against Clause 22.09 is included as Attachment 3 to this report.

Particular Provisions

Car Parking (Clause 52.06)

Clause 52.06 Car Parking needs to be considered to determine the appropriateness of the car parking provision of the development. The purpose of this Clause is:

- *To ensure that car parking is provided in accordance with the Municipal Planning Strategy and the Planning Policy Framework.*
- *To ensure the provision of an appropriate number of car parking spaces having regard to the demand likely to be generated, the activities on the land and the nature of the locality.*
- *To support sustainable transport alternatives to the motor car.*
- *To promote the efficient use of car parking spaces through the consolidation of car parking facilities.*
- *To ensure that car parking does not adversely affect the amenity of the locality.*
- *To ensure that the design and location of car parking is of a high standard, creates a safe environment for users and enables easy and efficient use.*

The table at Clause 52.06-5 notes that a dwelling with 1 or 2 bedrooms requires 1 car space and a dwelling with 3 or more bedrooms requires 2 spaces to each dwelling. 1 visitor car space is required for visitors to every 5 dwellings for developments of 5 or more dwellings.

Clause 52.06-5 (Car parking – Number of car spaces required under Table 1) also requires that if in calculating the number of car parking spaces the result is not a whole number, the required number of car parking spaces is to be rounded down to the nearest whole number.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

A total of eight (8) car parking spaces are required comprising two (2) car spaces for each three-bedroom dwelling. Each dwelling would have four (4) bedrooms and would be provided with two (2) car spaces with one (1) undercover car space. The number of car spaces for the residents comply.

No visitor car space is required or provided.

Car parking is to be designed in accordance with the requirements of Clause 52.06-9 and 52.06-11 of the Scheme.

An assessment against Clause 52.06 is included as Attachment 4 to this report.

Land Adjacent to a Road Zone, Category 1, or a Public Acquisition Overlay for a Category 1 Road

The purpose of this Clause is:

- *To ensure appropriate access to identified roads.*
- *To ensure appropriate subdivision of land adjacent to identified roads.*

An application must be referred to Head, Transport for Victoria.

Two or more dwellings on a lot and residential buildings (Clause 55)

Pursuant to Clause 55 of the Greater Dandenong Planning Scheme, the provisions of this Clause apply to an application:

- *To construct two or more dwellings on a lot.*

The purposes of this clause are:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To achieve residential development that respects the existing neighbourhood character or which contributes to a preferred neighbourhood character.*
- *To encourage residential development that provides reasonable standards of amenity for existing and new residents.*
- *To encourage residential development that is responsive to the site and the neighbourhood.*

A development:

- *Must meet all of the objectives of this clause; and*
- *Should meet all of the standards of this clause.*

If a zone or a schedule to a zone specifies a requirement of a standard different from a requirement set out in this clause, the requirement in the zone or a schedule to the zone applies.

An assessment against Clause 55 is included as Attachment 5 to this report.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

General Provisions

Clause 65 – Decision Guidelines needs to be considered, as is the case with all applications. For this application the requirements of Clause 65.01 for the approval of an application or plan is of relevance. This Clause outlines the requirements that the responsible authority must consider when determining the application.

Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. In accordance with the commitment in Council's Annual Plan, all applications are considered on their merits.

Diversity (Access & Equity)

It is not considered that the proposal raises any diversity issues affecting the planning assessment of this application.

Community Safety

It is considered that there would be no adverse community safety implications in permitting the proposal subject to strict conditions on any planning permit issued.

Safe Design Guidelines

Consideration of the relevant requirements of these Guidelines has been undertaken within the Assessment of this application.

Referrals

External

The application was referred under Clause 52.29-4 (Land Adjacent to a Road Zone, Category 1, or a Public Acquisition Overlay for a Category 1 Road) to Head, Transport for Victoria who has no objection to the proposal, subject to conditions.

Internal

The application was internally referred to the Council departments below for their consideration. The comments provided will be considered in the assessment of the application.

Internal Referrals

| | |
|--------------------|---|
| Civil Development | No objections, subject to conditions on permit. |
| Transport Planning | No objections, subject to conditions on permit. |
| Asset Planning | No objections, subject to conditions on permit. |

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Advertising

The application has been advertised pursuant to Section 52 of the Planning and Environment Act 1987, by:

- Sending notices to the owners and occupiers of adjoining land; and
- Placing a sign on site facing Heatherton Road.

The notification has been carried out correctly.

Council has received two (2) objection's to date.

The location of the objectors / submitters is shown in Attachment 2.

Consultation

Council's guidelines require a consultative meeting where there are four (4) or more objections received. As there are only two (2) objections received, a consultation meeting is not required.

Summary of Grounds of Submissions/Objections

The objections are summarised below (**bold**), followed by the Town Planner's Response (in *italics*).

- **Overshadowing**

The applicant has provided overshadowing diagrams which indicate compliance with the Standard for overshadowing. The neighbouring properties will see a minimal increase in overshadowing resulting from the proposed development. The siting of the development is considered acceptable and the setbacks provided would not cause an unreasonable impact on neighbouring properties.

- **Overlooking**

All first-floor habitable room windows that overlook the adjoining properties would be provided with fixed obscure screening or sill height of 1.7m above finished first floor level to prevent overlooking into neighbouring properties in compliance with Clause 55.04-6 (Overlooking objective). The west facing window of Unit 4's Bed 3 is not required to be screened as it is more than 9m from any habitable room windows or secluded private open spaces of the adjoining properties. Existing boundary fences are sufficient in height (1.8m) to prevent overlooking from the ground floors.

- **Development close to objectors' properties**

It is considered that the proposed development has appropriately responded to the existing site constraints and neighbourhood character through use of appropriate boundary setbacks, building height and proposed external colours and materials which are reflective of other existing residential dwellings within the immediate area.

Whilst there is some level of on boundary development, this is limited to the garage walls with a suitable increase in setbacks to the dwellings which allows for a reasonable transition to the open space areas on adjoining properties.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- **Increased noise from garages close to objectors' properties and fears of cars 'ploughing' through bedroom**

Residential noise associated with a dwelling including noise from residents' vehicles is considered normal and reasonable in an urban setting, and it is not expected that any unreasonable noise would result from the development of these four dwellings.

The potential of cars from the site ploughing through to the adjoining properties is not a planning consideration. Council's Transport Planning Department support the development.

Assessment

The subject site is located within an established residential area and is well suited for the development of medium density housing given that the site is located within easy walking distance of many community facilities and public transport. The proposal also seeks to reduce pressure on the urban fringe by providing four (4) dwellings where previously one (1) existed through the redevelopment of the site, thereby ensuring that the housing required for the growing population is facilitated.

As required by the relevant provisions of the Planning Scheme, the proposed development has been assessed against the following:

- Clause 22.09 (full assessment attached as attachment 3);
- Clause 52.06 (full assessment attached as attachment 4);
- Clause 52.29 (Land Adjacent to a Road Zone, Category 1, or a Public Acquisition Overlay for a Category 1 Road); and
- Clause 55 (full assessment attached as attachment 5) as well as Schedule 1 to the General Residential Zone.

Use

As outlined in Clause 32.08-2 (General Residential Zone), a dwelling is listed as a Section 1 use, and a planning permit is not required for the use of the proposal. However, a planning permit is required for the buildings and works and to create or alter access to a road in a Road Zone Category 1, which is discussed below.

Development

Planning Policy Framework / Local Planning Policy Framework

In considering the Planning Policy Framework and the Local Planning Policy Framework, Council can establish that an acceptable proposal will be guided by:

- Clause 22.09 Residential Development and Neighbourhood Character.
- Clause 52.06 Car parking;
- Clause 52.29 Land Adjacent to a Road Zone, Category 1, or a Public Acquisition Overlay for a Category 1 Road; and
- Clause 55 Two or more dwellings on a lot.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Each of these Clauses ensure that Council facilitates the orderly development of urban areas, which is a specific objective of Clause 11.02 Settlement.

The objectives of Clause 15.01-1S Urban Design, Clause 15.01-2S Building Design and Clause 21.05-1 Built Form outline the key considerations in which a development must respond to urban design, character, streetscapes and landscape issues.

It is considered that the proposed design response respects the preferred neighbourhood character of the incremental change area by providing a medium density housing typology.

The proposal is of a high quality urban design, with physical recession, articulation, varied use of materials, textures and other visual interest.

The overall layout allows space for compliant private and secluded private open space and acceptable landscaping treatments such as a significant canopy tree and shrubbery plantings within well-proportioned setback areas to allow growth to maturity.

The proposal is also located within an area subject to incremental change with other multi-unit developments of a similar scale and massing being found within the surrounding residential area such as on the adjoining land to the north. The proposal's compliance with Clause 22.09 and Clause 55 ensures that the development would achieve the objectives set out in Clause 15.01 and Clause 21.05-1.

As such, Council officers recommend that the application be approved subject to planning permit conditions as necessary.

Clause 22.09 Assessment - Residential Development and Neighbourhood Character Policy

An assessment against the design principles of Clause 22.09 is included at Attachment 3 of this report. This proposal provides a design response which is consistent with the preferred character envisaged by Clause 22.09. The principles that warrant further discussion are as follows:

Clause 22.09-3.1 (Design Principles for all residential developments)

Safety

Relevant Design Principle:

- *Light communal spaces including main entrances and car parking areas with high mounted sensor-lights.*

Security lighting could be required as a condition of any permit to be granted.

Landscaping

Relevant Design Principles:

- *Provide substantial, high quality on-site landscaping, including screen planting and canopy trees along ground level front and side and rear boundaries.*

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- *Provide substantial, high quality landscaping along vehicular accessways.*
- *Include the planting of at least one substantial canopy tree to each front setback and ground level secluded private open space area.*
- *Planting trees that are common to and perform well in the area.*
- *Avoid the removal of existing mature trees by incorporating their retention into the site design.*
- *Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.*

A landscape plan has not been submitted as part of the application and would be requested as a condition of permit.

It is noted that the proposal would be capable of accommodating substantial high quality landscaping, including screen planting and native canopy trees within the frontage of the site and the rear secluded private open space area of each dwelling.

Clause 22.09-3.3 (Design principles for Incremental Change Areas – General Residential Zone (GRZ))

Landscaping

- *Residential development should use landscaping to create a landscaped character, particularly canopy trees in front and rear gardens; and to protect the outlook of adjoining properties.*

A landscape plan has not been submitted as part of the application and would be requested as a condition of permit.

Bulk & Built Form

Residential development should:

- *ensure that the built form respects the scale of existing prevailing built form character and responds to site circumstances and streetscape;*
- *be well articulated through the use of contrast, texture, variation in forms, materials and colours*

Residential development in the GRZ1 and GRZ2 should:

- *provide separation between dwellings at the upper level;*
- *retain spines of open space at the rear of properties to maximise landscaping opportunities and protect private secluded open space;*
- *position more intense and higher elements of built form towards the front and centre of a site, transitioning to single storey elements to the rear of the lot.*

Within the GRZ1 and GRZ2 the rearmost dwelling on a lot should be single storey to ensure the identified future character of the area and the amenity of adjoining properties is respected by maximising landscaping opportunities and protecting adjoining private secluded open space.

The design of the development is well-articulated and landscaping can include canopy trees at the front, side and rear of the site.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

The site is not within the GRZ1 or GRZ2. The site is within the GRZ3. Whilst separation between the upper levels is not required, it has been provided between Units 1 and 2 and between Units 3 and 4.

As the site is not within the GRZ1 or GRZ2, the rearmost dwelling does not have to be single storey. The proposed double storey dwelling to the rear is acceptable in this instance as the site is within the GRZ3. To further alleviate any impacts of this rear most dwelling, there are substantial upper floor setbacks provided for this dwelling.

Clause 52.06 Assessment - Car Parking

The table at Clause 52.06-5 (Car parking – Number of car spaces required under Table 1) sets out the car parking requirement that applies to the use of land for dwellings as follows:

- One (1) car parking space to each one (1) or two (2) bedroom dwelling; and
- Two (2) car parking spaces to each three (3) or more bedroom dwelling; plus
- One (1) car parking space for visitors to every five (5) dwellings for developments of five (5) or more dwellings.

Car parking for the proposal has been provided in the form of single garages and tandem car spaces. The parking areas are located adjacent to each of the dwellings and are well screened from the street to the rear of the front dwelling.

Access to the site will be via a new 3metre wide shared crossover.

The application has been assessed against the design standards of Clause 52.06-8 as per the table attached to this report and is considered to comply with all of the design standards.

Pursuant to Clause 52.06-5 the following car parking rates are applicable to the dwellings:

| Use | Rate | Proposal | Parking requirement | Proposed parking |
|-----------------------------|---|-----------------|----------------------------|-------------------------|
| 3 or more bedroom dwellings | 2 spaces per dwelling | 4 dwellings | 8 | 8 |
| Visitors to dwellings | 1 to development of 5 or more dwellings | 4 dwellings | 0 | 0 |

The proposal provides the minimum required number of car parking spaces within the subject site of 8.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

The proposal generally complies with the Design Standard of Clause 52.06-9, and a full Clause 52.06 assessment is attached to this report at Attachment 4. The standards that warrant further consideration are discussed as follows:

Design Standard 6 – Safety

This standard requires car parking must be well lit and clearly signed. Security lighting could be required as a condition of any permit to be granted. As the development is for residential dwellings, signage to the car parking area is not required.

Clause 52.29 (Land Adjacent to a Road Zone Category 1)

Heatherton is a Road Zone Category 1. A permit is required to create or alter access to a road in a Road Zone Category 1.

The application was referred under Section 55 to Head, Transport for Victoria who has no objection to the proposal subject to conditions to be included on any permit to be granted.

It is considered that the proposal would allow vehicles to enter and exit the site in a forward direction, would not result in significant traffic to the site and would not adversely affect the operation of Heatherton Road.

Clause 55 Assessment - Two or more Dwellings on a lot and Residential Buildings

A Clause 55 Assessment is attached to this report at Attachment 5. Standards that warrant further consideration are discussed as follows:

Clause 55.03-7 Safety objectives – Standard B12

This standard requires developments to be designed to provide good lighting, visibility and surveillance of car parks and internal accessways. Security lighting could be required as a condition of any permit to be granted.

Clause 55.03-8 Landscaping objectives – Standard B13

This standard requires a landscape layout and design that specifies themes and vegetation. While the proposal provides adequate space for landscaping treatments across the site, a landscape plan has not been submitted as part of the application and it is recommended to be requested as a condition of permit. The objective would be met, subject to a condition of permit.

Clause 55.03-10 Parking location objectives – Standard B15

Shared accessways or car parks of other dwellings and residential buildings should be located at least 1.5 metres from the windows of habitable rooms. This setback may be reduced to 1 metre where there is a fence at least 1.5 metres high or where window sills are at least 1.4 metres above the accessway.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

The habitable room windows (bedrooms and living rooms) to dwellings 2, 3 & 4 front the shared driveway with setbacks of 1m. These windows should be provided with double glazing to protect future residents from vehicular noise. The objective would be met, subject to a condition of permit.

Environmentally Sustainable Development

The proposed development has been appropriately designed in response to the existing site constraints with northern orientated habitable room windows and large open space areas for landscaping.

| BESS Information Summary | | Project Overall Score: 50% | | |
|---------------------------------------|--------------|---|----------------------|--------------------------|
| Dwelling Type: Non-residential | | Fail | Best Practice | Design Excellence |
| | | (<49%) | (50-69%) | (>70%) |
| BESS Category | Score | Initiatives | | |
| Management | | | | |
| | 0% | N/A | | |
| Water | | | | |
| | 67% | Portable water use in form of rainwater tanks and water efficient landscaping | | |
| Energy | | | | |
| | 50% | Habitable windows are northern orientated where possible, good open space areas | | |
| Stormwater | | | | |
| | 100% | Appropriate drainage on site, using Melbourne Water STORM tool | | |
| Indoor Environment Quality | | | | |
| | 60% | Cross flow ventilation provided, double glazing to windows, good open space areas | | |
| Transport | | | | |
| | 33% | Bicycle parking provided on site | | |
| Waste | | | | |
| | 50% | Appropriate space for landscaping and disposal of green waste | | |
| Innovation | | | | |
| | 0% | N/A | | |

Other matters

The overall building height of the dwellings is not provided and should be requested via an appropriate condition.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

The windows to Dwelling 4, Bedroom 4 south elevation and Retreat east elevation are not shown on the first-floor plan (however are shown on the elevation plans). This could be requested via an appropriate condition.

Conclusion

The proposal is consistent with the provisions of the Greater Dandenong Planning Scheme, including the zoning requirements, local policy direction, application of Clauses 22.09, 52.06 and 55, and the decision guidelines of Clause 65.

Recommendation

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as 1070 Heatherton Road, Noble Park, for the development of the land for four (4) double storey dwellings and creation of an accessway to a road in a Road Zone Category 1 in accordance with the plans submitted with the application, subject to the following conditions:

- 1. Before the development starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended plans must be drawn to scale with dimensions and 3 copies must be provided. The amended plans must be generally in accordance with the plans submitted and assessed with the application but modified to show:
 - 1.1. Overall building height of the development shown on the elevations;**
 - 1.2. The windows to Dwelling 4, Bedroom 4 south elevation and Retreat east elevation shown on the first floor plan;**
 - 1.3. Sensor lighting above or adjacent to each garage;**
 - 1.4. Bollard lighting along the common accessways;**
 - 1.5. Double glazing to the ground floor bedrooms and living rooms to dwellings 2, 3 & 4 that front the shared driveway;**
 - 1.6. Any changes required by Head, Transport for Victoria (Conditions 15 to 19); and**
 - 1.7. A landscape plans in accordance with Condition 2.****

When approved, these plans will be endorsed and will form part of this permit.

- 2. Before the approved development starts, and before any trees or vegetation are removed, a landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions and 3 copies must be provided. The landscape plan must show:**

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- 2.1. plans to accord with Condition 1 of this permit;
- 2.2. the site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
- 2.3. details of the proposed layout, type and height of fencing;
- 2.4. legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;
- 2.5. a plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;
- 2.6. at least one (1) advanced canopy tree with a minimum planting height of 1.5 metres within the rear secluded open space areas of each dwelling and within the front yard;
- 2.7. any paving or deck areas within the secluded open space area of the proposed dwelling on a permeable base.

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the any of the dwellings are occupied.

3. Except with the prior written consent of the Responsible Authority, the layout of the land and the size, design and location of the buildings and works permitted must always accord with the endorsed plan and must not be altered or modified.
4. Except with the prior written consent of the Responsible Authority, the approved building must not be occupied until all buildings and works and the conditions of this permit have been complied with.
5. The development is to be constructed in accordance with the design initiatives specified in the approved Sustainable Design Assessment (SDA) (dated 10/09/2020 or another approved amended or subsequent SDA) to the satisfaction of the responsible authority.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

The provisions, recommendations and requirements of the endorsed BESS Report must be implemented and complied with to the satisfaction of the Responsible Authority. The documentation must not be altered without the prior written consent of the Responsible Authority.

6. Provision must be made for the drainage of the site including landscaped and pavement areas, all to the satisfaction of the Responsible Authority.
7. Stormwater discharge is to be retained on site to the pre-development level of peak stormwater discharge, to the satisfaction of the Responsible Authority.
8. Before the approved building is occupied, all piping and ducting above the ground floor storey of the building, except downpipes, must be concealed to the satisfaction of the Responsible Authority.
9. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority.
10. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.
11. Before the approved building is occupied, the development must be provided with external lighting capable of illuminating access to each garage, car parking space and pedestrian walkway. Lighting must be located, directed and shielded to the satisfaction of the Responsible Authority so as to prevent any adverse effect outside the land.
12. Before the approved building is occupied, the obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used.
13. All glazing must at all times be maintained to the satisfaction of the Responsible Authority.
14. Before the approved building is occupied, all boundary walls in the development must be constructed, cleaned and finished to the satisfaction of the Responsible Authority.

Conditions from Head, Transport for Victoria:

15. Prior to the occupation of the buildings and/or works, amended plans must be submitted to and approved by the Head, Transport for Victoria. When approved by the Head, Transport for Victoria, the plans must be endorsed by the Responsible Authority and will then form part of the permit. The plans must be drawn to scale with dimensions and two copies must be provided. The plans must be generally in accordance with the plans date stamped 14.09.2020

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

annotated Ground Floor Plan Drawing No TP5 of 8 Revision A but modified to show the removal of redundant vehicle crossings and reinstatement of the existing kerb and channel.

16. Prior to the occupation of the development all disused or redundant vehicle crossings must be removed, and the area reinstated to kerb and channel the satisfaction of and at no cost to the Head, Transport for Victoria.
17. Prior to the occupation of the development, the crossover and driveway are to be constructed to the satisfaction of the Head, Transport for Victoria at no cost to the Head, Transport for Victoria.
18. The level of the footpath must not be lowered or altered in any way to facilitate access to the site.
19. Vehicles from the development must enter and exit the site in a forward direction.

End of conditions from Head, Transport for Victoria.

20. This permit will expire if:
 - 20.1. The development or any stage of it does not start within two (2) years of the date of this permit, or
 - 20.2. The development or any stage of it is not completed within four (4) years of the date of this permit.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- (a) the request for the extension is made within twelve (12) months after the permit expires; and
- (b) the development or stage started lawfully before the permit expired.

Permit Notes

A Building Approval is required prior to the commencement of the approved development. This planning permit does not constitute any building approval.

Approval of any retention system within the property boundary is required by the relevant building surveyor.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Permit Notes

Before commencement of the development occurs, the applicant should contact the City of Greater Dandenong's Civil Development and Design Unit regarding legal point of discharge, new crossings, building over easements, etc.

As this is an established site, the proposed internal drainage should be connected to the existing legal point of discharge. The applicant may apply for local drainage information, if available; otherwise on site verification should be undertaken by the applicant.

A Vehicle Crossing Permit must be obtained from Council for all vehicular crossings prior to construction of the crossings. You may be required to apply for a Asset Protection Permit from Council's engineering services. Queries regarding engineering requirements can be directed to Council's general phone number on 8571 1000.

Notes from Head, Transport for Victoria

The proposed development requires reinstatement of disused crossovers to kerb and channel. Separate approval under the Road Management Act 2004 for this activity may be required from the Head, Transport for Victoria. Please contact DoT (Roads) prior to commencing any works.

The proposed development requires the construction of a crossover. Separate approval under the Road Management Act 2004 for this activity may be required from the Head, Transport for Victoria. Please contact the Department of Transport prior to commencing any works.

End of notes from Head, Transport for Victoria

MINUTE 191

Moved by: Cr Sophie Tan
Seconded by: Cr Rhonda Garad

That Council resolves to issue a Notice of Decision to grant a permit in respect of the land known and described as 1070 Heatherton Road, Noble Park, for the development of the land for four (4) double storey dwellings and creation of an accessway to a road in a Road Zone Category 1 in accordance with the plans submitted with the application, subject to the following conditions:

- 1. Before the development starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended plans must be drawn to scale with dimensions and 3 copies must be provided. The amended plans must be generally in accordance with the plans submitted and assessed with the application but modified to show:**

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

- 1.1. Overall building height of the development shown on the elevations;
- 1.2. The windows to Dwelling 4, Bedroom 4 south elevation and Retreat east elevation shown on the first floor plan;
- 1.3. Sensor lighting above or adjacent to each garage;
- 1.4. Bollard lighting along the common accessways;
- 1.5. Double glazing to the ground floor bedrooms and living rooms to dwellings 2, 3 & 4 that front the shared driveway;
- 1.6. Any changes required by Head, Transport for Victoria (Conditions 15 to 19); and
- 1.7. A landscape plans in accordance with Condition 2.

When approved, these plans will be endorsed and will form part of this permit.

2. Before the approved development starts, and before any trees or vegetation are removed, a landscape plan to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The landscape plan must be prepared by a person or firm with suitable qualifications to the satisfaction of the Responsible Authority, drawn to scale with dimensions and 3 copies must be provided. The landscape plan must show:
 - 2.1. plans to accord with Condition 1 of this permit;
 - 2.2. the site at a scale of 1:100/200, including site boundaries, existing and proposed buildings, neighbouring buildings, car parking, access and exit points, indicative topography and spot levels at the site corners, existing and proposed vegetation, nature strip trees, easements and landscape setbacks;
 - 2.3. details of the proposed layout, type and height of fencing;
 - 2.4. legend of all plant types, surfaces, materials and landscape items to be used including the total areas of garden and lawn;
 - 2.5. a plant schedule giving a description of botanical name, common name, mature height and spread, pot size, purchase height (if a tree) and individual plant quantities;
 - 2.6. at least one (1) advanced canopy tree with a minimum planting height of 1.5 metres within the rear secluded open space areas of each dwelling and within the front yard;
 - 2.7. any paving or deck areas within the secluded open space area of the proposed dwelling on a permeable base.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

When approved, the amended landscape plan will be endorsed and will form part of this permit.

The provisions, recommendations and requirements of the landscape plan must be implemented and complied with to the satisfaction of the Responsible Authority.

Landscaping in accordance with the endorsed landscaping plan and schedule must be completed before the any of the dwellings are occupied.

- 3. Except with the prior written consent of the Responsible Authority, the layout of the land and the size, design and location of the buildings and works permitted must always accord with the endorsed plan and must not be altered or modified.**
- 4. Except with the prior written consent of the Responsible Authority, the approved building must not be occupied until all buildings and works and the conditions of this permit have been complied with.**
- 5. The development is to be constructed in accordance with the design initiatives specified in the approved Sustainable Design Assessment (SDA) (dated 10/09/2020 or another approved amended or subsequent SDA) to the satisfaction of the responsible authority.**

The provisions, recommendations and requirements of the endorsed BESS Report must be implemented and complied with to the satisfaction of the Responsible Authority. The documentation must not be altered without the prior written consent of the Responsible Authority.

- 6. Provision must be made for the drainage of the site including landscaped and pavement areas, all to the satisfaction of the Responsible Authority.**
- 7. Stormwater discharge is to be retained on site to the pre-development level of peak stormwater discharge, to the satisfaction of the Responsible Authority.**
- 8. Before the approved building is occupied, all piping and ducting above the ground floor storey of the building, except downpipes, must be concealed to the satisfaction of the Responsible Authority.**
- 9. Standard concrete vehicular crossing/s must be constructed to suit the proposed driveway/s in accordance with the Council's standard specifications. Any vehicle crossing no longer required must be removed and the land, footpath and kerb and channel reinstated, to the satisfaction of the Responsible Authority.**
- 10. Except with the prior written consent of the Responsible Authority, floor levels shown on the endorsed plan/s must not be altered or modified.**

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

11. Before the approved building is occupied, the development must be provided with external lighting capable of illuminating access to each garage, car parking space and pedestrian walkway. Lighting must be located, directed and shielded to the satisfaction of the Responsible Authority so as to prevent any adverse effect outside the land.
12. Before the approved building is occupied, the obscure glazing to the windows shown on the endorsed plans must be provided through frosted glass or similarly treated glass. Adhesive film or similar removable material must not be used.
13. All glazing must at all times be maintained to the satisfaction of the Responsible Authority.
14. Before the approved building is occupied, all boundary walls in the development must be constructed, cleaned and finished to the satisfaction of the Responsible Authority.

Conditions from Head, Transport for Victoria:

15. Prior to the occupation of the buildings and/or works, amended plans must be submitted to and approved by the Head, Transport for Victoria. When approved by the Head, Transport for Victoria, the plans must be endorsed by the Responsible Authority and will then form part of the permit. The plans must be drawn to scale with dimensions and two copies must be provided. The plans must be generally in accordance with the plans date stamped 14.09.2020 annotated Ground Floor Plan Drawing No TP5 of 8 Revision A but modified to show the removal of redundant vehicle crossings and reinstatement of the existing kerb and channel.
16. Prior to the occupation of the development all disused or redundant vehicle crossings must be removed, and the area reinstated to kerb and channel the satisfaction of and at no cost to the Head, Transport for Victoria.
17. Prior to the occupation of the development, the crossover and driveway are to be constructed to the satisfaction of the Head, Transport for Victoria at no cost to the Head, Transport for Victoria.
18. The level of the footpath must not be lowered or altered in any way to facilitate access to the site.
19. Vehicles from the development must enter and exit the site in a forward direction.

End of conditions from Head, Transport for Victoria.

20. This permit will expire if:
 - 20.1. The development or any stage of it does not start within two (2) years of the date of this permit, or

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

20.2. The development or any stage of it is not completed within four (4) years of the date of this permit.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

The owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date to complete the development or a stage of the development if:

- (a) the request for the extension is made within twelve (12) months after the permit expires; and**
- (b) the development or stage started lawfully before the permit expired.**

Permit Notes

A Building Approval is required prior to the commencement of the approved development. This planning permit does not constitute any building approval.

Approval of any retention system within the property boundary is required by the relevant building surveyor.

Before commencement of the development occurs, the applicant should contact the City of Greater Dandenong's Civil Development and Design Unit regarding legal point of discharge, new crossings, building over easements, etc.

As this is an established site, the proposed internal drainage should be connected to the existing legal point of discharge. The applicant may apply for local drainage information, if available; otherwise on site verification should be undertaken by the applicant.

A Vehicle Crossing Permit must be obtained from Council for all vehicular crossings prior to construction of the crossings. You may be required to apply for a Asset Protection Permit from Council's engineering services. Queries regarding engineering requirements can be directed to Council's general phone number on 8571 1000.

Notes from Head, Transport for Victoria

The proposed development requires reinstatement of disused crossovers to kerb and channel. Separate approval under the Road Management Act 2004 for this activity may be required from the Head, Transport for Victoria. Please contact DoT (Roads) prior to commencing any works.

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Permit Notes

The proposed development requires the construction of a crossover. Separate approval under the Road Management Act 2004 for this activity may be required from the Head, Transport for Victoria. Please contact the Department of Transport prior to commencing any works.

The image displays a site plan for a residential development at 1070 Heatherton Road, Noble Park. The plan shows a grid of lots with various building footprints, setbacks, and landscaping. A north-south street is labeled 'JAMES STREET'. The site is bounded by 'HEATHERTON ROAD' to the north and 'JAMES STREET' to the east. Numbered callouts (1-13) on the plan correspond to the neighborhood character images provided on the right side of the page. These images show various residential styles, including single-story and double-story houses, with specific architectural details and landscaping. A compass rose is located in the upper right quadrant of the site plan. Below the site plan, the text 'NEIGHBOURHOOD CHARACTER NOT TO SCALE' is printed. At the bottom of the page, there is a 'WestUrban' logo and a table with project details.

Assessment Table for Clause 22

Clause 22.09-3.1 Design Principles for all residential developments

| Title / Objective | Principles | Principle met/Principle not met/NA |
|--------------------|---|---|
| Safety | <p>To encourage the provision of safer residential neighbourhoods, new development should enable passive surveillance through designs that:</p> <ul style="list-style-type: none"> Incorporate active frontages including ground floor habitable room windows. Maximise the number of habitable room windows on all levels of residential buildings that overlook the public realm, streets, laneways, internal access ways and car parking areas. Use semi-transparent fences to the street frontage. Light communal spaces including main entrances and car parking areas with high mounted sensor-lights. Ensure that all main entrances are visible and easily identifiable from the street. | <p>Principle met Each dwelling is provided with active frontages</p> <p>Principle met The proposed dwellings front the street and shared driveway</p> <p>Principle met No front fence is proposed.</p> <p>Condition required Security lighting can be requested via permit conditions adjacent to garages/ entrances.</p> <p>Principle met Entrances face the street/ driveway. Each dwelling is clearly distinguishable</p> |
| Landscaping | <p>Residential development should:</p> <ul style="list-style-type: none"> Provide substantial, high quality on-site landscaping, including screen planting and canopy trees along ground level front and side and rear boundaries. Locate non-habitable rooms such as bathrooms, away from entrances and street frontage. | <p>Principle met Ground floor bathrooms are at the rear of the dwellings.</p> <p>Condition required A landscape plan can be addressed as a permit 1 condition</p> |

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

| | |
|---|--|
| <p>! Condition required Landscaping areas are provided along the driveway</p> | <p>Provide substantial, high quality landscaping along vehicular accessways.</p> |
| <p>! Condition required Canopy trees can be conditionally provided within the front of the site and within each dwellings SPOS areas</p> | <p>Include the planting of at least one substantial canopy tree to each front setback and ground level secluded private open space area.</p> |
| <p>! Condition required Native trees can be provided via permit conditions requiring a landscaping plan</p> | <p>Planting trees that are common to and perform well in the area.</p> |
| <p>✓ Principle met No significant vegetation on site.</p> | <p>Avoid the removal of existing mature trees by incorporating their retention into the site design.</p> |
| <p>! Condition required Landscaping areas at the front and sides of the site softens the appearance of the dwellings on the street and neighbouring properties. A landscape plan will form condition 1</p> | <p>Use landscaping to soften the appearance of the built form when viewed from the street and to respect the amenity of adjoining properties.</p> |
| <p>! Condition required Landscape plan to be addressed as a condition</p> | <p>Ensure that landscaping also addresses the Safety Design Principles.</p> |
| <p>! Condition required Landscape plan to be addressed as a condition</p> | <p>Canopy trees should be planted in well proportioned setbacks/private open space that are sufficient to accommodate their future growth to maturity.</p> |
| <p>! Condition required Landscape plan to be addressed as a condition</p> | <p>Landscaping should minimise the impact of increased storm water runoff through water sensitive urban design and reduced impervious surfaces.</p> |
| <p>! Condition required Landscape plan to be addressed as a condition</p> | <p>Landscaping should be sustainable, drought tolerant, and include indigenous species and be supported through the provision of rainwater tanks.</p> |

If the details of the attachment are unclear please contact Governance on 8571 5309.

ORDINARY COUNCIL MEETING - MINUTES

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

| | | |
|------------------------------------|--|--|
| Car parking | <p>The existing level of on-street car parking should be maintained by avoiding second crossovers on allotments with frontage widths less than 17 metres.</p> <p>On-site car parking should be:</p> <ul style="list-style-type: none"> Well integrated into the design of the building, Generally hidden from view or appropriately screened where necessary, Located to the side or rear of the site so as to not dominate the streetscape and to maximise soft landscaping opportunities at ground level. <p>Where car parking is located within the front setback it should be:</p> <ul style="list-style-type: none"> Fully located within the site boundary; and Capable of fully accommodating a vehicle between a garage or carport and the site boundary. <p>Developments with basement car parking should consider flooding concerns where applicable.</p> | <p>✓ Principle met One single crossover proposed. The existing crossover would be removed. No change to on street parking.</p> <p>✓ Principle met Parking is well integrated into the design of the dwellings.</p> <p>✓ Principle met</p> <p>N/A No basement car parking proposed.</p> |
| Setbacks, front boundary and width | <p>Residential developments should:</p> <p>Provide a front setback with fence design and height in keeping with the predominant street pattern.</p> <p>Maintain the apparent frontage width pattern.</p> <p>Provide appropriate side setbacks between buildings to enable screen planting where required, and at least one generous side setback to enable the retention of trees and/or the planting and future growth of trees to maturity.</p> <p>Provide open or low scale front fences to allow a visual connection between landscaping in front gardens and street tree planting.</p> <p>All residential developments should provide good quality, useable private open space for each dwelling directly accessible from the main living area.</p> | <p>✓ Principle met A front setback of 5m is proposed, the setback is considered reasonable</p> <p>✓ Principle met The existing frontage width pattern would not be significantly altered.</p> <p>✓ Principle met Setbacks would allow for tree planting.</p> <p>✓ Principle met No front fence is proposed.</p> <p>✓ Principle met All dwellings would be provided with quality useable private open space.</p> |

If the details of the attachment are unclear please contact Governance on 8571 5309.

Clause 22.09-3.3 Design principles for Incremental Change Areas – General Residential Zone (GRZ)

| Titles & Objectives | Principles | Principle met/Principle not met/NA |
|---|--|---|
| Preferred housing type | The preferred housing type for the Incremental Change Area is medium density. | <p>✓ Principle met The proposal is a medium density development.</p> |
| Building Height | <p>The preferred maximum building height for land within the GRZ1 and GRZ2 is up to 2 storeys, including ground level. The preferred maximum building height for land within the GRZ3 is 3 storeys, including ground level.</p> | <p>✓ Principle met The proposed development is 2 storey.</p> |
| Landscaping | Residential development should use landscaping to create a landscaped character, particularly canopy trees in front and rear gardens; and to protect the outlook of adjoining properties. | <p>! Condition required A landscaping plan will be required. Sufficient areas for landscaping provided on site.</p> |
| Setbacks, front boundary and width | Parking, paving and car access within the front boundary setback should be limited in order to maximise the opportunity for soft landscaping and prevent the over dominance of carports and garages in the street. | <p>✓ Principle met A single crossover is proposed for the development, which reduces the visual impact on the streetscape.</p> |
| Private open space | Residential development should provide secluded private open space at the side or rear of each dwelling to avoid the need for excessive screening or high front fencing. | <p>✓ Principle met Each dwelling is provided with SPOS at the side of the site.</p> |
| Bulk & Built Form | <p>Residential development should:</p> <ul style="list-style-type: none"> • ensure that the built form respects the scale of existing prevailing built form character and responds to site circumstances and streetscape; • be well articulated through the use of contrast, texture, variation in forms, materials and colours. | <p>✓ Principle met The design of the development is well articulated and landscaping can include canopy trees at the front, side and rear of the site.</p> |

2.3.3 Town Planning Application - No. 1070 Heatherton Road, Noble Park (Planning Application No. PLN19/0521) (Cont.)

Clause 52.06-9 Design standards for car parking

Plans prepared in accordance with Clause 52.06-8 must meet the design standards of Clause 52.06-9, unless the responsible authority agrees otherwise. Design standards 1, 3, 6 and 7 do not apply to an application to construct one dwelling on a lot.

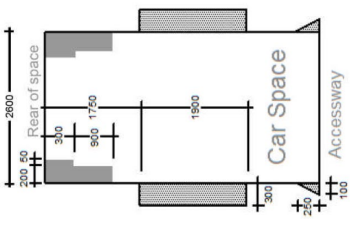

| Design Standards | Assessment | Requirement met/Requirement not met/N/A |
|--------------------------------|---|---|
| Design standard 1 - Accessways | <p>Accessways must:</p> <ul style="list-style-type: none"> • Be at least 3 metres wide. • Have an internal radius of at least 4 metres at changes of direction or intersection or be at least 4.2 metres wide. • Allow vehicles parked in the last space of a dead-end accessway in public car parks to exit in a forward direction with one manoeuvre. • Provide at least 2.1 metres headroom beneath overhead obstructions, calculated for a vehicle with a wheel base of 2.8 metres. • If the accessway serves four or more car spaces or connects to a road in a Road Zone, the accessway must be designed to that cars can exit the site in a forward direction. • Provide a passing area at the entrance at least 5 metres wide and 7 metres long if the accessway serves ten or more car parking spaces and is either more than 50 metres long or connects to a road in Road Zone. • Have a corner splay or area at least 50 percent clear of visual obstructions extending at least 2 metres along the frontage road from the edge of an exit lane and 2.5 metres along the exit lane from the frontage, to provide a clear view of pedestrians on the footpath of the frontage road. The area clear of visual obstructions may include an adjacent entry or exit lane where more than one lane is provided, or adjacent landscaped areas, provided the landscaping in those areas is less than 900mm in height. | <p>✓ Standard met New single 3m wide crossover proposed</p> <p>✓ Standard met</p> <p>N/A</p> <p>✓ Standard met</p> <p>✓ Standard met</p> <p>N/A</p> <p>✓ Standard met</p> <p>N/A</p> <p>✓ Standard met A notation has been included on the ground floor plan that all structures within the splay area would be no higher than 0.9m.</p> <p>✓ Standard met</p> |
| | <p>If an accessway to four or more car parking spaces is from land in a Road Zone, the access to the car spaces must be at least 6 metres from the road carriageway.</p> | |
| | <p>If entry to the car space is from a road, the width of the accessway may include the road.</p> | N/A |

| | Landscaping and trees must be planted to provide shade and shelter, soften the appearance of ground level car parking and aid in the clear identification of pedestrian paths. | <p>✓ Standard met</p> |
| | Ground level car parking spaces must include trees planted with flush grilles. Spacing of trees must be determined having regard to the expected size of the selected species at maturity. | <p>✓ Standard met</p> |

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468)

| | |
|----------------------|---|
| File Id: | 362935 |
| Responsible Officer: | Director City Planning Design & Amenity |
| Attachments: | Submitted plans |

Application Summary

| | |
|------------|--|
| Applicant: | Phong Pham |
| Proposal: | To use part of the land to sell liquor (Bottle Shop) |
| Zone: | Commercial 1 Zone (C1Z) |
| Overlay: | No overlays apply |
| Ward: | Yarraman |

The application proposes to use part of the land to sell liquor (Bottle Shop). A permit is required pursuant to Clause 52.27 of the Greater Dandenong Planning Scheme to use the land to sell liquor.

This application is brought before Council as all applications in association with a liquor licence (not associated with a food and drink premises) must be determined at a Council meeting.

Advertising Summary

The application was advertised to the surrounding area through the erection of a notice on-site and the mailing of notices to adjoining and surrounding owners and occupiers.

No objections were received.

Assessment Summary

The proposed amendment is not considered to result in adverse amenity impacts on the surrounding area, subject to conditions to ensure that the proposed licensed premises is appropriately controlled and maintained.

Recommendation Summary

As assessed, the proposal is consistent with and appropriately responds to the provisions of the Greater Dandenong Planning Scheme. The proposal appropriately responds to strategic policy for commercial development in the area with this report recommending that the application be supported,

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

and that a **Permit** be granted subject to conditions as set out in the recommendation. If the application was to be appealed to VCAT, it is the officer's view that it is highly likely that VCAT would also issue a planning permit for this proposal.

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

Subject Site and Surrounds

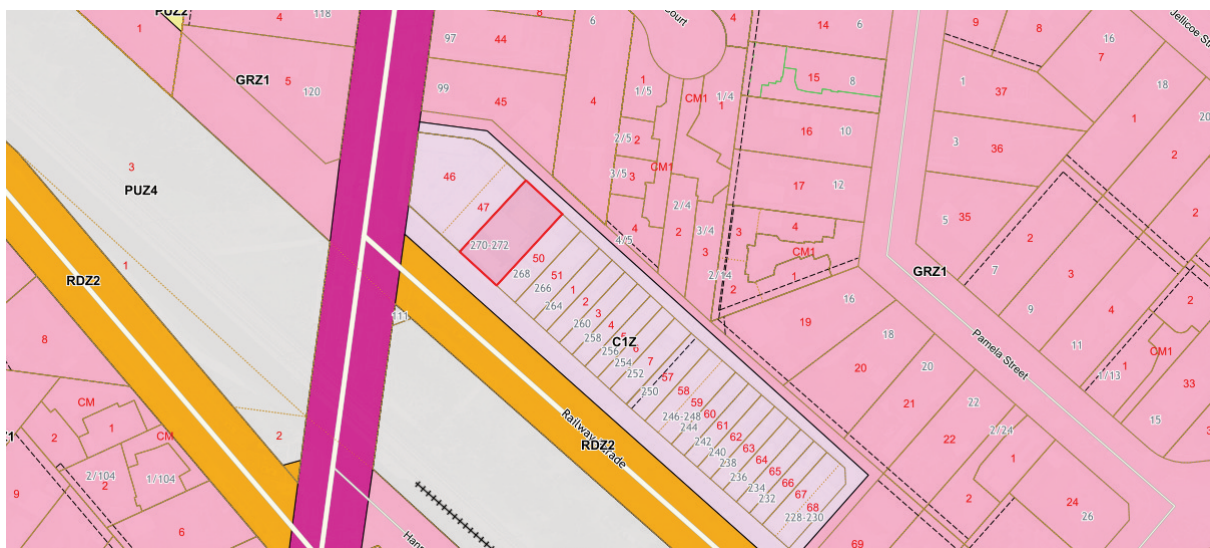

Subject Site

- The subject site is located on the north-eastern side of Railway Parade, Noble Park near Chandler Road.
- The site is one of twenty-one (21) properties which comprise the Railway Parade shopping strip.
- The site is generally rectangular in shape with an overall area of 378sqm.
- The site contains a commercial building and has a carport, which is wide enough to accommodate two (2) cars, to the rear. The carport is accessible via a laneway (which is shown on the plan of subdivision as a road) to the rear of the site.
- Angled car parking (32 spaces) is provided along most of the length of the Railway Parade strip of shops, as well as additional parallel parking (19 spaces) on the opposite side of Railway Parade.
- The existing building on the site is currently used for the purposes of a Food and Drink Premises by 'King of Biryani'.

Surrounding Area

- The site is adjoined by commercial uses to the north-west including a food and drink premises, a butcher, a massage parlour and a sewing shop and commercial uses to the south-east including three (3) hairdressers, six (6) food and drink premises, a dental surgery, coin laundrette, pharmacy, grocery store, lawnmower shop, a butcher and an office.
- The nearest residential development is located directly north-east of the laneway to the rear of the subject site.

Locality Plan

p Subject Site Melways Map 89H4 North é

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

An aerial map of the site and surrounding properties is provided below (November 2020):

Background

Previous Applications

A search of Council records revealed that Council has previously considered the following planning applications for the site:

- Planning Permit PLN19/0443 was issued on 27/11/2019 for 'Buildings and works (roller shutters & external lighting)'.

Proposal

The application proposes to use part of the land to sell liquor (Bottle Shop). The use would operate between 11.00am to 10.00pm, 7 days a week, with the exception of ANZAC Day when it would operate between 12.00pm (noon) and 10.00pm.

The area proposed to be used as a bottle shop (packaged liquor licence) is currently used as a storage room for the existing food and drink premises.

The main part of the bottle shop would have a frontage of 4.5m and a depth of 7.4m, giving it an area of 33.3 sqm. It would include a counter, a display fridge and display shelves. The coolroom at the rear would be 3m long by 1.6m wide, giving it an area of 4.8 sqm. The total area of the bottle shop would be 38.1 sqm.

The food and drink premises currently has a BYO permit for liquor and a door would be provided between the existing food and drink premises and the proposed bottle shop (in addition to a door between the bottle shop and the street frontage) so that customers from the food and drink premises can purchase liquor from the bottle shop to drink with their meals.

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

The bottle shop would be stocked with both alcoholic and non-alcoholic beverages. A coolroom would be provided to the rear of the bottle shop to keep the beverages cold and ready for consumption.

The proposed bottle shop would be the only one in this particular strip of shops. Staff are proposed to be trained in the Responsible Service of Alcohol. CCTV cameras would also be installed for security purposes.

Delivery of beverages to the bottle shop would be provided via the rear laneway.

An Alcohol Management Plan has been submitted with the application.

A copy of the submitted plans, including the Alcohol Management Plan, is included as Attachment 1.

Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

Financial Implications

No financial resources are impacted by this report.

Planning Scheme and Policy Frameworks

Pursuant to the Greater Dandenong Planning Scheme, a planning permit is required:

- Clause 52.27 (License premises): A planning permit is required to use land to sell or consume liquor.

The relevant controls and policies are as follows:

Zoning Controls

The subject site is located in a Commercial Zone, as is the surrounding area to the north-west and south-east. Railway Parade to the south-west is in a Road Zone Category 2, whilst land to the north-east is in a General Residential Zone 1.

The purpose of the Commercial 1 Zone outlined at Clause 34.01 is:

- *To implement the Municipal Planning Strategy and the Planning Policy Framework.*
- *To create vibrant mixed use commercial centres for retail, office, business, entertainment and community uses.*
- *To provide for residential uses at densities complementary to the role and scale of the commercial centre.*

Overlay Controls

No overlays affect the subject site.

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

Planning Policy Framework

There are a number of specific objectives contained within the Planning Policy Framework that need to be considered under this application, which follow.

Economic Development (Clause 17)

Under this clause, it notes that planning is to provide for a strong and innovative economy, where all sectors of the economy are critical to economic prosperity, and planning is to contribute to the economic well-being of communities and the State as a whole by supporting and fostering economic growth and development by providing land, facilitating decisions, and resolving land use conflicts so that each district may build on its strengths and achieve its economic potential.

Clause 17.02-1S (Business) has the objective to encourage development which meets the community's needs for retail, entertainment, office and other commercial services and provides net community benefit in relation to accessibility, efficient infrastructure use and the aggregation and sustainability of commercial facilities.

Local Planning Policy Framework

The Local Planning Policy Framework (LPPF) includes the Municipal Strategic Statement (MSS) and Local Policies. The MSS is contained at Clause 21 of the Scheme. At Clause 21.03-2, the MSS identifies a number of key focus areas and strategic directions, including:

- *Economic Well-being – Strategies that facilitate employment and investment in the key economic areas of the municipality and stimulate its economic growth and wellbeing.*
- *Healthy Communities– Strategies that create health promoting environments that are welcoming, inclusive and make a positive contribution to the health and wellbeing of Greater Dandenong's diverse communities.*

The objectives and strategies of the MSS are under four (4) main themes including: land use; built form; open space and natural environment; and, infrastructure and transportation (considered individually under Clauses 21.04 to 21.07). Of particular relevance to this application is Clause 21.04-2 (Retail, commerce and entertainment).

Clause 21.04 Land Use

“Economic issues – Greater Dandenong’s retail, commercial, industrial and entertainment uses provide a range of jobs. Strengthening these assets will attract visitors from outside the municipality and improve employment opportunities. With suitable promotion, they could realise increased economic benefits for the City.”

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

Particular Provisions

Clause 52.27 Licensed Premises

The purposes of this provision are:

- *To ensure that licensed premises are situated in appropriate locations.*
- *To ensure that the impact of the licensed premises on the amenity of the surrounding area is considered.*

A planning permit is required to use land to sell or consume liquor.

General Provisions

Clause 65 – Decision Guidelines needs to be considered, as is the case with all applications. For this application the requirements of Clause 65.01 for the approval of an application or plan is of relevance. This Clause outlines the requirements that the responsible authority must consider when determining the application.

Council Policy

Alcohol Management Policy

Council's Alcohol Management Policy has been developed to support the City's economic vitality, while enhancing safety, amenity, health and wellbeing in the City of Greater Dandenong through the effective assessment and enforcement of matters relevant to alcohol supply and use within the municipality.

The Policy is intended to apply to all new liquor licences, including those for events and activities in Council venues. The Policy creates a consistent and integrated approach across planning, regulation, enforcement and community safety activities of Council.

The Policy ensures that applicants for planning permits where a liquor licence is required, prepare an Alcohol Management Plan as part of their application. An Alcohol Management Plan must be completed in order to manage and mitigate potential risks with the provision of alcohol.

Information Guidelines have been developed to assist applicants with the preparation of Alcohol Management Plans. The draft Guidelines also provide a checklist to explain to applicants how Council planners will assess liquor licence applications and to seek to improve applicant's understanding of the responsibilities and potential risks associated with the sale of alcohol.

This policy was adopted on 9 December 2013 and re-adopted on 9 April 2018.

Restrictive Covenants

There are no restrictive covenants or restrictions on the Certificate of Title to the land.

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. In accordance with the commitment in Council's Annual Plan, all applications are considered on their merits.

Diversity (Access & Equity)

It is not considered that the proposal raises any diversity issues affecting the planning assessment of this application.

Community Safety

It is considered that there would be no adverse community safety implications in permitting the proposal subject to strict conditions on any planning permit issued.

Safe Design Guidelines

Consideration of the relevant requirements of these Guidelines has been undertaken within the Assessment of this application.

Referrals

External

Pursuant to Section 52 of the Planning and Environment Act 1987, the application was externally referred to:

| Referral Authority | Comments |

Advertising

The application has been advertised pursuant to Section 52 of the Planning and Environment Act 1987, by:

- Sending notices to the owners and occupiers of adjoining and surrounding land.
- Placing a sign on the subject site, facing Railway Parade.

The notification has been carried out correctly.

No objections have been received to date.

Assessment

The proposal has been assessed against the relevant provisions of the Planning Policy Framework and Local Planning Policy Framework, the zoning of the land, the relevant particular provisions for licenced premises, and the decision guidelines of Clause 65.

Use

The site of the proposed Bottle Shop is currently used as a storage room in association with an existing Food and Drink Premises by 'King of Biryani'. In terms of the Planning Scheme, a Food and Drink Premises is a separate use from a Bottle Shop. The use of the land for a Food and Drink Premises is as of right in the Commercial 1 Zone, as is the use of the land for a Bottle Shop as it falls under the definition of a 'Shop'.

The application seeks to use part of the land to sell liquor (Bottle Shop).

Liquor would be sold in the bottle shop and consumed either within the adjoining food and drink premises or off-site.

The applicant has supplied an Alcohol Management Plan (AMP) that details the house policy for the responsible service of alcohol. This seeks to minimise any anti-social behaviour that can be caused through intoxication.

The application, including the AMP documentation, has been reviewed by Council's Community Services Department who supported the application subject to limiting the

venue's operating hours, including ANZAC day, Good Friday and Christmas day, to align with the licensed hours of the adjacent BYO food and drink premises, and that House Rules Policy signage be installed in the bottle shop at the entry/exit points, that includes the following:

- *'Alcohol is not to be consumed in any public places in the municipality such as in the car park and connected areas, and that up to a \$1,000 Local Laws fine applies.'*
- *'The safety and amenity of, pedestrians, businesses, and property in surrounding areas is to be respected upon leaving the premises.'*

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

Conditions should be included on the permit limiting the hours of the bottle shop. The use is proposed to operate between 11.00am to 10.00pm, 7 days a week, with the exception of ANZAC Day when it would operate between 12.00pm (noon) and 10.00pm.

A condition of permit, if granted, can require the removal of the doorway between the bottle shop and the internal dining area of the food and drink premises. This would ensure the two uses operate independently, and there are no future issues regarding the boundary of the bottle shop and that of the restaurant, and therefore where alcohol can and cannot be consumed. This in turn removes the need to show tables and chairs within the internal dining area of the food and drink premises, as this application is only for the bottle shop. This can also be required as a condition of permit if granted.

Conditions are also required to prevent the consumption of alcohol on the bottle shop premises and to require the display of house rules signs as recommended by Council's Community Services Unit.

It is considered that the proposal would improve services on the site and provide a net benefit to the community by way of employment opportunities, without compromising the local amenity of the surrounding land uses. The proposal meets the objectives of Clause 17 (Economic Development) and Clause 17.02-1S (Business) of the Planning Policy Framework in that it is considered to meet the community's needs for accessible facilities located within the municipality.

It is considered that the proposal would not result in adverse detriment to the surrounding uses which are general commercial uses. The nearest residential zone is located 6m to the north-east of the overall subject site with an additional 20m of separation within the overall subject site itself, for a total separation of approximately 26m.

In accordance with DPCP Practice Note 61 "Licensed Premises: Assessing Cumulative Impact", a cumulative impact assessment is required if both the clustering and hours of operation tests are met, specifically, if the premises trades *after* 11.00pm; and in an area where there is a 'cluster' of licensed premises. The site is not within an area which form a cluster of licensed premises, and the proposed hours of operation do not exceed 11.00pm. As such, there is no trigger for the provisions of a cumulative impact assessment.

Based on the above, it is considered that the proposal is appropriately located and would be managed to avoid any impact on the amenity of the surrounding area.

Car Parking

Clause 73.03 – Land Use Terms states that a Bottle Shop is included in Shop which in turn is included in Retail Premises.

The table to Clause 52.06-5 (Car parking – Number of car parking spaces required under Table 1) contains car parking for different uses.

A Shop is listed as requiring 4 car spaces to each 100 square metres of leasable floor area. As the proposed Bottle Shop has a leasable floor area of 38.1 sqm the car parking requirement is 1 car space (38.1 sqm x 4 / 100).

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

It is noted that there is a carport on the site which is of sufficient width to accommodate two (2) cars. This exceeds the requirement by one (1) car space. Given only one (1) of the two (2) car spaces onsite is required for the bottle shop, the other would still be available for use by the existing restaurant.

The restaurant requires 0.4 car spaces to each patron. 16 seats are shown on the plans which requires 6 car spaces. One (1) space is provided on site for the restaurant, whilst the other five (5) car spaces are already accommodated within the 51 on street car parking spaces.

Council's Transport Planning Unit advised that they have no concerns with the proposal. Retail, which primarily generates short term parking demand is a suitable use for such a location and is better than most other uses from a parking perspective.

There is ample angled on-street parking (32 spaces) along the length of the Railway Parade strip of shops and additional parallel parking (19 spaces) on the opposite side of Railway Parade. Thus, the level of on-site and surrounding off-site parking is sufficient, and no additional car parking is required.

Conclusion

The application has been assessed against the relevant sections of the Greater Dandenong Planning Scheme, including the Planning Policy Framework, Local Planning Policy Framework, Municipal Strategic Statement, zones, overlays and Clause 65.

Overall, it is considered that the proposal is appropriate having regard to the site's location within an established shopping strip within a Commercial 1 Zone.

Recommendation

That Council resolves to Grant a planning permit in respect of part of the land known and described as 270-272 Railway Parade, Noble Park, 'To use part of the land to sell liquor (Bottle Shop)' in accordance with the plans submitted with the application subject to the following conditions:

1. **Before the use starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended plans must be drawn to scale with dimensions shown. The amended plans must be generally in accordance with the plans submitted and assessed with the application but modified to show:**
 - 1.1. **The removal of the doorway between the proposed bottleshop and the internal dining area of the food and drink premises.**
2. **The applicant must obtain a package liquor licence from VCGLR (Victorian Commission for Gambling and Liquor Regulation), prior to the sale (and consumption) of liquor from the premises.**

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

- 3 The licensed area (red-line area/plan) shown on the endorsed plans must not be altered without the prior written consent of the Responsible Authority and VCGLR (Victorian Commission for Gambling and Liquor Regulation).**
- 4. Except with the prior written consent of the Responsible Authority, the layout of the use shown on the endorsed plan/s must not be altered.**
- 5. Except with the prior written consent of the Responsible Authority, the approved use must not commence and the land must not be occupied for that use until all conditions of this permit have been complied with.**
- 6. The amenity of the area must not be detrimentally affected by the use or development on the land, through the:**
 - 6.1. Transport of materials, goods or commodities to and from the land;**
 - 6.2. Appearance of any buildings and works;**
 - 6.3. Emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil;**
 - 6.4. Adverse behaviour of patrons to, in and from the premises.**

All to the satisfaction of the Responsible Authority.
- 7. Goods, materials, equipment and the like associated with the use of the land must not be displayed or stored outside of the building in view of the public.**
- 8. No external public address system shall be installed or otherwise operated on the site, unless with the further written consent of the Responsible Authority.**
- 9. Bins or other receptacles for any form of rubbish or refuse must not be placed or allowed to remain in view of the public and offensive smell must not be emitted from any such receptacle.**
- 10. The site shall be kept in a neat and tidy condition at all times, all to the satisfaction of Responsible Authority.**
- 11. Prior to the commencement of use, the area(s) set-aside for the parking of vehicles and access lanes as shown on the endorsed plans must be:**

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

- 11.1. Constructed in accordance with the endorsed plan/s.**
- 11.2. Properly formed to such levels that they can be used in accordance with the plans.**
- 11.3. Surfaced with an all-weather sealcoat.**
- 11.4. Drained to the legal point of discharge.**
- 11.5. Line-marked to indicate each car space and all access lanes.**

Parking areas and access lanes must be kept available for these purposes at all times.

- 12. The car parking provided on the land must always be available for use by persons employed on, or visiting, the premises. Access to the car park must not be restricted for such persons.**
- 13. The car parking area must be lit if in use of hours of darkness, and all lights must be designed, fitted with suitable baffles and located to prevent any adverse effect on adjoining land, all to the satisfaction of the Responsible Authority.**
- 14. The loading and unloading of goods from or to vehicles must only be carried out via the rear laneway and must not disrupt the circulation and parking of vehicles on the land, all to the satisfaction of the Responsible Authority.**
- 15. Noise emitted from the premises must not exceed the permissible noise levels determined in accordance with State Environment Protection Policy (Control of Noise from Commerce, Industry and Trade) No. N-1.**
- 16. The sale of liquor must only occur between the following hours:**
 - Sunday to Monday (7 days)**
11:00am to 10.00pm; and
 - ANZAC Day. Good Friday and Christmas Day**
12.00pm (noon) to 10.00pm.
- 17. The sale (and consumption) of liquor must comply with the endorsed Alcohol Management Plan at all times, to the satisfaction of the Responsible Authority.**
- 18. All rubbish from the premises must be immediately collected and disposed of in an appropriate receptacle to the satisfaction of the Responsible Authority.**

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

19. The operator of the premises must take reasonable steps to ensure that patrons leaving the premises act in an orderly manner and to the extent reasonably practicable must discourage patrons from loitering within the vicinity of surrounding residences.
20. At all times when the approved use is operating, a person over the age of 18 years (Manager) must be present at the premises. The Manager must ensure that activities on the land and the conduct of persons entering, leaving and present on the land do not have a detrimental impact on the amenity of the area to the satisfaction of the Responsible Authority.
21. The operator must authorise the Manager on behalf of the operator to make statements at any time to any officer of the Responsible Authority, the Victoria Police or an authorised person defined under the Liquor Control Reform Act 1998 and to take action in accordance with a direction by such officer.
22. House Policy signage must be displayed prominently at all times the use is operating in the bottle shop at entry/exit doors, that includes the following:
 - *‘Alcohol is not to be consumed in any public places in the municipality such as in the car park and connected areas, and that up to a \$1,000 Local Laws fine applies.’*
 - *‘The safety and amenity of, pedestrians, businesses, and property in surrounding areas is to be respected upon leaving the premises.’*
23. This permit will expire if:
 - 23.1. The use does not start within two (2) years of the date of this amended permit;
 - 23.2. the use is discontinued for a period of two (2) years.

Before the permit expires or within six (6) months afterwards the owner or occupier of the land may in writing request the Responsible Authority to extend the expiry date.

Notes:

- Except where no permit is required under the provisions of the Planning Scheme, no sign, flashing or intermittent lights, bunting or advertising device may be erected or displayed on the land without the permission of the Responsible Authority.
- Prior to the erection of any advertising signs on the land, consultation should be made with officers of the Town Planning Department to determine the relevant Planning Scheme Controls.
- A building approval may be required prior to the commencement of the approved use.

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

- **Though not mandatory, the licensee or premises operator is strongly encouraged to become a member of the Greater Dandenong Liquor Accord to contribute to reducing alcohol-related harm in the municipality.**

MINUTE 192

Moved by: Cr Eden Foster
Seconded by: Cr Sophie Tan

That Council resolves to Grant a planning permit in respect of part of the land known and described as 270-272 Railway Parade, Noble Park, 'To use part of the land to sell liquor (Bottle Shop)' in accordance with the plans submitted with the application subject to the following conditions:

- 1. Before the use starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. The amended plans must be drawn to scale with dimensions shown. The amended plans must be generally in accordance with the plans submitted and assessed with the application but modified to show:**

POLICES & PROCEDURES

Responsible Service of Alcohol Policy

THE TEN & 10 BOTTLE SHOP in the best interest of its patrons, guests and the community promote the Responsible Service of Alcohol.

- All our staff are trained in Responsible Service of Alcohol (RSA).
- A copy of the Statements of Attainments is kept by management in a register for compliance purpose.
- Management and staff constantly reinforce Responsible Service of Alcohol principles and practices in everyday trade.
- Management support staff who practice and enforce Responsible Service of Alcohol.

Minors

Minors under no circumstances will be served alcohol or permitted at the Bottle shop ; minors must be accompanied by a parent or legal guardian (that person being of parental age – minimum 30 years); all patrons are to provide acceptable evidence of age by way of photo identification (any person under the age of 25 may be asked at any time to show proof of age); individuals buying or providing alcohol to a minor will be asked to leave the premises; any minor producing false identification will be asked to leave the premises; management support staff who practice and enforce ID checking.

Acceptable Forms of Identification

- Current Drivers Licence
- Current Passport
- Current 18+ Card
- Victorian Key pass
- Victorian student id

Unduly Intoxicated & Disorderly Patrons

All staff are trained in identifying signs of undue intoxication; unduly intoxicated persons will not be served; management supports staff who do not serve unduly intoxicated patrons; unduly intoxicated patrons will be asked to leave the premises, all efforts will be made by management and staff to ensure unduly intoxicated persons receive a safe mode of transport from the premises e.g. taxi, all staff actively monitor levels of undue intoxication of all patrons, management do not support drinking practices such as binge drinking or encourage irresponsible consumption practices; management seeks to meet its duty of care obligations to all patrons.

Security

The Bottle Shop is always under CCTV operational within the premises indoor and outside of the shop will be held for 30 days.

Staff Training

- Management encourage staff to be trained efficiently and effectively for their job and continue to update their skills as the industry progresses.
- Management ensure all staff are trained in Responsible Service of Alcohol.
- All staff have signed this policy and agree to abide by its contents.
- A register is kept ensuring all staff have read and understand this policy.

ORDINARY COUNCIL MEETING - MINUTES

2.3.4 Town Planning Application - No. 270-272 Railway Parade, Noble Park (Planning Application No. PLN20/0468) (Cont.)

- Regular staff meetings are held to ensure staff are kept informed of changes within the industry, records are kept of all meetings including attendance.
- Staffing levels behind the Bottle shop will always be monitored to ensure responsible service of alcohol is enforced and to ensure a safe environment for all patrons.

Responsible Hospitality Practices

- We provide both non-alcoholic and alcoholic drinks.
- We encourage patrons to monitor and control their consumption of liquor.
- We will supply liquor in standardised quantities that can be recognised by patrons.

Noise and Amenity

- We respect our neighbours and ask our patrons to respect their privacy when entering or leaving the premises.
- We will monitor entertainment and patron noise to comply with all prescribed noise levels.
- We analyse behaviour in and around the surrounding area of the premises.
- We maintain an incident register, recording all incidents on and around the premises.
- We have provided appropriate lighting around the venue for your comfort and safety.
- We have a fire safety evacuation plan which is maintained and reviewed on a regular basis.

Consultation with the Community

- Management regularly attend local licensee forums and meetings.
- We will maintain the up to date file for record any issues relating to the responsible service of alcohol in our local community.
- We regularly receive Liquor Licensing Division updates on responsible service of alcohol issues.
- We pride ourselves on being a responsible community citizen in the local business community.

Compliance with Laws

We comply with all mandatory laws including:

We comply with all laws which enable us to engage in good business practices.

3 QUESTION TIME - PUBLIC

Question

Heather Louis, Keysborough

I am interested to hear how Council will keep our community safe from the potential out of control vehicles which will be entering the Homeco Shopping Centre once Unit 1 has been completed. This unit proximity to the road is a potential disaster waiting to happen. Please consider pedestrians, drivers and children entering this area to the shopping centre for shopping arriving home and being dropped off at the Childcare Centre. I would imagine another 1,000 or so more vehicles will be leaving and entering when these units are occupied.

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes. This estate is privately managed and the internal road network is not managed by Council. Council's involvement with the development primarily involves the planning applications for the site. Assessments were undertaken by the applicant's traffic engineer and reviewed by Council officers at the submission stage. The layout of the estate complied with all relevant requirements of the planning scheme at that point. However, as the development continues, we will undertake further assessments over the next six to 12 months to ensure the matters that the residents are raising can be dealt with in regard to matters of safety but we do need some time to allow those assessments to take place.

Question

Matthew Kirwan, Noble Park

What is the current status and nature of the South East City Deal and what is the projected timeframe for finalisation?

Response

John Bennie PSM, Chief Executive Officer

I could respond in saying that the status of the City Deal is very much dependent on the position of the Federal government and to a lesser extent, the State Government. The City Deal was proposed by the current Federal Government and requires the involvement of both the State Government and Local Governments in this region to make it happen. Regrettably, there has been delays in the implementation of the City Deal. Some of that maybe to do with the fact that previous Minister Tudge, has been redirected to another portfolio and Minister Paul Fletcher is now dealing with it but is also dealing with other matters under other portfolios so for a range of reasons that are probably best known to other spheres of government, there has been a delay in the negotiations and discussions. I can say with some certainty though that the position of what is now Greater South East Melbourne (GSEM) - the eight Councils that represent the South East of Melbourne, is that our position is being made very, very clear to those other spheres of government. We have consistently outlined the needs and aspirations of this regional group of Councils and we have continued to advocate very strongly and very hard for those needs.

3 QUESTION TIME - PUBLIC (Cont.)

If I was to sum up our needs and aspirations and those that we know that are shared by the State and Federal Governments, it is that it is about more jobs and more sustainable jobs. None of us would disagree that what needs to drive this City Deal is the provision of jobs. On that, there is no disagreement but there is not yet agreement in relation to how these aspirations might materialise. I should also add in responding that we are not on our own in the South East. The North and West of Melbourne are similarly seeking to negotiate a City Deal at the same time and they are experiencing exactly the same issues. I will say in closing that we do not despair about the delay because both major parties at the Federal level have a commitment to regionalism and support. It is called 'City Deals under the current Coalition Government'. It is called, 'City Partnerships' under a Labour Government. If there is a further delay that pushes these matters towards an election, we think whether it is a City Deal or a City Partnership, there are still plenty of opportunities to advocate for the South East. In relation to the timeline, clearly I hope in what I have said, it is clear that it is too hard to predict what timeline might exist for the finalisation. I hope that fills in a few gaps.

Question

Matthew Kirwan, Noble Park

It has been great news regarding the two recent State Government grants for the Hemmings Street Precinct in Dandenong however, it is not clear from media reports exactly what, where and when are the improvements happening. Can a web page please be created on the Greater Dandenong website with the final Hemmings Street Precinct Action Plan and details of the nature and timeframes of actions, including the nature, timing and specific locations of the infrastructure or activities that are being funded via these two State Government announcements?

Comment

John Bennie PSM, Chief Executive Officer

Input to this response is naturally provided through the Community Services Directorate but Ms Kylie Sprague can respond to the thrust of the question.

Response

Kylie Sprague, Executive Manager, Communications and Customer Service

Greater Dandenong Council is certainly very grateful for the contribution to community safety and would like to thank the State Government for that. The grant through the Building Safer Communities Program will incorporate CCTV, improved lighting, landscaping, streetscape upgrades and community engagement events to improve safety and perceptions of safety in the Hemmings Street Precinct of Dandenong. The funding agreement is currently being finalised and the timing of the works and community consultation will be confirmed following this. Council's website will then be updated to include the action plan, reflect the confirmed project timelines and highlight consultation methods, developing partnerships and a variety of planned events once that is all confirmed.

3 QUESTION TIME - PUBLIC (Cont.)

Question

Silvia Mastrogiovanni, Dandenong

I have some questions about the Dandenong Community Hub consultation report that will be released to the public:

- a) Will the summary be as detailed as the Keysborough South Community Hub public consultation report last year and if not, why not?
- b) In particular, will the Dandenong Community Hub consultation report separate out what Dandenong residents have said they want rather than what not for profit and other community organisations say they want whose needs often regional, may be very different to what Dandenong residents need?
- c) When is the Dandenong Community Hub consultation report going to be made public?

Response

Jim Davine, Acting Director Community Services

Feedback was received in a range of formats online through scheduled workshops, through interviews with groups and individuals and through consultation with internal and external stakeholders. The results from this introductory round of consultation and engagement concerning the Dandenong Community Hub were not recorded verbatim, as this was never a requirement requested by Council in a Notice of Motion nor committed in discussions with community representatives. Consultation results and themes will be summarised in the next phase of public engagement concerning the draft concept plan and also incorporated into the draft business case. The results will certainly draw a distinction between that feedback provided by individual members of the public and that which was provided by community organisations.

Question

Dom Boccari, Keysborough

We in Keysborough South are having too many trucks using Chapel Road as a short cut to the Dandenong Bypass or Cheltenham Road from Hutton Road to the Bypass as well as coming back along Cheltenham Road onto the Dandenong Bypass using Chapel Road to get to Hutton Road. We understand there is a need for our local garbage collection, removalist trucks and fire trucks to use this road. How can Council assist us to remove these trucks from Chapel Road especially knowing there are 2 schools and a soon to be community hub on Chapel Road?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Council is aware that there have been some increase in truck use of Chapel Road over the last year. Some of this has been generated by trucks accessing development sites on Chapel Road itself within the estate as well as further down Chapel Road south of Hutton Road. We believe much of this will be temporary and the truck volumes are anticipated to decrease. There has also been some increase in truck traffic on Chapel Road which coincided with the reduction on Perry Road, most likely as a result of some traffic calming installed on that road last year. The most effective way to reduce truck traffic is through the introduction of vertical displacement devices such as platforms or speed humps.

3 QUESTION TIME - PUBLIC (Cont.)

Council typically funds upgrades to streets for safety and amenity reasons through our Local Area Traffic Management and active transport infrastructure programs. There is a limited budget and the funds are prioritised at the locations within the municipality with the greatest need, usually based on issues around safety and speed. Currently, other streets within the municipality are a higher priority due to greater risk. However, Traffic Engineers are monitoring traffic volumes on Chapel Road and the increase proportion of trucks may alter future assessment of relative priority at this location. We will also continue to discuss truck movements with the Department of Transport and seek information on recent truck movements from Eastlink to see whether or not they can provide us with additional data on where they believe trucks are entering and exiting from Eastlink itself through the tolling system that they use so there is some further work and assessment to be done.

Question

Gaye Guest, Keysborough

(a) We would appreciate the rumour mill being squashed or at least clarified given there has been no consultation or information from either Council or the Ward Councillor. In 2018, Council refused an application for a child care centre on the corner of Fabian Court and Chapel Road in Keysborough. The house is now fenced off and residents are deeply concerned that the original proposal is going ahead. Can Council please tell the residents what is happening on this block?

(b) Residents are complaining bitterly now about Chapel Road in this landlocked piece of Keysborough, finding the heavy peak hour traffic a nightmare to negotiate neighbouring streets as motorists ignore the keep clear road marking at Sunnysvale Crescent. Yes, it is peak hour and school runs but as another has indicated the tolls on Eastlink of \$1.72 per trip per toll are pushing more heavy duty vehicles onto our suburban roads as companies or owner drivers avoid these tolls as they add nearly \$10 a day to their overheads and large companies are looking to reduce costs where they can. What can be done to improve the flow of traffic on Chapel Road given you have allowed 4 more estates to be built (approx 450 more dwellings times a minimum of 2 cars per dwelling) that will add to the volume of traffic using that section of the road daily? Why is it always left up to the residents to point out the shortcomings of planning decisions when rules and laws are set in place to prevent these issues and this is not the first time Council has been questioned on this particular problem?

Response

Jody Bosman, Director City Planning, Design and Amenity

In response, I can advise the following:

(a) The application was tabled at the Council meeting of 10 September 2018 where Council resolved to refuse the application. The applicant appealed the decision to VCAT and Council's decision was set aside and VCAT ordered that a permit be issued. The application number is PLN18/0015 for reference and was issued on 11 October 2019 at the order of VCAT. The plans which were submitted to Council as well as the subsequent plans considered by VCAT showed the access off Fabian Court. The development that is going ahead is in accordance with those endorsed plans which as I say, were endorsed at the order of VCAT again, show access from off Fabian Court and within the conditions of the permit, there is nothing which denies any access from off Fabian Court. The question as to

3 QUESTION TIME - PUBLIC (Cont.)

what is being developed on site - it is the childcare centre with the access off Fabian as was presented to this Council which Council refused and which ultimately an endorsement of plans was issued at the order of VCAT.

With regards to the traffic aspect of the question, Mr Kearsley has confirmed that his earlier response to Mr Boccari also addresses the traffic concerns raised by Ms Guest in this question.

Question

Dom Boccari, Keysborough

Why has one Council officer been allowed to approve a corner building at Lot 1 near Homeco on Cheltenham Road to be built so close to the road even if the building meets unsafe building standards? This individual building does not suit the surrounding buildings aesthetics in the area and highly possibly our municipality. How was this allowed and how will our Council and local State Members of Parliament correct this error of judgement?

Response

Jody Bosman, Director City Planning, Design and Amenity

As Mr Boccari himself states in his question, the building meets building standards. I can confirm the site is of mixed use zone, is covered by Development Plan Overlay and Development Plan 8 and amendments thereto have been approved in accordance with all planning provisions and procedures. An earlier planning permit approved the use or uses on that site of restricted retail and food and drink premises. In November 2017, a permit was issued for a multiunit residential development on the site, all in accordance and compliance with the various planning and building legislations applicable. A recent inspection of the development shows that it complies with all approvals and permits. I note two detailed questions in this development were asked and answered at the previous Council meeting and I refer Mr Boccari to the minutes of that meeting for these. I note Mr Boccari's personal opinion on the aesthetics of the building but offer no comment on this as these opinions of aesthetics as is generally the case in art and architecture, are very individual in nature.

Question

Dom Boccari, Keysborough

What is our Council doing to earn the trust of all of the residents of the City of Greater Dandenong?

3 QUESTION TIME - PUBLIC (Cont.)

Response

John Bennie PSM, Chief Executive Officer

It is a very narrow question and I am not even sure that I could fully understand the expectation that Mr Boccari has. I might assume it relates to the previous item that has been addressed by Mr Bosman but I could be wrong. If in fact it is a broader question with a broader context so I would be very happy to respond in detail to Mr Boccari about the extensive work that this Council undertakes on behalf of its community and does so under independent and assessment and audit to very high standards. I would invite Mr Boccari to contact me by email to clarify the question. I would be more than happy to respond. Any response I provide will be included in the minutes of the next meeting.

John Bennie PSM, Chief Executive Officer tabled a listing of responses to questions taken on notice/requiring further action at the previous Council meeting. A copy of the responses is provided as an attachment.

3 QUESTION TIME - PUBLIC (Cont.)

PUBLIC QUESTIONS TAKEN ON NOTICE/REQUIRING FURTHER ACTION

| Date of Council Meeting | Question Asked By | Subject & Summary of Question | Responsible Officer | Date of Completion | Summary of Response |
|-------------------------|----------------------------|---|---|--------------------|--|
| 15/06/21 PQT20 | Nataly Tormey, Keysborough | <p>Pedestrian safety/road safe review for Keysborough townhouse area (8 parts):</p> <ul style="list-style-type: none"> (1) Pedestrian safety from the estate to the shops. (2) Pedestrian safety from the estate to the bus stop or surrounds. (3) Pedestrian safety from the shops to the footpath on centre Dandenong road. (4) Safety of kids at the childcare centre when walking to centre. (5) Safety for families within the estate - no footpaths. (6) Lot 1, which is unsafe and seems to be approved in 2018, a late approval. (7) Residents parking at shops increasing safety issues for residents. (8) Visitors parking - limited availability. | Director Business, Engineering and Major Projects | 23/06/21 | <p>Initial response provided 15/06/21: Due to the nature of the questions, not just in numbers but also with regards to matters dealing with the safety of children and the need to have conversations with our town planners with regards to how the development came about, I will take all eight questions on notice and respond directly to Ms Tormey.</p> <p>Further response provided 23/06/21: This estate is privately-managed and the internal road network is therefore not managed by Council. Council's involvement with the development primarily involved the assessment and processing of the Planning Applications for the site. Council must assess such applications against the Greater Dandenong Planning Scheme, which is heavily based around the Victorian Planning Provisions. These provisions dictate what Councils can expect with regards to items such as footpath provision and parking by developers. There is a significant number of footpaths shown throughout the site, which connect to both Cheltenham Road and the homemaker centre. (A detailed copy of the plan was included in the response email to Ms Tormey.) The degree of footpath provision within this private development is well in excess of many other similar developments and certainly that</p> |

Question Time Public – Questions Taken on Notice & Requiring Further Action

3 QUESTION TIME - PUBLIC (Cont.)

| Date of Council Meeting | Question Asked By | Subject & Summary of Question | Responsible Officer | Date of Completion | Summary of Response |
|-------------------------|-------------------|-------------------------------|---------------------|--------------------|---|
| | | | | | <p>required under the planning scheme. While there is a comprehensive footpath network, it is also common for privately managed roads to be designed with no footpath, provided the design of the road ensures vehicle speeds are low. Such designs in low-speed environments are supported by the planning scheme. There are several pedestrian connections between the shopping centre and the footpath on Cheltenham Road. These run down the centre of the shopping centre's car park and just to the west of the KFC. Each dwelling has car parking in accordance with the Planning Scheme (one space for one or two bedroom dwellings, and two spaces for three or more bedroom dwellings). 26 visitor spaces are provided, which is in excess of the number required under the Planning Scheme (23 required).</p> <p style="text-align: right;">COMPLETED</p> |

At the Ordinary meeting of Council on Monday, 24 March 2014, Council resolved to change the way Councillors and Public questions taken on notice are answered and recorded from 14 April 2014 meeting of Council onwards.

4 OFFICERS' REPORTS - PART TWO

4.1 FINANCE AND BUDGET

4.1.1 Revenue and Rating Plan 2021-2025

Revenue and Rating Plan 2021-2025

1. Report Summary

The purpose of the Revenue and Rating Plan is to determine the most appropriate and affordable revenue and rating approach which in conjunction with other income sources will provide the available revenue against which the priorities in the Council Plan can be matched for the City of Greater Dandenong.

The Revenue and Rating Plan 2021-2025 is a new requirement for councils. It provides a medium-term plan for how Council will generate income over a four-year period and adopt by 30 June after a Council election. This plan has been compiled in accordance with the [Local Government Act 2020](#) (*the Act*).

Council has undertaken community engagement as part of the process of developing this Plan, inviting feedback and submissions. Whilst deliberative community engagement is not prescribed for a Revenue and Rating Plan in either the Local Government Act 2020, or the Local Government (Planning and Reporting) Regulations 2020, the Revenue and Rating Plan 2021-2025 was placed on public exhibition for 28 days during May for the purposes of inviting public submissions. Two submission was received.

2. Recommendation Summary

This report recommends that Council adopts the Revenue and Rating Plan 2021-2025.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

3. Background and Discussion

The purpose of the Revenue and Rating Plan is to determine the most appropriate and affordable revenue and rating approach for Council. This Plan replaces Council's Rating Strategy and Pricing Policy.

The *Local Government Act 2020* requires each Council to prepare a Revenue and Rating Plan to cover a period of four years following each Council election. The Revenue and Rating Plan 2021-2025 establishes the revenue raising framework within which the Council proposes to work. This plan is an important part of Council's integrated planning framework, all of which is created to achieve our vision in the Community Plan.

In an ideal world this plan would outline how Council will generate income to deliver on the Council Plan, program and services and capital works commitments over a 4-year period. The reality is that with capped rates and government grants representing over 80% of Councils income, Councils ability to increase revenue to match expenditure requirements is limited. The Plan instead defines the revenue and rating 'envelope' within which Council proposes to operate.

This plan will set out the decisions that Council has made in relation to rating options available to it under the *Local Government Act 2020* to ensure the fair and equitable distribution of rates across property owners. It will also set out the robust principles and practices for fee and charge setting and other revenue items to ensure Council's commitment to responsible financial management is achieved, while at the same time continuing to provide high quality, accessible services to the community.

It is also important to note that this plan does not set revenue targets for Council, it outlines the strategic framework and decisions that inform how Council will go about calculating and collecting its revenue.

At present the legislative provisions that outline rates and charges are still contained in the *Local Government Act 1989* pending a transition to the *Local Government Act 2020*.

The selection of rating philosophies and the choice between the limited rating options available under the *Local Government Act 1989* is a difficult one for all Councils and it is most likely that a perfect approach is almost impossible to achieve in any local government environment.

The purpose of plan is therefore to consider what rating options are available to Council under the *Local Government Act 1989*, and how Council's choices in applying these options contribute towards meeting an equitable rating strategy.

It is important to note at the outset that the focus of this Plan is very different to that of the Long-Term Financial Plan document/Annual Budget. In these latter documents the key concern is the quantum of rates required to be raised for Council to deliver the services and capital expenditure required. In this Plan, the focus instead is on how the obligation to pay this quantum will be equitably distributed amongst Council's ratepayers.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

The Revenue and Rating Plan 2021-2025 recommends the following applications (in summary):

3.1 Submissions

In respect of the Revenue and Rating Plan 2021-2025, Council received two submissions for consideration and Council's proposed response is summarised below:

Submission 1 Tam Nguyen, exploring other funding avenues including grants and not increasing residential rates.

This submission raised that Council should not increase residential rates for the community and explore other funding avenues including grants. This would be a significant way Council can directly help and support residents.

Council response

Council maximises the level of grants and subsidies received from Victorian and Australian Governments to achieve a better share of government taxes for the Greater Dandenong community. Funds received from other levels of government will normally be expected to meet the full direct and indirect costs of providing those services. In some cases, Council subsidises the service where grants are received. Most grants received by Council also come with tied conditions where Council is required to match the level of grant funding or provide additional contributions.

Submission 2 Roger Stone, exploring other funding avenues including grants and not increasing residential rates.

This submission was also a Budget 2021-22 submission. This submission sought Council to decrease the current level of rates and aim to provide services at a level provided by Monash. The submission also indicated that the ward the ratepayer resides in be moved to the City of Monash because rates would be at least 10% lower. The submission also expressed concern over the new proposed high-density residences at the current Sandown race course.

Council response

Council boundaries are not set by Council but are established by State Government and Council has no role in responding to this request.

The operating costs of both Monash and Greater Dandenong are essentially similar with this Council operating at a slightly higher cost based on the Proposed 2021-22 Budgets. The service levels offered by both Councils are also equivalent.

Given therefore that both Councils need to raise essentially a similar amount of revenue to meet these operational costs, it then becomes a balancing act between the three key sources of revenue available to Councils which are rates, government grants and fees and charge revenue.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

The most significant difference between Monash and Greater Dandenong is the access to a greater degree of fee revenue, which essentially subsidises the amount required from rates. Rates and charges as a percentage of total revenue for both councils is around 65% however fee revenue at Monash represents around 16% compared to Greater Dandenong's 7%.

The rate in the dollar is also impacted upon by the average valuations of each Council. Monash has a greater percentage of residential properties (92%) than Greater Dandenong Council (84%) which assists in establishing an average valuation per property that is higher than Monash. With this higher average valuation – and similar revenue needs – Monash are therefore able to levy a lower rate in the dollar to achieve the same outcome.

No changes have been made to the Revenue and Rating Plan as a result of the submissions received.

3.2 Rates and charges

- a. That Council continue to use the CIV valuation base for the purposes of raising rates.
- b. That Council continues to use differential rating in distributing the rating burden.
- c. That the existing Industrial differential surcharge of 275 per cent increase to 280 per cent to mitigate the impacts of the 2021 Council revaluation on the residential sector.
- d. That Council annually reviews its differential rating structure, taking account of the annual impact of revaluations and including the equitable application of taxation principles.
- e. That no municipal charge be applied.
- f. That Council continue to utilise a waste service charge based on full cost recovery.
- g. That maintenance levies for subdivisions with a higher open space component continue to be applied.
- h. That Council continues to provide the current range of rate payment options in future years – including the mandatory instalment rate payment methodology.
- i. That Council continues to maintain the rates arrangements, deferral and waiver procedures as documented in the Rates and Charges Hardship Policy and further review its Rates and Charges Hardship Policy on the release of the Victorian Ombudsman report.

3.3 Other revenue

- j. That Council services are provided based on one of three pricing methods – full cost recovery pricing, subsidised pricing and market pricing.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

3.4 Impacts of the 2021 Revaluation

One of the key influencers on the rating plan is the impacts of the 2021 revaluation on Councils existing differential rating structure. A revaluation does NOT provide Council with any additional rate revenue but can significantly re-align how rates are distributed between ratepayers at both a rating group and individual level.

The below table highlights the impact of the 2021 Council revaluation.

| Type or class of land | Forecast 2020-21 Revaluation CIV \$'000 | Budget 2021-22 Revaluation CIV \$'001 | Movement in valuations % |
|----------------------------|---|---|--------------------------------|
| General | 33,787,898 | 33,388,805 | (1.18%) |
| Commercial | 4,252,109 | 3,976,656 | (6.48%) |
| Industrial | 12,204,198 | 11,970,529 | (1.91%) |
| Vacant residential | 383,549 | 394,343 | 2.81% |
| Farm | 344,014 | 369,435 | 7.39% |
| Total value of land | 50,971,767 | 50,099,767 | (1.71%) |

The table highlights that overall Council properties have decreased by 1.71 per cent over the past year (1 January 2020 to 1 January 2021). Residential, commercial and industrial valuations have all experienced a decrease. Farm and residential vacant valuations, on the other hand, have increased from the prior year by 7.39% and 2.81% respectively.

Council needs to be mindful of the impacts of revaluations on the various property types in implementing the differential rating strategy to ensure that rises and falls in Council rates remain affordable and that rating 'shocks' are mitigated to some degree.

By way of example the table below highlights the rating impact on the various rating types should Council retain the current rate differential structure (outcomes are based on the proposed annual increase in rates of 1.50 per cent in 2021-22).

| Type or class of land | Proposed Rates 2021-22 \$'000 | % increase 2020-21 to 2021-22 |
|-----------------------|--|-------------------------------------|
| General | 58,088 | 2.35% |
| Commercial | 13,145 | (3.13%) |
| Industrial | 57,270 | 1.59% |
| Vacant residential | 1,029 | 6.49% |
| Farm | 482 | 11.23% |
| Total rates | 130,014 | 1.50% |

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

As shown in the table the rating experiences between rating groups is reasonably dynamic with residential properties on average increasing by 2.35 per cent and farm properties increasing by 11.23 per cent. The commercial sector has been the weakest experiencing a decrease of 3.13%.

This disparity in the valuation movements means that unless Council adjusts its differential rating structure, residential rates would increase by an average of 2.35%.

On this basis, it is recommended that the following differential rates be applied.

| Type or class of land | Existing rating differential 2020-21 | Proposed rating differential 2021-22 | % increase 2020-21 to 2021-22 |
|-----------------------|--------------------------------------|--------------------------------------|-------------------------------|
| General (residential) | 100% | 100% | 1.54% |
| Commercial | 190% | 190% | -3.90% |
| Industrial | 275% | 280% | 2.62% |
| Vacant residential | 150% | 150% | 5.65% |
| Farm | 75% | 75% | 10.35% |
| Total | | | 1.50% |

The proposed model above increases the differential on industrial properties by 5% to 280% which reduces the average residential rate increase to 1.54% keeping it close to the rate cap (1.50%). This model also retains the decrease in commercial rates at 3.90% (this sector is probably weaker than the industrial sector at present indicated by the level of valuation decreases in these sectors in 2021).

On this basis, it is recommended that the existing differential rating structures be amended to take account of the impacts of the 2021 Council revaluation.

4. Proposal

That Council adopt the Revenue and Rating Plan 2021-2025.

5. Financial Implications

The Revenue and Rating Plan has no direct financial implications for Council and does not amend the overall amount of rate revenue to be raised by Council within the rate cap.

6. Consultation

In accordance with Council's Community Engagement Policy under the Local Government Act 2020, the following consultation occurred:

The Revenue and Rating Plan 2021-2025 was made available for community consultation for a period of 28 days (28 April 2021 to 26 May 2021). Public notice of the Plan for the Greater Dandenong City Council was given on 28 April 2021. The Revenue and Rating Plan was further advertised on Council's website and displayed at Council's customer service centres and libraries. Submissions were invited from the community and two submissions were received.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

7. Community Plan 'Imagine 2030' and Council Plan 2017-21 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

Opportunity

- *Leadership by the Council – The leading Council*

8. Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. Council is currently working towards developing a Vision and new Council Plan, extensive Community Consultation is being carried out to inform these documents. Until the new Council Plan is in place (due October 2021), the Revenue and Rating Plan has been prepared on the existing Council Plan format. This report is consistent with the following goals:

People

- A vibrant, connected and safe community
- A creative city that respects and embraces its diversity

Place

- A healthy, liveable and sustainable city
- A city planned for the future

Opportunity

- A diverse and growing economy
- An open and effective Council

9. The Overarching Governance Principles of the *Local Government Act 2020*

Section 9 of the *Local Government Act 2020* states that a Council must in the performance of its role give effect to the overarching governance principles.

This Plan gives effect to these by:

- complying with the relevant law (section 9(2)(a) of the Act);
- giving priority to achieving the best outcomes for the municipality, including future generations (section 9(2)(b) of the Act). This policy ensures that in relation to community engagement practices, Council Officers are compliant, act with integrity and act in the best interests of Council and the community.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

- the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is promoted (section 9(2)(c) of the Act). This policy has no impact on the economic and social sustainability of Council but has considered climate change and sustainability in its preparation (see section 13 of this policy).
- innovation and continuous improvement have been pursued (section 9(2)(e) of the Act). This policy has provision for evaluation, monitoring and review (see section 10 of this policy).
- collaboration with other Councils and Governments and statutory bodies has been sought (section 9(2)(f) of the Act).
- transparency of Council decisions, actions and information is ensured by the enactment of this policy (section 9(2)(i) of the Act).

In giving effect to the overarching governance principles a Council must also consider the principles and specific requirements of the Local Government Act 2020 relevant to the development of a Revenue and Rating Plan. Key provisions are:

- Section 89: Strategic Planning Principles
- Section 93: Revenue and Rating Plan
- Section 101: Financial Management Principles
- Section 106: Service Performance Principles.

10. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

The Victorian Charter of Human Rights and Responsibilities Act 2006 has been considered in relation to whether any human right under the Charter is restricted or interfered with in any way by enacting any part of this Plan. It is considered that the Plan is consistent with the rights outlined in the Charter.

11. The Gender Equality Act 2020

The *Gender Equality Act 2020* requires that Council completes Gender Impact Assessments (GIA) on all new policies, programs and services that directly and significantly impact the public including those that are up for review as from 31 March 2021.

Whilst the most significant revenue amounts in Councils Annual Budget and Long-Term Financial Plan arises from Rates and Charges and Government Grants, Council has little control over either of these processes. Rates are essentially a property tax based on a high degree of legislative guidance and grants are determined by the State and Federal Governments. Fees and Charges represent our third highest level of revenue and is the area that Council has the most discretion over.

In the present 2021-22 Annual Budget, Fees and Charges were established prior to the 31 March 2021 and did not include a process for assessing any gender impact of the proposed fee.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

For future periods, Council will amend its Revenue and Rating Plan which includes a Pricing Policy guideline for the setting of fees and charges to include the requirement for fees to have a GIA completed for all major fee areas.

12. Consideration of Climate Change and Sustainability

Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 and the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability have been considered in the preparation of this policy.

Funding and support of Climate Change initiatives will be considered as part of the preparations of the Council Plan, Annual Action Plan and the Annual Budget. Revenues derived from the Revenue and Rating Plan will support the delivery of these actions, but it is not considered this plan has any other direct links.

This is due to the fact outlined in the introduction of the Plan where Council is unable to either introduce any special rate or levy to support and fund climate change and that its revenue amounts are to a large extent capped by either rate capping or state government grant approvals.

13. Related Council Policies, Strategies or Frameworks

The strategies, plans and policies that contribute to the Plan are as follows:

- Budget 2021-22
- Proposed Long Term Financial Plan 2022-2031
- Financial Management Policy

14. Conclusion

The Revenue and Rating Plan replaces the previous rating strategy and pricing policy and contains relatively few changes from the rating structure adopted at that point other than an increase in the surcharge applied to industrial land amendments to the differential rate structure to mitigate movements due to the revaluation. It is considered that this rating structure provides an equitable outcome for the ratepayers of the City of Greater Dandenong

15. Recommendation

That Council adopts the Revenue and Rating Plan 2021-2025.

MINUTE 193

Moved by: Cr Rhonda Garad
Seconded by: Cr Richard Lim

That Council adopts the Revenue and Rating Plan 2021-2025.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

1. PURPOSE

The purpose of the Revenue and Rating Plan is to determine the most appropriate and affordable revenue and rating approach for Council which, in conjunction with other income sources, will adequately finance the objectives in the Council Plan.

The *Local Government Act 2020* requires each Council to prepare a Revenue and Rating Plan to cover a minimum period of four years following each Council election. The Revenue and Rating Plan establishes the revenue raising framework within which the Council proposes to work. This plan is an important part of Council's integrated planning framework, all of which is created to achieve our vision in the Imagine 2030 Community Plan.

Strategies outlined in this plan align with the objectives contained in the Council Plan and will feed into our budgeting and long-term financial planning documents, as well as other strategic planning documents under our Council's strategic planning framework.

In an ideal world this plan would outline how Council will generate income to deliver on the Council Plan, program and services and capital works commitments over a 4-year period. The reality is that with capped rates and government grants representing over 80% of Councils income, Councils ability to increase revenue to match expenditure requirements is limited. The Plan instead defines the revenue and rating 'envelope' within which Council proposes to operate.

This plan will explain how the funding burden will be apportioned between ratepayers and other users of Council facilities and services.

In particular, this plan will set out the decisions that Council has made in relation to rating options available to it under the *Local Government Act 2020* to ensure the fair and equitable distribution of rates across property owners. It will also set out the robust principles and practices for fee and charge setting and other revenue items to ensure Council's commitment to responsible financial management is achieved, while at the same time continuing to provide high quality, accessible services to the community.

It is also important to note that this plan does not set revenue targets for Council, it outlines the strategic framework and decisions that inform how Council will go about calculating and collecting its revenue.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

2. INTRODUCTION

The City of Greater Dandenong provides a number of services and facilities to our local community, and in doing so, must collect revenue to cover the cost of providing these services and facilities.

Council's revenue sources include:

- Rates and charges
- Waste charges
- Grants from other levels of Government
- Statutory Fees and Fines
- User Fees
- Cash contributions from other parties (i.e. developers, community groups)
- Sale of assets. (*)

Rates and charges are the most significant revenue source for Council and constitutes approximately 72% of total revenue, with 9% of income from operating and capital grants, 9% of raised through user fees, statutory fines and charges (based on actual results prior to COVID-19 and excludes non-monetary contributions).

(*) Sale of assets is a non-recurring source of income and does not form part of this revenue and rating plan

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

The introduction of rate capping under the Victorian Government's rate capping legislation has brought a renewed focus on Council's long-term financial sustainability. Rate capping continues to restrict Council's ability to raise revenue above the rate cap unless application is made to the Essential Services Commission for a variation. Maintaining service delivery levels and investing in community assets remain key priorities for Council.

Council provides a wide range of services to the community, often for a fee or charge. The nature of these fees and charges generally depends on whether they relate to statutory or discretionary services. Some of these, such as statutory planning fees are set by State Government statute and are commonly known as regulatory fees. In these cases, Council usually have no control over service pricing. However, in relation to other services, Council has the ability to set a fee or charge and will set that fee based on the principles outlined in this Revenue and Rating Plan.

Council revenue can also be adversely affected by changes to funding from other levels of government. Some grants are tied to the delivery of council services, whilst many are tied directly to the delivery of new community assets, such as roads or sports pavilions. It is important for Council to be clear about what grants it intends to apply for, and the obligations that grants create in the delivery of services or infrastructure.

Themes and strategic objectives of Council

The Revenue and Rating Plan is required to meet the objectives set out in the Council Plan. Council needs to ensure the plan it adopts is capable of raising sufficient income to deliver the three themes set out in the Council Plan.

- **People**
 - A vibrant, connected and safe community
 - A creative city that respects and embraces its diversity
- **Place**
 - A healthy, liveable and sustainable city
 - A city planned for the future
- **Opportunity**
 - A diverse and growing economy
 - An open and effective Council

NB: Council is currently undertaking a review of its Council Plan prior to 31 October 2021.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

3. RESPONSE TO THE OVERARCHING GOVERNANCE PRINCIPLES OF THE LOCAL GOVERNMENT ACT 2020

Section 9(1) of the Local Government Act 2020 states that a Council must in the performance of its role give effect to the overarching governance principles. This Plan gives effect to these by:

- complying with the relevant law (section 9(2)(a) of the Act);
- giving priority to achieving the best outcomes for the municipality, including future generations (section 9(2)(b) of the Act). This policy ensures that in relation to community engagement practices, Council Officers are compliant, act with integrity and act in the best interests of Council and the community.
- the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is promoted (section 9(2)(c) of the Act). This policy has no impact on the economic and social sustainability of Council but has considered climate change and sustainability in its preparation (see section 13 of this policy).
- innovation and continuous improvement have been pursued (section 9(2)(e) of the Act). This policy has provision for evaluation, monitoring and review (see section 10 of this policy).
- collaboration with other Councils and Governments and statutory bodies has been sought (section 9(2)(f) of the Act).
- transparency of Council decisions, actions and information is ensured by the enactment of this policy (section 9(2)(i) of the Act).

In giving effect to the overarching governance principles a Council must also consider the principles and specific requirements of the Local Government Act 2020 relevant to the development of a Revenue and Rating Plan. Key provisions are:

- Section 89: Strategic Planning Principles
- Section 93: Revenue and Rating Plan
- Section 101: Financial Management Principles
- Section 106: Service Performance Principles.

4. COMMUNITY ENGAGEMENT

Deliberative community engagement is not prescribed for a Revenue and Rating Plan in either the Local Government Act 2020, or the Local Government (Planning and Reporting) Regulations 2020. However, community engagement will be undertaken on Council's Revenue and Rating Plan in accordance with the Community Engagement Policy.

The Revenue and Rating Plan outlines Council's decision-making process on how revenues are calculated and collected. The following public consultation process took place to ensure consideration and feedback from relevant stakeholders:

- Proposed Revenue and Rating Plan prepared and endorsed in principle by Council at its meeting in April 2021.
- Proposed Revenue and Rating Plan placed on public exhibition for 28 days in conjunction with the Budget calling for public submissions.
- Hearing of public submissions in May/June.
- Revenue and Rating Plan (with revisions) presented to June Council meeting for adoption.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

5. RATES AND CHARGES

At present the legislative provisions that outline rates and charges are still contained in the *Local Government Act 1989* pending a transition to the *Local Government Act 2020*

The selection of rating philosophies and the choice between the limited rating options available under the *Local Government Act 1989* is a difficult one for all Councils and it is most likely that a perfect approach is almost impossible to achieve in any local government environment.

The purpose of plan is therefore to consider what rating options are available to Council under the *Local Government Act 1989*, and how Council's choices in applying these options contribute towards meeting an equitable rating strategy.

It is important to note at the outset that the focus of this Plan is very different to that of the Long-Term Financial Plan document/Annual Budget. In these latter documents the key concern is the quantum of rates required to be raised for Council to deliver the services and capital expenditure required. In this Plan, the focus instead is on how the obligation to pay this quantum will be equitably distributed amongst Council's ratepayers.

Council rates are a property-based tax that allow Council to raise revenue to fund essential public services and major initiatives to benefit the municipal population. The important feature of rates is that they are a tax and not a fee for service.

Importantly, it is a taxation system that includes flexibility for councils to utilise different tools in its rating structure to accommodate issues of equity and to ensure fairness in rating for all ratepayers.

Council has established a rating structure comprised of two key elements. These are:

- **General rates** – Based on values (using the Capital Improved Valuation methodology), which is indicative of capacity to pay and form the central basis of rating under the *Local Government Act 1989*.
- **Fixed charges** – a fixed service charge to recoup the full cost of waste services. A user pays component for council services to reflect the benefits provided by Council who benefit from the waste services. The charge is not capped under the Fair Go Rates System.

Striking a proper balance between these elements will help to improve equity in the distribution of the rate burden across residents.

Council makes a further distinction when applying general rates by applying rating differentials based on the purpose for which the property used. That is, whether the property is used for residential, commercial/industrial, farming and vacant residential purposes. The distribution is based on the concept that different property categories should pay a fair and equitable contribution, taking into account the benefits those properties derive from the local community.

The City of Greater Dandenong rating structure comprises five differential rates (general, commercial, industrial, farm and vacant residential land). These rates are structured in accordance with the requirements of Section 161 'Differential Rates' of the *Local Government Act 1989* and the Ministerial Guidelines for Differential Rating 2013.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

The differential rates are set as follows:

- Residential (General) 100%
- Commercial 190%
- Industrial 280%
- Residential – Vacant Land 150%
- Farm 75%

The formula for calculating General Rates, excluding any additional charges, arrears or additional supplementary rates is

- Property Valuation (Capital Improved Value) x Rate in the Dollar (Differential rate type)

The rate in the dollar for each rating differential is included into Council's annual budget.

Rates and charges are an important source of revenue, accounting for approximately 72% of operating revenue received by Council. The collection of rates is an important factor in funding Council services.

Planning for future rate increases is therefore an essential component of the long-term financial planning process and plays a significant role in funding both additional service delivery and the increasing costs related to providing Council services.

Council is aware of the balance between rate revenue (as an important income source) and community sensitivity to rate increases. With the introduction of the State Government's rate capping legislation, all rate increases are capped to a rate declared by the Minister for Local Government, which is announced in December for the following financial year

Council currently utilises a waste service charge to recoup the full cost of waste services including collection, disposal, street sweeping, footpath sweeping, state government landfill levies, plus street and drain litter collection. The waste service charge is not capped under the rate cap.

Council provided some rate exemptions (i.e. non-rateable properties) under provisions contained in section 154(1) & (2) of the *Local Government Act 1989*. Exceptions include land owned by Government, land used for public or municipal purposes, land used for charitable purpose (does not include retail sale of goods or business for profit), the residence of a practicing Minister of Religion, Mining and Forestry land, and defined Services Clubs.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

5.1 Rating Legislation

The legislative framework set out in the *Local Government Act 1989* determines council's ability to develop a rating system.

Section 155 of the *Local Government Act 1989* provides that a Council may declare the following rates and charges on rateable land.

- General rates under Section 158
- Municipal charges under Section 159
- Service rates and charges under Section 162
- Special rates and charges under Section 163.

Council does not charge rate payers a municipal charge nor does Council currently apply any special rates or charges.

The recommended strategy in relation to municipal charges, service rates and charges and special rates and charges are discussed later in this document.

In raising Council rates, Council is required to primarily use the valuation of the rateable property to levy rates. Section 157 (1) of the *Local Government Act 1989* provides Council with three choices in terms of which valuation base to utilise. They are: Site Valuation, Capital Improved Valuation (CIV) and Net Annual Value (NAV).

The advantages and disadvantages of the respective valuation basis are discussed further in this document. Whilst this document outlines Council's strategy regarding rates revenue, rates data will be contained in the Council's Annual Budget as required by the *Local Government Act 2020*.

Section 94(2) of the *Local Government Act 2020* states that Council must adopt a budget by 30 June each year (or at another time fixed by the Minister) to include:

- a) the total amount that the Council intends to raise by rates and charges;
- b) a statement as to whether the rates will be raised by the application of a uniform rate or a differential rate;
- c) a description of any fixed component of the rates, if applicable;
- d) if the Council proposes to declare a uniform rate, the matters specified in section 160 of the *Local Government Act 1989*;
- e) if the Council proposes to declare a differential rate for any land, the matters specified in section 161(2) of the *Local Government Act 1989*;

Section 94(3) of the *Local Government Act 2020* also states that Council must ensure that, if applicable, the budget also contains a statement –

- a) that the Council intends to apply for a special order to increase the Council's average rate cap for the financial year or any other financial year; or
- b) that the Council has made an application to the ESC for a special order and is waiting for the outcome of the application; or
- c) that a special Order has been made in respect of the Council and specifying the average rate cap that applies for the financial year or any other financial year.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

This plan outlines the principles and strategic framework Council will utilise in calculating and distributing the rating burden to property owners, however, the quantum of rate revenue will be determined in City of Greater Dandenong's Budget.

In 2019 the Victorian State Government conducted a Local Government Rating System Review. The Local Government Rating System Review Panel presented their final report and list of recommendations to the Victorian Government in March 2020. The Victorian Government subsequently published a response to the recommendations of the Panel's report. However, at the time of publication the recommended changes have not yet been implemented, and timelines to make these changes have not been announced.

5.2 Rating Principles

Having determined that Council must review its rating strategy in terms of the equitable imposition of rates and charges, it is a much more vexed question in terms of how to define and determine what is in fact equitable in the view of Council.

When developing a rating strategy, with reference to differential rates, Council should consider the following good practice taxation principles:

- Wealth Tax
- Equity
- Efficiency
- Simplicity
- Benefit
- Capacity to Pay
- Diversity
- Cross border competitiveness
- Competitive neutrality.

Wealth Tax

The "wealth tax" principle implies that the rates paid are dependent upon the value of a ratepayer's real property and have no correlation to the individual ratepayer's consumption of services or the perceived benefits derived by individual ratepayers from the expenditures funded from rates.

Equity

Horizontal equity – ratepayers in similar situations should pay similar amounts of rates (ensured mainly by accurate property valuations, undertaken in a consistent manner, their classification into homogenous property classes and the right of appeal against valuation).

Vertical equity – those who are better off should pay more rates than those worse off (the rationale applies for the use of progressive and proportional income taxation. It implies a "relativity" dimension to the fairness of the tax burden).

Efficiency

Under this taxation principle, the levying of rates should ideally be carried out in a way that minimises the impact that rates have on both residents and businesses decision making on what choices they need to make in both conducting their normal business.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Simplicity

How easily a rates system can be understood by ratepayers and the practicality and ease of administration.

Benefit

The extent to which there is a nexus between consumption/benefit and the rate burden. (Noting again that rates are a form of taxation and not a fee for service.)

Capacity to Pay

The capacity of ratepayers or groups of ratepayers to pay rates.

Diversity

Cross-border competitiveness: to what extent does the rating system undermine the competitiveness of Council as a place to live and/or own a property or operate a business? This has relevance to Greater Dandenong given the disparity in our differential rating structure to adjoining Councils.

Competitive neutrality: are all businesses conducting similar activities treated in similar ways within the municipality?

Simultaneously applying all these taxation principles is an impossible task within the City of Greater Dandenong environment and therefore trade-offs between these taxation principles are necessary. The rating challenge for Council therefore is to determine the appropriate balancing of competing considerations.

Plan recommendation

In annual considerations of the rating framework, Council will consider these competing taxation principles in determining the most appropriate rating model to apply.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

6. DETERMINING WHICH VALUATION BASE TO USE

The *Local Government Act 1989* and the *Valuation of Land Act 1960* are the principle Acts in determining property valuations. The purpose of this section is to outline the different methods that Council can utilise to value land and the issues that Council must consider in making its decision on the valuation method.

Under section 157 (1) of the *Local Government Act 1989*, Council has three options as to the valuation base it elects to use. They are:

- **Capital Improved value (CIV)** – value of land and improvements upon the land;
- **Site Value (SV)** – value of land only;
- **Net Annual Value (NAV)** – rental valuation based on Capital improvement Value (CIV). For residential and farm properties, NAV is calculated at 5 per cent of the CIV. For commercial properties NAV is calculated as the greater of the estimated annual rental value or 5 per cent of the CIV.

Capital Improved Value (CIV)

Capital Improved Value is the most commonly used valuation base by Victorian Local Government with over 90% of Victorian Councils applying this methodology. Based on the value of both land and all improvements on the land, it is generally easily understood by ratepayers as it equates to the market value of the property.

Section 161 of the *Local Government Act 1989* provides that a Council may raise any general rates by application of a differential rate if:

- a) It uses the capital improved value system of valuing land; and
- b) It considers that a differential rate will contribute to the equitable and efficient carrying out of its functions.

The advantages of using Capital Improved Value (CIV)

- CIV includes all property improvements, and hence is often supported on the basis that it more closely reflects "capacity to pay". The CIV rating method takes into account the full development value of the property, and hence better meets the equity criteria than Site Value and NAV.
- With the frequency of valuations now conducted annually (previously two-year intervals) the market values are more predictable and has reduced the level of objections resulting from valuations.
- The concept of the market value of property is more easily understood with CIV rather than NAV or SV.
- Most councils in Victoria have now adopted CIV which makes it easier to compare relative movements in rates and valuations across councils.
- The use of CIV allows councils to apply differential rates which greatly adds to council's ability to equitably distribute the rating burden based on ability to afford council rates. CIV allows councils to apply higher rating differentials to the commercial and industrial sector that offset residential rates.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Disadvantages of using CIV

The main disadvantage with CIV is the fact that rates are based on the total property value which may not necessarily reflect the income level of the property owner as with pensioners and low-income earners.

Site value (SV)

Site Valuation differs to CIV in that it is based solely on the valuation of the land only and does not include the improvements on the land.

With valuations based simply on the valuation of land and with only very limited ability to apply differential rates, the implementation of Site Value would cause a massive shift in rate burden from the industrial/commercial sectors onto the residential sector.

There would be further rating distribution movements away from modern townhouse style developments on relatively small land parcels to older established homes on the more typical quarter acre residential block.

In many ways it is difficult to see an equity argument being served by the implementation of Site Value in the City of Greater Dandenong Council.

Advantages of Site Value

- There is a perception that under site value, a uniform rate would promote development of land, particularly commercial and industrial developments. There is, however, little evidence to prove that this is the case.
- Scope for possible concessions for urban farm-land and residential use land.

Disadvantages of using Site Value

- Under SV, there will be a significant shift from the industrial/commercial sector onto the residential sector of council. The percentage increases in many cases would be in the extreme range.
- SV is a major burden on property owners that have large areas of land. Some of these owners may have much smaller/older dwellings compared to those who have smaller land areas but well-developed dwellings - but will pay more in rates. A typical example is flats, units, or townhouses which will all pay low rates compared to traditional housing styles.
- The use of SV can place pressure on council to give concessions to categories of landowners on whom the rating burden is seen to fall disproportionately (e.g. Farm land and residential use properties). Large landowners, such as farmers for example, are disadvantaged by the use of site value.
- SV will reduce Council's rating flexibility and options to deal with any rating inequities due to the removal of the ability to levy differential rates.
- The community may have greater difficulty in understanding the SV valuation on their rate notices, as indicated by many inquiries from ratepayers on this issue handled by council's customer service and property revenue staff each year.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Net annual value (NAV)

NAV is based on the rental value of a property. In practice for general residential properties and farm rated properties the general assumption is that a rental return of 5% of the capital improved valuation is made. This differs however for units and commercial and industrial properties where the valuation is assessed on the actual market rental achieved on those properties.

Overall, the use of NAV is not largely supported. For residential and farm ratepayers, actual rental values pose some problems. The artificial rental estimate used may not represent actual market value, and means the base is the same as CIV but is harder to understand.

Recommended valuation base

The City of Greater Dandenong Council applies Capital Improved Valuation as the valuation base for the following reasons:

- CIV is considered to be the closest approximation to an equitable basis for distribution of the rating burden.
- CIV provides Council with the option to levy a full range of differential rates if required. Limited differential rating is available under the other rating bases.
- It should be noted that most of the 79 Victorian Councils apply CIV as their rating base and as such, it has a wider community acceptance and understanding than the other rating bases.

All three types of valuation method have a common basis in that rates are based on the property value which may not necessarily reflect the annual income of the ratepayer for example pensioners and low-income earners.

Plan recommendation

The City of Greater Dandenong Council applies Capital Improved Valuation as the valuation methodology to levy Council rates.

Property Valuations

The *Valuation of Land Act 1960* is the principle legislation in determining property valuations. Under the *Valuation of Land Act 1960*, the Victorian Valuer-General conducts property valuations on an annual basis. Greater Dandenong City Council applies a Capital Improved Value (CIV) to all properties within the municipality to take into account the full development value of the property. This basis of valuation takes into account the total market value of the land including buildings and other improvements.

The value of land is always derived by the principal of valuing land for its highest and best use at the relevant time of valuation

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

How does this affect individual rates?

The general revaluation process enables Council to re-apportion the rate income across the municipality in accordance with movements in property value. There is a common misconception that if a property's valuation rises then Council receives a "windfall gain" with additional income. This is not so as the revaluation process results in a redistribution of the rate levied across all properties in the municipality. Properties which have increased in value by more than the average will receive a rate increase of more than the headline rate. Properties with an increase in value less than the average will receive a rate increase less than the headline rate.

Date of valuations

All properties are valued with an effective date of 1 January for use by Council in the upcoming rating year and are in force until 30 June the following year. Where something (other than market fluctuations) has changed the property value, supplementary valuations must be performed between general valuations and these may be performed at any time of year.

Supplementary Valuations

Supplementary valuations are carried out for a variety of reasons including rezoning, subdivisions, amalgamations, renovations, new constructions, extensions, occupancy changes and corrections. The Victorian Valuer-General is tasked with undertaking supplementary valuations and advises council on a monthly basis of valuation and Australian Valuation Property Classification Code (AVPCC) changes.

Supplementary valuations bring the value of the affected property into line with the general valuation of other properties within the municipality. Objections to supplementary valuations can be lodged in accordance with Part 3 of the *Valuation of Land Act 1960*. Any objections must be lodged with Council within two months of the issue of the supplementary rate notice.

Objections to property valuations

Part 3 of the *Valuation of Land Act 1960* provides that a property owner may lodge an objection against the valuation of a property or the Australian Valuation Property Classification Code (AVPCC) within two months of the issue of the original or amended (supplementary) Rates and Valuation Charges Notice (Rates Notice), or within four months if the notice was not originally issued to the occupier of the land.

A property owner must lodge their objection to the valuation or the AVPCC in writing to the Victorian City Council. Property owners also have the ability to object to the site valuations on receipt of their Land Tax Assessment. Property owners can appeal their land valuation within two months of receipt of their Council Rate Notice (via Council) or within two months of receipt of their Land Tax Assessment (via the State Revenue Office).

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

7. RATING DIFFERENTIALS

Greater Dandenong City Council has since its inception adopted differential rating as it considers that differential rating contributes to the equitable distribution of the rating burden. Differential rating allows particular classes of properties to be assessed rates at different levels from the general rate set for the municipality. Differential rating allows Council to shift part of the rate burden from some groups of ratepayers to others, through different "rates in the dollar" for each class of property.

Under the *Local Government Act 1989 (S161)*, Council is entitled to apply differential rates **provided it uses Capital Improved Valuations** as its base for rating. The maximum differential allowed is no more than four times the lowest differential.

Section 161 outlines the regulations relating to differential rates, which includes:

1. A Council may raise any general rates by the application of a differential rate, if Council considers that the differential rate will contribute to the equitable and efficient carrying out of its functions.
2. If a Council declares a differential rate for any land, the Council must specify the objectives of the differential rate, which must be consistent with the equitable and efficient carrying out of the Council's functions and must include the following:
 - a) A definition of the types of classes of land which are subject to the rate and a statement of the reasons for the use and level of that rate.
 - b) An identification of the type or classes of land which are subject to the rate in respect of the uses, geographic location (other than location on the basis of whether or not the land is within a specific ward in Council's district).
 - c) Specify the characteristics of the land, which are the criteria for declaring the differential rate.

Ministerial Guidelines released in April 2013 state that:

It is **not appropriate** to declare a differential rate that is defined narrowly and applied specifically or exclusively to the following types and classes of land:

- electronic gaming machine venues or casinos
- liquor licensed venues or liquor outlet premises
- business premises defined whole or in part by hours of trade
- fast food franchises or premises
- tree plantations in the farming and rural activity zones, and
- land within the Urban Growth Zone without an approved Precinct Structure Plan in place.

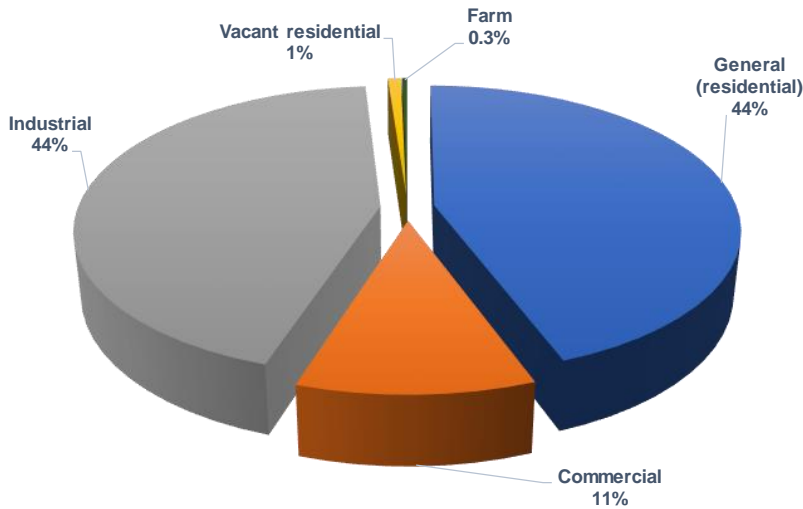

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

What differentials should be applied?

Council currently applies differential rating (versus uniform rating) and has five differential rates in use. The below table and graph display the respective revenues from the various differential rates. It highlights that 55 per cent of Council rate revenue is derived from Industrial and Commercial sources.

| Type or class of land | Budget 2020-21 Number of assessments | Total CIV 2020-21 | Total rates levied 2020-21 | % rates of total 2020-21 |
|------------------------------------|---|-----------------------|----------------------------------|--------------------------------|
| General (residential) | 56,271 | 33,535,583,500 | 56,327,997 | 44% |
| Commercial | 3,347 | 4,227,348,000 | 13,490,873 | 11% |
| Industrial | 6,358 | 12,062,325,700 | 55,716,289 | 44% |
| Vacant residential | 612 | 413,598,500 | 1,042,050 | 1% |
| Farm | 55 | 343,568,000 | 432,805 | 0.3% |
| Total number of assessments | 66,643 | 50,582,423,700 | 127,010,014 | 100% |
| Waste charges | | | 22,438,420 | |
| Total rates and charges | | | 22,438,420 | |

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

In terms of the differential rates that Council applies, the below table highlights the various 'surcharges and discounts' that were utilised in deriving the 2020-21 Council rates.

| Type or class of land | Budget 2020-21 Number | Budget 2020-21 cents/\$CIV | % to general rate 2020-21 |
|------------------------------------|-----------------------|----------------------------|---------------------------|
| General | 56,271 | 0.0016796486 | 100% |
| Commercial | 3,347 | 0.0031913324 | 190% |
| Industrial | 6,358 | 0.0046190337 | 275% |
| Vacant residential | 612 | 0.0025194729 | 150% |
| Farm | 55 | 0.0012597365 | 75% |
| Total number of assessments | 66,643 | | |

Council's application of a 275 per cent surcharge against industrial properties is amongst the highest of this type in Victoria. It is this surcharge however that allows Council to provide a low residential rate which is essential given the lower socio-economic status of several areas of the City of Greater Dandenong.

The table below highlights the differential rates currently applied by Greater Dandenong City Council and the number of relevant assessments in each category (in 2020-21).

| Type or class of land | Budget 2020-21 Number | Budget 2020-21 cents/\$CIV | % to general rate 2020-21 |
|------------------------------------|-----------------------|----------------------------|---------------------------|
| General (residential) | 56,271 | 0.0016796486 | 100% |
| Commercial | 3,347 | 0.0031913324 | 190% |
| Industrial | 6,358 | 0.0046190337 | 275% |
| Vacant residential | 612 | 0.0025194729 | 150% |
| Farm | 55 | 0.0012597365 | 75% |
| Total number of assessments | 66,643 | | |

In Greater Dandenong City Council, the average rates levied on a residential property is one of the lowest in metropolitan Melbourne. This is helped by the fact that commercial and industrial property groups combined raise the same quantum of rates as residential although the number of residential assessments is nearly six times more than commercial and industrial sectors.

The farms contribute 0.3 per cent of the overall rates collected. They currently enjoy a 25 per cent 'discount' against the residential rate.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

7.1 General rates (residential)

This category, which has 56,271 assessments, includes all residential properties, including flats and units which until recent years were rated under a separate differential. It contributes 44 per cent of the total rates levied.

This strategy recommends that Council continue applying the general rate for all residential properties, including flats and units.

7.2 Commercial

Greater Dandenong City Council has 3,347 commercial properties.

Commercial properties are defined as those selling a product or providing a service. These properties are similar to industrial properties in respect that they are businesses providing employment opportunities.

Currently there is a significant difference in the rate in the dollar between the developed commercial and the developed industrial properties. Typically, commercial entities vary more in size than industrial properties ranging from milk bar operations to major shopping centre retailers and in many cases the capacity to pay higher rates in the commercial sector is marginal.

Council is a strong investor in the ongoing development of the commercial and industrial sectors with operational costs within Greater Dandenong Business being approximately \$4.1 million and Council further investing in structure plans for various activity centres and strip shopping centres beyond these funds.

7.3 Industrial

Council has 6,358 industrial developed properties. Industrial properties are those that are used for the purposes of manufacturing. These properties which constitute 9.5 per cent of the total assessments, contribute 44 per cent of the total rates raised.

It must also be acknowledged that Council has been required (and will over the next decade) to invest heavily in the construction of infrastructure for industrial development which does not typically apply in the commercial sector. The primary example of this is the Council contribution towards the infrastructure development within the two Industrial Developer Contributions Plans which over a 15 year period will exceed \$20 million.

Council's current industrial differential rate of 275 per cent is significantly higher than any similar industrial surcharge in benchmark councils – with several metropolitan councils with minimal industrial sector not applying any differential rate.

7.4 Residential – Vacant Land

Greater Dandenong City Council has 612 properties attracting the residential vacant land differential which is currently 50 per cent higher than the general residential rate. The purpose of this differential has been to encourage property owners to develop vacant land rather than land bank it.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

7.5 Farm

Currently there are 55 farm properties contributing 0.3 per cent to the total rates raised. These properties currently receive a 'discount' of 25 per cent against the general rate. One of the key issues with the farm rate is the eligibility requirement to receive this discount. Currently to receive the discount, a property must meet the definition of farmland under the Valuation of Land Act, which requires the following:

- At least 2 hectares.
- Primarily used for agricultural production.
- Used by a business that has a significant or substantial commercial purpose, seeks to make a profit on a continuous or repetitive basis or has a reasonable prospect of making a profit from the agricultural business being undertaken.

Most farm properties are very high in value (median \$4.61 million in 2020-21) and consequently attract relatively high rates per assessment (average \$5,807). There are currently 6 farm properties that are within the area that is rezoned industrial and residential (Urban Growth Boundary). This is a decreasing number as this land is being developed. The remaining 49 farm properties are within the green wedge zone with ownership mixed between developers and genuine farm interests.

Farming enterprises are also perceived as not receiving the same level of service that are received by urban ratepayers as a result of their distance from urban infrastructure and services. Many rural municipalities levy a farm rate and the average farm rate is approximately 80 per cent of the general rate. Historically, councils were required to levy a farm rate which had to be lower than the general rate however there is no longer this requirement in the Act.

Greater Dandenong City Council's farm rate is currently 75 per cent of the general rate and the 25 per cent is comparable to the average farm rate discount provided across the State of 17 per cent.

Council believes each differential rate will contribute to the equitable and efficient carrying out of council functions. Details of objectives of each differential rate, the classes of land which are subject to each differential rate and the uses of each differential rate are set out on the following pages.

7.6 Application of differential rates

Greater Dandenong City Council currently has a far more active approach to the use of differential rating than any other Victorian Council. The below summary outlines the respective advantages and disadvantages of this approach.

Advantages of differential rating

The perceived advantages of utilising a differential rating system are:

- There is greater flexibility to distribute the rate burden between all classes of property, and therefore link rates with the ability to pay and reflecting the tax deductibility of rates for commercial and industrial premises.
- Differential rating allows Council to better reflect the investment required by Council to establish infrastructure to meet the needs of the commercial and industrial sector.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

- Enables Council to encourage developments through its rating approach (e.g. encourage building on vacant blocks).
- Allows Council to reflect the unique circumstances of some rating categories where the application of a uniform rate may create an inequitable outcome (e.g. Farming enterprises).
- Allows Council discretion in the imposition of rates to 'facilitate and encourage appropriate development of its municipal district in the best interest of the community'.

Disadvantages of differential rating

The perceived disadvantages in applying differential rating are:

- The justification of the differential rate can at times be difficult for the various rating groups to accept giving rise to queries, objections and complaints where the differentials may seem to be excessive.
- Differential rates can be confusing to ratepayers, as they may have difficulty to understand the system. Some rating categories may feel they are unfavourably treated because they are paying a higher level of rates than other ratepayer groups.
- Differential rating involves a degree of administrative complexity as properties continually shift from one type to another (e.g. residential to commercial, vacant to developed) requiring Council to update its records. Ensuring the accuracy/integrity of Council's data base is critical to ensure that properties are correctly classified into their differential rate category.
- Council may not achieve the objectives it aims for through differential rating. For example, Council may set its differential rate objectives to levy a higher rate on land not developed, however it is uncertain as to whether the differential rate achieves those objectives.

Plan recommendations

1. That Greater Dandenong City Council continues to apply differential rating as its rating system.
2. That Council continues to apply a uniform general rate for all residential properties, including flats and units.
3. That Council continues to apply a Commercial and Industrial differential rate.
4. That Council continues to apply a Vacant Residential Land differential rate at a surcharge.
5. That Council continues to apply a discount to Farm Rated properties.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

7.7 Differential Rate Objectives

In applying the differential rating framework, Council sets out the following objectives for each differential rate.

GENERAL (Residential)

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which does not have the characteristics of Commercial, Industrial, Residential Vacant or Farm Land.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

COMMERCIAL LAND

The Commercial rate is to promote economic development objectives for the City including the retail development of the Dandenong, Springvale and Noble Park Activity Centre's and the ongoing development of strip shopping centres.

The City of Greater Dandenong has a strong focus on business activities within this Council and has formulated a division of Council focused on the ongoing development of commercial and industrial sectors. This unit has an operational spend of approximately \$4.1 million in 2020-21.

The commercial differential rate further reflects the taxation benefit enjoyed by the commercial sector in that commercial rates are tax deductible.

Taxation principles

Whilst the City of Greater Dandenong is a strong investor in the growth of the commercial sector (benefit principle), the key taxation principle applied by this differential rate is the relative capacity to pay of this sector, acknowledging both the taxation benefit allowed to commercial properties and the relatively lower capacity to pay by the residential sector of Council.

Whilst the higher differential does impact on cross border competitiveness, this is offset to some extent by the level of Council investment in the sector.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the commercial sector.
2. Enhancement of the economic viability of the commercial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that streetscaping and promotional activity is complementary to the achievement of commercial objectives.

Types and classes:

Any land which is primarily used for commercial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

INDUSTRIAL LAND

The Industrial rate is to promote economic development objectives for the municipality including industrial development in appropriately zoned areas.

The City of Greater Dandenong has a strong and growing industrial sector that has high demands for new infrastructure and one which creates a high level of stress on existing infrastructure. Council has provided significant capital funding for industrial infrastructure in the past and it is noteworthy will contribute in excess of \$20 million as part of Council's contribution to the two industrial development contribution plans in Council's south.

The City of Greater Dandenong has a strong focus on business activities within this Council and has formulated a division of Council focused on the ongoing development of commercial and industrial sectors. This unit has an operational spend of approximately \$4.1 million in 2020-21.

The industrial differential rate further reflects the taxation benefit enjoyed by the commercial sector in that commercial rates are tax deductible

The industrial differential rate will be part of a rating system which maintains, as far as possible, the current rates burden on industrial properties given the tax deductibility of rates for businesses and the extent of use of the city infrastructure by industry, especially the road network.

Taxation principles

Whilst the City of Greater Dandenong is a strong investor in the growth of the industrial sector (benefit principle), the key taxation principle applied by this differential rate is the relative capacity to pay of this sector, acknowledging both the taxation benefit allowed to industrial properties and the relatively lower capacity to pay by the residential sector of Council.

Whilst the higher differential does impact on cross border competitiveness, this is offset to some extent by the level of Council investment in the sector.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the industrial sector.
2. Enhancement of the economic viability of the industrial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that street scaping and promotional activity is complementary to the achievement of industrial objectives.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Types and classes:

Any land which is used primarily for industrial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

RESIDENTIAL VACANT LAND

The residential vacant land rate is to promote housing development objectives for the municipality including the development of vacant land in residential zoned areas.

Taxation principles

The taxation principle applied in this differential is the efficiency principle where Council is endeavouring to discourage the banking of residential land and provide a financial incentive for its development.

Objective:

To provide an economic incentive for the development of residential vacant land and a disincentive for residential land-banking in order that all rateable land makes an equitable contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is vacant residential land.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

FARM LAND

The main objectives of having a farm rate are:

- To promote and support the use of sound agricultural practices.
- To conserve and protect areas which are suited to certain agricultural pursuits.
- To encourage proper land use consistent with genuine farming activities.

Taxation principles

The key taxation principle applied with this rating differential is one of capacity to pay. Council has just 55 farm properties which are typically either just within or just beyond the urban growth boundary leading to high valuations for the respective use of the land. The farm differential applied reflects the high level of rates applied to land which is used for agricultural rather than development purposes.

Objective:

To provide a financial subsidy to rateable farm land to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is primarily used for the purposes of farming.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

Not applicable.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

7.8 Understanding the impact of general revaluations

Amendments to the Valuation of Land Act 1960 mean that from 1 July 2018, the Valuer-General became the valuation authority for annual valuations of all land in Victoria for council rates and the fire services property levy. Each year, all rateable properties are revalued with a valuation date of 1 January.

A revaluation does NOT provide Council with any additional rate revenue but can significantly realign how rates are distributed between ratepayers at both a rating group and individual level.

The below table highlights the impact of the 2021 Council revaluation.

| Type or class of land | Forecast | Budget | Movement in valuations |
|----------------------------|-------------------|-------------------|------------------------|
| | 2020-21 | 2021-22 | |
| | Revaluation | Revaluation | |
| | CIV | CIV | |
| | \$'000 | \$'001 | % |
| General | 33,787,898 | 33,388,805 | (1.18%) |
| Commercial | 4,252,109 | 3,976,656 | (6.48%) |
| Industrial | 12,204,198 | 11,970,529 | (1.91%) |
| Vacant residential | 383,549 | 394,343 | 2.81% |
| Farm | 344,014 | 369,435 | 7.39% |
| Total value of land | 50,971,767 | 50,099,767 | (1.71%) |

The table highlights that overall Council properties have decreased by 1.71 per cent over the past year (1 January 2020 to 1 January 2021). Residential, commercial and industrial valuations have all experienced a decrease. Farm and residential vacant valuations, on the other hand, have increased from the prior year by 7.39% and 2.81% respectively.

Council needs to be mindful of the impacts of revaluations on the various property types in implementing the differential rating strategy outlined in the previous section to ensure that rises and falls in Council rates remain affordable and that rating 'shocks' are mitigated to some degree.

By way of example the table below highlights the rating impact on the various rating types should Council retain the current rate differential structure (outcomes are based on the proposed annual increase in rates of 1.50 per cent in 2021-22).

| Type or class of land | Proposed | % increase |
|-----------------------|----------------|--------------|
| | Rates | |
| | 2021-22 | 2020-21 to |
| | \$'000 | 2021-22 |
| General | 58,088 | 2.35% |
| Commercial | 13,145 | (3.13%) |
| Industrial | 57,270 | 1.59% |
| Vacant residential | 1,029 | 6.49% |
| Farm | 482 | 11.23% |
| Total rates | 130,014 | 1.50% |

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

As shown in the table the rating experiences between rating groups is reasonably dynamic with residential properties on average increasing by 2.35 per cent and farm properties increasing by 11.23 per cent. The commercial sector has been the weakest experiencing a decrease of 3.13%.

This disparity in the valuation movements means that unless Council adjusts its differential rating structure, residential rates would increase by an average of 2.35%.

On this basis, it is recommended that the following differential rates be applied.

| Type or class of land | Existing rating differential 2020-21 | Proposed rating differential 2021-22 | % increase 2020-21 to 2021-22 |
|-----------------------|--------------------------------------|--------------------------------------|-------------------------------|
| General (residential) | 100% | 100% | 1.54% |
| Commercial | 190% | 190% | (3.90%) |
| Industrial | 275% | 280% | 2.62% |
| Vacant residential | 150% | 150% | 5.65% |
| Farm | 75% | 75% | 10.35% |
| Total | | | 1.50% |

The proposed model above increases the differential on industrial properties by 5% to 280% which reduces the average residential rate increase to 1.54% keeping it close to the rate cap (1.50%). This model also retains the decrease in commercial rates at 3.90% (this sector is probably weaker than the industrial sector at present indicated by the level of valuation decreases in these sectors in 2021).

On this basis, it is recommended that the existing differential rating structures be amended to take account of the impacts of the 2021 Council revaluation.

Revenue and Rating Plan recommendation

1. That Council notes the amendment to the Industrial differential from a surcharge of 275 per cent to a surcharge of 280 per cent in order to mitigate the impacts of the 2021 Council revaluation on the residential sector.
2. That Council annually reviews its differential rating structure, taking account of the annual impact of revaluations and including the equitable application of taxation principles.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

8. OTHER TYPES OF CHARGES

8.1 Special rates and charges

Special rates and charges are covered under Section 163 of the Local Government Act, which enables Council to declare a special rate or charge or a combination of both for the purposes of:

- Defraying any expenses, or
- Repaying with interest any advance made or debt incurred, or loan raised by Council.

In relation to the performance of a function or the exercise of a power of the Council, if the Council considers that the performance of the function or the exercise of the power is or will be of special benefit to the persons required to pay the special rate or special charge.

There are detailed procedural requirements that Council needs to follow to introduce a special rate or charge, including how Council can apply funds derived from this source.

Section 185 of the Local Government Act provides appeal rights to the Victorian Civil and Administrative Tribunal (VCAT) in relation to the imposition of a special rate or charge. VCAT has wide powers, which could affect the viability of the special rate or charge. It can set the rate or charge completely aside if it is satisfied that certain criteria are met.

Council should be particularly mindful of the issue of proving that special benefit exists to those that are being levied the rate or charge.

In summary, differential rates are much simpler to introduce and less subject to challenge. There may be instances, however, where a special charge is desirable if raising the levy by use of CIV is not equitable.

It is recommended that Council utilises special rates and charges only in the instances outlined below.

Plan recommendations

That Council use special rates and charges in instances that fit the following circumstances:

- Funding of narrowly defined capital projects (e.g. streetscape works, private road sealing) where special benefit can be shown to exist to a grouping of property owners.
- Raising funds for a dedicated purpose where the use of CIV is not the most equitable method of calculating property owner contributions.

In circumstances outside of the above two scenarios, Council will use differential rating to achieve its objectives.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

8.2 Municipal charge

Another principle rating option available to Councils is the application of a municipal charge. Under Section 159 of the Local Government Act (1989), Council may declare a municipal charge to cover some of the administrative costs of the Council. The legislation is not definitive on what comprises administrative costs and does not require Council to specify what is covered by the charge.

A Council's total revenue from a municipal charge in a financial year must not exceed 20 per cent of the combined sum of the Council's total revenue from the municipal charge and the revenue from general rates.

The application of a municipal charge represents a choice to raise a portion of the rates by a flat fee for all properties, rather than sole use of the CIV valuation method. In applying the legislation, the maximum amount that Greater Dandenong City Council could levy as a municipal charge would be approximately \$381 per assessment based upon the current rates (2020-21).

The arguments in favour of a municipal charge are similar to waste charges. They apply equally to all properties and are based upon the recovery of a fixed cost of providing administrative services irrespective of valuation. The same contribution amount per assessment to cover a portion of Council's administrative costs be an equitable method of recovering these costs.

The argument against a municipal charge is that this charge is regressive in nature and would result in lower valued properties paying higher overall rates and charges than they do at present. The equity objective in levying rates against property values is lost in a municipal charge as it is levied uniformly across all assessments.

For this reason, this strategy recommends that Council continue to not apply a Municipal Charge.

Revenue and Rating Plan recommendation

That Council not utilise a Municipal Charge as part of its rating plan.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

8.3 Service rates and charges

Section 162 of the Local Government Act (1989) provides Council with the opportunity to raise service rates and charges for any of the following services:

- a) The provision of a water supply.
- b) The collection and disposal of refuse.
- c) The provision of sewerage services.
- d) Any other prescribed service.

Greater Dandenong City Council currently applies a service charge for the collection and disposal of refuse on properties that fall within the collection area. Council retains the objective of setting the service charge for waste at a level that fully recovers the cost of the waste function.

The advantages of the waste charge are that it is readily understood and accepted by residents as a fee for a direct service that they receive. It further provides equity in the rating system in that all residents who receive the same service level all pay an equivalent amount.

The disadvantage of the waste service charge is like the municipal charge in that it is regressive in nature. A fixed charge to a low valued property comprises a far greater proportion of the overall rates than it does to a more highly valued property.

On balance, however, it is recommended that Council retain the existing waste service charge. Unlike a municipal charge where the direct benefit to the resident is invisible – the waste charge is a tangible service that is provided directly to all in the same fashion.

Should Council elect not to have a waste service charge, this same amount would be required to be raised by way of an increased general rate – meaning that residents in higher valued properties would substantially pay for the waste service of lower valued properties. Whilst this same principle applies for rates in general, the mix of having a single fixed charge combined with valuation driven rates for the remainder of the rate invoice provides a balanced and equitable outcome.

It should further be noted that should Council elect not to have a Service Charge and to recover this amount via general rates, this would need to be approved via an application to exceed the rate cap in Councils general rate increase.

Council residents are offered multiple choices regarding their waste service. Residents can elect various bin options and sizes and have a choice between six different service options – each with a differing price value.

Revenue and Rating Plan recommendation

That Council continues to apply a waste service charge as part of its rating strategy based on full cost recovery of the waste function.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

8.4 Maintenance levies

In 2006, Council entered into a Section 173 agreement in respect of new subdivisions proposed in Keysborough South. The estates would be built with an open space component of 20 per cent (compared to the traditional 5 per cent) and be established and maintained at a high level of quality.

In return, the developer would maintain the open space for an initial period of three years before handing this responsibility to Council. As a key component of the Section 173 agreement, the developer (and each successive owner of respective allotments) would also pay to Council an amount of \$350 per year as a maintenance levy on each allotment. This levy was to remain fixed for three years and could then, at Council's election, be increased by CPI.

The 2006 development which represented Stage 1 has subsequently been followed by Stages 2 and 3 which have matching Section 173 agreements signed in late 2011.

In 2020-21, there are now approximately 4,577 assessments that are paying the \$350 levy, raising revenue of \$1.6 million. It is unknown what the final amount of assessments will be when the developments are fully completed but this revenue is now reaching its peak.

As from 2011-12, all revenue received is being placed in the Keysborough Maintenance Levy Reserve fund. Prior to this point, the funds were not reserved and were expended on both operational costs and as a funding source for the capital development of Tatterson Reserve.

It should also Council continues to assume responsibility for the maintenance of some of the later stages as the initial three-year maintenance period expires and therefore Councils expenditure in this area is continuing to grow year on year.

At present the estimated cost in 2020-21 for operational maintenance is \$2.08 million. Of this amount, 75 per cent is then funded by a transfer from the Reserve fund (\$1.56 million), which represents the excess amount of Open Space over the traditional estate of 5 per cent.

With the growth in costs and Councils decision to elect to not index the Maintenance Levy since its inception the current level of Reserve funds are expected to be depleted in the coming five-year period requiring Council general rates to pay for a greater share of this increased open space.

The below table highlights that the current reserve level of \$1.7 million is expected to be fully consumed by 2027-28 with Council rates then picking up an increasing share of the expenditure burden to maintain this area.

| Reserves | Financial Plan Projections | | | | | | | | | |
|-------------------------------------|----------------------------|-------------------|-------------------|-------------------|-------------------|-------------------|-------------------|-------------------|-------------------|-------------------|
| | 2021-22 \$'000 | 2022-23 \$'000 | 2023-24 \$'000 | 2024-25 \$'000 | 2025-26 \$'000 | 2026-27 \$'000 | 2027-28 \$'000 | 2028-29 \$'000 | 2029-30 \$'000 | 2030-31 \$'000 |
| Keysborough maintenance levy | | | | | | | | | | |

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

What are respective arguments in favour of retaining or discontinuing the levy?

The arguments in favour of retaining the maintenance levy are essentially:

- The residents of this area receive a significantly higher service level and recreational assets with 20 per cent open space compared to 5 per cent in other areas of Council.
- Residents were aware of the maintenance levy at the point of purchase of their allotments.
- The increased open space (and quality) comes with an attached financial obligation for Council to fund – and it would be inequitable for Council to make all ratepayers pay for this service level.
- Whilst it is argued that all residents can access these areas, it would be a very small number of residents – other than those living in these areas – that would avail themselves of this opportunity.
- Whilst the costs are reasonably low at this point, they will increase very significantly in the next three years. Should Council elect to discontinue the levy at this point, the additional expenditure amount would need to be funded from general rates – noting that Council cannot increase rates under the current rate capped regime without first receiving a variation approval from the ESC.

The arguments put forward in terms of discontinuing the levy are based around the following:

- The concept of the open space being available to all to access.
- The concern that many of these residents are already paying quite high levels of Council rates because their valuations are so much higher than the average residential valuation with City of Greater Dandenong.

In terms of this latter point, the average residential rates raised by the City of Greater Dandenong are below the average of benchmark councils. But it also needs to be kept in mind that our average residential valuation in 2020 was \$600,000 and this is also below that of adjoining municipalities. The average valuation of all properties paying the maintenance levy is \$867,000 (2020 valuation).

Revenue and Rating Plan recommendation

That Council continues to utilise maintenance levies where open space amenity provided by developers exceeds the standard level of 5 per cent and where Council is required to accept responsibility for the ongoing maintenance of these areas. Further that maintenance levies be based on transparent recording and communication to residents on revenue inflows and how these funds are expended.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

8.5 Victorian Government Levies

In recent years, Council has seen an increased propensity for State Government to view Local Government as a means of collecting State taxes under the branding of Council's rate notice.

This occurred with the now defunct State Deficit Levy in the 1990's and has in recent times been revived with Councils as the landfill levy with Councils having to collect this amount from ratepayers (which for Greater Dandenong is contained in the waste charge) and paid to the landfill operator who pays the levy to the State Government.

Council is also required to collect a Fire Services Property Levy (FSPL) on behalf of the State Government which has added a considerable amount to the average ratepayer's account.

In 2016 the Victorian State Government passed legislation requiring the Fire Services Property Levy to be collected from ratepayers. Previously this was collected through building and property insurance premiums. The Fire Services Property Levy helps fund the services provided by the Metropolitan Fire Brigade (MFB) and Country Fire Authority (CFA), and all levies collected by Council are passed through to the State Government, on a quarterly basis. This levy is not included in the rate cap and increases in the levy are at the discretion of the State Government.

Revenue and Rating Plan recommendation

It is recommended from a rating policy outcome that Council adopt the following view:

- a) That the Victorian Government taxes are best collected by the Victorian Government using its own available resources such as the State Revenue Office.
- b) That in the event that Council is required to collect such Victorian Government taxes that these taxes be clearly identified as state charges.

That the Victorian Government fully reimburse local government for the cost of collecting state taxes

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

8.6 Cultural and recreational lands (CRL)

The *Cultural and Recreational Lands Act 1963* (CRLA) provides that an amount be payable in lieu of rates in each year in respect of any "recreational lands" which would otherwise be rateable land under the Act.

Section 2 of the CRLA relevantly defines "recreational lands" (i.e. CRL properties) as lands which are:

- vested in or occupied by any body corporate or unincorporated body which exists for the purpose of providing or promoting cultural or sporting recreational or similar facilities or objectives and which applies its profits in promoting its objects and prohibits the payment of any dividend or amount to its members; and
- used for outdoor sporting recreational or cultural purposes or similar outdoor activities; or
- used primarily as agricultural showgrounds

Under the CRLA, provision is made for a Council to effectively grant a rating concession to the holder of any "recreational lands" which meet the test of being "rateable land" under the Act. At the time of adopting the Plan there are 23 properties which are "recreational lands" under the CRLA, being:

Council remains open to considering whether other properties in its municipal district are eligible CRL properties and will assess those other properties as and when the need arises.

Determining eligibility and charge

Council will declare the rate equivalent amount for properties which have been identified as CRL properties" in accordance with Section 4 of the CRLA. The CRLA provides that "an amount be payable in lieu of rates in each year being such amount as the municipal council thinks reasonable having regard to the **services provided** in relation to such lands and having regard to the **benefit to the community** derived from such recreational lands".

The types of "**Services provided to the land**". Unlike most other properties, CRL properties do not benefit from some of the services provided by the Council. A review of Council services has been conducted to assess the type of services currently being 'used' by the CRL properties and it would be reasonable to assume that the following services provided to them are very similar or common:

- Road & Drainage Maintenance;
- Street Lighting;
- Street Signage;
- Car park/off street car parking.

The amount of the "**Community Benefit provided by the land**". In response to surveys/questionnaires return by eligible properties, Council has identified the following potential community benefits:

- Social interaction;
- Sporting programs;
- Coaching opportunities;
- Cultural promotion;
- Environmental benefits;
- Subsidised entry fees;

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

- 
- Provision of premises;
 - Charitable donations;
 - Employment opportunities;
 - Community Development/Meeting Places.

Whilst the eligible properties clearly provide a benefit to the community, quantifying the level of benefit can be complicated. These organisations own and exclusively occupy valuable parcels of land, some with substantial improvements, and if rated in the normal fashion, would be liable for a significant rate burden relative to the activity carried out. The exclusive occupation of CRL properties also restricts, at least to an extent, the accessibility of these CRL properties for the broader community.

Equally, activities undertaken by some of these organisations complement the broader range of community facilities provided by Greater Dandenong for the community. They can often add to the aesthetic values of Greater Dandenong and contribute to the character and natural environment.

All CRL properties will be liable to pay Fire Services Property Levy.

Consultation and appeals

Written submissions about the calculation and determination of the rate equivalent amounts can be submitted by the owners of CRL properties. Property owners can also make verbal submissions to Council. The CRLA also provides for owners to appeal to the Minister, under Section 4(2) of the CRLA.

Revenue and Rating Plan recommendation

It is recommended that Council declares a rate equivalent payment calculated by having regard to the services provided to the identified CRL properties and the benefit to the community derived from them, at the times and in the manner prescribed by the CRLA.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

9. COLLECTION AND ADMINISTRATION OF RATES AND CHARGES

9.1 Rate payment options

The purpose of this section is to outline the rate payment options, processes and the support provided to ratepayers facing financial hardship. The comments in this section are subject to changes that may be implemented with the transition of the rating provisions from the *Local Government Act 1989* to the *Local Government Act 2020* which may require Council to offer a lump sum payment option in February of each year.

Ratepayers currently have the following options of paying rates and charges:

- Payment of rates is available by four instalments. Payments are due on the rescripted dates below unless the date falls on a weekend or public holiday, in which case the due date will be the next business day.
 - 1st Instalment: 30 September
 - 2nd Instalment: 30 November
 - 3rd Instalment: 28 February
 - 4th Instalment: 31 May
- Ratepayers can elect to have their savings or cheque accounts debited automatically monthly for rate payments.
- Ratepayers also have the option of paying by nine instalments (direct debit only). The first instalment is due by 30 September 2020 with the second and ninth instalments due at the end of each month until 31 May 2021. Residents must elect to pay the nine instalments via direct debit if established by 28 August.
- Where rates are not paid in full by the due instalment date Council is authorised to charge penalty interest on outstanding amounts at the penalty interest rate which is set by the state government and reviewed annually. The interest rate is 10% for 2020-21.

These various options available at the City of Greater Dandenong provide a satisfactory level of collection of rates across the financial year and hence assist Council to maintain its cash flow.

Revenue and Rating Plan recommendation

That the City of Greater Dandenong continues to provide the current range of rate payment options in future years.

9.2 Pensioner Concessions

Holders of a Centrelink or Veteran Affairs Pension Concession card or a Veteran Affairs Gold card which stipulates TPI, War Widow, EDA or POW may claim a rebate on their sole or principal place of residence.

Upon initial application, ongoing eligibility is maintained, unless rejected by Centrelink or the Department of Veteran Affairs during the annual verification procedure. Upon confirmation of an eligible pensioner concession status, the pensioner rebate is deducted from the rate account before payment is required by the ratepayer.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

With regards to new applicants, after being granted a Pensioner Concession Card (PCC), pensioners can then apply for the rebate at any time throughout the rating year. Retrospective claims up to a maximum of one previous financial year can be approved by Council on verification of eligibility criteria, for periods prior to these claims may be approved by the relevant government department.

The Victorian Government-funded rebate provided under the Municipal Rates Concession Scheme was 50% reduction on Council rates up to a yearly maximum of \$241.00 for 2020-21.

9.3 Interest on rate arrears and overdue rates

Interest is charged on all overdue rates and charges in accordance with Section 172 of the *Local Government Act 1989*, namely:

- a. if the payment was payable in instalments only, on and from the date on which the missed instalment was due.
- b. The interest is calculated at the rate fixed under section 2 of the *Penalty Interest Rates Act 1983*. Interest on late payments is currently charged at 10% p.a.
- c. The penalty interest rate applied to rates and charges debts of those ratepayers eligible for the pensioner rate rebate and suffering financial hardship be determined each year during Council's Annual Budget process.

9.4 Rates and Charges Deferment and Hardship Policy

Council recognises managing financial hardship is a shared responsibility. Sections 170, 171 and 171A of the *Local Government Act 1989* give Council the power to defer and / or waive in whole or part the payment of rates and charges if Council determines the enforcement of the requirement to pay would cause hardship to the ratepayer.

Council has a Rates and Charges Hardship Policy in place to aid ratepayers having trouble in paying their rates and charges. The policy is to enable a person liable for rates and charges and experiencing hardship, to make application to Council for assistance relating to rates and charges levied on a property under the *Local Government Act 1989*.

The Policy also provides Council officers a framework to provide financial relief to ratepayers who need assistance and to ensure all applications are treated consistently, sensitively and confidentially while ensuring other ratepayers are not disadvantaged by the granting of inappropriate relief from Council. It should be noted that Council is one of very few Councils that has a formal process in place to waive rates up to a maximum of \$500.00

Greater Dandenong Rates and Charges Hardship Policy establishes Council policy in relation to:

- Management of the payment of rates and charges by special arrangement;
- Applications to defer payment of rates and charges;
- Applications to have rates and charges waived; and
- Levying of penalty interest on outstanding rates and charges.

The difference between a waiver and a deferral is that a deferral suspends payment for a period of time whereas a waiver permanently exempts payment of the fee or charge under discussion. Applications for waiver and deferral will be individually assessed against the criteria stated in the Rates and Charges Hardship Policy. In extreme cases Council may waive interest or rate, subject to sighting proof of financial hardship from certified financial counsellors.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

The application of fairness as a principle also applies to recognising the impact of unpaid rates on those who have paid their rates in full.

The timely collection of rates and charges ensures adequate revenue for the provision of council services and planned capital works projects provided by Council for the community.

It should be noted that this area is currently the subject of a review by the Victorian Ombudsman and Council will review the findings of that report and consider further improvements to its Rates Hardship Policy.

9.5 Debt recovery

Council makes every effort to contact ratepayers at their correct address, but it is the ratepayers' responsibility to properly advise Council of their contact details. The *Local Government Act 1989* Section 230 and 231 requires both the vendor and buyer of property, or their agents (e.g. solicitors and or conveyancers), to notify Council by way of notice of disposition or acquisition of an interest in land.

If an account becomes overdue, Council will issue an overdue reminder notice which will include accrued penalty interest. Other than the annual valuation and rate notice, at least five reminder notices are issued before considering legal action. If the account remains unpaid, Council may take legal action without further notice to recover the overdue amount. All fees and court costs incurred will be recoverable from the ratepayer.

If an amount payable by way of rates in respect to land has been in arrears for three years or more, Council may take action to sell the property in accordance with the *Local Government Act 1989* Section 181.

Revenue and Rating Plan recommendation

1. That the City of Greater Dandenong continues to maintain the rates arrangements, deferral and waiver procedures as documented in the Rates and Charges Hardship Policy.
2. That Council further review its Rates and Charges Hardship Policy on the release of the Victorian Ombudsman report.

10. OTHER REVENUE

10.1 User fees and charges

The City of Greater Dandenong provides a wide range of services, for which users pay a fee or charge which covers at least part of the cost of supply. The level of some fees and charges are statutorily set, however many are at the discretion of Council. Legislation provides for local governments to levy fees and charges.

The provision of infrastructure and services form a key part of council's role in supporting the local community. In providing these, council must consider a range of 'Best Value' principles including service cost and quality standards, value-for-money, and community expectations and values. Council must also balance the affordability and accessibility of infrastructure and services with its financial capacity and in the interests of long-term financial sustainability

ORDINARY COUNCIL MEETING - MINUTES

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Sound financial management of community service delivery requires fees and charges to reflect the cost of providing a service of a particular quality, moderated by considerations of affordability, accessibility and equity, as well as community expectations and values.

Council's financial resources are limited. Most of the Council's revenue comes from rates, with 4% of income raised through user fees and charges and 4.5% through statutory fines and charges. Although a relatively small proportion; fees and charges are an important source of income and increasingly so in a rate-capped environment.

Examples of user fees and charges include:

- Aged and health care services
- Leisure centre and recreation fees
- Meeting or facility room hire
- Animal registrations
- Permits and licences
- Equipment hire fees
- Waste Management fees

When setting fees and charges factors considered include the user's capacity to pay, equity in the subsidisation of services, community service obligations, statutory or service agreement limitations and results of benchmarking of similar services.

Where higher or lower than budget parameter fee increases are proposed, benchmarking of other Council or competitor fees for the same service maybe undertaken for consideration by Councillors as part of the annual budget process.

Councils must also comply with the government's Competitive Neutrality Policy for significant business activities they provide and adjust their service prices to neutralise any competitive advantages when competing with the private sector.

In providing services to the community, Council must determine the extent of cost recovery for services consistent with the level of both individual and collective benefit that the services provide and in line with the community's expectations.

Understanding the pricing options

In summary, the first step is to consider whether the fee is statutory in nature (in which case Council has no discretion over the fee setting) or whether the fee and the fee level is resolved by Council.

Where the fee is a Council discretionary fee, Council then needs to primarily determine the relationship between the fee levels and the associated expenditure with which the fee is related to.

The options available to Council are as follows:

1. Set the fee at a level that exceeds related costs therefore creating a revenue flow for Council that assists in offsetting funds required from rates
2. Set the fee at a level that results in full cost recovery, therefore making the respective service revenue neutral for Council; or
3. Set the fee at a subsidised level where Council rate funding (and/or grants) is required for the service.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Greater Dandenong services are provided based on one of the following pricing methods:

- A. Full Cost Recovery Pricing**
- B. Subsidised Pricing**
- C. Market Pricing**

The following describes each applicable pricing principle that is to be applied in each circumstance.

Full Cost Recovery Pricing (A)

Full cost recovery price (A) aims to recover all direct and overhead costs incurred by Council. This pricing should be used where a service provided by council benefits individual customers specifically, rather than the community as a whole. In principle, fees and charges should be set at a level that recovers the full cost of providing the services unless there is an overriding policy or imperative in favour of subsidisation.

Subsidised Pricing (partial cost recovery) (B)

Where council subsidises a service by not passing the full cost of that service onto the customer. Subsidies may range from full subsidies (i.e. council provides the service free of charge) to partial subsidies, where Council provides the service to the user with a discount. The subsidy can be funded from Council's rate revenue or other sources such as Commonwealth and state funding programs. Full council subsidy pricing and partial cost pricing should always be based on knowledge of the full cost of providing a service.

Market Pricing (C)

Market pricing (C) is where council sets prices based on the benchmarked competitive prices of alternate suppliers. In general market price represents full cost recovery plus an allowance for profit. Market prices will be used when other providers exist in the given market, and council needs to meet its obligations under the government's Competitive Neutrality Policy. It should be noted that if a market price is lower than council's full cost price, then the market price would represent council subsidising that service. If this situation exists, and there are other suppliers existing in the market at the same price, this may mean that council is not the most efficient supplier in the marketplace. In this situation, council will consider whether there is a community service obligation and whether council should be providing this service at all.

10.2 Statutory fees and charges

Where fees are set by State Government statute (Statutory Fees); Council has no ability to alter the fee. These fees are fixed and result in a growing cost to the general ratepayer to provide services as the level of cost recovery is diminished over time. Fees will be amended in line with any increases should one be determined by State Government over the course of the year.

Examples of statutory fees and fines include:

- Infringements and fines
- Planning and subdivision fees
- Building and Inspection fees
- Land Information Certificate fees

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Penalty and fee units are used in Victoria's Acts and Regulations to describe the amount of a fine or a fee.

Penalty units

Penalty units are used to define the amount payable for fines for many offences. For example, the fine for selling a tobacco product to a person aged under 18 is four penalty units.

One penalty unit is currently \$165.22, from 1 July 2020 to 30 June 2021.

The rate for penalty units is indexed each financial year so that it is raised in line with inflation. Any change to the value of a penalty unit will happen on 1 July each year.

Fee units

Fee units are used to calculate the cost of a certificate, registration or licence that is set out in an Act or Regulation. For example, the cost of obtaining a land information certificate with the Council is 1.823 fee units each.

The value of one fee unit is currently \$14.81. This value may increase at the beginning of a financial year, at the same time as penalty units.

The cost of fees and penalties is calculated by multiplying the number of units by the current value of the fee or unit. The exact cost may be rounded up or down

10.3 Grants

Grant revenue represents income usually received from other levels of government, such as the Victorian Local Government Grants Commission (VLGGC). Some grants are singular and attached to the delivery of specific projects, whilst others can be of a recurrent nature and may or may not be linked to the delivery of projects.

In the 2020-21 Budget government grants totalled \$29.87 million with all but \$12.20 million being tied grants which require Greater Dandenong to perform a service on behalf of the State or Federal government. In most cases the tied grants do not adequately fund the service provided and additional rate revenue is required to subsidise these services. This is known as cost shifting to local government and is widely recognised across the sector as a major issue.

Council will pro-actively advocate to other levels of government for grant funding support to deliver important infrastructure and service outcomes for the community. Council may use its own funds to leverage higher grant funding and maximise external funding opportunities.

Grant assumptions are then clearly detailed in Council's budget document. No project that is reliant on grant funding will proceed until a signed funding agreement is in place.

10.4 Contributions

Contributions represent funds received by Council, usually from non-government sources, and are usually linked to projects. Contributions can be made to Council in the form of either cash payments or asset hand-overs.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

Examples of contributions include:

- Monies collected from developers under planning and development agreements
- Monies collected under developer contribution plans and infrastructure contribution plans
- Contributions from user groups towards upgrade of facilities
- Assets handed over to council from developers at the completion of a subdivision, such as roads, drainage, and streetlights.

Contributions should always be linked to a planning or funding agreement. Council will not undertake any work on a contribution-funded project until a signed agreement outlining the contribution details is in place.

10.5 Interest on investments

Council receives interest on funds managed as part of its investment portfolio, where funds are held in advance of expenditure, or for special purposes. The investment portfolio is managed per Council's Investment Policy, which seeks to earn the best return on funds, whilst minimising risk.

11. CHARTER OF HUMAN RIGHTS AND RESPONSIBILITIES ACT 2006 – COMPATIBILITY STATEMENT

The *Victorian Charter of Human Rights and Responsibilities Act 2006* has been considered in relation to whether any human right under the Charter is restricted or interfered with in any way by enacting any part of this policy. It is considered that this policy is consistent with the rights outlined in the Charter.

12. RESPONSE TO THE GENDER EQUALITY ACT 2020

The *Gender Equality Act 2020* requires that Council completes Gender Impact Assessments (GIA) on all new policies, programs and services that directly and significantly impact the public including those that are up for review as from 31 March 2021.

Whilst the most significant revenue amounts in Councils Annual Budget and Long-Term Financial Plan arises from Rates and Charges and Government Grants, Council has little control over either of these processes. Rates are essentially a property tax based on a high degree of legislative guidance and grants are determined by the State and Federal Governments. Fees and Charges represent our third highest level of revenue and is the area that Council has the most discretion over.

In the present 2021-22 Annual Budget, Fees and Charges were established prior to the 31 March 2021 and did not include a process for assessing any gender impact of the proposed fee. For future periods, Council will amend its Revenue and Rating Plan which includes a Pricing Policy guideline for the setting of fees and charges to include the requirement for fees to have a GIA completed for all major fee areas.

4.1.1 Revenue and Rating Plan 2021-2025 (Cont.)

13. CONSIDERATION OF CLIMATE CHANGE AND SUSTAINABILITY

Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 and the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability have been considered in the preparation of this policy.

Funding and support of Climate Change initiatives will be considered as part of the preparations of the Council Plan, Annual Action Plan and the 2021-22 Annual Budget. Revenues derived from the Revenue and Rating Plan will support the delivery of these actions, but it is not considered this plan has any other direct links.

This is due to the fact outlined in the introduction of the Plan where Council is unable to either introduce any special rate or levy to support and fund climate change and that its revenue amounts are to a large extent capped by either rate capping or state government grant approvals.

14. RESPONSIBILITIES

All Council Officers are responsible for ensuring compliance with this Plan.

4.1.2 Adoption of the 2021-22 Budget

File Id:

Responsible Officer:

Executive Manager, Finance & Information
Technology

Attachments:

Budget 2021-22
Attachment A: Budget 2021-22 Submissions

1. Report Summary

At its meeting on 26 April 2021, Council resolved to adopt the Proposed 2021-22 Budget for public notice and comment. The Proposed Budget was placed on public exhibition on the 28 April 2021 for 28 days in accordance with Council's Community Engagement Policy. Two submissions were received during the public exhibition period that closed on 26 May 2021. No submitter requested to speak in support of their submission.

This report recommends that Council adopts the 2021-22 Budget in accordance with the *Local Government Act 2020* and declares the rates and charges for the 2021-22 financial year in accordance with the provisions of the *Local Government Act 1989*. The Budget will form the basis for monitoring Council's financial performance over the 2021-22 financial year.

2. Recommendation Summary

This report recommends that Council adopts the 2021-22 Budget.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

3. Background and Discussion

In accordance with section 94 of the *Local Government Act 2020*, Council must prepare and adopt a Budget for each financial year and the subsequent three financial years.

The 2021-22 Budget was presented to Council on 26 April 2021, and it was resolved to place it on public notice for 28 days in accordance with Council's Community Engagement Policy and to seek public submissions from any person or organisation.

Council is also required to declare in relation to rates and charges the amount by which it intends to raise and the methodology for calculating rates and charges. This declaration is included in the Budget and the recommendation to this Council Report. The provisions regarding rates and charges are governed under the *Local Government Act 1989*.

3.1 Submissions

In respect of the 2021-22 Budget, Council received two submissions (one with multiple parts) for consideration. **Attachment A** includes the details of the submissions as well as Council's proposed responses. No submitters requested to speak in support of their submission.

No changes have been made to the 2021-22 Budget as a result of the submissions received.

3.2 Valuation movements between 2021-22 Proposed Budget and 2021-22 Adopted Budget

Valuation figures used in rating income calculations in the 2021-22 Budget are final certified valuations provided by the Valuer General's office. Overall, the total rates income amount does not change. The changes in valuations and rate in the dollar for each differential category between the Proposed 2021-22 Budget and the 2021-22 Adopted Budget are very minor and are detailed in the table below.

| Rating Type | Total Value of Land | | | Rate in the \$ | |
|--------------|---------------------------------------|--------------------------------------|------------------|---------------------------------------|--------------------------------------|
| | 2021-22 Proposed Budget (\$) | 2021-22 Adopted Budget (\$) | Mvmt (\$) | 2021-22 Proposed Budget (\$) | 2021-22 Adopted Budget (\$) |
| General | 33,388,945,000 | 33,388,805,000 | (140,000) | 0.0017259147 | 0.0017259192 |
| Commercial | 3,976,700,500 | 3,976,655,500 | (45,000) | 0.0032792379 | 0.0032792465 |
| Industrial | 11,970,518,500 | 11,970,528,500 | 10,000 | 0.0048325611 | 0.0048325738 |
| Res vacant | 394,342,500 | 394,342,500 | 0 | 0.0025888720 | 0.0025888788 |
| Farm | 369,435,000 | 369,435,000 | 0 | 0.0012944360 | 0.0012944394 |
| Total | 50,099,941,500 | 50,099,766,500 | (175,000) | | |

3.3 Fees and Charges

Two changes were made to fees in the Building and Compliance Services / Public Health section since the 2021-22 Proposed Budget. The changes included one new fee called 'Class 3 – Application to register (standard)' for \$272 in 2021-22 in the Registration – Food Premises section and a revision to the Beauty parlour 2021-22 fee from \$193.50 to \$320 in the Registration – Health Services section.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Amendments to the classification and naming of some fees under the Corporate Services / Halls and Meeting Rooms / Springvale City Hall - Supper Room and Springvale City Hall - Supper Room (half room only) have also occurred to resolve inaccuracies included in the 2021-22 Proposed Budget. However, no numerical fee amounts were changed.

Where advice has been received regarding the specified amount of statutory fees and charges for 2021-22 during the period while the Proposed Budget was out for community engagement, these fee amounts have been updated in Section 6 of the 2021-22 Budget. Council does not control the setting of these fees.

3.4 Gender Equity Statement

The 2021-22 Budget has also been updated since the Proposed 2021-22 Budget to include a Gender Equity Statement. Refer to section 11 of this Council report for details.

4. Proposal

This report recommends that Council adopt the 2021-22 Budget.

5. Financial Implications

The proposed 2021-22 Budget provides the financial framework against which Council's financial performance will be measured during the coming financial year. The Budget represents a prudent financial approach which maintains funding for capital works and asset renewal spending. It is expected that COVID-19 after-effects will continue in some areas and have been factored into the 2021-22 Budget.

As is the current practice, quarterly financial reports highlighting Council's progression against the Adopted Budget will be made available to Councillors and the community for their information.

6. Consultation

In accordance with Council's Community Engagement Policy under the Local Government Act 2020, the following consultation occurred:

- The community were invited to tell Council their budget priorities for the 2021-22 financial year during a consultation period that ran from 1 December 2020 until 15 January 2021.
- The Proposed 2021-22 Budget was also made available for community consultation for a period of 28 days (28 April 2021 to 26 May 2021). Public notice of the 2021-22 Budget for the Greater Dandenong City Council was given on 28 April 2021. The Budget was further advertised on Council's website and displayed at Council's customer service centres and libraries. Submissions were invited from the community and two submissions (one with multiple parts) were received (refer **Attachment A** for details).

4.1.2 Adoption of the 2021-22 Budget (Cont.)

7. Community Plan 'Imagine 2030' and Council Plan 2017-21 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

Opportunity

- *Leadership by the Council – The leading Council*

8. Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. Council is currently working towards developing a Vision and new Council Plan, extensive Community Consultation is being carried out to inform these documents. Until the new Council Plan is in place (due October 2021), the 2021-22 Budget has been prepared on the existing Council Plan format. This report is consistent with the following goals:

Opportunity

- *A diverse and growing economy*
- *An open and effective Council*

9. The Overarching Governance Principles of the *Local Government Act 2020*

Section 9 of the *Local Government Act 2020* states that a Council must in the performance of its role give effect to the overarching governance principles. The 2021-22 Budget gives effect to these principles by:

- complying with the relevant law (section 9(2)(a) of the Act). The Act requires councils to prepare a budget for each financial year and the three subsequent financial years (section 94). There are a number of required disclosures to be included in the budget such as services and initiatives to be funded, prescribed indicators and measures of service performance, major initiatives prioritised in the Council Plan, rate income amounts and models (whether in accordance with the rate cap and with detailed disclosures for differential rate models). In addition, the Local Government (Planning and Reporting) Regulations 2020 state that the format of the budgeted financial statements must be consistent with the Local Government Model Financial Report.
- giving priority to achieving the best outcomes for the municipality, including future generations (section 9(2)(b) of the Act). This ensures that in relation to community engagement practices, Council Officers are compliant, act with integrity and act in the best interests of Council and the community.
- the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is promoted (section 9(2)(c) of the Act). This document has a direct impact on the economic and social sustainability of Council and has considered climate change and sustainability in its preparation (see section 13 of this Council Report).

4.1.2 Adoption of the 2021-22 Budget (Cont.)

- innovation and continuous improvement have been pursued (section 9(2)(e) of the Act). This Budget has provision for evaluation, monitoring and review.
- collaboration with other Councils and Governments and statutory bodies has been sought (section 9(2)(f) of the Act).
- the ongoing financial viability of the Council has been ensured (section 9(2)(g) of the Act) by including forecast projections for the budget year and subsequent three financial years, as well as ensuring financial performance indicators are within acceptable ranges.
- regional, state and national plans and policies have been taken into account in strategic planning and decision making (section 9(2)(h) of the Act).
- transparency of Council decisions, actions and information is ensured by the community engagement of this Budget (section 9(2)(i) of the Act), as well as ongoing monitoring and reporting to Council during the budget year.

Also, in giving effect to the overarching governance principles above, Council has also considered the following supporting principles (with Act references) in developing the 2021-22 Budget:

- a. the community engagement principles (section 56);
- b. the public transparency principles (section 58);
- c. the strategic planning principles (section 89);
- d. the financial management principles (section 101);
- e. the service performance principles (section 106).

10. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

The Victorian Charter of Human Rights and Responsibilities Act 2006 has been considered in relation to whether any human right under the Charter is restricted or interfered with in any way by enacting any part of this Budget. It is considered that the Budget is consistent with the rights outlined in the Charter.

11. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

The Gender Equality Act 2020 requires that Council completes Gender Impact Assessments on all new policies, programs and services that directly and significantly impact the public including those that are up for review as from 31 March 2021.

The 2021-22 Budget and Ten-Year Long-Term Financial Plan undoubtedly have an impact on the broader community given that they allocate financial resources to the delivery of programs and services and for the provision of community infrastructure.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Conducting a Gender Impact Assessment (GIA) on these documents is, however, not an easy exercise given that both largely present aggregated financial information that does not readily lend itself to a GIA process. Further a significant number of the key components of these documents were prepared prior to the 31 March 2021.

The most practical application of a GIA process to the Budget and Long-Term Financial Plan is to assess how the key components are developed prior to becoming aggregated data in the final documents. The following assessments are made in respect of these key areas:

11.1 Operational Services

The most significant amount of funds allocated in the 2021-22 Budget and Long-Term Financial Plan relates to the ongoing cost of providing operational services to the community. Councils operational expenditure (excluding depreciation and amortisation) in the 2021-22 Budget amounts to \$170.12 million.

The preparation of the budgets for these services commences in November of the year prior and is largely concluded in draft format by the end of February immediately prior to the new financial year commencing on 1 July.

The preparation included the development and finalisation of departmental business plans that include assessments of risk and new initiatives. It is proposed that for all future Budget processes that the inclusion of a GIA process/lens is built into this stage for all services which would ensure the aggregation of all operating budgets embraces a 'gender lens'. A gender lens will, where practical, also include an intersectional approach to consider how gender inequality can be compounded by disadvantage or discrimination that a person may experience on the basis of other factors such as age, disability or ethnicity.

11.2 Fees and Charges

Whilst the most significant revenue amounts in Councils Budget and Long-Term Financial Plan arises from Rates and Charges and Government Grants, Council has little control over either of these processes. Rates are essentially a property tax based on a high degree of legislative guidance and grants are determined by the State and Federal Governments.

Fees and Charges represent our third highest level of revenue and is the area that Council has the most discretion over.

In the present 2021-22 Budget, Fees and Charges were established prior to 31 March 2021 and did not include a process for assessing any gender impact of the proposed fee.

For future periods, Council will amend its Revenue and Rating Plan which includes a Pricing Policy guideline for the setting of fees and charges to include the requirement for fees to have a GIA completed for all major fee areas.

11.3 Capital Improvement Program

The second biggest expenditure component of Councils Budgets and Long-Term Financial Plans relates to allocation of funds to Capital Improvement Program (CIP).

4.1.2 Adoption of the 2021-22 Budget (Cont.)

The preparation of the CIP program goes through multiple stages prior to being included in the final documents. These include:

- Preparation of bids for projects
- Internal review and assessment of bids
- Recommended prioritisation by Council Executive
- Final Council consideration and development of final CIP plan
- Delivery of the projects

Rather than conducting a GIA on the Budget document, there is an opportunity to build a GIA into stages 1,2 and 5 of the above framework for significant capital projects that have an impact on public.

It is proposed that for future CIP programs, the business case bid process include a GIA assessment for all projects that have a significant impact on the public. This would likely include bids such as road and footpath infrastructure as well as new community facilities.

In the initial assessment of CIP bids, it is also proposed that an additional weighting criteria be included on gender impact. Gender impact will, where practical, also include an intersectional approach.

And finally, for major capital projects, it is proposed that prior to the delivery of these projects a further gender lens be applied. This may include a review of concept/detailed designs to ensure it appropriately addresses gender issues.

12. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

Introducing climate change mitigation and adaptation measures into Council's strategic management and business plans will have an impact on Council's budget, however the cost of inaction would be many times greater. It is therefore critical that decisions are based on sound evidence to ensure the most efficient climate-resilient assets are in place to meet the city's future service needs. The community also needs to be aware of their climate change risks and respond by taking responsibility for their own actions, assets and risks. Local governments are often considered best placed to help their local community to reduce risks and adapt to climate change due to their local knowledge and close connection to the community [1]. Greater Dandenong, as the most socio-economically disadvantaged community in Melbourne, will be more exposed to some of the worst impacts, as the more vulnerable in our community are likely to lack the resources to prepare for or respond to climate change, or to recover from its impacts.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

[1] Local Government Climate Change Adaptation Roles and Responsibilities under Victorian legislation: Guidance for local government decision-makers. The State of Victoria Department of Environment, Land, Water and Planning 2020.

While economic consideration of climate change is important, it is difficult to ascribe singular costs to climate action on a line item basis within the limits of a budget. The complexities, interrelationships, and flow on effects of climate change risk, as well as the inherent value of related concepts such as ecological systems and human health, make this impossible.

Council instead recognises that the majority of budgeted areas address Council's Climate Emergency Declaration and Strategy through related processes, embedded within the areas themselves.

This includes in areas such as:

- 2020 Sustainable Buildings Policy – that aims to facilitate increased sustainability outcomes through Council's new building projects resulting in lower energy consumption and bills.
- Lighting Up Greater Dandenong plan– that aims to facilitate improved sustainability and lighting outcomes through the upgrade of local streetlights, saving on emissions and operational costs.
- Power Purchasing Agreement contract – that aims to enable Council to purchase all of its electricity needs from 100% renewable sources and at a lower cost.
- Capital Improvement projects – increased consideration of sustainability and climate change as part of submissions for funding through Council's Capital Improvement Program budget.

13. Related Council Policies, Strategies or Frameworks

The strategies, plans and policies that contribute to the 2021-22 Budget are as follows:

- Revenue and Rating Plan 2021-2025
- Proposed Long Term Financial Plan 2022-2031
- Financial Management Policy

14. Conclusion

Council is required to prepare and adopt a Budget for each financial year and the subsequent three financial years (section 94(1) of the Act). The 2021-22 Budget and the subsequent three financial years represents a prudent financial approach and forms part of the Proposed 10-year Long-Term Financial Plan.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

15. Recommendation

That:

1. Council adopts the 2021-22 Budget in accordance with Section 94 of the Local Government Act 2020.

2. Declaration of rates and charges

2.1. Amount intended to be raised

An amount of \$153,330,933 (or such other amount as is lawfully raised as a consequence of this Resolution) be declared as the amount which Council intends to raise by general rates and the annual service charge (described later in this Resolution), which amount is calculated as follows:

General rates \$130,014,392 (excludes supplementary rates)

Annual service charges \$23,316,541

2.2. General rates

2.3. A general rate be declared in respect of the 2021-22 financial year. It be further declared that the general rate be raised by the application of differential rates.

2.4. A differential rate be respectively declared for rateable land having the respective characteristics specified below, which characteristics will form the criteria for each differential rate so declared:

2.4.1 Residential (refer to Schedule A)

Any land which does not have the characteristics of Commercial, Industrial, Residential Vacant or Farm Land.

2.4.2. Commercial Land (refer to Schedule B)

Any land which is primarily used for commercial purposes.

2.4.3. Industrial Land (refer to Schedule C)

Any land which is primarily used for industrial purposes.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

2.4.4. Residential Vacant Land (refer to Schedule D)

Any land which is vacant residential land.

2.4.5. Farm Land (refer to Schedule E)

Any land which is primarily used for the purposes of farming.

- 2.5. Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described in paragraph 2.4 of this Resolution) by the relevant percentages indicated in the following table:**

| Category | Cents in the dollar (\$) |
|------------------------------|---|
| Commercial | 0.0032792465 (of Capital Improved Value) |
| Industrial | 0.0048325738 (of Capital Improved Value) |
| Residential vacant | 0.0025888788 (of Capital Improved Value) |
| Famland | 0.0012944394 (of Capital Improved Value) |
| Residential (general) | 0.0017259192 (of Capital Improved Value) |

- 2.6. It be recorded that Council considers that each differential rate will contribute to the equitable and efficient carrying out of Council functions, and that:**

- 2.6.1. the respective objectives of each differential rate be those specified in the Schedule to this Resolution;**
- 2.6.2. the respective types or classes of land which are subject to each differential rate be those defined in the Schedule to this Resolution;**
- 2.6.3. the respective uses and levels of each differential rate in relation to those respective types or classes of land be those described in the Schedule to this Resolution; and**
- 2.6.4. the relevant:**
- (a) uses of;**
 - (b) geographical locations of; and**
 - (c) planning scheme zonings of; and**

4.1.2 Adoption of the 2021-22 Budget (Cont.)

(d) types of buildings on

the respective types or classes of land be those identified in the Schedule to this Resolution;

2.7. No municipal charge to be declared in respect of the 2021-22 financial year.

2.8. An annual service charge be declared in respect of the 2021-22 financial year for the collection and disposal of refuse.

2.9. The annual service charge be in the sum of, and be based on the criteria specified below:

Option A: 120 litre waste, 240 litre recycling, 240 litre garden bin \$371.00

Option B: 80 litre waste, 240 litre recycling, 240 litre garden bin \$338.00

Option C: 120 litre waste, 240 litre recycling, 120 litre garden bin \$353.00

Option D: 80 litre waste, 240 litre recycling, 120 litre garden bin \$320.00

Option E: 120 litre waste, 240 litre recycling, no garden bin \$301.00

Option F: 80 litre waste, 240 litre recycling, no garden bin \$269.00

\$269.00 minimum waste charge for each residential property.

\$69.00 per service for each land that utilise either domestic waste bin size for the collection of landfill levies associated with the disposal of refuse.

Additional bin services:

\$18.40 = bin option change of selection charge

\$193.00 = 120 litre waste bin service

(Plus a “one off” fee for the purchase of the bin \$39.50)

(Plus a \$69.00 service for the collection of landfill levies associated with the disposal of refuse also applies)

\$49.00 = 240 litre recycling bin service

(Plus a “one off” fee for the purchase of the bin \$46.50)

\$102.00 = 240 litre garden bin service

4.1.2 Adoption of the 2021-22 Budget (Cont.)

(Plus a “one off” fee for the purchase of the bin \$46.50)

\$101.50 = Recycling bin option - upgrade of 240 litre to 360 litre

\$16.80 = Bin delivery

3. **Rebates and Concessions**

Council has entered into agreements with the Ministry of Housing to assess 50% of the general rate for certain purpose-built units for older persons.

Council also provides concessions of 10% and 40% of the relevant rate for qualifying properties under the Cultural and Recreational Lands Act.

4. **Incentives**

No incentive be declared for early payment of the general rates and annual service charge previously declared.

5. **Consequential**

5.1. It be recorded that Council requires any person to pay interest on any amount of rates and charges to which:

5.1.1. that person is liable to pay; and

5.1.2. have not been paid by the date specified for their payment.

5.2. The Chief Executive Officer be authorised to levy and recover the general rates and annual service charge in accordance with the *Local Government Act, 2020* and subject to section 181H(1)(b) of the *Local Government Act 1989*,

6. **Payment method**

In accordance with Section 167 *Local Government Act 1989*, Council declares that Council rates will be payable by four quarterly instalments on or before the following dates:

Instalment 1 - 30 September 2021

Instalment 2 - 30 November 2021

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Instalment 3 - 28 February 2022

Instalment 4 - 31 May 2022.

Where the payment due date falls on a weekend or public holiday, the payment date will be the next business day.

or

Ratepayers also have the option of paying by nine instalments (direct debit only). The first instalment is due by 30 September 2021 with the second and ninth instalments due at end of each month until 31 May 2022.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE A

GENERAL (Residential)

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake it's strategic, statutory, and service provision obligations.

Types and classes:

Any land which does not have the characteristics of Commercial, Industrial, Residential Vacant or Farm Land.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE B

COMMERCIAL LAND

The Commercial rate is to promote economic development objectives for the City including the retail development of the Dandenong, Springvale and Noble Park Activity Centre's and the ongoing development of strip shopping centres.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the commercial sector.
2. Enhancement of the economic viability of the commercial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that streetscaping and promotional activity is complementary to the achievement of commercial objectives.

Types and classes:

Any land which is primarily used for commercial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE C

INDUSTRIAL LAND

The Industrial rate is to promote economic development objectives for the municipality including industrial development in appropriately zoned areas.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the industrial sector.
2. Enhancement of the economic viability of the industrial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that street scaping and promotional activity is complementary to the achievement of industrial objectives.

Types and classes:

Any land which is used primarily for industrial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE D

RESIDENTIAL VACANT LAND

The residential vacant land rate is to promote housing development objectives for the municipality including the development of vacant land in residential zoned areas.

Objective:

To provide an economic incentive for the development of residential vacant land and a disincentive for residential land-banking in order that all rateable land makes an equitable contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
 4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is vacant residential land.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

Not applicable.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE E

FARM LAND

The main objectives of having a farm rate are:

- To promote and support the use of sound agricultural practices.
- To conserve and protect areas which are suited to certain agricultural pursuits.
- To encourage proper land use consistent with genuine farming activities.

Objective:

To provide a financial subsidy to rateable farm land to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is primarily used for the purposes of farming.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

Not applicable.

MINUTE 194

Moved by: Cr Sean O'Reilly
Seconded by: Cr Rhonda Garad

That:

1. **Council adopts the 2021-22 Budget in accordance with Section 94 of the Local Government Act 2020.**

2. **Declaration of rates and charges**
 - 2.1. **Amount intended to be raised**

An amount of \$153,330,933 (or such other amount as is lawfully raised as a consequence of this Resolution) be declared as the amount which Council intends to raise by general rates and the annual service charge (described later in this Resolution), which amount is calculated as follows:

General rates \$130,014,392 (excludes supplementary rates)

Annual service charges \$23,316,541

 - 2.2. **General rates**

 - 2.3. **A general rate be declared in respect of the 2021-22 financial year. It be further declared that the general rate be raised by the application of differential rates.**

 - 2.4. **A differential rate be respectively declared for rateable land having the respective characteristics specified below, which characteristics will form the criteria for each differential rate so declared:**
 - 2.4.1 **Residential (refer to Schedule A)**

Any land which does not have the characteristics of Commercial, Industrial, Residential Vacant or Farm Land.

 - 2.4.2 **Commercial Land (refer to Schedule B)**

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Any land which is primarily used for commercial purposes.

2.4.3. Industrial Land (refer to Schedule C)

Any land which is primarily used for industrial purposes.

2.4.4. Residential Vacant Land (refer to Schedule D)

Any land which is vacant residential land.

2.4.5. Farm Land (refer to Schedule E)

Any land which is primarily used for the purposes of farming.

- 2.5. Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described in paragraph 2.4 of this Resolution) by the relevant percentages indicated in the following table:**

| Category | Cents in the dollar (\$) |
|------------------------------|---|
| Commercial | 0.0032792465 (of Capital Improved Value) |

- 2.6. It be recorded that Council considers that each differential rate will contribute to the equitable and efficient carrying out of Council functions, and that:**

- 2.6.1. the respective objectives of each differential rate be those specified in the Schedule to this Resolution;**
- 2.6.2. the respective types or classes of land which are subject to each differential rate be those defined in the Schedule to this Resolution;**
- 2.6.3. the respective uses and levels of each differential rate in relation to those respective types or classes of land be those described in the Schedule to this Resolution; and**

4.1.2 Adoption of the 2021-22 Budget (Cont.)

2.6.4. the relevant:

- (a) uses of;
- (b) geographical locations of; and
- (c) planning scheme zonings of; and
- (d) types of buildings on

the respective types or classes of land be those identified in the Schedule to this Resolution;

2.7. No municipal charge to be declared in respect of the 2021-22 financial year.

2.8. An annual service charge be declared in respect of the 2021-22 financial year for the collection and disposal of refuse.

2.9. The annual service charge be in the sum of, and be based on the criteria specified below:

Option A: 120 litre waste, 240 litre recycling, 240 litre garden bin \$371.00

Option B: 80 litre waste, 240 litre recycling, 240 litre garden bin \$338.00

Option C: 120 litre waste, 240 litre recycling, 120 litre garden bin \$353.00

Option D: 80 litre waste, 240 litre recycling, 120 litre garden bin \$320.00

Option E: 120 litre waste, 240 litre recycling, no garden bin \$301.00

Option F: 80 litre waste, 240 litre recycling, no garden bin \$269.00

\$269.00 minimum waste charge for each residential property.

\$69.00 per service for each land that utilise either domestic waste bin size for the collection of landfill levies associated with the disposal of refuse.

Additional bin services:

\$18.40 = bin option change of selection charge

\$193.00 = 120 litre waste bin service

(Plus a “one off” fee for the purchase of the bin \$39.50)

4.1.2 Adoption of the 2021-22 Budget (Cont.)

(Plus a \$69.00 service for the collection of landfill levies associated with the disposal of refuse also applies)

\$49.00 = 240 litre recycling bin service

(Plus a “one off” fee for the purchase of the bin \$46.50)

\$102.00 = 240 litre garden bin service

(Plus a “one off” fee for the purchase of the bin \$46.50)

\$101.50 = Recycling bin option - upgrade of 240 litre to 360 litre

\$16.80 = Bin delivery

3. Rebates and Concessions

Council has entered into agreements with the Ministry of Housing to assess 50% of the general rate for certain purpose-built units for older persons.

Council also provides concessions of 10% and 40% of the relevant rate for qualifying properties under the Cultural and Recreational Lands Act.

4. Incentives

No incentive be declared for early payment of the general rates and annual service charge previously declared.

5. Consequential

5.1. It be recorded that Council requires any person to pay interest on any amount of rates and charges to which:

5.1.1. that person is liable to pay; and

5.1.2. have not been paid by the date specified for their payment.

5.2. The Chief Executive Officer be authorised to levy and recover the general rates and annual service charge in accordance with the *Local Government Act, 2020* and subject to section 181H(1)(b) of the *Local Government Act 1989*,

4.1.2 Adoption of the 2021-22 Budget (Cont.)

6. Payment method

In accordance with Section 167 *Local Government Act 1989*, Council declares that Council rates will be payable by four quarterly instalments on or before the following dates:

Instalment 1 - 30 September 2021

Instalment 2 - 30 November 2021

Instalment 3 - 28 February 2022

Instalment 4 - 31 May 2022.

Where the payment due date falls on a weekend or public holiday, the payment date will be the next business day.

or

Ratepayers also have the option of paying by nine instalments (direct debit only). The first instalment is due by 30 September 2021 with the second and ninth instalments due at end of each month until 31 May 2022.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE A

GENERAL (Residential)

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake it's strategic, statutory, and service provision obligations.

Types and classes:

Any land which does not have the characteristics of Commercial, Industrial, Residential Vacant or Farm Land.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE B

COMMERCIAL LAND

The Commercial rate is to promote economic development objectives for the City including the retail development of the Dandenong, Springvale and Noble Park Activity Centre's and the ongoing development of strip shopping centres.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the commercial sector.
2. Enhancement of the economic viability of the commercial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that streetscaping and promotional activity is complementary to the achievement of commercial objectives.

Types and classes:

Any land which is primarily used for commercial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE C

INDUSTRIAL LAND

The Industrial rate is to promote economic development objectives for the municipality including industrial development in appropriately zoned areas.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the industrial sector.
2. Enhancement of the economic viability of the industrial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that street scaping and promotional activity is complementary to the achievement of industrial objectives.

Types and classes:

Any land which is used primarily for industrial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE D

RESIDENTIAL VACANT LAND

The residential vacant land rate is to promote housing development objectives for the municipality including the development of vacant land in residential zoned areas.

Objective:

To provide an economic incentive for the development of residential vacant land and a disincentive for residential land-banking in order that all rateable land makes an equitable contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is vacant residential land.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

Not applicable.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

SCHEDULE E

FARM LAND

The main objectives of having a farm rate are:

- To promote and support the use of sound agricultural practices.
- To conserve and protect areas which are suited to certain agricultural pursuits.
- To encourage proper land use consistent with genuine farming activities.

Objective:

To provide a financial subsidy to rateable farm land to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is primarily used for the purposes of farming.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Types of buildings:

Not applicable.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Mayor and CEO's Introduction

It's a pleasure to present the 2021-22 Budget to the Greater Dandenong City community for comment. The Budget forms an integral part of Council's integrated strategic planning and reporting framework.

The COVID-19 pandemic made 2020 an extremely challenging time for many in our community. Equally for Council, the 2021-22 Budget has been developed in a period of continued uncertainty in relation to the COVID-19 pandemic. Despite this, it is pleasing that the 2021-22 Budget has been developed with an aim to continue Council's commitment to invest in services and infrastructure in a financially responsible way by balancing the needs of our community while achieving long term financial sustainability and most importantly to recover and revive in a post COVID-19 environment.

The Budget is largely based on a return to some degree of economic normality for 2021-22 and the following three years. It should be noted however that several key areas of Council revenue will continue to be impacted by the outcomes of the pandemic. Interest on investments will be one of Council's largest areas of ongoing financial impact with revenues forecast to be below Council's typical return by more than \$1 million. Council has also seen declines in supplementary rate growth and rental assumptions for Dandenong Market will also be impacted with an assumed return to 80 per cent of pre-COVID-19 levels. Car parking revenue and fine income will also be well below pre-COVID-19 levels with the adverse impact estimated at \$2.3 million. These impacts have resulted in Council's operational cash outcome being lower than forecast for 2021-22.

To fund the reduced operational outcome, the 2021-22 Budget includes a drop-in capital works funded from Council's operations of around \$2.3 million. The longer-term impact of COVID-19 on our community and on our operations is still uncertain. As such we recognise Council's proposed financial direction for future years may require changes.

Despite the challenges, the 2021-22 Budget will deliver a capital works program of more than \$63 million in capital works. This includes more than \$20 million on asset renewal in the city. This builds on the strong capital investment over the past several years including the Springvale Community Hub, Dandenong Civic Centre and Library, redevelopment of the Dandenong Market, construction of the Noble Park Aquatic Centre and construction of Tattersson Park Community Sports Complex.

The Budget also includes significant building projects - construction of the Keysborough South Community Hub, Ross Reserve Football pavilion, Noble Park Aquatic Centre - Health and Wellbeing Gymnasium redevelopment and Thomas P Carroll Reserve Crowe pavilion, as well as detailed design of the Dandenong Oasis replacement (totalling approximately \$28 million). The road resurfacing program (including Roads to Recovery) and the widening construction of Abbots Road are also included in the 2021-22 Budget (partly funded by Roads to Recovery and Local Roads Community Infrastructure (LCRI) grant funding). To achieve this level of capital works investment in 2021-22, Council has sought several funding sources other than rates, including new borrowings, grant funding and transfers from internal reserves.

Council remains in a healthy financial position for 2021-22 through sound and prudent leadership by Council and its staff, although this will continue to be tested by the compounding effect of rate capping and COVID-19 after-effects. Council has largely been protected from the impacts of rate capping to this point due to higher levels of supplementary rates. However, Council will either have to make significant changes to its operational services or accept that timelines for new projects will face longer term delays in order to be affordable for Council.

New facilities such as the Keysborough South Community Hub (expected to be complete in October 2022) will add considerable costs (approximately \$1 million annually) to Council's operational budgets. Council's forward capital investment decisions and their consequential operational and infrastructure servicing expenditure (whole of life costing) will necessitate a shift in strategic thinking in the medium to long term.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

Property Revaluations and the Rate Rise

Average rates in 2021-22 will increase by 1.50 per cent, in line with the rate cap set by the Victorian Government under rate capping legislation.

The City of Greater Dandenong has moved from biennial to annual valuations in line with the state government changes introduced from 1 July 2018. The valuation function is now centralised with the Valuer-General of Victoria. Valuation figures used in this 2021-22 budget report are final certified valuations provided by the Valuer General's office.

It should be noted that since the introduction of rate capping it is important for residents to understand that these two matters are quite independent of each other. The rate cap is applied to the total rates that Council can raise and not to individual properties. A resident's rate bill may vary by more or less than the rate cap due to the relative property valuation, the type of property classification (residential, commercial, industrial, etc) and other charges not subject to the rate cap (for example, the waste charge). This means that ratepayers will experience changes to their rates that vary from the standard increase of 1.50 per cent (both higher and lower). In practice, the total Council rates collected will increase by 1.50 per cent while individual property movements may vary greatly.

The following table highlights that overall Council properties have decreased by 1.71 per cent from the 2020-21 forecast valuations, however, the various classes of land have experienced different movements compared to the overall average outcome. Residential, commercial and industrial valuations have all experienced a decrease. Farm and residential vacant valuations, on the other hand, have increased by 7.39 per cent and 2.81 per cent respectively.

| Type or class of land | Budget 2020-21 \$'000 | Forecast 2020-21 \$'000 | Budget 2021-22 \$'000 | Change |
|----------------------------|-----------------------------|-------------------------------|-----------------------------|----------------|
| General | 33,535,584 | 33,787,898 | 33,388,805 | (1.18%) |
| Commercial | 4,227,348 | 4,252,109 | 3,976,656 | (6.48%) |
| Industrial | 12,062,326 | 12,204,198 | 11,970,529 | (1.91%) |
| Vacant residential | 413,599 | 383,549 | 394,343 | 2.81% |
| Farm | 343,568 | 344,014 | 369,435 | 7.39% |
| Total value of land | 50,582,424 | 50,971,767 | 50,099,767 | (1.71%) |

By way of example the table below highlights the rating impact on the various rating types should Council retain the current rate differential structure (outcomes based on an annual increase in rates of 1.50 per cent).

| Type or class of land | Proposed rates 2021-22 \$'000 | % increase 2020-21 to 2021-22 |
|-----------------------|--|-------------------------------------|
| General | 58,088 | 2.35% |
| Commercial | 13,145 | (3.13%) |
| Industrial | 57,270 | 1.59% |
| Vacant residential | 1,029 | 6.49% |
| Farm | 482 | 11.23% |
| Total | 130,014 | 1.50% |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

As shown in the table the rating experiences between rating groups is reasonably dynamic with residential properties on average increasing by 2.35 per cent and farm properties increasing by 11.23 per cent. The commercial sector has been the weakest experiencing a decrease of 3.13 per cent.

This disparity in the valuation movements means that unless Council adjusts its differential rating structure, residential rates would increase by an average of 2.35 per cent.

Council has sought a rating model that more evenly applies the proposed rate increase to each of the major rating sectors (General, Commercial and Industrial). On this basis, the Revenue and Rating Plan 2021-2025 recommends the following differential rates be applied.

| Type or class of land | Existing rating differential | Proposed rating differential | % increase |
|-----------------------|------------------------------|------------------------------|--------------------|
| | 2020-21 | 2021-22 | 2020-21 to 2021-22 |
| General | 100% | 100% | 1.54% |
| Commercial | 190% | 190% | (3.90%) |
| Industrial | 275% | 280% | 2.62% |
| Vacant residential | 150% | 150% | 5.65% |
| Farm | 75% | 75% | 10.35% |
| | | | 1.50% |

The proposed model above increases the differential on industrial properties by 5 per cent to 280 per cent which reduces the average residential rate increase to 1.54 per cent keeping it close to the rate cap (1.50 per cent). This model also retains the decrease in commercial rates at 3.90 per cent (this sector is probably weaker than the industrial sector at present indicated by the level of valuation decreases in these sectors in 2021).

Waste charges

The 2021-22 Budget proposes an increase of \$12.00 (or 2.80 per cent) in the default annual waste charge (inclusive of the State Government landfill levy) which is linked directly to the cost of providing the waste services, priced on a cost recovery basis.

The Victorian State Governments introduction of Recycling Victoria – A New Economy details an increase in the landfill levy from \$65.90 in 2020-21 to \$105.90 in 2021-22. This increase represents \$69 per household (\$51 in 2020-21).

As documented in the past three years, disruptions in the recycling processing market are “disrupters on a global scale”. These challenging events are still foreseeable into the future. The 2021-22 budget allows for the costs associated with continuing Council’s current recycling contract combined with the higher landfill levy, while also continuing to be sustainably responsible in the process.

| Residential rate in the dollar | Forecast 2020-21 | Budget 2021-22 | % Variance | \$ Variance |
|--|-------------------|-------------------|--------------|----------------|
| Median residential valuation in Greater Dandenong | \$602,100 | \$595,000 | | |
| Residential rate in the dollar | 0.0016796 | 0.0017259 | | |
| General rates | \$1,011.32 | \$1,026.92 | 1.54% | \$15.61 |
| Waste charge (including State Government landfill levy)* | \$428.00 | \$440.00 | 2.80% | \$12.00 |
| Total rates and charges median residential property | \$1,439.32 | \$1,466.92 | 1.92% | \$27.61 |

* Includes State Government landfill levy of \$69 in 2021-22 (\$51 in 2020-21).

Overall, the increase in general rates and waste charges for the median residential valued property is 1.92 per cent. The total annual impact is \$27.61 or 53 cents per week.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Investing in infrastructure and meeting the asset renewal challenge

Council retains a strong focus on the future needs for this municipality. The 2021-22 Budget continues with significant investment in the infrastructure of our city, despite the constraints imposed by rate capping. An extensive Capital Works Program totalling \$63.36 million will be undertaken in 2021-22. This capital investment includes Council funding from rate revenue of \$36.20 million which is a \$3.56 million increase from the capital investment from rates in 2020-21 (\$32.65 million). This increase is mainly attributable to funding required for COVID-19 financial impacts in 2020-21.

The challenge to fund the appropriate replacement of existing assets (roads, drains, buildings, etc) is one that City of Greater Dandenong shares with many other municipalities. In our case, the challenge is beginning to become urgent as much of our key infrastructure was built in the 1960's and 1970's and will soon reach the end of their useful lives.

The 2021-22 Council Budget continues to address the asset renewal challenge. The 2021-22 Budget allocates a total of \$19.98 million and \$23.73 million for renewal and upgrade of our assets respectively.

In order to achieve Council's objectives of meeting the asset renewal challenge whilst at the same point delivering key new infrastructure, it is essential that Council strongly scrutinise its operational budgets annually and look to achieve efficiencies.

| | Original | Budget | Projections | | |
|------------------------------------|---------------|---------------|---------------|---------------|---------------|
| | Budget | | 2022-23 | 2023-24 | 2024-25 |
| | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
| | \$'000 | \$'000 | \$'000 | \$'000 | \$'000 |
| Capital grants | 3,244 | 9,996 | 2,518 | 826 | - |
| Capital contributions | 910 | 2,935 | 1,045 | - | - |
| Transfer from reserves | 6,905 | 8,110 | 7,350 | 10,250 | 650 |
| Loan proceeds | - | 6,120 | 15,000 | 15,000 | - |
| Funded from operational surplus | 32,646 | 36,201 | 39,706 | 40,174 | 41,170 |
| Total capital works funding | 43,705 | 63,362 | 65,619 | 66,250 | 41,820 |

Note: future years may be subject to reductions due to the impacts of rate capping legislation. The investment in each year represents a slight increasing trend. Future spending may be further impacted by the COVID-19 pandemic after-effects. The 2021-22 Budget includes a drop of \$2.3 million to fund COVID-19 related impacts.

The table highlights that significant funding sources other than from rates to fund an increased level of capital works expenditure. The \$63.36 million in capital works in 2021-22 will be funded by capital grant funding of \$10 million, reserve transfers of \$8.11 million and new borrowings of \$6.12 million. This will allow Council to progress a number of major capital projects in 2021-22 including Keysborough South Community Hub, Noble Park Aquatic Centre Health and Wellbeing Gymnasium redevelopment and the detailed design associated with replacement of Dandenong Oasis.

Loan proceeds totalling \$30.00 million over the 2022-23 to 2023-24 years will further fund significant works associated with the replacement of Dandenong Oasis.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Key capital projects included in the 2021-22 Budget

The 2021-22 Council Budget provides funding for a range of key capital projects that are worthy of highlight and include:

- \$10.23 million Keysborough South Community Hub Development – Construction (Stage 2 of 2) (funded from borrowings of \$6.12 million, DCP contributions of \$2.91 million and State Government grant funding of \$1.2 million).
- \$7.90 million Ross Reserve New Pavilion (Football) – Construction (Stage 2 of 2) (partly funded by State Government grant funding of \$75,000).
- \$4.20 million Noble Park Aquatic Centre – Health and Wellbeing Gymnasium Redevelopment (funded by reserves of \$3.9 million and State Government grant funding of \$300,000).
- \$3.67 million Road Resurfacing Program (including Roads to Recovery grant funded works of \$1.02 million).
- \$3.30 million Dandenong Oasis Replacement – detailed design (funded from reserves).
- \$3.00 million Thomas P Carroll Reserve Crowe Pavilion – construction/refurbishment (Stage 2 of 2).
- \$2.09 million Abbots Road (between National Drive and Railway) – Widening Construction (Stage 2 of 3) (funded by LRCI grant funding).
- \$1.97 million Building renewal program.
- \$1.23 million Colemans Road – road reconstruction (funded by LRCI grant funding).
- \$1.16 million Kerb and Channel Renewal and Resurfacing Programs.
- \$1.70 million Callander Road (Catchment 9) – Drainage upgrade (Stage 1 of 3) (funded by Local Roads and Community Infrastructure (LRCI) Phase 2 grant funding).
- \$1.70 million Footpath Renewal Program and Active Transport Infrastructure Priority Program.
- \$1.39 million Springvale Boulevard – Construction (Stages 1 and 2).
- \$1.18 million Douglas Street – streetscape upgrade (Stage 4).

Several new operating initiatives totalling \$297,500 have also been included in the 2021-22 Budget (refer section 4.7 for details).

In summary the 2021-22 Budget has been developed during a time of anticipated recovery from the effects of COVID-19 across our community. There is still some uncertainty about the extent of COVID-19 after-effects and the pace at which activity levels will return to a new normal, particularly as a COVID-19 vaccine is rolled out in Australia. This Budget is well positioned for recovery albeit with some after-effects continuing for part of the 2021-22 financial year. Capital spending will stimulate local employment, businesses and suppliers. The Budget is one that strikes a good balance between ensuring Council continues to provide operational services and support to the community and a capital spending program to provide much needed local infrastructure.

I commend the 2021-22 Budget to Council and the community.

John Bennie PSM
Chief Executive Officer

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Budget process

Council Plan outcomes

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan.

Basis of budget preparation

This section lists the budget processes to be undertaken in order to adopt the Budget in accordance with the *Local Government Act 2020* (the Act) and *Local Government (Planning and Reporting) Regulations 2020* (the Regulations).

Under the Act, Council is required to prepare and adopt a Budget for each financial year and the subsequent three financial years (section 94(1) of the Act).

The 2021-22 Budget, which is included in this report, is for the year 1 July 2021 to 30 June 2022, as well as the subsequent three financial years and is prepared in accordance with the Act and Regulations. The budget includes financial statements being a Comprehensive Income Statement, Balance Sheet, Statement of Changes in Equity, Statement of Cash Flows and Statement of Capital Works. These statements have been prepared for the year ending 30 June 2021 in accordance with the Act and Regulations and are consistent with the annual financial statements which are prepared in accordance with Australian Accounting Standards. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other information required by the Regulations which support the Act, such as the capital works program to be undertaken, the human resources required, and other financial information Council requires in order to make an informed decision about the adoption of the budget.

In advance of preparing the budget, officers firstly review and update Council's long-term financial plan projections. Financial projections for ten years are included in Council's Long Term Financial Plan (LTFP), which is the key medium to long-term financial plan produced by Council on a rolling basis. The preparation of the budget, within this broader context, begins with officers preparing the operating and capital components of the Budget during January and February. A draft budget is then prepared, and various iterations are considered by Council at informal briefings during March and April. A 'proposed' budget is prepared in accordance with the Act and submitted to Council in April for approval 'in principle'. Whilst not required under the Act, Council intends to give 'public notice' that it intends to 'adopt' the budget and will make the budget available for inspection online for four weeks. Council will then receive, hear and consider any public submissions on any information contained in the budget before adoption of the budget by Council. The budget is required to be adopted by 30 June.

The budget includes consideration of several long-term strategies to assist Council in considering the budget in a proper financial management context.

Key dates for the Budget process:

| Budget process | Timing |
|---|-------------------|
| Budget submitted to Council for approval "in principle" | 26 April |
| Public notice advising of intention to adopt Budget | 28 April |
| Budget available for public inspection and comment | 28 April – 26 May |
| Public submission process undertaken | April/May |
| Submissions considered by Council | 10 June |
| Budget presented to Council for adoption | 28 June |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Budget influences

This section sets out the key budget influences arising from the internal and external environment within which Council operates.

External influences

The four years represented within the Budget are 2021-22 through to 2024-25. In preparing the 2021-22 budget, several external influences have been taken into consideration. These are outlined below:

Location

Greater Dandenong encompasses an area of 129 square kilometres in Melbourne's south-east, approximately 24 kilometres from the central business district. It is bounded by Police Road in the north, Dandenong Creek and South Gippsland Freeway to the east, Thompson Road in the south, and by Westall and Springvale Roads to the west.

The suburbs of Greater Dandenong are Dandenong, Dandenong South, Bangholme, Springvale, Springvale South, Noble Park, Noble Park North and Keysborough.

Neighbouring councils include Casey, Knox, Monash, Kingston and Frankston.

Greater Dandenong maintains over 35 sports reserves, 188 kilometres of bike and shared paths, 1,100 kilometres of footpaths, 152 playgrounds, 197 parks and 33 bushland areas.

Population

Greater Dandenong has a population of approximately 172,000 (2020 figure). This is forecast to increase to an estimated total of 200,000 by 2031, largely as a result of residential developments in Keysborough, central Dandenong and dispersed construction across the city.

Two thirds of the residents of Greater Dandenong were born overseas, making this the most culturally diverse municipality in Victoria, with residents from 157 different birthplaces.

Reflecting its cultural diversity Greater Dandenong also has a wide diversity of spoken languages, with two-thirds of residents speaking languages other than English in their homes. 17 per cent of residents have limited fluency in the use of spoken English.

Housing

Rising housing costs coupled with low incomes among many Greater Dandenong residents have caused increasing financial hardship for many local families. The cost of purchasing a home in this city has risen much faster than income levels. In 2016, 54 per cent of residents own or are purchasing their homes and 32 per cent of residents rent their accommodation, similar to the metropolitan level.

Employment within Greater Dandenong

Approximately 97,000 people are employed in the City of Greater Dandenong.

Greater Dandenong provides 22,000 jobs in manufacturing for the region. This represents a 23 per cent share of all jobs in the city, which is renowned as the manufacturing hub of Victoria.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Education

Young people in Greater Dandenong experience relatively high rates of early school leaving and unemployment. However, recent years have witnessed a rise in the number of young people completing their secondary education.

While the level of participation by young people in university is slightly lower than the metropolitan average, attendance at TAFE is substantially higher than the Victorian level.

44 per cent of residents hold a degree qualification.

COVID-19 pandemic

COVID-19 has presented a fast-evolving significant challenge to businesses, households, and the economy worldwide. Council has acted in the interest of keeping our community, residents and workforce safe.

The City of Greater Dandenong will need to continue to be responsive to the city's changing needs with the latest advice and guidance being received from State and Federal Governments in relation to the management of COVID-19 (Coronavirus) pandemic.

Across the 2019-20 and 2020-21 financial years, the forecast estimate for the impact of the pandemic is now north of \$17 million. The impacts are a mix of decisions made by Council to provide community relief and outcomes that are not under Council's control. The 2021-22 Budget also includes a drop-in capital funding of around \$2.3 million to fund impacts that will not immediately cease (explained below).

Council assumes overall service levels will remain largely unchanged throughout the 4-year forward projection period of this Budget. This Budget has been developed on the most current and best available information but is subject to change due to the dynamic health and economic crisis created by the global pandemic. It should be noted however that several key areas of Council revenue will continue to be impacted upon by the outcomes of the pandemic. Interest on investments will be one of Council's largest areas on ongoing financial impact with revenues forecast to be below Council's typical return by more than \$1 million. Council has also seen declines in supplementary rate growth and rental assumptions for Dandenong Market will also be impacted with an assumed return to 80 per cent of pre COVID-19 levels. Car parking revenue and fine income will also be well below pre-COVID-19 levels with the adverse impact estimated at \$2.3 million.

The full impact of COVID-19 is still unknown and impact assessments on resource allocations, rates and revenue-based services continue to be undertaken as economic activity returns to normal levels post pandemic.

Rate cap, supplementary rates and property valuations

The Victorian State Government cap on the average property rate increase for 2021-22 has been set at 1.50 per cent (2020-21 2.00 per cent).

The Valuer General of Victoria now conducts annual rateable property general valuations. This was previously every two years.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Supplementary rates are additional rates received after the budget is adopted each year, for the part of the year when a property value increases in value (e.g. due to improvements made or change in land class), or new residents become assessable. Importantly, supplementary rates recognise that new residents require services on the day they move into Greater Dandenong and Council is committed to providing these. Supplementary rates income is based on historical and forecast data and is set at anticipated levels. Historically, Greater Dandenong has experienced a trend of high supplementary rate growth, however, in recent years, this trend has declined.

Superannuation

Council has an ongoing obligation to fund any investment shortfalls in the Defined Benefits Scheme – the Local Authorities Superannuation Fund Defined Benefit Plan (LASF DB). The last call on Local Government was in the 2012-13 financial year where Council was required to pay \$10.57 million to top up its share of the Defined Benefits Scheme.

The amount and timing of any liability is dependent on the global investment market. During 2020-21 equity markets have improved significantly following the United States election and the commencement of COVID-19 vaccinations around the world. However, there is a continuing sense of unease and ongoing market volatility. The Vested Benefit Index (VBI) at 31 December 2020 for the sub-plan was 109.6 per cent which satisfies superannuation prudential standards and is above the fund's nominated shortfall threshold (currently 97 per cent). Vision Super will continue to monitor the plan's financial position. At present the actuarial ratios are at a level that additional calls from Local Government are not expected in the next 12 months.

Financial Assistance Grants

The largest source of government funding to Council is through the annual Victoria Local Government Grants Commission (VLGGC) allocation. The overall state allocation is determined by the Federal Financial Assistance grant. Council's Financial Assistance grant allocation for the 2020-21 financial year actually decreased slightly from the prior year, which does not help to match the cost increases of CPI. The 2021-22 forecast is set at a conservative economic outlook assuming the same level of funding allocated in 2020-21.

Capital Grants

Council has been successful in applying for \$5.1 million capital grant funding via Phase 2 of the Local Roads Community Infrastructure (LRCI) program.

For a number of years, Greater Dandenong has benefited from millions of dollars in Federal Government Roads to Recovery (R2R) funding to improve road safety and undertake local road upgrades. The current R2R program commenced 1 July 2019 and will continue through to 30 June 2024. Council's life of program allocation for the period 1 July 2019 to 30 June 2024 is a confirmed \$5.09 million. A total amount of \$1.01 million has been allocated in 2021-22.

Consumer Price Index

Melbourne All Groups (CPI) increases on goods and services of 1.3 per cent through the year to the December quarter 2020 (ABS). State-wide CPI is forecast to be 1.50 per cent for the 2021-22 year (Victorian Budget Papers 2020-21).

Cost Shifting

A continuation of cost shifting where Federal and State government grants do not increase by the same percentage as Council's cost of providing these services.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Development Contributions

The rate of growth and flow of development contributions income depends on land sales and the desire of developers to construct new developments within the municipality. Changes in this impact on the level of non-monetary contributions received by Council.

An increase in maintenance costs of parks and gardens occurs due to continued trend of receiving gifted open space assets from developers.

Waste, Recycling and Landfill Levy

Over the last 30 years, recycling has been considered a critical service experienced by all. In recent years, the recycling industry has been through some challenging moments and events that are disrupters on the global scale. These challenging events are still foreseeable into the future; however, Greater Dandenong will continue to work closely with the State and Federal Governments to make inroads in the recycling sector.

The Environment Protection Agency (EPA) regulation has a sustained impact on Council with regards to compliance with existing and past landfill sites. Waste disposal costs are also impacted by industry changes such as increasing EPA landfill levies and negotiation of contracts, e.g. recycling sorting and acceptance.

The State Government Landfill Levy is set to increase from \$65.90 in 2020-21, to \$105.90 in 2021-22 and further to \$125.90 in 2022-23. This increase in landfill levy results in additional costs to Council which are recovered via Council's waste service charge.

The waste service charge for 2021-22, incorporating kerbside collection and recycling, will increase by an average 2.80 per cent or \$12.00 (default waste charge). This increase in the waste charge has been caused mainly by the significant increase in the State Government landfill levy.

Fire Services Property Levy (FSPL)

The FSPL will continue to be collected by Council on behalf of the State Government in accordance with the Fire Services Property Levy Act 2012.

Internal influences

In addition to the external factors noted, there are several internal factors which also impact on the setting of the 2021-22 Council Budget.

Service Planning

Council is committed to maintaining services to current standards (as a minimum) in the areas of parks, roads and drainage maintenance. This will require Council to make a higher investment in the ongoing renewal of these assets through its Capital Works Program.

Enterprise Agreement (EA)

The Enterprise Agreement 2018 commenced 1 July 2018 for a four-year term. This agreement provides for a minimum of 2.25 percent or the rate cap whichever is higher. The financial impact of the quantum of this increase results in an increase higher than the rate cap for 2021-22 (1.50 per cent).

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Ongoing operational costs of capital works/asset construction

The consequential operational servicing expenditure for the Keysborough South Community Hub which is due for completion in October 2022 has been factored into this Budget. Annual costs of approximately \$1 million have been included on a pro-rata basis in 2022-23 and full year allocation thereafter.

Service Plans and Strategies - Planning for meeting community needs

Council's broad approach in fulfilling its long-term obligations to facilitate acceptable services for the community is to plan and develop service strategies. These strategies:

- Describe the nature and extent of existing service and the infrastructure presently facilitating the delivery of service.
- Identify plausible scenarios that could impact on service delivery.
- Establish key issues/challenges.
- Develop/review goals and objectives.
- Formulate and assess alternative strategic and policy responses.
- Evaluate and recommend preferred strategy and policy.
- Formulate action plans and programs to implement preferred strategy including proposals for funding.
- Feed into the Asset Management Plan for the infrastructure group(s) that facilitates service delivery.

Typical strategies include: Arts and Cultural Heritage Strategy, Regional Food Strategy, Sustainability Strategy, Digital Strategy, Greater Dandenong Housing Strategy, Tourism Strategy and Action Plan, Road Management Plan, Road Safety Strategy, Open Space Strategy, Sports Facility Plan, Active Sport and Active Recreation Strategy, Playground Strategy, Economic Development Strategy, Waste and Litter Strategy, Walking Strategy, Cycling Strategy and Ageing is About Living Strategy and Action Plan.

Capital expenditure funding

This four-year Budget is based on a slight increase in capital works investment funded from Council's operations of around \$36 million in 2021-22 to \$41 million in 2024-25. The increase is due to the 2021-22 Budget including a \$2.3 million drop in capital funding to fund COVID-19 related impacts that have flowed through to the 2021-22 financial year.

It should be noted that the actual amount of capital expenditure will vary significantly from year to year depending on capital grant revenue, loan funds and use of Council reserves. It is important to note that the following graph is based on the amount of funding that Council can apply to capital expenditure from its operating result. The figures are further subject to Council achieving savings targets or successfully applying for a variation to the rate cap in future years.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Impact of current year (2020-21) on the 2021-22 Budget

This section of the report highlights the impact that outcomes in 2020-21 have had on the 2021-22 Budget. The figures utilised in this section adjust the net operating result calculated in accordance with accounting standards to include cash costs such as capital works and exclude non-cash transactions such as depreciation, non-cash contributions and book value of assets sold to reach a management accounting result.

The table below illustrates that Council is currently forecasting to complete 2020-21 with a surplus outcome of \$1.05 million, however, this may be unfavourably impacted by the fourth COVID-19 lockdown in Victoria in May/June. The 2020-21 Forecast has been subject to review particularly due to the continuing impacts of COVID-19 pandemic and the final forecast cash result has been adjusted for these impacts.

| Description | Forecast | Budget | Variance | Variance |
|---|-----------------------------|-------------------|-----------------|----------------|
| | Actual 2020-21 \$'000 | 2021-22 \$'000 | \$'000 | % |
| Net operating result | 23,697 | 31,405 | 7,708 | 32.5% |
| Add (less) cash costs not included in operating result | | | | |
| Capital expenditure | 82,984 | 63,362 | (19,622) | (23.6%) |
| Loan repayments | 3,255 | 3,372 | 117 | 3.6% |
| Loan proceeds | - | (6,120) | (6,120) | 100.0% |
| Repayment of lease liabilities | 571 | 689 | 118 | 100.0% |
| Transfer from reserves | (26,800) | (11,734) | 15,066 | (56.2%) |
| Transfer to reserves | 12,991 | 6,078 | (6,913) | (53.2%) |
| Sub total | 73,001 | 55,647 | (17,354) | (23.8%) |
| Add (less) non-cash costs included in operating result | | | | |
| Depreciation | 32,308 | 33,277 | 969 | 3.0% |
| Amortisation - intangible assets | 60 | 60 | - | 0.0% |
| Amortisation - right of use assets | 581 | 604 | 23 | 4.0% |
| Written down value of assets sold | 1,237 | 301 | (936) | (75.7%) |
| Contributions - non-monetary | (15,000) | (10,000) | 5,000 | (33.3%) |
| Sub total | 19,186 | 24,242 | 5,056 | 26.4% |
| Surplus (deficit) for the year | (30,118) | - | | |
| Accumulated surplus brought forward | 31,169 | - | | |
| Accumulated surplus brought forward | 1,051 | - | | |

In respect of the 2020-21 full year forecast result, the current full year forecast of \$30.12 million represents a reduction in the deficit outcome (i.e. – a surplus of \$1.05 million) compared to the 2020-21 Mid-Year Budget. Despite 2020-21 being an extraordinary financial year with the pressures and impacts of the COVID-19 pandemic, the forecast result currently predicts a cash surplus. However, the current forecast review highlights many ups and downs in revenue and expenditure and is explained further below.

The full year forecast result is the subject of an extensive review undertaken with departments during the March quarter. Council's 2020-21 initial financial position was heavily influenced by early COVID-19 impacts and Council officers continue to closely monitor the impacts to our financial position for the remainder of 2020-21. Whilst the current forecast position indicates a surplus result, COVID-19 continues to cause unfavourable financial impacts in terms of reduced rental income and reduced user fee and statutory fine income, etc. This has been largely offset by employee expense savings across the organisation (including casuals and overtime), utility savings and general administration costs across the organisation.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Highlighted below are some of the emerging trends (favourable/unfavourable) in the 2020-21 forecast surplus of \$1.05 million:

Favourable

- Employee costs savings of \$436,000. Most of these savings occur in City Planning, Design and Amenity (\$545,000) and Corporate Services (\$516,000). Partly offset by higher forecast costs in Engineering Services (\$265,000) and Non-Directorate (\$130,000). Non-Directorate includes a forecast increase due to predicted unfavourable movements in leave provisions resulting from a higher level of annual leave hours held by staff. This has been softened by lower fringe benefits tax payable due to a successful Australian Tax Office (ATO) ruling on car parking fringe benefits tax.
- Utility cost savings across the organisation (\$181,000) primarily water and electricity relating to Council's facilities (mainly Parks Services).
- Administration costs across the organisation (\$448,000) mainly events (\$151,000), fuel (\$120,000) and postage/courier and storage costs (\$61,000).

Unfavourable

- A forecast reduction in statutory fees and fines income across the organisation of \$548,000 mainly due to lower building and planning compliance fines income, animal and parking management fines income.
- Lower fees and charges of \$343,000 primarily in building (\$153,000) and car parking (\$102,000).
- Lower asset sales (\$160,000) – arising from slower vehicle turnover due to lower kilometres travelled in Council vehicles. Primarily due to COVID-19 work from home arrangements.
- Spring Valley landfill recoveries (\$864,000) – recoveries from a stakeholder council for rehabilitation works is currently in dispute. Whilst the outcome is unknown, an appropriate provision has been allowed for the 2020-21 forecast until further information comes to hand.
- Lower rental income (\$387,000) across Council's facilities including sporting pavilions, civic facilities and car parking.
- Lower interest on investments returns further projected of (\$98,000) largely due to the current low interest rate environment impacted by COVID-19.

At this point, no forecast adjustments have been recognised in Waste Management as any savings will be transferred to reserves at the end of the financial year.

Major 2021-22 Budget outcomes

The 2021-22 Budget has been prepared on the following assumptions:

- Council rates are capped to 1.50 per cent as per the rate capping legislation.
- The default residential waste charge (including State Government landfill levy) will increase by \$12.00 (or 2.80 per cent) from \$428.00 to \$440.00. This increase is due primarily to higher State Government landfill levy costs.
- Council's total capital expenditure in 2021-22 is estimated to be \$63.36 million with \$36.20 million being funded from Council rate revenue. This represents an increase of \$3.56 million from the 2020-21 Original Budget. Both the 2020-21 and 2021-22 years have included drops in funding due to financial impacts relating to COVID-19 (\$6.8 million in the Original 2020-21 Budget and \$2.3 million in the 2021-22 Budget).
- In 2021-22, Council will draw down \$6.12 million in new borrowings (to part fund the Keysborough South Community Hub major project) and repay \$3.37 million of existing borrowings.
- Council will maintain funding for road asset renewal with funds of \$6.22 million budgeted for in 2021-22 (partly funded by grant funding of \$2.24 million).
- Council continues to record an underlying operational surplus in terms of the accounting result.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Economic Assumptions

In terms of the direct parameters upon which the 2021-22 Budget is based, the below table highlights the broad escalation percentages in respect of key areas.

| Description | Notes | Budget | Projections | | |
|-------------------------------------|-------|---------|-------------|---------|---------|
| | | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
| CPI forecast | 1 | 1.50% | 1.50% | 2.00% | 2.00% |
| Rate revenue cap | 2 | 1.50% | 1.50% | 2.00% | 2.00% |
| Fees and charges - Council | 3 | 1.50% | 1.50% | 2.50% | 2.50% |
| Fees and fines - statutory | 3 | 0.00% | 1.50% | 2.00% | 2.00% |
| Financial Assistance Grants funding | 4 | 0.00% | 0.00% | 1.00% | 1.00% |
| Grants and subsidies | 4 | 1.00% | 1.00% | 1.00% | 1.00% |
| Employee costs | 5 | 2.25% | 1.50% | 2.00% | 2.00% |
| Employee costs (incremental costs) | 5 | 0.50% | 0.50% | 0.50% | 0.50% |
| Electricity | | 2.00% | 2.00% | 2.00% | 2.00% |
| Street lighting | | 2.50% | 2.50% | 2.50% | 2.50% |
| Water | | 2.50% | 2.50% | 2.50% | 2.50% |
| Gas | | 2.50% | 2.50% | 2.50% | 2.50% |
| Fuel | | 1.25% | 1.50% | 2.00% | 2.00% |

Notes:

- State-wide CPI is forecast to be 1.50 per cent for the 2021-22 year (Victorian Budget Papers 2020-21). CPI in the following year is assumed to be 1.50 per cent and 2.00 per cent thereafter.
- Rates in the 2021-22 year are based on the forecast CPI of 1.50 per cent as directed by the Minister Local Government under rate capping legislation. The remaining years (2022-23 to 2024-25) are based on the assumed CPI.
- Conservative estimates have been applied to fees and charges in 2021-22 and 2022-23 due to COVID-19 and assumed after-effects. Fees and charges are generally linked to labour cost increases as most services provided by Council have a significant labour component. Where services do not include a labour cost component the inflation rate may be used instead. In addition, considerations of community factors are required such as encouraging use of a service and ability to pay. Statutory fees are set by legislation and are frequently not indexed on an annual basis. Any parameter increase relates to an assumed increase in volume. Council fees and charges are fully documented in Section 6.
- Grants and subsidies have been budgeted with a conservative economic outlook at 1 per cent over the next four years. The Financial Assistance grant funding has not been incremented for the first two years and has been conservatively increased by 1 per cent in the subsequent two years.
- As per the Enterprise Agreement (EA) 2018 which expires 30 June 2022, a 2.25 per cent salary increment applies in the 2021-22 financial year (plus an allowance for salary relativities). The 2.25 per cent is higher than the declared rate cap of 1.5 per cent due to the nominated minimum of 2.25 per cent in the EA. Council will be developing and adopting a long-term Workforce Plan as part of the implementation of the new Local Government Act 2020, which will feed into long-term planning of required employee cost budget projections.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Gender Equity Statement

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

The *Gender Equality Act 2020* requires that Council completes Gender Impact Assessments on all new policies, programs and services that directly and significantly impact the public including those that are up for review as from 31 March 2021.

The 2021-22 Budget and Ten-Year Long-Term Financial Plan undoubtedly have an impact on the broader community given that they allocate financial resources to the delivery of programs and services and for the provision of community infrastructure.

Conducting a Gender Impact Assessment (GIA) on these documents is, however, not an easy exercise given that both largely present aggregated financial information that does not readily lend itself to a GIA process. Further a significant number of the key components of these documents were prepared prior to the 31 March 2021.

The most practical application of a GIA process to the Budget and Long-Term Financial Plan is to assess how the key components are developed prior to becoming aggregated data in the final documents. The following assessments are made in respect of these key areas:

Operational Services

The most significant amount of funds allocated in the 2021-22 Budget and Long-Term Financial Plan relates to the ongoing cost of providing operational services to the community. Councils operational expenditure (excluding depreciation and amortisation) in the 2021-22 Budget amounts to \$170.12 million.

The preparation of the budgets for these services commences in November of the year prior and is largely concluded in draft format by the end of February immediately prior to the new financial year commencing on 1 July.

The preparation included the development and finalisation of departmental business plans that include assessments of risk and new initiatives. It is proposed that for all future Budget processes that the inclusion of a GIA process/lens is built into this stage for all services which would ensure the aggregation of all operating budgets embraces a 'gender lens'. A gender lens will, where practical, also include an intersectional approach to consider how gender inequality can be compounded by disadvantage or discrimination that a person may experience on the basis of other factors such as age, disability or ethnicity.

Fees and Charges

Whilst the most significant revenue amounts in Councils Budget and Long-Term Financial Plan arises from Rates and Charges and Government Grants, Council has little control over either of these processes. Rates are essentially a property tax based on a high degree of legislative guidance and grants are determined by the State and Federal Governments.

Fees and Charges represent our third highest level of revenue and is the area that Council has the most discretion over.

In the present 2021-22 Budget, Fees and Charges were established prior to 31 March 2021 and did not include a process for assessing any gender impact of the proposed fee.

For future periods, Council will amend its Revenue and Rating Plan which includes a Pricing Policy guideline for the setting of fees and charges to include the requirement for fees to have a GIA completed for all major fee areas.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Capital Improvement Program

The second biggest expenditure component of Councils Budgets and Long-Term Financial Plans relates to allocation of funds to Capital Improvement Program (CIP).

The preparation of the CIP program goes through multiple stages prior to being included in the final documents. These include:

- Preparation of bids for projects
- Internal review and assessment of bids
- Recommended prioritisation by Council Executive
- Final Council consideration and development of final CIP plan
- Delivery of the projects

Rather than conducting a GIA on the Budget document, there is an opportunity to build a GIA into stages 1,2 and 5 of the above framework for significant capital projects that have an impact on public.

It is proposed that for future CIP programs, the business case bid process include a GIA assessment for all projects that have a significant impact on the public. This would likely include bids such as road and footpath infrastructure as well as new community facilities.

In the initial assessment of CIP bids, it is also proposed that an additional weighting criteria be included on gender impact. Gender impact will, where practical, also include an intersectional approach.

And finally, for major capital projects, it is proposed that prior to the delivery of these projects a further gender lens be applied. This may include a review of concept/detailed designs to ensure it appropriately addresses gender issues.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

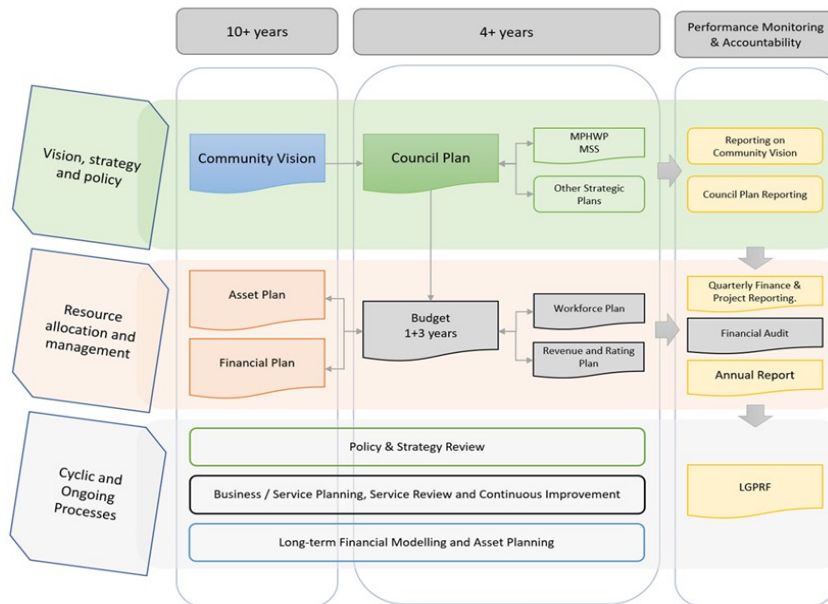

1. Link to the Integrated Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision (Imagine 2030) and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

1.1 Legislative Planning and Accountability Framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Jobs, Precincts and Regions

Council prepared its first Community Plan in February 2009, which describes the vision held by the community for the future of this City (Imagine 2030). Imagine 2030 articulates the community's vision, mission and values. It is a long-term plan which incorporates a range of aspirations, some of which are in the domain of Council to address whilst others require Council to lobby on behalf of their constituents.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

The Council Plan is prepared with reference to Council's long-term community plan and an Annual Plan is developed each financial year which highlights key activities for the twelve-month period. These activities provide specific information on how Council will deliver on its four-year priorities.

Council is currently working towards developing a Vision and new Council Plan, extensive Community Consultation is being carried out to inform these documents. Until the new Council Plan is in place (due October 2021), the 2021-22 Budget has been prepared on the existing Council Plan format.

Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore, councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works. Community consultation needs to be in line with a council's adopted Community Engagement Policy and Public Transparency Policy.

1.2 Our purpose

Our vision

Greater Dandenong is a safe, vibrant city of opportunity for all – to visit, work, live and play.

Our values

At the City of Greater Dandenong, we have adopted a set of values we call 'REACH' which define who we are and how we interact with each other and our community. REACH stands for:

- Respectful
- Engaged
- Accountable
- Creative
- Honest

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Strategic objectives

CITY OF GREATER DANDENONG 2021-22 BUDGET

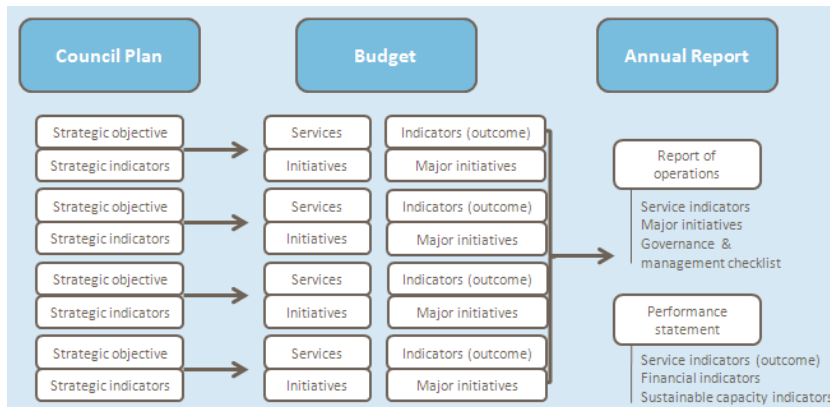

| Strategic Objective | Description | Theme |
|--|---|--------------------|
| 1. A vibrant, connected and safe community. | Council acknowledges that creating a healthy and safe community is at the core of everything we do. We make a commitment to the social model of health as a framework to inform our policy making, our service planning and delivery. These principles are also reflected in our Community Wellbeing Plan. | People |
| 2. A creative city that respects and embraces its diversity. | The cultural diversity of Greater Dandenong is the defining point of difference for this city. There are many aspects of diversity in addition to multiculturalism. Diversity of culture, ability, age, gender, faith and sexuality are all acknowledged and considered in the development and delivery of our services. | |
| 3. A healthy, liveable and sustainable city. | Council is committed to a proactive and collaborative approach to climate change. We have a Sustainability Strategy that provides guidance on many key priorities, such as reducing waste, increasing transport options, improving our built environment and protecting our natural environment. | Place |
| 4. A city planned for the future. | The appearance and amenity of the city defines its space. Council strives for best practice urban design and planning to create a city for the future that has high quality amenity for current and future residents, and appropriate levels of development. Planning and development within the city are regulated through the Greater Dandenong Planning Scheme which sets out the vision for the city through zoning, style and type of development, and regulatory functions. | |
| 5. A diverse and growing economy. | As outlined in Council's long-term strategy "Achieving Greater Dandenong's Potential - A Local Economic and Employment Development Strategy for our City": Greater Dandenong will be a place where people of all ages and backgrounds can reach their potential, gain the skills and education they need for success in life, and be part of a prosperous economy where all trade, manufacturing and business activity flourishes. | Opportunity |
| 6. An open and effective Council. | Council is committed to proactive engagement with residents to ensure that communication about all of council's services, planning activities and decisions are accessible to everyone. Community input into decision making is actively encouraged through a range of consultation opportunities throughout the year. | |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

2. Services and Service Performance Indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2021-22 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

| | | Expenditure | (7,551) | (7,974) | (9,069) |
| | | Surplus/(deficit) | 1,721 | (1,484) | (501) |
| TOTAL PEOPLE - Surplus/(deficit) | | | (23,051) | (33,311) | (30,654) |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Strategic Objective 1 - A vibrant, connected and safe community.

Major Initiatives

- 1) Implement Council's Reconciliation Plan 2020-2023.
- 2) Develop Library Strategy Action Plan 2021-2023.
- 3) Continue to develop and implement an Anti-Poverty Collective Impact program.
- 4) Work with the State Government, and the Material Aid Consortium through the COVID-19 response.
- 5) Develop a new Road Safety Strategy for Greater Dandenong.
- 6) Provide ongoing funds for road safety treatments to address priority locations, where the greatest road safety risks are identified.
- 7) Implement the Active Transport Infrastructure Priority Program - Improving pedestrian and cycling infrastructure.

Other Initiatives

- 8) Implement the Make Your Move Physical Activity Strategy.
- 9) Continue to develop and implement a plan to repurpose the Precinct Energy Plant building.
- 10) Implement year one of the Springvale Community Hub Action Plan 2020-2022.
- 11) Review options for a digital collections management system (CMS) for the management of the Cultural Heritage Collections.

Strategic Objective 2: A creative city that respects and embraces its diversity

Major Initiatives

- 12) Deliver the new Greater Dandenong Gallery of Art.
- 13) Develop a new Arts and Cultural Heritage Strategy.
- 14) Undertake the Future Directions for Community Transport Project.
- 15) Analyse the Commonwealth Government response to the recommendations of the Royal Commission into Aged Care Quality and Safety as to the ramifications for City of Greater Dandenong older residents and for Council's role as a provider of Commonwealth Government funded Home Care Services.

Initiatives

- 16) Implement a range of art exhibitions, performances and cultural programs.
- 17) Implement ongoing public art outcomes throughout our city.
- 18) Develop initiatives to support creative development opportunities for local education professionals.
- 19) In partnership with Chisholm TAFE, Community Care will host 20 traineeships to local job seekers in Certificate III in Individual Support (Ageing Home and Community) during the 2021-22 financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

2.2 Theme – Place

CITY OF GREATER DANDENONG 2021-22 BUDGET

| Service area | Description of services provided | | Forecast | | |
|---|--|--------------------------|-----------------------------|-----------------------------|-----------------------------|

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

| Service area | Description of services provided | Forecast | | | |
|--|---|-----------------------------|-----------------------------|-----------------------------|-----------------|
| | | Actual 2019-20 \$'000 | Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | |
| Financial Services | Financial Services exists to enable Council to comply with statutory requirements, provide strategic financial direction, undertake essential business processes and support the organisation with financial assistance and advice. Property Revenue includes the administration of rates and valuation services. | Income | 569 | 353 | 323 |
| | | Expenditure | (3,027) | (2,867) | (2,961) |
| | | <i>Surplus/(deficit)</i> | <i>(2,458)</i> | <i>(2,514)</i> | <i>(2,638)</i> |
| TOTAL OPPORTUNITY - Surplus/(deficit) | | | (21,336) | (23,928) | (23,505) |

Strategic Objective 5: A diverse and growing economy

Major Initiatives

- 35) Implementation of the Better Approvals project.
- 36) Development and implementation of an investment attraction framework.
- 37) Deliver the Community Revitalisation Program and associated project activity, including One Percent program.
- 38) In partnership with South East Local Learning and Employment Network (SELLEN) deliver key education-industry event 'Lunch with the Winners'.
- 39) Facilitate and deliver major charity fund-raising event Take a Swing for Charity Golf Day with various industry partners.

Other Initiatives

- 40) Manage and Chair Greater Dandenong Regional Employment Taskforce.
- 41) Maintain delivery of multiple networks/common interest groups that strengthen knowledge and capability for both the manufacturing sector and women in business.
- 42) Develop a series of local and international specialist speakers to deliver new thinking on global issues and trends, for example, COVID-induced.

Strategic Objective 6: An open and effective Council

Major Initiatives

- 43) Update Legislative Compliance program across the organisation to align with Local Government Act 2020 and new Compliance Policy.

Initiatives

- 44) Manage the effective leasing of Council's commercial property portfolio.
- 45) Develop organisation-wide Conflict of Interest framework (policy).
- 46) Assist implementation of outstanding legislative requirements under the Local Government Act 2020.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

2.4 Performance statement

The service performance outcome indicators detailed in the following section will be reported on within the Performance Statement which is prepared at the end of the year as required by section 98 of the Act and included in the 2021-22 Annual Report. The Performance Statement will also include reporting on prescribed indicators of financial performance (outlined in section 5) and sustainable capacity, which are not included in this budget report. The full set of prescribed performance indicators are audited each year by the Victorian Auditor General who issues an audit opinion on the Performance Statement. The major initiatives detailed in the preceding pages will be reported in the Annual Report in the form of a statement of progress in the report of operations.

2.5 Service Performance Outcome Indicators

| Service | Indicator | Performance Measure | Computation |
|--------------------|-----------------|--|--|
| Governance | Satisfaction | Satisfaction with Council decisions. (Community satisfaction rating out of 100 with how Council has performed in making decisions in the interest of the community). | Community satisfaction rating out of 100 with the performance of Council in making decisions in the interest of the community. |
| Statutory planning | Decision making | Council planning decisions upheld at VCAT. (Percentage of planning application decisions subject to review by VCAT and that were not set aside). | [Number of VCAT decisions that did not set aside Council's decision in relation to a planning application / Number of VCAT decisions in relation to planning applications] x 100 |
| Roads | Satisfaction | Satisfaction with sealed local roads. (Community satisfaction rating out of 100 with how Council has performed on the condition of sealed local roads). | Community satisfaction rating out of 100 with how Council has performed on the condition of sealed local roads. |
| Libraries | Participation | Active library borrowers. (Percentage of the population that are active library borrowers). | [The sum of the number of active library borrowers in the last 3 financial years / The sum of the population in the last 3 financial years] x 100 |
| Waste collection | Waste diversion | Kerbside collection waste diverted from landfill. (Percentage of garbage, recyclables and green organics collected from kerbside bins that is diverted from landfill). | [Weight of recyclables and green organics collected from kerbside bins / Weight of garbage, recyclables and green organics collected from kerbside bins] x 100 |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Statement of Human Resources

For the four years ending 30 June 2025

In addition to the financial resources to be consumed over the planning period, Council will also consume non-financial resources, in particular human resources. A summary of Council's anticipated human resource requirements for the years 2021-22 to 2024-25 is shown below.

| | Forecast | Budget | Projections | | |
|--------------------------------|---------------|---------------|---------------|---------------|---------------|
| | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
| | \$'000 | \$'000 | \$'000 | \$'000 | \$'000 |
| Staff expenditure | | | | | |
| Employee costs - operating | 90,105 | 86,802 | 86,977 | 88,937 | 91,282 |
| Total staff expenditure | 90,105 | 86,802 | 86,977 | 88,937 | 91,282 |

| | FTE | FTE | FTE | FTE | FTE |
|----------------------------|--------------|--------------|--------------|--------------|--------------|
| Staff numbers | | | | | |
| Employees | 747.2 | 752.5 | 744.3 | 740.8 | 734.8 |
| Total staff numbers | 747.2 | 752.5 | 744.3 | 740.8 | 734.8 |

A summary of human resources expenditure categorised according to the organisational structure of Council is included below:

| Directorate | Budget 2021-22 \$'000 | Comprises | |
|--|-----------------------------|----------------------------------|----------------------------------|
| | | Permanent Full time \$'000 | Permanent Part time \$'000 |
| Chief Executive | 580 | 580 | - |
| City Planning, Design and Amenity | 13,498 | 11,928 | 1,570 |
| Community Services | 33,938 | 17,606 | 16,332 |
| Corporate Services | 13,431 | 10,661 | 2,770 |
| Engineering Services | 17,834 | 17,106 | 728 |
| Greater Dandenong Business | 2,322 | 1,946 | 376 |
| Total permanent staff expenditure | 81,603 | 59,827 | 21,776 |
| Casuals and other expenditure | 5,199 | | |
| Total employee cost expenditure | 86,802 | | |

A summary of the number of full time equivalent (FTE) Council staff in relation to the above expenditure is included below:

| Directorate | Budget 2021-22 FTE | Comprises | |
|-----------------------------------|--------------------------|-------------------------------|-------------------------------|
| | | Permanent Full time FTE | Permanent Part time FTE |
| Chief Executive | 2.0 | 2.0 | - |
| City Planning, Design and Amenity | 120.9 | 102.0 | 18.9 |
| Community Services | 322.9 | 153.4 | 169.5 |
| Corporate Services | 114.4 | 86.0 | 28.4 |
| Engineering Services | 162.2 | 155.0 | 7.2 |
| Greater Dandenong Business | 17.9 | 15.0 | 2.9 |
| Total permanent staff | 740.3 | 513.4 | 226.9 |
| Casual staff | 12.2 | | |
| Total staff | 752.5 | | |

CITY OF GREATER DANDENONG 2021-22 BUDGET

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

Underlying surplus (deficit)

| | Notes | Forecast | Budget | Variance | Variance |
|--|-------|----------------|---------------|---------------|-----------------|
| | | Actual | 2021-22 | | |
| | | 2020-21 | 2021-22 | | |
| | | \$'000 | \$'000 | \$'000 | % |
| Operating | | | | | |
| Total income | | 235,736 | 235,462 | (274) | (0.1%) |
| Total expenses | | (212,039) | (204,057) | 7,982 | (3.8%) |
| Surplus for the year | | 23,697 | 31,405 | 7,708 | 32.5% |
| Less non-operating income and expenditure | | | | | |
| Grants - capital non-recurrent | 4.1.4 | (12,916) | (8,978) | 3,938 | (30.5%) |
| Contributions - non-monetary | 4.1.5 | (15,000) | (10,000) | 5,000 | (33.3%) |
| Capital contributions - other sources | 4.1.5 | (4,059) | (4,935) | (876) | 21.6% |
| Adjusted underlying surplus (deficit) | | (8,278) | 7,492 | 15,770 | (190.5%) |

The adjusted underlying result is the net surplus or deficit for the year adjusted for non-recurrent capital grants, non-monetary asset contributions, and capital contributions from other sources. It is a measure of financial sustainability and Council's ability to achieve its service delivery objectives as it is not impacted by capital income items which can mask the operating result.

The adjusted result for the 2021-22 year is a surplus of \$7.49 million which is an increase of \$15.77 million from the 2020-21 Forecast. The increase is mostly attributable to:

- A higher level of one-off capital grants, contributions and non-monetary contributions in 2020-21 Forecast than forecast for the 2021-22 Budget (\$8.06 million).
- A reduction in total expenses from the 2020-21 Forecast mainly relating to employee costs, materials and services and other expenditure. This reduction is attributable to a variety of factors including grant funded projects and expenditure (particularly Working For Victoria), one off operating initiatives, rehabilitation works at Spring Valley Landfill and various COVID-19 support mechanisms (Business Grants, Material Aid, etc) occurring in 2020-21 that are not expected to continue in 2021-22.

In calculating the underlying result, Council has excluded grants received for capital purposes which are non-recurrent and capital contributions from other sources. Contributions of non-monetary assets are excluded as the value of assets assumed by Council is dependent on the level of development activity each year.

Income by type

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the *Local Government Act 2020*, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. Rate capping legislation sets out the maximum amount councils may increase rates in a year. For 2021-22, the rate cap has been set at 1.5 per cent. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 1.5 per cent in line with the rate cap.

This will raise total rates and charges for 2021-22 to \$156.25 million.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

| | Forecast | Budget | Change | Change |
|--|-------------------|----------------|--------------|-------------|
| | Actual 2020-21 | 2021-22 | | |
| | \$'000 | \$'000 | \$'000 | % |
| General rates * | 127,010 | 130,014 | 3,004 | 2.4% |
| Waste management charge | 22,438 | 23,317 | 879 | 3.9% |
| Supplementary rates and rate adjustments | 857 | 1,000 | 143 | 16.7% |
| Keysborough Maintenance Levy | 1,575 | 1,620 | 45 | 2.9% |
| Interest on rates and charges | 262 | 414 | 152 | 58.0% |
| Less abandoned rates | (112) | (112) | 0 | 0.0% |
| Less rate waiver COVID-19 (pensioner and jobseeker rebate) | (150) | - | 150 | (100.0%) |
| Total rates and charges | 151,880 | 156,253 | 4,373 | 2.9% |

* General rates are subject to the rate cap established under the rate capping legislation. For 2021-22, the rate cap has been set at 1.50 per cent. Forecast Actual 2020-21 for General rates does not reflect the annualisation of supplementary rates received during the financial year, therefore, the percentage change will not equate to the rate cap of 1.50 per cent. To comply with the rate cap of 1.50 per cent, the base rate must include the annualisation of supplementary rate income received during the year (see 4.1.1(c)) below.

Council's rate revenue of \$156.25 million is made up using the following assumptions:

- An average increase in rates across all property types of 1.50 per cent.
- Residential waste charge of \$440.00 per annum for the Option A standard service charge 120 litre bin (an increase of \$12.00 or 2.80 per cent). The waste charge fee is based on full cost recovery. The waste charge includes a fortnightly garden waste and recycling service, and an annual hard waste collection. These charges also include the landfill levy imposed by the State Government which will increase from \$65.90 to \$105.90 from the prior year (a proposed increase to \$85.90 on 1 January 2021 was cancelled due to COVID) and represents \$69 per household.
- \$1.00 million is estimated to be derived from supplementary rates (from new developments and improvements to existing properties).
- An estimated \$1.62 million is expected to be collected from the Keysborough Maintenance Levy at a rate of \$350 per household. These funds will be transferred to a reserve and fully expended on costs relating to this area.

The below table highlights the impacts of the rate increase on the average residential property in City of Greater Dandenong.

| Residential rate in the dollar | Forecast 2020-21 | Budget 2021-22 | % Variance | \$ Variance |
|--|---------------------|-------------------|---------------|----------------|
| Median residential valuation in Greater Dandenong | \$602,100 | \$595,000 | | |
| Residential rate in the dollar | 0.0016796 | 0.0017259 | | |
| General rates | \$1,011.32 | \$1,026.92 | 1.54% | \$15.61 |
| Waste charge (including State Government landfill levy)* | \$428.00 | \$440.00 | 2.80% | \$12.00 |
| Total rates and charges median residential property | \$1,439.32 | \$1,466.92 | 1.92% | \$27.61 |

* Includes a State Government landfill levy of \$69 in 2021-22 (\$51 in 2020-21).

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1(b) The rate in the dollar to be levied as general rates under section 158 of the Act for each type or class of land compared with the previous financial year.

| Type or class of land | Budget 2020-21 cents/\$CIV | Budget 2021-22 cents/\$CIV | Change % |
|---|----------------------------------|----------------------------------|-------------|
| General rate for rateable residential properties | 0.0016796486 | 0.0017259192 | 2.75% |
| General rate for rateable commercial properties | 0.0031913324 | 0.0032792465 | 2.75% |
| General rate for rateable industrial properties | 0.0046190337 | 0.0048325738 | 4.62% |
| General rate for rateable vacant residential properties | 0.0025194729 | 0.0025888788 | 2.75% |
| General rate for rateable farm properties | 0.0012597365 | 0.0012944394 | 2.75% |

4.1.1(c) The estimated total amount to be raised by general rates in relation to each type or class of land, and the estimated total amount to be raised by general rates, compared with the previous financial year.

| Type or class of land | Budget 2020-21 \$'000 | Annualised rates levied 2020-21 \$'000 | Budget 2021-22 \$'000 | Change % |
|---|-----------------------------|---|-----------------------------|--------------|
| General | 56,328 | 56,752 | 57,626 | 1.54% |
| Commercial | 13,491 | 13,570 | 13,040 | (3.90%) |
| Industrial | 55,716 | 56,372 | 57,848 | 2.62% |
| Vacant residential | 1,042 | 966 | 1,021 | 5.65% |
| Farm | 433 | 433 | 478 | 10.35% |
| Total amount to be raised by general rates | 127,010 | 128,093 | 130,014 | 1.50% |

4.1.1(d) The number of assessments in relation to each type or class of land, and the total number of assessments, compared with the previous financial year.

| Type or class of land | Budget 2020-21 Number | Budget 2021-22 Number | Change |
|------------------------------------|-----------------------------|-----------------------------|--------------|
| General | 56,271 | 56,791 | 0.92% |
| Commercial | 3,347 | 3,357 | 0.30% |
| Industrial | 6,358 | 6,529 | 2.69% |
| Vacant residential | 612 | 560 | (8.50%) |
| Farm | 55 | 55 | 0.00% |
| Total number of assessments | 66,643 | 67,292 | 0.97% |

4.1.1(e) The basis of valuation to be used is the Capital Improved Value (CIV).

Council rates are levied on the Capital Improved Value (CIV) of properties as determined by and certified by the Valuer General of Victoria. The Valuer General of Victoria has taken over the rateable property general valuation process from 1 July 2018 changing it to once a year rather than every two years.

CITY OF GREATER DANDENONG 2021-22 BUDGET

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1(f) The estimated total value of each type or class of land, and the estimated total value of land, compared with the previous financial year.

| Type or class of land | Budget 2020-21 \$'000 | Forecast 2020-21 \$'000 | Budget 2021-22 \$'000 | Change |
|----------------------------|-----------------------------|-------------------------------|-----------------------------|----------------|
| General | 33,535,584 | 33,787,898 | 33,388,805 | (1.18%) |
| Commercial | 4,227,348 | 4,252,109 | 3,976,656 | (6.48%) |
| Industrial | 12,062,326 | 12,204,198 | 11,970,529 | (1.91%) |
| Vacant residential | 413,599 | 383,549 | 394,343 | 2.81% |
| Farm | 343,568 | 344,014 | 369,435 | 7.39% |
| Total value of land | 50,582,424 | 50,971,767 | 50,099,767 | (1.71%) |

4.1.1(g) Council does not levy a municipal charge under Section 159 of the Act.

4.1.1(h) The estimated total amount to be raised by municipal charges is \$0, compared with the previous financial year (\$0).

4.1.1(i) The rate or unit amount to be levied for each type of service rate or charge under Section 162 of the Act compared with the previous financial year.

| Type of charge | Per rateable property 2020-21 \$ | Per rateable property 2021-22 \$ | Change % |
|---|---|---|-------------|
| Option A: 120 litre waste, 240 litre recycling, 240 litre garden bin * | 377.00 | 371.00 | (1.59%) |
| Option B: 80 litre waste, 240 litre recycling, 240 litre garden bin * | 343.00 | 338.00 | (1.46%) |
| Option C: 120 litre waste, 240 litre recycling, 120 litre garden bin * | 358.00 | 353.00 | (1.40%) |
| Option D: 80 litre waste, 240 litre recycling, 120 litre garden bin * | 325.00 | 320.00 | (1.54%) |
| Option E: 120 litre waste, 240 litre recycling, no garden bin * | 305.00 | 301.00 | (1.31%) |
| Option F: 80 litre waste, 240 litre recycling, no garden bin * | 273.00 | 269.00 | (1.47%) |
| Minimum waste charge for each residential property | 273.00 | 269.00 | (1.47%) |
| State Government landfill levy | 51.00 | 69.00 | 35.29% |
| Bin change of selection charge | 18.00 | 18.40 | 2.22% |
| Additional bin services | | | |
| 120 litre waste bin service * | 196.00 | 193.00 | (1.53%) |
| (Plus a "one off" fee for the purchase of the bin) | 38.50 | 39.50 | 2.60% |
| 240 litre recycling bin service | 49.00 | 49.00 | 0.00% |
| (Plus a "one off" fee for the purchase of the bin) | 45.50 | 46.50 | 2.20% |
| 240 litre garden bin service | 102.00 | 102.00 | 0.00% |
| (Plus a "one off" fee for the purchase of the bin) | 45.50 | 46.50 | 2.20% |
| Bin delivery | 16.50 | 16.80 | 1.82% |
| Recycling bin option - upgrade of 240 litre to 360 litre | 100.00 | 101.50 | 1.50% |

* Note – The State Government landfill levy is applicable in addition to these Council service charges.

CITY OF GREATER DANDENONG 2021-22 BUDGET

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1(j) The estimated total amount to be raised by each type of service rate or charge, and the estimated total amount to be raised by service rates and charges, compared with the previous financial year.

| Type of charge | Budget 2020-21 \$'000 | Budget 2021-22 \$'000 | Change % |
|--|-----------------------------|-----------------------------|--------------|
| Option A: 120 litre waste, 240 litre recycling, 240 litre garden bin | 9,794 | 9,714 | (0.82%) |
| Option B: 80 litre waste, 240 litre recycling, 240 litre garden bin | 1,758 | 1,745 | (0.71%) |
| Option C: 120 litre waste, 240 litre recycling, 120 litre garden bin | 3,019 | 3,063 | 1.45% |
| Option D: 80 litre waste, 240 litre recycling, 120 litre garden bin | 1,981 | 1,946 | (1.77%) |
| Option E: 120 litre waste, 240 litre recycling, no garden bin | 1,891 | 1,814 | (4.05%) |
| Option F: 80 litre waste, 240 litre recycling, no garden bin | 795 | 783 | (1.57%) |
| Additional bin services | 231 | 255 | 10.17% |
| State Government landfill levy | 2,838 | 3,868 | 36.28% |
| Supplementary and other income * | 131 | 130 | (0.76%) |
| Total | 22,438 | 23,317 | 3.92% |

* Note – Supplementary income varies from year to year and is an estimate only.

4.1.1(k) The estimated total amount to be raised by all rates and charges compared with the previous financial year

| | Budget 2020-21 \$'000 | Budget 2021-22 \$'000 | Change % |
|--------------------------|-----------------------------|-----------------------------|--------------|
| General rates | 127,010 | 130,014 | 2.37% |
| Waste charges | 22,438 | 23,317 | 3.92% |
| Rates and charges | 149,448 | 153,331 | 2.60% |

4.1.1(l) Compliance with rate capping legislation

The City of Greater Dandenong is required to comply with the State Government's rate capping legislation. The table below details the budget assumptions consistent with the requirements of the rate capping legislation.

| | Budget 2020-21 | Budget 2021-22 |
|---|-------------------|-------------------|
| Total rates (including supplementary rates income) | \$ 124,519,622 | \$ 128,092,997 |
| Number of rateable properties | 66,643 | 67,292 |
| Base average rate | \$ 1,868.46 | \$ 1,903.54 |
| Maximum rate increase (set by the State Government) | 2.00% | 1.50% |
| Capped average rate | \$ 1,905.83 | \$ 1,932.09 |
| Maximum general rates and charges revenue | \$ 127,010,014 | \$ 130,014,392 |
| Budgeted | | |
| General rates | \$ 127,010,014 | \$ 130,014,392 |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1(m) There are no known significant changes, which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2020-21 forecast \$857,000, 2021-22 forecast \$1 million).
- The variation of returned levels of value (e.g. valuation appeals).
- Changes of use of land such that rateable land becomes non-rateable land and vice versa.
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

The rate and amount of rates payable in relation to land in each category of differential are:

- A general rate of 0.17259192% (0.0017259192 cents in the dollar of capital improved value) for all rateable residential (general).
- A general rate of 0.32792465% (0.0032792465 cents in the dollar of capital improved value) for all rateable commercial land.
- A general rate of 0.48325738% (0.0048325738 cents in the dollar of capital improved value) for all rateable industrial land.
- A general rate of 0.25888788% (0.0025888788 cents in the dollar of capital improved value) for all rateable residential vacant land.
- A general rate of 0.12944394% for (0.0012944394 cents in the dollar of capital improved value) rateable farm land.

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant percentages indicated above. Council considers that each differential rate will contribute to the equitable and efficient carrying out of Council functions.

Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out on the following pages.

| |
|------------------------------|
| <i>GENERAL (Residential)</i> |
|------------------------------|

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which does not have the characteristics of Commercial, Industrial, Residential Vacant or Farm Land.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

COMMERCIAL LAND

The Commercial rate is to promote economic development objectives for the City including the retail development of the Dandenong, Springvale and Noble Park Activity Centre's and the ongoing development of strip shopping centres.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the commercial sector.
2. Enhancement of the economic viability of the commercial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that streetscaping and promotional activity is complementary to the achievement of commercial objectives.

Types and classes:

Any land which is primarily used for commercial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

| |
|-----------------|
| INDUSTRIAL LAND |
|-----------------|

The Industrial rate is to promote economic development objectives for the municipality including industrial development in appropriately zoned areas.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure related to the industrial sector.
2. Enhancement of the economic viability of the industrial sector through targeted programs and projects.
3. Encouragement of employment opportunities.
4. Promotion of economic development.
5. Requirement to ensure that street scaping and promotional activity is complementary to the achievement of industrial objectives.

Types and classes:

Any land which is used primarily for industrial purposes.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the financial year.

| |
|--------------------------------|
| <i>RESIDENTIAL VACANT LAND</i> |
|--------------------------------|

The residential vacant land rate is to promote housing development objectives for the municipality including the development of vacant land in residential zoned areas.

Objective:

To provide an economic incentive for the development of residential vacant land and a disincentive for residential land-banking in order that all rateable land makes an equitable contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is vacant residential land.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

FARM LAND

The main objectives of having a farm rate are:

- To promote and support the use of sound agricultural practices.
- To conserve and protect areas which are suited to certain agricultural pursuits.
- To encourage proper land use consistent with genuine farming activities.

Objective:

To provide a financial subsidy to rateable farm land to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the:

1. Construction and maintenance of public infrastructure.
2. Development and provision of health and community services.
3. Provision of general support services.
4. Requirement to ensure that Council has adequate funding to undertake its strategic, statutory, and service provision obligations.

Types and classes:

Any land which is primarily used for the purposes of farming.

Use and level of differential rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic location:

Wherever located within the municipal district.

Use of land:

Any use permitted under the relevant Planning Scheme.

Planning scheme zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of buildings:

Not applicable.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

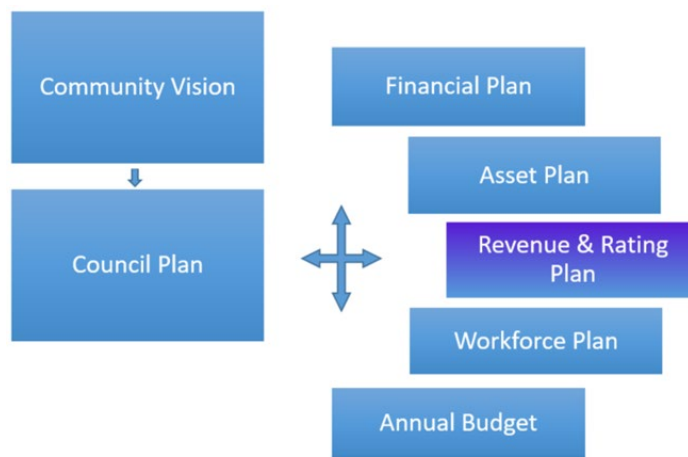

4.1.1(o) Revenue and Rating Plan 2021-2025

The *Local Government Act 2020* requires each Council to prepare a Revenue and Rating Plan to cover a minimum period of four years following each Council election. The Revenue and Rating Plan establishes the revenue raising framework within which the Council proposes to work.

The purpose of the Revenue and Rating Plan is to determine the most appropriate and affordable revenue and rating approach for Council which, in conjunction with other income sources, will adequately finance the objectives in the Council Plan.

This plan is an important part of Council's integrated planning framework, all of which is created to achieve our vision in the Imagine 2030 Community Plan.

The Revenue and Rating Plan 2021-2025 will to be presented to Council with the 2021-22 Budget, placed on public exhibition for 28 days and adopted by Council in June 2021.

This plan explains how the funding burden will be apportioned between ratepayers and other users of Council facilities and services. This plan will set out the decisions that Council has made in relation to rating options available under local government legislation to ensure the fair and equitable distribution of rates across property owners.

At present the legislative provisions that outline rates and charges are still contained in the *Local Government Act 1989* pending a transition to the *Local Government Act 2020*.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1(p) Rate capping

Council has established the rating increase for 2021-22 at 1.50 per cent in line with the rate cap set by the Minister of Local Government. Beyond this period, rates are assumed to increase in line with CPI in accordance with the State Government rate capping policy. The forward three years of the plan (2022-23 to 2024-25) are indicative rate increases only and will be subject to the rate cap set by the Minister of Local Government.

Assumed future rate increases

| | Actual | Budget | Projections | | |
|---------------|---------|---------|-------------|---------|---------|
| | 2020-21 | 2021-22 | 2022-23 | 2023-24 | 2024-25 |
| Rate increase | 2.00% | 1.50% | 1.50% | 2.00% | 2.00% |

Council has significant challenges in terms of meeting the asset renewal requirements of a vast range of infrastructure that was established in the 1960's-70's and which over the next decade will reach the end of its useful life. It will not be possible to meet this challenge with rate increases linked solely to CPI. With Council dealing with grant revenues that do not keep pace with CPI and the cost of providing Council services escalating at a rate higher than the CPI, this approach is not sustainable.

4.1.1(q) Understanding the impact of the 2021 general revaluation

Amendments to the *Valuation of Land Act 1960* mean that from 1 July 2018, the Valuer-General became the valuation authority for annual valuations of all land in Victoria for council rates and the fire services property levy. Each year, all rateable properties are revalued with a valuation date of 1 January.

A revaluation does NOT provide Council with any additional rate revenue but can significantly re-align how rates are distributed between ratepayers at both a rating group and individual level.

The below table highlights the impact of the 2021 Council revaluation.

| Type or class of land | Forecast | Budget | Movement in valuations |
|----------------------------|------------------------|------------------------|------------------------|
| | 2020-21 | 2021-22 | |
| | Revaluation CIV \$'000 | Revaluation CIV \$'000 | |
| General | 33,787,898 | 33,388,805 | (1.18%) |
| Commercial | 4,252,109 | 3,976,656 | (6.48%) |
| Industrial | 12,204,198 | 11,970,529 | (1.91%) |
| Vacant residential | 383,549 | 394,343 | 2.81% |
| Farm | 344,014 | 369,435 | 7.39% |
| Total value of land | 50,971,767 | 50,099,767 | (1.71%) |

The table highlights that overall Council properties have decreased by 1.71 per cent over the past year (1 January 2020 to 1 January 2021). Residential, commercial and industrial valuations have all experienced a decrease. Farm and residential vacant valuations, on the other hand, have increased from the prior year by 7.39 per cent and 2.81 per cent respectively.

Council needs to be mindful of the impacts of revaluations on the various property types in implementing the differential rating strategy outlined in the previous section to ensure that rises and falls in Council rates remain affordable and that rating 'shocks' are mitigated to some degree.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

By way of example the table below highlights the rating impact on the various rating types should Council retain the current rate differential structure (outcomes are based on the proposed annual increase in rates of 1.50 per cent in 2021-22).

| Type or class of land | Proposed rates | |
|-----------------------|-------------------|-------------------------------------|
| | 2021-22 \$'000 | % increase 2020-21 to 2021-22 |
| General | 58,088 | 2.35% |
| Commercial | 13,145 | (3.13%) |
| Industrial | 57,270 | 1.59% |
| Vacant residential | 1,029 | 6.49% |
| Farm | 482 | 11.23% |
| Total | 130,014 | 1.50% |

As shown in the table the rating experiences between rating groups is reasonably dynamic with residential properties on average increasing by 2.35 per cent and farm properties increasing by 11.23 per cent. The commercial sector has been the weakest experiencing a decrease of 3.13 per cent.

This disparity in the valuation movements means that unless Council adjusts its differential rating structure, residential rates would increase by an average of 2.35 per cent.

On this basis, it is recommended that the following differential rates be applied.

| Type or class of land | Existing rating differential | Proposed rating differential | % increase |
|-----------------------|------------------------------|------------------------------|-----------------------|
| | 2020-21 | 2021-22 | 2020-21 to 2021-22 |
| General | 100% | 100% | 1.54% |
| Commercial | 190% | 190% | (3.90%) |
| Industrial | 275% | 280% | 2.62% |
| Vacant residential | 150% | 150% | 5.65% |
| Farm | 75% | 75% | 10.35% |
| | | | 1.50% |

The proposed model above increases the differential on industrial properties by 5 per cent to 280 per cent which reduces the average residential rate increase to 1.54 per cent keeping it close to the rate cap (1.50 per cent). This model also retains the decrease in commercial rates at 3.90 per cent (this sector is probably weaker than the industrial sector at present indicated by the level of valuation decreases in these sectors in 2021).

On this basis, it is recommended that the existing differential rating structures be amended to take account of the impacts of the 2021 Council revaluation.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.1(r) Valuation movements between 2021-22 Proposed Budget and 2021-22 Adopted Budget

Valuation figures used in rating income calculations in the 2021-22 Budget are final certified valuations provided by the Valuer General's office. Overall, the total rates income amount does not change. The changes in valuations and rate in the dollar for each differential category are very minor and are detailed in the table below.

| Rating Type | Total Value of Land | | | Rate in the \$ | |
|--------------|------------------------------|-----------------------------|------------------|------------------------------|-----------------------------|
| | 2021-22 Proposed Budget (\$) | 2021-22 Adopted Budget (\$) | Mvmt (\$) | 2021-22 Proposed Budget (\$) | 2021-22 Adopted Budget (\$) |
| General | 33,388,945,000 | 33,388,805,000 | (140,000) | 0.0017259147 | 0.0017259192 |
| Commercial | 3,976,700,500 | 3,976,655,500 | (45,000) | 0.0032792379 | 0.0032792465 |
| Industrial | 11,970,518,500 | 11,970,528,500 | 10,000 | 0.0048325611 | 0.0048325738 |
| Res vacant | 394,342,500 | 394,342,500 | 0 | 0.0025888720 | 0.0025888788 |
| Farm | 369,435,000 | 369,435,000 | 0 | 0.0012944360 | 0.0012944394 |
| Total | 50,099,941,500 | 50,099,766,500 | (175,000) | | |

4.1.2 Statutory fees and fines

A detailed schedule of fees and charges is contained in **Section 6**. This schedule highlights the GST status of each fee category and whether the fee is determined by Council or is fixed by State Government legislation.

The table below shows the statutory fees and fines received by Council with the primary source from infringements and costs of \$3.92 million plus \$1.29 million in Infringement Court recoveries expected to be received. Parking infringements make up \$3.19 million of the infringements and costs in the 2021-22 Budget with the balance relating to other fines including local laws, litter, animal control, food and health. Building and town planning fees represent another major source of statutory fees (\$2.09 million).

The below figures have been impacted by COVID-19 (particularly 2020-21 due to stage four restrictions in Victoria) and a reduction in income of \$3.14 million (2020-21 Forecast Actual) and \$1.50 million (2021-22 Budget) from Council's pre-COVID-19 budget levels have been included below.

| | Forecast | | Variance \$'000 | Variance % |
|---------------------------------------|-----------------------|-----------------------|-----------------|--------------|
| | Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | | |
| Infringements and costs | 3,054 | 3,923 | 869 | 28.5% |
| Court recoveries | 1,133 | 1,291 | 158 | 13.9% |
| Building and town planning fees | 1,843 | 2,087 | 244 | 13.2% |
| Subdivision fees | 250 | 444 | 194 | 77.6% |
| Land information certificates | 101 | 100 | (1) | (1.0%) |
| Permits | 201 | 232 | 31 | 15.4% |
| Election fines | 9 | 150 | 141 | 1566.7% |
| Total statutory fees and fines | 6,591 | 8,227 | 1,636 | 24.8% |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.3 User fees

Council derives user fees from several sources including on-street parking, multi-deck car parks, aged care services, family day care, hire of Council halls, meeting rooms (Drum Theatre, The Castle) and community facilities (Dandenong Basketball Stadium, sportsgrounds).

| | Forecast | | | |
|--------------------------------|--------------|--------------|--------------|--------------|
| | Actual | Budget | Variance | Variance |
| | 2020-21 | 2021-22 | | % |
| | \$'000 | \$'000 | \$'000 | % |
| Aged and health services | 1,075 | 1,197 | 122 | 11.3% |
| Child care/children's programs | 716 | 1,183 | 467 | 65.2% |
| Parking | 1,346 | 2,490 | 1,144 | 85.0% |
| Registration and other permits | 2,007 | 2,301 | 294 | 14.6% |
| Asset protection fees | 419 | 377 | (42) | (10.0%) |
| Other fees and charges | 85 | 424 | 339 | 398.8% |
| Total user fees | 5,648 | 7,972 | 2,324 | 41.1% |

User fees are projected to increase by \$2.32 million in 2021-22 from the 2020-21 forecast due mostly to COVID-19 impacts on 2020-21 which saw fee income reduced by \$3.10 million from pre-COVID-19 budget levels. The fee income types most impacted by COVID-19 in 2020-21 included parking permits, machines and meters, Family Day Care administration levy, building permits and inspections, Drum Theatre fees and charges as well as Aged and Health Services due to an inability to meet anticipated targets. Whilst the 2021-22 Budget sees an anticipated recovery in fee income, it is still impacted by COVID-19 after effects and has not returned to pre COVID-19 levels.

A detailed schedule of fees and charges is contained in **Section 6**.

4.1.4 Grants

Grants are required by the Act and the Regulations to be disclosed in Council's budget.

Overall, grant income is anticipated to decrease in the 2021-22 Budget due mainly to a large number of non-recurrent grants received in 2020-21 that will not continue in 2021-22 such as the Working For Victoria Fund and other COVID-19 safety and support grant funding received.

| | Forecast | | | |
|----------------------------|---------------|---------------|----------------|----------------|
| | Actual | Budget | Variance | Variance |
| | 2020-21 | 2021-22 | | % |
| | \$'000 | \$'000 | \$'000 | % |
| Summary of grants | | | | |
| Commonwealth funded grants | 21,683 | 28,295 | 6,612 | 30.5% |
| State funded grants | 24,837 | 12,252 | (12,585) | (50.7%) |
| Other sources | 52 | - | (52) | (100.0%) |
| Total grants | 46,572 | 40,547 | (6,025) | (12.9%) |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Operating grants

Operating grants include all monies received from State and Commonwealth sources, as well as some grants from other organisations, for the purposes of funding the delivery of Council's services to ratepayers. Overall, the level of operating grants is projected to decrease by \$1.54 million compared to the 2020-21 Forecast due to a combination of factors:

Reductions:

- Fifteen non-recurrent grants received in the 2020-21 Forecast that are not anticipated to occur again in 2021-22 (\$7.53 million).
- Higher Family Day Care grant funding (\$1.16 million) anticipated to be received in the 2020-21 Forecast due to additional funding for transition payments during COVID, that is not anticipated to occur again in 2021-22.

Partly offset by the following increases:

- Financial Assistance Grant (\$6.18 million). The early distribution of Financial Assistance grant funding in 2019-20 resulting in only 50 per cent being included in the 2020-21 Forecast. A full year's allocation (100 per cent) of Financial Assistance grant funding is included in the 2021-22 Budget.
- Lower Home and Community Care grant funding anticipated to be received in the 2020-21 Forecast due to COVID-19 restrictions and an inability to meet targets (\$1.39 million).

The following tables lists all operating grants by type and source, classified into recurrent and non-recurrent.

| | Forecast Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | Variance \$'000 | Variance % |
|---|---|-----------------------------|--------------------|---------------|
| (a) Operating grants | | | | |
| Recurrent | | | | |
| Commonwealth Government | | | | |
| Financial Assistance Grant | 5,888 | 12,066 | 6,178 | 104.9% |
| Family Day Care | 4,496 | 3,339 | (1,157) | (25.7%) |
| Home and Community Care | 5,170 | 6,564 | 1,394 | 27.0% |
| Family and Children Services | 80 | 70 | (10) | (12.5%) |
| Community health | 7 | 21 | 14 | 200.0% |
| State Government | | | | |
| Home and Community Care | 1,629 | 1,794 | 165 | 10.1% |
| Maternal and Child Health | 2,615 | 2,598 | (17) | (0.7%) |
| Family and Children Services | 1,896 | 1,632 | (264) | (13.9%) |
| Libraries | 1,063 | 1,037 | (26) | (2.4%) |
| School crossings | 441 | 455 | 14 | 3.2% |
| Community health | 122 | 123 | 1 | 0.8% |
| Other | - | 10 | 10 | 100.0% |
| Total recurrent operating grants | 23,407 | 29,709 | 6,302 | 26.9% |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Recurrent operating grants

Total recurrent operating grants are estimated to increase by \$6.30 million compared to the 2020-21 Forecast mainly due to the early distribution of \$6.12 million (50 per cent) of Council's 2020-21 Financial Assistance Grant funding allocation in June 2020 (2019-20), resulting in only 50 per cent being included in the 2020-21 Forecast. \$12.07 million or 100 per cent of the estimated 2021-22 Financial Assistance grant funding allocation has been included in the 2021-22 Budget. Excluding the effect of the timing of Financial Assistance grants, the movement in recurrent operating grant income is actually a minor increase of \$178,000 or 0.8 per cent. The amount included in the 2021-22 Budget for Financial Assistance Grant funding is based on the actual 2020-21 Financial Assistance grant funding received (no indexation assumed). This grant is a general-purpose grant that is not tied to specific programs and includes a component for roads maintenance.

| | Forecast Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | Variance \$'000 | Variance % |

| Total operating grants | 32,084 | 30,551 | (1,533) | (4.8%) |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

Non-recurrent operating grants

The reduction in non-recurrent operating grant funding of \$7.84 million is due mainly to grant funding or grant funded programs that will conclude in 2020-21 including:

- Working For Victoria Fund (\$5.03 million).
- Several COVID-19 safety and support grant funded initiatives including:
 - Outdoor Eating and Entertainment (\$500,000).
 - Local Partnership Material Aid and Community Support (\$350,000).
 - COVID-19 emergency meals provided during state restrictions and self-isolation (\$150,000).
- New Directions – Mothers and Babies (\$335,000).
- Library grants (\$260,000) including Let’s Read, Mission Australia Innovation grant, Premier’s Reading Challenge and Libraries After Dark.
- Local Government Building Capacity (\$224,000).
- Environmental grants including:
 - Peri-Urban Weed Management Project (\$133,000)
 - Dandenong Creek Arts Trail (\$75,000)
 - Corridors of Green (\$60,000)
- Refugee Immunisation (\$195,000).
- Waste (recycling support) (\$144,000).
- Drug Strategy (\$132,000).

Capital grants

Capital grants include all monies received from State, Commonwealth and community sources for the purposes of funding the capital works program. Overall, the level of capital grants has decreased by \$4.49 million compared to the 2020-21 Forecast. A list of capital grants by type and source, classified into recurrent and non-recurrent, is included below.

| | Forecast Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | Variance \$'000 | Variance % |
|--|---|-----------------------------|--------------------|----------------|
| (b) Capital grants | | | | |
| Recurrent | | | | |
| Commonwealth Government | | | | |
| Roads to Recovery | 1,572 | 1,018 | (554) | (35.2%) |
| Total recurrent capital grants | 1,572 | 1,018 | (554) | (35.2%) |
| Non recurrent | | | | |
| Commonwealth Government | | | | |
| Local Roads Community Infrastructure Program | 1,018 | 5,100 | 4,082 | 401.0% |
| Black Spot Program | 2,617 | - | (2,617) | (100.0%) |
| State Government | | | | |
| Buildings | 4,824 | 1,893 | (2,931) | (60.8%) |
| Parks, Open Space and Streetscapes | 867 | 1,985 | 1,118 | 129.0% |
| Recreation, Leisure and Community Facilities | 3,573 | - | (3,573) | (100.0%) |
| Plant, Machinery and Equipment | 17 | - | (17) | (100.0%) |
| Total non-recurrent capital grants | 12,916 | 8,978 | (3,938) | (30.5%) |
| Total capital grants | 14,488 | 9,996 | (4,492) | (31.0%) |

Note re Roads to Recovery – Council has been allocated \$5.09 million in Roads to Recovery grant funding over the period 2019-20 to 2023-24, with \$1.02 million expected to be received in 2021-22. Certain conditions must be followed, and annual reports submitted.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

The reduction of \$4.49 million in the 2021-22 Budget is due to several one off capital grants anticipated to be recognised in the 2020-21 Forecast that will not continue in the 2021-22 financial year including:

- Ross Reserve Plaza, Playground, Path and Oval (\$3.05 million).
- Noble Park Aquatic Centre Health and Wellbeing Gymnasium redevelopment (\$3 million).
- Federal Black Spot Program (\$2.62 million).
- Local Roads Community Infrastructure Program (\$1.02 million) for works at Ross Reserve (Stage 2), Warner Reserve and Hemmings Shopping Centre streetscape.
- Ross Reserve Pavilion (\$675,000).
- Thomas Carroll Pavilion (\$600,000).

Partly offset by new grant funding anticipated for the 2021-22 financial year:

- Local Roads Community Infrastructure Program (\$5.10 million) for:
 - Road rehabilitation works at Colemans Road, Dandenong South (Frankston Dandenong Road to Produce Drive).
 - Road reconstruction and widening at Abbots Road, Dandenong South (between Cranbourne Railway Line and National Drive (stage 2 of 3)).
 - Drainage augmentation to address flooding concerns at Callander Road, Noble Park (Catchment 9 – drainage upgrade (stage 1 of 3)).
 - Carpark resurfacing at Buckley Street Carpark.
 - Carpark renewal at Norman Luth Reserve.
 - Passive park fencing renewal.
- Keysborough South Community Hub building construction (\$1.20 million).

4.1.5 Contributions

| | Forecast | | Variance \$'000 | Variance % |
|----------------------------|-----------------------------|-----------------------------|--------------------|----------------|
| | Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | | |
| Monetary | 4,059 | 4,935 | 876 | 21.6% |
| Non-monetary | 15,000 | 10,000 | (5,000) | (33.3%) |
| Total contributions | 19,059 | 14,935 | (4,124) | (21.6%) |

The \$4.12 million decrease in monetary contributions is mainly attributable to a reduction in the anticipated amount of non-monetary contributions in the 2021-22 Budget. These contributions (non-cash) primarily relate to the Development Contribution Plan's (DCP) in Dandenong South and Keysborough and will be in the form of infrastructure assets (gifted assets). Non-monetary assets are difficult to budget and cannot be accurately predicted. This is a non-cash accounting entry.

The monetary contributions in the 2021-22 Budget are made up of:

- DCP contributions for the Keysborough South Community Hub major project (\$2.91 million).
- Public open space contributions (\$2 million). Depending on the amount of development activity in progress, Council receives contributions from developers. These represent funds to enable Council to improve the necessary integrated infrastructure for new developments. They are for very specific purposes and often require Council to outlay funds for infrastructure works some time before the receipt of these contributions. These contributions are statutory contributions and are transferred to reserves until utilised for a complying purpose through the capital works program. Both the 2021-22 Budget and the 2020-21 Forecast estimate that the level of open space contributions will be around \$2.00 million which will be transferred to reserves.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.6 Other income

| | Forecast | | Budget | Variance | Variance |
|---------------------------|----------|--------------|--------------|--------------|--------------|
| | Actual | 2020-21 | | | |
| | | \$'000 | \$'000 | \$'000 | |
| Interest on investments | | 700 | 761 | 61 | 8.7% |
| Interest other | | 2 | - | (2) | (100.0%) |
| Dandenong Market rental | | - | 1,158 | 1,158 | 100.0% |
| Property rental | | 1,489 | 2,137 | 648 | 43.5% |
| Other rent | | 94 | 1,135 | 1,041 | 1107.4% |
| Recoveries | | 2,905 | 1,597 | (1,308) | (45.0%) |
| Other | | 506 | 337 | (169) | (33.4%) |
| Total other income | | 5,696 | 7,125 | 1,429 | 25.1% |

The increase in other income of \$1.43 million in 2021-22 compared to the 2020-21 Forecast is due mainly to COVID-19 impacted income streams in 2020-21:

- Other rent was significantly impacted in the 2020-21 Forecast due to COVID-19 restrictions, particularly in relation to the hire of Council's Civic facilities (\$1.04 million increase). Additionally, property rental returns were low in 2020-21 due to COVID-19 rental waivers. The 2021-22 Budget assumes a return to normal levels of property rental and other rent income (\$1.69 million increase).
- No returns from Dandenong Market in 2020-21 due to the financial impacts on the Market from the COVID-19 pandemic. A return to 80 per cent Dandenong Market rental in 2021-22 Budget assumes that some COVID-19 after effects will continue for some time (\$1.16 million increase).
- Interest returns on investments are expected to remain low as a result of COVID-19 and low interest rates (\$61,000 increase).

Partly offset by:

- Reduced recovery income in the 2021-22 Budget (\$1.25 million decrease) in relation to works required at Spring Valley Landfill to comply with the Pollution Abatement Notice (PAN) issued by the Environment Protection Authority (EPA) that are expected to occur mostly in 2020-21. The cost of these works is offset by recovery income from partner councils (80.12 per cent is recovered) and a transfer from reserves for Council's share. The level of recovery income in 2021-22 reduces significantly based on a reduction in the landfill maintenance costs required.
- A one off FBT return of \$259,000 in relation to a successful carparking benefit ATO ruling is the main reason for the reduction in 'other' income streams in the 2021-22 Budget (\$169,000 reduction).

Expenditure by type

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.7 Employee costs

Employee costs include salaries and Council's statutory obligations in providing WorkCover insurance, employer superannuation, leave entitlements including leave loading and long service leave as well as staff development and training costs. These costs are largely driven by Council's Enterprise Agreement (EA). The Enterprise Agreement 2018 expires on 30 June 2022. The EA increase for 2021-22 is 2.25 per cent in line with guaranteed minimum in the EA (which presents a funding challenge as it exceeds the rate cap for the second year in a row). Annual award increases for banded staff also contribute to an increase in employee costs. Increase in resources in relation to areas where Council annually inherits new service requirements such as areas of parklands handed from developers has also been provided for.

The compulsory Superannuation Guarantee Scheme rate is expected to increase from 9.50 per cent to 10 per cent in 2021-22.

The 2021-22 Budget for employee costs actually represents a decrease from the 2020-21 Forecast of \$3.3 million due mainly to the Working For Victoria grant funded program which is a one off program due to conclude by 30 June 2021. This program added \$3.56 million to Council's employee costs in the 2020-21 Forecast. Additionally, there are number of other projects/programs with either carry overs of unspent grant funds contributing to the higher level of employee costs in 2020-21 such as Child First, Enhanced Maternal and Child Health or projects/programs not expected to occur again in 2021-22 such as New Directions – Mothers and Babies, Drug Strategy and Right@Home.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

A summary of human resources expenditure categorised according to the organisational structure of Council is included below:

| Directorate | Budget 2021-22 \$'000 | Comprises | |
|--|-----------------------------|------------------------|------------------------|
| | | Permanent Full time | Permanent Part time |
| | | \$'000 | \$'000 |
| Chief Executive | 580 | 580 | - |
| City Planning, Design and Amenity | 13,498 | 11,928 | 1,570 |
| Community Services | 33,938 | 17,606 | 16,332 |
| Corporate Services | 13,431 | 10,661 | 2,770 |
| Engineering Services | 17,834 | 17,106 | 728 |
| Greater Dandenong Business | 2,322 | 1,946 | 376 |
| Total permanent staff expenditure | 81,603 | 59,827 | 21,776 |
| Casuals and other expenditure | 5,199 | | |
| Total employee cost expenditure | 86,802 | | |

A summary of the number of full time equivalent (FTE) Council staff in relation to the above expenditure is included below:

| Directorate | Budget 2021-22 FTE | Comprises | |
|-----------------------------------|--------------------------|------------------------|------------------------|
| | | Permanent Full time | Permanent Part time |
| | | FTE | FTE |
| Chief Executive | 2.0 | 2.0 | - |
| City Planning, Design and Amenity | 120.9 | 102.0 | 18.9 |
| Community Services | 322.9 | 153.4 | 169.5 |
| Corporate Services | 114.4 | 86.0 | 28.4 |
| Engineering Services | 162.2 | 155.0 | 7.2 |
| Greater Dandenong Business | 17.9 | 15.0 | 2.9 |
| Total permanent staff | 740.3 | 513.4 | 226.9 |
| Casual staff | 12.2 | | |
| Total staff | 752.5 | | |

Note - FTE: Full time equivalent

4.1.8 Materials and services

Materials and services represent the materials and consumables required for maintenance and repair of Council buildings, roads, drains, footpaths, playground equipment and occupancy costs including utilities. Other costs included are a range of expert services to assist in systems related advice and support, audit services, debt collection, and legal services. It also includes the cost of materials used in providing home-based community care and food services to the elderly people.

The majority of materials and services costs were increased by the forecast CPI (1.50 per cent) in the 2021-22 Budget, except for contract costs which are based on prevailing contract conditions, electricity (2 per cent), street lighting, water and gas (2.5 per cent) and fuel costs (1.25 per cent).

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

| | Forecast | | Variance \$'000 | Variance % |
|---------------------------------------|-------------------|-------------------|--------------------|---------------|
| | Actual | Budget | | |
| | 2020-21 \$'000 | 2021-22 \$'000 | | |
| Contract payments | 50,518 | 49,381 | (1,137) | (2.3%) |
| Materials and services | 7,185 | 6,890 | (295) | (4.1%) |
| Office administration | 4,527 | 4,994 | 467 | 10.3% |
| Consultants and professional services | 6,509 | 3,718 | (2,791) | (42.9%) |
| Utilities | 3,959 | 4,493 | 534 | 13.5% |
| Information technology | 3,479 | 3,651 | 172 | 4.9% |
| Insurance | 1,297 | 1,439 | 142 | 10.9% |
| Total materials and services | 77,474 | 74,566 | (2,908) | (3.8%) |

Overall, there is a decrease in the materials and services category of \$2.91 million as a result of:

- Consultants and professional services (decrease of \$2.79 million)
 - Lower consultants, contractor and professional services costs (\$1.27 million) due to a number of one off initiatives and grant funded programs that are due to cease at 30 June 2021. Examples include the COVID-19 contingency fund, the Community Revitalisation, Indian Cultural Precinct, Outdoor Eating and Entertainment and Central Dandenong Development Facilitation Study grant funded projects, as well as the Princes Highway and Robinson Street median landscaping works operating initiative.
 - A building disposal program in 2020-21 (\$220,000) which comprises one-year projects to demolish buildings at 275 Lonsdale Street Dandenong and Ross Reserve (O'Donahue Football pavilion).
 - Costs of \$250,000 in 2020-21 that will not continue in 2021-22 including the development of the new Council Plan and engagement of an external Municipal Building Surveyor.
 - Lower legal expenses in the Planning department in 2021-22 of \$248,000 due to a Council decision to pursue Victorian Civil and Administrative Tribunal (VCAT) appeals relating to the proposed waste to energy facility in Ordish Road, Dandenong South. These appeals resulted in higher legal costs in 2020-21.
- Contract payments (decrease of \$1.14 million)
 - A reduction in forecast expenditure for works required at Spring Valley Landfill (\$2.63 million) to comply with the Pollution Abatement Notice (PAN) issued by the Environment Protection Authority (EPA) which are expected to occur in 2020-21. These contract payment costs are offset by recovery income from partner councils (80.12 per cent is recovered) and a transfer from reserves for Council's share. Once the landfill cap rehabilitation works are complete in 2020-21, the maintenance costs in 2021-22 are expected to reduce back down to a lower level (and associated recovery income will also decrease accordingly).
 - A decrease of \$795,000 in payments to educators in the Family Day Care program due to growth funding received in 2020-21 which is not expected to continue in 2021-22.
 - Lower contract services costs (\$793,000) in the 2021-22 Budget due to the one off grant funded Working For Victoria program that is due to cease at 30 June 2021.

Partly offset by the following unfavourable variances:

- An increase of \$2.02 million in Council's leisure centres due to the after effects of COVID-19 and the implementation of a new board model.
- Higher tipping fees (\$1.27 million) due to the State Government landfill levy fee increase from \$65.90 to \$105.90. This increase in waste management costs is recovered via the waste charge, which is based on full cost recovery.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

- Utilities (increase of \$534,000)
 - Due to utility savings experienced in the 2020-21 Forecast due to COVID-19 restrictions, such as water, street lighting and electricity. The 2021-22 Budget assumes that these utility costs will return to normal levels resulting in increases of \$212,000, \$187,000 and \$136,000 respectively.
 - Office administration (increase of \$467,000)
 - A reinstatement of event cost budgets in the 2021-22 Budget as the events were cancelled in 2020-21 due to COVID-19 (\$237,000).
 - Due to fuel savings experienced in the 2020-21 Forecast as a result of low petrol prices and COVID-19 restrictions. The 2021-22 Budget has forecast an increase of \$204,000.
- Partly offset by:
- Lower community education costs for Food Organics Garden Organics (FOGO) in the 2021-22 Budget as FOGO was implemented in 2020-21 (\$112,000).

4.1.9 Depreciation

Depreciation measures the allocation of the value of an asset over its useful life for Council's property, plant and equipment, including infrastructure assets such as roads and drains, from delivering services to the community.

| | Forecast | | Variance \$'000 | Variance % |
|---------------------------|-------------------|-------------------|--------------------|---------------|
| | Actual | Budget | | |
| | 2020-21 \$'000 | 2021-22 \$'000 | | |
| Property | 7,099 | 7,312 | 213 | 3.0% |
| Plant and equipment | 3,912 | 4,029 | 117 | 3.0% |
| Infrastructure | 21,297 | 21,936 | 639 | 3.0% |
| Total depreciation | 32,308 | 33,277 | 969 | 3.0% |

The increase of \$969,000 for 2021-22 is based on a revised estimate considering several factors including the current property, infrastructure, plant and equipment balances in the asset register and the anticipated impact of the capital works program.

4.1.10 Amortisation – Intangible assets

Amortisation of intangible assets relates to computer software acquired by Council.

| | Forecast | | Variance \$'000 | Variance % |
|---|-------------------|-------------------|--------------------|---------------|
| | Actual | Budget | | |
| | 2020-21 \$'000 | 2021-22 \$'000 | | |
| Intangibles | 60 | 60 | - | 0.0% |
| Total amortisation - intangible assets | 60 | 60 | - | 0.0% |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.1.11 Amortisation – Right of use assets

Amortisation of right of use assets relates to eligible assets leased by Council.

| | Forecast | | Variance | Variance |
|---|-------------------|-------------------|-----------|-------------|
| | Actual 2020-21 | Budget 2021-22 | | |
| | \$'000 | \$'000 | \$'000 | % |
| Right of use assets | 581 | 604 | 23 | 4.0% |
| Total amortisation - right of use assets | 581 | 604 | 23 | 4.0% |

4.1.12 Other expenses

This expenditure category includes other expenses such as lease rentals, audit costs, Councillor allowances and Council election costs. The community grants program which funds diverse community groups towards promoting sporting, religious, cultural and leisure activities within the city is also provided for under this category. Costs associated with the Fire Services Property Levy on Council owned properties are also included in this category.

| | Forecast | | Variance | Variance |
|--|-------------------|-------------------|----------------|----------------|
| | Actual 2020-21 | Budget 2021-22 | | |
| | \$'000 | \$'000 | \$'000 | % |
| Auditors' remuneration - VAGO - audit of the financial statements, performance statement and grant acquittal | 80 | 80 | - | 0.0% |
| Auditors' remuneration - internal | 155 | 157 | 2 | 1.3% |
| Councillor allowances | 438 | 460 | 22 | 5.0% |
| Council election | 650 | - | (650) | (100.0%) |
| Operating lease/rentals | 747 | 643 | (104) | (13.9%) |
| Other expenses | 764 | 339 | (425) | (55.6%) |
| Fire services property levy | 211 | 204 | (7) | (3.3%) |
| Community grants and contributions | 4,156 | 2,473 | (1,683) | (40.5%) |
| Total other expenses | 7,201 | 4,356 | (2,845) | (39.5%) |

The \$2.85 million decrease in other expenses is due to:

- Lower community grants and contributions due to:
 - One off programs for Business Grants (\$695,000) and Material Aid (\$321,000) in 2020-21 in response to the COVID-19 pandemic.
 - Grant funded Material Aid and community contributions under the Local Partnership program (\$340,000) that is not expected to continue in 2021-22.
 - Anticipated contributions to local businesses of \$148,000 in 2020-21 as part of the Outdoor Eating and Entertainment grant funded program.
- Reduced Council election costs from 2020-21 as the Council election only occurs once every four years (\$650,000).
- Lower other expenses due to one off factors including a contract settlement for a public cleaning contract in 2020-21 (\$211,000) and COVID-19 pandemic costs (\$168,000)

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.2 Balance Sheet

This section of the Budget report analyses the movements in assets, liabilities and equity between the 2020-21 Forecast and the 2021-22 Budget.

4.2.1 Assets

| | Forecast | | Variance \$'000 | Variance % |
|---|-----------------------------|-----------------------------|--------------------|---------------|
| | Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | | |
| Current assets | | | | |
| Cash and cash equivalents | 114,785 | 112,384 | (2,401) | (2.1%) |
| Trade and other receivables | 26,810 | 28,013 | 1,203 | 4.5% |
| Other assets | 2,815 | 2,872 | 57 | 2.0% |
| Total current assets | 144,410 | 143,269 | (1,141) | (0.8%) |
| Non-current assets | | | | |
| Trade and other receivables | 305 | 305 | - | 0.0% |
| Property, infrastructure, plant and equipment | 2,256,411 | 2,296,195 | 39,784 | 1.8% |
| Investment property | 11,814 | 11,814 | - | 0.0% |
| Right-of-use assets | 988 | 1,073 | 85 | 8.6% |
| Intangible assets | 64 | 4 | (60) | (93.8%) |
| Total non-current assets | 2,269,582 | 2,309,391 | 39,809 | 1.8% |
| Total assets | 2,413,992 | 2,452,660 | 38,668 | 1.6% |

Current assets include cash and investments and receivables, which include outstanding rate arrears. The decrease between the two years is due to a reduction in cash and cash equivalent balances of \$2.40 million partly offset by higher trade and other receivables of \$1.20 million.

It should be noted that Council's rate arrears are only expected to increase slightly as a result of the COVID-19 pandemic.

Non-current assets represent Council's fixed assets such as land, buildings, roads, drains and footpaths. The \$39.81 million increase is due to property, infrastructure, plant and equipment as a result of \$63.36 million in capital expenditure (refer Section 4.5 – Capital Works Program for a detailed listing of projects) combined with the receipt of assets primarily from developers through their obligations under the two Development Contribution Plans (\$10.00 million). This increase is offset by \$33.28 million in depreciation expenditure.

CITY OF GREATER DANDENONG 2021-22 BUDGET

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.2.2 Liabilities

| | Forecast Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | Variance \$'000 | Variance % |
|--------------------------------------|---|-----------------------------|--------------------|---------------|
| Current liabilities | | | | |
| Trade and other payables | 21,281 | 24,965 | 3,684 | 17.3% |
| Trust funds and deposits | 8,425 | 8,925 | 500 | 5.9% |
| Unearned income | 40,340 | 40,340 | - | 0.0% |
| Provisions | 19,659 | 19,983 | 324 | 1.6% |
| Interest-bearing liabilities | 3,372 | 4,083 | 711 | 21.1% |
| Lease liabilities | 571 | 571 | - | 0.0% |
| Total current liabilities | 93,648 | 98,867 | 5,219 | 5.6% |
| Non-current liabilities | | | | |
| Trust funds and deposits | 311 | 311 | - | 0.0% |
| Provisions | 892 | 900 | 8 | 0.9% |
| Interest-bearing liabilities | 53,264 | 55,300 | 2,036 | 3.8% |
| Lease liabilities | 442 | 442 | - | 0.0% |
| Total non-current liabilities | 54,909 | 56,953 | 2,044 | 3.7% |
| Total liabilities | 148,557 | 155,820 | 7,263 | 4.9% |

Current liabilities represent obligations that Council must pay within the next year and include borrowings, annual leave and long service leave entitlements, trust monies and payables to suppliers.

The increase in current liabilities in 2021-22 is due mainly to higher trade and other payables (\$3.68 million) caused by an increased level of capital works expenditure.

Non-current liabilities are obligations that will be satisfied at some point after 12 months and include long term borrowings and long service leave entitlements for staff. The increase of \$2.04 million reflects the new borrowings of \$6.12 million planned for 2021-22 partly offset by repayment of existing borrowings.

4.2.3 Borrowings

The below table shows information on borrowings specifically required by the Local Government (Planning and Reporting) Regulations.

| | Forecast Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | Projections | | |
|---|---|-----------------------------|-------------------|-------------------|-------------------|
| | | | 2022-23 \$'000 | 2023-24 \$'000 | 2024-25 \$'000 |
| Amount borrowed as at 30 June of the prior year | 59,891 | 56,636 | 59,383 | 70,301 | 79,796 |
| Amount proposed to be borrowed | - | 6,120 | 15,000 | 15,000 | - |
| Amount projected to be redeemed | (3,255) | (3,372) | (4,083) | (5,505) | (6,970) |
| Amount of borrowings as at 30 June | 56,636 | 59,383 | 70,301 | 79,796 | 72,825 |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Debt Strategy - Council philosophy on using loan borrowings

Many Victorian Councils are debt averse and view the achievement of a low level of debt or even debt free status as a primary goal. Others see the use of loan funding as being a critical component of the funding mix to deliver much needed infrastructure to the community.

The use of loans to fund capital expenditure can be an effective mechanism of linking the payment for the asset (via debt redemption payments) to the successive Council populations who receive benefits over the life of that asset. This matching concept is frequently referred to as 'inter-generational equity'.

Greater Dandenong City Council has accessed debt funding in the past years to complete a range of major infrastructure projects including the construction of the Dandenong Civic Centre and Library, redevelopment of the Drum Theatre, Dandenong Market and Noble Park Aquatic Centre that will be enjoyed by the populations of the future (refer table below).

| Project | Total cost (\$ million) | Loan funds used (\$ million) |
|---------------------------|----------------------------|------------------------------------|
| Drum Theatre | 13.0 | 9.0 |
| Dandenong Market | 26.0 | 20.0 |
| Noble Park Aquatic Centre | 21.0 | 5.0 |
| Dandenong Civic Centre | 65.5 | 47.2 |
| Springvale Community Hub | 52.7 | 20.0 |
| Total | 178.2 | 101.2 |

One of the key considerations for Council in the application of future loan borrowing is the premise that its long-term financial strategies should strive for a financial structure where its annual operational and asset renewal needs can be met from annual funding sources. That is, Council does not have to access funding from non-renewable sources such as loans, asset sales or reserves to meet its annual expenditure needs.

Establishing prudential debt limits

Utilisation of debt funding is an appropriate means of funding capital projects, particularly in a low interest rate environment. It is crucial however that Council remain within prudential debt limits.

The maximum levels of indebtedness are prescribed for Council by way of prudential limits established by the State Government. The three principle prudential limits are:

- Debt servicing (interest repayments) as a percentage of total revenue should not exceed 5 per cent.
- Total indebtedness as a percentage of rate revenue should not exceed 80 per cent (with this latter prudential limit – where ratios exceed 60 per cent, councils are required to demonstrate long-term strategies to reduce indebtedness prior to undertaking further borrowings).
- Working capital ratio (current assets/current liabilities) to remain in excess of 1.0.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

Proposed future borrowings

Council relies upon a strategy of ensuring Council reduces its Indebtedness to Rate Revenue ratio to below 40 per cent prior to undertaking any further borrowing. As noted in the table below, at 30 June 2020, Council's debt ratio will be at 37.7 per cent.

New borrowings of \$6.12 million are forecast in the 2021-22 Budget. The Long Term Financial Plan includes an additional \$30 million in proposed new borrowings split evenly over the 2022-23 and 2023-24 financial years for the purposes of replacing Dandenong Oasis. These new borrowings cause the debt ratio to rise to 49.2 per cent in 2023-24.

The debt ratios fall quite quickly in the following years, and Council's ratio returns to 38.1 per cent by June 2026 – which allows Council to consider future borrowings from that point.

Greater Dandenong Council will continue to consider debt for major community assets in accordance with the above guidelines. All projects are subject to community consultation, Council review and funding. Council will also seek to maximise external funding opportunities having regard to the financial impacts and outcomes for the community.

Impact of future borrowings on prudential limits

In terms of highlighting the impact of these borrowings on Council's Indebtedness to rates ratio, the below table provides these outcomes. Projected future borrowings have been structured to ensure at no point does Council exceed the prudential limit of an indebtedness level in excess of 80 per cent of annual rate revenue.

| Financial year ending | New/ refinance borrowings \$'000 | Principal paid \$'000 | Interest expense (b) \$'000 | Balance 30 June \$'000 | Liquidity (Current assets/ current liabilities) | Debt mgmt (Debt/ Total rates and charges) | Debt mgmt (Serv Costs/ Total revenue) |
|-----------------------|----------------------------------|-----------------------|-----------------------------|------------------------|---|---|---------------------------------------|
| 2021 | - | 3,255 | 2,924 | 56,636 | 154% | 37.7% | 1.2% |
| 2022 | 6,120 | 3,372 | 2,802 | 59,383 | 145% | 38.4% | 1.2% |
| 2023 | 15,000 | 4,083 | 2,730 | 70,301 | 140% | 44.5% | 1.2% |
| 2024 | 15,000 | 5,505 | 3,025 | 79,796 | 131% | 49.2% | 1.3% |
| 2025 | - | 6,970 | 3,248 | 72,825 | 135% | 43.7% | 1.4% |
| 2026 | - | 7,204 | 3,054 | 65,622 | 137% | 38.1% | 1.2% |
| 2027 | - | 7,447 | 2,787 | 58,175 | 140% | 32.9% | 1.1% |
| 2028 | - | 7,682 | 2,515 | 50,493 | 144% | 27.9% | 1.0% |
| 2029 | - | 7,946 | 2,221 | 42,547 | 150% | 22.9% | 0.8% |
| 2030 | - | 7,057 | 1,934 | 35,490 | 158% | 18.6% | 0.7% |
| 2031 | - | 6,304 | 1,666 | 29,186 | 166% | 15.0% | 0.6% |

| Prudential ratio limits: Risk assessment criteria | High | Below 110% | Above 80% | Above 10% |
|---|--------|-------------|-----------|-----------|
| | Medium | 110% - 120% | 60% - 80% | 5% - 10% |
| | Low | Above 120% | Below 60% | Below 5% |

| Balance at end of the financial year | 4.3.2 | 2,296,840 | 979,146 | 1,269,823 | 47,871 |

4.3.1 Reserves

| Reserve | Opening balance 2021-22 \$'000 | Transfer to reserves \$'000 | Transfer from reserves \$'000 | Closing balance 2021-22 \$'000 |
|--|---|--------------------------------------|--|---|
| Major projects reserve | 22,939 | 1,308 | 8,880 | 15,367 |
| Open space reserve - planning, developments and improvements | 3,810 | 2,000 | 570 | 5,240 |
| Open space reserve - acquisitions | 6,000 | - | - | 6,000 |
| Development Contribution Plan - Council funded | 16,807 | 500 | 18 | 17,289 |
| Keysborough Maintenance Levy | 1,732 | 1,620 | 1,710 | 1,642 |
| Self insurance | 911 | - | 31 | 880 |
| Spring Valley Landfill reserve | 187 | - | 102 | 85 |
| Springvale Activity Precinct parking and development | 235 | - | - | 235 |
| Dandenong Activity Precinct parking and development | 27 | 650 | 300 | 377 |
| General reserve (aged care) | 334 | - | - | 334 |
| Future maintenance reserve (LXRA) | 214 | - | 40 | 174 |
| Native revegetation reserves | 331 | - | 83 | 248 |
| Total reserves | 53,527 | 6,078 | 11,734 | 47,871 |

The \$5.66 million decrease in reserves in the 2021-22 Budget is mainly due to \$8.88 million in transfers from the Major projects reserve to fund significant capital works projects (Dandenong Oasis replacement and Noble Park Aquatic Centre – Health and Wellbeing Gymnasium redevelopment).

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Purpose of reserves

- *Major projects reserve* - holds proceeds from the sale of Council's property assets or surplus Council funds and will be utilised for investing in other properties or funding future major projects.
- *Open space - planning, development and improvements* - Funds will be utilised exclusively for allocation towards enhancing the City's open space via planning, development and improvements.
- *Open space – acquisitions* - funds set aside in this reserve will be utilised exclusively for open space land acquisitions.
- *Development Contribution Plan – Council funded* - For Council funded development contribution plans holds funds in respect of Council's contribution to the two major developments in Dandenong South (C87) and Keysborough (C36).
- *Keysborough Maintenance Levy* - this reserve has been established to ensure full accountability of the levies received for the Keysborough and Somerfield Estates reflecting costs of maintaining an additional 15 per cent open space beyond that of traditional estates.
- *Self-insurance* - this fund has been created to meet large and unexpected policy excesses on multiple insurance claims.
- *Spring Valley Landfill reserve* - to rehabilitate the Spring Valley landfill site at Clarke Road, Springvale South.
- *Springvale Activity Precinct parking and development reserve* - to fund development in the Springvale Activity Centre.
- *Dandenong Activity Precinct parking and development reserve* - to fund development in the Dandenong Activity Centre.
- *General reserve (aged care)* - relates to financial impacts of future aged care sector reforms.
- *Future maintenance reserve (LXRA)* - holds contribution funds for future works to address level crossing removal authority defects.
- *Native revegetation reserves* - These funds are to meet native re-vegetation requirements on Council's reserves.

4.3.2 Equity

Council's equity represents the difference between assets and liabilities which is expected to grow by \$31.41 in the 2021-22 financial year.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.4 Statement of Cash Flows

This section analyses the expected cash flows from the operating, investing and financing activities of Council. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves to provide operational cash flow.

The analysis is based on three main categories of cash flows:

- **Operating activities** – refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services for the community may be available for investment in capital works or repayment of debt.
- **Investing activities** – refers to cash generated or used in the enhancement or creation of infrastructure or other assets. These activities also include the acquisition and sale of other assets such as vehicles, property, plant and equipment.
- **Financing activities** – refers to cash generated or used in the financing of Council functions and include borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan requirements for the year.

4.4.1 Cash flows provided by operating activities

| | Forecast Actual 2020-21 \$'000 Inflows (Outflows) | Budget 2021-22 \$'000 Inflows (Outflows) | Variance \$'000 | Variance % |
|--|--|--|--------------------|---------------|
| Cash flows from operating activities | | | | |
| Rates and charges | 150,946 | 155,936 | 4,990 | 3.0% |
| Statutory fees and fines | 4,324 | 6,084 | 1,760 | 22.9% |
| User fees | 6,213 | 8,441 | 2,228 | 22.8% |
| Grants - operating | 34,704 | 32,400 | (2,304) | (7.3%) |
| Grants - capital | 14,488 | 9,996 | (4,492) | (543.8%) |
| Contributions - monetary | 4,059 | 4,935 | 876 | 43.8% |
| Interest received | 700 | 758 | 58 | 4.8% |
| Trust funds and deposits taken | 27,052 | 28,052 | 1,000 | 3.4% |
| Other receipts | 5,649 | 7,070 | 1,421 | 18.8% |
| Net GST refund | 12,986 | 10,948 | (2,038) | (18.1%) |
| Employee costs | (90,105) | (85,981) | 4,124 | (4.7%) |
| Materials and services | (89,593) | (85,273) | 4,320 | (4.8%) |
| Trust funds and deposits repaid | (27,052) | (27,552) | (500) | 1.8% |
| Other payments | (7,921) | (4,792) | 3,129 | (63.8%) |
| Net cash provided by operating activities | 46,450 | 61,022 | 14,572 | 27.0% |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Council is estimating to generate a net cash surplus of \$61.02 million from its operations in 2021-22, an increase of \$14.57 million compared to the 2020-21 Forecast. The increase is due to the following factors:

- Rates and charges (\$4.99 million) - higher expected cash inflows relating to rate revenue consistent with the 1.50 per cent rate cap combined with an increase in waste service charges to recover higher landfill levy costs.
- Materials and services (\$4.32 million) – due mainly to a number of one off initiatives or grant funded projects occurring in 2020-21, combined with Spring Valley Landfill rehabilitation works that are not expected to continue in 2021-22.
- Employee costs (\$4.12 million) – mainly caused by increased in employee costs in 2020-21 due to the significant Working For Victoria project and other grant funded projects not continuing in 2021-22.
- Other payments (\$3.13 million) – lower cash flows for other payments in 2021-22 due to COVID-19 programs for Business Grants and Material Aid, grant funded contributions and Council election costs that occurred in 2020-21, but are not expected to continue in 2021-22.

Partly offset by:

- A reduction in capital grants income (\$4.49 million) due to the non-recurrent nature of such funding (refer to section 4.1.4 for further details).

Reconciliation of surplus/(deficit) to cash flows from operating activities

The net cash flows from operating activities does not equal the surplus (deficit) as the expected revenues and expenses of Council include non-cash items which have been excluded from the Cash Flow Statement. The budgeted operating result is reconciled to the budgeted cash flows available from operating activities as set in the following table.

| | Forecast | | Variance | Variance |
|---|---------------|---------------|---------------|--------------|
| | Actual | Budget | | |
| | 2020-21 | 2021-22 | | |
| | \$'000 | \$'000 | \$'000 | % |
| Surplus for the year | 23,697 | 31,405 | 7,708 | 32.5% |
| Depreciation | 32,308 | 33,277 | 969 | 3.0% |
| Amortisation - intangible assets | 60 | 60 | - | 0.0% |
| Amortisation - right of use assets | 581 | 604 | 23 | 4.0% |
| (Gain)/loss on sale of assets | (290) | (403) | (113) | 39.0% |
| Contributions non-monetary | (15,000) | (10,000) | 5,000 | (33.3%) |
| Borrowing costs | 2,924 | 2,802 | (122) | (4.2%) |
| Finance costs - leases | 21 | 22 | 1 | 4.8% |
| Net movement in other assets and liabilities | 2,149 | 3,255 | 1,106 | 51.5% |
| Cash flows available from operating activities | 46,450 | 61,022 | 14,572 | 31.4% |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.4.2 Cash flows used in investing activities

| | Forecast Actual 2020-21 \$'000 Inflows (Outflows) | Budget 2021-22 \$'000 Inflows (Outflows) | Variance \$'000 | Variance % |
|---|--|--|--------------------|----------------|
| Cash flows from investing activities | | | | |
| Payments for property, infrastructure, plant and equipment | (82,984) | (63,362) | 19,622 | (29.6%) |
| Proceeds from sale of property, infrastructure, plant and equipment | 1,527 | 704 | (823) | (121.0%) |
| Proceeds (payments) for investments | 2,000 | - | (2,000) | 100.0% |
| Net cash used in investing activities | (79,457) | (62,658) | 16,799 | (25.6%) |

Investing activities comprise cash inflows from sale of assets and outflows from expenditure on purchasing and constructing assets (capital works).

Council will have a net outflow from investing activities of \$62.66 million in 2021-22, made up of cash outflows from investment in capital works of \$63.36 million, partly offset by proceeds from the sale of property, infrastructure, plant and equipment. No major asset sales are forecast in 2021-22.

The level of cash used in investing activities has decreased by \$16.80 million from the 2020-21 Forecast which is mainly due to a high level of capital carry overs and grant funded capital projects included in the 2020-21 Forecast. The 2020-21 Original Budget for payments for property, infrastructure, plant and equipment was \$43.71 million, so the investment in capital works has actually increased from the prior year.

4.4.3 Cash flows used in financing activities

| | Forecast Actual 2020-21 \$'000 Inflows (Outflows) | Budget 2021-22 \$'000 Inflows (Outflows) | Variance \$'000 | Variance % |
|--|--|--|--------------------|---------------|
| Cash flows from financing activities | | | | |
| Finance costs | (2,924) | (2,802) | 122 | (4.0%) |
| Proceeds from borrowings | - | 6,120 | 6,120 | 40.8% |
| Repayment of borrowings | (3,255) | (3,372) | (117) | 2.1% |
| Interest paid - lease liability | (21) | (22) | (1) | 4.2% |
| Repayment of lease liabilities | (571) | (689) | (118) | 16.1% |
| Net cash used in financing activities | (6,771) | (765) | 6,006 | 105.1% |

Financing activities relate to cash inflows from any new borrowings and outflows from repayments of loan principal and interest.

The decrease in cash flows used in financing activities is due mainly to the \$6.12 million in loan borrowing proceeds in 2021-22, partly offset by the normal repayment of existing borrowings and ongoing interest commitments on existing borrowings.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.4.4 Cash and cash equivalents at the end of the year

Council is projected to have cash and cash equivalents of \$112.38 million at 30 June 2021. This balance includes cash that is "restricted" from being applied for the general operations of Council.

4.4.5 Unrestricted and unrestricted cash and investments

Cash and cash equivalents held by Council are restricted in part, and not fully available for Council's operations. The budgeted cash flow statement in Section 3 indicates that Council is estimating at 30 June 2021 it will have cash and investments of \$112.38 million, which has been restricted as follows:

- Statutory reserves (\$11.24 million) - These funds comprise open space contributions. They must be applied for specified statutory purposes in accordance with various legislative and contractual requirements. Whilst these funds earn interest revenues for Council, they are not available for other purposes.
- Discretionary reserves (\$36.63 million) - Funds set aside by Council for a specific purpose but are not protected by statute. The 2021-22 forecast balance comprises all reserve balances except for the Open Space reserves (Planning, development and improvements and Acquisitions). See section 4.3.1 for further details.
- Employee entitlements (\$20.59 million) - Includes amounts required to meet Council's long service leave, annual leave and rostered day off liabilities.
- Trust funds and deposits (\$9.24 million) - Represent monies held in trust to be refunded and mainly relate to road deposits, other refundable deposits and fire services property levy.
- Unearned DCP income (\$28.38 million) - Represent DCP income not yet earned and constitute developer monies relating to the two major Developer Contribution Plans.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2021-22 year, classified by expenditure type and funding source.

4.5.1 Summary of capital works

Total capital expenditure

| | Forecast | | Variance \$'000 | Variance % |
|---------------------|-----------------------------|-----------------------------|--------------------|----------------|
| | Actual 2020-21 \$'000 | Budget 2021-22 \$'000 | | |
| Property | 33,961 | 34,798 | 837 | 2.5% |
| Plant and equipment | 5,656 | 4,295 | (1,361) | (24.1%) |
| Infrastructure | 43,367 | 24,269 | (19,098) | (44.0%) |
| Total | 82,984 | 63,362 | (19,622) | (23.6%) |

Capital expenditure by asset type

| Project | Project Cost \$'000 | Asset expenditure types | | | |
|---------------------|---------------------------|-------------------------|-------------------|-------------------|---------------------|
| | | New \$'000 | Renewal \$'000 | Upgrade \$'000 | Expansion \$'000 |
| Property | 34,798 | 12,776 | 5,887 | 11,935 | 4,200 |
| Plant and equipment | 4,295 | - | 4,295 | - | - |
| Infrastructure | 24,269 | 2,675 | 9,802 | 11,792 | - |
| Total | 63,362 | 15,451 | 19,984 | 23,727 | 4,200 |

Capital expenditure by funding source

| Project | Project Cost \$'000 | Summary of funding sources | | | | |
|---------------------|---------------------------|----------------------------|--------------------|---------------------------|--------------------|----------------------|
| | | Grants \$'000 | Contrib. \$'000 | Council cash \$'000 | Reserves \$'000 | Borrowings \$'000 |
| Property | 34,798 | 1,751 | 2,910 | 16,817 | 7,200 | 6,120 |
| Plant and equipment | 4,295 | - | - | 4,295 | - | - |
| Infrastructure | 24,269 | 8,245 | 25 | 15,089 | 910 | - |
| Total | 63,362 | 9,996 | 2,935 | 36,201 | 8,110 | 6,120 |

4.5.2 Current year capital works

A detailed listing of the capital works program for 2021-22 is included on the following pages, including classification by expenditure type and funding sources.

Please note that grant funding included in these tables are subject to review and funding body approval.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

| Project name | Asset expenditure type | | | | Funding sources | | | | | | |
|---|------------------------|------------|-----------|---------|-----------------|------------|-----------|-------------|--------------|-----------|-----------|

4.1.2 Adoption of the 2021-22 Budget (Cont.)

CITY OF GREATER DANDENONG 2021-22 BUDGET

Budgeted capital works 2021-22 (by asset category)

Budgeted capital works 2021-22 (by asset expenditure type)

4.1.2 Adoption of the 2021-22 Budget (Cont.)

4.5.3. Property

The property class comprises land acquisitions, building and building improvements including community facilities, sports facilities and pavilions.

The more significant projects in 2021-22 include:

- \$10.23 million Keysborough South Community Hub Development – Construction (Stage 2 of 2) (funded from borrowings of \$6.12 million, DCP contributions of \$2.91 million and State Government grant funding of \$1.2 million).
- \$7.90 million Ross Reserve New Pavilion (Football) – Construction (Stage 2 of 2) (partly funded by State Government grant funding of \$75,000).
- \$4.20 million Noble Park Aquatic Centre – Health and Wellbeing Gymnasium Redevelopment (funded by reserves of \$3.9 million and State Government grant funding of \$300,000).
- \$3.30 million Dandenong Oasis Replacement – detailed design (funded from reserves).
- \$3.00 million Thomas P Carroll Reserve Crowe Pavilion – construction/refurbishment (Stage 2 of 2).
- \$1.97 million Building renewal program.
- \$942,793 8 Balmoral Avenue Multi Storey Car Park – implement ramps at north and south end of car park.

4.5.4 Plant and equipment

The plant and equipment category include the ongoing replacement program of Council's heavy plant (trucks, sweepers, etc.) and motor vehicle fleet (\$2.84 million). It also includes expenditure on computer and telecommunications – replacing the Merit CRM system (\$500,000) library resource renewal (\$878,000) and fixtures, fittings and furniture (\$80,000).

4.5.5 Infrastructure

Infrastructure includes roads, bridges, footpaths and cycleways, drainage, recreation, leisure and community facilities, parks, open space and streetscapes and off-street car parks.

Most of the expenditure in this category is critical in terms of meeting Council's asset renewal challenge and ensuring a high level of amenity to the residents of City of Greater Dandenong.

Significant projects in 2021-22 include:

Roads, bridges, drainage, footpaths and cycle ways, off street car parks

- \$3.67 million Road Resurfacing Program (including Roads to Recovery grant funded works of \$1.02 million).
- \$2.09 million Abbots Road (between National Drive and Railway) – Widening Construction (Stage 2 of 3) (funded by LRCI grant funding).
- \$1.23 million Colemans Road – road reconstruction (funded by LRCI grant funding).
- \$1.16 million Kerb and Channel Renewal and Resurfacing Programs.
- \$1.70 million Callander Road (Catchment 9) – Drainage upgrade (Stage 1 of 3) (funded by LRCI grant funding).
- \$1.70 million Footpath Renewal Program and Active Transport Infrastructure Priority Program.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Recreational, leisure and community facilities and Parks, open space and streetscapes

- \$1.39 million Springvale Boulevard – Construction (Stages 1 and 2).
- \$1.18 million Douglas Street – streetscape upgrade (Stage 4).
- \$850,000 Ian Street – Streetscape upgrade construction (*mostly funded by grant funding of \$750,000*).
- \$610,000 Noble Park – Revitalisation (*part funded by grant funding of \$310,000*).
- \$500,000 Burden Park Tennis – Construction of lights, fencing and resurfacing of courts (Stage 2 of 3) (*part funded by Club contribution of \$25,000*).
- \$450,000 Frederick Wachter Reserve – District playground construction and passive park upgrade (Stage 1 of 2) (*funded by reserves*).
- \$300,000 Rowley Allan Reserve – Netball court upgrade.

4.5.6 Capital works funding sources

Council's capital expenditure program for 2021-22 will be funded as follows:

| Sources of funding | Ref | Original | Budget | Variance | Variance |
|----------------------------|-----|---------------|---------------|---------------|---------------|
| | | Budget | Budget | | |
| | | 2020-21 | 2021-22 | | |
| | | \$'000 | \$'000 | \$'000 | \$'000 |
| External | | | | | |
| Capital grants | (a) | 3,244 | 9,996 | 6,752 | 208.1% |
| Capital contributions | (b) | 910 | 2,935 | 2,025 | 222.5% |
| Borrowings | (c) | - | 6,120 | 6,120 | 100.0% |
| Total external | | 4,154 | 19,051 | 14,897 | 358.6% |
| Internal | | | | | |
| Transfer from reserves | (d) | 6,905 | 8,110 | 1,205 | 17.5% |
| Council cash | (e) | 32,646 | 36,201 | 3,555 | 10.9% |
| Total internal | | 39,551 | 44,311 | 4,760 | 12.0% |
| Total capital works | | 43,705 | 63,362 | 19,657 | 45.0% |

A detailed listing of all projects that comprise the above totals of expenditure for the various asset groupings is included in the previous section (4.5.2).

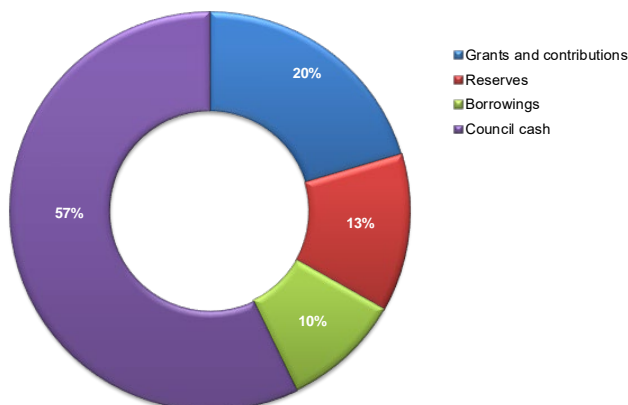

The table above highlights the increase in total capital works expenditure from the 2020-21 Original Budget to 2021-22 is due to higher external funding from capital grants, contributions and borrowings, as well as funding from Council's reserves. This increase in funding sources (other than Council rates) will assist in funding three major projects: Keysborough South Community Hub, replacement of Dandenong Oasis and Noble Park Aquatic Centre Health and Wellbeing Gymnasium redevelopment.

Funding from rate revenue for capital expenditure in 2021-22 is estimated at \$36.20 million, which represents a \$4.76 million increase from the 2020-21 Original Budget. It should be noted that both the 2020-21 Original Budget and 2021-22 Budget include reduced investments in capital funding of \$6.8 million and \$2.3 million respectively to help fund financial impacts relating to COVID-19.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Budgeted total funding sources 2021-22

CITY OF GREATER DANDENONG 2021-22 BUDGET

(a) Capital grants

Capital grant funding sources for 2021-22 include:

- \$5.10 million Federal Government Local Roads and Community Infrastructure Program (LRCI) (Phase 2) – various projects including road rehabilitation at Colemans Road, Dandenong South, road reconstruction and widening at Abbotts Road, Dandenong South and drainage augmentation to address flooding concerns at Callander Road, Noble Park.
- \$1.20 million Part of a \$3 million grant from the State Government as part of the Building Blocks Capacity Program for the Keysborough South Community Hub project.
- \$1.02 million Federal Government Roads to Recovery grant funding (year 3 of 5).
- \$750,000 Noble Park Revitalisation – Ian Street Streetscape.
- \$450,000 Noble Park Revitalisation – Frank Street Open Space improvement.
- \$317,980 Safety, Security and Space Activation project.
- \$310,000 Noble Park Revitalisation – Ross Reserve playground.
- \$300,000 Final instalment of a \$3.3 million grant for Noble Park Aquatic Centre Health and Wellbeing Gymnasium redevelopment.
- \$275,000 Herbert Street Pocket Park.
- \$75,000 Final instalment of a \$XX million grant for Ross Reserve Pavilion.
- \$40,000 Final instalment of a \$100,000 grant for Hemmings Street Neighbourhood Activity Centre.

(b) Capital contributions

Capital contribution funding includes:

- \$2.91 million Development Contribution Plan (DCP) contribution income for Keysborough South Community Hub.
- \$25,000 Club contribution for Burden Park Tennis project.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

(c) Borrowings

New borrowings of \$6.12 million are forecast for 2021-22 to part fund the Keysborough South Community Hub major project. These loan funds will be sought via the Community Infrastructure Loans Scheme (CILS) which was announced in the 2020-21 Victorian State Budget to support councils in delivering critical infrastructure to communities across the state. A successful application is hoped to achieve savings through accessing a low-interest loan as well as receiving an interest subsidy from the Victorian Government.

(d) Reserve funds

The transfer from reserves of \$8.11 million comprises:

- Major Projects Reserve funds of \$7.2 million for:
 - \$3.9 million – Noble Park Aquatic Centre – Health and Wellbeing Gymnasium redevelopment.
 - \$3.3 million – Replacement of Dandenong Oasis.
- Dandenong Activity Centre Parking and Development Reserve funding of \$300,000 for:
 - \$166,000 – Lonsdale Street public lights
 - \$134,000 – Vanity Lane - Construction of Streetscape (Stage 2)
- Open Space – Planning, Development and Improvements Reserve funding of \$570,000 for:
 - \$450,000 – Frederick Wachter Reserve – District Playground Construction
 - \$80,000 – Springvale South – Charlotte Reserve (open space furniture and improvements).
 - \$40,000 – Noble Park and Springvale Reserve upgrades (paths, fencing, open space furniture and improvements).
- Future Maintenance (LXRA) reserve funds of \$40,000 for Flinders Street streetscape.

(e) Rate funding applied to capital works

The 2021-22 Budget provides for \$36.20 million of works funded by Council rates which represents an increase of \$3.56 million from the 2020-21 Adopted Budget (\$32.65 million). However, it should be noted that both the 2020-21 and 2021-22 years have included drops in funding due to financial impacts relating to COVID-19.

| | Original | Budget | Projections | | |
|------------------------------------|---------------|---------------|---------------|---------------|---------------|
| | Budget | | 2022-23 | 2023-24 | 2024-25 |

5. Financial performance indicators

The following table summarises the key indicative financial results for the next four years 2021-22 to 2024-25.

| Indicator | Forecast | | Projections | | | Trend +/- |
|------------------------------|-------------------|-------------------|-------------------|-------------------|-------------------|--------------|
| | Actual | Budget | 2022-23 | 2023-24 | 2024-25 | |
| | 2020-21 \$'000 | 2021-22 \$'000 | 2022-23 \$'000 | 2023-24 \$'000 | 2024-25 \$'000 | |
| Result for the year | 23,697 | 31,405 | 28,119 | 25,558 | 26,228 | o |
| Adjusted underlying result | (8,278) | 7,492 | 13,574 | 13,558 | 14,228 | + |
| Cash and investments balance | 114,785 | 112,384 | 110,274 | 104,378 | 102,970 | o |
| Cash flows from operations | 46,450 | 61,022 | 55,349 | 53,959 | 50,593 | o |
| Capital works expenditure | 82,984 | 63,362 | 65,619 | 66,250 | 41,820 | o |

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

The tables following highlight Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives.

The financial performance indicators below are the prescribed financial performance indicators contained in Part 3 of Schedule 3 of the *Local Government (Planning and Reporting) Regulations 2020*. Results against these indicators will be reported in Council's Performance Statement included in the Annual Report.

| Dimension / indicator / measure | Notes | Actual | Forecast | Budget | Projections | | | Trend +/- |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Notes to indicators

- Adjusted underlying result** – Council's underlying operational surplus forecasts improvement in 2021-22 and 2022-23 and remains steady thereafter, which means that Council's overall asset base is not being eroded over the period of the strategy. This ratio is an indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Improvement in financial performance is expected over the period, although continued losses means reliance on Council's cash reserves or increased debt to maintain services.
- Working capital** – The proportion of current liabilities represented by current assets. Whilst the working capital ratio result decreases from 2021-22 to 2024-25, current assets to liabilities continue to remain at a healthy level across all years indicating sufficient liquidity.
- Unrestricted cash** – Unrestricted cash is all cash and cash equivalents other than restricted cash. Restricted cash represents cash and cash equivalents and financial assets that are available for use other than for the purpose for which it is restricted and includes cash that will be used to fund carry forward capital works. Restricted items include trust funds and deposits, statutory reserves, carry forward capital works and conditional grants unspent. This indicator is an assessment of Council's ability to pay bills on time. Higher unrestricted cash relative to liabilities suggests Council is able to pay bills in a timely manner. This ratio result is expected to decline over the period 2021-22 to 2024-25 which is indicative of the financial impact on Council of rate capping legislation and the COVID-19 pandemic.
- Debt compared to rates** – This trend indicates Council's increasing reliance on debt against its annual rate revenue particularly in 2022-23 and 2023-24 due to new borrowings forecast to fund major capital projects. The debt ratio reduces again in 2024-25 and over the period remains within prudential guidelines.
- Asset renewal and upgrade** - This percentage indicates the extent of Council's renewal and upgrade expenditure against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed/upgraded and future capital expenditure will be required to renew/upgrade assets. The indicator result is forecast to be high over the 2021-22 to 2023-24 period due to significant upgrade works for the replacement of Dandenong Oasis (major project).
- Rates concentration** - Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend is steady and indicates Council will become slightly more reliant on rate revenue compared to all other revenue sources.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

6. Schedule of Fees and Charges

The City of Greater Dandenong provides a range of services to the community. Some of these services have an associated fee or charge levied. Services funded by fees and charges provide enhanced community wellbeing.

This section presents the fees and charges of a statutory/non-statutory nature which will be charged in respect to various goods and services during the 2021-22 financial year.

Fees and charges are based on information available at the time of publishing and may vary during the financial year subject to any changes in Council's policy or legislation.

Goods and Services Tax (GST)

The current GST status of goods and services provided by Council is shown in this Schedule against each item. It is indicated in the right-most column on each page, as follows:

- **Y** - GST applies and is included in the amount shown
- **N** - GST does not apply to this good or service

The GST status of Council's fees and charges is determined in accordance with relevant provisions of *A New Tax System (Goods and Services Tax) Act* and rulings issued by the Australian Taxation Office.

The GST legislation deems that Council's fees and charges are to include GST (taxable supply) unless they are identified for specific exemption from GST.

This determination under section 81-5 of the GST Act identifies those Council fees and charges that are exempted from GST. The application of GST to the Fees and Charges schedule is therefore based on current Australian Taxation Office (ATO) legislation including this determination.

Council may be required to further amend the GST status of specific fees and charges when the ATO approves and issues further legislation or regulations. The impact of further ATO amendments may therefore require Council to alter prices in this Schedule to reflect changes in the GST status of particular goods or services.

Deposits, when initially paid, do not attract GST. If part or all of a deposit is retained, due to damage to a hall, for example, GST is then applicable. If the deposit does not cover the full (GST-inclusive) charge, the extra amount will be requested of the hirer.

Basis of fee

While many of the fees and charges in the Schedule are set at Council's discretion, a number are established by a range of external bodies such as Government Departments or professional organisations. In the column headed "Basis of Fee", an indication is given of the body responsible for determining the price. The following legend explains the abbreviations:

- CNCL - Greater Dandenong Council
- REG - Regulation associated with the relevant Act, or the Act itself
- CON - Fees determined based on the requirements of Contract Agreements

4.1.2 Adoption of the 2021-22 Budget (Cont.)

REG – Regulatory/Statutory fees

Where fees are set by Government statute, Council has no ability to alter the fee. The statutory fees and charges disclosed in the following schedule are current at the time of preparing this report, however, they are subject to change during the financial year. Council is required to apply the revised statutory fees and charges from the advised effective date. Where relevant, prior year comparative statutory fees have been updated to reflect the correct statutory fee for the relevant financial year.

CON – Contract fees

The contract fees and charges are determined based on the requirements of the specific management/contract arrangements in place between Council and the Managing Agency. The Management Agreements that exist between Council and the Managing Agency state that the pricing policies and fees charged for the facility will be developed and agreed between Council and the Managing Agency and will form part of their business plan. Fees charged for the use of facilities are fees of the Managing Agency, they are not fees of Council. As the fees and charges are under a contract arrangement, they are subject to change during the financial year.

Refund policy

Refund of the following fees and charges are subject to conditions as detailed below:

Pet registration

(for fees set out under the heading 'Pet registration')

1. Subject to Clause 5 below, refunds are only available within the first six months of the registration year.
2. For a deceased animal – 50 per cent of the fee paid.
3. Where registration has already been paid and an animal has subsequently been de-sexed, microchipped or trained in accordance with the requirements of the Domestic Animals Act Regulations – difference between full fee and reduced fee.
4. Refunds are only available if the amount to be refunded is more than \$10.00.
5. Should a person pay a registration fee prior to commencement of the registration period for a given year and the subject animal subsequently dies before that period commences, a full refund of the fee shall be made. The refund shall be subject to provision of evidence of the animal's death e.g. a vet report, or the provision of an appropriate Statutory Declaration.

Local Laws Permit fees

(only applies to fees set out under the heading 'Local Laws Permits')

1. If a permit fee is paid at the time of the application and the application is then refused, the full fee will be refunded.
2. Permit fees will only be refunded if the amount to be refunded is \$30.00 or more.

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Food and Health related Business registration

Food and health related business registration fees are set at rates aimed at recovering Council's costs in administering and enforcing the *Food Act*, *Public Health and Wellbeing Act* and *Residential Tenancies Act*.

Refund of business registration fees is therefore subject to the following conditions:

1. No refund is available for business operating in their first year of trading
2. 50 per cent of the renewal fee paid will be refunded to a business that is closing or ceasing to trade within the first 6 months of the registration period that has not received an annual inspection.
3. Full fee refunded where no service has been provided (e.g. request for a presale inspection).
4. In all cases, the refund shall be subject to provision of evidence of the business's closure or change of services.

Building permits

(applies to fees set out under this heading)

1. Cancellation of application for permit when no work has been carried out on plans. Refund 50 per cent of building fee plus all levies, subject to holding minimum of \$30.00 administration fee.
2. Cancellation of application for permit where assessment has commenced but not issued. Refund 35 per cent of building fee plus all levies.
3. Cancellation of permit when no inspection has been carried out. Refund 25 per cent of building fee, subject to holding minimum of \$30.00 administration fee.
4. Report and consent fees where process commenced - no refund.
5. Refund on miscellaneous fees discretionary - subject to Manager's approval.

Asset protection permits (applies to fees set out under this heading)

1. This permit is non-refundable.

Community Facility Management Policy

Fees and charges for the use or hire of community facilities have been set in line with the Community Facility Management Policy. Use of community facilities has been divided into the following categories for the purpose of charging fees:

| | |
|------------------------|--|
| Community group | All not for profit groups/organisations who provide local benefit. |
| General | All private use/functions. |
| Commercial | For-profit businesses and commercial enterprises. |
| Council funded | Subsidised groups and programs that are conducted by Council. |

This policy applies to both Council (CNCL) and Contract (CON) fees and charges.

Asset Protection Bonds

Industrial: Building works carried out on land zoned Industrial, ie. IN1Z, IN2Z or IN3Z.

Commercial: All other building works not classified as residential, apartments or industrial.

The full cost of any reinstatement works carried out by Council as a result of contractors failure to comply, will be recovered by Council from the permit holder. This will include the administration fee, plus additional inspection fee and the actual cost of the reinstatement.

Single street frontage

Community Signage

1) The sign is to conform to Australian Standard AS1742 and is to be supplied to Council for installation.

2) If the position of the sign requires closing part of a roadway, an additional Traffic Control charge will be applied (notified in advance).

3) If the installation requires use of a "cherry-picker", an additional charge will be applied depending on the current hire rates (notified in advance).

4) If the installation involves fixing to High Voltage (HV) assets, a charge will be applied to cover third party Contractor costs (notified in advance).

| | | | | | | | |
|-----------------------|-----------------|----------|----------|-------|--------|------|---|
| Administration fee | Per application | \$57.50 | \$58.50 | 1.74% | \$1.00 | CNCL | N |
| Sign on existing pole | Per permit | \$163.00 | \$165.50 | 1.53% | \$2.50 | CNCL | N |
| Sign and new pole | Per permit | \$274.50 | \$279.00 | 1.64% | \$4.50 | CNCL | N |

| Ross Reserve Athletic Track – schools outside CGD (minimum 2 hours) | Per hour | \$163.00 | \$165.50 | 1.53% | \$2.50 | CNCL | Y |

Passive Open Space (Casual hire)

Passive reserves – eg. Dandenong Park, Burden Park, Hemmings Park, Tirhatuan Park, etc.

Casual hire fee

Passive open space hire fees override the sportsground hire charge, when the overall numbers exceed 200 people. Booking fee applies to exclusive booking with formal group activity. Incorporated Greater Dandenong Community Groups are entitled to a 50% discount. Registered Charities – no charge (copy of Australian Charity Not For Profit Commission (ACNC) registration required). Applicable bond below. Ancillary charges and discounts: Full cost recovery for additional waste/cleaning services in addition to standard service levels in accordance with approved Events Application form.

| | | | | | | | |
|--------------------|---------|------------|------------|-------|------------------|------|---|
| 201-500 people | Per day | \$434.00 | \$441.00 | 1.61% | \$7.00 | CNCL | Y |
| 501-1,000 people | Per day | \$1,085.00 | \$1,105.00 | 1.84% | \$20.00 | CNCL | Y |

| 1,500+ people | Per hire | | | | To be negotiated | CNCL | N |

ORDINARY COUNCIL MEETING - MINUTES

4.1.2 Adoption of the 2021-22 Budget (Cont.)

| Name | Unit | Year 20/21 Fee (incl. GST) | Year 21/22 Fee (incl. GST) | Increase % | Year 21/22 Increase \$ | Basis of Fee | GST |
|------|------|----------------------------------|----------------------------------|---------------|------------------------------|-----------------|-----|
|------|------|----------------------------------|----------------------------------|---------------|------------------------------|-----------------|-----|

Other fees and charges

| | | | | | | | |
|--|----------------------|---------|---------|-------|--------|------|---|
| Tatterson Park casual evening floodlighting hire (minimum) | Minimum 2 hour block | \$97.50 | \$99.00 | 1.54% | \$1.50 | CNCL | Y |
| Tatterson Park casual evening floodlighting hire (additional hours) | Per hour | \$65.00 | \$66.00 | 1.54% | \$1.00 | CNCL | Y |
| Pre-season training for seasonally allocated CGD Sporting Clubs per ground | Per hour | \$63.50 | \$64.50 | 1.57% | \$1.00 | CNCL | Y |
| Two hour session (minimum charge and maximum time allocation) | | | | | | | |

Subdivision and Other Fees

Subdivisions

Subdivisions of three lots or more will generally require a Public Open Space contribution. The subdivision charges and other fees above with a fee basis of REG are set under state legislation, which is a set fee per unit. The dollar value of the set fee per unit has now been indexed by State Government and is subject to annual review.

| | | | | | | |
|---|-------------|---|--|--|-----|---|
| Supervision of works (maximum fee) | Per request | 2.5% of estimated cost of works | | | REG | N |
| Checking of engineering plans (maximum fee) | Per request | 0.75% of estimated cost of works proposed in engineering plan | | | REG | N |

Other fees and charges

| | | | | | | | |
|--|-----------------|----------|----------|--------|---------|------|---|
| Civil works permit (works within road reserves permit) | Per permit | \$164.00 | \$200.00 | 21.95% | \$36.00 | CNCL | N |
| Vehicular crossing permit (works within road reserves permit) | Per permit | \$164.00 | \$200.00 | 21.95% | \$36.00 | CNCL | N |
| Minor works (works within road reserves permit) | Per permit | \$164.00 | \$200.00 | 21.95% | \$36.00 | CNCL | N |
| Drainage plan approval and supervision for multi unit, commercial and industrial development | Per application | \$516.00 | \$524.00 | 1.55% | \$8.00 | CNCL | N |

Waste Management Services

Kerbside waste and recycling collection

New services after the commencement of the financial year will be charged pro-rata for the period remaining in the financial year. For a change to a different service model, a pro-rata payment adjustment will apply to the new service option charge. State Government Landfill Levy of \$69 is included in 2021-22 (\$51 in 2020-21).

| | | | | | | | |

City Planning, Design and Amenity

Building and Compliance Services

Building Permits and Services

Includes examination and surveying of plans and specifications, mandatory inspection of building work during course of construction and issuance of relevant certificates. The fees are payable upon lodgement of the building application. The fee schedule indicates the basis for charging in most instances. Fees are set to reflect the cost of performing the service. Checking of specialist system designs (structural, mechanical, electrical and hydraulic), where necessary and/or where an appropriate design compliance certificate is not provided, is charged on a cost recovery basis.

The following costs apply in addition to the basic fee schedule: special performance based assessments and applications for reporting authority consents are charged on a cost recovery basis and the base fee allows for a standard number of inspections per project. Additional inspection fees apply for additional inspections.

Class 1 and Class 10

Minor works

| | | | | | | | |
|--|---------------------|----------|----------|---------|-----------|------|---|
| Fences, garages, verandahs and carports | Per permit | \$700.00 | \$301.00 | -57.00% | -\$399.00 | CNCL | Y |
| Masonry fences, garages, verandahs and carports | Per permit | \$772.00 | \$784.00 | 1.55% | \$12.00 | CNCL | Y |
| Combined permits for fences, garages, verandahs and carports | Per combined permit | \$850.00 | \$863.00 | 1.53% | \$13.00 | CNCL | Y |

Dwellings

| | | | | | | | |
|---|------------|------------|------------|-------|----------|------|---|
| Construction cost to \$197,056 – registered builder | Per permit | \$1,620.00 | \$1,645.00 | 1.54% | \$25.00 | CNCL | Y |
| Construction cost over \$197,056 – registered builder | Per permit | | | | Cost/125 | CNCL | Y |
| Construction cost to \$210,255 – owner/builder | Per permit | \$1,880.00 | \$1,910.00 | 1.60% | \$30.00 | CNCL | Y |
| Construction cost over \$210,255 – registered builder | Per permit | | | | Cost/115 | CNCL | Y |

|--|----------------|----------|----------|-------|--------|------|---|

Regulatory building fees and charges

The following fees with a basis of REG are set under state legislation, which is a set fee per unit. The dollar value of the set fee per unit has now been indexed by State Government and is subject to annual review. Council is not able to accurately predict the fee unit amounts. These fees will be published on Council's website when gazetted by the State Government.

Building permit levy

| | | | | | | | |
|---|------------|--|--|---------------------------|--|-----|---|
| Section 205G (Building Act 1993) – this levy is passed directly to the State Government | Per permit | | | 0.00128% of cost of works | | REG | N |
|---|------------|--|--|---------------------------|--|-----|---|

Lodgement fees

| | | | | | | | |
|---------------|---------------|----------|----------|-------|--------|-----|---|
| Class 1 to 10 | Per lodgement | \$118.90 | \$121.90 | 2.52% | \$3.00 | REG | N |

Miscellaneous health fees

| | | | | | | | |
|--------------------|-----------------|---------|---------|-------|--------|------|---|
| Administration fee | Per certificate | \$0.00 | \$15.00 | ∞ | ∞ | CNCL | N |
| Caravan parks | Yearly | \$14.45 | \$14.45 | 0.00% | \$0.00 | REG | N |

These fees are set under state legislation, which is a set fee unit. The dollar value of the set fee unit has now been indexed by State Government and is subject to annual review. Council is not able to accurately predict the fee unit amounts and therefore the fee is based on the current statutory fee at the time of preparing this report. The renewal fee for caravan parks is updated every three years by State Government.

| | | | | | | | |

Planning Compliance

Planning infringements

The penalty attached to Planning Infringement notices is set by State Government and is expressed as penalty units, rather than as a dollar amount. The dollar value of a penalty unit has now been indexed by State Government and is subject to annual review. Council is not able to accurately predict the penalty amounts and therefore does not publish them in this document. Current information can be obtained from the Department of Justice – Infringements Oversight Unit.

Parking infringements

Council has elected to set the penalty for this offence at the maximum allowable under state legislation, which is 0.5 penalty units. The dollar value of a penalty unit has now been indexed by State Government and is subject to annual review. Council is not able to accurately predict the penalty amounts and therefore does not publish them in this document. Current information can be obtained from the Department of Justice – Infringements Oversight Unit.

Fees under Planning and Environment (Fees) Regulations 2016

The following fees with a basis of REG are set under state legislation. The regulations set fees in fee units. The fee units have been converted to a dollar value on the basis of the value of a fee unit as it is set for the financial year. A fee unit value is adjusted on 1 July each year by the Treasurer's amount and is published in the Government Gazette. Changes to these fees will be published on Council's website when gazetted by the State Government. These fees are correct at the date the Council budget was prepared.

| | | | | | | | |
|--|-----------------|-------------|-------------|-------|--------|-----|---|
| Regulation 6, Stage 1 | Per application | \$3,050.90 | \$3,050.90 | 0.00% | \$0.00 | REG | N |
| For: (a) considering a request to amend a planning scheme, and (b) taking action required by Division 1 of Part 3 of the Act, and (c) considering any submissions which do not seek a change to the amendment, and (d) if applicable, abandoning the amendment in accordance with section 28 of the Act. | | | | | | | |
| Regulation 6, Stage 2 | Per application | \$15,121.00 | \$15,121.00 | 0.00% | \$0.00 | REG | N |

For:
(a) considering:
(i) up to and including 10 submissions which seek a change to an amendment and where necessary referring submissions to a panel, and
(b) providing assistance to a panel in accordance with section 158 of the Act, and
(c) making a submission in accordance with section 24(b) of the Act, and
(d) considering the Panel's report in accordance with section 27 of the Act, and
(e) after considering submissions and the Panel's report, abandoning the amendment.

| | | | | | | | |
|-----------------------|-----------------|-------------|-------------|-------|--------|-----|---|
| Regulation 6, Stage 2 | Per application | \$30,212.40 | \$30,212.40 | 0.00% | \$0.00 | REG | N |
|-----------------------|-----------------|-------------|-------------|-------|--------|-----|---|

For:
(a) considering:
(i) 11 to (and including) 20 submissions which seek a change to an amendment and where necessary referring the submissions to a panel, and
(b) providing assistance to a panel in accordance with section 158 of the Act, and
(c) making a submission in accordance with section 24(b) of the Act, and
(d) considering the Panel's report in accordance with section 27 of the Act, and
(e) after considering submissions and the Panel's report, abandoning the amendment.

Community Group

Community groups/organisations seeking the not for profit community rate must either be an incorporated association or auspiced by an Incorporated Association. Such groups must provide their Incorporation number as it appears on the Certificate of incorporation from Consumer Affairs Victoria. Those who fail to provide the incorporation number of the group or auspicing body (or equivalent) will be ineligible for the community rates.

Community Group

50% discount for Community group rate on total charge when 2 or more rooms are booked for a single 4 hour event/meeting. Community groups/organisations seeking the not for profit community rate must either be an incorporated association or auspiced by an Incorporated Association. Such groups must provide their Incorporation number as it appears on the Certificate of Incorporation from Consumer Affairs Victoria. Those who fail to provide the incorporation number of the group or auspicing body (or equivalent) will be ineligible for the community rates.

Community Group (from municipality)

Includes clubs and schools from within the City of Greater Dandenong municipality. Community groups/organisations seeking the not for profit community rate must either be an incorporated association or auspiced by an Incorporated Association. Such groups must provide their Incorporation number as it appears on the Certificate of Incorporation from Consumer Affairs Victoria. Those who fail to provide the incorporation number of the group or auspicing body (or equivalent) will be ineligible for the community rates.

ORDINARY COUNCIL MEETING - MINUTES

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Attachment A - Budget 2021-22 submissions

| No. | Submission details | Submitter name | Responsible officer/area | Response |
|-----|---|----------------|---|--|
| 1 a | Mobile library - Introducing a mobile library service would be beneficial to the community. This service can reach people who can't access library services easily. It also gives people an opportunity to meet and socialise with the librarian. They can also get to know people who live in the area to create positive social connections. | Tam Nguyen | Community Arts, Cultural and Library | Council currently invests in an Outreach Library Service that visits playgrounds, schools and residential facilities, and the community care bus service brings older residents who are no longer able to drive to the Dandenong and Springvale Libraries on a regular basis. All outreach and library visits are facilitated by Library staff and help build social connections along with access to library resources and reading and literacy advice. For Library Services to reach more people, Council is also building a Library Lounge in the proposed Keysborough South Community Hub – due to open late 2022/early 2023. This will provide a small Library Service, community spaces and meeting rooms where the community can come together to read, study, socialise and attend Library programs. |
| 1 b | Increase public safety for the east link bike trail - There are sections in the bike trail, where it does not feel safe. At times, the bike trail is quite deserted. Parts of the bike trail is very isolated, and not near main roads that has passing traffic, and has no passers-by. I would like to see increase public safety in these sections of the bike trail like security cameras, signage. At times, I see burnt waste along the bike trail. The green space in between oakwood avenue and pinewood avenue could be made into a community space like a playground or picnic area for families to better use this space. And also increase more people in the area to make that part of the bike trail safe. | Tam Nguyen | Regulatory Services Engineering Services | Connect East Pty Ltd. are the responsible authority for implementing any improvements along most of the Eastlink trail. Council will continue to advocate for improvements along the trail, including construction of the missing bridge over the rail line at Yarraman train station. We will also continue to expand the bicycle path network across the municipality, providing improved access to key destination, whilst encouraging greater usage of this transport mode. |
| 1 c | Increased enforcement in dog on leash areas - there are times when dog owners don't have their dogs on a leash on footpaths in residential areas, or on the bike trail. It's not safe for the community. The dogs are aggressive towards strangers and bark at you. I'm scared of getting attacked by a dog when I'm in my neighbourhood. | Tam Nguyen | Regulatory Services | Council's Animal Management Team is continuing to concentrate on encouraging responsible pet ownership in the City of Greater Dandenong. Whilst focusing on an educative approach, we are increasing our proactive patrols of those places where animal owners are failing to appropriately manage their pets. To ensure officers are aware of areas that may require increased attention our community should contact Council's customer service team to report their concerns. |

4.1.2 Adoption of the 2021-22 Budget (Cont.)

Attachment A - Budget 2021-22 submissions

| No. | Submission details | Submitter name | Responsible officer/area | Response |
|-----|--|--------------------|--------------------------|--|
| 2 a | <p>As a resident and rate payer next to police road and near Springvale junction I would like to see my ward move to the city of Monash as I know that my rates would be at least 10% lower, when the new high-density residences are built at the current Sandown race course, as you, Dandenong are becoming too big and should learn to be more frugal.</p> | <p>Roger Stone</p> | <p>Finance</p> | <p>Council boundaries are not set by Council but are established by State Government and Council has no role in responding to this request.</p> <p>The operating costs of both Monash and Greater Dandenong are essentially similar with this Council operating at a slightly higher cost based on the Proposed 2021-22 Budgets. The service levels offered by both Councils are also equivalent.</p> <p>Given therefore that both Councils need to raise essentially a similar amount of revenue to meet these operational costs, it then becomes a balancing act between the three key sources of revenue available to Councils which are rates, government grants and fees and charge revenue.</p> <p>The most significant difference between Monash and Greater Dandenong is the access to a greater degree of fee revenue, which essentially subsidises the amount required from rates. Rates and charges as a percentage of total revenue for both councils is around 65% however fee revenue at Monash represents around 16% compared to Greater Dandenong's 7%.</p> <p>The rate in the dollar is also impacted upon by the average valuations of each Council. Monash has a greater percentage of residential properties (92%) than Greater Dandenong Council (84%) which assists in establishing an average valuation per property that is higher than Monash. With this higher average valuation – and similar revenue needs – Monash are therefore able to levy a lower rate in the dollar to achieve the same outcome.</p> |

Draft Minutes of Cultural Heritage Advisory
Committee Meeting on 1 April 2021

1. Report Summary

At the Council meeting held 23 April 2018, Council resolved in part to *invite Advisory Committees and Reference Groups to submit meeting minutes for Council endorsement*. This resolution also allowed interested Councillors (and those that attend these Committees and Reference Groups) to speak to the meeting about items discussed at these meetings.

2. Recommendation Summary

This report recommends that the draft Minutes of the Cultural Heritage Advisory Committee meeting provided in Attachment 1 to this report be noted and endorsed by Council.

4.2.1 Draft Minutes of Cultural Heritage Advisory Committee Meeting - 1 April 2021 (Cont.)

3. Background and Proposal

Greater Dandenong Council is represented on a wide range of Committees, Reference Groups and Advisory Groups which frequently reflect the interests of individual Councillors in serving the broader community in their role. A full listing of these appointments is confirmed each November at Council's Annual meeting to elect the Mayor and Deputy Mayor and is available via Council's website.

The resolution of Council made on 23 April 2018 provides for Minutes of meetings held by Advisory Committees and Reference Groups to be submitted to Council for information purposes, for noting and for endorsement (not adoption).

As such, the draft Minutes are provided as Attachment 1 to this report.

There are no financial implications associated with the development and submission of this report.

4. Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride – Best place best people*

Place

- *Sense of Place – One city many neighbourhoods*

Opportunity

- *Education, Learning and Information – Knowledge*
- *Tourism and visitors – Diverse and interesting experiences*
- *Leadership by the Council – The leading Council*

5. Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- *A vibrant, connected and safe community*
- *A creative city that respects and embraces diversity*

4.2.1 Draft Minutes of Cultural Heritage Advisory Committee Meeting - 1 April 2021 (Cont.)

Place

- *A healthy, liveable and sustainable city*

Opportunity

- *An open and effective Council*

6. The Overarching Governance Principles of the *Local Government Act 2020*

Section 9 of the *Local Government Act 2020* (LGA2020) states that a Council must in the performance of its role give effect to the overarching governance principles.

The establishment of the Cultural Heritage Advisory Committee and the work that it undertakes gives particular consideration to the following overarching governance principles:

- priority is given to achieving the best outcomes for the municipal community, including future generations (section 9(b) of the LGA2020);
- the municipal community is engaged in strategic planning and strategic decision making – many advisory committees and reference groups have community members as participants (section 9(d) of the LGA2020);
- innovation and continuous improvement is pursued (section 9(e) of the LGA2020);
- collaboration with other councils, governments and statutory bodies is sought – many advisory committees and reference groups have representatives attending from these organisations (section 9(f) of the LGA2020);
- the ongoing financial viability of Council is ensured (section 9(g) of the LGA2020);
- regional, state and national plans and policies are taken into account in strategic planning and decision making – diverse representation within these groups ensures this occurs (section 9(h) of the LGA2020); and
- the transparency of Council decisions, actions and information is ensured by this regular reporting mechanism (section 9(i) of the LGA2020).

7. Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Charter of Human Rights and Responsibilities have been considered in the preparation and are consistent with the standards set by the Charter.

8. The *Gender Equality Act 2020*

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents because it is a reporting mechanism only.

4.2.1 Draft Minutes of Cultural Heritage Advisory Committee Meeting - 1 April 2021 (Cont.)

The report does not have the potential to influence broader social norms and gender roles nor does it benefit any one gender group over any other.

9. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a “Climate and Ecological Emergency” and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council’s Declaration on a Climate and Ecological Emergency, Council’s Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability because it is purely administrative in nature and is a reporting mechanism only.

10. Recommendation

That Council notes the draft Minutes of meeting for the Cultural Heritage Advisory Committee as provided in Attachment 1 to this report.

MINUTE 195

Moved by: Cr Rhonda Garad
Seconded by: Cr Richard Lim

That Council notes the draft Minutes of meeting for the Cultural Heritage Advisory Committee as provided in Attachment 1 to this report.

| 1. | Acknowledgment of country <i>The Aboriginal Peoples of the Kulin Nations are the Traditional Custodians of the lands now named City of Greater Dandenong. We acknowledge, recognise and respect Elders past, present and emerging, and their continuing connections to climate, culture and country.</i> | Chair | Chair |
| 2. | Welcome, apologies The Chair welcomed everyone to the meeting and confirmed apologies. | Chair | Chair |
| 3. | Confirmation of minutes for meeting held 3 September 2020 The Chair called for comments on the minutes for the meeting held 3 September 2020. The Chair noted from the previous minutes many items were on the agenda for this meeting, one which was not was the Vanity Lane project update. The chair asked if an update can be provided. The Chair asked in relation CoGD Anniversary publication launch event if the promotional video shown. CoGD officers confirmed that the promotional video was shown on the night of the Launch. Gaye Guest advised that the video was on the council website, however, was taken down due to Council caretaker period and asked if the video can be reinstated. The Chair also raised the Arts and Cultural Heritage Strategy and if a new strategy was going ahead this year. CoGD confirmed the new strategy will be developed, pending finalisation of the Council Plan. Gaye Guest moved the minutes, seconded by Robyn Robie. | Chair Council Officers to provide an update to the Vanity Lane project at the next meeting. Council Officers to organise for the publication video to be reinstated on the Council website. | CoGD |

| 4. | Matters arising from minutes The Chair advised that matters arising from minutes would be addressed as separate agenda items. | N/A | N/A |
| 5. | Objectives of the Cultural Heritage Advisory Committee The Chair referred to the objectives of the Committee. | To be available as part of every meeting. | Chair |
| 6. | Springvale Community Hub Update CoGD advised the Springvale Community Hub, library and community spaces continue to be very well utilised. There is now a Springvale Community Hub advisory committee which has been formed, with Chris Keys being a member. Chris Keys advised new Committee had met to look at the terms of reference, to meet and appoint a chair. CoGD advised that they look forward to working with Chris and Robyn to plan the move of the Springvale and District Historical Society into the hub. Chris Keys advised that the Springvale and District Historical Society lease has been received with the required amendments made and the Historical Society are now in a position to sign. CoGD Heritage team advised that they are continuing to undertake research for content to be shown on screens at the Springvale Community Hub and will provide further updates as this develops and consult with both SDHS and DDHS. Other exhibition projects such as the Noble Park Community Action Forum digital display is also planned to be considered as a digital exhibition for the screens. Gaye asked why the Springvale Community Hub was required to close for a few days. CoGD advised that there was some glass and other required works to be undertaken by the builders on the Library Areas of the Hub. During the Library closure, Customer Service and the Community spaces of the hub remained in operation. Library service continued to have staff located in the hub of the foyer to satisfy patron requests for library items and run programs upstairs in the community rooms. The use of the hub remained quite busy during the works. The works were completed ahead of schedule. | CoGD | CoGD |
| 7. | City of Greater Dandenong 25th anniversary publication – project update CoGD advised that there has been a lot of positive | CoGD to provide copies of the | CoGD |

Draft Minutes of Arts Advisory Board Meeting -
2 March 2021

Draft Minutes of Arts Advisory Board Meeting -
Special Meeting on 21 May 2021

1. Report Summary

At the Council meeting held 23 April 2018, Council resolved in part to invite Advisory Committees and Reference Groups to submit meeting minutes for Council endorsement. This resolution also allowed interested Councillors (and those that attend these Committees and Reference Groups) to speak to the meeting about items discussed at these meetings.

2. Recommendation Summary

This report recommends that the draft Minutes of the Arts Advisory Board meeting provided in Attachments 1 and 2 to this report be noted and endorsed by Council.

4.2.2 Draft Minutes of Arts Advisory Board Meeting on 2 March 2021 and Special Meeting on 21 May 2021 (Cont.)

3. Background and Proposal

Greater Dandenong Council is represented on a wide range of Committees, Reference Groups and Advisory Groups which frequently reflect the interests of individual Councillors in serving the broader community in their role. A full listing of these appointments is confirmed each November at Council's Annual meeting to elect the Mayor and Deputy Mayor and is available via Council's website.

The resolution of Council made on 23 April 2018 provides for Minutes of meetings held by Advisory Committees and Reference Groups to be submitted to Council for information purposes, for noting and for endorsement (not adoption).

As such, the draft Minutes are provided as Attachments 1 and 2 to this report.

There are no financial implications associated with the development and submission of this report.

4. Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride – Best place best people*
- *Cultural Diversity – Model multicultural community*

Place

- *Sense of Place – One city many neighbourhoods*
- *Appearance of Places – Places and buildings*

Opportunity

- *Education, Learning and Information – Knowledge*
- *Jobs and Business Opportunities – Prosperous and affordable*
- *Tourism and visitors – Diverse and interesting experiences*
- *Leadership by the Council – The leading Council*

5. Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

4.2.2 Draft Minutes of Arts Advisory Board Meeting on 2 March 2021 and Special Meeting on 21 May 2021 (Cont.)

People

- *A vibrant, connected and safe community*
- *A creative city that respects and embraces diversity*

Place

- *A healthy, liveable and sustainable city*
- *A city planned for the future*

Opportunity

- *A diverse and growing economy*
- *An open and effective Council*

6. The Overarching Governance Principles of the Local Government Act 2020

Section 9 of the Local Government Act 2020 (LGA2020) states that a Council must in the performance of its role give effect to the overarching governance principles.

The establishment of the Arts Advisory Board and the work that it undertakes gives particular consideration to the following overarching governance principles:

- priority is given to achieving the best outcomes for the municipal community, including future generations (section 9(b) of the LGA2020);
- the municipal community is engaged in strategic planning and strategic decision making – many advisory committees and reference groups have community members as participants (section 9(d) of the LGA2020);
- innovation and continuous improvement is pursued (section 9(e) of the LGA2020);
- collaboration with other councils, governments and statutory bodies is sought – many advisory committees and reference groups have representatives attending from these organisations (section 9(f) of the LGA2020);
- the ongoing financial viability of Council is ensured (section 9(g) of the LGA2020);
- regional, state and national plans and policies are taken into account in strategic planning and decision making – diverse representation within these groups ensures this occurs (section 9(h) of the LGA2020); and
- the transparency of Council decisions, actions and information is ensured by this regular reporting mechanism (section 9(i) of the LGA2020).

7. Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Charter of Human Rights and Responsibilities have been considered in the preparation and are consistent with the standards set by the Charter.

4.2.2 Draft Minutes of Arts Advisory Board Meeting on 2 March 2021 and Special Meeting on 21 May 2021 (Cont.)

8. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the Gender Equality Act 2020 have been considered in the preparation of this report but are not relevant to its contents because it is a reporting mechanism only.

The report does not have the potential to influence broader social norms and gender roles nor does it benefit any one gender group over any other.

9. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the Local Government Act 2020 is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the Local Government Act 2020 in relation to the overarching governance principle on climate change and sustainability because it is purely administrative in nature and is a reporting mechanism only.

10. Recommendation

That Council notes the draft Minutes of meeting(s) for the Arts Advisory Board as provided in Attachments 1 and 2 to this report.

MINUTE 196

Moved by: Cr Rhonda Garad
Seconded by: Cr Jim Memeti

That Council notes the draft Minutes of meeting(s) for the Arts Advisory Board as provided in Attachments 1 and 2 to this report.

4.2.3 Community Support Grants Program

| | |
|----------------------|---|
| File Id: | A7750427 |
| Responsible Officer: | Director Community Services |
| Attachments: | Arts, Festivals and Events Grants - Round 1 Community Development Grants – Round 1 |

1. Report Summary

Council provides fit-for-purpose funding programs to support community-led responses to emerging needs and facilitate community inclusion, place activation and broad participation.

This report outlines the assessment of applications submitted to two grant categories under the 2021 Community Support Grants Program:

- Community Development Grants – Round 1
- Arts, Festivals and Events Grants – Round 1.

All applications have been checked for eligibility by Council Officers and assessed by an independent Community Grants Assessment Panel. The Panel recommendations are presented in this report.

2. Recommendation Summary

This report recommends that Council endorses the recommendations for Community Support Grants as outlined in the Attachments to this report.

4.2.3 Community Support Grants Program (Cont.)

3. Background and Discussion

The Community Support Grants Program policy contains two grant categories:

1. Arts, Festivals and Event Grants
2. Community Development Grants.

Under the program there are two funding rounds per annum. This report considers Round One applications.

3.1 Community Grants Assessment Panels

Community Grants Assessment Panels include councillors nominated at the Annual Statutory Meeting of 19 November 2020, community representatives who submitted expressions of interest for a two-year period on 15 March 2020, and Council officers with broad experience and diverse knowledge.

Panel members are governed by a Terms of Reference and a signed Code of Conduct. Each member completed an induction process and throughout the training and assessment process were supported by Council officers.

For each grant category eight individual panel members were tasked to complete an initial online assessment. These assessment scores were then consolidated and presented to a scheduled panel meeting for qualitative discussion and final recommendations.

3.2 Round One of the 2021 Community Support Grants

Round One of the 2021 Community Support Grants was opened online on 8 February and closed 15 March 2021.

The round was highly promoted via electronic and printed material, through Council networks and social media.

The Victorian Government declared a five-day circuit breaker lockdown on 12 February. Due to the snap lockdown requirements grant information and writing workshops were provided via online platforms after 12 February. Applicants also had the opportunity for remote support from officers, to assist them develop their grant applications.

3.3 Arts, Festivals and Events Grants

This grant category offers single year grants of up to \$10,000 to support projects that promote community connection, cross cultural exchange and appreciation of cultural diversity. Individual artists may apply for funding of up to \$5,000 for projects with high artistic merit that attract new audiences, are accessible and inclusive, and activate public spaces.

A total of 19 applications were submitted to the Arts, Festivals and Events category. One application was ruled ineligible.

This left a total of 18 applications to be assessed seeking total funding of \$113,573.

4.2.3 Community Support Grants Program (Cont.)

The Community Grants Assessment Panel members individually assessed applications online between 5 May – 24 May. The Panel convened on 25 May 2021 to qualitatively discuss the consolidated applications and make final recommendations. Following this it is recommended that nine applications be funded to a total amount of \$52,834.

A list of all applications recommended for funding through the Arts, Festivals and Events category is provided in Attachment One.

3.4 Community Development Grants

This grant category offers single year grants of up to \$10,000 to support projects that build community capacity, foster social inclusion, community harmony and participation.

A total of 46 applications were submitted to the Community Development category. Four applications were ruled ineligible and two applications were withdrawn by the applicants.

This left a total of 40 applications to be assessed seeking total funding of \$316,038.

The Community Grants Assessment Panel members individually assessed applications online between 5 May – 25 May. The Panel convened on 26 May to qualitatively discuss the consolidated applications and make final recommendations. Following this it is recommended that 24 applications be funded to a total amount of \$133,899.

A list of all applications recommended for funding through the Community Development category is provided in Attachment Two.

3.5 Support for Unsuccessful Applicants

All unsuccessful applicants will be contacted by officers and offered feedback and assistance to support them submit an application to the 2021 Community Support Grants Round Two.

This round is scheduled to open for applications on 5 July and close on 9 August 2021.

4. Proposal

It is proposed that Council endorse the recommendations as shown in Attachments 1 and 2 for funding through the following grant categories:

- Attachment 1 – Arts, Festivals and Events Grants - Round One
- Attachment 2 – Community Development Grants - Round One.

For the 2021 Arts, Festivals and Events Grant Round One there are nine applications recommended for funding as listed in Attachment One.

For the 2021 Community Development Grant Round One there are 24 applications recommended for funding as listed in Attachment One.

4.2.3 Community Support Grants Program (Cont.)

5. Financial Implications

The financial implications associated with this report involve a cost in the 2020/21 financial year of \$115,231 using remaining funds from the 2020/21 budget, and anticipated costs in 2021/22 financial year of \$71,502.

The 2021/22 annual budget allocation is \$269,088. This leaves an anticipated \$197,586 for Round Two of the Community Support Grants Program, scheduled to open for applications on 5 July and close on 9 August 2021.

6. Consultation

During the assessment process Council Officers consulted with staff from across the organisation to seek information and advice regarding the merits of all funding applications.

Officers conducted extensive eligibility checks of applications including compliance documentation, financial reports, past grants acquittal history and other matters where relevant.

All eligible applications were assessed by Community Grants Assessment Panels. Panels included councillors nominated at the Annual Statutory Meeting of 19 November 2020, community representatives who submitted expressions of interest, and council officers with broad experience and diverse knowledge.

Community Grants Assessment Panels' recommendation of all eligible applications are presented for endorsement.

7. Community Plan 'Imagine 2030' and Council Plan 2017-21 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

People

- *Pride* – Best place best people
- *Cultural Diversity* – Model multicultural community
- *Outdoor Activity and Sports* – Recreation for everyone
- *Lifecycle and Social Support* – The generations supported

Place

- *Sense of Place* – One city many neighbourhoods
- *Safety in Streets and Places* – Feeling and being safe
- *Travel and Transport* – Easy to get around

4.2.3 Community Support Grants Program (Cont.)

Opportunity

- *Education, Learning and Information – Knowledge*
- *Tourism and visitors – Diverse and interesting experiences*
- *Leadership by the Council – The leading Council*

8. Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

People

- *A vibrant, connected and safe community*
- *A creative city that respects and embraces diversity*

Place

- *A healthy, liveable and sustainable city*

Opportunity

- *An open and effective Council*

9. The Overarching Governance Principles of the *Local Government Act 2020*

Section 9 of the *Local Government Act 2020* states that a Council must in the performance of its role give effect to the overarching governance principles.

[Local Government Act 2020](#)

Applications to both categories of the Community Support Grants were assessed by an independent Community Grants Assessment Panel including councillors nominated at the Annual Statutory Meeting of 19 November 2020, community representatives and council officers with broad experience and diverse knowledge.

Panel members assess grants against specific criteria for each category listed in the grant guidelines to ensure grants align with Council's Community Vision and Council Plan. Qualitative discussion of applications ensured that Council funds are used prudently to deliver responsive and good value for the community.

These processes ensure that grants are assessed in compliance with overarching governance principles of the *Local Government Act 2020*.

10. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

4.2.3 Community Support Grants Program (Cont.)

The *Charter of Human Rights and Responsibilities Act 2006* has been considered in the preparation of this report but is not relevant to its contents.

11. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

The Community Support Grants Program aims to promote access and inclusion of individuals or groups that may experience exclusion, including because of their gender. To deliver this outcome gender equality and promoting diversity, access and equity is embedded in every stage of the program.

The Grant guidelines identify the key aims of the program and advise that applications that directly cater for sections of the community at increased risk of exclusion.

The grant application directly asks applicants to advise if the project will include people of all genders, cultural backgrounds and abilities in their project, and if so how?

The grant assessment criteria explicitly includes criteria on whether the application specifically targets groups who may be at risk of experiencing exclusion.

Grant Assessment Panels are formed with an aim to represent the diversity of the community. Panels for this round included a majority of women.

12. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

The Community Support Grants explicitly encourage submission of applications that achieve environmental and sustainability outcomes.

13. Related Council Policies, Strategies or Frameworks

The strategies and plans that contribute to the grant recommendations in this report include:

- Council Plan 2017-21
- Community Wellbeing Plan 2017-21
- Imagine 2030 Community Plan
- Children's Plan 2015-19

4.2.3 Community Support Grants Program (Cont.)

- Disability Policy 2017-21 and Action Plan
- Community Safety Plan 2015-22
- Greater Dandenong People Seeking Asylum and Refugee Action Plan 2018-21
- Make Your Move Physical Activity Strategy 2020-2030
- Reconciliation Action Plan 2017-19
- Youth Strategy 2016-19.

The related Council policies that contribute to the grant recommendations in this report include:

- Community Support Grants Program Policy
- Community Engagement Policy and Framework 2018-22
- Diversity, Access and Equity Policy 2015-19.

14. Conclusion

This report contains the recommendations for funding of the Community Support Grants Program - Round One.

These recommendations are presented to Council for endorsement.

15. Recommendation

That Council endorses the recommendations as detailed in:

1. **Arts, Festivals and Events Grants - Round One as provided in Attachment 1 to this report.**
2. **Community Development Grants - Round One as provided in Attachment 2 to this report.**

MINUTE 197

4.2.4 Report on Matters Discussed at Councillor Briefing Sessions & Pre-Council Meetings - 24 & 31 May & 7 June 2021

file Id: fA25545
Responsible Officer: Manager Governance

1. Report Summary

As part of Council's ongoing efforts to improve transparency in Council processes, matters discussed at Councillor Briefing Sessions & Pre-Council Meetings (other than those matters designated to be of a confidential nature) are reported on at Council meetings.

The matters listed in this report were presented to Councillor Briefing Sessions & Pre-Council Meetings in May & June 2021.

2. Recommendation Summary

This report recommends that the information contained within it be received and noted.

4.2.4 Report on Matters Discussed at Councillor Briefing Sessions & Pre-Council Meetings - 24 & 31 May & 7 June 2021 (Cont.)

3. Background

The Executive Management Team and associated staff at Greater Dandenong City Council host Councillor Briefing Sessions and Pre-Council Meeting on a regular basis (weekly) to inform Councillors about the work officers are undertaking, share information, obtain feedback and discuss strategies and options for current and future work.

To ensure transparency in this process matters discussed at Councillor Briefing Sessions and Pre-Council Meetings (other than those matters designated to be confidential under the *Local Government Act 2020*) are reported on at Council meetings. This report represents matters discussed at the Councillor Briefing Sessions & Pre-Council Meetings in May and June 2021.

4. Matters Presented for Discussion

| Item | | Councillor Briefing Session/Pre-Council Meeting |
|------|---|---|
| 1 | <p>General Discussion</p> <p>Councillors and Council officers briefly discussed the following items:</p> <ul style="list-style-type: none">a) Summary of Forever Fest event.b) Agenda items for the Council Meeting of 24 May 2021. | 24 May 2021 |
| 2 | <p>South East Leisure Pty Ltd – Management Services Agreement & Constitution</p> <p>Councillors were briefed on the key features of the proposed company Constitution and the Management Services Agreement. | 5 | <i>Notice of Motion No. 3 – Impact of COVID-19 on Mental Health in Greater Dandenong</i> Councillors were provided with proposed recommendations to support mental health throughout Greater Dandenong. A further report on this matter will be tabled at a future Council Meeting. | <i>7 June 2021</i> |
| 6 | <i>Language and Communication; Diversity, Access and Equity Policies; Community Development and Community Hubs Framework Reviews</i> Councillor feedback was sought on these revised draft documents prior to the final Council report to endorse the policy and frameworks scheduled for 12 July 2021. | <i>7 June 2021</i> |
| 7 | <i>General Discussion</i> Councillors and Council officers briefly discussed the following items: a) Public submissions for the 2021-22 Budget and Rating Plan. b) The 'Bed Down' project. c) An update on the anticipated replacement of bus shelters within the municipality. d) Agenda items for the Council Meeting of 15 June 2021. | <i>7 June 2021</i> |

5. Apologies

- Cr Loi Truong submitted an apology for the Councillor Briefing Session on 7 June 2021.

4.2.4 Report on Matters Discussed at Councillor Briefing Sessions & Pre-Council Meetings - 24 & 31 May & 7 June 2021 (Cont.)

6. Community Plan 'Imagine 2030' and Council Plan 2017-2021 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

Opportunity

- *Education, Learning and Information – Knowledge*
- *Leadership by the Council - The leading Council.*

Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

Opportunity

- *An open and effective Council.*

7. The Overarching Governance Principles of the *Local Government Act 2020*

Section 9 of the *Local Government Act 2020* (LGA2020) states that a Council must in the performance of its role give effect to the overarching governance principles.

Reporting on matters discussed at Councillor Briefing Sessions and Pre-Council Meetings gives effect to the overarching governance principles (in particular, section 9(i) of the *Local Government Act 2020*) in that the transparency of Council actions and information is ensured.

8. Victorian Charter of Human Rights and Responsibilities

All matters relevant to the Victorian Charter of Human Rights and Responsibilities have been considered in the preparation and are consistent with the standards set by the Charter.

9. The *Gender Equality Act 2020*

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

4.2.4 Report on Matters Discussed at Councillor Briefing Sessions & Pre-Council Meetings - 24 & 31 May & 7 June 2021 (Cont.)

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents because it is a reporting mechanism only. The report does not have the potential to influence broader social norms and gender roles nor does it benefit any one gender group over any other.

10. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability because it is purely administrative in nature and is a reporting mechanism only.

4.2.6 Road Management Plan Review

| | |
|----------------------|---|
| File Id: | A7792828 |
| Responsible Officer: | Director Business, Engineering & Major Projects |
| Attachments: | Greater Dandenong Road Management Plan Road Management Plan Amendments |

1. Report Summary

The matters provided in this report were presented to the Councillor Briefing Session on 24 May 2021. It relates to the review of the Greater Dandenong Road Management Plan that is to be undertaken in accordance with the Road Management Act 2004 and Road Management (General) Regulations 2016.

2. Recommendation Summary

This report recommends that Council:

1. receives and notes the information contained within this report;
 2. publishes a notice in accordance with the Road Management (General) Regulations 2016, advising the community that the City of Greater Dandenong *Road Management Plan* (the "RMP") [see Attachment 1 (One)] has been reviewed, and that no substantive changes are being made to it; and
- (3) amends the RMP in accordance with edits as detailed in Attachment 2 (Two).

4.2.6 Road Management Plan Review (Cont.)

3. Background

Under section 54(5) of the *Road Management Act 2004* (the "RMA"), Council, in its capacity as a road authority, must *"in accordance with the regulations conduct a review of its road management plan at prescribed intervals."*

Under regulation 8(3) of the *Road Management (General) Regulations 2016* (the "Regulations"), a new incoming Council must review its road management plan within the period of 6 months after each general election or by the next 30 June, whichever is later. Council, therefore, has until **30 June 2021** to complete the review of its RMP.

In relation to the review requirements, the following regulations are relevant.

First, Regulation 9 provides:

3.1: 9 Conduct a review of road management plan

(1) In conducting a review of its road management plan, a road authority must ensure that the standards in relation to, and the priorities to be given to, the inspection, maintenance and repair of the roads and classes of road to which the plan applies are appropriate.

(2) After a road authority has completed a review of its road management plan, it must:

(a) produce a written report summarising the findings and conclusions of the review; and

(b) make the report available for copying or inspection:

(i) at the place where the road management plan may be inspected or obtained in accordance with section 55(1)(b) of the Act; or

(ii) on an Internet site maintained by the road authority.

(3) If a road authority has completed a review of its road management plan and decides that it will not amend its road management plan or that that it will amend its road management plan in a manner that does not require notice to be given under regulation 10, the road authority must give notice stating:

(a) that the road authority has completed the review of its road management plan; and

(b) that the road authority has decided that it will not amend its road management plan or that it will amend its road management plan in a manner that does not require notice to be given under regulation 10 (as the case may be); and

(c) where any relevant written report produced in accordance with sub-regulation (2) may be inspected or obtained; and

4.2.6 Road Management Plan Review (Cont.)

(d) if the road authority decides that it will amend its road management plan in a manner that does not require notice to be given under regulation 10, that it is a requirement under regulation 13(3) that the road authority record on the plan:

- (i) the substance of the amendment; and*
- (ii) the date of effect of the amendment.*

(4) A notice under sub-regulation (3) must be published in the Government Gazette and in a newspaper generally circulating in the area in which the roads to which the road management plan applies are situated.

Second, Regulation 10 provides:

3.2: 10 Procedure for certain amendments to road management plans

(1) Subject to regulation 11, if a road authority proposes to amend a road management plan and the amendment relates to the determination of a standard of construction, inspection, maintenance or repair under section 41 of the Act, the road authority must give a notice:

- (a) stating or describing the purpose and general purport of the proposed amendment; and*
- (b) stating or describing the roads, roadways, pathways, road infrastructure or road-related infrastructure or classes of roads, roadways, pathways, road infrastructure or road-related infrastructure affected by the proposed amendment; and*
- (c) stating where a copy of the proposed amendment may be obtained or inspected; and*
- (d) stating where any relevant written report produced in accordance with regulation 9(2) may be inspected or obtained; and*
- (e) stating that any person who is aggrieved by the proposed amendment may make a submission on the proposed amendment to the road authority within the period specified in the notice, being not less than 28 days after the date on which the notice is published in the Government Gazette.*

(2) A notice under this regulation:

- (a) must be published in the Government Gazette and in a daily newspaper generally circulating in the area in which the roads, roadways, pathways, road infrastructure or road-related infrastructure or classes of road, roadway, pathway, road infrastructure or road-related infrastructure to which the road management plan applies are situated; and*
- (b) may be given by the road authority to any person who the road authority believes may be affected by the proposed amendment.*

Regulation 10 is not relevant to the amendments Council is making.

4.2.6 Road Management Plan Review (Cont.)

Third, Regulation 11 provides:

3.3: 11 When notice of proposed amendment is not required

(1) A road authority is not required to give notice under regulation 10 if the Chief Executive Officer (however described) of the road authority certifies in writing that the proposed amendment to the road management plan results in the determination under section 41 of the Act of a standard that is higher than a relevant standard previously determined under section 41 of that Act.

Example: The Chief Executive Officer may give a certification if the proposed amendment to the road management plan results in the determination of a standard that:

- *would provide for more frequent inspection or maintenance of a road; or*
- *would decrease the period of time within which defects are to be repaired.*

(2) A road authority is not required to give notice under regulation 10 if the Chief Executive Officer (however described) of the road authority certifies in writing that the proposed amendment to the road management plan results in the determination under section 41 of the Act of a standard and the determination of the standard only relates to:

- (i) a road or part of a road for which the road authority has become the coordinating road authority; or*
- (ii) a road or part of a road for which the road authority is the coordinating road authority that has become a public road:*

since the relevant road management plan was made or since that plan was last reviewed in accordance with section 54(5) of the Act and these Regulations.

Example: The Chief Executive Officer of a coordinating road authority may give a certification if the proposed amendment to the road management plan results in a determination of a standard for:

- *a road in a new subdivision that has been constructed since the authority's road management plan was made or last reviewed; or*
- *a road for which the road authority has become the coordinating road authority because of a reclassification of that road under section 14 of the Act that occurred since the authority's road management plan was made or last reviewed; or*
- *an existing road that has become a public road by registration under section 17(3) of the Act since the authority's road management plan was made or last reviewed.*

(3) A road authority is not required to give notice under regulation 10 if the Chief Executive Officer (however described) of the road authority certifies in writing that the proposed amendment to the road management plan relates to the determination under section 41 of the Act of a standard and the proposed amendment only deals with changes to administrative procedures or responsibilities of a road authority or is of a fundamentally declaratory or machinery nature.

4.2.6 Road Management Plan Review (Cont.)

Example: The Chief Executive Officer may give a certification if the proposed amendment to the road management plan is required because of:

- *the name of a road changing; or*
- *the road authority ceasing to be the coordinating road authority in respect of a road; or*
- *a road being discontinued; or*
- *a road ceasing to be a public road.*

Regulation 11 is not relevant to the amendments Council is making.

4. Discussion and Options (optional)

Road Management Authority Responsibility

As a road management authority under the Road Management Act 2004 (the “Act”), Council is responsible for carrying out the management functions on local roads within the City of Greater Dandenong. This excludes the management of VicRoads arterial roads and freeways, as well as private roads such as EastLink.

Appropriate Standards

Under the Act, a road authority shall carry out its road management functions based on policy and operational objectives. The Act requires Council to set appropriate standards for the discharge of its road management duties based on available resources. It also requires Council to monitor its performance in delivering these functions.

Review Obligation

The making of a road management plan by a road authority such as Council is voluntary, and as such Council can decide not to have one. However, a road authority that has made a road management plan must review it in accordance with the regulations prescribed by the Road Management Act 2004.

Council’s RMP has been in effect since it was adopted and endorsed by Council on 29 August 2018. It is an important part of Council’s *system* of strategies, policies and other documents that set out objectives and relevant standards in relation to its road management duties. That system includes details of the management practices that Council implements to inspect, maintain and repair public roads and ancillary areas for which it is the coordinating road authority or the responsible road authority.

The system specifies priorities adopted by Council after due consideration of available resources. It also includes any matters that relevant Codes of Practice (as provided for under the Act) specifies. The Act specifically provides for the *Code of Practice No. S 201 Road Management Plans*.

4.2.6 Road Management Plan Review (Cont.)

The current RMP relates to a fraction of the road management activities that Council undertakes and has been specifically implemented to manage road *hazards*. Critically, the RMP establishes a framework to manage:

- Hazards and intervention levels
- Proactive inspection programs
- Reactive inspections
- Short-term action timeframes.

Most of Council's other road management activities are covered by the separate and distinct **Road Asset Management Plan** (the "RAMP"). The RAMP establishes a framework for (inter alia):

- Renewal of assets approaching end of service life (depreciating assets)
- Condition of assets including inspection and rating
- Maintenance programs (preventative, condition response, performance reduction responses).

Hazards are described within the RMP, which set out intervention levels for each hazard and the maximum timeframe for addressing a hazard once it comes to Council's attention. The intervention level is essentially the point at which Council determines a hazard cannot be tolerated and must therefore be rectified.

The RMP establishes proactive inspection frequencies for each category of road in Council's road hierarchy.

Reactive inspections are initiated by the community and result in short terms actions as set out in the RMP.

Inter-departmental Review

A review body comprising officers representing the following Council business units was established to review the RMP:

- Regulatory Services
- Conservation & Horticultural Services
- Asset Data & GIS
- Asset Management
- Civil Projects
- Civil Development & Asset Protection
- Transport
- Works, Fleet & Cleansing
- Risk Management & OHS.

4.2.6 Road Management Plan Review (Cont.)

5. Proposal

The inter-departmental review body has examined the RMP and concluded that the standards in relation to, and the priorities to be given to, the inspection, maintenance and repair of the roads and classes of road to which the RMP applies have served Council and the Greater Dandenong community satisfactorily and are considered appropriate without needing to be changed.

However, the review body further determined to recommend to Council that a number of edits to the language and arrangement of the RMP be made. These edits are considered to constitute a non-substantive amendment to the RMP and are proposed to give greater clarity to the effect of the RMP. These edits are detailed in Attachment 2.

6. Financial Implications

There are no financial implications associated with this report.

7. Consultation

The amendment of the RMP as proposed under this report are subject to Regulation 9, as detailed above, such that Council will amend its road management plan in a manner that does not require notice to be given under regulation 10. As such, Council must give notice stating:

- (a) that it has completed the review of its road management plan; and
- (b) that it has decided that it will amend its road management plan in a manner that does not require notice to be given under regulation 10; and
- (c) where any relevant written report produced in accordance with sub-regulation (2) may be inspected or obtained; and
- (d) if Council decides that it will amend its road management plan in a manner that does not require notice to be given under regulation 10, that it is a requirement under regulation 13(3) that the road authority record on the plan:
 - (i) the substance of the amendment; and
 - (ii) the date of effect of the amendment.

A notice under sub-regulation (3) must be published in the Government Gazette and in a newspaper generally circulating in the area in which the roads to which the road management plan applies are situated.

4.2.6 Road Management Plan Review (Cont.)

8. Community Plan 'Imagine 2030' and Council Plan 2017-21 – Strategic Objectives, Strategies and Plans

After consultation with the Greater Dandenong community on what kind of future they wanted to see for themselves and the City in 2030, the result was the Greater Dandenong Community Plan 'Imagine 2030'. This report is consistent with the following community visions:

Community Plan 'Imagine 2030'

Place

- *Sense of Place – One city many neighbourhoods*
- *Safety in Streets and Places – Feeling and being safe*
- *Appearance of Places – Places and buildings*
- *Travel and Transport – Easy to get around*

9. Council Plan 2017-21

The Council Plan describes the kind of future the Council is working for, and how Council will do this over four years. This report is consistent with the following goals:

Place

- *A healthy, liveable and sustainable city*
- *A city planned for the future*

10. The Overarching Governance Principles of the *Local Government Act 2020*

Section 9 of the *Local Government Act 2020* states that a Council must in the performance of its role give effect to the overarching governance principles.

These are:

- a. Council decisions are to be made and actions taken in accordance with the relevant law;
- b. priority is to be given to achieving the best outcomes for the municipal community, including future generations;
- c. the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted;
- d. the municipal community is to be engaged in strategic planning and strategic decision making;
- e. innovation and continuous improvement is to be pursued;
- f. collaboration with other Councils and Governments and statutory bodies is to be sought;
- g. the ongoing financial viability of the Council is to be ensured;
- h. regional, state and national plans and policies are to be taken into account in strategic planning and decision making;
- i. the transparency of Council decisions, actions and information is to be ensured.

4.2.6 Road Management Plan Review (Cont.)

Also, in giving effect to the overarching governance principles above, a Council must take into account the following supporting principles:

- a. the community engagement principles (section 56);
- b. the public transparency principles (section 58);
- c. the strategic planning principles (section 89);
- d. the financial management principles (section 101);
- e. the service performance principles (section 106).

All of the above principles are elaborated on within the *Local Government Act 2020* which can be found at the following link:

[Local Government Act 2020](#)

Under regulation 8(3) of the *Road Management (General) Regulations 2016 (Regulations)*, a new incoming Council must review its road management plan during the same period as it is preparing its Council Plan under the **Local Government Act 1989**. Section 125(1) of that Act requires Council to prepare a Council Plan within the period of 6 months after each general election or by the next 30 June, whichever is later, which in our present circumstances is 30 June this year.

11. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

The Charter is founded on the following principles:

- human rights are essential in a democratic and inclusive society that respects the rule of law, human dignity, equality and freedom;
- human rights belong to all people without discrimination, and the diversity of the people of Victoria enhances our community;
- human rights come with responsibilities and must be exercised in a way that respects the human rights of others;
- human rights have a special importance for the Aboriginal people of Victoria, as descendants of Australia's first people, with their diverse spiritual, social, cultural and economic relationship with their traditional lands and waters.

The *Charter of Human Rights and Responsibilities Act 2006* has been considered in the preparation of this report but is not relevant to its contents. The RMP Review is essentially administrative and does not have the potential to influence human rights and responsibilities.

4.2.6 Road Management Plan Review (Cont.)

12. The Gender Equality Act 2020

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents because the content/topic/issue (of this report) is purely administrative in nature and does not benefit any one gender group over any other.

13. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability because it is purely administrative in nature.

14. Related Council Policies, Strategies or Frameworks

Council's Road Management Plan forms part of a system containing road management policies, procedures and practices led by Council's *Road Asset Management Plan* (the "RAMP"). The RAMP establishes a framework for (inter alia):

- Renewal of assets approaching end of service life (depreciating assets)
- Condition of assets including inspection and rating
- Maintenance programs (preventative, condition response, performance reduction responses).

15. Recommendation

That:

1. the information contained in this report be received and noted;
2. that road management plan be amended in accordance with edits detailed in Attachment 2;

4.2.6 Road Management Plan Review (Cont.)

3. with the amendment as detailed in Attachment 2 being in a manner that does not require notice to be given under regulation 10, that it be recorded on the RMP:
 - 1.1.1. the substance of the amendment; and
 - 1.1.2. the date of effect of the amendment; and

4. a notice under sub-regulation (3) of the Road Management (General) Regulations be published in the Government Gazette, on Council's website and in a newspaper generally circulating in the area in which the roads to which the road management plan applies are situated.

MINUTE 200

Moved by: Cr Rhonda Garad
Seconded by: Cr Eden Foster

That:

1. the information contained in this report be received and noted;

2. that road management plan be amended in accordance with edits detailed in Attachment 2;

City of Greater Dandenong Road Management Plan

The City of Greater Dandenong manages, in accordance with this Road Management Plan (**Road Management Plan** or **RMP**), the roads (including any ancillary areas) for which it has responsibility pursuant to the Road Management Act 2004 (**Road Management Act** or **Act** or **RMA**).

Council's responsibility under the Act also extends to the management of roads, such as service roads and dedicated parking lanes alongside declared arterial roads, for which the Council is also the responsible road authority.

The City of Greater Dandenong's *'Register of Public Roads'* (available at Council's offices during normal working hours) provides additional details of each of the roads for which Council is responsible, however, the Register is not an 'incorporated document' in this Road Management Plan.

This Road Management Plan also includes the following:

- City of Greater Dandenong's *'Road Management System'*, which sets out details of the management system to be implemented by Council in the discharge of its duty to inspect, maintain and repair public roads pursuant to the *Road Management Act 2004*

- (As 'incorporated documents' in this Road Management Plan), Council's Road Hazard Intervention Standards, which are the standards (dealing with intervention levels and response timelines) in accordance with which Council will perform its road management functions (**Appendix 1** to this Road Management Plan (and being **Tables 1, 2 and 3** respectively)).

The City of Greater Dandenong's Road Management Plan has been prepared in accordance with Division 5 of Part 4 of the *Road Management Act 2004*.

Council appreciates information from the public regarding any road or traffic hazards. The 24 hour contact phone number is 03 8571 1000.

Notwithstanding that this Road Management Plan is a publicly available document, any queries in relation to or requests to view this Road Management Plan should be directed to:

Manager Infrastructure Services and Planning
225 Lonsdale Street
DANDENONG VIC 3175

Further information is also available on Council's website at greaterdandenong.com

4.2.6 Road Management Plan Review (Cont.)

Glossary of Terms

Unless the context or subject matter requires otherwise, the following terms in this road management plan have the following meanings:

| Term | Definition |
|---|---|
| Arterial roads | Freeways, highways & declared main roads which are managed by the State Government through VicRoads. |
| Code of Practice | Code of Practice for Road Management Plans (13 September 2004). Supporting document to the legislation, which provides practical guidance to a road authority in the making of a RMP. |
| Consent applications | Applications made by other road authorities, private contractor and utilities companies to perform works on Council-managed roads. |
| 'Exceptional Circumstances' clause | A clause included in the RMP that describes the conditions under which a Council can suspend its maintenance and inspection responsibilities under the RMP due to the occurrence of events outside their control. The 'Exceptional Circumstances' clause also details the process for reinstating the RMP. |
| Hazard/defect description | Refers to a change to the road or footpath surface that introduces a hazard to public safety. Common terminology includes: pothole, lift, shove, lip, crazing, depression, etc. |
| Infrastructure and works managers | Staff of road authorities that are responsible for the management and maintenance and hazard response of roads as determined by the classification system within the Road Management Act 2004 and as contained in the Roads Register. |
| Intervention level | The size of a defect at which the road authority has determined that the defect will be rectified. |
| Level of Service | Describes the outputs or objectives an organisation or activity intends to deliver to its customers. |
| Municipal roads | Roads for which Council is the responsible road authority. |
| Non-road infrastructure | Includes infrastructure in, on, under, or over a road, which is not road infrastructure. The RMA provides examples of non-road infrastructure that includes: gas pipes, water and sewerage pipes, cables, electricity poles, bus shelters, rail infrastructure, public telephones, mail boxes, road side furniture and fences erected by utilities or providers of public transport. |
| Other roads | Include roads in State reserves, and roads on private property. Council is not responsible for the care and maintenance of these roads. |
| Path or pathway | The definition of pathway provided in the RMA captures both 'footpaths' and 'shared pathways' as outlined below: It includes a footpath, bicycle path or other area constructed or developed by a responsible road authority for use by members of the public other than with a motor vehicle but does not include any path: (a) which has not been constructed by a responsible road authority; or (b) which connects to other land. |
| Proactive Condition inspections (Mode 3) | Inspections conducted to assess the life of the road and footpath network and to prioritise major works. |
| Proactive inspections (Mode 1) | Inspections performed as part of a scheduled program, according to the classification of roads, which is based on the road classification, volume of traffic etc., for the purpose of identifying defects above intervention and to provide a record that the road has been inspected |

4.2.6 Road Management Plan Review (Cont.)

Glossary of Terms

| Term | Definition |
|--------------------------------------|---|
| Public Road Register | List of roads within a municipality that a council is responsible for. Council is required to keep a register under s.19 of the RMA. |
| Reactive inspections (Mode 2) | Inspections performed in response to a customer request or notification about the condition of the road, in order to assess whether the road contains a RMP hazard that has reached the relevant intervention level. |
| Responsible road authority | The organisation responsible for the management of the road, as determined under s.37 of the RMA. |
| Road | Includes a street; right of way; cul de sac; by-pass; bridge or ford; footpath; bicycle path or other land or works forming part of the road. |
| Road infrastructure | The infrastructure which forms part of a roadway, pathway or shoulder, including: <ul style="list-style-type: none"> Structures forming part of the roadway, pathway or shoulder; and the road-related infrastructure; Materials from which a roadway, pathway or shoulder is made; such as asphalt, bitumen, gravel, lane markers and lines. |
| Road Management Act (RMA) | Road Management Act 2004 (Vic) The Act provides a statutory framework for the management of the road network in Victoria. |
| Road Management Plan (RMP) | A policy document developed by a Council to assist in the management of its road-related duties and responsibilities, as defined in the RMA. |
| Road related infrastructure | Infrastructure which is installed by the relevant road authority for road related purposes to — <ul style="list-style-type: none"> Facilitate the operation or use of the roadway or pathway; or Support or protect the roadway or pathway. Examples: Traffic islands, traffic management signage, traffic control sign, traffic light, kerb and channel, a bridge, culvert or ford, road drain or embankment, a noise wall, gate, post or board installed on the road reserve. |
| Road reserve | All of the area of land that is within the boundaries of a road. |
| Roadside | Any land that is within the boundaries of a road (other than the shoulders of the road) which is not a roadway or a pathway and includes the land on which any vehicle crossing or pathway which connects from a roadway or pathway on a road to other land has been constructed. |
| Timelines | In determining timelines, the City takes into consideration factors including finances and resources available. Timelines are goals only where the City endeavours to achieve such timelines "as soon as reasonably practicable" thereafter. |

4.2.6 Road Management Plan Review (Cont.)

1.0 Introduction

1.1 Background

This Road Management Plan is a policy document of the Council which:

- describes the public road assets and the road and road-related infrastructure within road reserves for which Council is responsible
- outlines Council's road management system, sets intervention levels, inspection and response standards and maintenance and repair standards and
- sets out the review, audit and amendment processes the Council will implement to ensure that its responsibilities under the *Road Management Act 2004* are met in a timely and efficient manner.

Council, as a road authority (and as a defence to any proceedings for damages against Council resulting from the performance or non-performance of a road management function in respect of a public road) is entitled to rely on and prove a defence that Council had *taken such care as in all the circumstances was reasonably required to ensure that the relevant part of a public road was not dangerous for traffic (defence)*.

For the purposes of the defence, Council may rely on a policy which is reasonably based, and which has otherwise been complied with. This Road Management Plan is, and comprises, that policy.

The implementation and management of this Road Management Plan is otherwise, and separately, consistent with Council's various other strategic and corporate plans and policies.

However and notwithstanding Council's other strategic and corporate plans and policies, this Road Management Plan is and at all times remains a *stand-alone and all-encompassing policy document of Council* (for the inspection, repair and maintenance of public roads, paths and road and road-related infrastructure within the municipality of the City of Greater Dandenong) and *without recourse to any other policy, practice, or procedure of Council in relation to the performance or non-performance of Council's public road, path and road infrastructure management functions*.

If, and to the extent, any other policy, practice or procedure of Council:

- requires (or purports to require) any act, matter or thing to be done by or on behalf of the Council in relation to the performance or non-performance of Council's public road, path and road infrastructure management functions and
- adopts (or purports to adopt) a standard which is or may be in conflict, or inconsistent, with the standards specified in, and by, this Road Management Plan (**other standards**)

the standards specified by this Road Management Plan prevail over the other standards to the extent of such conflict or inconsistency, and the other standards are of no force or effect.

This Road Management Plan (in relation to the construction, inspection, maintenance and repair of those public roads within the municipal district of the City of Greater Dandenong for which Council is the responsible road authority (including in relation to suitable prioritisations for the maintenance and repair of road infrastructure on public roads)) is a *policy document of the Council and is based substantially on financial, economic, political, social or environmental considerations*.

Council formally records that the funding which it has provided to implement this Road Management Plan has been substantially influenced by (and the Council has expressly taken into account) *budgetary allocations and the constraints which they entail in terms of the allocation of Council resources*.

The City has a substantial network of variously classified roads and the following infrastructure may be impacted by the requirements of the Act:

- 669km of sealed roads
- 8km of unsealed roads
- 1,136km of paths

Note: these figures are accurate as at 30 June 2016.

The City's financial resources available to assist it to meet compliance with the *Road Management Act* and this Road Management Plan are approximately \$5.4M per annum (based on the 2016-17 financial year), although these figures are subject to change annually.

4.2.6 Road Management Plan Review (Cont.)

1.0 Introduction

1.2 Purpose

In accordance with section 50 of the *Road Management Act 2004*, the purpose of this Plan is to:

- establish a management system for the road management functions of the Council which is based on policy and operational objectives and available resources and
- specify the relevant standards in relation to the discharge of duties in the performance of those road management functions.

This Road Management Plan sets out the management system that Council proposes to implement in the discharge of its statutory duty to inspect, maintain and repair public roads for which Council is responsible.

This Plan also reflects the 'local government charter' and the purposes and objectives of Council as specified under sections 3A and 3C of the *Local Government Act 1989*. Other legislation which also relates to this Plan includes the *Road Safety Act 1986* and the *Transport Act 1983*.

With respect to the discharge by Council of its duties under the *Road Management Act 2004*, and otherwise in accordance with this Road Management Plan, Council records that it considers, for the purposes of section 39 of the Act, it has adopted and made a *reasonable policy decision in relation to the management of public roads in the municipal district (policy decision)*.

Council considers that the policy decision is otherwise one which accords to the requirements of section 103(b) of the Act, which relevantly provides that:

“for the purposes of any proceeding ... an act or omission which is in accordance with a policy determined by the relevant road authority under section 39 does not constitute a wrongful exercise or failure unless the policy is so unreasonable that no road authority in the road authority's position acting reasonably could have made that policy.”

1.3 Key stakeholders

In preparing this Road Management Plan, Council has considered the interests of key stakeholder groups in the community (as both users of the road network and affected by the network) including:

- the community in general (for recreation, sport, leisure, education and business)
- residents and businesses adjoining the road network
- pedestrians
- users of a range of miscellaneous smaller, lightweight vehicles such as bicycles, motorised buggies, wheelchairs and prams
- vehicle users using motorised vehicles such as trucks, buses, commercial vehicles, cars and motor cycles
- tourists and visitors to the area
- utilities as described in section 3 of the *Road Management Act 2004*
- school, bus and public transport operators
- emergency agencies including the Police, Fire Brigade, Ambulance & the Vic SES
- Council as the responsible road authority
- State and Federal Government that periodically provide support funding to assist with management of the network; and
- Parks Victoria.

1.4 Public Roads Register

The Register of Public Roads (which determines the public roads which Council must inspect, maintain and repair) must include:

- the name of each public road
- the date on which the road became a public road
- if a public road ceases to be a public road, the date on which the road ceased to be a public road
- the classification, if any, of the public road
- the reference to any plan or instrument that fixes or varies the boundaries of a public road
- any ancillary areas and
- a reference to any arrangement under which road management functions are transferred to or from another road authority.

4.2.6 Road Management Plan Review (Cont.)

1.5 Obligations of road users

All road users have separate obligations with respect to their use of a road which is set out in section 17A of the *Road Safety Act 1986* as follows:

- (1) A person who drives a motor vehicle on a highway must drive in a safe manner having regard to all the relevant factors including (without limiting the generality) the:
 - (a) physical characteristics of the road
 - (b) prevailing weather conditions
 - (c) level of visibility
 - (d) condition of the motor vehicle
 - (e) prevailing traffic conditions
 - (f) relevant road laws and advisory signs
 - (g) physical and mental condition of driver.
- (2) A road user other than a person driving a motor vehicle must use a highway in a safe manner having regard to all the relevant factors.
- (3) A road user must:
 - (a) have regard to the rights of other road users and take reasonable care to avoid any conduct that may endanger the safety or welfare of other road users
 - (b) have regard to the rights of the community and infrastructure managers in relation to road infrastructure and non-road infrastructure on the road reserve and take reasonable care to avoid any conduct that may damage road infrastructure and non-road infrastructure on the road reserve
 - (c) have regard to the rights of the community in relation to the road reserve and take reasonable action to avoid conduct that may harm the environment of the road reserve.

In addition, Council's *Local Law No. 3 of 4, 2011 Road Management and Asset Protection* regulates activity in or on a road reserve. Specifically, the local law seeks (with appropriate requirements and penalties) to:

- prevent accidents and damage by regulating the growing of vegetation on land
- provide for the naming of roads and display of property numbers
- prevent the leaving of shopping trolleys in public places
- regulate the placing of signs and goods on roads
- regulate street trading
- regulate street collecting
- regulate busking on roads and in public places

- regulate soliciting trade on roads and in public places
- regulate the use of toy vehicles
- regulate the establishment of outdoor eating facilities, including sale or consumption of alcohol
- regulate the repair of vehicles and prohibit the deposit of spoil on roads
- prohibit the abandoning of vehicles and provide for the impounding of abandoned and derelict vehicles
- regulate the operation and use of motorised vehicles
- secure the physical assets of Council
- regulate the use of roads by heavy vehicles
- provide for and regulate the construction of vehicle crossings and
- regulate other activities on roads, including circuses, festivals, events, carnivals and other public gatherings.

1.6 Delegations

Under Council's Instrument of Delegation to Members of Council Staff No.7, the Chief Executive Officer has delegated various functions under the *Road Management Act 2004* and the relevant Regulations and Codes of Practice made under that Act to respective Council officers. This allows Council, through various responsible members of staff, to respond quickly to technical and administrative matters under the Plan.

4.2.6 Road Management Plan Review (Cont.)

2.0 Road Management System

The Road Management plan is one of the supporting documents of the Road Management System. This system also includes the asset management of the roads and related infrastructure. Policies are also incorporated into the system to ensure the roads are managed for optimal benefit of the community.

Development of standards and guidelines and the Road Management Plan

The Road Asset Management Plan (RAMP) provides for the asset lifecycle management of the road network and includes the demand and risk analysis for the provision of the road network as well as 10 year planning for the acquisition, renewal, upgrade, expansion, maintenance and disposal programs for the assets. The RAMP is updated on a four year cycle, and the 10 year plans are updated yearly. In particular this includes the maintenance programs, which are created to preserve the road infrastructure, in order to optimise the life of the assets in a cost effective way. Condition inspections inform the decision making and updates to these programs.

Each road, path and bridge has a hierarchy allocated to them and had been established based on their level of importance and risk exposure. These assets are held in Council's Asset System. The details of the roads are published in the Register of Public Roads and a set of performance targets, standards and guidelines are updated in line with the regular updates of the RAMP.

The maintenance programs that are established in the RAMP identify maintenance to extend the life of the asset, these can include;

- Routine maintenance
- Periodic maintenance
- Road Rehabilitation

Key risks, priorities, hazards and defects not dealt with as part of the above maintenance programs are detailed in the Road Management Plan which identifies defects or hazards generated by the age, usage and or weather or other conditions. Standards and guidelines are created to allow council to respond within the financial, economic, political, social or environmental considerations.

Implementing the Road Management Plan

The Road Management plan is implemented through the inspection regime in Section 3 and the Intervention Levels and response times in Appendix 1.

2.1 Regulations and Code of Practice

During the review and preparation of this Road Management Plan, Council has taken into consideration the relevant regulations made under the *Road*

Management Act 2004, other relevant statutory rules and the guidelines set out in the relevant Codes of Practice, and it will continue to have regard to these regulations, rules and codes (as they may change from time to time) in the performance of Council's road management functions.

The following Codes of Practice and Regulations that relate to this Road Management Plan are set out below and can be viewed via the VicRoads website at www.vicroads.vic.gov.au

- Code of Practice No. S 201 Road Management Plans
- Code of Practice No. S 267 Operational Responsibility for Public Roads
- Code of Practice No. S 269 Management of Infrastructure in Road Reserves
- Code of Practice No. S 351 for Worksite Safety-Traffic Management
- *Road Management (General) Regulations 2016*
- *Road Management (Works and Infrastructure) Regulations 2015*
- *Road Safety Road Rules 2009* and
- *Road Safety (Traffic Management) Regulations 2009.*

Section 24(4) of the *Road Management Act 2004* also provides that –

A Code of Practice cannot—

- (a) impose a duty on any person or
- (b) direct how any matter or thing is to be done or
- (c) create an enforceable legal right or
- (d) impose any liability or penalty.

2.2 New subdivisional roads

Roads created due to subdivision developments or changes in the existing road network are incorporated on a regular basis into Council's Register of Public Roads by Council's Asset Management Coordinator.

Until a subdivisional road under the *Subdivision Act 1988* is adopted as a public road on Council's Register of Public Roads (on the basis that Council has determined that the road is 'reasonably required for general public use'), Council in the exercise of its discretions over public highways does not assume responsibility for the inspection, maintenance and repair of those roads.

Council's current policy and practice is not to adopt a new subdivisional road as a 'public road' until the date of practical completion of the approved subdivision works. The date of practical completion will be followed with the

4.2.6 Road Management Plan Review (Cont.)

issue of the statement of compliance and is to be agreed to in writing by Council's delegated officer when the subdivisional works are considered satisfactory, on which date the whole of the works are considered to have entered into the maintenance period. The maintenance period shall be not less than three months.

2.3 Registration of public roads

Council's Register of Public Roads lists those municipal roads which Council considers are public roads and for which the City of Greater Dandenong is the coordinating and responsible road authority.

Council's Register of Public Roads is compiled (and roads are registered on the Register) in accordance with the principles outlined in the City of Greater Dandenong's Roads Register Guidelines. These Guidelines assist Council in determining whether a road is 'reasonably required for general public use' within the meaning of section 17(3) of the *Road Management Act 2004*. They are set out in **Appendix 2** to this Road Management Plan.

2.4 State roads

The following state roads within the municipality are managed by VicRoads, Council retains responsibility for nature strips, outer separators and service roads (if any) on **Declared Arterial Roads** unless otherwise agreed with VicRoads.

Freeways located in the City of Greater Dandenong are:

- EastLink (Police Road to Thompsons Road)
- Monash Freeway (Dandenong Creek to Police Road)
- Mornington Peninsula Freeway (Thompson Road to Springvale Road) and
- South Gippsland Freeway (South Gippsland Hwy to Princes Hwy).

Declared Arterial Roads located in the City of Greater Dandenong are:

- Centre Road (Springvale Road to Westall Road)
- Chandler Road (Cheltenham Road to Princes Highway)
- Cheltenham Road (Foster Road to Springvale Road)
- Dandenong – Hastings Road (Thompson Road to Princes Highway)
- Elonera Road (Princes Highway to Meredith Street)
- Foster Street (Thomas Street to Clow Street)
- Dandenong By Pass (Springvale Road to South Gippsland Highway)
- Frankston - Dandenong Road (Princes Highway to Thompsons Road)

- Greens Road (Perry Road to South Gippsland Highway)
- Heatherton Road (Westall Road to Dandenong Creek)
- Hutton Road (Perry Road to Springvale Road)
- Jacksons Road (Police Road to Elonera Road)
- Lonsdale Street (South Gippsland Highway to Clow Street)
- Police Road (Springvale Road to EastLink)
- Pound Road (South Gippsland Highway to South Gippsland Freeway)
- Princes Highway (Westall Road to Clow Street)
- South Gippsland Highway (Princes Highway to South Gippsland Freeway)
- Springvale Road (Princes Highway to Mornington Peninsula Freeway);
- Stud Road (Dandenong Creek to Clow Street)
- Thompson Road (Dandenong Hastings Road to Mornington Peninsula Freeway)
- Westall Road (Heatherton Road to Princes Highway) and
- Westall Road Extension South Bound (Heatherton Road to Springvale Road).

2.5 Municipal roads

Within the City of Greater Dandenong, Council is the coordinating road authority for municipal roads and VicRoads is the coordinating road authority for State roads (freeways and declared arterial roads).

A municipal road is any road which is not a State road, including any road which:

- is a road referred to in section 205 of the *Local Government Act 1989* or
- is a road declared by VicRoads to be a municipal road under section 14(1)(b) of the *Road Management Act 2004* or
- is part of a Crown land reserve under the *Crown Land (Reserves) Act 1978* and Council is the relevant Committee of Management.

4.2.6 Road Management Plan Review (Cont.)

2.0 Road Management System

2.6 Demarcation of Responsibilities

State roads

A **freeway** is a road that is declared to be a freeway under section 14 of the *Road Management Act 2004*. The main function of these roads is to form the principal routes for the movement of goods and people. VicRoads is the coordinating and responsible road authority in respect of freeways.

An **arterial road** is a road that is declared to be an arterial road under section 14 of the *Road Management Act 2004*. Arterial roads are roads previously classified by VicRoads as a declared main road or State highway. VicRoads is the coordinating and responsible road authority in respect of declared arterial roads. Council may also be responsible on declared arterial roads in both urban and rural areas for any part of the roadway not used by through traffic (e.g. dedicated parking lanes), any service roads, the outer separators (the median strip between the roadway and service road), any pathways and the roadside nature strips in urban areas.

The *Road Management Act 2004* and the Ministerial Code of Practice – 'Operational Responsibility for Public Roads' provide clarity and practical guidance in relation to the demarcation of responsibilities between Council and VicRoads in respect of freeways and declared arterial roads.

Boundary roads

The City of Greater Dandenong is bounded by four municipalities; City of Monash, City of Casey, City of Frankston and City of Kingston.

Council's maintenance responsibilities in respect of boundary roads are in accordance with the Boundary Agreements which apply to these municipalities, copies of which can be viewed at Council's offices during normal working hours.

Private roads

There are many roads in the City of Greater Dandenong that are linked to Council's road network but which are not registered as public roads on Council's Roads Register or are otherwise considered to be private roads. Under section 107 of the *Road Management Act 2004*, Council does not have a statutory duty or a common law duty to perform road management functions in respect of a public highway which is not a public road or in respect of a private road.

Bus bays

Any paved area (including pavement markings) or unsealed area where buses pull over is maintained by

the relevant road authority with operational responsibility for the through carriageway in accordance with the service levels for the abutting roadway.

Rail tracks

Primary control of road-rail crossings rests with the appropriate rail authority. Road / Rail Safety Interface Agreements (**RSIA**) between Public Transport Safety Victoria and the City of Greater Dandenong have been signed in respect of all road rail crossings within the City. These agreements set out the responsibility of each authority at each crossing.

A list of road rail crossings subject to RSIA's is kept by VicTrack.

Bridges

The City of Greater Dandenong is responsible for the inspection, maintenance and repair of all road bridges, including pathways on bridges on municipal roads within the City.

Utility assets

Non-road infrastructure assets located within a road reserve are not the responsibility of Council but are the responsibility of the person or body (utility provider) that is in charge of the provision, installation, maintenance or operation of the non-road infrastructure asset.

Non-road infrastructure assets within a road reserve include gas pipes, water and sewerage pipes, cables, electricity poles and cables, public telephones and mail boxes.

However, the majority of water hydrants in road reserves are maintained by Council. Pursuant to section 36 of the *Country Fire Authority Act 1958*, the Country Fire Authority may require Council to provide additional water hydrants at any place in or near a public street or road within Council's municipal district.

The Ministerial Code of Practice – 'Management of Infrastructure in Road Reserves' identifies benchmarks of good practice for utility providers and Council who are expected to work together cooperatively to facilitate the installation, maintenance and operation of non-road infrastructure assets within road reserves.

Vehicle crossings

Vehicle crossings are considered private property, and therefore any damage to them is the responsibility of the benefiting property owner. However, Council remains responsible for any section of the crossover that is used by the general public as a footpath or a modified section of kerb and channel that forms part of the

4.2.6 Road Management Plan Review (Cont.)

drainage network. This section of footpath is subject to the same inspection and maintenance standards applied to the wider public footpath.

Vehicle crossings must comply with Council's specifications and standards. These specifications and standards can be accessed either online at greaterdandenong.com or upon request at Council's offices during normal working hours.

Proposed new and altered crossings to properties adjoining arterial roads require a planning permit pursuant to the *Planning and Environment Act 1987* before any works can commence.

Consent to perform works in road reserves

Any person who wishes to undertake works in a road reserve must obtain the consent of the relevant coordinating road authority unless they are exempted under the *Road Management (Works and Infrastructure) Regulations 2015*.

For works on municipal roads in Council's municipal district, advice and application forms are available either on line at greaterdandenong.com or upon request at Council's offices during normal working hours.

Assets on public roads managed by the Council

Road infrastructure on public roads in Council's municipal district for which the Council is responsible pursuant to the *Road Management Act 2004* includes:

- road surface, pavement and earth formation
- surface drainage systems including kerb and channel
- footpaths, shared paths, bicycle paths and parking areas and
- bridges and large culverts.

2.7 Performance Review

Reviewing of road infrastructure performance will ordinarily follow the delivery of Council's maintenance program. Periodic reviews of the Road Management Plan are also undertaken to assess that the maintenance and renewal program have delivered the expected benefits to road users and stakeholders. This phase also involves the taking into account of any external factors that are likely to influence the next road management program system cycle.

This is achieved using the following processes:

- reviewing road infrastructure performance, which aims to determine whether road infrastructure performance gaps have been adequately addressed. The outputs of road infrastructure condition surveys and maintenance inspection records are used to assist with these reviews
- reviewing road infrastructure maintenance strategies, which aims to determine whether the objectives of road infrastructure maintenance strategies have been achieved. This review is to be conducted every four years and may also involve an assessment as to whether there is a need to update road infrastructure maintenance strategies
- assessing changes in local or regional influences, which involves the continuous monitoring of factors that may affect future maintenance demands. These factors may include changes in weather patterns, changes in traffic loading, availability of maintenance materials, changes in land use, changes in the Victorian and Council's municipal economy etc.

4.2.6 Road Management Plan Review (Cont.)

3.0 Inspection Standards and Service Level

General

The main reasons for the inspection of road assets (including bridges, footpaths, cycle paths and shared paths) are to:

- identify any hazard and act accordingly, in the interests of public safety, to minimise any risk of injury to the asset user and

The Council and the community collectively identify any road asset defects. Inspections of road assets are performed in two modes as follows:

- Proactive Inspection and
- Reactive Inspection

3.1 Proactive Inspections

Proactive Inspections identify any hazards generated by usage and / or weather or other conditions. Trained works officers are best placed to identify any hazards and document routine maintenance response actions during visual routine inspections. Defects found during these inspections are checked against the maintenance intervention levels for the appropriate asset classification. Where response actions are appropriate, they are scheduled for repair and / or replacement where reasonably practicable. Hazards identified upon inspection will be made safe using temporary or permanent safety measures or warnings as per the timeframes in Appendix 1.

Network Proactive Inspection Frequency

| Road Classification | Network Inspection Frequency Timeline |
|--|--|
| Declared Arterial (Urban & Rural) (Note: Sections under Council's responsibility) | 100% of network every 6 months |
| Unclassified Arterial (Urban & Rural) | 100% of network every 6 months |
| Collector (Urban & Rural) | 100% of network every 12 months |
| Local (Urban & Rural) | 100% of network every 18 months |
| Lanes | 100% of network every 24 months |
| Path Classification | Network Inspection Frequency Timeline |
| Special Risk Zones | 100% of network every 12 months Note: only paths within road reserve |
| Other Paths | 100% of network every 4 years Approximately 25 % of network each year Note: only paths within road reserve |
| Bridge Classification | Network Inspection Frequency Timeline |
| All classification of bridges. | Twice yearly with a maximum interval of 6 months. Inspection shall also be carried out after flooding or bushfire events as soon as reasonably practicable. |

Note: All bridge inspections are to be in accordance with Level 1 – Routine Maintenance Inspection to VicRoads standards.

Pits inspections, during a proactive road inspection are for the Pit mouth only. Critical Pits are inspected for Blockages under a separate inspection program detailed in the Stormwater Asset Management Plan.

The scheduling of Proactive Inspections in accordance with inspection intervals is the responsibility of the Manager, Infrastructure Services and Planning. The inspections are carried out by asset inspection staff or contractors. Inspection data is collected during the inspection and imported into a maintenance management system for the generation of works instructions and ultimately the completion of action, reporting and recording.

4.2.6 Road Management Plan Review (Cont.)

3.2 Reactive Inspections

Reactive Inspections are initiated by the community who notify Council of a concern or hazard with respect to a road asset. Trained works officers are best placed to identify any hazards and document response actions during visual inspections. Where response actions are appropriate, they are scheduled for repair. Hazards identified upon inspection will be made safe using temporary or permanent safety measures or warnings as per the timeframes in Appendix 1.

Network Reactive Inspection Frequency for Sections under Council's Responsibility

| All Road Classifications | Network Inspection Frequency Timeline |
|---------------------------|---------------------------------------|
| Inspect Customer Requests | 2 working days |
| Attend Safety Call Outs | 4 hours |

Note: Pits inspections, during a reactive road inspection are for both the Pit mouth and pit blockages. Critical Pits are inspected for Blockages under a separate inspection program detailed in the Stormwater Asset Management Plan

4.2.6 Road Management Plan Review (Cont.)

3.0 Inspection Standards and Service Level

3.3 Exceptional Circumstances

Council will make every effort to meet its commitments under the Road Management Plan. However, there may be situations or circumstances that affect Council's business activities to the extent that it cannot deliver on the service levels of the Road Management Plan. These include but are not limited to natural disasters, such as fires, floods, or storm; or, a prolonged labour or resource shortage, due to a need to commit or redeploy Council staff and/or equipment elsewhere.

In the event that the Chief Executive Officer of Council has considered the impact of such an event on the limited financial and other resources of Council and Council's other competing priorities and budgetary constraints (whether or not in conjunction with Council), and has determined that any standards of, or requirements in, the Road Management Plan cannot be adequately met, then pursuant to and reliant on the principles set out in Section 83 of the *Wrongs Act 1958* and otherwise, they will write to the Council's officer in charge of its Road Management Plan and inform them that some, or all, of the timeframes and response times are to be suspended until further notice.

Section 83 of the *Wrongs Act 1958* provides –

83 Principles concerning resources, responsibilities etc. of public authorities

In determining whether a public authority has a duty of care or has breached a duty of care, a court is to consider the following principles (amongst other relevant things):

- (a) the functions required to be exercised by the authority are limited by the financial and other resources that are reasonably available to the authority for the purpose of exercising those functions
- (b) the functions required to be exercised by the authority are to be determined by reference to the broad range of its activities (and not merely by reference to the matter to which the proceeding relates)
- (c) the authority may rely on evidence of its compliance with the general procedures and applicable standards for the exercise of its functions as evidence of the proper exercise of its functions in the matter to which the proceeding relates.

Once the scope of the event/s have been determined, and the resources committed to the event response have been identified, then there will be an ongoing consultation between Council's CEO and Council's officer responsible for the Road Management Plan, to determine which parts of Council's Road Management Plan are to be reactivated, and when.

Council statements to residents about the suspension or reduction of the services under the Road Management Plan will include reference to how the work that will be done has been prioritised, and the period for which it is likely to be affected.

4.1 Definitions

Unless the context or subject matter otherwise requires (including in relation to the Glossary set out in this Road Management Plan), the terms used in this Road Management Plan have the same meaning as the definitions included in the *Road Management Act 2004*, the relevant Regulations and Codes of Practice made under the *Road Management Act 2004*, the *Local Government Act 1989* or as defined by AustRoads.

4.2.6 Road Management Plan Review (Cont.)

Appendix 1: Intervention Levels

Hazard Intervention Levels

| Hazard Description | Intervention Level | Timelines |
|--|---|-----------------|
| Pavements | | |
| Pavement or Surface Hazard | | |
| Damaged Road (Sealed) | Potholes in traffic lane of a sealed pavement greater than 200mm in diameter and greater than 50mm deep or edge of sealed drop off on unsealed shoulders greater than 50mm for greater than 25m | 10 Working Days |
| Damaged Road (Unsealed) | Potholes in traffic lane of an unsealed pavement greater than 300mm in diameter and greater than 50mm deep or edge of sealed drop off on unsealed shoulders greater than 50mm for greater than 100metres | 20 Working Days |
| Damaged Line-marking | Missing or illegible linemarking on thorough traffic and bicycle lanes of the lane road, and shared pathways | 30 Working Days |
| Obstructions and Substances in Traffic Lanes | Materials fallen from vehicles, dead animals, wet clay and other slippery substances, hazardous materials, or objects, accumulation of dirt or granular materials on the traffic lane | 4 Hours |
| Drainage Hazard | | |
| Damaged Pit Lids | Damaged that significantly undermines the structural integrity of the Pit Lid or surrounds or grates in pedestrian areas or traffic lanes | 30 Working Days |
| Missing Pit Lids | Missing drainage lids, or grates in pedestrian areas or traffic lanes | 4 Hours |
| Blocked Pits and Pit Entries | Pit mouth is 100% blocked or pit is greater than 40% blocked or obstructed | 30 Working Days |
| Damaged Kerb and Channel | Damaged where water is ponding to be a depth of greater than 100mm or Kerb is significantly displaced more than 100mm from its intended alignment road | 60 Working Days |
| Roadsides | | |
| Vegetation Hazard | | |
| Trees | Hanging branches and fallen branches/entire trees on or over traffic lanes | 4 Hours |
| Vegetation | Trees, Shrubs and grasses that have grown to restrict design sight distance to intersections or restrict viewing of safety signs ** where they become substantially ineffective | 20 Working Days |
| Road Reservation Vegetation (Sealed) | Vegetation clearance no less than 4.1m in height, over traffic lanes and the trafficable portion of shoulder. Vegetation not to protrude over the edge of the road seal unless signed otherwise. Vegetation cleared as far as reasonably practicable and all tree pruning shall be in line with AS 4373-2007 Pruning of Amenity Trees | 20 Working Days |
| Road Reservation Vegetation (Unsealed) | Vegetation clearance no less than 4.1m in height, over traffic lanes and the trafficable portion of shoulder. Vegetation not to protrude over the edge of the road formation unless signed otherwise. Vegetation cleared as far as reasonably practicable and all tree pruning shall be in line with AS 4373-2007 Pruning of Amenity Trees | 20 Working Days |
| Path Vegetation | Vegetation clearance less than 3.0m in height, over a pedestrian/bicycle path. Vegetation not to protrude more than 300mm horizontally over the path edge, unless otherwise signed. Vegetation cleared as far as reasonably practicable and all tree pruning shall be in line with AS.4373-2007 Pruning of amenity trees. | 20 Working Days |
| Roadside Hazards | | |
| Damaged Safety Sign* (Standard**) | Sign is missing or illegible | 10 Working Days |
| Damaged Safety Sign * (Non Standard***) | Sign is missing or illegible | 30 Working Days |
| Damaged School Crossing Posts | Missing or damaged making them substantially ineffective | 10 Working Days |

4.2.6 Road Management Plan Review (Cont.)

| Hazard Description | Intervention Level | Timelines |
|---|---|-----------------|
| Damaged Safety Barriers | Missing or damaged making them substantially ineffective | 20 Working Days |
| Damaged Local Area Traffic Management Devices | Missing or damaged making them substantially ineffective | 60 Working Days |
| Non Operational Traffic Signals | Traffic Signals that are non operational | 4 Hours |
| Damaged Structures [^] | Visible damage likely to affect road user or public safety | 10 Working Days |
| Damaged Path | Pavement is vertically displaced greater than 25mm or horizontally displaced greater than 30mm or depression greater than 50mm over 1 metre | 10 Working Days |

* Safety Signs: are roads signs that provides the driver with advice on the safe use of the road. For example a regulatory, warning sign or hazard marker.

** Standard Safety Signs: High use safety signs** that are kept in stock as per the Standard Sign Register. This register is not an

incorporated document* in the Road Management plan. The manual may be viewed or a copy obtained from the City of Greater Dandenong Website (www.greaterdandenong.com.au)

*** Non Standard Safety Signs: Safety signs that are not on the Standard Sign Register. This may include modifications to standard safety signs.

[^] Structures: Bridges, culverts or other designated structures (eg retaining walls, lighting structures) which have been assigned an asset number in Council's Asset Register

Note 1: Hazard removal work may include the provision of traffic control (including the installation of warning signs and other traffic management devices), installation of barricading or repair of the hazard. The choice of response will be determined by the availability of resources and considered in the context of other competing priorities

Road Management Plan 2018-22 17

4.2.6 Road Management Plan Review (Cont.)

Appendix 2 - Hierarchies

Road Hierarchy and Classification for Municipal Roads

Based on factors such as historical functionality, traffic volumes, traffic type and accessibility, Council has developed a road hierarchy for the municipal road network within Council's municipal district. The level of service provided to a particular road will depend on its road hierarchy classification.

Road Hierarchy

| Road Hierarchy | Classification Responsibility | Description |
|--|-------------------------------|--|
| Declared Arterial Roads (Urban) | VicRoads / Council | Roads of which the main function is to form the principal network of roads to cater for through traffic movements across and around the metropolitan area. (Council's responsibility is restricted to the nature strip, outer separator and service road (if any) unless otherwise agreed with VicRoads). |
| Declared Arterial Roads (Rural) | VicRoads / Council | Roads of which the main function is to form the principal network of roads to cater for through traffic movements across and around the metropolitan area. (Council's responsibility is restricted to the nature strip, outer separator and service road (if any) unless otherwise agreed with VicRoads). |
| Unclassified Arterial Roads (Urban) | Council | Roads that supplement the declared arterial road network in providing for through traffic movements. Roads that have an identifiable origin and destination (e.g. suburbs, industrial areas or places of significance). Includes Trunk Collector Road |
| Unclassified Arterial Roads (Rural) | Council | Roads that supplement the declared arterial road network in providing for through traffic movements. Roads that have an identifiable origin and destination (e.g. suburbs, industrial areas or places of significance). Includes Trunk Collector Road. |
| Collector Roads (Urban) | Council | Non-arterial roads that distribute traffic between the arterial road network and local roads and provide access to abutting properties. |
| Collector Roads (Rural) | Council | Non-arterial roads that distribute traffic between the arterial road network and local roads and provide access to abutting properties. |
| Local Roads (Urban) | Council | Roads, streets or courts of which the role is to provide access to abutting residential, commercial or industrial properties and lanes. Includes Access Street and Access Place. |
| Local Roads (Rural) | Council | Roads, streets or courts of which the role is to provide access to abutting residential, commercial or industrial properties and lanes. Includes Access Street and Access Place. |
| Lanes | Council | Roads of which the sole purpose is to provide access to the rear of a property. Includes Access Lane. The minimum width for laneway is 5.5m. Provision of new access to properties on laneways less than 5.5m in width is not supported. |

4.2.6 Road Management Plan Review (Cont.)

Pathway Hierarchy (includes footpaths, cycle paths and shared paths)

Footpaths, cycle paths and shared paths have been grouped into the following classifications:

Pathway Hierarchy

| Path Hierarchy | Description |
|---|---|
| Pedestrian Malls - SRZ | Premium quality paving in pedestrian malls that cater for high volumes of pedestrian traffic and are typically found in major central shopping areas. |
| Central Business District Footpaths - SRZ | High quality, aesthetically pleasing pavings for medium to high volumes of pedestrian traffic and are typically found in central business districts. |
| Local Shopping Centre Footpaths- SRZ | Good quality fully formed areas to cater for medium to high volumes of pedestrian traffic and are typically found in local shopping centres. |
| Elderly Facilities - SRZ | Paths where it has been identified that there is an increased risk due to either the concentration or level of mobility of pedestrian users eg: pedestrian malls, Central Business District (CBD), local shopping centres and elderly facilities. |
| Residential Footpaths | Formed and sealed paths catering for low volumes of pedestrians. Typically found in residential areas and may also be found in reserves and walkways between reserves, residential streets and schools. |
| Industrial / Commercial Footpaths | Paths used for short travel distance in industrial and commercial areas. Generally installed where a significant amount of pedestrian traffic can be demonstrated. |
| Regional Cycle Paths / Shared Paths (within road reserve only) | Paths that provide an alternative to the road system when travelling between key locations within the municipality and other neighbouring municipalities. These paths also encourage recreation/fitness rides in a safe environment. |
| Local Cycle Paths / Shared Paths (within road reserve only) | Paths that provide an alternative to the road system when travelling locally. These paths also encourage recreation/fitness. |

Note: All footpath function classification with suffix of SRZ represent a Special Risk Zone.

The City of Greater Dandenong has a number of these pathways in various locations. A map showing the location of pathways included in this hierarchy is kept by the Council and can be viewed at Council's offices during normal working hours.

4.2.6 Road Management Plan Review (Cont.)

Appendix 2 - Hierarchies

Bridge Hierarchy (includes underpasses)

Bridges (including underpasses) have been grouped into the following classifications:

Bridge Hierarchy

| Bridge Hierarchy | Classification Responsibility | Description |
|---|-------------------------------|---|
| Declared Arterial Road Network Bridges | VicRoads / Council | Bridges on roads of which the main function is to form the principal network of roads to cater for through traffic movements across and around the metropolitan area. (Council's responsibility is restricted to the nature strips, footpaths and pedestrian barriers (if any) unless otherwise agreed with VicRoads). |
| Unclassified Arterial Road Network Bridges | Council | Bridges on roads that supplement the declared arterial road network in providing for through traffic movements. Roads that have an identifiable origin and destination (e.g. suburbs, industrial areas or places of significance). Includes the Trunk Collector Road. |
| Collector / Local Road Network Bridges | Council | Bridges on non-arterial roads that distribute traffic between the arterial road network and local precincts, and provide access to abutting properties. |
| Pedestrian / Cyclist Bridges | Council | Bridges carrying pedestrians and / or cyclists. These bridges would normally link footpaths, cycle paths and shared paths on either side of crossings. |
| Underpasses | Council | Bridges that allow pedestrians and cyclists to underpass road and similar structures. |
| Local Access Road Network Bridges | Council | Bridges on roads, streets or courts of which the role is to provide access to abutting residential, commercial or industrial properties and lanes. Includes the Access Street and Access Place. |

4.2.7 Proposal to Create Easement over Council Land - John Hemmings Memorial Park, Dandenong - 61A Princes Highway, Dandenong

| | |
|----------------------|---|
| File Id: | A7735874 |
| Responsible Officer: | Manager Governance |
| Attachments: | Creation of Easement Plan – John Hemmings Memorial Park |

1. Report Summary

This report addresses a proposal to create an easement for gas distribution purposes pursuant to the *Gas Industry Act 2001* in favour of APA Group at Council's property at John Hemmings Memorial Park, 61A Princes Highway, Dandenong.

The easement will provide permanent installation of an APA Group Remote Telemetry Unit (RTU) box that will allow for the connection to the existing gas easement and infrastructure across Council's Reserve.

2. Recommendation Summary

This report recommends that Council allows for the creation of an easement over Council land at John Hemmings Memorial Park, 61A Princes Highway, Dandenong in favour of APA Group.

4.2.7 Proposal to Create Easement over Council Land - John Hemmings Memorial Park, Dandenong - 61A Princes Highway, Dandenong (Cont.)

3. Background

APA Group has requested that Council permits the creation of an easement for gas distribution purposes pursuant to the *Gas Industry Act 2001* over Council land.

John Hemmings Memorial Park (the Land) at 61A Princes Highway, Dandenong is more particularly described on TP 241987 certificate of title volume 8129 folio 146. The Land is used for park and recreational purposes.

A creation of easement plan provided in Attachment 1 to this report, shows the location of the proposed Remote Telemetry Unit (RTU) box that will allow for connection to the existing gas easement and infrastructure across Council's Reserve. The proposed easement is a total of 16 square metres in area.

4. Proposal

This report notes that the statutory procedures under sections 189 and 223 of the *Local Government Act 1989* have been carried out in relation to a proposal to create an easement over the Land by giving public notice and considering any submissions received. As no submissions have been received it is proposed that Council allows for the creation of an easement over part of the Land for use by APA Group

5. Financial Implications

There are no financial implications associated with this report. Council will receive no income from the creation of a further easement over this property and all costs associated with the proposal will be borne by APA Group. Any works conducted in the easement on Council owned land will be reinstated at no cost to Council.

Valuation advice was provided prior to consideration of this proposal. No significant loss in value to the Land which is attributable to the creation of the easement is expected, however any loss in property value, however insignificant, will be compensated to Council by APA Group, and as determined by Council's valuers.

6. Consultation

Public notice was given under sections 189 and 223 of the *Local Government Act 1989* on Council's website and the local paper on 26 April 2021 with a submission period ending on 25 May 2021. No submissions were received in relation to this proposal. Also, other relevant Council departments have been consulted and have contributed to this report. The relevant Council departments were supportive and offered no objections to the proposed easement.

4.2.7 Proposal to Create Easement over Council Land - John Hemmings Memorial Park, Dandenong - 61A Princes Highway, Dandenong (Cont.)

7. The Overarching Governance Principles of the *Local Government Act 2020*

Section 9 of the *Local Government Act 2020* states that a Council must in the performance of its role give effect to the overarching governance principles. This report gives effect to the following overarching governance principles:

These are:

- Council decisions have been made and actions taken in accordance with the relevant law;
- priority has been given to achieving the best outcomes for the municipal community, including future generations;
- the municipal community has been engaged in the consultation process as required;
- collaboration with other Councils, governments and statutory bodies has been sought;
- regional, state and national plans and policies have been considered where relevant; and
- the transparency of Council decisions, actions and information has been ensured.

8. Victorian Charter of Human Rights and Responsibilities

Council, Councillors and members of Council staff are a public authority under the *Charter of Human Rights and Responsibilities Act 2006* and, as such, are all responsible to act in accordance with the *Victorian Charter of Human Rights and Responsibilities 2006* (the Charter).

All matters relevant to the Victorian Human Rights Charter have been considered in the preparation of this report and are consistent with the standards set by the Charter.

9. The *Gender Equality Act 2020*

The *Gender Equality Act 2020* came into operation on 31 March 2021 and requires councils to take positive action towards achieving workplace gender equality and to promote gender equality in their policies, programs and services.

Council's Diversity, Access and Equity Policy and the *Gender Equality Act 2020* have been considered in the preparation of this report but are not relevant to its contents.

The content of this report does not have a direct and significant impact on members of the Greater Dandenong community therefore a gender impact assessment is not required.

10. Consideration of Climate Change and Sustainability

One of the overarching governance principles of the *Local Government Act 2020* is that the economic, social and environmental sustainability of the municipal district, including mitigation and planning for climate change risks, is to be promoted.

4.2.7 Proposal to Create Easement over Council Land - John Hemmings Memorial Park, Dandenong - 61A Princes Highway, Dandenong (Cont.)

In January 2020, this Council joined a growing number of cities around Australia and declared a "Climate and Ecological Emergency" and committed this Council to emergency action on climate change. Council has developed a Climate Change Emergency Strategy and Action Plan 2020-30 to help the City of Greater Dandenong become a resilient, net zero carbon emission city with an active community prepared for the challenges of changing climate.

This report has no impact on Council's Declaration on a Climate and Ecological Emergency, Council's Climate Change Emergency Strategy 2020-2030 or the requirements of the *Local Government Act 2020* in relation to the overarching governance principle on climate change and sustainability. Note that the easement is to be created for a proposed Remote Telemetry Unit (RTU) box that will allow for connection to the **existing gas easement and infrastructure** within and across Council's Reserve.

11. Conclusion

It is considered that the proposal to create a 16 square metre easement at John Hemmings Memorial Park, Dandenong as shown in Attachment 1 will not create a substantial detriment to the Land.

12. Recommendation

That Council, being of the opinion that it is suitable to proceed with a proposal to create an easement over part of John Hemmings Memorial Park, 61A Princes Highway, Dandenong, in favour of APA Group for the purposes of installation of a Remote Telemetry Unit:

- 1. notes that the statutory processes to create an easement over part of the Land, in accordance with sections 189 and 223 of the *Local Government Act 1989* have been completed and no submissions were received; and**
- 2. provides delegated authority to the Chief Executive Officer to sign all documentation associated with the creation of easement.**

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS

Question

Cr Tim Dark

My first question relates to stage two of the Wachter Reserve Master Plan. Some time ago, this Council approved the first stage which has now been finalised. The clay base has gone in as has the installation of the new drainage connection system for stormwater for the wetlands. It was raised with me on the weekend that the Parkmore Football Club are preparing to play and have noticed the fences there and not much work occurring. I am aware that the tender panel has finalised the tender for this second stage which encompasses the additional boardwalk and planting of the plants for the wetlands. I would like an update on the status of the project and when it is planned to come to Council for ratification works given it seems to be a long timeframe between the two.

Response

Paul Kearsley, Director Business, Engineering and Major Projects

I will take that question on notice. Depending on the dollar value of the contract, it may not be tabled at a Council meeting.

Comment

Cr Tim Dark

I think there was an allocated budget of approximately \$1.1M to \$1.3M so I think it should come to Council shortly but will await your advice. _

Question

Cr Tim Dark

My next question is with regards to some private land on the corner of Coomoora Road and Darren Road in Keysborough. This land was previously a school site that was sold off privately and it was forecasted for a Chinese aged care facility on the site. There is now a sign up advising there is a childcare centre and residential components proposed for the site. I have not seen anything about that but if I could please have the relevant director investigate what exactly the current planning permit is of the site and advise me.

Response

Jody Bosman, Director City Planning, Design and Amenity

I will take that question on notice. I do know that the site some years ago was foreshadowed for an aged care centre for the Chinese community. Everything went quiet for quite a while now so if there is something new afoot, hopefully we have got some news on that. I will advise you and the Councillors in the coming days.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Tim Dark

On Saturday night, I was also asked by a resident of Lalor Court in Springvale South about a deep retarding basin which is used to hold a significant amount of water in the event of a wet weather event, near Cr Truong's milk bar. There has been a request for some additional planting at that location. It has been holding a considerable amount of water for quite some time during wet weather which is understandable. However, around the outside, there is a path around the retarding basin but it is quite dry and they would like additional planting at the reserve.

Response

Paul Kearsley, Director Business, Engineering and Major Projects

I will take that question on notice investigate if it is under Council ownership. If it is, then that should not be a problem but if it is under Melbourne Water Authority, then those requests may be an issue.

Question

Cr Tim Dark

My next question is from residents near Popes Road in Keysborough which borders on the Noble Park Ward. There have also been complaints from residents in Festival Crescent. On the weekends and late at night, there has been a very strong smell of what resonates similar to burnt butter that keeps flowing over the top of residents' houses. Apparently, the smell is quite strong and it has become quite nauseating. They believe that there are some food factories in the vicinity. Can we please have the relevant officer investigate? I will forward some correspondence that I have received to assist with investigating available options.

Response

Jody Bosman, Director City Planning, Design and Amenity

I will take that question on notice if you will send me some of the details. Festival Crescent, as you know, backs on to industrially zoned land so what is happening there might well be within the provisions of the scheme. Nonetheless, if you send me the details, we will investigate and report back to you and Councillors.

Comment

Cr Tim Dark

Here are some of the events that I have attended over the last couple of weeks.

On Saturday night I attended the Dandenong South versus Keysborough Soccer Club inaugural match with the lights on. This was a CIP budget item which was passed a couple of years ago at the same time as the Parkfield Reserve item. Finally, the lights have been installed and are up and running. They are pointing and moving in the right direction to adequately cover the whole field. I received an invitation to see what it looks like. The Keysborough Soccer Club are very, very fortunate to have such facilities in place and they have asked me to pass on my regards to the Council for the infrastructure in place. I was there quite late on Saturday night and a record was set with regards to the income and the earnings inside the bar throughout the day. Also, having their first night match

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

where people from around the area turned up to watch the game, supports their local sport and get involved in raising a lot of money for the club. This was a financially stricken club which had been impacted quite heavily by COVID and had to consider other options because of their dire strait situation. Fortunately, they can now remain in their own place which was really good to see. They do have an event coming up where they will play against the East Timorese on 24 July 2021. I will circulate that to the community and hopefully it will be a well-attended event so it will be worthwhile coming down.

The second event I attended was the ALGA National General Assembly Conference in Canberra. This was a good conference to be able to attend to network and come up with ideas of what options were available to other Councils and what other Councils are doing differently. I had the opportunity of meeting Councillors from both regional, rural and metropolitan Melbourne. I also had a couple of meetings with some of the Federal Members of Parliament at Parliament House. Council has an advocacy document which is a very, very good document that should be well-circulated within the community. In terms of our advocacy, there are some key projects such as the Shepley Oval which is a significant part of the infrastructure. We see within the community such as the Sri Lankan and Indian diaspora continuing to expand. The same thing with the Pakistan-Afghan diaspora. As they continue to grow, the sports that they played in their national countries are starting to grow quite rapidly here. We have seen the same thing with European soccer and we are now seeing the same thing happening with cricket. As cricket is becoming quite significant, clubs are finding it very helpful and it is always good to get women into sport and the things they like. This is a key project which I think Council had on the backburner as we have to focus on bigger projects. It was good to be able to give the Members of Parliament a copy of our advocacy document to have. Senator David Van who covers the South East Melbourne region expressed interest in regard to having a meeting. He said he had briefly met Cr Memeti when he was the Mayor at the time. He has expressed interest in finding out what infrastructure projects are available particularly during COVID. There is a significant amount of capital available for COVID recovery projects to do with infrastructure so if it would be possible to organise a meeting with Senator Van to have that discussion that would be greatly appreciated.

Question

Cr Bob Milkovic

Can we have an update on the Memorandum of Understanding (MOU) regarding the bus shelters that was forwarded to the Department of Transport courtesy of a Member of Parliament Gabrielle Williams negotiations?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

The meeting was held on Friday and it was a very successful one. They provided some examples of other MOUs where they have participated with other Councils on a more short-term basis such as the installation of half a dozen bus shelters. We are currently reviewing that material and continuing our discussions. We do not yet have a timeframe for when they would be installed and that is something that I will be meeting with the Manager Transport and Civil Development during the week to work out how best we can tackle the timeframe. Certainly, the sooner the better from our point of view but we are dealing with an external agency so we need to be mindful of their timeframe also.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Cr Sean O'Reilly left the Chamber at 7.41pm.

Question

Cr Bob Milkovic

Has the MOU been signed yet?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

No, the meeting on Friday was to start discussions on the MOU. I would foreshadow it could take a month or a bit longer. That is the sort of thing we need to work out in terms of the timing. As I said, we have a few examples of the MOUs that they have used so it is for us to review those to see if they suit our requirements as well as the Department of Transport.

Question

Cr Bob Milkovic

I have received calls from local residents and I have inspected it myself, the quality of road resurfacing in the municipality, particularly in Dandenong North which is where I live. The road crews have gone and stripped the whole stretch of the road, not just a pothole patch, a whole stretch of the road and then within two or three weeks, the potholes have appeared on a new surface. I would like to ask the relevant director if we can please make sure that these contractors are held accountable for the quality of work that they are providing for us to make sure that there is no additional cost to the ratepayer when they come and redo these sort of surfaces.

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes, we are aware of those matters and our inspectors will investigate. If the contractor has not done the work to our standards, they do it again. In some cases, if that means they rip it up, they rip it up and they do it again. That is something that we are very, very strict on. We do not waste money with contractors if their work is not up to a certain standard. If we do need to call the contractor back in to do the additional works or to start again, then that is what we will do.

Question

Cr Bob Milkovic

I have received a call from a resident who lives on Admirala Avenue in Dandenong North whose property backs on to quite a large property of about an acre and a quarter. On the corner of Carlton Road and Admirala Avenue, there are many gumtrees shedding branches onto this property. The resident understands that it is not a Council matter. However, he did express concern that the property has been left vacant. There is also a pool in the backyard which seems to have been half-filled and

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

on a number of occasions he has seen teenage kids jump over the fence. He was just concerned that someone might at some stage go into the pool. Is there anything that we can do through Council like reminding the owners of their duties regarding pool safety?

Response

Jody Bosman, Director City Planning, Design and Amenity

There might well be something that we can do. I will have the Local Laws officers as well as our Building Surveyors inspect the site and see if there is anything under the Building or Local Laws provisions that need to be done and we will get back to you with an outcome of those investigations.

Cr Sean O'Reilly returned to the Chamber at 7.47pm.

Question

Cr Richard Lim

The outdoor dining that is funded by the State Government from my understanding is going to expire on 30 June 2021. So far, I have not heard anything regarding any programs at the Springvale Activity Centre or any reports from the Council officers. Would the relevant officer please update me on that?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

We have been fortunate along with a couple of other Councils to have that 30 June deadline extended to 30 September 2021. This will enable us to spend the monies on a range of umbrellas and shade structures and screens for all those nominated cafes that have indicated that they wish to participate in the program. I believe we have just signed a tender for those products to be provided and we hope that they will be installed over the coming months.

Comment

Cr Richard Lim

I would like to report on my activities.

Last week, we attended the 27th National General Assembly Conference. It was an excellent chance to strengthen our relationships between our fellow Councillors in the City of Greater Dandenong and meet other Councillors from around the country and share our experiences with one another. It was great to see that everyone was able to set their political differences aside and convene for the betterment of our local community. I especially would like to thank Mr Bosman and Cr Jim Memeti for their kindness, caring and support throughout the conference.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

The event consisted of guest speakers that provided great insight into our roles as government officers. We were also able to experience question time in Parliament House between the current government and the opposition which was a unique and positive learning experience. Thank you to Cr Jim Memeti for organising that.

This morning, I attended the Springvale Community Hub with the Mayor, Cr Angela Long, Mr Kevin Van Boxtel, the former Mayor of Springvale and the Monash team and also other special guests, to unveil the new Springvale Hospital Interpretive Sign that is going to be erected on Buckingham Avenue tomorrow. The sign marks the location of Springvale's first hospital and highlights the important contribution that the hospital has made towards quality and innovative healthcare to Springvale.

Cr Bob Milkovic left the Chamber at 7.49pm.

Comment
Cr Sophie Tan

This is my Report from 15 to 27 June 2021.

On 18 June 2021, I attended the Springvale Boulevard Project site visit with Minister Sean Leane, Dr Tien Kieu MP and Mr Heang Tak MP with the Mayor, Cr Long, Cr Lim and some Council officers. I want to thank the Victorian State Government for contributing \$900,000 for this project. This project costs over \$5 million so thank you to the State Government.

From 20 – 23 June 2021, I also attended the 27th National General Assembly Conference with the Mayor, Cr Angela Long, other Councillors and also our Director of City Planning, Design and Amenity. It was a great pleasure for me to be part of the Australian Local Government 27th National General Assembly Conference because I learnt a lot in those three days.

Since the 2019 Conference, the ALGA advocacy with the Commonwealth Government has a number of successes including \$2.5 billion investment in Local Government community infrastructure and road projects via the Commonwealth's Local Roads and Community Infrastructure (LRCI) program and continued the prepayment of \$1.3 billion worth of financial assistant grants. It also helped increase and create 31,000 local jobs and added \$4.65 billion to the economy which went towards Australia's response to waste and management challenges in the last two years. This year, the Assembly is all about working together for our communities. From around Australia, together we advocate with the Commonwealth Government. There were 102 motions from various Councils which were completed in one day. In the last two years it took us 3 days so it was much faster this time.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

A few highlights for me were:

- All Politics is Local. The context for the next Federal Election which the spokesperson Peter van Onselen, the Political Editor for Network Ten and a Professor of Politics and Public Policy at Griffith University.
- Strengthening Social Capital which is more about every age counts which aligns with our Council's Ageing Policy. The spokesperson was Marlene Krasovitsky who is the Co-Chair and Director for EveryAGE Counts.

I will table the rest of my events for the Minutes.

Report Tabled
Cr Sophie Tan

The rest of my Conference highlights were:

- Strengthening Economic Capital – Romily Madew AO, CEO Infrastructure Australia
- Actions on Climate – At Home and Around the World

24 June 2021

- Child and Family Partnership and Best Start Improvement online meeting with the committees.

25 June 2021

- Photo opportunity with Minister for Prevention of Family Violence, Minister for Women & Minister for Aboriginal Affairs, Ms Gabrielle Williams MP and Mayor Cr. Long at Hemming Street, Dandenong.
Thank you to the Victorian Labour State Government for contributing \$219,000.00 funding for crime prevention in Hemmings Street, Dandenong. It will be invested in a project including CCTV, improved lighting, landscaping, streetscape upgrades and community engagement events.

Cr Bob Milkovic returned to the Chamber at 7.52pm.

Question
Cr Sophie Tan

With regards to the glass bin which is a purple bin rolled out by the State Government:

- when is it going to be rolled out?
- how much does it cost? and
- is it compulsory to get one?

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Paul Kearsley, Director Business, Engineering and Major Projects

With regards to the glass bin, I will provide some information back to you. We did previously provide a report to Council which identified that the inclusion of the fourth bin would be some time away maybe a year or two in order for us to introduce the Food Organics Garden Organics (FOGO) bin first which is now underway. I will bring the dates and information back to all Councillors.

Whilst it is not compulsory, I think the State Government would say that it is necessary in order to undertake the appropriate recycling strategy in order to resolve a number of matters that relate to contamination in other bins.

Question

Cr Sophie Tan

Regarding our tree pruning program, I believe that Council has a two-year cycle dividing the entire City of Greater Dandenong into 13 blocks. Could you please provide a list of the locations and suburbs and the time scheduled for pruning? Is this information on Council's website?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

I will take that on notice.

Question

Cr Jim Memeti

Firstly, I would like to congratulate Melbourne City on their fantastic victory last night winning 3:1. Could the Mayor please write a letter to their CEO Brad Rowse, to congratulate Melbourne Victory Club including their coach, players and their whole administration on their victory. For people at home who are watching this, Melbourne City, the City of Greater Dandenong and City of Casey have been working together over the last few years to bring Melbourne City to the South East of Melbourne. City of Casey now have the administration and training facilities for Melbourne City and our Council now is into a feasibility study to building a stadium in Dandenong. There is money being set aside from this Council and from the State Government and I look forward to that feasibility report coming back to Council in due course. Once again, congratulations and please also ask in that letter when they will be bringing the trophy back to Harmony Square. I would love to see the community come and celebrate with Melbourne City in Harmony Square with the trophy that they won yesterday.

This question was noted for further action.

A couple of days ago, I caught up with the co-author of the book 'Victress', a guy by the name of Michael Randall who is well-known to the Mayor and this Council. Victress is about women who paved the way in Australian sport. It is a momentous tribute to the legendary Australian women who have put their respective sports on the map and is aimed at inspiring a new generation of female sporting stars. It celebrates Australia's most cherished female athletes with about 35 female sportswomen being honoured from well-known legends like Dawn Fraser and Cathy Freeman to those powerful sportswomen of today such as Ash Barty, Tayla Harris who is an up-and-coming

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

female football player. It was great to catch up with Michael Randall who used to come to these Council meetings and reported in the local Journal newspaper many years ago. It is great to see that he has gone on to bigger and better things so I would like to congratulate both Michael Randall and Corinne Hall for this book which I will now donate to the Council Library.

Question

Cr Jim Memeti

I have received requests from residents regarding the corner of Hammond Road and Albert Street. Nine townhouses were built there about a year ago and as you turn from Hammond Road into Albert Street, there are cars parked right there and Hammond Road is a really busy road. If you turn left or right into Hammond Road, if there is oncoming traffic, there is nowhere for you to go. I know there is a rule that you can park after the white line on a corner but I am seriously asking that investigate and maybe where the white line stops, we might be able to put a 'no stopping sign'?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes officers will investigate and see what we can do to make sure it is safer.

Question

Cr Jim Memeti

Castle Street which is a very small street in Dandenong South and comes off Kirkham Road and Kirkham Road is where the Dandenong South Primary School is. I understand that the school does not enough car parks for their teachers so they park on the street. With Castle Street being a very small street, when there are cars parked on both sides, it is almost impossible to drive through when there are cars coming from the opposite direction. Can we please have a look into the carparking situation in Castle Street? My recommendation would probably be to have no standing on one side and parking on the other.

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes we will investigate.

Question

Cr Jim Memeti

About three or four months ago, I requested that we install 'no parking' signs on Webster Street in Dandenong. Ellis Street, Williams Avenue and Bryants Road all lead onto Webster Street. I have been told by many residents that even though we have put some 'no standing' signs on the corner, they still have problems seeing oncoming traffic approaching and they are really concerned that accidents will happen soon. Can we also investigate Webster Street for 'no standing' signs and maybe put them a little bit further out so people can see oncoming vehicles approaching?

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes, we will investigate. Was that the one that was subject to you and others meeting?

Comment

Cr Jim Memeti

No, it is a different one.

Response

Paul Kearsley, Director Business, Engineering and Major Projects

We will investigate.

Question

Cr Jim Memeti

My final question is when we looked at the Dandenong Park Master Plan, I requested that the flowerbeds would come back to the Dandenong Park. I have been to many, many weddings over many, many years where we used to have the flowerbeds at Dandenong Park. When people got married, they always used to go have photos at Dandenong Park. Over the last few years, unfortunately people did not go there because there were no flowerbeds. The Dandenong Park has been opened for about nine months and I am still looking out for the flowerbeds which I promised the community. Now that we have a reception place in Dandenong where people get married, people would love to go to Dandenong Park and have wedding photos with these flowerbeds. Can we investigate when we are going to plant these flowerbeds?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes we will have another look at the Master Plan and provide some information to you.

Comment

Cr Rhonda Garad

I am very pleased to note the passing tonight of the Budget and very pleased in particular to note that the funding for the Keysborough South Hub has received over \$10million in funding from a variety of funding sources which will take it through to stage two, which is extremely pleasing. I also note that we had two public toilets funded in Keysborough South, in Pencil Park and in Westwood Boulevard. These two issues were of extreme importance to the residents during the election and I am pleased to see that the Council has been able to deliver on those.

I would also like to note that I believe the differentials should perhaps have been set so that the Green Wedge residents did not experience a rate rise many times greater than other residents.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

I too had the honour and privilege of attending the 27th National General Assembly in Canberra and of note is that the Assembly passed over 100 motions of issues which are of critical interest to Councils such as Dandenong. Of particular interest was the call for national representation of Local Government in the Cabinet level of Federal Government and increased funding for a range of issues related to climate change that we know we will be facing in a very short distance. In fact, we saw a couple of weeks ago close to our area around disaster, disaster level funding, mitigation and resilience in relation to climate change. The event was also an important event to benchmark how we function as a Council in relation to other Councils and to learn from the great inroads many other Councils have done so it was a tremendous honour and privilege to be able to attend that.

Question

Cr Rhonda Garad

I would like to follow up on a question asked during Public Question time. It was relating to the release of the results of the consultation around the Dandenong Hub. The question asked for a date of release of that report to the public. I did not hear an actual date. Could that be clarified?

Response

Jim Davine, Acting Director Community Services

I will take that question on notice.

Question

Cr Rhonda Garad

I would also like to follow up on another point that was made earlier regarding the safety audit or the safety issues relating to the HomeCo residential development. The response received was that a six to 12 months' safety monitoring would be done. I would like to know what would trigger the safety monitoring when we know that there is a childcare centre placed very close to the entry point into the HomeCo development where there is no pedestrian access and whether a six months' timeframe is perhaps too long?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

The reason why those dates are usually chosen is that we need to allow for the traffic in the area to settle into a pattern. If you do it too early, you do not necessarily get the best data so really it is a matter of allowing the people who use either the shopping centre and also the childcare centre but also the residential area around it to settle into a pattern which is true of the nature of people's travelling patterns. Therefore, we can estimate and best put in policy and/or some traffic treatments if necessary but also go and speak to the developer and landowner with regards to any other measures that we would recommend that they take.

Question

Cr Rhonda Garad

If we find that pedestrians are walking with car traffic as we anticipate they will, will that trigger a further safety audit by the Council?

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Not necessarily because the land is privately owned. There are many examples of shopping centres where pedestrians walk within the car spaces which is a fairly common practice. That would be a matter for us to relay that information to the centre manager or to the people who own it, bringing to their attention that there are some issues related to safety. It is not Council's practice nor should it be to suddenly impose itself with regards to building or putting in footpaths on private land that relate to matters that are really in the hands of a private operator of that land.

Comment

Cr Rhonda Garad

Just to end that point, I would just like to say that we are talking about pedestrians walking with cars moving into the entry point in that and we have a duty of care to protect the safety of our residents but I will leave that matter now.

Question

Cr Rhonda Garad

Can I have an update on the traffic data collected on Eastbury Drive that is being used a run through to Perry Road in Keysborough.

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes. Traffic data with regards to Eastbury Drive was collected in March of this year. Both the traffic speeds and volumes were typical for a local road and there was no evidence of a significant volume of what we would call 'rat running' through the street. The average speed of traffic was 40.9 kilometres per hour and the speed, 85 percent of vehicles travelled at or below commonly used to assess speeding issues was 47.1 kilometres which is no greater than most streets in the surrounding area. Periodic updates to traffic data will occur as traffic behaviour is regularly altering as COVID restrictions change at this time. Unless there are significant changes, it is unlikely that Eastbury Street will be recommended as a priority for traffic calming in the near future as compared with a number of other streets where we have greater issue.

Question

Cr Rhonda Garad

When is the Villiers Road extension expected to be open to the public?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

We are expecting the road to be open and available for public use by the end of August 2021.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Rhonda Garad

When is it expected that the revised Keysborough South Community Hub playground designed will be on the website?

Response

Jim Davine, Acting Director Community Services

I will take that question on notice.

Question

Cr Rhonda Garad

At the Council meeting on 10 May 2021, I asked if the open-space sites acquired in Dandenong and Noble Park over the last 18 months could be put on the website. How is this progressing?

Response

Jody Bosman, Director City Planning, Design and Amenity

We have compiled the list. We were waiting for the latest information with regards to the Hannah Street one to come through. As you know, that now has come through and it will be on our website in the coming week.

Question

Cr Rhonda Garad

What will be the process and timeframes for public consultation on the Long Term Financial Strategy?

Response

Michelle Hansen, Executive Manager Finance and Information Technology

Community engagement on the Long-Term Financial Strategy is currently well underway through the delivery of engagement process in conjunction with the Council Plan so the outcomes of that panel will then influence this Strategy. The next steps will then be to place the Long-Term Financial Strategy on a 28-day public notice period in August/September and then come back to Council with the final report in October 2021.

Question

Cr Rhonda Garad

When the Biodiversity Action Plan goes out for public exhibition, can it be in plain text format rather than graphically designed to give confidence to residents that their feedback will be meaningfully considered for incorporation and if not, why not?

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Paul Kearsley, Director Business, Engineering and Major Projects

Yes, we will use a number of different formats to engage with our community including plain text but also including documentation that refers to a number of graphs and tables as well.

Question

Cr Rhonda Garad

Funded in the 2021 Budget was a mobile environmental sustainability centre. That was going to be composed of a trailer that could be moved to different Council events for sustainability, environmental education. What is the status and timeframe of this project?

Response

Jody Bosman, Director City Planning, Design and Amenity

Before I answer that question, was your earlier question with regard to the Keysborough South Community Hub playground being on the website?

Comment

Cr Rhonda Garad

Yes, it is not Hannah Street.

Response

Jody Bosman, Director City Planning, Design and Amenity

Yes, I have just had a look at that while we were talking. The playground design was placed on the Council website last week and as such is now available for residents to view online. I have the link to that website and will send that through to you and other Councillors.

With regards to your question on the mobile environmental/sustainability centre, the mobile environmental trailer scope and specifications have been developed and a project is now out at the procurement stage with an expression of interest to go out in the next month or so. It is then intended to be finalised to be delivered in around about June of next year.

Question

Cr Rhonda Garad

In relation to the issue that was raised earlier around congestion on Chapel Road, just a couple of suggestions around how we might deal with this increasingly difficult issue. In fact, the issue is so difficult that residents are unable to back out of the driveways due to back up in the side streets. Is the Council able to advocate to the Department of Transport to extend the interval of green lights going on to the Dandenong Bypass? Secondly, are they able to liaise as we talked about earlier, regarding the traffic of large trucks moving through Chapel Road which although are going to the developments, they are also creating a risk and safety issue for children in the two schools that are on Chapel Road so can the Council advocate to Victorian Transport on both of those points?

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Paul Kearsley, Director Business, Engineering and Major Projects

With regards to the green light extensions, these matters have been raised a number of times with the Department of Transport and whilst they are regularly reviewing the signals, they have been unable to make significant changes without detrimental impact on the traffic on the Bypass to a level of which they do not consider acceptable. However, recent update to this is the Victorian Government announcement of \$340 million in their Budget for the installation of improved technology to assist with traffic flow across the arterial network. This project is looking to install CCTV cameras at intersections to allow for improved live management of signals to assist with the traffic flow. Signals along the Dandenong Bypass are being considered within this project and we hope to bring further details to Council on the timing and methodology used by DoT, which should assist with that matter of the green basing.

With regards to trucks on Chapel and Perry Roads, the Department of Transport had no objection to any works that Council undertakes to discourage truck traffic on these roads. If they are therefore a genuine cause with regards to taking or removing particular development requirements whether it is soil, sand or all sorts of matters that are relevant to the development of the ongoing residential growth in that particular area, there is not a lot that Council can do with regards to actually altering the structure of the roads, rewire the speedhumps and those sorts of matters. As I said in a previous answer, we will intend to continue the dialogue with the Department of Transport and Eastlink to see what can be done, but we would say over a period of time, the trucks will naturally decrease because they have no need to be going into those suburbs.

Question

Cr Rhonda Garad

Just a follow-up on that point, so whilst there are trucks going to developments, it is used as a toll-free bypass going to Dandenong South. Is it possible to monitor as you mentioned before if we can ascertain the majority of trucks? Are they bypassing the toll or are they going to the developments? Can we undertake a safety audit for the children in the two schools there to ensure they are not facing undue risk from the significant traffic that is travelling along Chapel Road?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

With regards to the movements, as I have indicated prior with regards to a previous question, we will engage with Eastlink and we will engage with Department of Transport and we will also do some further surveys down that area to see the nature of the trucks. We do believe that they are mostly associated with the developments in that area but we will see what we can do with regards to tracks that might be running through that will regards to not having to pay tolls.

With regards to the safety audit, I think the first thing we probably need to do would be to have a conversation with the principals of those two schools on their concerns with regards to the safety matters they are operating with their students every day of the week during the term. We can have a conversation with them and then tackle their concerns on truck traffic through the appropriate means, possibly also through the Department of Education as well.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Question

Cr Rhonda Garad

Will the Council look into creating clearways for traffic regarding the traffic on Chapel Road on the corners of Fabian and Sunnydale Streets?

Response

Paul Kearsley, Director Business, Engineering and Major Projects

With regards to those two streets, 'keep clear' markings will not be installed at these locations. 'Keep clear' markings are only installed in specific circumstances to assist movements into side roads. They are not to make it easier for vehicles to exist the side roads. That is predominantly because people can have dangerous manoeuvres with regards to crossing a number of laneways without being able to see the traffic coming from the other direction so it is not something that we would recommend because when they have occurred, there has normally been an increase in the number of traffic accidents at other locations and then other additional measures and signs have had to then be installed to counter that problem.

Comment

Cr Tim Dark

As a supplementary to Cr Garad, I understand what Cr Garad is raising. It is a significant issue with the trucks going down Perry and Chapel Roads. I frequently take the shortcut in my car down Perry Road and do see the trucks. The issue is that most of the construction in that Perry Road precinct has been completed and there is not much more left. Therefore, the only reason why trucks are coming around from my experience, has been that Swift Way has become a bottleneck in the afternoon and people are using it as a shortcut. A lot of it has to do with Bangholme Road not connecting on to Frankston-Dandenong Road where Colemans Road is. I know this has been a Council priority as well but I have certainly seen the trucks that have been coming through. They are not so much construction trucks as much as freight logistics with 40-foot containers driving over the top of our roundabouts and getting very, very close to some of the suburban streets. You do see it quite frequently. I do know this has been an issue in the past as well. With the traffic lights which Cr Garad mentioned, I know there was a Notice of Motion which was raised about this some time ago and I believe it was the Executive Director of Roads Authority. I did have a conversation with him as well to vent my frustrations dealing with the dangerous intersections so I think it definitely is well overdue. I am not sure about Chapel Road because I do not frequent Chapel Road but Perry Road is most definitely becoming a very significant issue very, very quickly so I agree with what Cr Garad was saying.

Comment

Cr Eden Foster

Like my fellow Councillors, I too attended the 27th Australian Local Government Association (ALGA). As a new Councillor, this was a great opportunity for me to meet with fellow Councillors from around the nation, sharing ideas and views on a range of matters from mental health, to climate change and how we address COVID and our recovery. The conference was also a great opportunity to hear from a range of speakers. Of note, particularly for me, was the session, 'COVID: The Long Goodbye'.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

The session really highlighted the need for vaccinations for us to bounce back and prevent devastating outbreaks of COVID and subsequent lockdowns. As someone who is eligible, I have been lucky enough to be fully vaccinated and I encourage all those who can get vaccinated to do so or to talk to their GP if they do have concerns.

We also had the pleasure of being addressed by several Federal politicians who all emphasised the importance of the role of Local Government. It actually astounded me that Local Government has not been represented on the national cabinet and has very little say in our nation's COVID response and recovery and not being included in that. It was great though to see this brought up by many of the speakers and also by the numerous municipalities in their notices of motion.

Another key speaker for me was Marlene Krasovitsky, the Co-Chair and Director of EveryAGE Counts. She spoke on concerns of ageism in our communities and the need for us to not just consult with our aged population but also codesign services and programs with our senior members so we need to do this to provide them with the best possible opportunities and support rather than making assumptions of what might be best for them.

Another key notice of motion that was passed by all municipalities represented and might I add, without objection was the notice of motion asking the National General Assembly (NGA) to call upon the Australian Government to sign and ratify the treaty on the prohibition of nuclear weapons. May I remind my fellow Councillors, that we were presented with a notice of motion back in February by our colleague, Cr Garad, requesting that Council endorses the ICAN Cities Appeal calling on the government to sign and ratify the treaty on behalf of Australians. I guess, watch this space given that pretty much our municipalities around the nation have supported such a notice of motion so I strongly encourage my fellow Councillors to perhaps reconsider this if this comes to Council in the future. Ultimately, I left the NGA with ideas and aspirations for our community in the City of Greater Dandenong so watch this space.

In addition to that, yesterday I attended the Parkfield Cricket Club for a Victorian State Government announcement that they are contributing \$100,000 towards the cricket nets. A big thank you to the Andrews Labour State Government. It is great to see such passion in our community for sport and the Parkfield Cricket Club are doing amazing work including winter cricket which is quite exciting. The not so new now lights have been officially lit and are working. It is great to see that the Parkfield Reserve is nicely lit up. I believe the Parkfield Cricket Club are looking at 20/20 matches played at night-time so the lights will definitely come in handy for that.

Question
Cr Eden Foster

It has been brought to my attention that a resident has identified that 17 Fifth Avenue in Dandenong is an abandoned house with squatters and potentially illegal activity. Can we have the relevant officer investigate please?

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Response

Jody Bosman, Director City Planning, Design and Amenity

Certainly, we will have a look at it and see if there are any contraventions of either local laws or the planning scheme.

Comment

Cr Lana Formoso

I too would like to congratulate Melbourne City Football Club for that incredible win yesterday and I look forward to joining with Cr Memeti celebrating that win once they come to Harmony Square. My boys will definitely be very excited about that since I have most recently converted them so we are very, very happy to welcome them to Dandenong and we look forward to hopefully watching a finals here in Dandenong when we do have that stadium.

I would like to commend our team for a couple of things that have taken place most recently that I have been advocating for particularly during my election but also since becoming elected.

Turner Reserve in Noble Park has had some issues with trucks and heavy vehicles parking at their parking space there, which has been a huge hindrance to the locals particularly the ones that are coming to use the grounds. I would like to thank the team for enabling a 'no heavy vehicle' sign taking place there so that we now could get action if anyone does park there illegally.

I also would like to mention the infamous Eagle Drive and Alpine Crescent intersection has finally been resolved. We have now installed additional 'give way' signs. We are painting the kerb and the islands to improve visibility. All of this has taken place I believe, last week, altering the signage on the approach to the intersection to make it clearer to drivers. This has been a huge problem for the locals since 2018 when it was first installed. However, working with the Transport and Engineering team, we have now hopefully rectified that issue so I would like to congratulate our teams for that because it has been a huge issue in my Ward for such a long time. I am really, really grateful for that.

Question

Cr Lana Formoso

Another question that a resident has asked me most recently, is about this wonderful magazine that we get monthly, 'The City'. Residents are very curious as to how they can figure out the boundaries of each Councillor's Ward so I humbly request that we perhaps place some sort of maps inside this monthly magazine to indicate whose ward is allocated where?

This question was noted for further action.

Comment

Cr Sean O'Reilly

Just on a similar note, I saw on the new website that each Councillor's page does not have any contact information. It has just been pointed out to me that they are there, thank you.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

Regarding the ALGA National General Assembly Conference in Canberra, I took extensive notes but it would take quite a lot of time to tidy them up into a written report and so for that reason I will give a verbal report. A lot of the content, if people want to see it, is in the program and specifically in the speakers' presentations which I found highly valuable. Some of the things we had was a briefing from the then deputy Prime Minister on regional government and that was probably his last speech as deputy PM unfortunately for him but that is how it goes.

We also had the opportunity as Cr Foster mentioned to support Council motions from across Australia for funding on a range of initiatives. We had detailed briefings on COVID science and the importance of vaccination and interestingly to me was that if people only have one vaccination and not the second, then the presenter said that that provides a playground for the strain to mutate so while it is important to get the first vaccination, it is even more so important to get the second. We had a briefing on the impact of COVID and how different Councils responded to that. We had a briefing on mental health and on infrastructure, how infrastructure projects are funded and how Councils can apply for consideration. I think the conference provided dedicated time to absorb new information and think about it. It was a good opportunity to see what other Councils are doing; and whether and how what they are doing could be applied in Greater Dandenong. Lastly, it was an opportunity to discuss and share ideas informally with Councillors in other municipalities.

Comment

Cr Loi Truong

I want to say something about the conference in Canberra. The weather was warmer than the last time; the issues focussed on included the COVID pandemic and the Federal Election rather than just climate change like at the last conference. Like all the Councillors, we learned a lot from other Councils and the level of Federal Government and State Government support to Councils and help Councils perform their roles to serve the people and we learned a lot from it.

On Tuesday 15 June 2021, I went to see the Burden Park Bowling Club because they want some signage at a new carpark in the area that has just been completed. We looked at the Council regulations for signage and had discussions about that. I told them that I am happy to support them and advised they need to apply for a permit based on Council's regulations. I hope that Council will support them.

Comment

Cr Angela Long, Mayor

On Thursday 17 June 2021, I attended the South East Councils Climate Change Alliance (SECCCA) Annual Leaders online Forum. That evening, I attended the teams meeting with the Cultural Heritage Advisory Committee.

On Friday 18 June 2021, I attended the Springvale Boulevard Project Site Visit with Minister Sean Leane, State Member for Clarinda Meng Heang Tak, and South East Metropolitan Member for State Government, Dr Tien Kieu to announce a grant of \$900,000 towards the project.

On 18 to 23 June 2021, I attended the ALGA National Assembly Conference in Canberra. I think a few of us have already spoken about that so I won't hold the meeting up any further from that.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

On Friday 25 June 2021, I attended a photoshoot with Minister Gabrielle Williams for the announcement of the Hemming Street Project of \$219,000 rime prevention funding. That night, I attended a soccer match between Dandenong City and Heidelberg Soccer Club. Dandenong City won, 4:3.

On Saturday 26 June 2021, I attended the Greater Dandenong People's Panel meet and greet session with residents and all community groups via Zoom. They have done a fantastic job. They have finished their job now and they will be bringing it to us within the next couple of weeks.

On 27 June 2021, I attended the photoshoot with Lee Tarlamis MP for the Parkville Cricket Club \$100,000 funding towards their new cricket net.

Today, I attended the launch of the Springvale Hospital interpretive sign at Springvale City Hall. Springvale Hospital is now the Monash Community Centre and Springvale Hospital is where three of my siblings were born.

John Bennie PSM, Chief Executive Officer tabled a listing of responses to questions taken on notice/requiring further action at the previous Council meeting. A copy of the responses is provided as an attachment.

6 REPORTS FROM COUNCILLORS/DELEGATES AND COUNCILLORS' QUESTIONS (Cont.)

COUNCILLOR QUESTIONS TAKEN ON NOTICE/REQUIRING FURTHER ACTION

| Date of Council Meeting | Question Asked By | Subject & Summary of Question | Responsible Officer | Date of Completion | Summary of Response |
|-------------------------|-------------------|--|-------------------------|--------------------|--|
| 24/05/21 CQT4 | Cr Lana Formoso | <p>Increased participation regarding Recycling of bread tags & central collection point</p> <p>There is an amazing documentary that I saw on the 7.30 report in January 2021 and I found this report extremely interesting. I do not know if anyone has ever noticed before but the bread tags that we have are very difficult to recycle. They do not go through the machines and we have millions of them in this country. What this company in South Australia is doing is collecting these bread bag tags and 200 of them can support the purchase of a wheelchair in South Africa. It is incredible. St Elizabeth's Primary School in Noble Park North is currently collecting these bread bag tags and also certain plastic lids which can be recycled. It is a great initiative that I would really like all of our schools in this municipality to be a part of. It disturbs me that we do not have a single collection point here in the City of Greater Dandenong. If we could organise that and perhaps get the entire community involved, I think it would be absolutely amazing. The work goes towards funding of the wheelchairs so it is fantastic.</p> <p><i>This question was noted for further action.</i></p> | Chief Executive Officer | 21/06/21 | <p>Response provided 21/06/21:</p> <ul style="list-style-type: none"> This program is commendable and it would be beneficial if the Greater Dandenong community was able to participate and be self-motivated to support; It is not considered in any way essential that Council is central to any such programs and in fact, it can be more beneficial if 'driven' by the community; Programs or projects such as this are commonplace among 'service clubs' (eg. Rotary or Lions typically and increasingly, 'Rotaract'). Also, other community or sporting groups/associations are keen to play a role in a niche and beneficial project of this type; In addition, 'school participation' can be advantageous through which the bulk collection of 'bread tags' is then possible; Therefore, it is proposed that Mayor write to all Service Clubs in Greater Dandenong (and as required or appropriate other community associations unless there is an acceptance by a Service Club); that she outline the merits of the program; propose that the 'Club' might consider adopting the program as |

|-------------------------|-------------------|---|---|--------------------|--|
| 15/06/21 CQT1 | Cr Lana Formoso | <p>Hooning along Mills Road, Dandenong On Mills Road in Dandenong where our unit is located, we have a severe hooning issue. Particularly during this storm period when we were entering and exiting the premises, our lives are often in danger due to the hooning that is happening on this road. We have brought it to the attention of police. I think we need to work with Council also, as it is Council land, to try and alleviate some of this stress on all volunteers at the unit and of course the rest of the public. Could the appropriate director please investigate? This question was taken on notice.</p> | Director Business, Engineering and Major Projects | 23/06/21 | <p>a 'community initiative'; and, if there is take-up from any (or a number of) Club/s, that she is also prepared to write to School Principals in that Club/s catchment offering to connect Service Clubs with Schools for proven benefits; and,</p> <ul style="list-style-type: none"> This is considered an appropriate direction to potentially stimulate a community driven response. <p>A letter will be sent from the Mayor to the Service Clubs.</p> <p>COMPLETED</p> |
| | | | | | <p>Response provided 23/06/21: As previously advised, 'hoon' driving is a behavioural issue which is a very difficult issue to resolve as most actions do not necessarily reduce the incidence but rather relocates them. As Mills Road is an industrial access road, it is required to be of a certain width to allow larger vehicles to access adjacent industrial properties. Given the width and the relative low usage after hours, industrial roads are often selected for such anti-social driving behaviours. There is little which can be implemented from an engineering perspective as any treatments would need to be compatible with larger vehicles. Instead, Council has been working with Victoria Police to address these matters. While</p> |

| 15/06/21 CQT2 | Cr Lana Formoso | <p>Dumped Rubbish along Stud Road, Dandenong I also would like to bring to everyone's attention the Stud Road rubbish crisis. I cannot even think of a time that I have travelled along Stud Road, in particular between David Street and Clow Street, where I have not seen illegal rubbish dumped along there. It is just appalling and disgusting, residents and business owners are sick of it, particularly the shops at 30 Stud Road with about four businesses in that strip. TRubbish is constantly dumped there which then spills over onto the carpark as well as the footpath. I would appreciate if we could investigate. I understand Council are constantly cleaning it up but the rubbish is constantly being dumped there again. We must remember many people travel along that road and I can only imagine what they think when they see that rubbish which is just so unsightly. I understand that we have been removing it and it is a huge cost to Council, but we need to investigate ways of rectifying this problem long term. Could the appropriate officer please respond?</p> | Director Business, Engineering and Major Projects | 25/06/21 | <p>immediate danger call triple zero (000). Otherwise, dangerous driving or hoon activity may be reported to the local police station or Crime Stoppers on 1800 333 000 or at https://www.crimestoppers.vic.com.au/report-a-crime.</p> <p>COMPLETED</p> <p>Initial response provided 15/06/21: It is an issue that we are aware of and we look forward to perhaps some strengthening in our local law which will occur upon its adoption. I have been advised that the Waste Team is having a conversation and a meeting about this tomorrow in terms of what extra activities we can undertake. You are quite right in saying that cleaning it up just means people will put more items back there. It may well be that we have to increase some surveillance and possibly even issue fines but that is a matter that we will discuss with the relevant Council departments and see whether we can come up with a plan.</p> <p>Further response provided 25/06/21: Stud Road is included on Council's Hotspot program and is proactively serviced weekly, where dumped rubbish is removed and disposed of immediately. In the past few years Council has introduced a Property Liaison Officer role within the Waste</p> |

| | | <p>there is an apartment building with five, 10, 20 apartments the issues are there. Where there are standalone residential properties, the issue does not seem to exist and definitely not to that extent anyway. What can be done? Educate or fines to ensure the efforts made as residents and as a Council do not go to waste.</p> <p>Comment Cr Bob Milkovic For your reference, this was not a private rubbish collection. They were quite clearly marked JJ Richards or Cleanaway. This was definitely a Council collection with 20 or 30 bins at residential properties along Princes Highway, Stud Road, Hemmings Street, Potter Street, Pickett Street and Scott Street all in Dandenong, where huge numbers of apartment buildings are located. It also happens at Edith Street and Market Street, Dandenong but to a lesser extent. Just stressing that it is happening all the time because I have kept an eye on this for about three months so it is certainly not an isolated incident.</p> | | | <p>been an ongoing challenge. A great deal of effort has been devoted to community education and engagement initiatives targeting these areas with minimal success, unfortunately. The key elements that have contributed to this include high rental levels with a lack of connectedness to community pride, a highly transient, low socio-economic population with language and literacy barriers. Council conducts targeted bin audits and will alert residents of contamination if this has been observed. At times, Council has refused to empty bins when heavily contaminated. In these instances, we work closely with the residents to foster a greater understanding of the requirements and then arrange for the collection of their bins ASAP. In the past few years Council has introduced a Property Liaison Officer role within the Waste Services Team. This role is designed to form partnerships with Property Managers, engaging and arming them to influence the behaviours of their residents. In particular we focus on kerbside bin compliance and our hard waste collections service as a legal alternative to rubbish dumping. | 15/06/21 CQT20 | Cr Sean O'Reilly | <p>Indigenous art displayed in GDCC and can it be increased. I was speaking with a resident and I think one of the best ways to learn about the one unique original culture we have here in Australia, that being Indigenous culture, is through the expression of art. My question without notice to the Director of Community Services is (1) how much Indigenous art is Council displaying currently? (2) could Council consider incorporating more Indigenous Art into its local place-making artwork displays?</p> | Director Community Services | 24/06/21 | <p>and penalties to property owners/occupiers if compliance is not reached. COMPLETED</p> <p>Initial response provided 15/06/21: We very proudly display a range of Indigenous art at both the Springvale Community Hub and the Dandenong Civic Centre, both internally and externally. We have also had a long program of engagement with our Early Years programs of displaying Indigenous art at our Early Years facilities to encourage Aboriginal children to attend and participate and feel comfortable in attending our Early Years services, kindergarten and child care.</p> <p>In relation to the second part of the question about place-making, that is something that I can take on notice because I do believe it is something that would be considered in our Reconciliation Action Plan (RAP) program. I can discuss with Mr Kearsley in terms of a place-making team, how it connects to the RAP and also how we consult with our Arts and Culture team to ensure that it is happening.</p> <p>Further response provided 24/06/21: Council's Transformed Placemaking Program is open to artists at any time throughout the year to make an</p> |

| 15/06/21 CQT23 | Cr Sophie Tan | <p>Homelessness figures along Douglas Street, Noble Park. Homelessness gets tougher during the cold winter and I have seen in my Ward, about two or three people along Douglas Street, mainly in front of Coles Supermarket and along that shopping strip. What is the situation in terms of numbers? Is there an increase in the needs due to homelessness and do we have any statistics through Council identifying the need to support those people who need help at the moment?</p> <p>Question Cr Sophie Tan Can we have someone look in the Noble Park Ward mainly in front of Coles store please? There are normally about two or three there.</p> | Director Community Services | 22/06/21 | <p>pieces developed yearly to celebrate Aboriginal and Torres Strait Islander peoples' histories, cultures, and Countries.</p> <ul style="list-style-type: none"> o Visual Aboriginal and Torres Strait Islander artwork, expressions and representations in public spaces increased. <p>COMPLETED</p> |
| | | | | | <p>Initial response provided 15/06/21: Currently, with COVID restrictions, the State Government is providing accommodation for homeless people normally in motel accommodation. We are seeing a decrease of people on the streets. Some people do decline assistance though so our two main housing support agencies that reach out to homeless people sleeping rough are constantly out there following up on these types of issues when people bring the awareness to us or to those agencies they follow up with the homeless people. Currently, people are being offered motel accommodation and the other people are hopefully being engaged and offered support as well.</p> <p>Followup response provided 15/06/21: Absolutely. I believe those people are already known to the agencies but we will follow that up again.</p> |

| 15/06/21 CQT24 | Cr Lana Formoso | <p>Menzies Avenue, Dandenong North post office signage repair. The owners of the Menzies Road Post Office said that a few months ago, their Post Office sign was knocked over by a truck and it has not yet been replaced. If we could please have the appropriate officer investigate and let them know when that will be occurring please.</p> <p>Comment Cr Angela Long, Mayor I have logged the same matter on Merit twice.</p> | Director Business, Engineering and Major Projects | 17/06/21 | <p>Further response provided 22/06/21: Launch Housing Assertive Outreach Team have been notified of the latest information regarding rough sleepers at this location. The team regularly goes past Noble Park Coles as part of their Outreach and have spoken with rough sleepers in the vicinity on several previous occasions. Launch indicated they would reattend.</p> <p style="text-align: right;">COMPLETED</p> <p>Initial response provided 15/06/21: Yes, we will investigate.</p> <p>Further response provided 17/06/21: We have initiated an order for a replacement sign to the Post Office, Menzies Avenue. The sign will be manufactured and once received it will be installed very shortly after.</p> <p style="text-align: right;">COMPLETED</p> |
